**INVENTRUST PROPERTIES CORP.**  
**Notes to Condensed Consolidated Financial Statements**  
**June 30, 2021 and 2020**  
**(Unaudited)**

The accompanying condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and with Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. Readers of these interim condensed consolidated financial statements (the "Quarterly Report") should refer to the audited consolidated financial statements of InvenTrust Properties Corp. (the "Company") as of and for the year ended December 31, 2020, which are included in the Company's Annual Report on Form 10-K (the "Annual Report") as certain note disclosures contained in such audited consolidated financial statements have been omitted from this Quarterly Report. In the opinion of management, all adjustments necessary (consisting of normal recurring accruals, except as otherwise noted) for a fair presentation have been included in these condensed consolidated financial statements. Unless otherwise noted, all square feet and dollar amounts are stated in thousands, except per share amounts. Number of properties and square feet are unaudited.

**1. Organization**

On October 4, 2004, InvenTrust Properties Corp. (the "Company") was incorporated as Inland American Real Estate Trust, Inc. as a Maryland corporation and has elected to be taxed, and currently qualifies, as a real estate investment trust ("REIT") for federal tax purposes. The Company changed its name to InvenTrust Properties Corp. in April of 2015 and is focused on owning, managing, acquiring and developing a multi-tenant retail platform.

The Company is taxed and operates in a manner that will allow the Company to continue to qualify as a REIT for U.S. federal income tax purposes. So long as it maintains its qualification as a REIT, the Company generally will not be subject to U.S. federal income tax on taxable income that is distributed to stockholders. If the Company fails to continue to qualify as a REIT in any taxable year, without the benefit of certain relief provisions, the Company will be subject to U.S. federal and state income tax on its taxable income at regular corporate tax rates and will not be able to re-elect REIT status during the four years following the year of the failure.

The accompanying condensed consolidated financial statements include the accounts of the Company, as well as all wholly-owned subsidiaries. Subsidiaries generally consist of limited liability companies ("LLCs") and limited partnerships ("LPs"). All significant intercompany balances and transactions have been eliminated.

Each retail property is owned by a separate legal entity that maintains its own books and financial records. Each separate legal entity's assets are not available to satisfy the liabilities of other affiliated entities, except as otherwise disclosed in "Note 6. Investment in Unconsolidated Entities". As of June 30, 2021 and 2020, the Company had an investment in one unconsolidated real estate joint venture, as disclosed in "Note 6. Investment in Unconsolidated Entities".

The Company determined it has a single reportable segment, multi-tenant retail, for disclosure purposes in accordance with GAAP. The following table summarizes the Company's retail portfolio as of June 30, 2021 and 2020:

|                                   | Wholly-Owned<br>Retail Properties |       | Unconsolidated<br>Retail Properties at 100% |       |

*Impact of the COVID-19 Pandemic on the Company's Financial Statements*

The impact of the coronavirus disease 2019 ("COVID-19") pandemic has not materially changed from the information included in the Company's Annual Report or other current reports on file with the Securities and Exchange Commission. The primary impact of the pandemic was and continues to be related to the Company's tenants' ability to make their future rental payments in a timely fashion or at all.

During the six months ended June 30, 2021, deferred rental payments of \$3,752 became due and the Company has collected \$3,507 of such deferred rental payments as of June 30, 2021. During the year ended December 31, 2020 and the six months ended June 30, 2021, the Company granted approximately \$5,791 and \$182, respectively, of rental payment deferrals, with contractual payment terms through the year ending December 31, 2023.

*Reverse Stock Split*

On August 5, 2021 the Company effected a 1-for-10 reverse stock split of its common stock. As a result of the reverse stock split, every ten shares of issued and outstanding common stock were changed into one share of common stock, with any

fractional shares being rounded up to the next higher whole share. Immediately after effecting the reverse stock split, the Company decreased the par value of each issued and outstanding share of common stock from \$0.01 par value per share to \$0.001 par value per share. In addition, equitable adjustments were made to the maximum number of shares of common stock that may be issued pursuant to the InvenTrust Properties Corp. 2015 Incentive Award Plan (as amended, the "Incentive Award Plan") and the maximum number of shares of common stock that may be issued upon exercise of incentive stock options under the Incentive Award Plan, in each case, to reflect the 1-for-10 reverse stock split. The number of shares of common stock subject to outstanding awards under the Incentive Award Plan, and certain performance goals applicable to such awards, have also been equitably adjusted to reflect the 1-for-10 reverse stock split. Unless otherwise noted, the share information and the Net Asset Value ("NAV") per share of the Company's common stock in this report and accompanying condensed consolidated financial statements have been retroactively adjusted to give effect to the 1-for-10 reverse stock split for all periods presented.

## 2. Basis of Presentation and Recently Issued Accounting Pronouncements

The accompanying condensed consolidated financial statements have been prepared in accordance with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant estimates, judgments and assumptions are required in a number of areas, including, but not limited to, evaluating the impairment of long-lived assets, allocating the purchase price of acquired retail properties, determining the fair value of debt and evaluating the collectibility of accounts receivable. The Company bases these estimates, judgments and assumptions on historical experience and various other factors that the Company believes to be reasonable under the circumstances. Actual results may differ from these estimates.

