June 9, 2022

Dear Stockholder:

I cordially invite you to attend via webcast the 2022 Annual Meeting of Stockholders of Advanced Drainage Systems, Inc. (the "Company," "we" or "our"), which will be held on Thursday, July 21, 2022 at 10:00 a.m., Eastern Time. This year's Annual Meeting will be a virtual meeting of stockholders, which means that you will be able to participate in the Annual Meeting, vote and submit your questions during the Annual Meeting via live webcast by visiting www.virtualshareholdermeeting.com/WMS2022. You will not be able to attend the Annual Meeting in person.

Details of the business to be conducted at the Annual Meeting are provided in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement, which you are urged to read carefully. If you participate in the Annual Meeting via the live webcast at www.virtualshareholdermeeting.com/WMS2022, you may revoke your proxy and vote during the Annual Meeting, even if you have previously submitted a proxy.

We have elected to take advantage of Securities and Exchange Commission ("SEC") rules that allow us to furnish proxy materials to certain stockholders on the Internet. On or about the date of this letter, we began mailing a Notice of Internet Availability of Proxy Materials (the "Notice") to stockholders of record at the close of business on May 27, 2022. At the same time, we provided those stockholders with access to our online proxy materials and filed our proxy materials with the SEC. We believe furnishing proxy materials to our stockholders on the Internet will allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. If you have received the Notice, you will not receive a printed copy of the proxy materials unless you request it by following the instructions for requesting such materials contained in the Notice.

Stockholders of record at the close of business on May 27, 2022 are entitled to vote at the 2022 Annual Meeting. Regardless of the number of shares you own, your vote is important. I urge you to vote as soon as possible by telephone, the Internet or by signing, dating and returning the enclosed proxy card by mail, even if you plan to attend the meeting via webcast.

Your continuing interest in our Company is greatly appreciated.

Very truly yours,

D. Scott Barbour
President and Chief Executive Officer

FISCAL YEAR HIGHLIGHTS

BUSINESS PERFORMANCE/FISCAL YEAR ACHIEVEMENTS

We delivered another year of record financial performance for the fiscal year ended March 31, 2022. Despite several unique challenges, such as inflationary pressure, supply chain challenges and a shortage of available labor in both manufacturing and transportation, the teams remained focused on executing our plan and delivering exceptional results. We believe our accomplishments over the past year and our continued execution position us well for the future to deliver sustainable, long-term growth.

ESG STRATEGIC INITIATIVES

We are committed to integrating quality environmental, social and governance practices into our business, which we believe will increase the long-term sustainability and resiliency of our business model. In our daily operations, we are dedicated to promoting environmental stewardship through our products and solutions, creating a safe work environment for our employees and making a positive impact in the communities we serve. We also adhere to strong corporate governance principles by adopting best practices to strengthen our accountability and relationship of trust with our stakeholders.

We believe that a sound governance structure can serve as a solid foundation for a successful sustainability program. We have developed several key strategic initiatives in order to institutionalize our governance structure and enhance the oversight of our sustainability practices.

In fiscal year 2022, our Board established a sustainability committee to oversee our programs, policies and practices pertaining to sustainability and environmental issues. Prior to the establishment of the sustainability committee, Board oversight of our sustainability programs was supported by the ESG sub-committee, an informal sub-committee of the nominating and corporate governance committee.

In addition, we continued to make progress in fiscal year 2022 building our ESG program through the following initiatives:

- Issuing 10-year sustainability goals, the details of which can be accessed on our website. These goals are not included as part of, or incorporated by reference into, this proxy statement.
- Developing a robust Diversity, Equity & Inclusion (DE&I) strategy to further develop a diverse workforce, create an inclusive workplace, engage with external partners and support our communities;
- Partnering with The Ohio State University Sustainability Institute to support water management research, enhance student learning, and make their campus more sustainable;
- Acquiring Jet Polymer Recycling (Jet), a recycling company based in the southeastern region of the United States, to further our recycling impact;
- Joining Operation Clean Sweep®, an international program to reduce plastic resin loss into the environment;
- Continue collecting and regularly tracking data related to our environmental impacts;
- Increasing ESG-related disclosures, including increased and improved transparency about our sustainability practices in our sustainability report and website to better communicate our ESG efforts.

PROPOSAL ONE: ELECTION OF DIRECTORS

Director Election Process

Our business and affairs are managed under the direction of our Board. We currently have twelve directors. As previously disclosed, on May 18, 2022, Mr. Kidder, a current Class III director, notified us of his intention to not stand for re-election at the 2022 Annual Meeting and to retire from the Board effective at that time, at which time his term as a Class III director will expire. On May 18, 2022, the Board nominated Kelly S. Gast to fill the newly created vacancy resulting from Mr. Kidder's retirement, with Ms. Gast to serve as a Class III director upon her election and qualification at the 2022 Annual Meeting. Our directors hold office until their successors have been elected and qualified or until the earlier of their resignation or removal.

Our Board is presently divided into three classes of directors. Previously, directors served staggered terms of three years each. Beginning at the 2021 Annual Meeting, directors are nominated and elected for staggered one-year terms. Our directors are currently separated into the following classes:

- Our Class I directors are D. Scott Barbour, Michael B. Coleman, Tanya Fratto and Carl A. Nelson, Jr.;
- Our Class II directors are Anesa T. Chaibi, Robert M. Eversole, Alexander R. Fischer and M.A. (Mark) Haney; and
- Our Class III directors are Ross M. Jones, C. Robert Kidder, Manuel J. Perez de la Mesa and Anil Seetharam.

The terms of our Class I directors are set to expire upon the election and qualification of successor directors at our 2023 Annual Meeting. The terms of our Class II and Class III directors are set to expire upon the election and qualification of successor directors at the 2022 Annual Meeting. At the 2023 Annual Meeting, all directors will stand for election to serve one-year terms.

Any vacancies in our classified Board will be filled by the remaining directors and the elected person will serve the remainder of the term of the class to which he or she is appointed. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

When considering whether directors and nominees have the experience, qualifications, attributes or skills, taken as a whole, to enable our Board to satisfy their oversight responsibilities effectively in light of our business and structure, our Board focused primarily on each person's background and experience as reflected in the information discussed in each of the directors' individual biographies set forth below. We believe that our directors provide an appropriate mix of experience and skills relevant to the size and nature of our business. We also value the experience that our directors bring from their service on other boards.

2022 Nominees for Election to the Board of Directors

The Class II and III directors to be elected at the 2022 Annual Meeting will serve a term that expires at the 2023 Annual Meeting. The Board has nominated (a) Messrs. Eversole, Fischer and Haney and Ms. Chaibi for re-election as Class II directors at the 2022 Annual Meeting and (b) Messrs. Jones, Perez de la Mesa and Seetharam for re-election and Ms. Gast for election as Class III directors at the 2022 Annual Meeting. Ms. Gast's nomination as director was recommended by a third-party search firm. All of the nominees have indicated a willingness to stand for re-election and to serve if re-elected.

The following paragraphs describe the business experience and education of Messrs. Eversole, Fischer, Haney, Jones, Perez de la Mesa and Seetharam and Ms. Chaibi and Gast, who have been nominated for terms expiring at the 2023 Annual Meeting.

Anesa T. Chaibi. Anesa T. Chaibi became a director in 2020. Mr. Eversole is a graduate of The Ohio State University and has completed a number of executive education programs. We believe that Mr. Eversole's extensive background in private equity and commercial banking, his expertise on financial matters and his extensive leadership and management experience make him qualified to serve as a member of our Board.

Alexander R. Fischer. Alexander R. Fischer became a director in 2014. Mr. Fischer is the founder of Alex R. Fischer and Company, which offers strategic advisory services on corporate strategy, real estate development and economic development. Mr. Fischer graduated from the University of Tennessee with a B.S. in Economics and Public Administration and also received a Master's of Science in Urban Planning and Economic Development from the University of Tennessee. We believe that Mr. Fischer's executive management experience, his

knowledge of economic development and commercialization and the knowledge he has gained from his extensive involvement in the public policy sectors make him qualified to serve as a member of our Board.

Kelly S. Gast. Kelly Gast is director nominee in 2022. Ms. Gast is a Senior Vice President and the Chief Financial Officer for Bayer Crop Science, a division of Bayer AG, a multinational pharmaceutical and life sciences company, and one of the largest pharmaceutical companies in the world. Previously, Ms. Gast held a variety of roles in increasing responsibility within several business units at Monsanto Company, beginning in 1995. Ms. Gast has a B.A. in Economics from the University of Illinois at Champaign-Urbana and received a certified public accountant certificate. We believe that Ms. Gast's executive leadership experience and her expertise on financial accounting matters make her qualified to serve as a member of our Board.

