Explanatory Note

This Amendment No. 1 amends the Current Report on Form 8-K filed by First American Financial Corporation (the “Company”) with the Securities and Exchange Commission on December 22, 2023 (the “Original Report”).

Item 1.05 Material Cybersecurity Incidents.

As disclosed in the Original Report, the Company recently identified unauthorized activity on certain of its information technology systems. Upon detection of the unauthorized activity, the Company took steps in an effort to contain, assess and remediate the incident. On December 20, 2023, the Company elected to isolate systems from the Internet. The Company has retained leading experts, worked with law enforcement and notified certain regulatory authorities.

As of the date of this filing, the Company believes it has contained the incident. The Company is in the process of restoring access to its systems and resuming normal business operations.

Though the incident is still under investigation, the Company believes the perpetrator of the activity accessed certain Company systems, exfiltrated data and encrypted data on certain non-production systems.

The Company continues to assess whether the incident will have a material impact on the Company’s financial condition or results of operations, which at this point cannot be determined.