## 6. Investment in Unconsolidated Entities

### Joint Venture Interests

#### IAGM Retail Fund I, LLC

As of June 30, 2021 and December 31, 2020, the Company owned a 55% interest in one unconsolidated entity, IAGM Retail Fund I, LLC ("IAGM"), a retail joint venture partnership between the Company and PGGM Private Real Estate Fund ("PGGM"). As of June 30, 2021 and December 31, 2020, the carrying value of the Company's investment in IAGM was \$104,892 and \$109,051, respectively.

During the six months ended June 30, 2020, the Company purchased Antoine Town Center from IAGM for \$22,254, a purchase price determined by a third party real estate valuation specialist, which resulted in IAGM recognizing a gain on sale of \$1,741. The Company deferred its share of IAGM's gain on sale of \$958 and began amortizing the gain over 30 years as an increase to equity in earnings of unconsolidated entities. Subsequent to purchasing Antoine Town Center, the Company completed a sale of an outparcel at this retail property to an unrelated third party which resulted in recognizing \$54 of previously deferred gain.

During the six months ended June 30, 2021 and 2020, IAGM prepaid mortgages payable of \$23,150 and \$14,872, respectively, with cash on hand.

During the six months ended June 30, 2020, IAGM entered into two interest rate swap agreements to achieve fixed interest rates on its senior secured term loan facility previously subject to variability in the London Inter-bank Offered Rate ("LIBOR"). Each of the interest rate swaps have an effective date of April 1, 2020 and a termination date of November 2, 2023. One interest rate swap has a notional amount of \$45,000 and achieves a fixed interest rate of 1.979%. The other interest rate swap has a notional amount of \$30,000 and achieves a fixed interest rate of 1.956%. The Company recognizes its share of gains or losses resulting from IAGM's interest rate swaps as an adjustment to the Company's investment in IAGM and an increase or decrease in comprehensive income. As of June 30, 2021, the interest rate swaps were recorded as a liability with a fair value of \$123 on IAGM's condensed consolidated balance sheet, of which the Company's share was \$67.

On July 12, 2021, the Company purchased Prestonwood Town Center from IAGM for \$52,800, a purchase price determined by a third party real estate valuation specialist. IAGM used cash on hand and proceeds from the sale of Prestonwood Town Center to pay down \$54,103 of its pooled mortgage debt.

## 9. Earnings Per Share and Equity Transactions

Basic earnings per share ("EPS") is computed using the two-class method by dividing net income by the weighted average number of common shares outstanding for the period (the "common shares") and participating securities. The time-based restricted share awards issued pursuant to the Incentive Award Plan are deemed to be participating securities. Diluted EPS is generally computed using the treasury-stock method by dividing net income or loss by the common shares plus potential common shares resulting from time-based restricted share awards.

The following table reconciles the amounts used in calculating basic and diluted earnings per share:

## 11. Commitments and Contingencies

The Company is subject, from time to time, to various types of third-party legal claims or litigation that arise in the ordinary course of business, including, but not limited to, property loss claims, personal injury or other damages resulting from contact with the Company's properties. These claims and lawsuits and any resulting damages are generally covered by the Company's insurance policies. The Company accrues for legal costs associated with loss contingencies when these costs are probable and reasonably estimable. While the resolution of these matters cannot be predicted with certainty, based on currently available information, management does not expect that the final outcome of any pending claims or legal proceedings will have a material adverse effect on the financial condition, results of operations or cash flows of the Company.

### *Operating and Finance Lease Commitments*

The Company has non-cancelable operating leases for office space used in its business. In addition, the Company has non-cancelable contracts of property improvements that have been deemed to contain finance leases.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Certain statements in this "Management's Discussion and Analysis of Financial Condition and Results of Operations" and elsewhere in these interim condensed consolidated financial statements for the quarter ended June 30, 2021 (the "Quarterly Report"), other than purely historical information, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements include statements about InvenTrust Properties Corp.'s (the "Company") plans, objectives, strategies, financial performance and outlook, trends, the amount and timing of future cash distributions, prospects or future events; and they involve known and unknown risks that are difficult to predict.

As a result, our actual financial results, performance, achievements, or prospects may differ materially from those expressed or implied by these forward-looking statements. In some cases, forward-looking statements can be identified by the use of words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "guidance," "predict," "potential," "continue," "likely," "will," "would," "illustrative," and "should" and variations of these terms and similar expressions, or the negatives of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while we consider reasonable based on our knowledge and understanding of the business and industry, are inherently uncertain. These statements are expressed in good faith and are not guarantees of future performance or results. Our actual results could differ materially from those expressed in the forward-looking statements and stockholders should not rely on forward-looking statements in making investment decisions.