M.A. (Mark) Haney. M.A. (Mark) Haney became a director in 2014. Mr. Haney retired in December 2011 from Chevron Phillips Chemical Company LP, a chemical producer, where he served as Executive Vice President of Olefins and Polyolefins from January 2011 until his retirement. Prior to joining Chevron Phillips Chemical Company, Mr. Haney held numerous management positions with Phillips Petroleum Company. Mr. Haney attended West Texas University and majored in chemistry. BOARD OVERSIGHT RESPONSIBILITIES

The entire Board is engaged in risk management oversight. At the present time, our Board has not established a separate committee to facilitate its risk oversight responsibilities. Our Board expects to continue to monitor and assess whether such a committee would be appropriate. The audit committee assists our Board in its oversight of our risk management and the process established to identify, measure, monitor, and manage risks, in particular major financial risks. Our Board will receive regular reports from management, as well as from the audit committee, regarding relevant risks and the actions taken by management to address those risks.

BOARD INDEPENDENCE

Our common stock has been listed on the New York Stock Exchange, or NYSE, under the symbol "WMS" since July 25, 2014. Under the rules of the NYSE, independent directors must comprise a majority of our Board. In addition, the rules of the NYSE require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Under the rules of the NYSE, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, our Board, or any other board

committee: (i) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or (ii) be an affiliated person of the listed company or any of its subsidiaries.

In fiscal year 2022, our Board undertook a review of its composition, the composition of its committees, and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment, and affiliations, including family relationships, our Board has determined that none of our directors except for Mr. Barbour has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors, other than Mr. Barbour, is “independent” as that term is defined under the rules of the NYSE.

Except as otherwise described below, our Board has determined that those directors who serve on our audit committee, compensation and management development committee and nominating and corporate governance committee satisfy the independence standards for those committees established by the rules of the NYSE and (in the case of the audit committee) the applicable SEC rules. In making this determination, our Board considered the relationships that each non- employee director has with us and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

DIRECTOR SKILLS, QUALIFICATIONS AND EXPERIENCE

In our process for assessing the composition of the Board, we strive to maintain a diverse and dynamic Board that combines an appropriate mix in business, strategic, and financial skills, as well as independence, integrity and time availability.

Our directors bring a wealth of knowledge and expertise to the Board, including skills and experiences that are relevant for our strategy development and long-term sustainable performance. As illustrated in the biographical information for each of our directors, many of them have extensive leadership experience, with several of having served as CEOs of public companies and experiences in mergers and acquisitions, strategic planning, and operations. Further, several of our Board members have direct knowledge and related experience in the industrial sector both in terms of technical knowledge and in relation to the markets we operate. Additional skills and backgrounds of our directors that bring significant value to our Board include legal expertise, audit and accounting, public policy and government contracting, and international operations.

BOARD DIVERSITY RENEWAL

The nominating and corporate governance committee considers Board diversity and Board renewal as two fundamental components for ensuring dynamism and quality in the composition of the Board. We believe that diversity of viewpoints, backgrounds and experiences can improve the Board's ability to engage with management, while regular renewal and a balance of tenure at the Board can help revitalize this diversity. The nominating and corporate governance committee considers multiple aspects of diversity among directors, including professional skills and experiences, industry knowledge, subject matter expertise, gender, ethnicity and age. The director nomination process allows for the Board to design recruitment procedures that meet the Board's and the Company's strategic priorities at a given point in time. Our annual Board self-evaluation process serves as an effective mechanism for monitoring the need for Board refreshment.

BOARD AND DIRECTOR EVALUATION PROCESS

We believe that a robust Board evaluation process is critical to maintaining an effective and dynamic Board. Our nominating and corporate governance committee authorizes our Board Chair to conduct an annual evaluation of the overall performance and effectiveness of the Board and each of its members in fulfilling its duties and responsibilities, as well as to report those findings to the Board each year. In addition, each committee conducts an annual performance evaluation.

REVIEW OF DIRECTOR NOMINEES

Our nominating and corporate governance committee maintains a rigorous director nomination process, which allows us to identify potential nominees based on a set of criteria developed in accordance with our strategic needs at the time of recruitment. In identifying and evaluating director candidates, the nominating and corporate governance committee first considers the Company's developing needs and desired characteristics of a new director, as determined from time to time by the nominating and corporate governance committee.

In the recruitment process, the nominating and corporate governance committee, with the assistance of independent advisers as needed, assesses the strategic needs of the Board in terms of backgrounds and qualifications, including the following: business, strategic, and financial skills; independence, integrity, and time availability; diversity of gender, race, and other personal characteristics; and overall experience in the context of the Board's needs. This process is supplemental to the annual Board evaluation process and helps our Board make recruitment and succession planning decisions that sustain and improve its capacity, diversity, and independence.

BOARD MEETINGS AND ATTENDANCE

During fiscal year 2022, the Board met four times. Each Director attended at least 75% of the total number of meetings of the Board and the committees on which he or she served. In accordance with the Company's Corporate Governance Guidelines, the Directors are encouraged to attend the annual meetings of stockholders. 75% of our directors as of the 2021 Annual Meeting were in attendance.

COMMITTEES OF THE BOARD

Our Board has established an audit committee, a compensation and management development committee, a nominating and corporate governance committee, and an executive committee, each of which has the composition and responsibilities described below. During fiscal year 2022, the Board established a sustainability committee, which has the composition and responsibilities described below. In May of 2022 the stock repurchase committee was dissolved with authority related to stock repurchase program matters delegated to the executive committee. Our Board has adopted written charters for the audit committee, the compensation and management development committee, nominating and corporate governance committee and sustainability committee that comply with current federal law and applicable NYSE rules relating to corporate governance matters, which charters are available on our website (www.adspipe.com). Our Board may also establish from time to time any other committees that it deems necessary or desirable.

Audit Committee

Our audit committee is comprised of Messrs. Coleman, Eversole, Fischer and Mses. Chaibi and Fratto, with Mr. Eversole serving as the chairperson of the audit committee. Our audit committee met five times in fiscal year 2022. All of the members of the audit committee are financially literate and have accounting or related financial management expertise within the meaning of the rules of the NYSE. Our Board has determined that Mr. Eversole qualifies as an "audit committee financial expert," as that term is defined under the Securities and Exchange Commission ("SEC") rules implementing Section 407 of the Sarbanes-Oxley Act of 2002.

Our audit committee is responsible for, among other things:

- reviewing and approving the selection of our independent auditors, and approving the audit and non-audit services to be performed by our independent auditors;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;
- reviewing the adequacy and effectiveness of our internal control policies and procedures;
- discussing the scope and results of the audit with the independent auditors and reviewing with management and the independent auditors our interim and year-end operating results; and
- preparing the audit committee report that the SEC requires in our annual proxy statement.

Compensation and Management Development Committee

Our compensation and management development committee is comprised of Messrs. Haney, Jones, Kidder, Nelson, and Perez de la Mesa and met five times in fiscal year 2022. Mr. Nelson is the chairperson of our compensation and management development committee. Our compensation and management development committee is responsible for, among other things:

- overseeing our compensation policies, plans, and benefit programs;
- reviewing and approving for our executive officers: the annual base salary, the annual incentive bonus, including the specific goals and amount, equity compensation, employment agreements, severance

arrangements and change in control arrangements, and any other benefits, compensations or arrangements;

- reviewing the succession planning for our executive officers;
- preparing the compensation committee report that the SEC requires to be included in our annual proxy statement; and
- administering our equity compensation plans.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Messrs. Fischer, Seetharam and Kidder and Ms. Fratto and met six times in fiscal year 2022. Mr. Fischer is the chairperson of our nominating and corporate governance committee. Our nominating and corporate governance committee is responsible for, among other things:

- assisting our Board in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to our Board;
- reviewing developments in corporate governance practices and developing and recommending governance principles applicable to our Board;
- overseeing the evaluation of our Board and management; and
- recommending members for each Board committee to our Board.

In identifying and evaluating director candidates, the nominating and corporate governance committee first considers the Company's developing needs and desired characteristics of a new director, as determined from time to time by the nominating and corporate governance committee. The nominating and corporate governance committee then considers various candidate attributes, including the following: business, strategic, and financial skills; independence, integrity, and time availability; diversity of gender, race, and other personal characteristics; and overall experience in the context of the Board's needs.

The nominating and corporate governance committee will also consider director candidates recommended by Company security holders. The nominating and corporate governance committee does not intend to alter the manner in which it evaluates a candidate for nomination to the Board based on whether or not the candidate was recommended by a Company security holder.

Security holders who wish to recommend individuals for consideration by the nominating and corporate governance committee to become nominees for election to the Board at an annual meeting of stockholders must do so by delivering not less than ninety nor more than one hundred twenty calendar days prior to the first anniversary date of the preceding year's annual meeting a written recommendation to the nominating and corporate governance committee c/o Advanced Drainage Systems, Inc., 4640 Trueman Boulevard, Hilliard, OH 43026, Attn: Chief Executive Officer and must meet the deadlines and other requirements set forth in the Company's Bylaws and the rules and regulations of the Securities and Exchange Commission. Based on the current date of the 2022 Annual Meeting, a proposal for the 2023 Annual Meeting must be delivered no earlier than March 23, 2023 or later than April 22, 2023 to be timely. Each written recommendation must set forth, among other information as described more fully in the Company's Bylaws:

- the name and address of the Company security holder(s) on whose behalf the recommendation is being made;
- the class or series and number of shares of Company stock that are, directly or indirectly, owned of record or beneficially owned by such security holder(s) on whose behalf the recommendation is being made as of the date of the written recommendation;

- the proposed director candidate's full legal name, age, business address and residential address;
- a description of the proposed director candidate's principal occupation or employment and business experience for at least the previous five years;
- complete biographical information for the proposed director candidate;
- a description of the proposed candidate's qualifications as a director;
- the class and number of shares of Company stock that are beneficially owned by the proposed director candidate as of the date of the written recommendation; and
- any other information relating to the proposed director candidate that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A promulgated under the Securities Exchange Act of 1934, as amended.

