

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended July 4, 2025
OR

Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the transition period from _____ to _____

Commission File Number: 001-33146

KBR, Inc.

(Exact name of registrant as specified in its charter)

Delaware
(State of incorporation)

20-4536774
(I.R.S. Employer Identification No.)

601 Jefferson Street, Suite 3400 Houston Texas
(Address of principal executive offices)

77002
(Zip Code)

(713) 753-2000
(Registrant's telephone number including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading symbol	Name of each exchange on which registered
Common Stock, \$0.001 par value	KBR	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of July 23, 2025, there were 128,841,636 shares of KBR, Inc. Common Stock, par value \$0.001 per share, outstanding.

Forward-Looking and Cautionary Statements

This Quarterly Report on Form 10-Q contains certain statements that are, or may be deemed to be, "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act, as amended. The Private Securities Litigation Reform Act of 1995 provides safe harbor provisions for forward-looking information. Some of the statements contained in this Quarterly Report on Form 10-Q are forward-looking statements. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements. The words "believe," "may," "estimate," "continue," "anticipate," "intend," "plan," "expect" and similar expressions are intended to identify forward-looking statements. Forward-looking statements include information concerning our possible or assumed future financial performance and results of operations.

We have based these statements on our assumptions and analyses in light of our experience and perception of historical trends, current conditions, expected future developments and other factors we believe are appropriate in the circumstances. Forward-looking statements by their nature involve substantial risks and uncertainties that could significantly affect expected results, and actual future results could differ materially from those described in such statements. While it is not possible to identify all factors, factors that could cause actual future results to differ materially include the risks and uncertainties disclosed in our latest Form 10-K and any subsequent Forms 10-Q and 8-K.

Many of these factors are beyond our ability to control or predict. Any of these factors, or a combination of these factors, could materially and adversely affect our future financial condition or results of operations and the ultimate accuracy of the forward-looking statements. These forward-looking statements are not guarantees of our future performance, and our actual results and future developments may differ materially and adversely from those projected in the forward-looking statements. We caution against putting undue reliance on forward-looking statements or projecting any future results based on such statements or on present or prior earnings levels. In addition, each forward-looking statement speaks only as of the date of the particular statement, and we undertake no obligation to publicly update or revise any forward-looking statement.

Glossary of Terms

The following frequently used terms, abbreviations or acronyms are commonly used in our Quarterly Reports on Form 10-Q as defined below:

Acronym	Definition
AOCL	Accumulated other comprehensive loss
ASC	Accounting Standards Codification
Aspire Defence	Aspire Defence Limited
ASU	Accounting Standards Update
C5ISR	Command, Control, Communications, Computers, Cyber, Intelligence, Surveillance and Reconnaissance
CAS	Cost Accounting Standards for U.S. government contracts
DCAA	Defense Contract Audit Agency
DCMA	Defense Contract Management Agency
DoD	Department of Defense
ESPP	Employee Stock Purchase Plan
Exchange Act	Securities Exchange Act of 1934, as amended
FAR	Federal Acquisition Regulation
FASB	Financial Accounting Standards Board
FKTC	First Kuwaiti Trading Company
JKC	JKC Australia LNG, an Australian joint venture executing the Ichthys LNG Project
LNG	Liquefied natural gas
MD&A	Management's Discussion and Analysis of Financial Condition and Results of Operations
MTS	Mission Technology Solutions
MoD	Ministry of Defence
NASA	National Aeronautics and Space Administration
NCI	Noncontrolling interests
PFIs	Private financed initiatives and projects
PIC	Paid-in capital in excess of par
PPE	Property, Plant and Equipment
RPA	Master Accounts Receivable Purchase Agreement
SEC	U.S. Securities and Exchange Commission
SOFR	Secured Overnight Financing Rate
SONIA	Sterling Overnight Index Average
STS	Sustainable Technology Solutions
U.K.	United Kingdom
U.S.	United States
U.S. GAAP	Accounting principles generally accepted in the United States
VIEs	Variable interest entities

KBR, Inc.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Note 1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements were prepared using generally accepted accounting principles for interim financial information and the instructions to Form 10-Q and Regulation S-X. Accordingly, these financial statements do not include all information or notes required by generally accepted accounting principles for annual financial statements and should be read together with our 2024 Annual Report on Form 10-K.

The condensed consolidated financial statements include all normal and recurring adjustments necessary to present fairly our financial position as of July 4, 2025, the results of our operations for the three and six months ended July 4, 2025 and June 28, 2024, respectively, and our cash flows for the six months ended July 4, 2025 and June 28, 2024, respectively. Our significant accounting policies are detailed in "Note 1. Significant Accounting Policies" of our 2024 Annual Report on Form 10-K. Certain amounts in prior periods have been reclassified to conform with current period presentation. The Company's fiscal year ends on the Friday closest to December 31. The three months ended July 4, 2025 and June 28, 2024 each contained 91 days, and the six months ended July 4, 2025 and June 28, 2024 each contained 182 days.

As discussed further in Note 17 "Discontinued Operations", HomeSafe Alliance ("HomeSafe") informed us on June 18, 2025, that U.S. Transportation Command unexpectedly terminated HomeSafe's role in the Global Household Goods Contract. We disposed of HomeSafe in the second quarter of fiscal 2025 and determined that this disposal met the requirements to be reported as discontinued operations. As such, the results of HomeSafe are presented as discontinued operations in the accompanying Condensed Consolidated Statements of Operations, Condensed Consolidated Balance Sheets, Condensed Consolidated Statements of Cash Flows and notes for all periods presented.

We have evaluated all events and transactions occurring after the balance sheet date but before the condensed consolidated financial statements were issued and have included the appropriate disclosures.

Principles of Consolidation

The accompanying condensed consolidated financial statements have been prepared in accordance with U.S. GAAP and include the accounts of KBR, Inc. and the subsidiaries it controls, including VIEs where it is the primary beneficiary (collectively, the "Company," "KBR", "we", "us" or "our"). We account for investments over which we have significant influence, but not a controlling financial interest, using the equity method of accounting. See Note 6 "Equity Method Investments and Variable Interest Entities" to our condensed consolidated financial statements for further discussion of our equity investments and VIEs. All material intercompany balances and transactions are eliminated in consolidation.

Recent Accounting Pronouncements

New accounting pronouncements requiring implementation in future periods are discussed below.

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The ASU requires that an entity disclose specific categories in the effective tax rate reconciliation as well as provide additional information for reconciling items that meet a quantitative threshold. Further, the ASU requires certain disclosures of state versus federal income tax expense and taxes paid. The amendments in this ASU are required to be adopted for fiscal years beginning after December 15, 2024. Early adoption is permitted for annual financial statements that have not yet been issued. We expect this ASU to only affect our disclosures with no impacts to our results of operations, cash flows and financial condition.

In November 2024, the FASB issued ASU 2024-03, Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. ASU 2024-03 requires disclosure of additional information about certain income statement expense categories. ASU 2024-03 will be effective for our 2027 fiscal year ending December 31, 2027. Early adoption is permitted and the amendments can be applied on a prospective or retrospective basis. We expect this ASU to only affect our disclosures with no impacts to our results of operations, cash flows and financial condition.

Note 2. Business Segment Information

We provide a wide range of professional services, and the management of our business is heavily focused on major projects or programs within each of our reportable segments. At any given time, government programs and joint ventures represent a substantial part of our operations. To streamline and optimize our processes, we realigned our segments effective as of fiscal 2025. As part of this realignment, our Government Solutions reportable segment has been renamed Mission Technology Solutions while Sustainable Technology Solutions has retained its name. The international business contained within Government Solutions has been integrated into both Mission Technology Solutions and Sustainable Technology Solutions. All information in this Quarterly Report on Form 10-Q is presented in accordance with the realigned reportable segments and all prior period information was recast to reflect the realigned reportable segments. We are organized into two core business segments, Mission Technology Solutions and Sustainable Technology Solutions and one non-core business segment as described below:

Mission Technology Solutions. Our Mission Technology Solutions business segment provides full life-cycle support solutions to defense, intelligence, space, aviation and other programs and missions for military and other government agencies primarily in the U.S., U.K. and Australia. KBR's full-spectrum solutions span research and development, advanced prototyping, acquisition support, systems engineering, C5ISR, cyber analytics, space domain awareness, test and evaluation, data analytics and integration, systems integration and program management, global supply chain management, operations readiness and support and professional advisory services across the defense, energy security and transition and critical infrastructure sectors. Included in Mission Technology Solutions is the business of LinQuest Corporation ("LinQuest"), an engineering, data analytics and digital integration company acquired on August 30, 2024 and Infrastar Limited acquired on May 17, 2025. See Note 16 "Acquisitions" to our condensed consolidated financial statements for additional information on this acquisition. Additionally, the disposal of HomeSafe is reported as discontinued operations and the operations are excluded from Mission Technology Solutions results reflected within our tables below. See Note 17 "Discontinued Operations" for additional information regarding the HomeSafe disposal.

Sustainable Technology Solutions. Our Sustainable Technology Solutions business segment is anchored by our portfolio of over 85 innovative, proprietary, sustainability-focused process technologies that reduce emissions, increase efficiency and/or accelerate and enable energy transition across the industrial base in four primary verticals: ammonia/syngas, chemical/petrochemicals, clean refining and circular process/circular economy solutions. STS also provides highly synergistic services including advisory and consulting focused on energy security, broad-based emission solutions, high-end engineering, infrastructure, design and program management centered around decarbonization, energy efficiency, environmental impact and asset optimization, as well as our digitally-enabled operating and monitoring solutions. Through early planning and scope definition, advanced technologies and facility life-cycle optimization, our STS business segment works closely with customers to provide what we believe is the optimal approach to maximize their return on investment.

Corporate. Our non-core segment includes corporate expenses and selling, general and administrative expenses not allocated to the business segments above.

In its operation of our business, our management, including our chief operating decision maker ("CODM"), evaluates the performance of our business segments based on operating income. Our CODM, who is our chief executive officer, utilizes operating income to evaluate segment results and is a factor considered in determining capital allocation among the segments. Our CODM analyzes selected segment balance sheet information for our business segments and for the Company as a whole. Information on each of our business segments and reconciliation to Net income (loss) attributable to KBR from continuing operations within our condensed consolidated statements of operations is presented in the tables below.

Operations by Reportable Segment

<i>Dollars in millions</i>	Three Months Ended July 4, 2025

Note 3. Revenue

Disaggregated Revenue

We disaggregate our revenue from customers by business unit, customer type, geographic destination and contract type for each of our segments as we believe it best depicts how the nature, amount, timing and uncertainty of our revenue and cash flows are affected by economic factors.

Revenue by business unit and reportable segment was as follows:

<i>Dollars in millions</i>	Three Months Ended		Six Months Ended	
	July 4, 2025	June 28, 2024	July 4, 2025	June 28, 2024
Mission Technology Solutions				
Science & Space	\$ 289	\$ 291	\$ 585	\$ 589

Many of our contracts contain cost reimbursable, time-and-materials and fixed price (including unit-rate) components. We define contract type based on the component that represents the majority of the contract. Revenue by contract type was as follows:

<i>Dollars in millions</i>	Three Months Ended July 4, 2025			Six Months Ended July 4, 2025		
	Mission Technology Solutions	Sustainable Technology Solutions	Total	Mission Technology Solutions	Sustainable Technology Solutions	Total
Cost Reimbursable	\$ 853	\$ —	\$ 853	\$ 1,744	\$ —	\$ 1,744

Fixed Price	268	187	455	550	371	921
Total revenue	\$ 1,316	\$ 531	\$ 1,847	\$ 2,641	\$ 1,024	\$ 3,665

Performance Obligations and Contract Liabilities

Changes in estimates are recognized on a cumulative catch-up basis in the current period associated with performance obligations satisfied in a prior period due to the release of a constrained milestone, modification in contract price or scope or a change in the likelihood of a contingency or claim being resolved. We recognized revenue from performance obligations

satisfied in previous periods for such matters of \$26 million and \$23 million for the three months ended July 4, 2025 and June 28, 2024, respectively, and \$34 million and \$31 million for the six months ended July 4, 2025 and June 28, 2024, respectively.

