## Cautionary Note Regarding Forward-Looking Statements

This communication includes certain statements that may constitute “forward-looking statements” within the meaning of the federal securities laws, including Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements may be identified by words such as “expects,” “intends,” “anticipates,” “plans,” “believes,” “seeks,” “estimates,” “will” or words of similar meaning and include, but are not limited to, statements regarding the outlook for the company’s future business and financial performance. Forward-looking statements are based on management’s current expectations and assumptions, which are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Actual outcomes and results may differ materially from those in the forward-looking statements and factors that may cause such a difference include, but are not limited to, risks and uncertainties related to: (i) the risk that the transaction may not be completed in a timely manner or at all, which may adversely affect Genworth’s business and the price of Genworth’s common stock; (ii) the ability of the parties to obtain stockholder and regulatory approvals, or the possibility that they may delay the transaction or that materially burdensome or adverse regulatory conditions may be imposed in connection with any such regulatory approvals; (iii) the risk that a condition to closing of the transaction may not be satisfied; (iv) potential legal proceedings that may be instituted against Genworth following announcement of the transaction; (v) the risk that the proposed transaction disrupts Genworth’s current plans and operations as a result of the announcement and consummation of the transaction; (vi) potential adverse reactions or changes to Genworth’s business relationships with clients, employees, suppliers or other parties or other business uncertainties resulting from the announcement of the transaction or during the pendency of the transaction, including but not limited to such changes that could affect Genworth’s financial performance; (vii) certain restrictions during the pendency of the transaction that may impact Genworth’s ability to pursue certain business opportunities or strategic transactions; (viii) continued availability of capital and financing to Genworth before the consummation of the transaction; (ix) further rating agency actions and downgrades in Genworth’s financial strength ratings; (x) changes in applicable laws or regulations; (xi) Genworth’s ability to recognize the anticipated benefits of the transaction; (xii) the amount of the costs, fees, expenses and other charges related to the transaction; (xiii) the risks related to diverting management’s attention from the Company’s ongoing business operations; (xiv) the impact of changes in interest rates and political instability; and (xv) other risks and uncertainties described in Genworth’s Annual Report on Form 10-K, filed with the SEC on February 26, 2016. Unlisted factors may present significant additional obstacles to the realization of forward-looking statements. Consequences of material differences in results as compared with those anticipated in the forward-looking statements could include, among other things, business disruption, operational problems, financial loss, legal liability to third parties and similar risks, any of which could have a material adverse effect on Genworth’s consolidated financial condition, results of operations, credit rating or liquidity. Accordingly, forward-looking statements should not be relied upon as representing Genworth’s views as of any subsequent date, and Genworth does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.