Each submission must be accompanied by the written consent of the proposed candidate to be named as a nominee and to serve as a director if elected.

If a proposed director candidate is recommended by a security holder in accordance with the procedural requirements discussed above, the Chief Executive Officer will provide the foregoing information to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate the proposed director's candidacy and recommend whether the Board should nominate the proposed director candidate for election by the Company's stockholders.

Sustainability Committee

In February 2022, our Board established a sustainability committee. Prior to the establishment of the sustainability committee, Board oversight of our sustainability programs was supported by the ESG sub-committee which was an informal sub-committee of the nominating and corporate governance committee.

Our sustainability committee is comprised of Messrs. Coleman and Seetharam and Ms. Chaibi and did not meet in fiscal year 2022, with oversight of sustainability matters supported in fiscal year 2022 by the ESG sub-committee prior to the sustainability committee's formation. Mr. Coleman is the chairperson of our sustainability committee. Our sustainability committee is responsible for, among other things:

- Reviewing and overseeing our programs, policies, and practices pertaining to sustainability and environmental issues;
- Maintaining oversight with all applicable laws and regulations as well as voluntary reporting of our sustainability and environmental policies and programs;
- Monitoring sustainability and environmental trends and risks impacting our business activities; and
- Reviewing our annual Corporate Sustainability Report and performance against relevant external sustainability indices.

Executive Committee

Our executive committee is comprised of the Chair of the Board and the Chairperson of each of the audit, compensation and management development, nominating and corporate governance and sustainability committees. The executive committee meets between meetings of our Board, as needed, and has the power to exercise all the powers and authority of our Board with respect to matters delegated to the executive committee by our Board, except for the limitations under Section 141(c) of the Delaware General Corporation Law and/or applicable limitations under our organizational

documents. The responsibilities of the former stock repurchase committee were consolidated under the executive committee in fiscal year 2022.

Stock Repurchase Committee

Our stock repurchase committee was previously comprised of Messrs. Kidder and Eversole. During fiscal 2022 the stock repurchase committee did not convene, with matters related to stock repurchases and the Company's stock repurchase program were addressed by the full Board. In May of 2022 the stock repurchase committee was dissolved, with oversight for the Company's stock repurchase program delegated to the Executive Committee.

BOARD LEADERSHIP

Our Board does not have a formal policy on whether the roles of Chair of our Board and Chief Executive Officer of the Company should be separate or combined and has the flexibility to decide which structure is in the best interests of our stockholders. We believe at this time that our stockholders are best served by separate Chair and CEO roles. D. Scott Barbour serves as the Chief Executive Officer, and C. Robert Kidder currently serves as the Chair of the Board. Assuming his re-election at the Annual Meeting, as previously disclosed, Robert M. Eversole will serve as Chair of the Board upon the conclusion of Mr. Kidder's term as a director following the Annual Meeting.

A number of factors support the separate leadership structure chosen by the Board. Separate Chair and CEO roles promote balance between the Board's independent authority to oversee the Company's business and the CEO's management team, which manages the business on a day-to-day basis. Separation of the Chair and CEO roles allows Mr. Barbour to focus his time and energy on operating and managing the Company and leverages the experience and perspectives of Mr. Kidder, who previously served as Lead Independent Director of the Board and currently presides over executive sessions of the Board. Separating the Chair and CEO roles fosters accountability, creates an environment that is more conducive to objective evaluation of management's performance and enhances the effectiveness of the Board as a whole. Separating these positions allows the Chair to focus on the general policy of the Company and lead the Board in its fundamental role of providing oversight and advice while also allowing Mr. Barbour to streamline his duties as CEO and attain a comprehensive focus on the Company's day-to-day business operations. For these reasons, having two separate positions is the appropriate leadership structure for the Company at this time.

Our Board recognizes that depending on future circumstances, other leadership models may become more suitable in addressing the interests of our stockholders. Accordingly, our Board will periodically review its leadership structure.

DIRECTOR COMPENSATION

In fiscal year 2022, with the assistance of WTW, we revised the structure of our Board compensation. Below is a summary of the structure of our Board compensation program design.

Cash Retainer

Each non-employee director receives an \$85,000 annual cash retainer for their service on the Board and committees.

The chair of each committee of our Board receives an additional cash retainer. The chair of the compensation and management development committee and sustainability committee each receives an annual cash retainer of \$20,000 annually and the chair of the nominating and corporate governance committee receives an annual cash retainer of \$20,000. The annual cash retainer for the chair of our audit committee for serving in that capacity is \$35,000. For his service as Chair of the Board and lead independent director during fiscal year 2022, Mr. Kidder was paid \$90,000. None of our directors receive meeting fees in addition to these retainers.

Stock Awards and Stock in Lieu of Cash Retainer

Each non-employee director receives shares of restricted stock in an amount equal to \$125,000 at the date of grant that will vest on the one-year anniversary of the grant date, subject to cancellation and forfeiture of unvested shares upon

termination of service with our Board (the "Director Stock Awards"). Such shares would be issued pursuant to the 2017 Omnibus Incentive Plan.

For his service as Chair of the Board, Mr. Kidder received an amount equal to \$30,000 at the date of the grant that will vest on the one-year anniversary of the grant date.

Each non-employee director is also provided the option to receive their annual cash retainer of \$85,000 in the form of shares of restricted stock under the 2017 Omnibus Incentive Plan in an amount equal to \$85,000 ("Stock in Lieu of Cash Awards"), subject to the same vesting parameters as the Director Stock Awards. For fiscal year 2022, Messrs. Nelson, Jones, Eversole, Fratto, Seetharam and Perez de la Mesa elected to receive Stock in Lieu of Cash Awards.

Director Stock Awards and Stock in Lieu of Cash Awards are to be made on the date of the annual meeting of the Company's stockholders, are valued as of the grant date and are subject to forfeiture in the event that the Director ceases to serve as a Director during the one-year vesting period.

Expense Reimbursement

Non-employee directors will also continue to receive reimbursement of all reasonable travel and other expenses for attending meetings of our Board or other Company-related functions.

(6) Each of Messrs. Nelson, Jones, Perez de la Mesa, Seetharam and Eversole, and Ms. Fratto elected to receive shares of restricted stock in lieu of their \$85,000 annual retainer paid in cash for membership on our board of directors. See above under "— Stock Awards and Stock in Lieu of Cash Retainer." The number of shares of common stock granted in lieu of cash compensation will be based on the aggregate grant date fair value of our common stock computed in accordance with FASB ASC Topic 718, Compensation — Stock Compensation. These awards will be made on the date of the annual meeting of the Company's stockholders. The awards will be valued as of the grant date and will vest on the one-year anniversary of the grant date.

Compensation Committee Interlocks and Insider Participation

There are no interlocking relationships between any member of our compensation and management development committee and any of our executive officers that require disclosure under the applicable rules promulgated under the federal securities laws.

DIRECTOR STOCK OWNERSHIP POLICY

To encourage equity ownership among non-employee directors, our Board has adopted stock ownership guidelines applicable to all non-employee directors. Under the stock ownership guidelines, each non-employee director is expected to own Common Stock having a value of at least three times their annual cash retainer. The non-employee directors have five years from the later of the completion of our IPO or the date of their election to fulfill this ownership requirement. The stock ownership guidelines require each non-employee director to retain all shares received, net of shares sold for tax purposes, until the ownership requirements are met.

DIRECTORS' SERVICE ON OTHER PUBLIC BOARDS

After first becoming a director of the Company, without the specific approval from the Board, no director may accept an invitation to serve on another public company board or any committee thereof. No director may sit on the board of any competitor of the Company in its principal lines of business to the extent that any such service would constitute a violation of U.S. antitrust law.

As part of our annual Board evaluation process described above, we regularly review each director's ability to continue to contribute to the Board considering other commitments. Based on our assessment, we believe that our directors' other commitments do not prevent them from sufficiently fulfilling their duties at our Board.

ENGAGEMENT WITH STOCKHOLDERS AND GOVERNANCE IMPROVEMENTS

Our commitment to good governance practices extends to building trusting relationships and partnerships with our stockholders through continued engagement and accountability.

Our engagement with our stockholders serves a crucial role in preserving a robust and effective corporate governance program that serves their long-term interests and positions us for sustainable growth. We engage with our stockholders regularly to understand their perspective and to ensure that our practices are aligned with expectations. Over the past year, we continued to engage with investors around the effectiveness and development of our corporate governance program and our sustainability efforts.