On July 4, 2025, we had \$13.1 billion of transaction price allocated to remaining performance obligations. We expect to recognize approximately 36% of our remaining performance obligations as revenue within one year, 39% in years two through five and 25% thereafter. Revenue associated with our remaining performance obligations to be recognized beyond one year includes performance obligations primarily related to the Aspire Defence project, which has contract terms extending through 2041. Remaining performance obligations do not include variable consideration that was determined to be constrained as of July 4, 2025.

We recognized revenue of \$214 million and \$225 million for the six months ended July 4, 2025 and June 28, 2024, respectively, which was previously included in the contract liability balance at the beginning of each period.

Changes in Project-related Estimates

There are many factors that may affect the accuracy of our cost estimates and ultimately our future profitability. These include, but are not limited to, the availability and costs of resources (such as labor, materials and equipment), productivity, weather and ongoing resolution of commercial and legal matters, including any new or ongoing disputes with our business partners and others in our supply chain. We recognize revisions of revenues, costs and equity in earnings in the period in which the revisions are known. This may result in the recognition of costs before the recognition of related revenue recovery, if any. During the three and six months ended July 4, 2025 we recognized a favorable change in operating income of \$50 million and \$65 million, respectively, as a result of changes in estimates on an LNG project.

Accounts Receivable

<i>Dollars in millions</i>	July 4, 2025	January 3, 2025
Unbilled	\$ 602	\$ 525
Trade & other	611	541
Accounts receivable	<u>\$ 1,213</u>	<u>\$ 1,066</u>

Note 4. Cash and Cash Equivalents

We consider all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents include cash balances held by our wholly-owned subsidiaries as well as cash held by joint ventures that we consolidate. Joint venture and the Aspire project cash balances are limited to specific project activities and are not available for other projects, new acquisitions and joint ventures, general cash needs or distribution to us without approval of the Board of Directors of the respective entities. The cash and cash equivalents held in consolidated joint ventures and the Aspire project are expected to be used for their respective project costs and distributions of earnings.

The components of our cash and cash equivalents balance are as follows:

<i>Dollars in millions</i>	July 4, 2025		
	International (a)	Domestic (b)	Total
Cash and cash equivalents	\$ 147	\$ 119	\$ 266
Short-term investments (c)	7	12	19
Cash and cash equivalents held in consolidated joint ventures and Aspire Defence subcontracting entities (d)	117	1	118
Total	\$ 271	\$ 132	\$ 403

<i>Dollars in millions</i>	January 3, 2025		
	International (a)	Domestic (b)	Total
Cash and cash equivalents	\$ 199	\$ 14	\$ 213
Short-term investments (c)	8	10	18
Cash and cash equivalents held in consolidated joint ventures and Aspire Defence subcontracting entities (d)	110	1	111
Total	\$ 317	\$ 25	\$ 342

(a) Includes deposits held by non-U.S. entities with operating accounts that constitute offshore cash for tax purposes.

(b) Includes U.S. dollar and foreign currency deposits held in U.S. entities with operating accounts that constitute onshore cash for tax purposes but may reside either in the U.S. or in a foreign country. Includes cash and cash equivalents held by our wholly owned captive insurance company of \$11 million as of July 4, 2025 and \$12 million as of January 3, 2025 which is generally not available to KBR to support its other operations.

(c) Includes time deposits, money market funds and other highly liquid short-term investments.

(d) Includes short-term investments held by Aspire Defence subcontracting entities for \$90 million and \$83 million as of July 4, 2025 and January 3, 2025, respectively.

Note 5. Unapproved Change Orders and Claims Against Clients

The amounts of unapproved change orders and claims against clients included in determining the profit or loss on contracts that has been recorded to date are as follows:

<i>Dollars in millions</i>	Six Months Ended	
	July 4, 2025	June 28, 2024
Amounts included in project estimates-at-completion at beginning of fiscal year	\$ 104	\$ 74
Net increase in project estimates	57	41
Approved change orders	(128)	—
Ending balance of amounts included in project estimates-at-completion	\$ 33	\$ 115
Amounts recognized over time based on progress	\$ 31	\$ 91

The balance as of July 4, 2025 relates to estimated recoveries of claims associated with certain U.S. government projects in our Mission Technology Solutions segment. During the six months ended July 4, 2025, a resolution was reached regarding an outstanding unapproved change order within our Mission Technology Solutions segment for \$128 million.

Note 6. Equity Method Investments and Variable Interest Entities

We conduct some of our operations through joint ventures, which operate through partnerships, corporations and undivided interests and other business forms and are principally accounted for using the equity method of accounting. Additionally, the majority of our joint ventures are VIEs. The following table presents a rollforward of our equity in and advances to unconsolidated affiliates:

	Six Months Ended		Year ended	
	July 4, 2025		January 3, 2025	
<i>Dollars in millions</i>				
Beginning balance	\$	192	\$	206
Equity in earnings of unconsolidated affiliates		93		107
Distributions of earnings of unconsolidated affiliates (a)		(85)		(202)
Payments from unconsolidated affiliates, net		(5)		(9)
Return of equity method investments, net (b)		(3)		(36)
Foreign currency translation adjustments		5		(2)
Other (c)		(16)		128
Ending balance	\$	181	\$	192

(a) In the normal course of business, our joint ventures will declare a distribution in the current quarter that is not paid until the subsequent quarter. As such, the distributions declared during the current quarter may not agree to the distributions of earnings from unconsolidated affiliates on our condensed consolidated statements of cash flows. During the year ended January 3, 2025, a joint venture within our STS segment declared a distribution of earnings of \$39 million that was not received by KBR until the six months ended July 4, 2025.

(b) During the year ended January 3, 2025, we received a return of investment from JKC of approximately \$36 million related to our proportionate share of a tax refund.

(c) During the six months ended July 4, 2025, Other included a reduction to the net liability position of \$17 million related to a joint venture within our STS business segment. During the year ended January 3, 2025, Other included the reclassification of the net liability position of \$128 million related to joint ventures within our STS business segment.

Related Party Transactions

We often provide engineering, construction management and other subcontractor services to our unconsolidated joint ventures, and our revenues include amounts related to these services. For the three and six months ended July 4, 2025, our revenues included \$190 million and \$363 million, respectively, and for the three and six months ended June 28, 2024, our revenues included \$171 million and \$344 million, respectively, related to the services we provided primarily to the Aspire Defence Limited joint venture within our MTS business segment and a joint venture within our STS business segment.

Amounts included in our condensed consolidated balance sheets related to services we provided to our unconsolidated joint ventures as of July 4, 2025 and January 3, 2025 are as follows:

<i>Dollars in millions</i>	July 4, 2025		January 3, 2025	
	Accounts receivable, net of allowance for credit losses	\$	92	\$
Contract liabilities	\$	62	\$	68

Note 7. Retirement Benefits

We have two frozen defined benefit pension plans in the U.S., one frozen and one active plan in the U.K. and one frozen plan in Germany. The components of net periodic pension benefit related to the frozen U.K. pension for the three and six months ended July 4, 2025 and June 28, 2024, respectively, were as follows:

<i>Dollars in millions</i>	Three Months Ended		Six Months Ended	
	July 4, 2025	June 28, 2024	July 4, 2025	June 28, 2024
Components of net periodic pension benefit				
Interest cost	\$ 15	\$ 15	\$ 30	\$ 30
Expected return on plan assets	(28)	(28)	(54)	(56)
Amortization of prior service cost	1	—	1	—
Recognized actuarial loss	1	1	2	2
Net periodic pension benefit	<u>\$ (11)</u>	<u>\$ (12)</u>	<u>\$ (21)</u>	<u>\$ (24)</u>

In 2024, the Trustee of the U.K. defined benefit pension plan commenced the triennial actuarial valuation of the plan which was finalized during the three months ended July 4, 2025. At this time, we do not anticipate contributing additional funding to this plan at least until the next triennial valuation occurs.

Note 8. Debt and Other Credit Facilities

Our outstanding debt consisted of the following at the dates indicated:

<i>Dollars in millions</i>	July 4, 2025	January 3, 2025
Term Loan A	\$ 1,004	\$ 1,006
Term Loan B	988	993
Senior Notes	250	250
Revolver	395	345
Unamortized debt issuance costs and discounts	(23)	(25)
Total debt	<u>2,614</u>	<u>2,569</u>
Less: current portion	<u>43</u>	<u>36</u>
Total long-term debt, net of current portion	<u>\$ 2,571</u>	<u>\$ 2,533</u>

Senior Credit Facility

Our existing Credit Agreement, dated as of April 25, 2018, as amended ("Credit Agreement"), consists of a \$1 billion revolving credit facility (the "Revolver"), a Term Loan A ("Term Loan A") with debt tranches denominated in U.S. dollars and British pound sterling and a Term Loan B ("Term Loan B" and together with the Revolver and Term Loan A, the "Senior Credit Facility").

We had cash borrowings of \$373 million on our Revolver that occurred during the six months ended July 4, 2025. We had cash repayments of \$323 million on our Revolver, \$13 million on our Term Loan A and \$5 million on our Term Loan B that occurred during the six months ended July 4, 2025. The interest rates with respect to the Revolver, Term Loan A and Term Loan B are based on, at our option, the applicable adjusted reference rate plus an additional margin or base rate plus additional margin. Additionally, there is a commitment fee applicable to available amounts under the Revolver.

The applicable interest rate per annum of the Term B loan facility is term SOFR plus 2.00% (or base rate plus 1.00%). The details of the applicable margins and commitment fees under the Revolver, Term Loan A-1 and Term Loan A-3 are based on our consolidated net leverage ratio as follows:

Consolidated Net Leverage Ratio	Revolver, Term Loan A-1 and Term Loan A-3		
	Reference Rate (a)	Base Rate	Commitment Fee
Greater than or equal to 4.25 to 1.00	2.25 %	1.25 %	0.33 %
Less than 4.25 to 1.00 but greater than or equal to 3.25 to 1.00	2.00 %	1.00 %	0.30 %
Less than 3.25 to 1.00 but greater than or equal to 2.25 to 1.00	1.75 %	0.75 %	0.28 %
Less than 2.25 to 1.00 but greater than or equal to 1.25 to 1.00	1.50 %	0.50 %	0.25 %
Less than 1.25 to 1.00	1.25 %	0.25 %	0.23 %

- (a) The reference rate for the Revolver and the U.S. dollar tranches of Term Loan A-1 is SOFR plus 10 bps Credit Spread Adjustment and the British pound sterling tranche of Term Loan A-3 is SONIA plus 12 bps Credit Spread Adjustment.

The details of the applicable margins and commitment fees under Term Loan A-2 are based on our consolidated net leverage ratio as follows:

Consolidated Net Leverage Ratio	Term Loan A-2		
	Reference Rate (a)	Base Rate	Commitment Fee
Greater than or equal to 4.25 to 1.00	2.13 %	1.13 %	0.33 %
Less than 4.25 to 1.00 but greater than or equal to 3.25 to 1.00	1.88 %	0.88 %	0.30 %
Less than 3.25 to 1.00 but greater than or equal to 2.25 to 1.00	1.63 %	0.63 %	0.28 %
Less than 2.25 to 1.00 but greater than or equal to 1.25 to 1.00	1.38 %	0.38 %	0.25 %
Less than 1.25 to 1.00	1.13 %	0.13 %	0.23 %

- (a) The reference rate for Term Loan A-2 is SOFR.

Both Term Loan A-1 and Term Loan A-3 provide for quarterly principal payments of 0.625% of the aggregate principal amount, increasing to 1.25% starting with the quarter ending April 3, 2026. Term Loan A-2 provides for quarterly principal payments of 0.625% of the aggregate principal amount and Term Loan B provides for quarterly principal payments of \$3 million. Each of Term Loan A-1, Term Loan A-3 and the Revolver matures in February 2029, Term Loan A-2 matures in August 2027 and Term Loan B matures in January 2031.

