The board of directors recommends a vote **FOR** each nominee.

# FISCAL 2021 BUSINESS AND FINANCIAL HIGHLIGHTS

We made continued progress on our key company initiatives in our fiscal year ended January 31, 2021 (**fiscal 2021**).

We are fundamentally **changing the expectations for data and storage management** -- enabling code-based, real-time access to resilient hybrid cloud data storage for IT, Developers and DevOps alike, and automating sophisticated data management operations.

Our highlights for fiscal 2021 include:

- **Leader in the Gartner Magic Quadrant for Primary Storage Arrays:** Pure was named the clear leader, positioned highest on the ability to execute axis and furthest on the completeness of vision axis in the 2020 Gartner Magic Quadrant.
- **Strong Subscription Services Momentum:** Pure delivers true flexible storage consumption, a cloud experience on-prem, provides an easy path to move data to the cloud, and aligns spend with actual consumption. In Q4, Pure expanded the *Pure as-a-Service* offering with a new Service Catalog aimed at revolutionizing the industry by publishing transparent pricing for on-prem and hybrid cloud storage delivered as-a-Service, providing a seamless purchasing model for customers.
- **Market-Leading Portfolio Innovation:** Pure continued its pace of innovation across the portfolio to enable new use cases and render hybrid-disk arrays obsolete. Among this year's new offerings, Pure expanded the industry-defining unified, fast file and object *FlashBlade* with scale-out native SMB support and the industry's first all-QLC solution with the third generation *FlashArray//C*. Both products achieved consecutive record sales quarters in fiscal 2021.
- **Extending Kubernetes Market Leadership with Portworx:** With Portworx fully integrated into Pure, the company delivers the industry's most complete Kubernetes Data Services Platform, supporting cloud native applications on any infrastructure, on-prem or in-cloud. In Q4, we saw significant growth of in-cloud deployments of Portworx and traction through the IBM partnership both in-cloud and on-prem via our best-in-class support for Red Hat OpenShift. Portworx was named a leader in the GigaOm Radar for Data Storage for Kubernetes and for Kubernetes Data Protection.

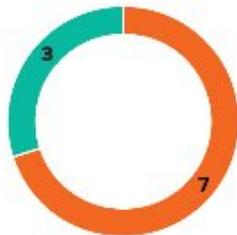

Looking forward, we plan to continue to (i) invest in product innovation and technology leadership and enhance our flash-optimized software and hardware portfolio, (ii) lead the market and expand our as-a-Service and subscriptions offerings, and (iii) grow our base of customers, including large customers, by promoting our platform, increasing our investment in sales and marketing and leveraging our network of channel partners.

## EXECUTIVE COMPENSATION HIGHLIGHTS

In fiscal 2021, our executives and compensation committee faced a great deal of uncertainty in the market for data storage solutions and in the macro environment due to the COVID-19 pandemic. Our compensation committee reviewed our executive compensation program in the context of that uncertainty and still maintained our “pay for performance” philosophy.

Fiscal 2021 bonus awards relied on a customer satisfaction metric and a new relative growth metric developed specifically for the fiscal 2021 environment, and fiscal 2021 equity awards were 100% performance-based awards, based on the new relative growth metric. These equity awards are further subject to time-based vesting over a multi-year period. Our program balanced our corporate performance objectives against our need to incentivize and reward our executives in the face of substantial uncertainty. Pure delivered great strength and growth in the face of the COVID-19 pandemic, maintaining year-over-year growth in a declining market, and emerging as a company prepared for accelerated growth and market share gains. Details of these awards, the performance metrics and payouts are discussed in detail in the section titled “Compensation Discussion and Analysis” below.

## OUR EXECUTIVE COMPENSATION PRACTICES

Our executive compensation policies and practices reinforce our “pay for performance” philosophy and ensure that compensation is meaningfully tied to the creation of long-term stockholder value. Listed below are highlights of our compensation policies and practices:

### ✓ WHAT WE DO

- Performance-based cash and equity incentives
- Caps on performance-based cash and equity incentive compensation
- 100% independent directors on our compensation committee
- Independent compensation consultant engaged by our compensation committee
- Annual review and approval of our compensation strategy
- Significant portion of executive compensation based on corporate metrics
- Three-year equity award vesting period in addition to performance requirements
- Stock ownership guidelines
- Policy regarding incentive compensation clawback

### ✗ WHAT WE DON'T DO

- No “single trigger” change of control payments or benefits
- No post-termination retirement or pension-type non-cash benefits
- No prerequisites other than those available to our employees generally
- No tax gross-ups for change of control payments or benefits

## OUR FISCAL 2021 EXECUTIVE OFFICER PAY

The chart below shows the pay mix of our Chief Executive Officer and the components of Chief Executive Officer pay for fiscal 2021 (based on the values reported in the Summary Compensation Table). This chart illustrates the predominance of at-risk and performance-based components in our executive compensation program. Our other executive officers have pay packages that are similarly weighted toward performance-based components. We believe these components provide a compensation package that helps attract and retain qualified individuals, focuses the efforts of our executive officers on the achievement of both our short-term and long-term objectives and aligns the interests of our executive officers with those of our stockholders.

PROPOSAL 1

## ELECTION OF DIRECTORS

Our board of directors recommends a vote **FOR** all Class III director nominees.

Our board of directors currently consists of ten members. Our board is divided into the three classes with each class serving staggered three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election until the third annual meeting following the election. Any directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

Jeff Rothschild, Anita Sands and Susan Taylor are currently directors of Pure and have been nominated to continue to serve as Class III directors. Each of these nominees has agreed to stand for reelection at the meeting. Our management has no reason to believe that any nominee will be unable to serve. If elected at the meeting, each of these nominees would serve until the annual meeting of stockholders to be held in 2024 and until his or her successor has been duly elected, or if sooner, until the director's death, resignation or removal. Mark Garrett notified Pure of his intention to step down from Pure's board of directors by the end of calendar year 2021 in order to focus on other commitments.

Our nominating and corporate governance committee seeks to assemble a board of directors that, as a whole, possesses the appropriate balance of professional and industry knowledge, financial expertise and high-level management experience necessary to oversee and direct our business. To that end, the committee has identified and evaluated nominees in the broader context of our board's overall composition, with the goal of recruiting members who complement and strengthen the skills of other members and who also exhibit integrity, collegiality, sound business judgment and other qualities deemed critical to the effective functioning of our board of directors.

## VOTE REQUIRED

Directors are elected by a plurality of the votes of the holders of shares present at the meeting or represented by proxy and entitled to vote on the election of directors. Accordingly, the three nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named above. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by our nominating and corporate governance committee.

## DIRECTOR NOMINATION AND BOARD REFRESHMENT PROCESS

In evaluating candidates for our board, our nominating and corporate governance committee considers such factors as possessing relevant expertise to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the company, having the ability to read and understand basic financial statements, demonstrated commitment to the highest personal integrity and ethics, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of our stockholders. These qualifications may be modified from time to time. The committee also considers diversity, age, skills and such other factors as it deems appropriate, given the current needs of our board of directors and the company, to maintain a balance of knowledge, experience and capability. The committee takes into account the current composition of our board of directors, the operating requirements of the company and the long-term interests of stockholders.

In the case of incumbent directors whose terms of office are set to expire, our nominating and corporate governance committee will review the directors' prior service to us, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, our nominating and corporate governance committee also evaluates whether the nominee is independent for NYSE purposes, based upon applicable NYSE listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. Our nominating and corporate governance committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of our board of directors. Our nominating and corporate governance committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to our board of directors.

Our nominating and corporate governance committee intends to evaluate director candidates recommended by stockholders based on the factors and qualifications discussed above, though it has not implemented a formal policy regarding such process. Our board believes that it is appropriate that the nominating and corporate governance committee does not have such a policy because it reviews all candidates in the same manner regardless of the source of the recommendation. The committee may implement a formal policy regarding consideration of director candidates recommended by stockholders in the future.

Below is a summary of the primary skills, experience and qualifications that our directors bring to our board of directors:

- Executive leadership
- Technology expertise
- Sales and marketing experience
- Finance and accounting expertise
- Operational experience
- Experience in the enterprise IT industry

Our board of directors believes that rotation of directors is integral to an effective governance structure. Moreover, rotation brings diverse viewpoints and new perspectives, a variety of skills and professional experiences, which are important components of governance and promoting the long-term interests of stockholders. In identifying board candidates, our board of directors seeks candidates with diverse backgrounds and believes that a greater breadth of personal and professional experience improves the quality of decision making and enhances business performance.

Our board of directors has a balance of new and continuing directors, with an average tenure of approximately 4.8 years as of April 30, 2021.

# BOARD OF DIRECTORS ROLE AND RESPONSIBILITIES

## RISK OVERSIGHT

Our board of directors oversees an enterprise-wide approach to risk management designed to support the achievement of organizational objectives, including strategic objectives, improve long-term organizational performance, and enhance stockholder value. A fundamental part of risk management is not only understanding the most significant risks a company faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for a given company. The involvement of our full board of directors in reviewing our business is an integral aspect of its assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk.

Beginning in the first quarter of fiscal 2021, our board of directors has received and considered regular updates from our management team on the COVID-19 pandemic as part of its oversight of the company and its business.

Our **audit committee** has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. Our audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function.

Our **nominating and corporate governance committee** monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

At periodic meetings of our board of directors and its committees, management reports to and seeks guidance from our board and its committees with respect to the most significant risks that could affect our business, such as legal, cyber-security, financial, tax and audit-related risks. Management provides our audit committee periodic reports on our compliance programs and investment policy and practices.

## COMPENSATION RISK ASSESSMENT

Our compensation committee assesses and monitors whether any of our compensation policies, practices and programs has the potential to encourage excessive risk-taking. Based on that review, we have concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on our company for the following reasons:

- Our equity awards for senior executive officers have both performance vesting criteria, as well as time-based vesting criteria, which balances competing short-term and long-term incentives;
- Our equity awards are full value awards and are granted on an annual basis with long-term, overlapping vesting periods to motivate recipients to focus on sustained stock price appreciation;
- Our performance equity and bonus awards contain a cap on maximum payout;
- Our compensation committee has retained an independent compensation consultant to provide objective advice on matters related to the compensation of our executive officers and non-employee directors; and
- Our compensation committee annually reviews competitive benchmarking data in setting pay mix, targets and long-term incentive elements for our executive officers' packages.