As a result of our internal review of our governance practices and the feedback we received during outreach to investors, we implemented enhancements to our corporate governance program, including declassification of the Board and reducing the supermajority vote requirements for certain charter and bylaws changes. We also adopted a majority vote standard for uncontested director elections (with a plurality carve-out for contested elections). We continue to value the views of our stockholders as we strive for continuous improvement across our corporate governance practices and processes.

SUSTAINABILITY OVERSIGHT

We previously established an informal sub-committee of the nominating and corporate governance committee that was referred to as the ESG sub-committee, chaired by Mr. Fischer and with participation from other members of the Board, including Messrs. Coleman and Barbour, to develop and review ADS' corporate citizenship and sustainability programs as well as our environmental, employee health & safety, and business ethics policies. In fiscal 2022, the ESG sub-committee conducted quarterly reviews of the Company's diversity, equity, and inclusion (DE&I) strategy, actions, and metrics. In February of 2022 the Board established a separate sustainability committee as described above under "COMMITTEES OF THE BOARD – Sustainability Committee." The sustainability committee periodically reviews the Company's sustainability strategy and performance, including, but not limited to, material environmental and social trends and related

long- and short-term Company impacts, as well as the Company's environmental and sustainability reporting and disclosure practices.

As discussed above, with the support and guidance of the ESG sub-committee, and commencing in fiscal year 2023 the sustainability committee, we have taken important steps to set the foundation for an effective oversight of our sustainability practices, including the establishment of processes for collecting and regularly tracking data related to our environmental impacts, our review and selection of sustainability reporting standards, and the creation of business-oriented key performance indicators in alignment with best practice standards.

From time to time, the Board may revise our Corporate Governance Guidelines to reflect new regulatory requirements and evolving corporate governance practices. A copy of our Corporate Governance Guidelines is available on our website at www.adspipe.com.

MAJORITY VOTING STANDARD FOR DIRECTORS

In response to growing investor concern about the lack of accountability inherent in plurality voting, and in an effort to increase the accountability of each director to the Company's stockholders, the Company's Bylaws were amended in 2020 to implement a majority voting standard for director elections, effective immediately following the 2021 Annual Meeting. Accordingly, in uncontested elections, an incumbent director nominee that receives more votes "AGAINST" than "FOR" his or her election must promptly tender a resignation to the Board. Upon receipt of a tendered resignation, the Board will decide whether to accept or reject the resignation, and must publicly disclose its decision within ninety (90) days of the date of the election. If a director's resignation is not accepted by the Board, such director will continue to serve on the Board until the next annual meeting and until his or her successor is duly elected or until his or her earlier resignation, removal or death. Under our majority voting standard, a director nominee in an uncontested election that is not an incumbent director and that receives more "AGAINST" votes than "FOR" votes will not be elected as a director of the Company (with abstentions and broker non-votes not counted as a vote cast either for or against that director's election).

In contested elections, where the number of nominees exceeds the number of seats on the Board up for election, the plurality voting standard will continue to apply and the nominees receiving the most "FOR" votes will be elected as directors.

CODES OF BUSINESS CONDUCT AND ETHICS

Our Board has established a Code of Ethics for Senior Executive and Financial Officers that applies to our senior executive and financial officers, including our principal executive officer, principal financial officer, principal accounting officer, or persons performing similar functions. We also maintain a Code of Business Conduct and Ethics that governs all of our directors, officers and employees. A copy of the Code of Ethics for Senior Executive and Financial Officers and the Code of Business Conduct and Ethics are available on our website at www.adspipe.com. We will promptly disclose any future amendments to these codes on our website, as well as any waivers from these codes for executive officers and directors. Copies of these codes will also be available in print from our Corporate Secretary, without charge, upon request.

Communications determined by the Company's Chief Executive Officer to be appropriate for presentation to the Board or such director will be submitted to the Board or such director on a periodic basis. EXECUTIVE COMPENSATION HIGHLIGHTS – FISCAL YEAR 2022

Our growth has been driven, in part, by the continued success of our material conversion and water management solutions strategies as well as a favorable demand environment throughout the year. Another record year of financial performance at ADS.

Business Performance Highlights:

- Total Net sales increased 39.7% to \$2,769 million, driven by favorable pricing, successful execution of our material conversion strategy, complete water management solutions package and focus on key sales programs.
- Adjusted EBITDA increased 19.2% to \$676 million, primarily driven by an increase in sales volume and favorable pricing on pipe, on-site septic and allied products. These increases were partially offset by inflationary cost pressure on materials, transportation and labor, as well as an increase in the use of third-party logistics services. In addition, shortages of available labor and absenteeism related to the COVID-19 pandemic were a challenge in both manufacturing and transportation operations.

The following summarizes our strong performance over the past several years:

(1) EBITDA adjustments exclude one-time transaction costs and certain non-cash items

We continue to believe our compensation practices and our overall level of executive compensation are competitive when compared to our peer group and reflect our commitment to shareholder alignment and performance-based pay. The majority of each NEO's target compensation has been and continues to be at-risk. Consistent with this policy, the compensation delivered to our executives in fiscal 2022 is indicative of our strong performance in the market and as compared to our peer group.

Record Setting Financial Performance Aligned with Above Target Executive Compensation in Fiscal 2022

- Base salary increases for NEO's in fiscal 2022 averaged 6.6%, following no increases in fiscal 2021 in response to the COVID pandemic.
- Cash payments to the NEO's from the fiscal 2022 Annual Cash Incentive Plans ranged from 150% to 168% of target due to the performance exceeding established targets.
- Performance based awards to the participating NEO's under the ADS Long Term Incentive Plan (April 1, 2019 – March 31, 2022) were paid at 200% of target, which is the maximum possible attainment under our program.
- Performance based awards to the participating NEO's from 2019 based on performance following the acquisition of Infiltrator Water Technologies were also 200% of target, which is the maximum possible attainment under our program.

Stockholder Feedback:

- "Say on Pay" received majority support (97%).
- The Board and our Compensation Committee appreciate and value the views of our stockholders. Going forward, the Committee will continue to review stockholder advisory votes on executive compensation and take them into consideration when making future executive compensation decisions.

EXECUTIVE COMPENSATION PROGRAM OVERVIEW

The following pages summarize the design and components of the executive compensation programs in place during fiscal 2022.

Linking Pay to Stockholder Value Creation

Aligning executive compensation to stockholder value creation as well as attracting and retaining top talent are core to the design of our executive pay programs. Through our short-term and long-term compensation plans, the Compensation Committee strives to achieve these objectives. We believe that stockholder value is foundationally created by sales and profitability growth as well as delivering strong cash flow and returns on invested capital through the leadership of our NEO's. Accordingly, our incentive compensation programs for fiscal year 2022 continued the combined use of these metrics, directly linking the pay of our executive team to these critical drivers of stockholder value creation over both the short-term and long-term. Our NEO's are therefore aligned and invested in the delivery of the success of the business, as most of their compensation is impacted in a similar manner to which stockholders are impacted through their return on investment.

Executive Compensation Philosophy and Objectives

| Philosophy |
|--|
| <ul style="list-style-type: none">• Link the equity compensation of our executives to the sustained value they create for our stockholders• Place greater emphasis on variable pay versus fixed pay• Performance should predominantly drive compensation• In establishing compensation levels, we consider the competitive range for similar executive roles and largely view the competitive market range as between the 25th percentile and the 75th percentile of our Compensation Peer Group. As a general rule, we strive to position total compensation levels within this market range while also recognizing the individual performance, experience, and skills of our NEO's drive our compensation decisions |

Objectives

- Attract, retain, and motivate top talent
- Drive the performance culture as well as Company values
- Reward sustained performance
- Align compensation with stockholders' interests
- Link compensation to company, functional, and individual accomplishment

Key Groups in Determining Executive Compensation

The following key groups are involved in making executive compensation decisions:

Compensation & Management Development Committee

- Responsible for the design and implementation of our executive compensation policies and programs
- Annually reviews and approves the corporate goals and objectives relevant to CEO compensation
- Reviews CEO's performance, and with insight from our executive compensation consultant, recommends CEO's compensation package to the Board for approval
- Determines the compensation (base salary, incentives, etc.) and mix for the other NEO's consistent with the terms of their employment agreements
- Administers the annual and long-term incentive plans and equity program

Outside Executive Compensation Consultant

- During fiscal year 2022, with the consent of the Committee, management continued to engage the services of WTW, an independent executive compensation consultant
- WTW consulted with the Committee regarding: competitive pay levels for management and the Board; trends, regulatory developments, and incentive plan design
- WTW provided limited "other services" to the Company for global benefits support

WTW has been consulting with the Committee since the Company went public in 2014. The Committee has considered the factors cited by the SEC as key determinants of an advisor's independence and determined that the work performed does not present any conflicts of interest.

ADS Management

- Our human resources department, in partnership with the Committee, supports the design and implementation of all executive compensation programs
- Our finance department supports the process by providing financial analysis as part of the review of program design
- Except with respect to his own compensation, our CEO has final management-level review of any compensation program before it is sent to the Committee for consideration and approval
- Management frequently consults with the Committee during the design process to provide direction and feedback on how the design of our executive compensation programs supports our overall strategy

Executive Compensation Benchmarking Peer Group

The Company uses a customized compensation peer group, developed in collaboration with its executive compensation consultant, to provide insight into prevalent program design and compensation levels. Each year, the peer group is reviewed by the Committee. For fiscal year 2022, the Committee determined the existing peer group was appropriate and continues to be a reasonable group for informing compensation decisions.