There are a number of risks, uncertainties and other important factors, many of which are beyond our control, and should be interpreted as being heightened as a result of the ongoing and numerous adverse impacts of the COVID-19 pandemic and socio-economic environment, that could cause our actual results to differ materially from the forward-looking statements contained in this Quarterly Report. Such risks, uncertainties and other important factors, include, among others, the risks, uncertainties and factors set forth in our filings with the Securities and Exchange Commission ("SEC"), including our Annual Report on Form 10-K for the year ended December 31, 2020 (the "Annual Report"), and as updated in this Quarterly Report and other quarterly and current reports, which are on file with the SEC and are available at the SEC's website ([www.sec.gov](http://www.sec.gov)). Such risks and uncertainties are related to, among others, the following:

- the effects of the COVID-19 pandemic in the markets where we own and operate properties, including the effect on our tenants' operations and ability to pay rent;
- the duration of the COVID-19 pandemic and the timing and nature of an economic recovery from the pandemic, including the effects of any future resurgence of COVID-19, the existence and prevalence of variants of the virus, the distribution of available vaccines and the public's acceptance of such vaccines;
- market, political and economic volatility experienced by the United States ("U.S.") economy or real estate industry as a whole, including as a result of the COVID-19 pandemic, and the regional and local political and economic conditions in the markets in which our retail properties are located;
- our ability to collect rent from tenants or to rent space on favorable terms or at all;
- the consummation of lease amendments on the agreed-upon terms and/or if consummated, payments as required by the terms of the respective agreements;
- declaration of bankruptcy by our retail tenants;
- the economic success and viability of our anchor retail tenants;
- the continued impact of the COVID-19 pandemic on our cash flows and our ability to satisfy certain covenants required by our mortgage loans and credit agreements;
- our ability to execute on a potential strategic transaction intended to enhance stockholder value and provide investment liquidity to stockholders, and the impact of the COVID-19 pandemic on our ability to execute on, and the timing of such a potential strategic transaction;
- our ability to identify, execute and complete disposition opportunities and at expected valuations;
- our ability to identify, execute and complete acquisition opportunities and to integrate and successfully operate any retail properties acquired in the future and manage the risks associated with such retail properties;
- our ability to manage the risks of expanding, developing or re-developing our retail properties;
- loss of members of our senior management team or other key personnel;
- changes in governmental regulations and U.S. accounting standards or interpretations thereof;
- our ability to access capital for development, re-development and acquisitions on terms and at times that are acceptable to us;

- changes in the competitive environment in the leasing market and any other market in which we operate;
- shifts in consumer retail shopping from brick and mortar stores to e-commerce;
- our ability to re-lease spaces with forthcoming lease expirations and terminations, and increasing costs associated with leasing activities;
- the impact of leasing and capital expenditures to improve our retail properties to retain and attract tenants;
- events beyond our control, such as war, terrorist attacks, including acts of domestic terrorism, civil unrest, natural disasters and severe weather incidents, and any uninsured or under-insured loss resulting therefrom;
- actions or failures by our joint venture partner;
- the cost of compliance with and liabilities under environmental, health and safety laws;
- changes in real estate and zoning laws and increases in real property tax rates;
- our debt financing, including risk of default, loss and other restrictions placed on us;
- our ability to refinance or repay maturing debt or to obtain new financing on attractive terms;
- future increases in interest rates;
- the availability of cash flow from operating activities to fund capital and other expenditures, service our debt and other obligations, and to fund distributions;
- our status as a real estate investment trust ("REIT") for federal tax purposes; and
- changes in federal, state or local tax law, including legislative, administrative, regulatory or other actions affecting REITs.

These factors are not necessarily all of the important factors that could cause our actual results, performance or achievements to differ materially from those expressed in or implied by any of our forward-looking statements. Other unknown or unpredictable factors also could harm our business, financial condition, results of operations, cash flows and overall value. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. Forward-looking statements are only as of the date they are made; we do not undertake or assume any obligation to update publicly any of these forward-looking statements to reflect actual results, new information, future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable law. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

The following discussion and analysis relates to the three and six months ended June 30, 2021 and 2020 and as of June 30, 2021 and December 31, 2020. It should be read in conjunction with our condensed consolidated financial statements and the related notes included in this Quarterly Report. All square feet and dollar amounts are stated in thousands, except per share amounts and per square foot metrics, unless otherwise noted.

## **Overview**

InvenTrust Properties Corp. is a premier multi-tenant retail REIT that acquires, owns, leases, redevelops, and manages grocery-anchored neighborhood centers, and select power centers that often have a grocery component, in Sunbelt markets with favorable demographics. We seek to continue to execute our strategy to enhance our retail platform by further investing in grocery-anchored centers with essential retail in our current markets, while exhibiting focused and disciplined capital allocation.

### *Evaluation of Financial Condition*

Historically, management has evaluated our financial condition and operating performance by focusing on the following financial and nonfinancial indicators, discussed in further detail herein:

- Net Operating Income ("NOI"), a supplemental non-GAAP measure;
- Funds From Operations ("FFO") Applicable to Common Shares and Dilutive Securities, a supplemental non-GAAP measure;
- Adjusted FFO ("AFFO") Applicable to Common Shares and Dilutive Securities, a supplemental non-GAAP measure;
- Cash flow from operations as determined in accordance with GAAP;
- Economic and leased occupancy and rental rates;

- Leasing activity and lease rollover;
- Operating expense levels and trends;
- General and administrative expense levels and trends;
- Debt maturities and leverage ratios; and
- Liquidity levels.

