**Item 2.02. Results of Operations and Financial Condition.**

As further described below, the Company (as defined below) estimates it will incur \$1.3 - \$1.6 billion of pre-tax restructuring charges in Q3 2022.

**Item 2.05. Costs Associated with Exit or Disposal Activities**

As previously announced, on April 8, 2022, Warner Bros. Discovery Inc. (the "Company"), formerly known as Discovery Inc., completed its acquisition of the WarnerMedia business of AT&T Inc. In connection with the completion of the acquisition, management has announced and has taken actions to implement projects to achieve significant cost synergies for the Company.

As part of its plan to achieve significant cost synergies, in Q3 2022, the Company finalized the framework supporting its ongoing restructuring and transformation initiatives which will include, among other things, strategic content programming assessments, organization restructuring, facility consolidation activities and other contract termination costs.

The Company estimates it will incur approximately \$3.2 – \$4.3 billion in pre-tax restructuring charges comprised of:

- Strategic content programming assessments, leading to content impairment and development write-offs, of approximately \$2.0 – \$2.5 billion;
- Organization restructuring costs, including severance, retention, relocation, and other related costs: \$800 million – \$1.1 billion; and
- Facility consolidation activities and other contract termination costs: \$400 – \$700 million.

Of the total amounts above, the estimated cash expenditures from the organization restructuring, facility consolidation activities and other contract termination costs will be in the range of approximately \$1.0 – \$1.5 billion.

The Company incurred \$1.0 billion of pre-tax restructuring charges in Q2 2022 and estimates \$1.3 – \$1.6 billion of additional pre-tax restructuring charges, primarily attributable to content, in Q3 2022. While the Company's restructuring efforts are ongoing, including the strategic analysis of content programming which could result in additional impairments above the estimate provided above, the restructuring initiatives are expected to be substantially completed by the end of 2024.

The Company intends to treat charges related to restructuring initiatives as items impacting comparability of results. The estimated charges and costs noted above are subject to a number of assumptions. Actual results may differ materially as a result of various important factors, including the risks and uncertainties described under the heading "Cautionary Note Regarding Forward-Looking Statements" below.

**Cautionary Note Regarding Forward-Looking Statements**