Tables below summarize our updated customized peer group.

- A. O. Smith Corporation
- American Woodmark Corporation
- Apogee Enterprises, Inc.
- Armstrong World Industries, Inc.
- Atkore International Group Inc.
- Cornerstone Building Brands, Inc.
- Forterra, Inc.
- Graco Inc.
- Griffon Corporation
- JELD-WEN Holding, Inc.

- Louisiana-Pacific Corporation

- Mueller Water Products, Inc.
- Patrick Industries, Inc.
- Simpson Manufacturing Co., Inc.
- Summit Materials, Inc.
- Trex Company, Inc.
- U.S. Concrete, Inc.
- Watts Water Technologies, Inc.

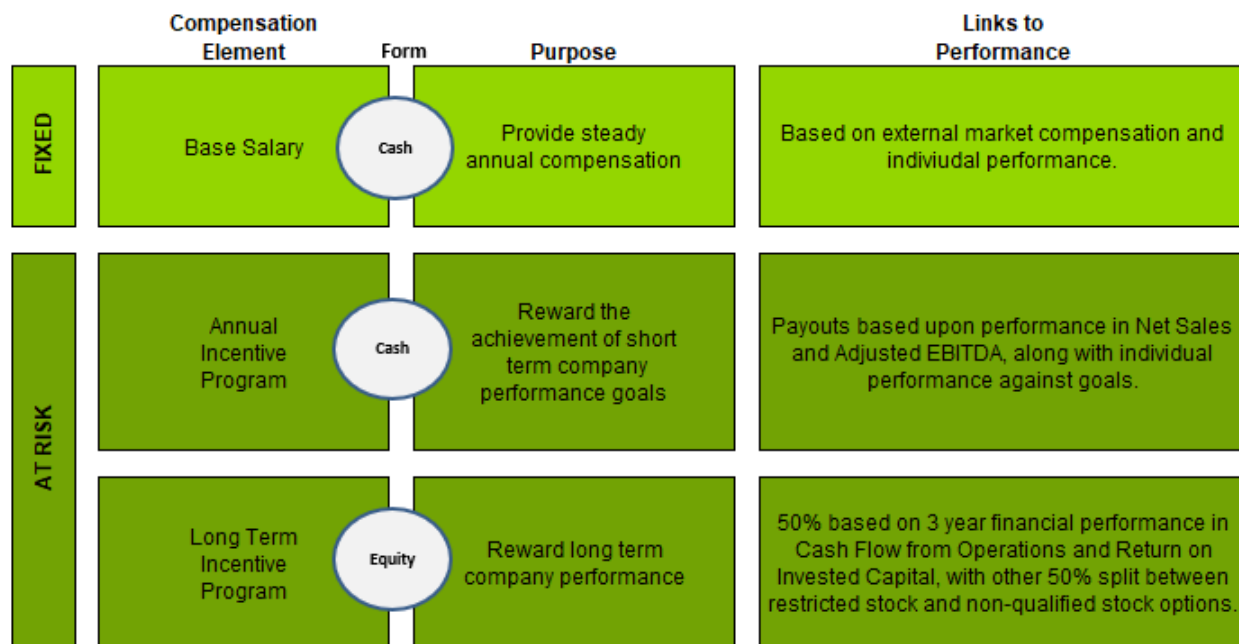

In general, these companies come from the building products, machinery, or construction materials industries and are likely to be attracting and retaining talent with similar experience and skills to that of our Company. The median annual revenue of these companies (\$1.6 billion) reflects a range of \$0.8 billion to \$4.7 billion.

Components of Executive Compensation – Fiscal Year 2022

The Committee has responsibility for determining all elements of compensation granted to the NEOs and reviews each element of compensation, as well as the relative mix and weighting of elements, on an annual basis.

Key Executive Pay Elements – Fiscal Year 2022

The chart below summarizes the key pay elements for our NEOs during fiscal year 2022. Each element is described in further detail below on the following pages.

Base Pay

The base salary element of our compensation program is designed to be competitive with compensation paid to similarly- situated, competent, and skilled executives. This element of pay serves as the foundation for the executive compensation program. Our NEOs are covered by employment agreements and, accordingly, we pay annual base salaries initially as set forth in these agreements.

On an annual basis, the Committee reviews base salaries for the NEOs using the following factors in its determination of changes:

- Performance relative to the pre-established goals and objectives in the executive's areas of responsibility;
- Competitive base salary levels of similar positions in the compensation peer group;
- Trends in base salary increases in the compensation peer group;
- Executive's overall contribution to the business strategy and our growth objectives, individual performance and potential for future contributions; and
- Current economic environment.

The CEO, with input from the human resources department, proposes base salary increases, if any, for all NEOs, excluding himself, based on the above criteria. His proposal is subject to review and approval (with or without modifications) by the Committee. Changes to the CEO's base salary are initiated and approved by the Committee directly, subject to the review and final approval of our Board.

The base salaries of each of our NEO's for fiscal 2022 were changed effective June 1, 2021. Salary levels as follows as of March 31, 2022:

| Named Executive Officer | Annual Salary March 31, 2021 | Annual Salary March 31, 2022 | Annual Salary Increase (\$) | Annual Salary Increase (%) |
|-------------------------|---------------------------------|---------------------------------|--------------------------------|-------------------------------|
| D. Scott Barbour | \$870,000 | \$900,000 | \$30,000 | 3% |
| Scott A. Cottrill | \$520,000 | \$550,000 | \$30,000 | 6% |
| Roy E. Moore, Jr. | \$495,591 | \$510,000 | \$14,409 | 3% |
| Darin S. Harvey | \$375,000 | \$425,000 | \$50,000 | 13% |
| Kevin C. Talley | \$385,000 | \$415,000 | \$30,000 | 8% |

ADS Annual Incentive Compensation

Our annual incentive program provides cash incentive opportunities for our NEOs based on the Company's financial performance as well as individual performance. The Committee believes the following measures and weighting reflect key value drivers for purposes of establishing payouts under the Annual Incentive Plan:

Messrs. Barbour, Cottrill, Harvey, Talley

Mr. Moore

- **Adjusted EBITDA** - EBITDA before stock based compensation expense, non-cash charges and certain other expenses
- **Total Net Sales** - Sales after cash discounts, product returns, and freight rebills
- **Individual Performance** - Performance of the executives in relation to their annual performance objectives and demonstrated leadership

By tying a significant portion of the executive's total annual cash compensation to annual variable pay we believe we are further reinforcing our pay for performance culture and focusing our executives on critical short-term financial and operational objectives, which also supports our long-term financial goals.

Establishing Annual Incentive Target Payouts

Under the Annual Incentive Plan, target payouts for each NEO are reviewed on an annual basis and compared against the compensation peer group. The CEO, with input from the human resources department, proposes annual targets for all NEOs, excluding himself, based on the performance measures. His proposal is subject to review and approval (with or without modifications) by the Committee. Changes to Mr. Barbour's targeted payout from the Annual Incentive Plan are initiated and approved by the Committee directly, subject to the review and final approval of our Board.

Our established targets enhance the alignment of our pay-for-performance and stockholder alignment principles. The annual incentive targets for fiscal year 2022 as a percentage of salary are as follows:

| Named Executive Officer | Target Incentive Opportunity (% of Base Salary) |
|-------------------------|--|
| D. Scott Barbour | 111% |
| Scott A. Cottrill | 85% |
| Roy E. Moore, Jr. | 65% |
| Darin S. Harvey | 65% |
| Kevin C. Talley | 65% |

Business Performance Levels in Annual Incentive Plan – Messrs. Barbour, Cottrill, Harvey & Talley

As reflected in the table below, threshold, target, and maximum performance levels were established based on the Committee's assessment of performance targets that appropriately drive and reward achievement of growth versus our prior year performance levels. The performance levels established for the non-individual metrics in the Plan for fiscal 2022 were as follows:

- **Target performance levels**, which earn a 100% payout, reflect a 15% improvement versus fiscal year 2021 actual results for Adjusted EBITDA and total net sales.
- **Threshold performance levels**, which earn a 50% payout, reflect a 1% improvement over fiscal year 2021 actual results for Adjusted EBITDA and total net sales.
- **Maximum performance levels**, which earn a 200% payout, reflect a 28% improvement versus fiscal year 2021 actual results for Adjusted EBITDA and total net sales.

| Business Performance Levels – FY22 (000's) | | | | |
|--|-------------------|-------------|-------------|-------------|
| Business Performance Measures | Measure Weighting | Threshold | Target | Max |
| Adjusted EBITDA | 60% | \$575,000 | \$650,000 | \$725,000 |

| | <i>Payout %'s</i> | <i>50%</i> | <i>100%</i> | <i>200%</i> |

Business Performance Levels in Annual Incentive Plan – Mr. Moore

As reflected in the table below, threshold, target, and maximum performance levels were established for the Infiltrator Adjusted EBITDA metric based on national housing statistics provided by the U.S. Census Bureau and U.S. Department of Housing and Urban Development. While this relational incentive feature is unique to Infiltrator, the Committee believes this plan design, in place at the time of the acquisition, continues to reflect a key value driver for purposes of establishing annual cash incentive opportunity for Mr. Moore.