#### *Impact of the COVID-19 Pandemic on Our Business and Financial Statements*

The impact of the COVID-19 pandemic has not materially changed from the information included in our Annual Report or other current reports on file with the SEC. The primary impact of the pandemic was and continues to be related to our tenants' ability to make their future rental payments in a timely fashion or at all. We have been working with our tenants to collect rental payments that are commensurate to our contractual rights under our lease agreements.

At this time, given the uncertainty related to variants of the virus, we are unable to predict whether cases of COVID-19 in our markets will decrease, increase, or remain the same, whether the approved COVID-19 vaccines will be effective against the virus and new variants of the virus, efficiently distributed in our markets and widely accepted by the public, and whether local governments will mandate closures of our tenants' businesses or implement other restrictive measures on their and our operations in the future in response to a resurgence of the pandemic. We have taken and will continue to consider a number of measures to mitigate the impact of the pandemic on our business and financial condition. We continue to believe that the long-term prospects for our business remain strong despite the uncertainty related to the new variants of COVID-19.

#### *Tenant Assistance Efforts and Deferred Rental Payments*

We continue to evaluate our tenants' requests and are negotiating the terms of potential lease amendments on an individual basis. We do not expect all tenant requests will result in amended agreements, nor do we intend to forgo our contractual rights under our lease agreements. There can be no assurance that all amendments will be consummated on the agreed-upon terms and/or if consummated, amounts due will be collected as required by terms of the agreement.

During the six months ended June 30, 2021, deferred rental payments of \$4.3 million, including our proportionate share of our unconsolidated joint venture, became due; we have collected \$4.1 million of such deferred rental payments as of June 30, 2021. As of June 30, 2021, we have granted approximately \$6.7 million on a cumulative basis since the start of the pandemic, including our proportionate share of our unconsolidated joint venture, of rental payment deferrals, with contractual payment terms through the year ended December 31, 2023.

In addition to collections on the deferred rental payments, during the six months ended June 30, 2021, we collected approximately \$1.2 million of rent, including our proportionate share of our unconsolidated joint venture, we had previously reserved for as uncollectible credit losses in 2020.

#### *Current Strategy and Outlook*

InvenTrust focuses on Sunbelt grocery-anchored neighborhood centers, and select power centers that often have a grocery component, in markets with favorable demographics, including above average growth in population, employment and income. We believe these conditions create favorable demand characteristics for grocery-anchored and necessity-based retail centers which will position us to capitalize on potential future rent increases while enjoying sustained occupancy at our centers. We believe our Sunbelt portfolio of high quality grocery-anchored assets is a distinct differentiator for us in the marketplace. Using these criteria, we have focused our strategy on certain markets, including, but not limited to, the metropolitan areas of Atlanta, Austin, Charlotte, Dallas-Fort Worth-Arlington, Houston, the greater Los Angeles and San Diego areas, Miami, Orlando, Raleigh-Durham, San Antonio and Tampa.

Our portfolio of grocery-anchored centers is open and our grocery tenants are continuing to serve their communities. These properties play a critical role in the communities they serve, often providing essential retail and services such as groceries and healthcare products and services.

Our strategically located regional field offices are within a two-hour drive of 90% of our properties which affords us the ability to respond to the needs and requests of our tenants with the intent to minimize disruption. We continue to utilize our portfolio-wide initiatives developed over the last year to assist our tenants with making timely rental payments and adapt to the changing needs of the retail consumer.

We believe the continued refinement of our retail platform has positioned us for future success and will allow us to evaluate, and execute on, a potential strategic transaction to achieve liquidity for and provide a return of capital to our stockholders. Previously, the COVID-19 pandemic and related uncertainties delayed our process for exploring and executing upon a potential liquidity alternative. However, based upon recent developments in our business and market conditions, our board of directors (the "Board"), together with our management team and legal and financial advisors, have reinitiated this process and are evaluating liquidity alternatives, including a potential listing of the Company's common stock on a national securities exchange. There can be no assurance that the process will result in the Company executing on a liquidity alternative. Furthermore, we may be unable to execute on such a transaction on terms we would find attractive for our stockholders and our ability to do so will be influenced by external and macroeconomic factors including, among others, the effects and duration of the COVID-19 pandemic, interest rate movements, local, regional, national and global economic performance, competitive factors, the impact of e-commerce on the retail industry, future retailer store closings, retailer consolidation, retailers reducing store size, retailer bankruptcies, and government policy changes.