## COMPLIANCE AND ETHICS

We pride ourselves on our culture and our company values. We strive to embody these values in everything we do. Just as important are our underlying common principles of Integrity, Honesty and Respect for Others—these truly define us and are at the heart of our code of conduct, which applies to all of our directors, officers and employees. Our code of conduct goes beyond merely fulfilling legal requirements—at Pure, conduct counts.

All of our employees are required to complete training courses on our code of conduct and acknowledge and certify compliance with our code of conduct and other key policies on an annual basis. In addition, we conduct mandatory trainings to address compliance risks associated with specific roles in our company. We also maintain an ethics hotline where employees and third-parties can anonymously report any concerns about possible violations of our code. We thoroughly investigate any information we receive through the hotline or otherwise and take appropriate remedial action when necessary. Conduct counts for our business partners as well. We conduct due diligence on new partners and vendors to

## PROPOSAL 1 - ELECTION OF DIRECTORS

confirm compliance with relevant laws. Our business partners are expected to comply with our partner code of conduct and we conduct periodic audits to confirm that our code is followed in practice. We plan to disclose future amendments to certain provisions of our code of conduct, or waivers of such provisions applicable to any principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and our directors, on our website.

Our board of directors has also adopted a set of guidelines that establish the corporate governance policies pursuant to which our board of directors intends to conduct its oversight of the business of the company in accordance with its fiduciary responsibilities. Our code of conduct, applicable waivers thereof, and our corporate governance guidelines are available in the “Corporate Governance” section of our investor relations website at [investor.purestorage.com](http://investor.purestorage.com).

## CORPORATE SOCIAL RESPONSIBILITY

Pure launched our Corporate Social Responsibility (CSR) program alongside our initial public offering in 2015. Our CSR commitment extends beyond our technology and focuses on issues that align with our business strategy, including community involvement where our employees are located, improving our environmental impact, and our efforts around Inclusion, Diversity & Belonging.

### PHILANTHROPY & VOLUNTEERISM

When the COVID-19 pandemic hit in early 2020, Pure knew it was important to provide resources to assist our communities as quickly as possible. In conjunction with our established partnerships and with COVID consortiums, we were able to respond quickly by providing over \$250,000 to various organizations, including the Silicon Valley Community Foundation COVID-19 Relief Fund, the Second Harvest Food Bank and the UN Foundation COVID-19 Relief Fund.

### WORKFORCE DEVELOPMENT

In 2020, Pure Good created its Workforce Development Initiative, combining our incredible corporate culture, our ongoing dedication to increase our employee diversity, and our company goals and values. Through this initiative, Pure Good has donated \$1 million to global nonprofit organizations in the workforce development field with the following three primary goals:

1. To help employee 500 individuals from non-traditional backgrounds and/or minority populations globally in sustainable, living-wage paying jobs;
2. To engage 100% of our employees to help achieve this outcome; and
3. To form relationships with extraordinary global nonprofit organizations that will increase the diversity of our talent pipeline.

### ENVIRONMENT

Helping to reduce carbon and ensure a sustainable environment is at the core of what we do and is evident from our efficient products to our efforts to eliminate waste and to compost and recycle in our offices.

We work to ensure an ethical supply chain in the production of our industry-leading products. We are members of the Responsible Business Alliance and abide by their principles and code of conduct. In addition, we consider the effect on the planet of our products from production to installation to end of life. Examples of this are visible in our transition to renewable energy in 50% of our data centers and our program to donate all used, good condition electronics to non-profits.

Our differentiated and efficient products inherently empower our customers through green technology that supports their sustainability goals. Since we started offering our products, we have helped our customers to substantially reduce the power and space used in their IT operations by abandoning legacy disk-based and hybrid storage products. While the dollar savings for our customers are estimated to exceed \$2 billion, the sustainability aspects of our products are equally inspiring, resulting in substantial reductions in space and power usage for customers.

In addition, Pure Good has donated over \$100,000 to One Tree Planted over the past year to plant trees and help with reforestation efforts around the world.

## INCLUSION, DIVERSITY & BELONGING

Our goal is to embed inclusive practices into all key talent processes, engaging our leaders and employees as role models and drivers of equality and continuing to make sure our culture remains open to new voices and thoughts.

Our continued ability to innovate requires hiring and supporting talented individuals offering their best ideas so we are focused on embedding practices of equality and inclusion in everything we do. For us, equality is not a separate function – it is essential to our success.

Pure Equality ensures we are a diverse and inclusive company providing equal opportunity for all to thrive, contribute, and innovate. We celebrate diversity and inclusion at Pure through Pure Equality organizations for women, LGBTQ+, young professionals, individuals of color, veterans, and employees with differing abilities. We have recently hired a Head of Diversity, Inclusion & Belonging to help us uplevel and formalize our work in this area. In addition, we work with several non-profit partners to drive pipeline growth in diverse populations and are partnering with Year Up to hire interns at Pure.

## COMMUNICATIONS WITH OUR BOARD OF DIRECTORS

Stockholders or interested parties who wish to communicate with our board of directors or with an individual director may do so by mail to our board of directors or the individual director, care of our Secretary at 650 Castro Street, Mountain View, California 94041. The communication should indicate that it contains a stockholder or interested party communication. All such communication will be forwarded to the director or directors to whom the communication is addressed. If no particular director is named, letters will be forwarded, depending upon the subject matter, to the Chair of the audit, compensation, or nominating and corporate governance committee, as applicable.

# BOARD STRUCTURE AND PROCESSES

## BOARD LEADERSHIP

Mr. Giancarlo serves as Chairman of our board of directors and Dr. Dietzen serves as Vice Chairman of our board of directors. Our board of directors does not have a lead independent director. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from the extensive executive leadership and operational experience of Mr. Giancarlo and Dr. Dietzen. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while Dr. Dietzen and Mr. Giancarlo bring company-specific experience and expertise.

## DIRECTOR INDEPENDENCE

Our common stock is listed on the New York Stock Exchange (**NYSE**). Under the listing requirements and rules of the NYSE, independent directors must comprise a majority of our board of directors.

Our board of directors has undertaken a review of its composition, the composition of its committees and the independence of each director. Our board of directors has determined that Dr. Sands, Mses. S. Taylor and R. Taylor, and Messrs. Brown, Garrett, Rothschild and Tomb do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of the NYSE. Dr. Dietzen and Messrs. Colgrove and Giancarlo are not independent due to their status as our current or former executive officers.

Accordingly, a majority of our directors are independent, as required under applicable NYSE rules. In making this determination, our board of directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence.

## EXECUTIVE SESSIONS OF DIRECTORS

In order to promote open discussion among non-management directors, and as required under applicable NYSE rules, our board of directors has a policy of conducting executive sessions of non-management directors during each regularly scheduled board meeting and at such other times if requested by a non-management director. The non-management directors provide feedback to executive management, as needed, promptly after the executive session. Neither Mr. Giancarlo nor Mr. Colgrove participates in such sessions. In addition, we hold executive sessions including only independent directors at least once a year. The presiding director at each executive session is chosen by the directors present at that meeting.

## BOARD COMMITTEES

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our board of directors may establish other committees to facilitate the management of our business. Copies of the charters of each committee are available in the “Corporate Governance” section of our investor relations website at [investor.purestorage.com](http://investor.purestorage.com). Members serve on these committees until their resignation or until otherwise determined by our board of directors. The composition and functions of each committee are described below.

## CORPORATE GOVERNANCE BEST PRACTICES

We are committed to maintain a set of robust corporate governance practices, as well as continuous improvement of those practices, in order to maintain and enhance independent oversight and align our governance with our strategic objectives. These practices include the following:

✓ We have meaningful stock ownership guidelines which our executive officers and directors are required to meet within five years of becoming subject to them.	✓ Our board of directors is committed to diversity. <b>30% of our board is composed of women.</b>
✓ All of our committees are composed entirely of independent directors.	✓ Our board of directors is committed to periodic renewal and rotation. We added a <b>new independent director</b> during fiscal 2021, keeping our <b>average board tenure</b> below <b>5 years</b> .
✓ Independent directors meet in executive session periodically without management present.	✓ We have a clawback policy which allows us to recoup incentive compensation in certain circumstances.
✓ <b>7 of 10</b> directors are independent.	

## BOARD AND COMMITTEE MEETINGS AND ATTENDANCE

Our board of directors is responsible for the oversight of management and the strategy of our company and for establishing corporate policies. Our board of directors meets periodically during the year to review significant developments affecting us and to act on matters requiring the approval of our board of directors. Our board of directors met four times during our last fiscal year. During our last fiscal year, each director attended 75% or more of the aggregate of the meetings of our board of directors and of the committees on which he or she served.

We encourage our directors and nominees for director to attend our annual meeting of stockholders, and nine of our directors attended our annual meeting of stockholders in 2020.

## BOARD EVALUATIONS AND EDUCATION

Our nominating and corporate governance committee oversees the board evaluation process. For fiscal 2021, our chief legal officer interviewed all of our directors and members of the executive team to gather feedback on directors, committees and our board of directors in general. Directors responded to questions designed to elicit information to be used in improving the effectiveness of our board of directors. Our chief legal officer synthesized the results and comments received during such interviews. At subsequent meetings, Dr. Sands, in conjunction with our chief legal officer, presented the findings to the nominating and corporate governance committee and our board of directors.

We encourage directors to participate in continuing education programs focused on our business and industry, committee roles and responsibilities and legal and ethical responsibilities of directors, and we will reimburse directors for their expenses associated with this participation. We also encourage our directors to attend company events such as our annual company kick-off event and our user conference.

In addition, we have entered into an indemnification agreement with each of our directors and executive officers, which requires us to indemnify them.

Any request for us to enter into a transaction with an executive officer, director, principal stockholder or any of their immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our audit committee for review, consideration and approval. ## DIRECTOR COMPENSATION

Pursuant to this program, each member of our board of directors who is not our employee receives the cash and equity compensation for board service described below. We also reimburse our non-employee directors for reasonable out-of-pocket expenses incurred in connection with attending board of directors and committee meetings.

