## Facebook Reports Third Quarter 2017 Results

MENLO PARK, Calif. – November 1, 2017 – Facebook, Inc. (NASDAQ: FB) today reported financial results for the quarter ended September 30, 2017 .

"Our community continues to grow and our business is doing well," said Mark Zuckerberg, Facebook founder and CEO. "But none of that matters if our services are used in ways that don't bring people closer together. We're serious about preventing abuse on our platforms. We're investing so much in security that it will impact our profitability. Protecting our community is more important than maximizing our profits."

### Third Quarter 2017 Financial Highlights

## Forward Looking Statements

This press release contains forward-looking statements regarding our future business expectations, which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are only predictions and may differ materially from actual results due to a variety of factors including: our ability to retain or increase users and engagement levels; our reliance on advertising revenue; our dependency on mobile operating systems, networks, and standards that we do not control; risks associated with new product development and their introduction as well as other new business initiatives; our emphasis on user growth and engagement and the user experience over short-term financial results; competition; litigation; privacy and regulatory concerns; risks associated with acquisitions; security breaches; and our ability to manage growth and geographically-dispersed operations. These and other potential risks and uncertainties that could cause actual results to differ from the results predicted are more fully detailed under the caption "Risk Factors" in our Quarterly Report on Form 10-Q filed with the SEC on July 27, 2017, which is available on our Investor Relations website at [investor.fb.com](http://investor.fb.com) and on the SEC website at [www.sec.gov](http://www.sec.gov). Additional information will also be set forth in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2017. In addition, please note that the date of this press release is November 1, 2017, and any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of this date. We undertake no obligation to update these statements as a result of new information or future events.

## Non-GAAP Financial Measures

To supplement our condensed consolidated financial statements, which are prepared and presented in accordance with generally accepted accounting principles in the United States (GAAP), we use the following non-GAAP financial measures: revenue excluding foreign exchange effect, advertising revenue excluding foreign exchange effect and free cash flow. The presentation of these financial measures is not intended to be considered in isolation or as a substitute for, or superior to, financial information prepared and presented in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. In addition, these measures may be different from non-GAAP financial measures used by other companies, limiting their usefulness for comparison purposes. We compensate for these limitations by providing specific information regarding the GAAP amounts excluded from these non-GAAP financial measures.

We believe these non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enable comparison of financial results between periods where certain items may vary independent of business performance, and allow for greater transparency with respect to key metrics used by management in operating our business.

We exclude the following items from our non-GAAP financial measures:

*Foreign exchange effect on revenue*. We translated revenue for the three and nine months ended September 30, 2017 using the prior year's monthly exchange rates for our settlement currencies other than the U.S. dollar, which we believe is a useful metric that facilitates comparison to our historical performance.

*Purchases of property and equipment*. We subtract purchases of property and equipment in our calculation of free cash flow because we believe that this methodology can provide useful supplemental information to help investors better understand underlying trends in our business. Free cash flow is not intended to represent our residual cash flow available for discretionary expenditures.

For more information on our non-GAAP financial measures and a reconciliation of GAAP to non-GAAP measures, please see the "Reconciliation of GAAP to Non-GAAP Results" table in this press release.