## **Recent Developments**

### *Reverse Stock Split*

On August 5, 2021 we effected a 1-for-10 reverse stock split of its common stock. As a result of the reverse stock split, every ten shares of issued and outstanding common stock were changed into one share of common stock, with any fractional shares being rounded up to the next higher whole share. Immediately after effecting the reverse stock split, we decreased the par value of each issued and outstanding share of common stock from \$0.01 par value per share to \$0.001 par value per share. In addition, equitable adjustments were made to the maximum number of shares of common stock that may be issued pursuant to the InvenTrust Properties Corp. 2015 Incentive Award Plan (as amended, the "Incentive Award Plan") and the maximum number of shares of common stock that may be issued upon exercise of incentive stock options under the Incentive Award Plan, in each case, to reflect the 1-for-10 reverse stock split. The number of shares of common stock subject to outstanding awards under the Incentive Award Plan, and certain performance goals applicable to such awards, have also been equitably adjusted to reflect the 1-for-10 reverse stock split. Unless otherwise noted, the share information and the Net Asset Value ("NAV") per share of our common stock in this report and accompanying condensed consolidated financial statements have been retroactively adjusted to give effect to the 1-for-10 reverse stock split for all periods presented. As a result of the reverse stock split, as of June 30, 2021, the number of shares of common stock outstanding was reduced from 712,090,283 shares to 71,261,383 shares on that date. Fractional shares resulted in the issuance of an additional 52,355 shares, which have been included in the total issued and outstanding shares for all periods presented.

### *Share Repurchase Program*

On April 6, 2021, we adopted the Third Amended and Restated Share Repurchase Program, (as amended, the "SRP"). As described in the Quarterly Report on Form 10-Q for the three months ended March 31, 2021, on April 12, 2021, we announced the reinstatement of the SRP, effective May 14, 2021, for qualifying shareholders. The repurchase price per share of \$21.70 for eligible stockholders is equal to a 25% discount to the most recent estimated NAV per share of our common stock established by the Board, which was \$28.90 per share as of December 1, 2020. During the six months ended June 30, 2021, 755,643 shares were repurchased in connection with the SRP. On August 5, 2021, the Board suspended the SRP effective September 5, 2021.

## **Our Retail Portfolio**

Our wholly-owned and managed retail properties include grocery-anchored community and neighborhood centers and power centers, including those classified as necessity-based, as defined in our Annual Report. As of June 30, 2021, we owned or had an interest in 65 retail properties with a total gross leasable area ("GLA") of approximately 10.9 million square feet, which includes 10 retail properties with a GLA of approximately 2.5 million square feet owned through the Company's 55% ownership interest in an unconsolidated joint venture, IAGM Retail Fund I, LLC ("IAGM").

Where appropriate, we have included results from the IAGM properties at 55% ("at share") when combined with our wholly-owned properties, defined as "Pro Rata Combined Retail Portfolio". The following table summarizes our retail portfolio as of June 30, 2021 and 2020.

(a) Economic occupancy is defined as the percentage of occupied GLA divided by total GLA (excluding specialty leases) for which a tenant is obligated to pay rent under the terms of its lease agreement as of the rent commencement date, regardless of the actual use or occupancy by that tenant of the area being leased. Actual use may be less than economic occupancy.

(b) Annualized Base Rent ("ABR") is the base rent for the period multiplied by twelve months. Base rent is inclusive of ground rent and any abatement concessions, but excludes specialty lease income. ABR per square foot ("ABR PSF") is the ABR divided by the occupied square footage for the period.

(a) No. of expiring leases includes IAGM at 100%.

(b) Other lease expirations include the GLA, ABR and ABR PSF of month-to-month leases.

For purposes of preparing the table, we have not assumed that unexercised contractual lease renewal or extension options contained in our leases will, in fact, be exercised. Our retail business is neither highly dependent on specific retailers nor subject to lease roll-over concentration. We believe this minimizes risk to our retail portfolio from significant revenue variances over time.

*Leasing Activity, Pro Rata Combined Retail Portfolio*

The following table summarizes the leasing activity for leases that were executed during the six months ended June 30, 2021, compared with expiring or expired leases for the same or previous tenant for renewals and the same unit for new leases at the 65 properties in our Pro Rata Combined Retail Portfolio. Except for number of leases, all figures reflect results from our wholly owned and IAGM properties at share. These tables do not include rent deferral lease amendments executed as a result of the impact of the COVID-19 pandemic.

In our Pro Rata Combined Retail Portfolio, we had GLA totaling 688 thousand square feet expiring during the six months ended June 30, 2021, of which 614 thousand square feet was re-leased. This achieved a retention rate of approximately 89.2%.

#### *Interest expense, net*

Interest expense, net, for the three months ended June 30, 2021 decreased \$1.0 million when compared to the same period in 2020, primarily as a result of repaying \$150.0 million on our revolving line of credit and declining 1-month LIBOR interest rates on our corporate credit facilities, resulting in a \$0.8 million decrease to interest expense, net. The remaining \$0.2 million decrease is the result of repaying total mortgages payable of \$26.5 million across two retail properties since April 1, 2020.

Interest expense, net, for the six months ended June 30, 2021 decreased \$1.8 million when compared to the same period in 2020, primarily as a result of repaying \$150.0 million on our revolving line of credit and declining 1-month LIBOR interest rates on our corporate credit facilities resulting in a \$1.2 million decrease to interest expense, net. The remaining \$0.6 million decrease is the result of repaying total mortgages payable of \$67.5 million across three retail properties since January 1, 2020.

#### *Loss on extinguishment of debt*

During the three and six months ended June 30, 2020, we recognized a loss of \$2.5 million on the extinguishment of total mortgages payable of \$26.3 million on two retail properties, primarily related to prepayment penalties.