| Business Performance Levels – FY22 (000's) | | | | |
|--|-------------------|------------|-------------|-------------|
| Business Performance Measures | Measure Weighting | Threshold | Target | Max |
| Infiltrator EBITDA | 70% | | | |
| Market Decline 0% - 5% | | \$166,000 | \$186,750 | \$205,000 |
| Market Outlook 6% - 10% | | \$175,000 | \$198,000 | \$215,000 |
| Market Growth > 10% | | \$185,000 | \$210,000 | \$225,000 |
| ADS Adjusted EBITDA | 10% | \$575,000 | \$650,000 | \$725,000 |
| | <i>Payout %'s</i> | <i>50%</i> | <i>100%</i> | <i>200%</i> |

Role of Individual Performance in Annual Incentive

Individual performance is measured through a combination of objective and subjective performance assessments of each NEO as compared to the annual performance objectives, as well as demonstrated leadership. It represents 20% of an executive's incentive opportunity. This incentive design provides the CEO, the Committee, and our Board the opportunity to distinguish individual performance.

Listed below are the performance objectives of each NEO in fiscal year 2022. No specific weightings are attached to any of the following individual objectives. These performance objectives serve as a general guide for the Committee in determining whether the individual goals for each NEO have been achieved.

Long-Term Incentive Compensation

Our long-term incentive compensation program is an integral part of an executive's total compensation and provides awards for creating and delivering long-term value for our stockholders.

- Ensure NEOs' financial interests are aligned with our stockholders' interests;
- Motivate decision-making that drives long-term value;
- Recognize and reward superior financial performance of our company; and
- Provide a retention element to our compensation program.

Since fiscal year 2019, the long-term incentive program design has included three equity components; performance- based award, non-qualified stock options and time-based restricted stock. The table below outlines the weighting of these three design elements.

| Long-Term Equity Component | Weighting |
|-----------------------------|-----------|
| Performance-Based Award | 50% |
| Restricted Stock | 25% |
| Non-Qualified Stock Options | 25% |

The Compensation Committee believes the blend of performance and time-based awards represents a balanced method of motivating and rewarding executives and further strengthens the alignment with the market and our stockholders.

Establishing Long-Term Incentive Target Payouts

In determining the value of the long-term incentive award for an executive, the Committee considers prevalent market data from our peer group provided by the executive compensation consultant, as well as the subjective assessment of

each NEO's overall contribution to the business performance, strategic importance to our growth objectives, and individual performance and potential for future contributions.

The CEO, with input from the human resources department, proposes long-term incentives, if any, for our NEOs, excluding himself, based on the criteria described above. His proposal is subject to review and approval (with or without modifications) by the Committee. The long-term incentive, if any, for the CEO is initiated and approved by the Committee directly, subject to the review and final approval of our Board.

The value of long-term incentive awards granted in fiscal year 2022 are included in the Summary Compensation Table.

Long-Term Incentive Plan - Performance Based Awards

The performance-based awards under the long-term incentive plan are based upon the company's actual financial business performance for the designated three-year performance period versus the performance targets approved by the Compensation Committee. The business performance targets are structured with a threshold, target and maximum level.

The incentive opportunities for the participant under the long-term incentive performance-based awards are outlined below.

- Target performance earns a 100% payout; and
- Threshold performance earns a 50% payout; and
- Maximum performance earns a 200% payout

If the performance level falls between threshold and target or between target and maximum, the award is linearly interpolated. Earned incentives, if any, are made in a reasonable time following the approval by the Compensation Committee. Calculation of company results and attainment of performance measures are made solely by the Compensation Committee based upon the Company's consolidated financial statements.

The Compensation Committee determines appropriate changes and adjustments and may make adjustments for other unusual or non-recurring events, including, without limitation, changes in tax and accounting rules and regulations, extraordinary gains and losses, one-time mergers and acquisitions, and purchases or sales of substantial assets, etc.

For the three-year performance period ending on March 31, 2024, the Compensation Committee approved Cash Flow from Operations and Return on Invested Capital as the performance measures. These are two key measures of the company's long-term value creation strategy.

- Cash Flow from Operations – For the three-year performance period ending March 31, 2024, performance in Cash Flow from Operations will be based upon actual cumulative Cash Flow from Operations over the three-year performance period against the targets approved by the Compensation Committee.
- Return on Invested Capital – For the three-year performance period ending March 31, 2024, performance in Return on Invested Capital will be based upon the average Return on Invested Capital over the three-year performance period against the targets approved by the Compensation Committee.

At the beginning of each fiscal year, the Compensation Committee reviews whether to change the performance-based incentive component (e.g., transition from performance share units to performance cash) and/or the business performance measures (e.g., Cash Flow from Operations, etc.) used under the long-term incentive performance award with input from management and the compensation consultant. For fiscal year 2022, Cash Flow from Operations replaced Free Cash Flow ("FCF") as a performance measure in the plan.

Long-Term Incentive Plan - Performance Based Awards for Three-Year Period Ending March 31, 2022

The period spanning April 1, 2019 to March 31, 2022 was the company's second three-year performance period under the Long-Term Incentive Plan implemented in fiscal 2019. The earned awards were approved by the Committee on May 17, 2022. Target and actual performance levels for the two measures for the three-year period ending on March 31, 2022 are summarized below.

Long-Term Incentive Plan – Infiltrator Leadership Retention & Infiltrator Synergy Performance Based Awards for Three-Year Period Ending March 31, 2022

Central objectives of the Infiltrator acquisition were the retention of Mr. Moore and key members of the Infiltrator executive management team, along with incentivizing key members of both the Infiltrator and ADS team to identify and maximize acquisition related synergy opportunities. To achieve these goals, multifaceted equity-based incentive programs were implemented in fiscal year 2020.

Two of these equity based programs included performance based equity awards covering the period from acquisition date to March 31, 2022; the Leadership Retention and Synergy Incentive programs.

- **Leadership Retention Incentive:** Designed with two equally weighted components; time based restricted stock and performance based equity. Time based restricted stock grant had cliff vesting on March 31, 2022. Performance based equity award was based upon achievement of cumulative financial goals for Infiltrator performance in adjusted EBITDA (75% weighting) and free cash flow (25% weighting) through March 31, 2022. The performance equity opportunity was a range of 0% - 200% of the target award. Mr. Moore was a participant in this program.
- **Synergy Incentive:** Performance based equity award based upon achievement of the cumulative acquisition synergies through March 31, 2022. The performance equity opportunity is a range of 0% - 200% of the target award. Messrs. Moore and Harvey were participants in this program.

Executive Stock Ownership Guidelines

The Company has defined stock ownership guidelines in place for executives. These guidelines are intended to further align the interests of our executives with stockholders' interests and represent another opportunity to promote a long-term focus for our senior leaders. The guidelines listed below specify the value of stock the participants are expected to own.

| | |
|------------------------------|-----------------------|
| CEO | 5x annual base salary |
| CFO / EVPs / SVPs | 3x annual base salary |
| Select Members of Management | 1x annual base salary |

Each covered executive is expected to attain the target level of stock ownership within five years from the later of July 1, 2018 or the date he or she is appointed or elected to a position covered by these guidelines.

Stock ownership will be reviewed by the Compensation Committee on an annual basis. Ownership levels will be assessed using the trailing 12-month average stock price as of the annual assessment date or such other method of valuing ownership in the discretion of the Compensation Committee.

Once an individual subject to these Guidelines satisfies the guideline for his or her current role as of the annual review date, so long as the shares held at that review date are retained and the individual remains subject to the same guideline level, there is generally no obligation under these Guidelines to purchase additional shares of common stock as a result of short-term fluctuations in the Company's stock price, absent an affirmative determination by the Compensation Committee otherwise.

The Compensation Committee shall have the authority to interpret, develop, oversee and administer the implementation of and compliance with these Guidelines, as well as determine any action necessary to address any noncompliance with these Guidelines.

The minimum stock ownership requirement may be waived or otherwise modified, at the discretion of the Compensation Committee, if compliance would create hardship based upon individual circumstances.

As of March 31, 2022, the majority of the covered executives have achieved their target ownership level, while the others are on a trajectory to achieve their target level within the required timeframe.

BENEFITS AND EXECUTIVE PERQUISITES

The benefits provided to our NEOs are generally the same as those provided to our other salaried associates and include:

- Medical, dental and vision benefits;
- Life, accidental death and disability insurance;

- Retirement plan; and
- Employee Stock Ownership Plan (ESOP)

Employee Stock Ownership Plan (ESOP)

Messrs. Barbour, Cottrill, Harvey and Talley participate in our tax-qualified ESOP that covers employees who meet certain service requirements. Mr. Moore does not participate in the ESOP. See “Equity-Based Incentive Plans Employee Stock Ownership Plan” and “Employee Stock Ownership Plan” for additional information regarding the ESOP.