## PROPOSAL 2

**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our board of directors recommends a vote **FOR** the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 6, 2022.

Our board of directors has selected Deloitte & Touche LLP (**Deloitte & Touche**) as our independent registered public accounting firm for the fiscal year ending February 6, 2022 and has further directed that management submit this selection for ratification by the stockholders. Deloitte & Touche has served as our independent registered public accounting firm for the past eight fiscal years. Representatives of Deloitte & Touche are expected to be present during the meeting where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Our board of directors is submitting this selection as a matter of good corporate governance and because we value our stockholders' views on our independent registered public accounting firm. Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of our independent registered public accounting firm. If the stockholders fail to ratify this selection, our board of directors will reconsider whether or not to retain that firm. Even if the selection is ratified, our board of directors may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the company and its stockholders.

**VOTE REQUIRED**

An affirmative vote from the holders of a majority in voting power of the shares present at the meeting or represented by proxy and entitled to vote on the proposal will be required to ratify the selection of Deloitte & Touche.

**PRINCIPAL ACCOUNTING FEES AND SERVICES**

The following table provides the aggregate fees for services provided by Deloitte & Touche for the fiscal years ended January 31, 2021 and February 2, 2020.

## PRE-APPROVAL POLICIES AND PROCEDURES

Consistent with the requirements of the SEC and the Public Company Accounting Oversight Board regarding auditor independence, the audit committee has responsibility for appointing, setting compensation, and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the audit committee has a practice of, and has adopted a policy and procedures for, the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm, Deloitte & Touche. The audit committee generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the audit committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the audit committee's members, but the decision must be reported to the full audit committee at its next scheduled meeting.

All of the services provided by Deloitte & Touche for our fiscal years ended January 31, 2021 and February 2, 2020, as described in the "Principal Accountant Fees and Services" table above, were pre-approved by the audit committee or our board of directors. Our audit committee has determined that the rendering of services other than audit services by Deloitte & Touche is compatible with maintaining the principal accountant's independence.

## AUDIT COMMITTEE REPORT

PROPOSAL 3

**ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION**

Our board of directors recommends a vote **FOR** the approval of the compensation of our named executive officers as described in this proxy statement.

We are seeking approval, on an advisory basis, of the compensation of our named executive officers for the fiscal year ended January 31, 2021, as described in this proxy statement below in the sections titled “Compensation Discussion and Analysis” and “Executive Compensation.” This vote is not intended to address any specific item of compensation and is rather intended to address the overall compensation of our named executive officers and the policies and practices as described in this proxy statement.

Our compensation programs are overseen by our compensation committee and reflect our general compensation philosophy for all employees, including our executive officers. Our executive compensation program is designed to attract, motivate, reward and retain highly qualified executives and motivate them to pursue our corporate objectives while encouraging the creation of long-term value for our stockholders. We evaluate and reward our executive officers through compensation intended to motivate them to identify and capitalize on opportunities to grow our business and maximize stockholder value over time.

We strive to provide an executive compensation program that is market competitive, rewards achievement of our business objectives and is designed to provide a foundation of fixed compensation (base salary) and a significant portion of performance-based compensation (short-term and long-term incentives) that are intended to align the interests of our executive officers with those of our stockholders. COVID-19 significantly impacted our executive compensation program for fiscal 2021. Our compensation committee designed our executive compensation program with a focus on incentivizing company performance in the face of uncertain market dynamics and driving the key priorities to allow the company to emerge stronger following the COVID-19 pandemic. The committee aimed to tie the majority of our named executive officers’ compensation to key performance measures appropriate for the COVID-19 economic environment.

This vote is advisory and therefore not binding on the company or on our board of directors. Our board of directors and its committees value the opinions of our stockholders and to the extent there is any significant vote against the executive compensation described in this proxy statement, our compensation committee will consider the impact of such vote on our compensation policies and decisions. Our stockholders have recommended, and our Board has approved, a frequency of each year for advisory votes on executive compensation. Accordingly, the next scheduled Say-on-Pay vote will be at our 2022 Annual Meeting of Stockholders.

**VOTE REQUIRED**

An affirmative vote from holders of a majority in voting power of the shares present at the meeting or represented by proxy and entitled to vote on the proposal will be required to approve the compensation of our named executive officers for the fiscal year ended January 31, 2021.

**COMPENSATION COMMITTEE REPORT**

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the compensation committee recommended to the Pure board of directors that the section titled “Compensation Discussion and Analysis” be incorporated by reference in Pure’s Annual Report on Form 10-K for fiscal 2021 and included in this proxy statement.

# COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides an overview of the material elements of our executive compensation program during fiscal 2021 for our “named executive officers,” whose compensation is set forth in the Summary Compensation Table and other compensation tables contained in this proxy statement. This section discusses our executive compensation philosophy, objectives and design; how and why our compensation committee arrived at the specific compensation policies and decisions during fiscal 2021, specifically in the face of market uncertainty and shifting priorities driven by the COVID-19 pandemic; the role of our compensation committee’s compensation consultant; and the compensation peer group used in evaluating our executive compensation program. This section discusses the executive compensation-setting process in the first half of fiscal 2021, as well as an executive transition in late fiscal 2021 and final payout determinations following the end of fiscal 2021.

## EXECUTIVE SUMMARY

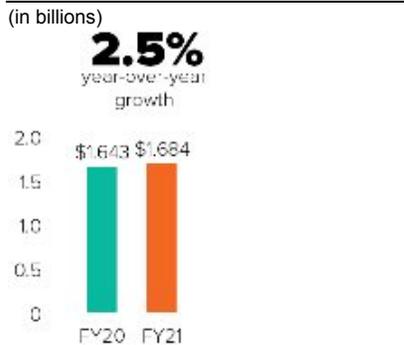

COVID-19 significantly impacted our executive compensation program for fiscal 2021. Our compensation committee designed our executive compensation program with a focus on incentivizing company performance in the face of uncertain market dynamics and driving the key priorities to allow the company to emerge stronger following the COVID-19 pandemic. The committee aimed to tie the majority of our named executive officers’ compensation to key performance measures appropriate for the COVID-19 economic environment. Specifically, in addition to a base salary, our named executive officers’ target total direct compensation included annual short-term and long-term incentives that are based on our attainment of key business objectives. For fiscal 2021, our cash bonuses were dependent on both a third-party certified customer satisfaction measure and a metric designed to measure Pure’s revenue growth relative to the storage revenue growth of three major competitors, which we will call a “relative growth metric.” Our equity awards were dependent on our relative growth metric. These performance measures were selected to address the uncertainty of the COVID-19 environment, and in each case, our compensation committee reserved flexibility to evaluate additional factors that it deemed critical for the company’s short-term and long-term success.

## FISCAL 2021 BUSINESS AND FINANCIAL HIGHLIGHTS

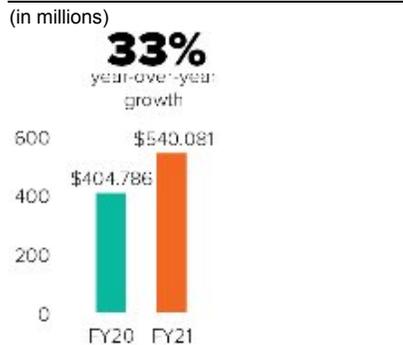

In fiscal 2021, we faced significant headwinds due to the COVID-19 pandemic’s impact on economic conditions globally. While we started our year in February 2020 with expectations that Pure’s revenue would grow by double digits, COVID-19 had an unprecedented and initially inestimable effect on our customers and our industry as a whole. By the end of March 2020, we had closed our offices and discontinued in-person internal and external events as the result of the COVID-19 pandemic. By May 2020, we had withdrawn our annual guidance due to the global economic contraction and uncertainty.

Despite the negative impact of the COVID-19 pandemic, we achieved significant financial and business results in fiscal 2021, including:

### REVENUE GROWTH IN COVID-19 YEAR

### HIGH SUBSCRIPTION SERVICES GROWTH

- ✓ We improved our Net Promoter Score (NPS) to 83.5.
- ✓ We added over 1,000 new customers during the fiscal year.
- ✓ We successfully acquired and integrated Portworx to deliver the industry’s most complete Kubernetes Data Services Platform.
- ✓ We ended the year with a stronger portfolio, with record sales in our *Pure as-a-Service*, *FlashBlade*, *FlashArray//C* and Portworx offerings.

## FISCAL 2021 EXECUTIVE COMPENSATION HIGHLIGHTS

In fiscal 2021, the key highlights of our executive compensation program included:

UPDATED PEER GROUP	BASE SALARY AND BONUS TARGETS	BONUS BASED ON PERFORMANCE	EQUITY BASED ON PERFORMANCE
<p>We updated our compensation peer group to ensure our executive compensation is comparable and competitive relative to similar companies.</p>	<p>We increased base salaries and maintained bonus rates at the same level for our executive officers. No changes were made for our officers who joined a few months prior to fiscal 2021.</p>	<p>We set cash bonus targets based on a relative growth metric and customer NPS.</p> <p>Cash bonuses paid out based on corporate and individual performance factors.</p>	<p>We granted equity awards that were dependent on a relative growth metric to drive a focus on market share gains.</p> <p>Equity awards were earned at 96%, based on corporate and other performance considerations.</p>

Mr. Giancarlo's actual pay was 2% below his target pay. This demonstrates the impact of "pay for performance" and the exercise of the committee's COVID-19 related discretion and individual performance factors for fiscal 2021. Mr. Giancarlo's target pay was calculated using his base salary, target cash bonus, and the grant date fair value of his equity award at target for fiscal 2021, and his actual pay was calculated using his base salary, his actual cash bonus payout, and 96% of the grant date fair value of his equity award for fiscal 2021. On the whole, our executive officers received payouts 1-2% below their fiscal 2021 target pay.

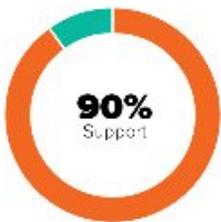

## NAMED EXECUTIVE OFFICERS DURING FISCAL 2021

Our named executive officers for fiscal 2021 are:

- Charles Giancarlo, our Chairman and Chief Executive Officer;
- Kevan Kryslar, our Chief Financial Officer;
- John Colgrove, our Chief Technology Officer and Founder; and
- Paul Mountford, our former Chief Operating Officer.