The Senior Credit Facility contains financial covenants providing for a maximum consolidated net leverage ratio and a consolidated interest coverage ratio (as such terms are defined in the Senior Credit Facility). Our consolidated net leverage ratio as of the last day of any fiscal quarter may not exceed 4.25 to 1 in 2023, reducing to 4.00 to 1 in 2024 and thereafter. Our consolidated interest coverage ratio may not be less than 3.00 to 1 as of the last day of any fiscal quarter. As of July 4, 2025, we were in compliance with our financial covenants under our Senior Credit Facility.

Senior Notes

We have \$250 million aggregate principal amount of 4.750% Senior Notes due 2028 (the "Senior Notes") pursuant to an indenture among us, the guarantors party thereto and Citibank, N.A., as trustee. The Senior Notes are senior unsecured obligations and are fully and unconditionally guaranteed by each of our existing and future domestic subsidiaries that guarantee our obligations under the Senior Credit Facility and certain other indebtedness. Interest is payable semi-annually in arrears on March 30 and September 30 of each year and the principal is due on September 30, 2028.

We have the ability to redeem all or part of the Senior Notes at our option, at the redemption prices set forth in the Senior Notes, plus accrued and unpaid interest, if any, to (but not including) the redemption date. If we undergo a change of control, we may be required to make an offer to holders of the Senior Notes to repurchase all of the Senior Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest.

Letters of credit, surety bonds and guarantees

In connection with certain projects, we are required to provide letters of credit, surety bonds or guarantees to our customers in the ordinary course of business as credit support for contractual performance guarantees, advanced payments received from customers and future funding commitments. As of July 4, 2025, we had a \$1 billion committed line of credit on the Revolver under our Senior Credit Facility and \$490 million of bilateral and uncommitted lines of credit. As of July 4, 2025, with respect to our Revolver, we had \$395 million of outstanding borrowings. We also have \$14 million of outstanding letters of credit on our Senior Credit Facility. With respect to our \$490 million of bilateral and uncommitted lines of credit, we had utilized \$271 million for letters of credit as of July 4, 2025. The total remaining capacity of these committed and uncommitted lines of credit was approximately \$810 million as of July 4, 2025, all of which can be used toward issuing letters of credit. Of the letters of credit outstanding under the Senior Credit Facility, none have expiry dates beyond the maturity date of the Senior Credit Facility. Of the total letters of credit outstanding under our bilateral facilities, \$85 million relate to our joint venture operations where the letters of credit are posted using our capacity to support our pro-rata share of obligations under various contracts executed by joint ventures of which we are a member.

Note 9. Income Taxes

The effective tax rate was approximately 27% on income from continuing operations for both the six months ended July 4, 2025 and June 28, 2024. The effective tax rate for the six months ended July 4, 2025 and June 28, 2024 as compared to the U.S. statutory rate of 21%, was primarily affected by the rate differential on our foreign earnings and the impact of state and local taxes in the U.S.

On July 4, 2025, the reconciliation bill H.R. 1 was enacted into law in the U.S. H.R.1 includes a broad range of tax reform provisions, including the elective deduction for domestic Research and Development (R&D), a reinstatement of elective 100% first-year bonus depreciation and changes to the interest limitation calculation under 163(j), among other provisions. The Company is currently evaluating the impact of the H.R. 1 tax provisions which could affect the Company's effective tax rate and deferred tax assets in 2025 and future periods. A quantitative estimate of the specific financial effects cannot be reasonably determined at this time due to the complexity of the changes in the tax reform and optionality of voluntary elections.

The valuation allowance for deferred tax assets as of July 4, 2025 and January 3, 2025 was \$141 million and \$142 million, respectively. The remaining valuation allowance is primarily related to foreign tax credit carryforwards and foreign and state net operating loss carryforwards that, in the judgment of management, do not meet the more likely than not realization threshold. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income, in the appropriate character and source, during the periods in which those temporary differences become deductible or within the remaining carryforward period. Management considers the scheduled reversal of deferred tax liabilities (including the impact of available carryback and carryforward periods), projected future taxable income and tax-planning strategies in making this assessment.

The utilization of the unreserved foreign tax credit carryforwards is based on our ability to generate income from foreign sources of approximately \$162 million prior to their expiration. The utilization of other net deferred tax assets, excluding those associated with indefinite-lived intangible assets, is based on our ability to generate U.S. forecasted taxable income of approximately \$971 million. Changes in our forecasted taxable income, in the appropriate character and source, as well as jurisdiction, could affect the ultimate realization of deferred tax assets.

The provision for uncertain tax positions included in other liabilities and deferred income taxes on our condensed consolidated balance sheets as of July 4, 2025 and January 3, 2025 was \$86 million and \$85 million, respectively.

Note 10. Commitments and Contingencies

We are a party to litigation and other proceedings that arise in the ordinary course of our business. These types of matters could result in fines, penalties, cost reimbursements or contributions, compensatory or treble damages or non-monetary sanctions or relief. We believe the probability is remote that the outcome of any individual matter, including the matters described below, will have a material adverse effect on the corporation as a whole, notwithstanding that the unfavorable resolution of any matter may have a material effect on our net earnings and cash flows in any particular reporting period. Among the factors that we consider in this assessment are the nature of existing legal proceedings and claims, the asserted or possible damages or loss contingency (if estimable), the progress of the case, existing law and precedent, the opinions or views of legal counsel and other advisers, our experience in similar cases and the experience of other companies, the facts available to us at the time of assessment and how we intend to respond to the proceeding or claim. Our assessment of these factors may change over time as individual proceedings or claims progress.

Although we cannot predict the outcome of legal or other proceedings with certainty, when it is probable that a loss will be incurred and the amount is reasonably estimable, U.S. GAAP requires us to accrue an estimate of the probable loss or range of loss. In the event a loss is probable, but the probable loss is not reasonably estimable, we are required to make a statement that such an estimate cannot be made. We follow a thorough process in which we seek to estimate the reasonably possible loss or range of loss, and only if we are unable to make such an estimate do we conclude and disclose that an estimate cannot be made. Accordingly, unless otherwise indicated below in our discussion in Note 11. "U.S. Government Matters", a reasonably possible loss or range of loss associated with any individual contingency cannot be estimated. There have been no substantive developments or changes to existing claims.

Note 11. U.S. Government Matters

We provide services to various U.S. governmental agencies, including the U.S. DoD, NASA, Department of State and other agencies within the Intelligence Community. The negotiation, administration and settlement of our contracts are subject to audit by the DCAA. The DCAA serves in an advisory role to the DCMA, which is responsible for the administration of the majority of our contracts. The scope of these audits includes, among other things, the validity of direct and indirect incurred costs, provisional approval of annual billing rates, approval of annual overhead rates, compliance with the FAR and CAS, compliance with certain unique contract clauses and audits of certain aspects of our internal control systems. Based on the information received to date, we do not believe any completed or ongoing government audits will have a material adverse impact on our results of operations, financial position or cash flows. The U.S. government also retains the right to pursue various remedies under any of these contracts which could result in challenges to expenditures, suspension of payments, fines and suspensions or debarment from future business with the U.S. government.

We accrued for probable and reasonably estimable unallowable costs associated with open government matters related to our MTS business in the amounts of \$42 million as of July 4, 2025 and \$41 million as of January 3, 2025, which are recorded in other liabilities on our condensed consolidated balance sheets.

Legacy U.S. Government Matters

Between 2002 and 2011, we provided significant support to the U.S. Army and other U.S. government agencies in support of the war in Iraq under the LogCAP III contract. We have been closing out the LogCAP III contract since 2011, and we expect the contract closeout process to continue for at least another year. As a result of our work under LogCAP III, there are claims and disputes pending between us and the U.S. government that need to be resolved in order to close the contract. The contract closeout process includes administratively closing the individual task orders issued under the contract. We continue to work with the U.S. government to resolve the issues to close the remaining task orders, which includes ongoing litigation of third-party vendor disputes. We also have matters related to ongoing litigation or investigations involving U.S. government contracts. We anticipate billing vendor resolution and vendor litigation costs as we resolve the open matters in the future.

First Kuwaiti Trading Company arbitration. In April 2008, FKTC, one of our LogCAP III subcontractors providing housing containers, filed for arbitration with the American Arbitration Association for several claims under various LogCAP III subcontracts. After a series of arbitration proceedings and related litigation between KBR and the U.S. government, the panel heard the final claims and we received an award on July 27, 2022. FKTC filed a motion for correction of the award asking the tribunal to change its findings. The tribunal denied FKTC's motion in an order issued on October 20, 2022. On January 5, 2023, FKTC filed a motion to vacate the arbitral award in the Eastern District of Virginia Federal District Court. KBR filed its response on February 2, 2023. On March 22, 2023, both parties presented oral arguments. On May 12, 2023, the District Court issued its order denying FKTC's motion to vacate the arbitration award and confirming the award. On June 12, 2023, the parties submitted their briefs in support of their calculations of the final award amount. KBR sought to confirm the net award of \$16 million in KBR's favor plus post-judgment interest. FKTC sought to offset amounts awarded to KBR with amounts FKTC claimed it was owed based on unpaid principal and post award interest on the awards issued in its favor in the prior arbitration proceedings, totaling \$70 million. KBR disagreed with FKTC's interest claim and calculation. On September 22, 2023, the Court issued a decision finding the net amount due in favor of KBR from FKTC is \$8 million. FKTC has appealed this ruling. In June 2025, the appellate court affirmed the judgment in KBR's favor and then, in July 2025, denied FKTC's petition for a rehearing en banc. In addition, in March 2022, FKTC filed a civil action in Kuwait civil court against KBR seeking \$100 million in damages. This action is duplicative of the claims decided in arbitration. In September 2022, we filed a motion to dismiss this action for lack of jurisdiction due to the arbitration agreement between KBR and FKTC. On December 7, 2023, the Kuwait Court of Cassation issued a ruling ordering KBR to pay an immaterial provisional damage award and requiring FKTC to refile its case in the Court of First Instance for adjudication. FKTC refiled its case and, in November 2024, served KBR. We are preparing a response. Based on our assessment of existing law and precedent, the opinions or views of legal counsel and the facts available to us, no amounts were accrued as of July 4, 2025.

Note 12. Accumulated Other Comprehensive Loss

Changes in AOCL, net of tax, by component

<i>Dollars in millions</i>	Accumulated foreign currency translation adjustments	Accumulated pension liability adjustments	Changes in fair value of derivatives	Total

Note 13. Share Repurchases

Authorized Share Repurchase Program

On February 25, 2014, the Board of Directors authorized a plan to repurchase our outstanding shares of common stock, which replaced and terminated the August 26, 2011 share repurchase program. On February 20, 2025, the Board of Directors authorized \$454 million of share repurchases to be added to the prior authorizations, which increased the total amount authorized and available for repurchase under the share repurchase program to \$750 million. As of July 4, 2025, \$552 million remained available for repurchase under this authorization. The authorization does not obligate us to acquire any particular

number of shares of common stock and may be commenced, suspended or discontinued without prior notice. The share repurchases are intended to be funded through our current and future cash flows and the authorization does not have an expiration date.

Withheld to Cover Program

We have in place a "withhold to cover" program, which allows us to withhold common shares from employees in connection with the settlement of income tax and related benefit withholding obligations arising from the issuance of share-based equity awards under the KBR, Inc. 2006 Stock and Incentive Plan.

The table below presents information on our share repurchases activity under these programs:

	Three Months Ended July 4, 2025			Six Months Ended July 4, 2025		
	Number of Shares	Average Price per Share	Dollars in Millions	Number of Shares	Average Price per Share	Dollars in Millions
Repurchases under the authorized share repurchase program	910,056	\$ 52.72	\$ 48	3,919,143	\$ 50.50	\$ 198
Withhold to cover shares	3,244	51.95	—	116,927	49.05	6
Total	913,300	\$ 52.72	\$ 48	4,036,070	\$ 50.46	\$ 204

	Three Months Ended June 28, 2024			Six Months Ended June 28, 2024		
	Number of Shares	Average Price per Share	Dollars in Millions	Number of Shares	Average Price per Share	Dollars in Millions
Repurchases under the authorized share repurchase program	1,511,558	\$ 63.84	\$ 96	2,338,355	\$ 62.64	\$ 146
Withhold to cover shares	5,469	63.96	1	195,411	59.28	12
Total	1,517,027	\$ 63.84	\$ 97	2,533,766	\$ 62.38	\$ 158

Note 14. Income per Share

Basic income per share is based upon the weighted average number of common shares outstanding during the period. Diluted income per share includes additional common shares that would have been outstanding if potential common shares with a dilutive effect had been issued using the treasury stock method for all other instruments.