Mr. Moore’s Retirement Program

During fiscal year 2022, Mr. Moore and all eligible Infiltrator employees participated in the Infiltrator Water Technologies, LLC 401(k) Plan and Trust, which effective January 1, 2021, was merged with the Advanced Drainage Systems, Inc. Profit Sharing Retirement Plan. The plan merger maintained the Infiltrator legacy employer matching contribution benefit that is discretionary and reviewed on an annual basis. Mr. Moore’s employer match earnings are included in the Other Compensation category in the “Summary Compensation Table for Fiscal Year 2022”.

Executive Perquisites

We provide certain ADS NEOs with select perquisites. These perquisites are summarized below.

- Reimbursement of country club or fitness membership dues; and
- Pre-approved personal use of the Company aircraft when it is not being used for business purposes at the cost to the executive as described below.

In determining the total compensation payable to our NEOs, the Committee considers perquisites in the context of the total compensation which our NEOs are eligible to receive. However, given the fact that perquisites represent a relatively small portion of the NEO’s total compensation, the availability of these perquisites does not materially influence the decisions made by the Committee with respect to other elements of the total compensation to which our NEOs are entitled or to which they are awarded.

Personal Use of Company Aircraft

Certain NEOs are also permitted to make pre-approved personal use of Company aircraft when not required for business travel. Consistent with guidance issued in 2010 from the Federal Aviation Administration, the Company may be up to the pro rata cost of owning, operating, and maintaining the aircraft when used for routine personal travel by certain individuals whose position with the Company requires them to routinely change travel plans within a short time period. Accordingly, personal use of the Company aircraft by NEOs is subject to reimbursement to the Company by multiplying the aircraft flight time (hours) by the variable cost of the aircraft for all eligible occupied flight hours associated with routine personal usage.

The incremental cost of personal use of Company aircraft is calculated based on the variable operating cost per hour flown, which includes actual aircraft fuel expense, crew travel expenses, hangar and parking fees, per-flight landing fees, average hourly aircraft maintenance expense and other actual incremental costs. Fixed costs that do not change based on usage such as hangar rental, aircraft lease payments, insurance and certain administrative expenses are excluded from the incremental cost calculation. If an aircraft flies empty before picking up or after dropping off a passenger flying for personal reasons, this “deadhead” segment is included in the incremental cost of the personal use and reported in the “All Other Compensation” column of our Summary Compensation Table below. If a NEO is traveling on business utilizing Company aircraft and there is otherwise room available on the aircraft for the NEO’s spouse and/or child(ren) to accompany the NEO, the spouse and/or child(ren) are permitted to do so in accordance with IRS rules. To the extent any use of corporate aircraft results in imputed income to an executive, the Company does not provide tax gross-ups on such income.

For a description of the perquisites received by the NEOs during fiscal year 2022, see the “All Other Compensation” column of our Summary Compensation Table.

OTHER EXECUTIVE COMPENSATION POLICIES AND PRACTICES

Risk in Relation to Compensation Programs

Our compensation programs do not reward employees, including our NEOs and executive officers, for taking excessive or unnecessary risks that would have an adverse effect on the Company. Our management team assessed the program carefully to make this determination. They reached this conclusion in part due to the balance of fixed and variable compensation, balance of short and long-term incentives, design features of the plans, and the oversight and administration of the Committee.

Recoupment of Incentive Compensation Policy

Under our Recoupment of Incentive Compensation policy, if, in the opinion of the independent directors of the Board, financial results are materially mis-stated due in whole or in part to intentional fraud or misconduct by one of more of the Company’s executive officers, the independent directors have the discretion to use their best efforts to remedy the fraud or misconduct and prevent its recurrence, by enforcing the clawback described herein. The independent directors may, for up to five years following such mis-statement, direct that the Company recover all or a portion of any bonus or incentive compensation paid, or cancel any stock-based awards granted, to the executive officer(s). In addition, the independent directors may, for up to five years following such mis-statement, also seek to recoup any gains realized with respect to equity-based awards, including stock options and restricted stock units.

The independent directors are entitled to exercise remedies pursuant to this policy, including the clawbacks described above, if each of the following conditions have been met:

- Bonus or incentive compensation to be recouped was calculated based upon the financial results that were restated;
- One or more executive officers engaged in the intentional misconduct, and
- Bonus or incentive compensation calculated under the restated financial results is less than amount actually paid or awarded.

Annual Stockholder “Say-on-Pay” Vote

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company provides stockholders with the opportunity to cast an annual advisory vote to approve the compensation of the NEOs. At the Company’s 2021 annual meeting of stockholders, approximately 97% of the votes cast on the “say-on-pay” resolution were in favor of the compensation of the NEOs for fiscal year 2021 as disclosed in the Company’s 2021 proxy statement. Consistent with the Company’s commitment to have the executive compensation programs serve the best interests of the Company and its stockholders, the Compensation and Management Development Committee will continue to review the design of the executive compensation program considering future “say-on-pay” votes and developments in executive compensation.

Insider Trading Policy

The Board has adopted a Policy Regarding Insider Trading, Tipping and Other Wrongful Disclosures and Guidelines with Respect to Certain Transactions in Securities of Advanced Drainage Systems, Inc. to assist the Company’s employees and directors in complying with certain securities laws and avoiding even the appearance of improper conduct. Under this policy, employees, officers, directors, consultants and contractors of the Company (collectively, “Covered Persons”) are prohibited from engaging in certain transactions relating to Company securities held by them, including any short sales and hedging transactions, short-term trading, and transactions in publicly traded options. Covered Persons are also required to obtain prior written approval from the Chief Financial Officer before holding securities issued by the Company in a margin account or pledging them as collateral for a loan. To date, there have been no requests by, and thus no

approvals for, Covered Persons to hold Company securities in a margin account or to pledge Company securities as collateral for a loan.

ACCOUNTING AND TAX CONSIDERATIONS

While the accounting and tax treatment of compensation generally has not been a consideration in determining the amounts of compensation for our executive officers, the Committee and management have taken into account the accounting and tax impact of various program designs to balance the potential cost to us with the value to the executive.

Federal income tax law prohibits publicly held companies, such as the Company, from deducting certain compensation paid to a NEO that exceeds \$1 million during the tax year. Prior to the adoption of the Tax Cuts and Jobs Act of 2017 (“Tax Act”), to the extent that compensation was based upon the attainment of performance goals set by the Committee pursuant to plans approved by the stockholders, the compensation was not included in the \$1 million limit. The Tax Act repealed this exemption, and now compensation paid to NEOs in excess of \$1 million in tax years commencing on and after April 1, 2018, is no longer be deductible, even if performance-based. The Compensation Committee intends to continue to use performance metrics in compensation when it is in the best interests of the Company and its stockholders.

The expenses associated with executive compensation issued to our executive officers and other key associates are reflected in our financial statements. We account for stock-based programs in accordance with the requirements of ASC Topic 718, which requires companies to recognize in the income statement the grant date value of equity-based compensation issued to associates over the vesting period of such awards.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

The Compensation and Management Development Committee has reviewed and discussed with the Company’s management the Compensation Discussion & Analysis set forth above. Based on such review and discussions, the Compensation and Management Development Committee has recommended to the Board that the Compensation Discussion & Analysis be included in this proxy statement and incorporated into the Company’s Annual Report on Form 10-K for the year ended March 31, 2022.

- (1) The amounts shown reflect the estimated payouts for fiscal year 2022 under the Cash Incentive Plan that the respective NEO would be eligible for assuming no use of discretion by the Committee in authorizing such payments. Actual amounts awarded are reflected in the Non-Equity Incentive

Plan Compensation column of the Summary Compensation Table above. For additional information, see discussion above under "— Compensation Discussion and Analysis — Components of Executive Compensation – Fiscal Year 2022— ADS Annual Incentive Compensation."

- (2) Amounts in these columns represent the possible range (threshold to target to maximum) of performance-based restricted stock units, which will be settled in shares of Common Stock, that would be earned based on the achievement of pre-established goals for the April 1, 2021 to March 31, 2024 performance period. The number of performance-based restricted stock units earned could be zero if performance is below threshold.
- (3) The amounts shown are based on the aggregate grant date fair value of restricted stock, performance-based restricted stock units and stock options awarded, computed in accordance with FASB ASC Topic 718. We calculated the estimated fair value of each option award on the date of grant using a Black-Scholes option pricing model as described in Note 14 (Stock-Based Compensation) in the audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2022.

The following table sets forth the unexercised and unvested stock options and restricted stock held by NEOs at fiscal year-end. Each equity grant is shown separately for each NEO.