In November 2020, Mr. Mountford, our Chief Operating Officer, stepped down from his role. He left Pure as an employee at the end of fiscal 2021 and then continued to provide transitional consulting services through March 20, 2021.

## ADVISORY VOTE ON EXECUTIVE COMPENSATION AND STOCKHOLDER ENGAGEMENT

At our annual meeting of stockholders held in June 2020, we held a non-binding advisory vote on the compensation of our named executive officers (a **Say-on-Pay vote**). Our stockholders approved the fiscal 2020 compensation of our named executive officers, with 90% of the votes cast in favor of our fiscal 2020 compensation program. By the time this vote was conducted, many of the decisions relating to the compensation of our named executive officers for fiscal 2021 had already been made.

Our compensation committee has considered and intends to continue to consider the results of the annual Say-on-Pay vote, as the results reflect our overall compensation philosophy and policies and in making future compensation decisions relating to our executive officers.

During fiscal 2021, we conducted a formal stockholder engagement outreach to our top stockholders (who collectively held shares representing a significant portion of our outstanding shares of common stock) to solicit their feedback on our environmental, social and corporate governance program, policies and practices, as well as executive compensation and other matters. Representatives of our functions responsible for investor relations, legal, corporate social responsibility, and executive compensation generally attended these meetings.

## DISCUSSION OF OUR EXECUTIVE COMPENSATION PROGRAM

### COMPENSATION PHILOSOPHY AND OBJECTIVES

We design our executive compensation program to achieve the following objectives, consistent with our “pay for performance” philosophy:

- attract, motivate and retain executive officers of outstanding ability and potential to grow our business;
- motivate and reward behavior that results in exceeding our corporate performance objectives; and
- ensure that compensation is meaningfully tied to the creation of stockholder value.

We believe that our executive compensation program should include short-term and long-term elements and reward consistent performance that meets or exceeds expectations. We evaluate both performance and compensation to ensure that the compensation provided to our executive officers remains competitive relative to the compensation paid by similar companies operating in the technology industry, in particular comparable software and hardware companies, taking into account the role and performance of the individual executive officer and the performance and strategic objectives of the company.

### COMPENSATION DESIGN

The compensation arrangements for our executive officers consist of base salary, annual performance-based cash bonuses, performance-based equity awards, and broad-based employee benefit programs.

Our cash bonuses are funded based on annual corporate performance metrics, though our compensation committee reserves the right to apply discretion to increase or decrease a payout based on individual performance of an executive officer during the applicable year. As an example, in a prior fiscal year, each of our executive officers was paid 69.8% of their target cash bonus based on corporate performance. We believe that these cash awards incentivize our executive officers to meet our short-term corporate objectives.

While we offer competitive cash compensation, equity compensation is the primary incentive element of our executive compensation program. We emphasize the use of equity compensation to encourage our executive officers to focus on the growth of our overall enterprise value and, correspondingly, to create value for our stockholders. For the last three years, we have used full value performance-based equity awards that may only be earned upon the achievement of company performance objectives. 100% of the annual equity awards granted to our executive officers are dependent on our corporate performance. As an example, in a prior fiscal year, each of our executive officers had their equity award reduced to 82.5% of target shares based on corporate performance. We believe that these equity awards align the interests of our executive officers with our stockholders and drive a longer-term focus through a multi-year vesting schedule.

The impact of COVID-19 was a significant consideration as our compensation committee set the corporate performance metrics and individual performance factors of our fiscal 2021 executive compensation program. Our compensation committee reviews our executive compensation program throughout the year. As part of this review process, the committee applies the objectives described above within the context of our overall philosophy while simultaneously considering the compensation levels needed to ensure that our program remains competitive. The committee also evaluates whether we are meeting our retention objectives and the potential cost of replacing key executive officers.

### COMPENSATION-SETTING PROCESS

Our compensation committee is responsible for reviewing, evaluating and approving the compensation arrangements of our executive officers and for establishing and maintaining our executive compensation policies and practices. The committee seeks input and receives recommendations from members of our executive team when discussing the performance and compensation of executive officers and in evaluating the financial and accounting implications of our compensation programs and hiring decisions. The committee is authorized to engage, and has engaged, its own advisor to provide advice on matters related to executive compensation and general compensation programs. For additional information on our compensation committee, see “Board Structure and Process—Board Committees” elsewhere in this proxy statement.

## ROLE OF OUR EXECUTIVE OFFICERS

Our Chief Executive Officer and Chief People Officer assist our compensation committee in evaluating the performance of our executive officers (other than their own performance) and make recommendations to the committee with respect to base salary adjustments, target cash bonus opportunities, actual bonus payments and equity awards for each executive officer. While the committee takes these recommendations into consideration, it exercises its own independent judgment in approving the compensation of our executive officers.

## ROLE OF COMPENSATION CONSULTANT

In fiscal 2021, our compensation committee retained Compensia to provide support and advice regarding our executive compensation program. Pursuant to this engagement, Compensia performed several projects for the committee, including:

- assisted in evaluating and updating the compensation peer group that we use to understand competitive market compensation practices;
- provided compensation data and analysis with respect to the compensation of our executive officers;
- provided data and analysis relevant to the review of our severance benefit plan; and
- conducted a compensation risk assessment and a review of our compensation philosophy.

Compensia does not provide any additional services to us, other than the services it provides regarding our director compensation program. Compensia maintains a conflict of interest policy that is specifically designed to prevent any conflicts of interest. In addition, the committee assessed Compensia's independence taking into account, among other things, the factors set forth in Exchange Act rules and NYSE listing standards and concluded that no conflict of interest has arisen with respect to the work Compensia performs for the committee.

## COMPENSATION PEER GROUP

Our compensation committee generally refers to peer group data when reviewing our executive officers' compensation. This compensation peer group is intended to reflect companies with similar revenues, significant revenue growth, headcount and mid-level market capitalization, in the following sectors: applications software, systems software, internet software and services or information technology.

In preparation for fiscal 2021, our compensation committee, in consultation with Compensia, evaluated our compensation peer group and made adjustments, removing companies that had been acquired during the previous 12 months and adding other technology companies of comparable size with which we may compete for talent. This peer group was generally selected based on companies that, at the time of evaluation, had annual revenue between \$500 million and \$3.0 billion, as well as market capitalizations generally between two to eight times annual revenue. We also generally sought to include companies with double digit annual revenue growth. We continued to retain some companies with substantially higher market capitalizations in our peer group, as our compensation committee believes that these companies align well with our underlying business fundamentals.

Our compensation peer group for fiscal 2021 consisted of the following companies:

Arista Networks	Envestnet	j2 Global	Palo Alto Networks
Box	F5 Networks	Logitech International	Proofpoint
Cision	FireEye	LogMeIn	Splunk
Cornerstone OnDemand	Fortinet	New Relic	Teradata
Dropbox	Guidewire Software	Nutanix	Ubiquiti Networks

Our compensation committee considers the compensation levels of the executives at the companies in our compensation peer group to provide general guidance and a reference for market practices, without rigidly setting compensation based on specific percentiles relative to the peer group.

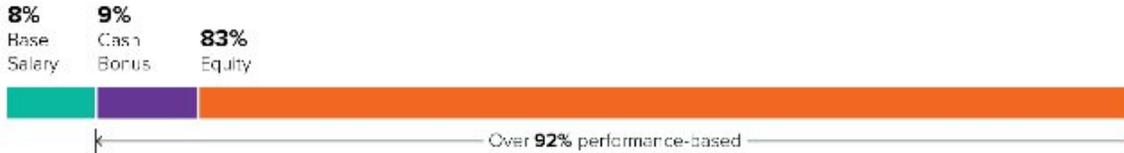

## ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

Our executive compensation program consists of three principal elements:

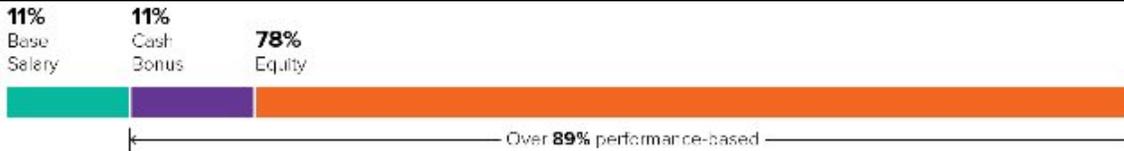

- base salary;
- annual performance-based cash bonuses; and
- long-term performance-based equity awards.

The following charts show the pay mix for our Chief Executive Officer and, on average, Messrs. Krysler and Colgrove (based on the values reported in the Summary Compensation Table):

### CEO - % OF TOTAL

### AVERAGE OF KRYSLER AND COLGROVE - % OF TOTAL

## BASE SALARY

We offer base salaries that are intended to provide a stable level of fixed compensation to our executive officers for performance of their day-to-day responsibilities. Each executive officer's base salary was first established as the result of arm's-length negotiations with each individual at the time of his initial hiring. Base salaries for our executive officers are reviewed annually to determine whether an adjustment is warranted.

In February 2020, our compensation committee reviewed the base salaries of our executive officers, other than Messrs. Krysler and Mountford who had recently joined the company, and after considering a competitive market analysis performed by Compensia, increased the base salaries of Messrs. Giancarlo and Colgrove to remain competitive with current market practices and to keep their target total cash compensation in-line with similarly situated executives at the companies in our compensation peer group. In particular, the committee determined that Mr. Giancarlo's salary lagged behind CEOs at similarly situated companies and that it was important to consider his base salary in context of the salaries of other recent executive hires at Pure. The annual base salaries for Messrs. Krysler and Mountford remained unchanged, given that they had each joined the company during the prior fiscal quarter.

