LendingClub Reports Second Quarter 2021 Results
Delivers Record Net Income on 93% Growth in Revenue
Raising Full Year Revenue Target by +45% with Net Income Guidance of \$25-\$35 Million for the Second Half of 2021

SAN FRANCISCO – July 28, 2021 – LendingClub Corporation (NYSE: LC), the parent company of LendingClub Bank, America’s leading digital marketplace bank, today announced financial results for the second quarter ended June 30, 2021.

“Our first full quarter operating a digital bank was the most profitable quarter in LendingClub’s history,” said Scott Sanborn, LendingClub’s CEO. “This is the beginning of a dramatically enhanced earnings trajectory for the business. Our transformation is fueled by our competitive advantages, which include our 3.5 million-plus members, deep data capabilities, marketplace model as well as our more efficient operating platform. Our earnings are being bolstered by our bank, which is generating a new stream of recurring net interest income that is only beginning to contribute to our bottom line results.”

Strong Revenue Growth and Accelerated Return to Profitability Reflects Effective Execution on Strategic Priorities.

- Total sequential revenue growth of 93%, reflecting growth in marketplace revenue and increased net interest income from the retained portfolio of consumer loans.
 - Marketplace revenue grew 86% sequentially, primarily reflecting 105% growth in origination fees and a 132% increase in gains on loan sales as loans sold through the marketplace doubled.
 - Net interest income grew 148% sequentially to \$45.9 million, as the bank’s loan portfolio (excluding PPP loans) grew 27% sequentially, propelled by growth in the consumer loan portfolio of 145% to \$795M.
 - Deposits grew to \$2.5 billion, helping fund growth in the bank’s loan portfolio.
- Sequential origination growth of 84% as we returned to market leadership and leveraged our expanded predictive science and credit decisioning capabilities, which drove a substantial increase in our end-to-end application conversion rate.
- Strong revenue growth and positive operating leverage drove record earnings and an accelerated return to profitability.
- Consolidated net income of \$9.4 million included \$56.7 million of notable items: \$34.6 million of Current Expected Credit Loss (CECL) provisioning which reduced reported earnings and reflects rapid growth in the bank’s loan portfolio, \$19.6 million of net revenue deferrals on retained loans, and \$2.5 million of non-recurring expenses.
- Entered into a settlement agreement with the Federal Trade Commission (FTC), which concludes the agency’s previously disclosed investigation and litigation. Pursuant to the terms of the settlement, LendingClub will make an \$18 million payment for consumer remediation, an amount already accrued for in prior periods.

SUPPLEMENTAL FINANCIAL INFORMATION

(In thousands)
(Unaudited)

The following table is provided to delineate between the assets and liabilities belonging to our member payment dependent self-directed retail program (Retail Program) note holders and certain VIEs that we are required to consolidate in accordance with GAAP. Such assets are not legally ours and the associated liabilities are payable only from the cash flows generated by those assets (i.e. Pass-throughs). As such, these debt holders do not have a secured interest in any other assets of LendingClub. We believe this is a useful measure because it illustrates the overall financial stability and operating leverage of the Company.

⁽¹⁾ Represents loans held for investment at fair value that are funded directly by our Retail Program notes. The liabilities are only payable from the cash flows generated by the associated assets. We do not assume principal or interest rate risk on loans facilitated through our lending marketplace that are funded by our Retail Program because loan balances, interest rates and maturities are matched and offset by an equal balance of notes with the exact same interest rates and maturities. We do not retain any economic interests from our Retail Program. Interest expense on Retail Program notes of \$33.2 million and \$53.8 million was equally matched and offset by interest income from the related loans of \$33.2 million and \$53.8 million for the first halves of 2021 and 2020, respectively, resulting in no net effect on our net interest income.

⁽²⁾ Represents assets and equal and offsetting liabilities of certain VIEs that we are required to consolidate in accordance with GAAP, but which are not legally ours. The liabilities are only payable from the cash flows generated by the associated assets. The creditors of the VIEs have no recourse to the general credit of the Company. Interest expense on these liabilities owned by third parties of \$9.0 million and \$20.6 million was equally matched and offset by interest income on the loans of \$9.0 million and \$20.6 million for the first halves of 2021 and 2020, respectively, resulting in no net effect on our net interest income. Economic interests held by LendingClub, including retained interests, residuals and equity of the VIEs, are reflected in "Loans held for sale," "Other loans held for investment at fair value" and

“Restricted cash,” respectively, within the “All Other LendingClub” column.

- (3) Represents all other assets and liabilities of LendingClub, other than those related to our Retail Program and certain consolidated VIEs, but includes any economic interests held by LendingClub, including retained interests, residuals and equity of those consolidated VIEs.
- (4) The Company has sponsored Structured Program transactions that have been consolidated, resulting in an increase to “Other loans held for investment at fair value,” “Loans held for sale” and the related “Payable on Structured Program borrowings.”