A summary of the basic and diluted net income per share calculations is as follows:

<i>Shares in millions</i>	Three Months Ended		Six Months Ended	
	July 4, 2025	June 28, 2024	July 4, 2025	June 28, 2024
Net income attributable to KBR from continuing operations:				
Net income from continuing operations	\$ 106	\$ 106	\$ 227	\$ 200
Less: Net income attributable to noncontrolling interests included in continuing operations	1	—	2	1
Net income attributable to KBR from continuing operations	105	106	225	199
Less: Earnings allocable to participating securities	1	—	1	1
Basic net income attributable to KBR from continuing operations	104	106	224	198
Diluted net income attributable to KBR from continuing operations	\$ 104	\$ 106	\$ 224	\$ 198
Net income (loss) attributable to KBR from discontinued operations:				
Net income (loss) from discontinued operations, net of tax	\$ (48)	\$ 1	\$ (54)	\$ 1
Less: Net income (loss) attributable to noncontrolling interests included in discontinued operations	(16)	1	(18)	1
Net loss attributable to KBR from discontinued operations	(32)	—	(36)	—
Basic net loss attributable to KBR from discontinued operations	(32)	—	(36)	—
Diluted net loss attributable to KBR from discontinued operations	\$ (32)	\$ —	\$ (36)	\$ —
Weighted average common shares outstanding:				
Basic weighted average common shares outstanding	129	134	130	134
Stock options and restricted shares	—	—	1	1
Diluted weighted average common shares outstanding	129	134	131	135
Net income attributable to KBR per share:				
Basic earnings (loss) per share				
Continuing operations	\$ 0.81	\$ 0.79	\$ 1.72	\$ 1.48
Discontinued operations	\$ (0.25)	\$ —	\$ (0.27)	\$ —
Total basic earnings per share attributable to KBR	\$ 0.56	\$ 0.79	\$ 1.45	\$ 1.48
Diluted earnings (loss) per share				
Continuing operations	\$ 0.81	\$ 0.79	\$ 1.71	\$ 1.47
Discontinued operations	\$ (0.25)	\$ —	\$ (0.27)	\$ —
Total diluted earnings per share attributable to KBR	\$ 0.56	\$ 0.79	\$ 1.44	\$ 1.47

The diluted net income attributable to KBR per share calculation excluded the following weighted-average potential common shares related to our stock options and restricted stock awards because their inclusion would have been anti-dilutive: 0.3 million for the three and six months ended July 4, 2025 and 0.3 million for the three and six months ended June 28, 2024.

Note 15. Fair Value of Financial Instruments and Risk Management

Fair value measurements. The fair value of an asset or liability is the price that would be received to sell an asset or transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. We utilize a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value and defines three levels of inputs that may be used to measure fair value. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability or inputs derived from observable market data. Level 3 inputs are unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The carrying amount of cash and cash equivalents, accounts receivable and accounts payable, as reflected in the condensed consolidated balance sheets, approximates fair value due to the short-term maturities of these financial instruments. The carrying values and estimated fair values of our financial instruments that are not required to be recorded at fair value in our condensed consolidated balance sheets are provided in the following table.

<i>Dollars in millions</i>		July 4, 2025		January 3, 2025	
		Carrying Value	Fair Value	Carrying Value	Fair Value
Liabilities (including current maturities):					
Term Loan A	Level 2	\$ 1,004	\$ 1,004	\$ 1,006	\$ 1,006
Term Loan B	Level 2	988	992	993	996
Senior Notes	Level 2	250	241	250	240
Revolver	Level 2	395	395	345	345

The carrying value of the debt instruments listed above exclude debt issuance costs for the respective instrument. See Note 8 "Debt and Other Credit Facilities" for the debt issuance costs of our debt instruments and further discussion of our term loans, Senior Notes and Revolver.

The following disclosures for foreign currency risk and interest rate risk includes the fair value hierarchy levels for our assets and liabilities that are measured at fair value on a recurring basis.

Foreign currency risk. We conduct business globally in numerous currencies and are therefore exposed to foreign currency fluctuations. We may use derivative instruments to reduce the volatility of earnings and cash flows associated with changes in foreign currency exchange rates. We do not use derivative instruments for speculative trading purposes. We generally utilize foreign currency exchange forwards and option contracts to hedge exposures associated with forecasted future cash flows and to hedge exposures present on our balance sheet.

As of July 4, 2025, the gross notional value of our foreign currency exchange forwards and option contracts used to hedge balance sheet exposures was \$206 million, all of which had durations of 25 days or less. The fair value of our balance sheet hedges are included in other current assets and other current liabilities on our condensed consolidated balance sheets at July 4, 2025, and January 3, 2025. The fair values of these derivatives are considered Level 2 under ASC 820, Fair Value Measurement, as they are based on quoted prices directly observable in active markets.

The following table summarizes the recognized changes in fair value of our balance sheet hedges and remeasurement of balance sheet positions. These amounts are recognized in our condensed consolidated statements of operations for the periods presented. The net of our changes in fair value of hedges and the remeasurement of our assets and liabilities is included in other non-operating income (expense) on our condensed consolidated statements of operations.

<i>Dollars in millions</i>	Three Months Ended		Six Months Ended	
	July 4, 2025	June 28, 2024	July 4, 2025	June 28, 2024
Balance Sheet Hedges - Fair Value	\$ —	\$ —	\$ (2)	\$ (1)
Balance Sheet Position - Remeasurement	(2)	(2)	(3)	(1)
Net loss	\$ (2)	\$ (2)	\$ (5)	\$ (2)

Interest rate risk. We use interest rate swaps to reduce interest rate risk and to manage net interest expense by converting a portion of our variable rate debt under our Senior Credit Facility into fixed-rate debt. During the three months ended April 4, 2025, we entered into additional interest rate swap agreements to term SOFR. The effective date of the April 2025 Forward Interest Rate Swaps is August 14, 2027.

Our portfolio of interest rate swaps consists of the following:

<i>Dollars in millions</i>	Notional Amount at July 4, 2025*	Pay Fixed Rate (Weighted Average)	Receive Variable Rate	Settlement and Termination
March 2020 Interest Rate Swaps	\$ 400	0.89 %	Term SOFR	Monthly through January 2027
September 2022 Interest Rate Swaps	\$ 350	3.43 %	Term SOFR	Monthly through January 2027
March 2023 Interest Rate Swaps	\$ 205	3.61 %	Term SOFR	Monthly through January 2027
March 2023 Amortizing Interest Rate Swaps	£ 107	3.81 %	Term SONIA	Monthly through November 2026
September 2024 Interest Rate Swaps	\$ 200	3.27 %	Term SOFR	Monthly through August 2027
April 2025 Interest Rate Swaps	\$ 270	3.39 %	Term SOFR	Monthly through August 2027
April 2025 Forward Interest Rate Swaps	\$ 150	3.38 %	Term SOFR	Monthly from August 2027 through December 2030

*Includes the April 2025 Forward Interest Rate Swaps that become effective August 14, 2027.

Our interest rate swaps are reported at fair value using Level 2 inputs. The fair value of the interest rate swaps at July 4, 2025 was a \$22 million net asset, of which \$17 million is included in other current assets, \$6 million is included in other assets and \$1 million is included in other liabilities. The unrealized net gain on these interest rate swaps was \$22 million and is included in AOCL as of July 4, 2025. The fair value of the interest rate swaps at January 3, 2025 was a \$37 million net asset, of which \$19 million is included in other current assets and \$18 million is included in other assets. The unrealized net gains on these interest rate swaps was \$37 million and is included in AOCL as of January 3, 2025.

Sales of Receivables. From time to time, we sell certain receivables to unrelated third-party financial institutions under various accounts receivable monetization programs. One such program is with MUFG Bank, Ltd. (“MUFG”) under a Master Accounts Receivable Purchase Agreement (the “RPA”), which provides the sale to MUFG of certain of our designated eligible receivables, with a significant portion of such receivables being owed by the U.S. government. During the six months ended July 4, 2025, we derecognized \$1,500 million of accounts receivables from the balance sheet under these agreements, of which certain receivables totaling \$1,471 million were sold under the MUFG RPA. The fair value of the sold receivables approximated their book value due to their short-term nature. The fees incurred are presented in other non-operating income (expense) on the condensed consolidated statements of operations.

Activity for third-party financial institutions consisted of the following:

<i>Dollars in millions</i>	Six Months Ended	
	July 4, 2025	June 28, 2024
Beginning balance	\$ 106	\$ 135
Sale of receivables	1,500	1,555
Settlement of receivables	(1,542)	(1,564)
Cash collected, not yet remitted	—	(4)
Outstanding balances sold to financial institutions	\$ 64	\$ 122

Other Investments. Other investments include investments in equity securities of privately held companies without readily determinable fair values and are included in other assets on our condensed consolidated balance sheets. These investments are accounted for under the measurement alternative, provided that KBR does not have the ability to exercise significant influence or control over the investees. KBR's aggregate investment in Mura Technology (“Mura”) is approximately 17%. The carrying value of our investment in Mura was \$138 million and \$126 million at July 4, 2025 and January 3, 2025, respectively.

Note 16. Acquisitions

Infrastar Limited

On May 17, 2025, we acquired Infrastar Limited for \$35 million, which consisted of \$15 million of cash and contingent consideration with an estimated fair value of \$20 million that is contingent upon the achievement of certain performance targets through May 2027. The contingent consideration could result in cash payments aggregating up to approximately \$24 million. Within our MTS segment, we recognized \$4 million of cash, \$11 million of intangible assets related to customer relationships and goodwill of \$22 million primarily related to future growth opportunities. As of July 4, 2025, the estimated fair values of net assets acquired were preliminary. For U.S. tax purposes, the transaction is treated as a stock deal. As a result, there is no step-up in tax basis and the goodwill recognized is not deductible for tax purposes.

LinQuest Corporation

On August 30, 2024, we acquired LinQuest for \$739 million in cash net of cash acquired, subject to certain working capital, net debt and other post-closing adjustments. As of July 4, 2025, the estimated fair values of net assets acquired were preliminary, with possible updates primarily in our finalization of tax returns. We recognized goodwill within our MTS segment of \$526 million primarily related to future growth opportunities, a highly skilled assembled workforce and other expected synergies from the combined operations. Intangible assets of \$200 million were recognized and comprised of customer relationships and contract backlog, which will be amortized over a weighted-average period of 14 years. There were no changes to the fair value of assets acquired and liabilities assumed as reported in our 2024 Annual Report on Form 10-K. For U.S. tax purposes, the transaction is treated as a stock deal. As a result, there is no step-up in tax basis and the goodwill recognized is not deductible for tax purposes.

Note 17. Discontinued Operations

HomeSafe, a joint venture with Tier One Relocation, informed us on June 18, 2025, that U.S. Transportation Command unexpectedly terminated HomeSafe's role in the Global Household Goods Contract. KBR owns a 72% interest in HomeSafe. The HomeSafe joint venture is a VIE that is consolidated for financial reporting purposes and was previously reported within our MTS business segment. As of July 4, 2025 substantially all of HomeSafe's operations, including run-off operations, have ceased. We disposed of HomeSafe in the second quarter of fiscal 2025 and determined that this disposal met the requirements to be reported as discontinued operations under ASC Subtopic 205-20 *Discontinued Operations*. We classified the disposal of HomeSafe as discontinued operations because it represents a strategic shift that significantly impacted our long-term operations plan. As such, the results of HomeSafe are presented as discontinued operations in the accompanying Condensed Consolidated Statements of Operations, Condensed Consolidated Balance Sheets and Condensed Consolidated Statements of Cash Flows for all periods presented.