The following table sets forth the annual base salaries for our executive officers for fiscal 2021, effective as of March 1, 2020:

Name	Fiscal 2020 Base Salary (\$)	Fiscal 2021 Base Salary (\$)	Percentage Increase
<b>Charles Giancarlo</b>	520,000	655,000	26 %
<b>Kevan Krysler</b>	450,000	450,000	0 %
<b>John Colgrove</b>	350,000	400,000	14 %
<b>Paul Mountford</b>	520,000	520,000	0 %

## ANNUAL CASH BONUSES

We provide our executive officers the opportunity to earn annual cash bonuses, on substantially the same basis as our employees who are eligible under our corporate bonus program. These cash bonuses are intended to encourage the achievement of corporate performance objectives, particularly our financial goals, as well as individual performance factors.

In February 2020, our compensation committee reviewed the target cash bonus opportunities of our executive officers and determined that their target cash bonus opportunities would remain at the same levels, increasing in absolute dollars by the same amount as the associated salary increase. The following table sets forth the annual target cash bonus opportunities (expressed as a percentage of base salary) of our named executive officers for fiscal 2021, based on the base salary changes made effective as of March 1, 2020:

Name	Fiscal 2021 Target Bonus (\$) <sup>(1)</sup>	Bonus Opportunity as a % of Base Salary
<b>Charles Giancarlo</b>	644,986	100 %
<b>Kevan Kryslar</b>	360,000	80 %
<b>John Colgrove</b>	396,291	100 %
<b>Paul Mountford</b>	520,000	100 %

(1) Prorated based on the March 1, 2020 effective date for any change to target cash bonus opportunity, if applicable.

In March 2020, the COVID-19 pandemic started to result in significant global social and business disruptions, altering both our operations and financial expectations for fiscal 2021. We closed most of our offices and discontinued in-person internal and external events for an undetermined period of time. Because of the unknown duration of the outbreak and its impact on our customers, partners, vendors and suppliers, all of which were outside of our control, our compensation committee discussed and determined that the performance measures used in prior years would not be appropriate for fiscal 2021 and postponed the selection of the corporate performance metrics to May 2020.

In May 2020, despite substantial and continued uncertainty relating to the COVID-19 pandemic, our compensation committee decided to continue to emphasize the link between pay and performance in our executive compensation program, and after consultation with management and its compensation consultant, the committee selected two corporate performance metrics for the company-wide cash bonus program: (1) a generally-accepted customer satisfaction measure called Net Promoter Score (NPS) and (2) a metric designed to measure Pure's revenue growth relative to the growth of some other major competitors, which we will call a "relative growth metric." The bonus payouts would fund based 20% on the NPS score and 80% on our actual performance measured against the relative growth metric.

Measure	Weighting	Rationale
<b>NPS Score</b>	20%	To maintain or improve Pure's customer experience during fiscal 2021
<b>Relative growth metric</b>	80%	To maintain or improve Pure's market share during fiscal 2021

In selecting these metrics, our compensation committee believed that our management should be incentivized to maintain or improve Pure's customer experience during fiscal 2021. NPS was selected as the best measure. For years, we have used a third party to survey our customers on whether or not they would recommend us to their peers on a 1-10 scale. Our prior audited NPS was 82, the highest among Medallia's B2B scores in 2019. The committee set a target range of 78 to 82 for 100% funding of the NPS portion of the cash bonus program for fiscal 2021. Our customer-centric business model has been recognized by customers and the industry, and NPS was deemed an appropriate means for evaluating how successfully we were navigating the COVID-19 pandemic.

In addition, our compensation committee believed that our management should be incentivized to maintain or gain market share. A relative growth metric was designed as a replacement for the revenue targets used in prior years. This metric for fiscal 2021 was based on Pure's revenue growth rate as compared to the storage revenue growth rates of three of our largest publicly traded competitors, subject to certain adjustments based on timing of public reporting. As a reference, Pure grew 20.8% in its prior fiscal year and, based on this methodology, the weighted storage revenue growth of the three competitors was -5.7%, resulting in a relative growth metric of 26.5 points. The committee set a fiscal 2021 target range of 15 to 20 points for 100% funding of the relative revenue growth portion of the cash bonus program. This relative growth metric was deemed an appropriate component given the importance of revenue growth to the company during the COVID-19 pandemic.

PROPOSAL 3 - ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

Our compensation committee specifically discussed that the relative growth metric was expected to be a one-time alternative revenue measure for the unique circumstances relating to fiscal 2021, and that given the untested nature of the metric, the committee would reserve its ability to apply discretion, including due to unanticipated business disruptions or other impacts tied to the COVID-19 pandemic. In addition to these corporate performance metrics, our compensation committee would again consider individual performance in determining our executive officers' overall bonus payouts, particularly during this unique year. The total corporate funding ranged from 80% at threshold to 130% at maximum, with a broader target range for 100% funding of each metric given the economic uncertainty created by the COVID-19 pandemic.

The following table presents potential payout multiples relative to these two performance metrics, with multiples between threshold and target and target and maximum to be determined on a linear basis:

	NPS Score	Funding		Relative Revenue Growth (pts)	Funding
<b>Maximum</b>	85	150 %	<b>Maximum</b>	30	125.0 %
	84	125 %		28	118.8 %
	83	125 %		23	108.3 %
<b>Target range</b>	78 to 82	100 %	<b>Target range</b>	15 to 20	100.0 %
<b>Threshold</b>	Less than 78	— %	<b>Threshold</b>	10	87.5 %
				8	81.9 %
				5	75.0 %
				Less than 5	— %

During the remainder of fiscal 2021, the committee closely monitored company performance and the individual performance of our executive officers. The COVID-19 pandemic resulted in a brief acceleration of business as customers shifted to work at home and to online businesses, then a sharp pull back as customers reassessed their business prospects and laid out new plans for digital transformation, followed by a gradual stabilization.

In August 2020, we paid 40% of the target cash bonus opportunity, consistent with the past practice and following review and approval by the committee that the company was on track to meet the threshold performance level under the cash bonus program. The remaining amount of the bonus was paid in March 2021.

In February 2021, our compensation committee reviewed our corporate performance for fiscal 2021 and determined that the company had achieved an audited NPS of 83.5, with a 20% weighting, and 8.3 points on the relative growth metric, with a 80% weighting. Pure grew revenue by 2.5% in fiscal 2021 and the weighted revenue growth for its measurement group was -5.8%, resulting in a relative growth metric of 8.3 points. Based on this level of corporate achievement, the committee approved corporate bonus funding equal to 91.6%.

NPS SCORE OF 83.5		RELATIVE REVENUE GROWTH OF 8.3 POINTS		CORPORATE FUNDING
(125.0% X 20%)	+	(83.2% X 80%)	=	91.6%

Our compensation committee then evaluated the individual performance of our executive officers during fiscal 2021. Navigating the COVID-19 crisis required agility and resilience by our executive officers and employees. Our executive team made key strategic decisions focusing on innovation, including our \$370 million acquisition of Portworx, customer support, and scaling the company, and we finished fiscal 2021 with great strength and growth, setting new revenue and sales records for the fourth fiscal quarter and for the full fiscal year. With seven years ranked as a leader, Gartner's recognition of Pure's clear leadership across both 'ability to execute' and 'vision' in their Magic Quadrant for Primary Storage Arrays, was a strong validation of our strategy. Our executive team responded in a fluid environment, avoiding the pandemic-related layoffs that hit some technology companies, while still delivering substantial, positive operating and free cash flow for fiscal 2021.

During fiscal 2021, our CEO successfully recruited key leadership personnel, including our new Chief Revenue Officer and Chief Product Officer. Our fourth fiscal quarter results were an indicator of the positive impact our executive leadership had during the COVID-19 pandemic, as we, despite continued headwinds, completed a record number of deals greater than \$10 million, grew Subscription Services revenue to over \$500 million, achieving 33% year over year growth, and set consecutive record sales quarters for *FlashBlade* and *FlashArray//C*. Our CEO recommended individual performance factors for each

executive officer and provided the committee with the reasoning behind his recommendations. The committee discussed the individual performance factor for our CEO with our Chief People Officer.

After consideration of these recommendations, the committee made determinations relating to each executive officer's individual performance. The following table provides information regarding the target annual cash bonus opportunities, corporate funding, individual performance factor, and the actual cash bonuses earned by our named executive officers for fiscal 2021:

Name	Target Bonus (\$)	Corporate Funding	Individual Performance Factor	Actual Bonus Earned (\$)	Actual Bonus as a % of Target Bonus
<b>Charles Giancarlo</b>	644,986	91.6 %	125 %	738,510	114.5 %
<b>Kevan Kryslar</b>	360,000	91.6 %	130 %	428,688	119.1 %
<b>John Colgrove</b>	396,291	91.6 %	125 %	453,753	114.5 %
<b>Paul Mountford</b>	520,000	91.6 %	100 %	476,320	91.6 %

The actual bonus amounts above include the semi-annual bonus payout in August 2020. Mr. Mountford was eligible for a bonus, as he continued to serve as an employee or in a consulting role through March 2021, consistent with the terms of his transition services agreement.

## EQUITY COMPENSATION

We provide our executive officers the opportunity to earn shares of our common stock through performance-based restricted stock unit (**PSU**) awards. We believe that strong long-term corporate performance is achieved with a compensation program that encourages a multi-year focus by our executive officers through the use of equity compensation, the value of which depends on the performance of our common stock. For this reason, our long-term incentive compensation to date has largely been provided in the form of restricted stock unit awards as the primary form of equity incentive compensation to further align the interests of our executive officers with the interests of our stockholders and to incentivize them through the appreciation in stock price of our common stock.

The size and form of the equity awards for our executive officers are determined in the discretion of our compensation committee at a level that it believes is competitive with current market conditions (as reflected by our compensation peer group), and after taking into consideration each individual executive officer's role and the scope of responsibilities, past performance, current equity holdings and expected future contributions. Over the last two years, our compensation committee has shifted to granting 100% PSU awards to better align our executive officers' financial incentives with company performance and the creation of stockholder value.

In February 2020, our compensation committee reviewed the outstanding equity awards held by our executive officers and considered an analysis performed by Compensia, as well as the factors discussed above, including the unvested equity awards held by our executive officers and the market price of our common stock. Again, the committee postponed the selection of the corporate performance metrics for the PSU awards until May 2020 due to the uncertainty relating to the COVID-19 pandemic.