#### *Provision for asset impairment*

During the six months ended June 30, 2020, we identified one retail property that had a reduction in its expected hold period. We recorded a provision for asset impairment of \$9.0 million as a result of the executed sales contract price being lower than the property's carrying value. This property was sold on May 1, 2020.

#### *Gain (loss) on sale of investment properties, net*

During the three months ended June 30, 2021, we recognized a net gain of \$0.4 million on the completion of partial condemnations at one retail property. During the three months ended June 30, 2020, we recognized a loss of \$0.2 million on the sale of one retail property.

During the six months ended June 30, 2021, we recognized a net gain of \$0.9 million on the completion of partial condemnations at three retail properties. During the six months ended June 30, 2020, we recognized a net gain of \$0.2 million on the sale of one retail property and the completion of partial condemnations at two retail properties.

#### *Equity in earnings (losses) of unconsolidated entities*

Equity in earnings of unconsolidated entities for the three months ended June 30, 2021, increased \$0.9 million when compared to the same period in 2020, primarily as a result of increased income from property operations after management fees of \$0.8 million and decreased interest expense of \$0.1 million.

Equity in earnings of unconsolidated entities for the six months ended June 30, 2021, increased \$0.8 million when compared to the same period in 2020, primarily as a result of increased income from property operations after management fees of \$0.7 million and decreased interest expense of \$0.1 million.

*Other income and expense, net*

Under the federal legislation enacted on March 27, 2020, known as the CARES Act, certain limitations on the deductibility of net operating losses ("NOLs") enacted under prior federal tax legislation have been temporarily rolled back. As a result of the anticipated NOL carryback claims for our taxable REIT subsidiaries, total additional tax benefits of \$1.2 million were recognized during the six months ended June 30, 2020.

**Net Operating Income**

We evaluate the performance of our wholly-owned retail properties based on NOI, which excludes general and administrative expenses, depreciation and amortization, provision for asset impairment, other income and expense, net, gains (losses) from sales of properties, gains (losses) on extinguishment of debt, interest expense, net, equity in earnings from unconsolidated entities, lease termination income and expense, and GAAP rent adjustments (such as straight-line rent, above/below market lease amortization and amortization of lease incentives). We bifurcate NOI into same-property NOI and NOI from other investment properties based on whether the underlying retail properties meet our same-property criteria.

We believe the supplemental non-GAAP financial measures of NOI, same-property NOI, and NOI from other investment properties provide added comparability across periods when evaluating our financial condition and operating performance that is not readily apparent from "Operating income" or "Net income" in accordance with GAAP.

*Comparison of same-property results for the three and six months ended June 30, 2021 and 2020*

A total of 55 and 53 wholly-owned retail properties met our same-property criteria for the three and six months ended June 30, 2021 and 2020, respectively. NOI from other investment properties in the table below for the three and six months ended June 30, 2021 and 2020 includes retail properties that did not meet our same-property criteria.

The following table represents the reconciliation of net income (loss), the most directly comparable GAAP measure, to NOI and same-property NOI for the three and six months ended June 30, 2021 and 2020:

Same-property NOI increased by \$5.1 million, or 18.3%, when comparing the three months ended June 30, 2021 to the same period in 2020, and was primarily a result of:

- a decrease in estimated credit losses of \$6.4 million, and was offset by:
- an increase in non-recoverable expenses of \$0.7 million, and
- a decrease in minimum rent of \$0.6 million.

During the three months ended June 30, 2020, we recognized estimated credit losses of \$6.2 million reflecting our assessment of how the COVID-19 pandemic may impact our tenants' ability to make future rental payments. During the three months ended June 30, 2021, we recognized a net reversal of estimated credit losses of \$0.2 million. Reversals of estimated credit losses occur when we receive rental payments we previously deemed not probable of collection. The reduction in estimated credit losses, or the reversal thereof, reflects the stabilization of the pandemic's impact on our tenants.

In line with our improved results of operations when comparing the three months ended June 30, 2021 to the same period in 2020, non-recoverable operating expenses relating to compensation costs also increased, primarily reflecting both higher property-level employee headcount and compensation costs tied to earnings.

The decrease in minimum rent is primarily attributable to the decrease in economic occupancy levels when comparing the three months ended June 30, 2021 to the same period in 2020.

Same-property NOI increased by \$3.0 million, or 4.9%, when comparing the six months ended June 30, 2021 to the same period in 2020, and was primarily a result of:

- a decrease in estimated credit losses of \$6.9 million,
- an increase in recovery income of \$1.4 million,
- a net increase in all other income and expenses of \$0.5 million, and was offset by:
- a decrease in recoverable expenses of \$2.5 million,
- a decrease in minimum rent of \$1.6 million,
- an increase in non-recoverable expenses of \$1.1 million, and
- an increase in rent abatements of \$0.6 million.

During the six months ended June 30, 2020, we recognized estimated credit losses of \$6.7 million reflecting our assessment of how the COVID-19 pandemic may impact our tenants' ability to make future rental payments. During the six months ended June 30, 2021, we recognized a net reversal of estimated credit losses of \$0.2 million.

The net increase in all other income and expenses when comparing the six months ended June 30, 2021 to the same period in 2020, primarily reflects increased short-term leasing arrangements.

