### Public Storage Prices Public Offering of Euro-Denominated Senior Notes

**GLENDALE, Calif.** — Tom Boyle, Senior Vice President and Chief Financial Officer of Public Storage (NYSE:PSA, the “Company”), announced today that the Company has priced a public offering of €700 million aggregate principal amount of Senior Notes due 2030 (the “Notes”). The Notes will bear interest at an annual rate of 0.500%, will be issued at 99.388% of par value and will mature on September 9, 2030. Interest on the Notes is payable annually on September 9 of each year, commencing September 9, 2022. The offering is expected to close on September 9, 2021, subject to customary closing conditions. The Company expects to use the net proceeds to make investments in self-storage facilities and in entities that own self-storage facilities, for the development of self-storage facilities, and for general corporate purposes.

The issuance reflects continuing execution of Public Storage’s strategy to pair euro-denominated senior notes with its 35% common equity interest in Shurgard Self-Storage SA (Euronext Brussels:SHUR), which owned 243 self-storage facilities located in seven Western European nations at June 30, 2021. Since 2015, Public Storage has issued \$5.8 billion of unsecured notes at a 1.7% average rate to fund its strategic growth along with free cash flow.

Merrill Lynch International, Morgan Stanley & Co. International plc and UBS AG London Branch acted as joint book-running managers of the offering. This announcement shall not constitute an offer to sell or a solicitation of an offer to buy these securities nor shall there be any offer or sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.