In May 2020, our compensation committee granted PSU awards to our executive officers that were subject to a one-year performance period, with the earned share amount to be adjusted up or down from 75% to 125% of the target share amount, based on our achievement of the same fiscal 2021 relative growth metric, as used in our annual cash bonus program. If threshold performance was not met, then no shares would be earned. The earned shares, if any, would be subject to an additional time-based vesting requirement over a three-year period, with 1/3rd vesting in March 2021 and the remainder vesting quarterly thereafter. The committee also discussed the potential to exercise discretion as necessary to make adjustments depending on unanticipated developments resulting from this new, untested metric as well as any unanticipated business disruptions or impacts tied to the COVID-19 pandemic.

The following table sets forth the PSU awards granted to our named executive officers for fiscal 2021:

Name	Target Shares	Maximum Shares
<b>Charles Giancarlo</b>	449,040	561,300
<b>Kevan Kryslar</b>	194,584	243,230
<b>John Colgrove</b>	209,552	261,940
<b>Paul Mountford</b>	209,552	261,940

## PROPOSAL 3 - ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

In February 2021, our compensation committee determined that we delivered 8.3 points on the relative growth metric, and based on the foregoing scale, this would result in 83.2% of the shares subject to the PSU awards being earned. The committee then considered the company's performance during the unique COVID-19 crisis, including the fiscal 2021 performance factors evaluated by the committee above, and determined that the relative growth metric did not work entirely as expected and that the metric did not adequately measure management's performance during fiscal year. The committee discussed the potential to exercise discretion based on the performance of our executive officers and how critical their leadership was to the company's successful navigation of the COVID-19 pandemic during fiscal 2021. The committee focused on the collective performance of our executive team during fiscal 2021, including the product milestones achieved, our Portworx acquisition, industry recognition, financial results and key leadership decisions in the face of the COVID-19 pandemic. The committee felt that failing to recognize these contributions during the pandemic would undermine the executive compensation program. Based on this discussion, the committee decided that the PSU awards would be deemed earned at 96% of the target share amounts.

The following table provides information regarding the payout level achieved and the actual shares earned by our named executive officers under their fiscal 2021 PSU awards:

	Target Shares	Payout Multiple Relative to Target	Earned Shares
<b>Charles Giancarlo</b>	449,040	96.0%	431,079
<b>Kevan Kryslar</b>	194,584	96.0%	186,801
<b>John Colgrove</b>	209,552	96.0%	201,170
<b>Paul Mountford</b>	209,552	96.0%	201,170

The shares of our common stock earned pursuant to the PSU awards were subject to a time-based vesting requirement, with 1/3rd of the total number of earned shares vesting on March 20, 2021 and the remainder vesting quarterly in equal installments over the next two years, subject to the executive officer's continuous service with us on each such vesting date. All unearned shares were automatically forfeited upon the determination of achievement by the committee. Under the terms of his transition services agreement, Mr. Mountford was eligible to receive the initial 1/3rd of his earned shares that vested on March 20, 2021, and no additional shares thereafter.

### FY2020 BONUS AND TRANSITION PACKAGE FOR MR. MOUNTFORD

Mr. Mountford was paid a one-time bonus during fiscal 2021 for services rendered in the prior fiscal year. Mr. Mountford started collaborating with the company in October 2019 and delayed his start date with the company to November 4, 2019, at the company's request, to accommodate Pure's desired announcement timing. As a result, he started three days after the company's bonus eligibility cutoff date. Following the compensation cycle in March 2020, internal discussions were held on whether Mr. Mountford should have been eligible for a pro-rated cash bonus for his contributions during fiscal 2020, and based on the recommendation of management, our compensation committee approved a \$100,000 payment to Mr. Mountford under our annual cash bonus program.

Mr. Mountford was employed by the company through January 31, 2021. In connection with his transition, we entered into a transition services agreement with Mr. Mountford. Under the terms of this agreement, Mr. Mountford was eligible, to the extent funded and paid, for a full cash bonus relating to fiscal 2021, with an individual performance factor of not less than 100%. After January 31, 2021, he provided consulting services to the company through March 20, 2021, and subject to the terms of the agreement, Mr. Mountford received a lump sum payment of \$390,000, equal to nine months base salary, and vested the earned shares that he was eligible to receive on March 20, 2021 under his fiscal 2021 PSU award. He will receive continued health care coverage under COBRA, at a cost to the company of \$2,624 per month, for 18 months following the end of his employment.

### BENEFITS PROGRAMS

Our employee benefit programs, including our 401(k) plan with a company matching contribution, employee stock purchase plan, and health, and welfare programs, are designed to provide a competitive level of benefits to our employees generally, including our executive officers and their families. We adjust our employee benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market. Our executive officers are eligible to participate in the same employee benefit plans on the same terms and conditions as all other U.S. full-time employees.

## PERQUISITES AND OTHER PERSONAL BENEFITS

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers that are not also available to our employees generally. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment, motivation or retention purposes. All future practices with respect to perquisites or other personal benefits will be subject to review and approval by our compensation committee.

## POST-EMPLOYMENT COMPENSATION

Our executive officers and certain other employees are eligible to receive severance payments, equity acceleration and health care benefits in the event of a termination of employment in connection with a change in control of the company. Our compensation committee has determined that these arrangements are both competitively reasonable and necessary to recruit and retain key executives. The material terms of these post-employment payments to our named executive officers are set forth below in the section titled "Employment, Severance and Change in Control Agreements."

## OTHER COMPENSATION POLICIES

### EQUITY AWARDS GRANT POLICY

The grant of equity awards must be approved either by our board of directors or our compensation committee. Our compensation committee has adopted a policy governing equity awards that are granted to our non-executive employees. This policy provides that our Chief Executive Officer may approve awards to non-executive employees within prescribed limits. Generally, equity awards will be effective on the 20th day of the second month of the fiscal quarter. If applicable, the exercise price of all stock options and stock appreciation rights must be equal to or greater than the fair market value of our common stock on the date of grant.

### DERIVATIVES TRADING, PLEDGING AND HEDGING POLICY

Our insider trading policy prohibits our directors, officers, employees and consultants, as well as all family members and other household members of such persons and all companies controlled by such persons, from engaging in trades of our derivatives, short sales, transactions in put or call options, hedging transactions, opening margin accounts, pledging our securities, or other inherently speculative transactions with respect to our equity securities at any time.

### COMPENSATION CLAWBACK/RECOUPMENT

In February 2020, upon the recommendation of our compensation committee, our board of directors adopted a policy for the recoupment of certain "incentive compensation," as defined in the policy, paid to our current and former Section 16 officers, also known as a clawback policy. Under the policy, recoupment is possible either in the event of a financial "restatement" by the company or "misconduct" by the covered officer, in each case as defined in the policy and subject to the determination and discretion of our board of directors. The policy applies to all incentive compensation paid, received, granted or awarded on or after the date the policy was adopted. In addition to the foregoing, our Chief Executive Officer and Chief Financial Officer are subject to the compensation recovery provisions of Section 304 of the Sarbanes-Oxley Act.

### STOCK OWNERSHIP GUIDELINES

In February 2020, upon the recommendation of our compensation committee, our board of directors adopted stock ownership guidelines for our non-employee directors and our Section 16 officers. Under these guidelines, each non-employee director is required to own shares of our common stock with a value equal to three times his or her base annual cash retainer fee, excluding additional retainers for service on committees, as chairperson or as lead independent director. Our Chief Executive Officer is required to own shares of our common stock with a value equal to five times his or her base salary, and each other Section 16 officer is required to own shares of our common stock with a value equal to two times his or her base salary. In determining ownership levels, credit is provided for shares held outright, shares "beneficially owned," vested restricted stock units, vested shares under any deferred compensation plan, if applicable, and vested in-the-money stock options, net of the number of shares needed to pay the exercise price. Compliance with these guidelines is required within five years of becoming subject to them. The policy includes procedures for granting exemptions in the case of severe hardship or in the event that the guidelines would prevent a director or officer from complying with a court order or applicable law. At the end of fiscal 2021, all of our executive officers and non-employee directors met, exceeded, or were on track to meet these guidelines based on their current rate of stock accumulations in the time frames set out in the guidelines.

## POLICY REGARDING 10b5-1 PLANS FOR DIRECTORS AND EXECUTIVE OFFICERS

Our insider trading policy generally requires that our executive officers and non-employee members of our board of directors may not trade in our equity securities during “blackout” periods and that such individuals must pre-clear trades or adopt plans in accordance with Exchange Act Rule 10b5-1 for sales of securities which they beneficially own.

## COMPENSATION POLICIES AND PRACTICES AS THEY RELATE TO RISK MANAGEMENT

Our compensation committee has reviewed our executive and employee compensation programs and does not believe that our compensation policies and practices encourage undue or inappropriate risk taking or create risks that are reasonably likely to have a material adverse effect on us. The reasons for the committee’s determination include the following:

- We structure our compensation program to consist of both fixed and variable components. The fixed component of our program (or base salary) is designed to provide income independent of our stock price performance so that employees will not focus exclusively on stock price performance to the detriment of other important business metrics;
- We maintain internal controls over the measurement and calculation of financial information, which are designed to prevent this information from being manipulated by any employee, including our executive officers;
- We maintain internal controls over the determination of sales commissions, although we do not cap cash incentive awards for our sales commission plans to provide maximum incentive for our sales force to meet and exceed their objectives;
- Our employees are required to acknowledge and comply with our code of conduct which covers, among other things, accuracy in keeping financial and business records;
- Our compensation committee approves the overall annual equity pool and the employee equity award guidelines;
- A significant portion of the compensation paid to our executive officers is in the form of equity awards to align their interests with the interests of stockholders; and
- As part of our insider trading policy, we prohibit hedging transactions involving our equity securities so that our executive officers and other employees cannot insulate themselves from the effects of poor stock price performance.

## TAX AND ACCOUNTING CONSIDERATIONS

### DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Under Section 162(m) (**Section 162(m)**) of the Internal Revenue Code of 1986, as amended (the Code), compensation paid to any publicly held corporation’s “covered employees” that exceeds \$1 million per taxable year for any covered employee is generally non-deductible. In designing our executive compensation program and determining the compensation of our executive officers, our compensation committee considers a variety of factors, including the potential impact of the Section 162(m) deduction limit. Although the committee will continue to consider tax implications as one factor in determining executive compensation, the committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for our named executive officers in a manner consistent with the goals of our executive compensation program and the best interests of the company and its stockholders, which may include providing for compensation that is not deductible by the company due to the Section 162(m) deduction limit. The committee also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the company’s business needs.