Financial Information of Discontinued Operations

The key components of net income (loss) attributable to KBR from discontinued operations for the three and six months ended July 4, 2025 and June 28, 2024 were as follows:

	Three Months Ended		Six Months Ended	
	July 4, 2025	June 28, 2024	July 4, 2025	June 28, 2024
<i>Dollars in millions</i>				
Revenues	\$ 27	\$ 8	\$ 64	\$ 8
Cost of revenues	(40)	(7)	(79)	(7)
Gross profit (loss)	(13)	1	(15)	1
Selling, general and administrative expenses	(22)	—	(27)	—
Loss on disposal (a)	(22)	—	(22)	—
Operating income (loss)	(57)	1	(64)	1
Income (loss) from discontinued operations before income taxes	(57)	1	(64)	1
Provision for income taxes	9	—	10	—
Net income (loss) from discontinued operations, net of tax	(48)	1	(54)	1
Less: Net income (loss) attributable to noncontrolling interests included in discontinued operations	(16)	1	(18)	1
Net loss attributable to KBR from discontinued operations	\$ (32)	\$ —	\$ (36)	\$ —

(a) Includes \$64 million of asset impairments related to property, plant and equipment and write-offs of \$30 million in other assets, offset by elimination of \$72 million in other liabilities.

The following table summarizes the major classes of assets and liabilities of discontinued operations that were included in the Company's Condensed Consolidated Balance Sheets as of July 4, 2025 and January 3, 2025:

	July 4, 2025	January 3, 2025
<i>Dollars in millions</i>		
Assets		
Cash and equivalents	\$ 1	\$ 8
Accounts receivable, net of allowance for credit losses	14	5
Contract assets	3	2
Other current assets	12	6
Total current assets of discontinued operations	30	21
Property, plant, and equipment, net of accumulated depreciation	—	52
Other assets	—	26
Total non-current assets of discontinued operations	—	78
Liabilities		
Accounts payable	\$ 24	\$ 5
Contract liabilities	—	8
Accrued salaries, wages and benefits	3	2
Other current liabilities	11	—
Total current liabilities of discontinued operations	38	15
Other liabilities	—	69
Total non-current liabilities of discontinued operations	—	69

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

The purpose of MD&A is to disclose material changes in our financial condition since the most recent fiscal year-end and results of operations during the current fiscal period as compared to the corresponding period of the preceding fiscal year. The MD&A should be read in conjunction with the condensed consolidated financial statements, accompanying notes and our 2024 Annual Report on Form 10-K.

HomeSafe, a joint venture with Tier One Relocation, informed us on June 18, 2025, that U.S. Transportation Command unexpectedly terminated HomeSafe's role in the Global Household Goods Contract. KBR owns a 72% interest in HomeSafe. As of July 4, 2025 substantially all of HomeSafe operations, including run-off operations, have ceased. The financial results and financial position of HomeSafe are presented as discontinued operations in the condensed consolidated statements of operations, condensed consolidated balance sheets and condensed consolidated statements of cash flows for all periods presented. See Note 17 "Discontinued Operations" to our condensed consolidated financial statements in Part 1, Item 1 of this Quarterly Report on Form 10-Q for more information. Unless otherwise indicated, any reference to statements of operations items in this "Management's Discussion and Analysis of Financial Condition and Results of Operations" refers to results from continuing operations.

Overview

KBR, Inc., a Delaware corporation ("KBR"), delivers science, technology, engineering and logistics support solutions to governments and companies around the world. Drawing from its culture of innovation and mission focus, KBR creates sustainable value by combining deep domain expertise with its full-life cycle capabilities to help clients meet their most pressing challenges. Our capabilities and offerings include the following:

- Leading national security and defense systems engineering; rapid prototyping; test and evaluation; aerospace acquisition support; data analytics and systems and platform integration; and sustainment engineering;
- Operational expertise in areas such as space domain awareness; C5ISR; human spaceflight and satellite operations; integrated supply chain and logistics; and military aviation support;
- Advanced digital, artificial intelligence, machine learning and information operations solutions in areas such as cyber analytics and cybersecurity; space and air dominance; connected battlespace; national security intelligence; data analytics; mission planning systems; virtual/augmented reality and technical training; and artificial intelligence and machine learning;
- Scientific research such as quantum science and computing; health and human performance; materials science; life science research; and earth sciences
- Engineering and project management solutions to advance energy security, sustainable decarbonization; energy transition and asset optimization; proprietary, sustainability-focused process licensing; energy transition and security advisory services; and digitally-enabled asset optimization solutions; and
- Professional advisory services across the defense, renewable energy and critical infrastructure sectors;

KBR's strategic growth vectors include:

- Defense modernization;
- National security space superiority;
- Health and human performance;
- Sustainable energy and industrial technology;
- High-end defense engineering;
- Energy security and energy transition; and
- Digital asset modernization and optimization

Key customers include U.S. DoD agencies such as the U.S. Army, Navy, Air Force, Space Force, Missile Defense Agency, National Geospatial-Intelligence Agency, National Reconnaissance Office and other intelligence agencies; U.S. civilian agencies such as NASA, U.S. Geological Survey and National Oceanic and Atmospheric Administration; the U.K. MoD, other U.K. Crown Services; the Royal Australian Air Force, Navy and Army; and other national governments; and a wide range of commercial and industrial companies.

Our deployment priorities are to fund organic growth, maintain responsible leverage, maintain an attractive dividend, make strategic, accretive acquisitions and repurchase shares. Our acquisition thesis is centered around moving upmarket,

expanding capabilities and broadening customer sets across strategic growth vectors. KBR also develops and prioritizes investment in technologies that are disruptive, innovative and sustainability- and safety-focused. These technologies and engineering solutions enable clients to achieve a safer, more secure and more sustainable global future.

Business Environment and Trends

Mission Technology Outlook

A continuing resolution funding measure has been enacted to finance all U.S. government activities through September 30, 2025, the remainder of the U.S. government's 2025 fiscal year. Under the continuing resolution, partial-year funding at amounts consistent with appropriated levels for fiscal year 2024 are available, subject to certain restrictions, but new spending initiatives are not authorized. Uncertainty continues to exist regarding the 2026 fiscal year budget and the impacts that the new legislative and executive branch will have on the next fiscal year budget. The Administration published its fiscal year 2026 budget request in June 2025. The budget request includes \$848 billion in the base budget (discretionary) funding and \$113 billion in reconciliation (mandatory) funding. The reconciliation bill H.R. 1 passed the Senate and House, and was signed by the President on July 4, 2025. The bill provides more than \$150 billion in mandatory funding (inclusive of the \$113 billion) for DoD available until September 30, 2029. We anticipate the federal budget will continue to be subject to debate and compromise shaped by, among other things, the new Administration and Congress, efficiency initiatives by the Department of Government Efficiency, the global security environment, inflationary pressures including tariffs and macroeconomic conditions. Thus far, the directives of the administration and actions of the DOGE have resulted in federal government staff reductions and hiring freezes and may result in delays in contract awards.

Internationally, our government work is performed primarily for the U.K. MoD and the Australian Department of Defence. In June 2025, leaders of the North Atlantic Treaty Organization ("NATO") agreed to invest 5% of their countries' GDP on defense and security-related spending by 2035. Additionally, in June 2025, the Strategic Defence Review was completed in the U.K. with plans to increase defense spending to 2.50% of GDP by 2027 and additional increases in following years to reach defense spending of 3.00% of GDP. Recognizing the importance of strong defense and the role the U.K. plays across the globe, the U.K. has prioritized investment in military research and investment in key areas to advance and develop capabilities around artificial intelligence, cyber security and space superiority. The Australian government continues to invest in defense spending, with particular focus on enhancing regional security, modernizing defense capabilities, strengthening cyber defenses and promoting broader economic stability. In March 2025, the Australian Minister for Defence announced that the Australian defense budget is expected to increase over the next four years.

A shift in funding priorities in the U.S. government or internationally could have material impacts on defense spending broadly and our programs. With defense and civil budgets driven in part by political instability, military conflicts, aging platforms and infrastructure and the need for technology advances, we expect continued opportunities to provide solutions and technologies to mission critical work aligned with our customers' and our nation's critical priorities.

Sustainable Technology Outlook

Long-range commercial market fundamentals are supported by global population growth, expanding global development and an acceleration of demand for energy transition, renewable energy sources and climate related solutions. The globe is in search of the solution to the energy trilemma, the balance between energy affordability, ensuring energy security and achieving environmental sustainability. While we have not had any material impact to our cost structure or ability to operate, we are monitoring the evolving macroeconomic environment due to ongoing tariffs including how those tariffs and any inflationary pressure may impact investment decisions from our core client base. Clients are prioritizing their efforts to solve the energy trilemma by investing in digital solutions to optimize operations, increase end-product flexibility and energy efficiency, reduce unplanned downtime and minimize environmental footprint. As the global focus on energy security intensifies and companies continue to commit to near-term carbon neutrality and longer-range net-zero carbon emissions, we expect spending to continue in areas such as decarbonization; carbon capture, utilization and sequestration; biofuels; and circular economy. Further, leading companies across the world are proactively evaluating clean energy alternatives, including hydrogen and green ammonia, which complements KBR's proprietary process technologies, solutions and capabilities. We expect climate protection, energy security and energy transition to continue to be areas of priority and investment as many countries, including the U.S., look to boost their economies and invest in a cleaner, more secure future.

Our Business

KBR's business is organized into two core and one non-core business segments as follows:

Core business segments

- Mission Technology Solutions

- Sustainable Technology Solutions

Non-core business segment

- Corporate

See additional information on our business segments in Note 2 "Business Segment Information" to our condensed consolidated financial statements. Included in Mission Technology Solutions is the business of LinQuest Corporation ("LinQuest"), an engineering, data analytics and digital integration company acquired on August 30, 2024 and Infrastar Limited acquired on May 17, 2025. See Note 16 "Acquisitions" to our condensed consolidated financial statements for additional information on these acquisitions.

Results of Operations

Three months ended July 4, 2025 compared to the three months ended June 28, 2024

The information below is an analysis of our consolidated results for the three months ended July 4, 2025, compared to the three months ended June 28, 2024. See *Results of Operations by Business Segment* below for additional information describing the performance of each of our reportable segments.

Consolidated Results

<i>Dollars in millions</i>	Three Months Ended			
	July 4,	June 28,	2025 vs. 2024	
	2025	2024	\$	%
Revenues	\$ 1,952	\$ 1,847	\$ 105	6 %
Cost of revenues	(1,662)	(1,577)	85	5 %
Gross profit	290	270	20	7 %
Equity in earnings of unconsolidated affiliates	51	40	11	28 %
Selling, general and administrative expenses	(146)	(129)	17	13 %
Other	(1)	(1)	—	— %
Operating income	194	180	14	8 %
Interest expense	(41)	(32)	9	28 %
Other non-operating expense	(8)	(2)	6	n/m
Income from continuing operations before income taxes	145	146	(1)	(1)%
Provision for income taxes	(39)	(40)	(1)	(3) %
Net income from continuing operations	106	106	—	— %
Net income (loss) from discontinued operations, net of tax	(48)	1	(49)	n/m
Net income	58	107	(49)	(46)%
Less: Net income attributable to noncontrolling interests included in continuing operations	1	—	1	n/m
Less: Net income (loss) attributable to noncontrolling interests included in discontinued operations	(16)	1	(17)	n/m
Net income attributable to KBR	\$ 73	\$ 106	\$ (33)	(31)%

n/m - not meaningful

Revenues. The increase in overall revenue of \$105 million, or 6%, to \$1,952 million for the three months ended July 4, 2025 is primarily due to the acquisition of LinQuest in our MTS business and increased revenues from engineering and professional services in our STS business.

Gross profit. The increase in overall gross profit of \$20 million, or 7%, was primarily driven by items increasing revenues discussed above.

Equity in earnings of unconsolidated affiliates. Equity in earnings of unconsolidated affiliates increased by \$11 million to \$51 million in earnings for the three months ended July 4, 2025, compared to \$40 million in earnings for the three months ended June 28, 2024. The increase is primarily attributed to equity in earnings from services on an LNG project within our STS segment.

Selling, general and administrative expenses. Selling, general and administrative expenses in the three months ended July 4, 2025 were \$17 million higher, a 13% increase compared to the three months ended June 28, 2024, which was primarily driven by additional expenses incurred to support the growth in both our MTS and STS business segments.