Real estate taxes and recoverable operating expenses, net of associated recoveries, increased \$1.0 million when comparing the six months ended June 30, 2021 to the same period in 2020, primarily reflecting the decrease in economic occupancy levels.

The decrease in minimum rent is primarily attributable to the decrease in economic occupancy levels when comparing the six months ended June 30, 2021 to the same period in 2020.

In line with our improved results of operations when comparing the six months ended June 30, 2021 to the same period in 2020, non-recoverable operating expenses relating to compensation costs also increased, primarily reflecting both higher property-level employee headcount and compensation costs tied to earnings.

The increase in rent abatements, when comparing the six months ended June 30, 2021 to the same period in 2020, is primarily attributable to our on-going efforts to negotiate lease amendments with certain tenants, including abated rent charges in exchange for extending a tenant's lease term.

## Funds From Operations

The National Association of Real Estate Investment Trusts ("NAREIT"), an industry trade group, has promulgated a widely accepted non-GAAP financial measure of operating performance known as Funds From Operations ("FFO"). Our FFO is based on the NAREIT definition. Adjustments for unconsolidated joint ventures are calculated to reflect our proportionate share of the joint venture's funds from operations on the same basis.

Adjusted Funds From Operations ("AFFO") is an additional supplemental non-GAAP financial measure of our operating performance. In particular, AFFO provides an additional measure to compare the operating performance of different REITs without having to account for certain remaining amortization assumptions within FFO and other unique revenue and expense items which are not pertinent to measuring a particular company's on-going operating performance. In that regard, we use AFFO as an input to our compensation plan to determine cash bonuses and measure the achievement of certain performance-based equity awards.

See our Annual Report on Form 10-K for expanded descriptions of FFO and AFFO. FFO Applicable to Common Shares and Dilutive Securities and AFFO Applicable to Common Shares and Dilutive Securities is calculated as follows:

(a) Direct development and re-development costs relate to construction of buildings at our retail properties.

(b) Indirect development and re-development costs relate to capitalized interest, real estate taxes, insurance, and payroll attributed to improvements at our retail properties.

(c) Direct leasing costs relate to improvements to a tenant space that are either paid directly by or reimbursed to the tenants.

### *Short-term Liquidity and Capital Resources*

On a short-term basis, our principal uses for funds are to pay our operating and corporate expenses, interest and principal on our indebtedness, property capital expenditures, and to make distributions to our stockholders.

Our ability to maintain adequate liquidity for our operations in the future is dependent upon a number of factors, including our revenue, macroeconomic conditions, our ability to contain costs, including capital expenditures, and to collect rents and other receivables, and various other factors, many of which are beyond our control. We will continue to monitor our liquidity position and may seek to raise funds through debt or equity financing in the future to fund operations, significant investments or acquisitions that are consistent with our strategy. Our ability to raise these funds may also be diminished by other macroeconomic factors.

### *Long-term Liquidity and Capital Resources*

Our objectives are to maximize revenue generated by our retail platform, to further enhance the value of our retail properties to produce attractive current yield and long-term returns for our stockholders, and to generate sustainable and predictable cash flow from our operations to distribute to our stockholders.

Any future determination to pay distributions will be at the discretion of our Board and will depend on our financial condition, capital requirements, restrictions contained in current or future financing instruments, and such other factors as our Board deems relevant. In December 2020, our Board approved an increase to our annual distribution rate effective for the quarterly distribution paid in April 2021. The Board will continue to evaluate our distribution rate and, if it deems appropriate, adjust the distribution to take into account all relevant factors, including our ongoing operating and capital needs.

Our primary sources and uses of capital are as follows:

#### Sources

- Operating cash flows from our real estate investments;
- Distributions from our joint venture investment;
- Proceeds from sales of properties;
- Proceeds from mortgage loan borrowings on properties;
- Proceeds from corporate borrowings; and
- Interest earned on cash and cash equivalents.

#### Uses

- To pay our operating expenses;
- To make distributions to our stockholders;
- To service or pay down our debt;

- To invest in properties;
- To fund development, re-development, maintenance and capital expenditures or leasing incentives; and
- To fund other general corporate uses.

We may, from time to time, seek to acquire additional amounts of our outstanding equity through cash purchases or exchanges for other securities. Such purchases or exchanges, if any, will depend on our liquidity requirements, contractual restrictions, and other factors.

### Distributions

During the six months ended June 30, 2021, we declared distributions to our stockholders totaling \$28.0 million and paid cash distributions of \$27.7 million. As we execute on our retail strategy and continue to evaluate our business, results of operations and cash flows, our Board will continue to evaluate our distribution on a periodic basis.

On August 5, 2021, our Board approved a 5% increase to our annual distribution rate effective for the quarterly distribution paid in January 2022. All future dividends remain subject to the discretion of the Company's Board. See "Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations - Current Strategy and Outlook" for more information regarding our retail strategy.