### NO TAX REIMBURSEMENT OF PARACHUTE PAYMENTS AND DEFERRED COMPENSATION

We have not provided any executive officer, including any named executive officer, with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999, or 409A of the Code during fiscal 2021, and we have not agreed and are not otherwise obligated to provide any executive officer with such a “gross-up” or other reimbursement.

## ACCOUNTING TREATMENT

We account for stock-based compensation in accordance with the authoritative guidance set forth in FASB ASC Topic 718, which requires companies to measure and recognize the compensation expense for all share-based awards made to employees and directors, including stock options and full-value equity awards, over the period during which the award recipient is required to perform services in exchange for the award (for executive officers, generally the three-year or four-year performance and/or vesting period of the award). Compensation expense for shares acquired through our ESPP is recognized over the offering period. We estimate the fair value of stock options and shares acquired through our ESPP using the Black-Scholes option pricing model. This calculation is performed for accounting purposes and reported in the compensation tables below.

	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) <sup>(1)</sup>	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$) <sup>(2)</sup>

<b>Paul Mountford</b>	123,694	2,779,404	—	—

(1) The value realized on vesting is calculated as the number of vested shares multiplied by the closing market price of our common stock on the vesting date.

# EMPLOYMENT, SEVERANCE AND CHANGE IN CONTROL AGREEMENTS

## OFFER LETTERS

We have employment offer letters with each of our active named executive officers, other than Mr. Colgrove. The offer letters generally provide for “at-will” employment and set forth the named executive officer’s initial base salary, initial target cash bonus opportunity, initial equity grant amount, eligibility for employee benefits and in some cases severance payments and benefits upon a qualifying termination of employment. In addition, each of our named executive officers has executed our standard proprietary information and inventions agreement. The key terms of employment with our active named executive officers are described below. Please see “Outstanding Equity Awards as of January 31, 2021” above for a presentation of equity awards held by our named executive officers.

### CHARLES GIANCARLO

In August 2017, we entered into an offer letter agreement with Mr. Giancarlo, our Chief Executive Officer and Chairman. Mr. Giancarlo’s current annual base salary is \$700,000. Mr. Giancarlo is eligible to earn a bonus with an annual target of 100% of his annual base salary to be paid in semi-annual installments based on the achievement of corporate performance objectives, as determined by our compensation committee.

If Mr. Giancarlo is terminated without cause (as defined in his offer letter) or Mr. Giancarlo resigns for good reason (as defined in his offer letter), Mr. Giancarlo will be eligible to receive (i) continuation of his base salary for a period of 12 months following his termination and (ii) reimbursement of COBRA payments for a period of 18 months following his termination (or if earlier upon him obtaining health care coverage from another source). If Mr. Giancarlo is terminated without cause or Mr. Giancarlo resigns for good reason during the period beginning three months prior to a change in control (as defined in his employment agreement) and ending 12 months following the closing of such change in control, then, in lieu of the foregoing severance payments and benefits, he will be eligible to receive (i) an amount of cash severance equal to 12 months of his base salary plus his then target annual bonus amount, paid in a single lump sum on the 60th day following his termination, (ii) reimbursement of COBRA payments for a period of 18 months following his termination (or if earlier upon him obtaining health care coverage from another source) and (iii) the accelerated vesting of all of his unvested equity awards in full. Mr. Giancarlo must sign a release of claims agreement in favor of the company as a pre-condition of receiving these severance payments and benefits.

### KEVAN KRYSLER

In November 2019, we entered into an offer letter agreement with Mr. Kryslar, our Chief Financial Officer. Mr. Kryslar’s current base salary is \$475,000, and he is eligible to earn a bonus with an annual target of 80% of his annual base salary to be paid in semi-annual installments based on the achievement of corporate performance objectives, as determined by our compensation committee.

### JOHN COLGROVE

Mr. Colgrove’s current annual base salary is \$450,000 and he is eligible to earn a bonus with an annual target of 100% of his annual base salary to be paid in semi-annual installments based on the achievement of corporate performance objectives, as determined by our compensation committee. If Mr. Colgrove’s employment is terminated without cause or he terminates his employment for good reason on or within 18 months following a change in control of the company, all unvested shares of stock subject to his outstanding stock option awards will immediately become fully vested.

## CHANGE IN CONTROL AND SEVERANCE BENEFIT PLAN

In November 2020, we amended our existing Change in Control and Severance Benefit Plan (the **Severance Plan**). Employees with the title of vice president or above, including each of our named executive officers, are eligible participants under the Severance Plan. Under the Severance Plan, any named executive officer who suffers an involuntary termination of employment within the period starting three months prior to a change in control of the company and ending on the 12-month anniversary of the change in control, will receive (i) a lump sum cash payment equal to (a) 12 months of the then-current base salary for all named executive officers, other than the Chief Executive Officer, or (b) 18 months of the then-current base salary for the Chief Executive Officer, (ii) a lump sum cash payment equal to 12 months of the participant's then-current annual target bonus, (iii) up to (a) 12 months of company-paid health insurance coverage for all named executive officers, other than the Chief Executive Officer, or (b) 18 months of company-paid health insurance coverage for the Chief Executive Officer, and (iv) accelerated vesting of 100% of the shares subject to each time-based vesting equity award held by such participant. The acceleration of outstanding performance-based awards will be based on the number of shares subject to the award as if the applicable performance criteria had been attained at 100% of target and the acceleration of performance-based awards granted after the effective date to be governed by the applicable award agreement.

Under the Severance Plan, upon a named executive officer's termination without cause or a resignation for good reason, such officer will receive (i) a lump sum cash payment equal to (a) 6 months of the then-current base salary for all named executive officers, other than the Chief Executive Officer, or (b) 12 months of the then-current base salary for the Chief Executive Officer and (ii) up to (a) 6 months of company-paid health insurance coverage for all named executive officers, other than the Chief Executive Officer, or (b) 18 months of company-paid health insurance coverage for the Chief Executive Officer.

All payments and benefits made under the Severance Plan are subject to a "best after tax" provision in case they would trigger excise tax penalties and loss of deductibility under Sections 280G and 4999 of the Code. If an employee is an eligible participant and otherwise eligible to receive severance payments and benefits under the Severance Plan that are of the same category and would otherwise duplicate the payments and benefits available under the terms of any other agreement the participant has with us, the participant will receive severance payments and benefits under such other agreement in lieu of any Severance Plan benefits to the extent such benefits are duplicative, and severance payments and benefits will be provided under the Severance Plan only to the extent, if any, that Severance Plan benefits are not duplicative benefits.

## ACCELERATION UPON DEATH

In September 2015, our compensation committee amended all outstanding stock option awards to provide that if an employee dies while in a service relationship with us, all options held by the employee would vest and become exercisable in their entirety and determined that the award agreement for all other stock awards would provide for full acceleration of the stock award in the event of the death of the employee while in a service relationship with us. Pursuant to such award terms, each of Messrs. Giancarlo, Kryslar and Colgrove would receive full acceleration of any time-based equity awards in the event of his death as of January 31, 2021, for an aggregate value of \$17,302,161, \$12,205,423 and \$7,102,343, respectively, based on the closing market price of our common stock on January 31, 2021, which was \$23.13 per share, and assuming full vesting of the performance-based awards based on the number of shares subject to the award as if the applicable performance criteria had been attained at 100% of target. Mr. Mountford terminated employment with us on January 31, 2021 and ended his consulting arrangement with us on March 20, 2021. Any unvested stock awards held by him were forfeited as of January 31, 2021, except for the remaining unvested earned shares under his fiscal 2021 PSU award which were forfeited as of March 20, 2021.

## POTENTIAL PAYMENTS UPON TERMINATION OR RESIGNATION

The following table provides an estimate of the value of the payments and benefits due to each of our active named executive officers assuming a termination of employment without cause or if he terminates his employment for good reason, effective as of January 31, 2021, other than in connection with a change of control of the company, under the Severance Plan described above. The actual amounts to be paid can only be determined at the time of such event.

## PAY RATIO INFORMATION

We are required to disclose the ratio of our Chief Executive Officer's annual total compensation to the annual total compensation of our median employee, referred to as "pay ratio" disclosure. As permitted by the SEC rules, we used the same median employee for fiscal 2021 that we identified for fiscal 2020 because there have not been significant changes to our employee population, employee compensation arrangements or the median employee's circumstances in fiscal 2021 that we believe would significantly affect our CEO pay ratio disclosure.

In identifying the median employee for fiscal 2020, we identified our total employee population as of December 31, 2019, other than our Chief Executive Officer. We compared the total of each employee's aggregate salary, hourly pay, bonus and other cash compensation (such as on-call or overtime pay) actually paid, and the value of stock awards vested during calendar 2019, as reflected in our payroll records. We did not annualize the compensation of employees who were employed for less than the entire fiscal year. Using this approach, we determined that we had two employees at the median, as we had an even number of employees. We then calculated annual total compensation for these employees using the same methodology used to calculate annual total compensation for our Chief Executive Officer as set forth in the "Summary Compensation Table" above, and we selected the employee with a more representative set of compensation components.

For fiscal 2021, the median of the annual total compensation of all employees of Pure (other than our Chief Executive Officer), based on the selected employee, was \$204,017, and based on the annual total compensation for our Chief Executive Officer of \$8,081,741, our ratio of Chief Executive Officer pay to median employee pay was 40 to 1. The amounts included in the above pay ratio calculation reflect the grant date fair value of equity awards granted during fiscal 2021.

The pay ratio above represents Pure's reasonable estimate calculated in a manner consistent with the SEC rules, which allow for significant flexibility in how companies identify the median employee, and each company may use a different methodology and make different assumptions particular to that company. As a result, and as explained by the SEC when it adopted the pay ratio rules, the ratio was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand our compensation practices and pay-ratio disclosures.