Interest expense. The increase in interest expense was primarily driven by increased outstanding debt principal from the three months ended June 28, 2024 to the three months ended July 4, 2025.

Provision for income taxes. The provision for income taxes for income from continuing operations for the three months ended July 4, 2025 and June 28, 2024 reflects a 27% tax rate. The effective tax rate of 27% for the three months ended July 4, 2025 and June 28, 2024, as compared to the U.S. statutory rate of 21%, was primarily affected by the rate differential on our foreign earnings and the impact of state and local taxes in the U.S. See Note 9 "Income Taxes" to our condensed consolidated financial statements for further discussion on income taxes.

Net income (loss) from discontinued operations, net of tax. Net income (loss) from discontinued operations, net of tax, was \$(48) million and \$1 million during the three months ended July 4, 2025 and June 28, 2024, respectively, due to the disposal of HomeSafe.

Net income (loss) attributable to noncontrolling interests included in discontinued operations. Net income (loss) attributable to noncontrolling interests included in discontinued operations was \$(16) million and \$1 million during the three months ended July 4, 2025 and June 28, 2024, respectively, due to the disposal of HomeSafe.

Results of Operations by Business Segment

<i>Dollars in millions</i>	Three Months Ended			
	July 4, 2025	June 28, 2024	2025 vs. 2024	
			\$	%
Revenues:				
Mission Technology Solutions	\$ 1,412	\$ 1,316	\$ 96	7 %
Sustainable Technology Solutions	540	531	9	2 %
Total revenues	\$ 1,952	\$ 1,847	\$ 105	6 %
Operating income (loss):				
Mission Technology Solutions	\$ 110	\$ 113	\$ (3)	(3) %
Sustainable Technology Solutions	123	106	17	16 %
Corporate	(39)	(39)	—	— %
Total operating income	\$ 194	\$ 180	\$ 14	8 %

Mission Technology Solutions

MTS revenues increased by \$96 million, or 7%, to \$1,412 million in the three months ended July 4, 2025 compared to \$1,316 million in the three months ended June 28, 2024. The increase in revenue is primarily due to the acquisition of LinQuest.

MTS operating income decreased by \$3 million, or 3%, to \$110 million in the three months ended July 4, 2025 compared to \$113 million in the three months ended June 28, 2024. The decrease in operating income is due to increased selling, general and administrative expenses, offset by increased gross profit.

Sustainable Technology Solutions

STS revenues increased by \$9 million, or 2%, to \$540 million in the three months ended July 4, 2025 compared to \$531 million in the three months ended June 28, 2024. The increase in revenue is primarily from engineering and professional services.

STS operating income increased by \$17 million, or 16%, to \$123 million in the three months ended July 4, 2025 compared to \$106 million in the three months ended June 28, 2024. The increase was primarily driven by items discussed above and increased equity in earnings from services on an LNG project.

Results of Operations

Six months ended July 4, 2025 compared to the six months ended June 28, 2024

The information below is an analysis of our consolidated results for the six months ended July 4, 2025 compared to the six months ended June 28, 2024. See *Results of Operations by Business Segment* below for additional information describing the performance of each of our reportable segments.

Consolidated Results

<i>Dollars in millions</i>	Six Months Ended			
	July 4,	June 28,	2025 vs. 2024	
	2025	2024	\$	%
Revenues	\$ 3,970	\$ 3,665	\$ 305	8 %
Cost of revenues	(3,380)	(3,147)	233	7 %
Gross profit	590	518	72	14 %
Equity in earnings of unconsolidated affiliates	93	70	23	33 %

Net income attributable to KBR	\$ 189	\$ 199	\$ (10)	(5) %

n/m - not meaningful

Revenues. The increase in overall revenue of \$305 million, or 8%, to \$3,970 million for the six months ended July 4, 2025 is primarily due to the acquisition of LinQuest in our MTS business and increased revenues from engineering and professional services in our STS business.

Gross profit. The increase in overall gross profit of \$72 million, or 14%, was primarily driven by items increasing revenues discussed above.

Equity in earnings of unconsolidated affiliates. Equity in earnings of unconsolidated affiliates increased by \$23 million to \$93 million in earnings for the six months ended July 4, 2025, compared to \$70 million in earnings for the six months ended June 28, 2024. The increase is primarily attributed to equity in earnings from services on an LNG project within our STS segment.

Selling, general and administrative expenses. Selling, general and administrative expenses in the six months ended July 4, 2025 were \$36 million higher, a 14% increase compared to the six months ended June 28, 2024, which was primarily driven by additional expenses incurred to support the growth in both our MTS and STS business segments.

Interest expense. The increase in interest expense was primarily driven by increased outstanding debt principal from the six months ended June 28, 2024 to the six months ended July 4, 2025.

Provision for income taxes. The provision for income taxes for income from continuing operations for the six months ended July 4, 2025 and June 28, 2024 reflects a 27% tax rate. The effective tax rate of 27%, as compared to the U.S. statutory rate of 21%, for the six months ended July 4, 2025 and June 28, 2024, was primarily affected by the rate differential on our foreign earnings and the impact of state and local taxes in the U.S. See Note 9 "Income Taxes" to our condensed consolidated financial statements for further discussion on income taxes.

Net income (loss) from discontinued operations, net of tax. Net income (loss) from discontinued operations, net of tax, was \$(54) million and \$1 million during the six months ended July 4, 2025 and June 28, 2024, respectively, due to the disposal of HomeSafe.

Net income (loss) attributable to noncontrolling interests included in discontinued operations. Net income (loss) attributable to noncontrolling interests included in discontinued operations was \$(18) million and \$1 million during the six months ended July 4, 2025 and June 28, 2024, due to the disposal of HomeSafe.

Results of Operations by Business Segment

<i>Dollars in millions</i>	Six Months Ended			
	July 4, 2025	June 28, 2024	2025 vs. 2024	
			\$	%
Revenues:				
Mission Technology Solutions	\$ 2,880	\$ 2,641	\$ 239	9 %
Sustainable Technology Solutions	1,090	1,024	66	6 %
Total revenues	\$ 3,970	\$ 3,665	\$ 305	8 %
Operating income (loss):				
Mission Technology Solutions	\$ 231	\$ 219	\$ 12	5 %
Sustainable Technology Solutions	242	201	41	20 %
Corporate	(77)	(74)	3	4 %
Total operating income	\$ 396	\$ 346	\$ 50	14 %

Mission Technology Solutions

MTS revenues increased by \$239 million, or 9%, to \$2,880 million for the six months ended July 4, 2025, compared to \$2,641 million for the six months ended June 28, 2024. The increase in revenue is primarily due to the acquisition of LinQuest.

MTS operating income increased by \$12 million, or 5%, to \$231 million for the six months ended July 4, 2025, compared to \$219 million for the six months ended June 28, 2024. The increase in operating income was primarily driven by the growth associated with LinQuest. This growth was offset by a \$6 million gain related to the sale of our investment interest in a joint venture during the six months ended June 28, 2024 that did not recur during the six months ended July 4, 2025.

Sustainable Technology Solutions

STS revenues increased by \$66 million, or 6%, to \$1,090 million for the six months ended July 4, 2025, compared to \$1,024 million for the six months ended June 28, 2024. This increase is primarily driven by increased revenues from engineering and professional services.

STS operating income increased by \$41 million, or 20%, to \$242 million for the six months ended July 4, 2025, compared to \$201 million for the six months ended June 28, 2024. The increase in operating income is primarily due to the items discussed above and increased equity in earnings from services on an LNG project.

Backlog of Unfilled Orders

Backlog represents the estimated dollar amount of revenues we expect to realize in the future as a result of performing work on contracts and our pro-rata share of work to be performed by our unconsolidated joint ventures. We include total estimated revenues in backlog when a contract is awarded under a legally binding agreement. In many instances, arrangements included in backlog are complex, nonrepetitive and may fluctuate over the contract period due to the release of contracted work in phases by the customer. Additionally, nearly all contracts allow customers to terminate the agreement at any time for convenience, and from time to time customers may dispute or try to renegotiate existing contracts. These and other factors may result in delays or changes in our recognition of revenue from our backlog versus amounts we book as backlog. Certain contracts provide maximum dollar limits, with actual authorization to perform work under the contract agreed upon on a periodic basis with the customer. In these arrangements, only the amounts authorized and probable are included in backlog. For projects where we act solely in a project management capacity, we only include the expected value of our services in backlog.

We define backlog, as it relates to U.S. government contracts, as our estimate of the remaining future revenue from existing signed contracts over the remaining base contract performance period (including customer approved option periods) for which work scope and price have been agreed with the customer. We define funded backlog as the portion of backlog for which funding currently is appropriated, less the amount of revenue we have previously recognized. We define unfunded backlog as the total backlog less the funded backlog. Our MTS backlog does not include any estimate of future potential delivery orders that might be awarded under our government-wide acquisition contracts, agency-specific indefinite delivery/indefinite quantity

contracts or other multiple-award contract vehicles, nor does it include option periods that have not been exercised by the customer.

Within our MTS business segment, we calculate estimated backlog for long-term contracts associated with the U.K. government's PFIs based on the aggregate amount that our client would contractually be obligated to pay us over the life of the project. We update our estimates of the future work to be executed under these contracts on a quarterly basis and adjust backlog, if necessary.

We have included in the table below our proportionate share of unconsolidated joint ventures' estimated backlog. As these projects are accounted for under the equity method, only our share of future earnings from these projects will be recorded in our results of operations. Our proportionate share of backlog for projects related to unconsolidated joint ventures totaled \$2.8 billion at July 4, 2025 and January 3, 2025.

The following table summarizes our backlog by business segment as of July 4, 2025, and January 3, 2025, respectively. The disposal of HomeSafe met the requirements to be reported as discontinued operations. Backlog as of July 4, 2025 and January 3, 2025 does not include any amounts related to HomeSafe.

<i>Dollars in millions</i>	July 4, 2025	January 3, 2025
Mission Technology Solutions	\$ 12,972	\$ 12,642
Sustainable Technology Solutions	3,725	3,963
Total backlog	\$ 16,697	\$ 16,605
Award options	4,873	3,975
Total backlog and options	\$ 21,570	\$ 20,580

We estimate that as of July 4, 2025, 34% of our backlog will be executed within one year. Of this amount, we estimate that 88% will be recognized in revenues on our condensed consolidated statement of operations and 12% will be recorded by our unconsolidated joint ventures. As of July 4, 2025, \$175 million of our backlog relates to active contracts that are in a loss position.

As of July 4, 2025, 14% of our backlog was attributable to fixed-price contracts, 41% was attributable to PFIs, 27% was attributable to cost-reimbursable contracts and 18% was attributable to time-and-materials contracts. For contracts that contain fixed-price, cost-reimbursable and time-and-materials components, we classify the individual components as either fixed-price, cost-reimbursable or time-and-materials according to the composition of the contract; however, for smaller contracts, we characterize the entire contract based on the predominant component. As of July 4, 2025, \$9.5 billion of our MTS backlog was currently funded by our customers.

As of July 4, 2025, we had approximately \$4.9 billion of priced option periods not yet exercised by the customer for U.S. government contracts that are not included in the backlog amounts presented above.

The difference between backlog of \$16.7 billion and the remaining performance obligations as defined by ASC 606 of \$13.1 billion is primarily due to our proportionate share of backlog related to unconsolidated joint ventures which is not included in our remaining performance obligations. See Note 3 "Revenue" to our condensed consolidated financial statements for discussion of the remaining performance obligations.

Transactions with Joint Ventures

We form incorporated and unincorporated joint ventures to execute certain projects. In addition to participating as a joint venture partner, we often provide engineering, procurement, construction management, operations or maintenance services to the joint venture as a subcontractor. Where we provide services to a joint venture that we control and therefore consolidate for financial reporting purposes, we eliminate intercompany revenues and expenses on such transactions. In situations where we account for our interest in the joint venture under the equity method of accounting, we do not eliminate any portion of our subcontractor revenues or expenses, however, we recognize profit on our subcontractor scope of work up to but not in excess of the joint venture's percent complete on its scope of work. We recognize revenue over time on our services provided to joint ventures that we consolidate and our services provided to joint ventures that we record under the equity method of accounting. See Note 6 "Equity Method Investments and Variable Interest Entities" to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q for more information. The information discussed therein is incorporated by reference into this Part I, Item 2.