Cash provided by operating activities of \$54.0 million and \$40.3 million for the six months ended June 30, 2021 and 2020, respectively, was generated primarily from income from property operations and operating distributions from unconsolidated entities. Cash provided by operating activities increased \$13.7 million when comparing the six months ended June 30, 2021, to the same period in 2020, including \$10.7 million related to increased cash collections from tenants primarily as a result of the stabilization of the pandemic's impact on our tenants, general fluctuations in working capital, and the acquisition of two retail properties since January 1, 2020, which was partially offset by the disposition of one retail property since January 1, 2020.

Cash used in investing activities of \$10.4 million for the six months ended June 30, 2021, was primarily the result of:

- \$6.7 million for capital expenditures and tenant improvements,
- \$1.5 million for investment in development projects,
- \$2.3 million for lease commissions and other leasing costs, and
- \$1.2 million for cash outflows from other investing activities, which was partially offset by cash provided of
- \$1.3 million from net proceeds received from the sale of investment properties.

Cash used in investing activities of \$37.4 million for the six months ended June 30, 2020, was primarily the result of:

- \$32.4 million for acquisitions of investment properties,
- \$6.9 million for capital expenditures and tenant improvements,
- \$1.5 million for investment in development projects,
- \$1.0 million for lease commissions and other leasing costs, and
- \$1.3 million for cash outflows from other investing activities, which was partially offset by cash provided of
- \$5.7 million from net proceeds received from the sale of investment properties.

Cash used in financing activities of \$95.3 million for the six months ended June 30, 2021, was primarily the result of:

- \$50.0 million for pay-offs of debt,
- \$27.7 million to pay distributions,
- \$16.7 million for the common shares repurchased through the share repurchase program, and
- \$0.9 million for principal payments on mortgage debt, payment of finance lease liabilities, and payment of loan fees and other deposits.

Cash provided by financing activities of \$47.1 million for the six months ended June 30, 2020, was primarily the result of:

- \$150.1 million of proceeds received from our unsecured revolving credit agreement and distribution reinvestment plan, which was partially offset by cash used of
- \$67.3 million for pay-offs of debt,
- \$26.9 million to pay distributions,
- \$5.2 million for the common shares repurchased through the share repurchase program,
- \$2.5 million for debt prepayment penalties, and
- \$1.1 million for principal payments on mortgage debt, payment of finance lease liabilities, and payment of loan fees and other deposits.

We consider all demand deposits, money market accounts and investments in certificates of deposit and repurchase agreements with a maturity of three months or less, at the date of purchase, to be cash equivalents. We maintain our cash and cash equivalents at major financial institutions. The combined account balances at one or more institutions generally exceed the Federal Depository Insurance Corporation ("FDIC") insurance coverage. We periodically assess the credit risk associated with these financial institutions. As a result, there is what we believe to be insignificant credit risk related to amounts on deposit in excess of FDIC insurance coverage.

#### Off Balance Sheet Arrangements

The Company does not have off balance sheet arrangements other than its joint venture, IAGM, as disclosed in "Part I. Item 1. Financial Statements - Note 6. Investment in Unconsolidated Entities."

#### Contractual Obligations

We have obligations related to our mortgage loans, term loan, and revolving credit facility as described in "Note 7. Debt" in the condensed consolidated financial statements. The unconsolidated joint venture in which we have an investment has third-party mortgage debt of \$220.8 million as of June 30, 2021, as described in "Note 6. Investment in Unconsolidated Entities" in the condensed consolidated financial statements. It is anticipated that our unconsolidated joint venture will be able to repay or refinance all of its debt on a timely basis.

The following table presents, on a consolidated basis, obligations and commitments to make future payments under debt obligations and lease agreements. It excludes third-party debt associated with our unconsolidated joint venture and debt discounts that are not future cash obligations as of June 30, 2021.

|                                 | Payments due by year ending December 31, |           |            |            |           |            |      | Total      |

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to market risk associated with changes in interest rates both in terms of variable-rate debt and the price of new fixed-rate debt upon maturity of existing debt and for acquisitions.

#### Interest Rate Risk

Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower our overall borrowing costs. As of June 30, 2021, our debt included outstanding variable-rate term loans of \$400.0 million, of which \$300.0 million has been swapped to a fixed rate. If market rates of interest on all variable-rate debt as of June 30, 2021 permanently increased and decreased by 1%, the annual increase and decrease in interest expense on the variable-rate debt and future earnings and cash flows would be approximately \$1.0 million. See our Annual Report on Form 10-K for expanded discussion regarding how we achieve our interest rate risk management objectives and how we often use financial instruments to hedge exposures to changes in interest rates on loans.

Our unsecured revolving line of credit, term loans, and interest rate swaps are indexed to USD-LIBOR. However, as our amended and restated line of credit and term loan agreements and interest rate swap agreements have provisions that allow for a transition to a new alternative rate, we believe that the transition from USD-LIBOR to the Secured Overnight Financing Rate ("SOFR") will not have a material impact on our condensed consolidated financial statements. See our Annual Report on Form 10-K for expanded discussion regarding recent SOFR announcements.

The following table summarizes our four effective interest rate swaps as of June 30, 2021:

| Interest Rate Swap                 | Effective Date | Termination Date | Bank Pays Variable Rate of | InvenTrust Pays Fixed Rate of | Notional Amount | Fair Value as of |                   |