# STOCK OWNERSHIP INFORMATION

## SECURITY OWNERSHIP

The following table sets forth, as of March 28, 2021, certain information with respect to the beneficial ownership of our common stock: (a) by each person known by us to be the beneficial owner of more than five percent of the outstanding shares of common stock, (b) by each of our directors, (c) by each of our named executive officers, and (d) by all of our current executive officers and directors as a group.

The percentage of shares beneficially owned shown in the table is based on 282,923,984 shares of common stock outstanding as of March 28, 2021. In computing the number of shares of capital stock beneficially owned by a person and the percentage ownership of such person, we deemed to be outstanding all shares of our common stock subject to options held by the person that are currently exercisable or exercisable within 60 days of March 28, 2021 and shares or our common stock subject to RSUs which vest within 60 days of March 28, 2021. However, we did not deem such shares of our capital stock outstanding for the purpose of computing the percentage ownership of any other person.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes any shares over which a person exercises sole or shared voting or investment power. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown beneficially owned by them, subject to applicable community property laws. The information contained in the following table is not necessarily indicative of beneficial ownership for any other purpose, and the inclusion of any shares in the table does not constitute an admission of beneficial ownership of those shares.

Except as otherwise noted below, the address for persons listed in the table is c/o Pure Storage, Inc., 650 Castro Street, Mountain View, California 94041.

## Delinquent Section 16(a) Reports

Section 16(a) of the Securities Exchange Act of 1934 and the rules of the SEC require our directors and executive officers to file reports of their ownership and changes in ownership of common stock with the SEC. Our personnel generally prepare and file these reports for our directors and officers on the basis of information obtained from each director and officer and pursuant to a power of attorney. Due to administrative error, one Form 4 for Mr. Tomb reporting one transaction was filed late. Based upon a review of filings with the SEC and/or written representations that no other reports were required, we believe that all of our directors and executive officers and, to our knowledge, beneficial owners of more than 10% of our common stock otherwise complied during fiscal 2021 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934.

## EQUITY COMPENSATION PLAN INFORMATION

### **Will I be able to ask questions at the annual meeting?**

You will be able to submit written questions during the annual meeting by following the instructions that will be available on the annual meeting website during the annual meeting. Only questions pertinent to meeting matters or the Company and submitted in accordance with the meeting’s Rules of Conduct will be answered during the meeting, subject to time constraints. Questions that are substantially similar may be grouped and answered together to avoid repetition. The meeting’s Rules of Conduct will be available on the annual meeting website.

If there are questions pertinent to meeting matters that cannot be answered during the meeting due to time constraints, management will post answers to a representative set of such questions at [investor.purestorage.com](http://investor.purestorage.com). The questions and answers will remain available until Pure’s 2022 Proxy Statement is filed. We also encourage you to read our Form 10-K for fiscal 2021 available at [www.proxyvote.com](http://www.proxyvote.com).

### **How do I vote?**

The procedures for voting are fairly simple as follows:

#### *Stockholder of Record: Shares Registered in Your Name*

If you are a stockholder of record, you may vote online during the meeting, vote by proxy through the internet, vote by proxy over the telephone, or vote by proxy using a proxy card that you may request. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the meeting, you may still attend online and vote during the meeting. In such case, your previously submitted proxy will be disregarded.

- To vote online during the meeting, follow the provided instructions to join the meeting at [www.virtualshareholdermeeting.com/PSTG2021](http://www.virtualshareholdermeeting.com/PSTG2021), starting at 8:45 a.m. PT on June 15, 2021.
- To vote online before the meeting, go to [www.proxyvote.com](http://www.proxyvote.com).
- To vote by telephone, call 1-800-690-6903.
- To vote by mail, simply complete, sign and date the proxy card or voting instruction card, and return it promptly in the envelope provided.

If we receive your vote by internet or phone or your signed proxy card up until 11:59 p.m. Eastern Time the day before the 2021 annual meeting of stockholders, we will vote your shares as you direct. To vote, you will need the 16-digit control number in the Notice, on your proxy card or in the instructions that accompanied the proxy materials.

***Beneficial Owner: Shares Registered in the Name of Broker or Bank***

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a Notice containing voting instructions from that organization rather than from us. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote online during the meeting, you must follow the instructions from your broker, bank or other agent.

**Can I change my vote after submitting my proxy?**

Yes. If you are a record holder of shares, you may revoke, subject to the voting deadlines above, your proxy by:

- Submitting another properly completed proxy card with a later date;
- Granting a subsequent proxy by telephone or through the internet;
- Sending a timely written notice that you are revoking your proxy to our Secretary at 650 Castro Street, Mountain View, California 94041; or
- Attending and voting online during the meeting. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by such party.

**What happens if I do not vote?*****Stockholder of Record: Shares Registered in Your Name***

If you are a stockholder of record and do not vote online during the meeting, through the internet, by telephone or by completing your proxy card, your shares will not be voted.

***Beneficial Owner: Shares Registered in the Name of Broker or Bank***

If you are a beneficial owner and do not instruct your broker, bank or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the NYSE deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the NYSE, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation, and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposals 1 or 3 without your instructions but may vote your shares on Proposal 2 even in the absence of your instruction.

Please instruct your bank, broker or other agent to ensure that your vote will be counted.

**What if I return a proxy card or otherwise vote but do not make specific choices?**

If you return a signed and dated proxy card or otherwise vote but do not make specific choices, your shares will be voted **FOR** the election each of the nominees for Class III director, **FOR** the ratification of the selection of Deloitte & Touche as our independent registered public accounting firm and **FOR** the advisory approval of named executive officer compensation. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

**How many votes do I have?**

Each holder of common stock will have the right to one vote per share.

**How many votes are needed to approve each proposal?**

- **Proposal 1:** The three nominees for Class III directors that receive the highest number of **FOR** votes will be elected. Only votes “For” will affect the outcome.
- **Proposal 2:** The ratification of the selection of our independent registered public accounting firm must receive **FOR** votes from the holders of a majority in voting power of the shares present at the meeting or represented by proxy and entitled to vote on the proposal.
- **Proposal 3:** The advisory approval of the compensation of our named executive officers must receive **FOR** votes from the holders of a majority in voting power of the shares present at the meeting or represented by proxy and entitled to vote on the proposal.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

**What are “broker non-votes”?**

As discussed above, when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be “non-routine,” the broker or nominee cannot vote the shares. These unvoted shares are counted as “broker non-votes.”

**How are broker non-votes and abstentions treated?**

If your shares of common stock are held by a broker on your behalf, and you do not instruct the broker as to how to vote these shares on Proposal 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. With respect to Proposals 1 and 3, the broker may not exercise discretion to vote on those proposals. Such event would constitute a “broker non-vote,” and these shares will not be counted as having been voted on the applicable proposal. However, broker non-votes will be considered present and entitled to vote at the meeting and will be counted in determining whether or not a quorum is present. Please instruct your broker so your vote can be counted.

If stockholders abstain from voting, the applicable shares of common stock will be considered present and entitled to vote at the meeting and will be counted in determining whether or not a quorum is present. With respect to Proposal 1, abstentions are not considered **WITHHOLD** votes or votes cast **FOR** a nominee’s election and will have no effect in determining whether a nominee for director has received sufficient votes. With respect to Proposal 2 and 3, abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same effect as voting against the proposal.

**Who counts the votes?**

We have engaged Broadridge Financial Solutions as our independent agent to tabulate stockholder votes. If you are a stockholder of record and you choose to vote over the internet (either prior to or during the meeting) or by telephone, Broadridge will access and tabulate your vote electronically, and if you choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker (or its agent for tabulating votes of shares held in street name, as applicable) returns one proxy card to Broadridge on behalf of all its clients.

**Who is paying for this proxy solicitation?**

We will pay for the cost of soliciting proxies. Please be aware that you must bear any costs associated with your internet access. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid additional compensation for soliciting proxies. We may reimburse brokers, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

**What does it mean if I receive more than one Notice?**

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the instructions on the Notices to ensure that all your shares are voted.

**When are stockholder proposals due for next year’s annual meeting?**

To be considered for inclusion in next year’s proxy materials, your proposal must be submitted in writing by January 5, 2022, to our Secretary at 650 Castro Street, Mountain View, California 94041; provided that if the date of next year’s meeting is earlier than May 15, 2022 or later than July 15, 2022, the deadline will be a reasonable time before we begin to print and send our proxy materials for next year’s meeting. If you wish to nominate a director or submit a proposal that you do not desire to be included in next year’s proxy materials, you must do so between February 15, 2022 and March 17, 2022; provided that if the date of that annual meeting of stockholders is earlier than May 15, 2022 or later than July 15, 2022, you must give the required notice not earlier than the 120th day prior to the meeting date and not later than the 90th day prior to the meeting date or, if later, the 10th day following the day on which public disclosure of that meeting date is first made. You are also advised to review our amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

**What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the aggregate voting power of the shares of common stock entitled to vote at the meeting are present at the meeting or represented by proxy.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote during the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of the aggregate voting power of shares present at the meeting or represented by proxy may adjourn the meeting to another date.

**How can I find out the results of the voting at the annual meeting?**

We expect that preliminary voting results will be announced during the meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the meeting.

**What does it mean if multiple members of my household are stockholders but we only received one Notice or full set of proxy materials in the mail?**

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for notices and proxy materials with respect to two or more stockholders sharing the same address by delivering a single Notice or set of proxy materials addressed to those stockholders. In accordance with a prior notice sent to certain brokers, banks, dealers or other agents, we are sending only one Notice or full set of proxy materials to those addresses with multiple stockholders unless we received contrary instructions from any stockholder at that address. This practice, known as “householding,” allows us to satisfy the requirements for delivering Notices or proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of these documents. Householding helps to reduce our printing and postage costs, reduces the amount of mail you receive and helps to preserve the environment. If you currently receive multiple copies of the Notice or proxy materials at your address and would like to request “householding” of your communications, please contact your broker. Once you have elected “householding” of your communications, “householding” will continue until you are notified otherwise or until you revoke your consent by notifying your broker. To make a change regarding the format of your proxy materials (electronically or in print), or to request receipt of a separate set of documents to a household, contact us through our website at [investor.purestorage.com](http://investor.purestorage.com), or by mail at 650 Castro Street, Mountain View, California 94041.