Legal Proceedings

Information relating to various commitments and contingencies is described in Notes 5 "Unapproved Change Orders and Claims Against Clients", 10 "Commitments and Contingencies" and 11 "U.S. Government Matters" to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q, and the information discussed therein is incorporated by reference into this Part I, Item 2.

Liquidity and Capital Resources

Liquidity is provided by available cash and cash equivalents, cash generated from operations, our Senior Credit Facility (as defined below), sale or divestiture of assets and access to capital markets. Our operating cash flow can vary significantly from year to year and is affected by the mix, terms, timing and stage of completion of our projects. We often receive cash in advance on certain of our sustainable technology projects. On time-and-material and cost reimbursable contracts, we may utilize cash on hand or availability under our Senior Credit Facility to satisfy any periodic operating cash requirements for working capital, as we incur costs and subsequently invoice our customers.

Certain STS services projects may require us to provide credit support for our performance obligations to our customers in the form of letters of credit, surety bonds or guarantees. Our ability to obtain new project awards in the future may be dependent on our letter of credit and surety bonding capacity, which may be further dependent on the timely release of existing letters of credit and surety bonds. As the need for credit support arises, letters of credit may be issued under the Revolver (as defined below) or with lending counterparties on a bilateral, syndicated or other basis.

We believe that existing cash balances, internally generated cash flows, availability under our Senior Credit Facility and other lines of credit are sufficient to support our business operations for the next 12 months. As of July 4, 2025, we are in compliance with all financial covenants related to our debt agreements.

Cash and cash equivalents totaled \$403 million at July 4, 2025, and \$342 million at January 3, 2025, and consisted of the following:

<i>Dollars in millions</i>	July 4, 2025	January 3, 2025
Domestic U.S. cash	\$ 131	\$ 24
International cash	154	207
Joint venture and Aspire Defence project cash	118	111
Total	<u>\$ 403</u>	<u>\$ 342</u>

Our cash balances are held in numerous accounts throughout the world to fund our global activities, including acquisitions, joint ventures and other business partnerships. Domestic cash relates to cash balances held by U.S. entities and is largely used to support project activities of those businesses as well as general corporate needs such as the payment of dividends to shareholders, repayment of debt and potential repurchases of our outstanding common stock. Additionally, domestic cash and cash equivalents includes \$11 million and \$12 million held by our wholly owned captive insurance company as of July 4, 2025 and January 3, 2025, respectively, which is generally not available to KBR to support its other operations.

Our international cash balances may be available for general corporate purposes but are subject to local restrictions, such as capital adequacy requirements and maintaining sufficient cash balances to support our U.K. pension plan and other obligations incurred in the normal course of business by those foreign entities. Repatriations of our undistributed foreign earnings are generally free of U.S. tax but may incur withholding and/or state taxes. We consider our future non-U.S. cash needs as 1) our anticipated foreign working capital requirements, including funding of our U.K. pension plan, 2) the expected growth opportunities across all geographical markets and 3) our plans to invest in strategic growth opportunities, which may include acquisitions, joint ventures and other business partnerships around the world, including whether foreign earnings are permanently reinvested. If management were to completely remove the indefinite investment assertion on all foreign subsidiaries, the exposure to local withholding taxes would be less than \$9 million.

Joint venture cash and Aspire Defence project cash balances reflect the amounts held by joint venture entities that we consolidate for financial reporting purposes. These amounts are limited to those entities' activities and are not readily available for general corporate purposes; however, portions of such amounts may become available to us in the future should there be a distribution of dividends to the joint venture partners. We expect that the majority of the joint venture cash balances will be utilized for the corresponding joint venture purposes or for paying dividends.

As of July 4, 2025, substantially all of our excess cash was held in interest bearing operating accounts or short-term investment accounts with the primary objectives of preserving capital and maintaining liquidity.

Cash Flows

The following table summarizes our cash flows for the periods indicated:

	Six Months Ended	
	July 4, 2025	June 28, 2024
<i>Dollars in millions</i>		
Cash flows provided by operating activities - continuing operations	\$ 308	\$ 256
Cash flows (used in) provided by investing activities - continuing operations	(24)	19
Cash flows used in financing activities - continuing operations	(219)	(158)
Total cash flows from discontinued operations	(31)	(6)
Effect of exchange rate changes on cash	20	(1)
Increase in cash and cash equivalents	<u>\$ 54</u>	<u>\$ 110</u>

Operating Activities - continuing operations. Cash provided by operations totaled \$308 million and \$256 million for the six months ended July 4, 2025 and June 28, 2024, respectively, as compared to net income from continuing operations of \$227 million and \$200 million for the six months ended July 4, 2025 and June 28, 2024, respectively. Cash flows from operating activities result primarily from earnings and are affected by changes in operating assets and liabilities, which consist primarily of working capital balances for projects. Working capital levels vary from year to year and are primarily affected by our volume of work. These levels are also impacted by the mix, stage of completion and commercial terms of projects. Working capital requirements also vary by project depending on the type of client and location throughout the world.

During the six months ended July 4, 2025, cash flows increased primarily due to the resolution of an outstanding unapproved change order within our Mission Technology Solutions segment. Additionally, there were increases in distributions of earnings from unconsolidated affiliates and decreases in pension funding that resulted in additional operating cash flows. These increases were offset primarily by changes in the primary components of our working capital. The primary components of our working capital accounts are accounts receivable, contract assets, accounts payable and contract liabilities. These components are impacted by the size and changes in the mix of our cost-reimbursable and time-and-materials projects versus fixed price projects, and as a result, fluctuations in these components are not uncommon in our business.

Investing Activities - continuing operations. Cash used in investing activities totaled \$24 million for the six months ended July 4, 2025 primarily due to \$16 million of capital expenditures and \$11 million related to the acquisition of Infrastar Limited. This was offset by a return of equity method investment of \$3 million associated with a joint venture in our STS segment.

Cash provided by investing activities totaled \$19 million for the six months ended June 28, 2024. In 2024, we received a return of investment from JKC of approximately \$36 million related to our proportionate share of a tax refund. Additionally, we received \$6 million from the sale of our investment interest in a joint venture within our MTS segment. This was offset by \$24 million in capital expenditures.

Financing Activities - continuing operations. Cash used in financing activities totaled \$219 million for the six months ended July 4, 2025. The primary uses of cash in financing activities were \$323 million in payments on the Revolver, \$13 million in payments on our Term Loan A, \$5 million in payments on our Term Loan B, \$198 million for the repurchase of common stock under our share repurchase program, \$6 million for the repurchase of common stock under our "withhold to cover" program and \$41 million of dividend payments to common shareholders. These decreases were offset by \$373 million in borrowings on our Revolver.

Cash used in financing activities totaled \$158 million for the six months ended June 28, 2024. The primary uses of cash in financing activities were \$81 million of principal payments related to our Senior Credit Facility, \$13 million in payments on the Revolver, \$146 million for the repurchase of common stock under our share repurchase program and \$12 million for the repurchase of common stock under our "withhold to cover" program. Cash used in financing activities also included \$33 million payment for the settlement of warrants, \$39 million of dividend payments to common shareholders and \$16 million in debt issuance costs associated with Amendment No. 11 and No. 12 to our Credit Agreement for our Senior Credit Facility. These decreases were offset by \$168 million in borrowings on our Revolver and \$24 million in borrowings associated with Amendment No. 11 to our Credit Agreement.

Cash flows from discontinued operations. Cash flows from discontinued operations are associated with the disposal of HomeSafe. Cash used in operations totaled \$27 million for the six months ended July 4, 2025 and cash provided by operations totaled \$5 million for the six months ended June 28, 2024. Changes in HomeSafe's working capital accounts were the primary components of operating cash flows for the six months ended July 4, 2025 and June 28, 2024. Cash used in investing activities totaled \$12 million and \$11 million for the six months ended July 4, 2025 and June 28, 2024, respectively, which is related to capital expenditures. Cash provided by financing activities totaled \$8 million for the six months ended July 4, 2025 due to investments from the noncontrolling interest partner. See Note 17 "Discontinued Operations" for additional information.

Future sources of cash. We believe that future sources of cash include cash flows from operations (including accounts receivable monetization arrangements), cash derived from working capital management and cash borrowings under the Senior Credit Facility.

Future uses of cash. We believe that future uses of cash include working capital requirements, joint venture capital calls, capital expenditures, dividends, pension funding obligations, repayments of borrowings, share repurchases, legal settlements of any currently outstanding legal matter or any future legal proceeding and strategic investments including acquisitions, joint ventures and other business partnerships. Our capital expenditures will be focused primarily on facilities and equipment to support our businesses. In addition, we will use cash to make payments under leases and various other obligations, including potential litigation payments, as they arise.

Other factors potentially affecting liquidity

Ichthys LNG Project. As part of the settlement agreement between JKC and Ichthys LNG, Pty, Ltd (collectively, "the Parties") in October 2021, KBR's letters of credit were reduced to \$82 million from \$164 million. Additionally, as part of this settlement agreement, the Parties agreed to consult in good faith and to cooperate to seek maximum recovery from the insurance policies and paint manufacturer for the deterioration of paint and insulation on certain exterior areas of the plant. The Parties agreed to collectively pursue claims against the paint manufacturer and JKC has assigned claims under the insurance policy regarding the paint and insulation matters to the client. The parties have agreed that if, at the date of final resolution of the above proceedings and claims with respect to the paint and insulation matters, the recovered amount from the paint manufacturer and insurance claim is less than the stipulated ceiling amount in the settlement agreement, JKC will pay the client the difference between the stipulated ceiling amount and the recovered amount. JKC has provided for and continues to maintain a provision for this contingent liability.

U.K. pension obligation. We have recognized on our condensed consolidated balance sheets a funding surplus of \$115 million (calculated as the difference between the fair value of plan assets and the projected benefit obligation as of July 4, 2025) for our frozen U.K. defined benefit pension plan. The funding requirements for our U.K. pension plan are determined based on the U.K. Pensions Act 1995. Annual minimum funding requirements are based on a binding agreement with the Trustee of the U.K. pension plan that is negotiated on a triennial basis. This schedule of contributions will be reviewed by the Trustee and KBR no later than 15 months after the effective date of each actuarial valuation, due every three years. In 2024, the Trustee of the U.K. defined benefit pension plan commenced the triennial actuarial valuation of the plan which was finalized during the three months ended July 4, 2025. At this time, we do not anticipate contributing additional funding to this plan at least until the next triennial valuation occurs. In the future, pension funding may increase or decrease depending on changes in the levels of

interest rates, pension plan asset return performance and other factors. A significant increase in our funding requirements for the U.K. pension plan could result in a material adverse impact on our financial position.

Sales of Receivables. From time to time, we sell certain receivables to unrelated third-party financial institutions under various accounts receivable monetization programs. One such program is with MUFG under a Master Accounts Receivable Purchase Agreement, which provides the sale to MUFG of certain of our designated eligible receivables, with a significant portion of such receivables being owed by the U.S. government. We plan to continue to utilize these programs to ensure we have flexibility to meet our capital needs. Refer to Note 15 "Fair Value of Financial Instruments and Risk Management" to our condensed consolidated financial statements for further discussion on our sales of receivables.

Credit Agreement and Senior Credit Facility

Information relating to our Senior Credit Facility is described in Note 8 "Debt and Other Credit Facilities" to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q, and the information discussed therein is incorporated by reference into this Part I, Item 2.

Senior Notes

Information relating to our Senior Notes is described in Note 8 "Debt and Other Credit Facilities" to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q, and the information discussed therein is incorporated by reference into this Part I, Item 2.

