Martin Ackermann - BW LPG Limited – CEO

Thank you very much, Anna. Welcome to the presentation of BW LPG's results for the second quarter of 2018., the financial period ending 30th of June. I am as always joined by our CFO, Elaine Ong. We appreciate your interest and we will take questions at the end of the call. Before we get into the discussion of the company's financials, and operational results, I want to briefly address where we stand regarding our proposed combination with Dorian LPG. On July 9, we increased our all stock proposal, the revised proposal represents a value of \$8.73 per share of Dorian LPG common stock based on our closing share price on 29th August, yesterday, of NOK 34.37. The Dorian LPG Board has not yet formally responded to this increased proposal we submitted more than eight weeks ago. We continue to believe that the proposed combination of BW LPG and Dorian LPG is a unique opportunity to maximize value for all shareholders and would deliver compelling benefits to the stakeholders of both companies.

Together, the company -- the combined company would have a largest fleet with better geographical coverage, improved utilization, scheduling and positioning. It would also have a significantly strengthened credit profile, which would provide greater financial flexibility to invest for the future and realize substantial financial and operational synergies. We believe the power of this combination would directly benefit customers, as we advance our vision as a premier shipping company. We have strong support from Dorian LPG shareholders for the proposed combination, and we look forward to a response from the Dorian LPG Board and them showing a willingness to constructively engage with us in the weeks ahead to discuss the merits of the combination.

As such, we announced our intent to nominate three independent, highly-qualified candidates to stand for election to the Dorian LPG Board, each of whom is committed to objectively evaluating all of Dorian LPG's strategic options and value creation opportunities. And we have filed a preliminary proxy statement with the SEC given our intention to solicit proxies to elect directors at Dorian LPG's 2018 Annual General Meeting. The purpose of today's call is to discuss our quarterly earnings. As such, we will not be able to comment any further on the proposed combination with Dorian LPG.
