The Board of Directors and Stockholders of  
Terreno Realty Corporation  
San Francisco, California

We have audited the accompanying statement of revenues and certain expenses (the “Historical Summary”) of Middlebrook, located in Bound Brook, New Jersey (the “Property”) for the year ended December 31, 2009. This Historical Summary is the responsibility of the Property’s management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. The Property is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as it relates to the Historical Summary. Our audit included consideration of internal control over financial reporting as it relates to the Historical Summary as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property’s internal control over financial reporting as it relates to the Historical Summary. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in this Form 8-K/A of Terreno Realty Corporation ) as described in Note 2 to the Historical Summary and is not intended to be a complete presentation of the Property’s revenues and expenses.

In our opinion, such Historical Summary presents fairly, in all material respects, the revenues and certain expenses described in Note 2 to the Historical Summary of the Property for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

**1. Background and Basis of Presentation**

The accompanying statements of revenues and certain expenses present the results of operations of Middlebrook (the “Property”), for the period from January 1, 2010 to September 23, 2010 and the year ended December 31, 2009. The Property was acquired by a wholly-owned subsidiary of Terreno Realty Corporation from a third-party seller, Advance at Middlebrook Crossroads, LLC, on September 24, 2010 for approximately \$27.0 million. In connection with the acquisition of the Property, the subsidiary assumed a mortgage loan with a total principal amount of approximately \$15.5 million with a fixed annual interest rate of 4.9%. The Property is located in Bound Brook, New Jersey and consists of 18 multi-tenant industrial buildings containing approximately 581,000 square feet (unaudited), which were approximately 76% leased (unaudited) to 20 tenants at the time of acquisition.

The accompanying statements of revenues and certain expenses (“Historical Summaries”) have been prepared on the accrual basis of accounting. The Historical Summaries have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission and for inclusion in this Current Report on Form 8-K/A of Terreno Realty Corporation and are not intended to be a complete presentation of the revenues and expenses of the Property for the period from January 1, 2010 to September 23, 2010 and for the year ended December 31, 2009 as certain expenses, primarily depreciation and amortization expense and other costs not comparable to the proposed future operations of the Property have been excluded. Management is not aware of any material factors at the Property other than those disclosed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

**2. Summary of Significant Accounting Policies**

**Revenue Recognition**

Rental revenues from operating leases are recorded on a straight-line basis over the term of the leases. Tenant reimbursements represent recoveries from tenants for utilities and certain property maintenance expenses. Tenant reimbursements are recognized as revenues in the period the applicable costs are accrued.

In management’s opinion, all adjustments necessary to reflect the effects of these transactions have been made. The unaudited pro forma financial information and accompanying notes should be read in conjunction with the Company’s financial statements included on Form 10-K for the year ended December 31, 2009 and Quarterly Report on Form 10-Q for the three months ended September 30, 2010.