Off-Balance Sheet Arrangements

Letters of credit, surety bonds and guarantees. In the ordinary course of business, we may enter into various arrangements providing financial or performance assurance to customers on behalf of certain consolidated and unconsolidated subsidiaries, joint ventures and other jointly executed contracts. Such off-balance sheet arrangements include letters of credit, surety bonds and corporate guarantees to support the creditworthiness or project execution commitments of these entities and typically have various expiration dates ranging from mechanical completion of the project being constructed to a period beyond completion in certain circumstances such as for warranties. We may also guarantee that a project, once completed, will achieve specified performance standards. If the project subsequently fails to meet guaranteed performance standards, we may incur additional costs, pay liquidated damages or be held responsible for the costs incurred by the client to achieve the required performance standards. The potential amount of future payments that we could be required to make under an outstanding performance arrangement is typically the remaining estimated cost of work to be performed by or on behalf of third parties. For cost reimbursable contracts, amounts that may become payable pursuant to guarantee provisions are normally recoverable from the client for work performed under the contract. For fixed-price contracts, the performance guarantee amount is the cost to complete the contracted work, less amounts remaining to be billed to the client under the contract. Remaining billable amounts could be greater or less than the cost to complete the project. If costs exceed the remaining amounts payable under the contract, we may have recourse to third parties, such as owners, subcontractors or vendors for claims.

In our joint venture arrangements, the liability of each partner is usually joint and several. This means that each joint venture partner may become liable for the entire risk of performance guarantees provided by each partner to the customer. Typically, each joint venture partner indemnifies the other partners for any liabilities incurred in excess of the liabilities the other party is obligated to bear under the respective joint venture agreement. We are unable to estimate the maximum potential amount of future payments that we could be required to make under outstanding performance guarantees related to joint venture projects due to a number of factors, including but not limited to, the nature and extent of any contractual defaults by our joint venture partners, resource availability, potential performance delays caused by the defaults, the location of the projects and the terms of the related contracts. See "Item 1A. Risk Factors" contained in Part I of our 2024 Annual Report on Form 10-K for information regarding our fixed-price contracts and operations through joint ventures and partnerships.

In certain limited circumstances, we enter into financial guarantees in the ordinary course of business, with financial institutions and other credit grantors, which generally obligate us to make payment in the event of a default by the borrower. These arrangements generally require the borrower to pledge collateral to support the fulfillment of the borrower's obligation. We account for both financial and performance guarantees at fair value at issuance in accordance with ASC 460-10 Guarantees and, as of July 4, 2025, we had no material guarantees of the work or obligations of third parties recorded.

As of July 4, 2025, we had a \$1 billion committed line of credit on the Revolver under our Senior Credit Facility and \$490 million of bilateral and uncommitted lines of credit. As of July 4, 2025, with respect to our Revolver, we had \$395 million of outstanding borrowings. We also have \$14 million of outstanding letters of credit on our Senior Credit Facility. With respect

to our \$490 million of bilateral and uncommitted lines of credit, we had utilized \$271 million for letters of credit as of July 4, 2025. The total remaining capacity of these committed and uncommitted lines of credit was approximately \$810 million as of July 4, 2025, all of which can be used toward issuing letters of credit. Information relating to our letters of credit is described in Note 8 "Debt and Other Credit Facilities" to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q and the information discussed therein is incorporated by reference into this Part I, Item 2. Other than discussed in this Quarterly Report on Form 10-Q, we have not engaged in any material off-balance sheet financing arrangements through special purpose entities.

Critical Accounting Policies and Estimates

There have been no material changes to our discussion of critical accounting policies and estimates from those set forth in our 2024 Annual Report on Form 10-K, for the year ended January 3, 2025, which discussion is incorporated herein by reference.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Cash and cash equivalents are deposited with major banks throughout the world. We invest excess cash and cash equivalents in short-term securities, primarily money market funds, which carry a fixed rate of return. We have not incurred any credit risk losses related to deposits of our cash and cash equivalents.

Foreign Currency Risk. Because of the global nature of our business, we are exposed to market risk associated with changes in foreign currency exchange rates. We have historically attempted to limit exposure to foreign currency fluctuations through provisions requiring the client to pay us in currencies corresponding to the currency in which cost is incurred. In addition to this natural hedge, we may use foreign exchange forward contracts and options to hedge material exposures when forecasted foreign currency revenues and costs are not denominated in the same currency and when efficient markets exist. These derivatives are generally designated as cash flow hedges and are carried at fair value.

We use derivative instruments, such as foreign exchange forward contracts, to hedge foreign currency risk related to non-functional currency assets and liabilities on our condensed consolidated balance sheets. We do not enter into derivative financial instruments for trading purposes or make speculative investments in foreign currencies. Each period, these balance sheet hedges are marked to market through earnings and the change in their fair value is largely offset by remeasurement of the underlying assets and liabilities. We recorded a net loss of \$5 million and \$2 million during the six months ended July 4, 2025 and June 28, 2024, respectively, in other non-operating expense on our condensed consolidated statements of operations. The fair value of these derivatives was not material to our condensed consolidated balance sheet as of July 4, 2025. Information relating to fair value measurements is described in Note 15 "Fair Value of Financial Instruments and Risk Management" to our condensed consolidated financial statements, which is incorporated by reference into this Item 3.

Interest Rate Risk. We are exposed to market risk for changes in interest rates for the Revolver and term loan borrowings under the Senior Credit Facility. We had \$395 million of borrowings issued under the Revolver as of July 4, 2025. Additionally, we had \$1,992 million outstanding under the term loan portions of the Senior Credit Facility as of July 4, 2025. Borrowings under the Senior Credit Facility bear interest at variable rates as described in Note 8 "Debt and Other Credit Facilities" to our condensed consolidated financial statements.

We use interest rate swaps to reduce interest rate risk and to manage net interest expense by converting our variable rate debt under our Senior Credit Facility into fixed-rate debt. During the six months ended July 4, 2025, we entered into additional interest rate swap agreements to term SOFR. The effective date of the April 2025 Forward Interest Rate Swaps is August 14, 2027.

Our portfolio of interest rate swaps consists of the following:

<i>Dollars in millions</i>	Notional Amount at July 4, 2025*	Pay Fixed Rate (Weighted Average)	Receive Variable Rate	Settlement and Termination
March 2020 Interest Rate Swaps	\$ 400	0.89 %	Term SOFR	Monthly through January 2027
September 2022 Interest Rate Swaps	\$ 350	3.43 %	Term SOFR	Monthly through January 2027
March 2023 Interest Rate Swaps	\$ 205	3.61 %	Term SOFR	Monthly through January 2027
March 2023 Amortizing Interest Rate Swaps	£ 107	3.81 %	Term SONIA	Monthly through November 2026
September 2024 Interest Rate Swaps	\$ 200	3.27 %	Term SOFR	Monthly through August 2027
April 2025 Interest Rate Swaps	\$ 270	3.39 %	Term SOFR	Monthly through August 2027
April 2025 Forward Interest Rate Swaps	\$ 150	3.38 %	Term SOFR	Monthly from August 2027 through December 2030

*Includes the April 2025 Forward Interest Rate Swaps that become effective August 14, 2027.

The swap agreements were designated as cash flow hedges at inception in accordance with ASC Topic 815 *Derivative and Hedging*. The fair value of the interest rate swaps at July 4, 2025 was a \$22 million net asset, of which \$17 million is included in other current assets, \$6 million is included in other assets and \$1 million is included in other liabilities. Information relating to our portfolio of interest rate swaps is described in Note 15 "Fair Value of Financial Instruments and Risk Management" to our condensed consolidated financial statements, which is incorporated by reference into this Item 3.

At July 4, 2025, we had fixed rate debt aggregating \$1,819 million and variable rate debt aggregating \$818 million, after taking into account the effects of the interest rate swaps that were effective at July 4, 2025. Our weighted average interest rate net of the impact from our swap agreements for the six months ended July 4, 2025 was 5.04%. If interest rates were to increase by 50 basis points, pre-tax interest expense would increase by approximately \$4 million in the next twelve months net of the impact from our swap agreements, based on outstanding borrowings as of July 4, 2025.

Item 4. Controls and Procedures

In accordance with Exchange Act Rules 13a-15 and 15d-15, we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of July 4, 2025, to provide reasonable assurance that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms. Our disclosure controls and procedures include controls and procedures designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

During the three months ended July 4, 2025, we implemented a new enterprise resource planning system in certain KBR regions and made changes to related internal controls. There have been no other changes in our internal control over financial reporting during the three months ended July 4, 2025 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Information relating to various commitments and contingencies is described in Notes 5, 10 and 11 to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q, and the information discussed therein is incorporated by reference into this Part II, Item 1.

Item 1A. Risk Factors

There are no material changes from the risk factors previously disclosed in Part I, Item 1A in our Annual Report on Form 10-K, which is incorporated herein by reference, for the year ended January 3, 2025.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On February 25, 2014, the Board of Directors authorized a plan to repurchase our outstanding shares of common stock, which replaced and terminated the August 26, 2011 share repurchase program. On February 20, 2025, the Board of Directors authorized \$454 million of share repurchases to be added to the prior authorizations, which increased the total amount authorized and available for repurchase under the share repurchase program to \$750 million. As of July 4, 2025, \$552 million remained available for repurchase under this authorization. The authorization does not obligate us to acquire any particular number of shares of common stock and may be commenced, suspended or discontinued without prior notice. The share repurchases are intended to be funded through our current and future cash flows and the authorization does not have an expiration date.

The following is a summary of share repurchases of our common stock during the three months ended July 4, 2025 and the amount available to be repurchased under the authorized share repurchase program:

Purchase Period	Total Shares Repurchased ⁽¹⁾	Average Price Paid per Share	Shares Repurchased as Part of Publicly Announced Plan	Dollar Value of Maximum Number of Shares that May Yet Be Purchased Under the Plan
April 5, 2025 - May 2, 2025	—	\$ —	—	\$ 600,060,197
May 3, 2025 - May 30, 2025	568,170	\$ 52.85	567,371	\$ 570,071,881
May 31, 2025 - July 4, 2025	345,130	\$ 52.50	342,685	\$ 552,079,064
Total	913,300	\$ 52.72	910,056	\$ 552,079,064

- (1) Included within the shares repurchased herein are 3,244 shares acquired from employees in connection with the income tax and related benefit withholding obligations arising from issuance of share-based equity awards under the KBR, Inc. 2006 Stock and Incentive Plan at an average price of \$51.95 per share.

Item 5. Other Information

During the three months ended July 4, 2025, none of our officers or directors adopted or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) under the Exchange Act or any “non-Rule 10b5-1 trading arrangement” as defined in Item 408(c) of SEC Regulation S-K.

Item 6. Exhibits

Exhibit Number	Description
3.1	<u>Amended and Restated Certificate of Incorporation of KBR, Inc. (incorporated by reference to Exhibit 3.1 to KBR's current report on Form 8-K filed May 19, 2025; File No. 001-33146)</u>
*31.1	<u>Certification of the Chief Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002</u>
*31.2	<u>Certification of the Chief Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002</u>

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized:

KBR, INC.

/s/ Mark W. Sopp

Mark W. Sopp
Executive Vice President and Chief Financial Officer

/s/ Shad E. Evans

Shad E. Evans
**Senior Vice President of Financial Operations and Interim
Chief Accounting Officer**

Dated: July 31, 2025

Dated: July 31, 2025

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO RULE 13A-14(A) AND RULE 15D-14(A) OF THE SECURITIES
EXCHANGE ACT OF 1934, AS AMENDED**

I, Stuart J. B. Bradie, certify that:

1. I have reviewed this quarterly report on Form 10-Q of KBR, Inc. (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant’s other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant’s other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant’s auditors and the audit committee of the registrant’s board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant’s internal control over financial reporting.

Date: July 31, 2025

Chief Executive Officer

**CERTIFICATION OF CHIEF FINANCIAL OFFICER PURSUANT TO RULE 13A-14(A) AND RULE 15D-14(A) OF THE SECURITIES
EXCHANGE ACT OF 1934, AS AMENDED**

I, Mark W. Sopp, certify that:

1. I have reviewed this quarterly report on Form 10-Q of KBR, Inc. (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant’s other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant’s other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant’s auditors and the audit committee of the registrant’s board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant’s internal control over financial reporting.