Option Exercises and Stock Vested for Fiscal Year 2022

The following table sets forth for each NEO the exercises of stock options and the vesting of stock awards during fiscal year 2022:

| Name | Option Awards | | Stock Awards | |
|-------------------|---|--|---|---|
| | Number of Shares Acquired on Exercise # | Value Realized on Exercise ⁽¹⁾ \$ | Number of Shares Acquired on Vesting ⁽²⁾ # | Value Realized on Vesting ⁽¹⁾ \$ |
| D. Scott Barbour | — | — | 125,611 | 13,395,254 |

| Kevin C. Talley | 70,703 | 7,889,556 | 13,871 | 1,479,736 |

- (1) Amounts shown represent (i) with respect to option awards, the difference between the closing price of our common shares on the NYSE on the date of the options' exercise and the option exercise price, and (ii) with respect to stock awards, the value of the restricted shares that vest based on the closing price of our common shares on the NYSE on the date (or the closing price of our common shares on the NYSE on the next business day in the event the NYSE was closed on the vesting date) the shares vested. The foregoing values do not necessarily equate to cash realized from the sale of shares acquired upon the exercise of options or vesting of restricted stock as shares were not sold on exercise or upon vesting but continue to be held by the NEO.
- (2) Restricted stock other than the 2018, 2019, 2020 and 2021 grants vests over a five-year period in 20% installments each year, beginning with the first anniversary following the grant date. Restricted stock in the 2018, 2019, 2020 and 2021 grants vests over a three-year period in 33% installments beginning with the first anniversary following the grant date. Pension Benefits and Nonqualified Deferred Compensation for Fiscal Year 2022

We do not provide any defined benefit plans or nonqualified deferred compensation plans to our NEOs.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are required to disclose the ratio of the total annual compensation of our CEO to that of our median employee.

In fiscal year 2022, the median employee at Advanced Drainage Systems, Inc. identified through the prescribed eligibility methodology remained employed for the entire fiscal year. The Company believes that there have been no changes to our employee population or employee compensation arrangements that would significantly impact the CEO pay ratio disclosure.

Mr. Barbour served in the capacity of Advanced Drainage Systems, Inc. CEO for the entire period of April 1, 2021 to March 31, 2022 (fiscal year 2022).

In fiscal year 2022, Mr. Barbour's annual total compensation was \$6,388,700, while the median employee's earnings were \$75,407. As a result, the calculated ratio of the CEO's annual total compensation to the median employee annual total compensation is 85 to 1. The ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

Roy E. Moore, Jr. On May 27, 2015, Mr. Moore entered into an amended and restated employment agreement with Infiltrator Water Technologies, LLC. This agreement was assigned to us in connection with the acquisition of Infiltrator. The employment agreement provides for an initial employment period of one year, ending on May 27, 2016. Beginning at the termination of the initial term, the employment agreement will be extended automatically for an additional one year period, and shall continue until termination pursuant to its terms, including termination by either party through notice at least ninety days prior to the applicable expiration date. Mr. Moore's annual base salary for fiscal year 2022, effective June 1, 2021, was \$510,000, and he is entitled to receive incentive compensation in accordance with plans and arrangements set forth under "Compensation Discussion and Analysis— Components of Executive Compensation." The employment agreement also contains customary non-competition covenants of Mr. Moore that apply during his employment and within a period of two years following the termination of his employment with us. It also includes a confidentiality covenant of indefinite duration.

Potential Payments upon Termination or Change in Control

We have outstanding employment agreements with each of our NEOs as described above under "— Employment Agreements" which require the payment of certain benefits to each NEO under certain circumstances.

Our employment agreement with Messrs. Barbour and Harvey provide that in the event either executive terminates his employment for good reason or such executive is terminated by the Company for no reason or any reason other than cause, death or disability, the executive shall be entitled to receive payments and benefits as follows:

- For a period of time following the termination date (24 months in the case of Mr. Barbour and 18 months in the case of Mr. Harvey), we will continue to pay the executive's base salary, and
- after the conclusion of our fiscal year in which the termination occurs, we will make a lump sum cash payment in an amount equal to the executive's prorated bonus for the fiscal year.

For the purpose of each executive's employment agreement, "good reason" includes (i) a material reduction in salary; (ii) our action which would adversely affect the executive's participation in, or materially reduce his benefits under, any material benefit plan or equity incentive plan; (iii) our action which would adversely affect or reduce the executive's participation in, or materially reduces the maximum potential incentive compensation available to him under any of our material incentive compensation plan or program; (iv) the assignment of the executive to a position of a materially lesser status or degree of responsibility; (v) the assignment of the executive to a primary work location (A) outside the United States or (B) at which (I) neither we nor any of our affiliates maintain a significant manufacturing facility or significant office or (II) by virtue of such location, the ability of the executive to perform his duties and responsibilities to the Company is materially impaired; or a breach by us of any of our material covenants or agreements contained in the executive's employment agreement. The term "cause" includes (i) substantial and material non-performance of his duties, continued, willful insubordination or other willful and material failure to adhere to any policy of the Company or any of its affiliates; (ii) the willful misappropriation (or attempted willful misappropriation) of any of the funds or property of the Company or any of its affiliates; or (iii) the conviction of, or the entering of a guilty plea or plea of no contest with respect to, (A) a felony, (B) the equivalent thereof, (C) any other crime with respect to which active imprisonment is imposed, or (D) any other crime involving theft, willful misappropriation, embezzlement, fraud or dishonesty.

Our employment agreements with Messrs. Cottrill and Talley identify the following as specified circumstances that would require the payment of certain benefits:

- termination by us at the end of the executive's initial employment period or renewal period by giving three-month notice,
- termination by us for cause by notice to the executive. "Cause" includes the executive's non-performance of duties, failure to adhere to our policies, misappropriation of our property, conviction of a felony or equivalent, or

other crimes subject to possible imprisonment or involving theft, misappropriation, embezzlement, fraud or dishonesty,

- death or disability,
- termination by the executive at the end of the executive's initial employment period or renewal period by giving three-month notice, if the executive will have attained the age of 65 years on the employment termination date,
- termination by the executive upon our breach of a material covenant in the employment agreement and failure to cure after receiving notice of such breach,
- termination by the executive for good reason, which includes the following without the executive's consent: (i) a reduction in base salary; (ii) our action which would adversely affect the executive's participation in, or materially reduce his benefits under, any material benefit plan or equity incentive plan; (iii) our action which would adversely affect or reduce the executive's participation in, or materially reduces the target potential incentive compensation available to the executive under any of our material incentive compensation plan or program; (iv) the assignment of the executive to a position of a materially lesser status or degree of responsibility; or (v) the assignment of the executive to a primary work location (A) outside the United States or (B) at which (I) neither we nor our affiliates maintain a significant manufacturing facility or significant office or (II) by virtue of such location, the ability of the executive to perform his duties is materially impaired, and
- termination by us for no reason or for any reason other than mutual agreement for termination or termination for cause.

In the event of termination as a result of the specified circumstances described above, each of Messrs. Cottrill and Talley shall be entitled to receive payments and benefits as follows:

- for the 18 months following the termination date, we will continue to pay the executive's base salary, subject to reduction by the proceeds actually paid to the executive under any disability insurance policies maintained by us if the termination is due to the executive's disability, and
- after the conclusion of our fiscal year in which the termination occurs, we will make a lump sum cash payment in an amount equal to the executive's prorated bonus for the fiscal year.

Our employment agreement with Mr. Moore provides that in the event of termination of Mr. Moore's employment due to his death or disability, he shall be entitled to a pro-rata portion of his annual bonus under the applicable annual incentive bonus plan for the calendar year in which his termination occurred, payable at the same time bonuses for such year are paid to other senior executives pursuant to such annual incentive bonus plan. If Mr. Moore's employment is terminated by the Company without cause or due to a non-renewal of the term of his employment agreement by the Company, Mr. Moore shall be entitled to receive payments and benefits as follows:

- we will continue to pay his then-current base salary for 12 months,
- to the extent Mr. Moore elects continuation coverage for health, dental or vision under COBRA, we will pay him an amount equal to the portion of the applicable premium or contribution under COBRA for health, dental and vision coverage that exceeds the amount of the premium or contribution Mr. Moore paid for such coverage as an active employee immediately prior to his termination date, and
- we will pay him an annual bonus under the applicable annual incentive bonus plan for the calendar year in which his termination occurs, payable as if such termination had not occurred.

For the purpose of Mr. Moore's employment agreement, "cause" includes (i) Mr. Moore's having been convicted of any crime which involves fraud, embezzlement, theft or dishonesty, or (ii) any substantial failure, inability or refusal to perform, or breach of, his duties as an employee of the Company which remains uncured 30 days after written notice from the

Company, provided that if the breach is of a type which cannot be cured within 30 days despite Mr. Moore's best efforts to do so, Mr. Moore shall not be in breach if he diligently pursues the cure to completion.

For each of our NEOs, the payment of the above 24, 18 or 12 months base salary is conditioned upon the executive's release of claims against us.

Our stock option agreements with each NEO under the 2000 Plan and the 2013 Plan provide that (i) upon death or disability of the executive, all the options may be exercised during the one-year period commencing on the date of the executive's death or disability and (ii) upon termination of employment of the executive for any reason other than for death, disability or for cause, all the vested options may be exercised during the three-month period commencing on the employment termination date. Our stock option agreements with each NEO under the 2017 Incentive Plan provide that (i) upon death or disability of the executive, all the options may be exercised during the one-year period commencing on the date of the executive's death or disability and (ii) upon termination of employment of the executive for any reason other than for cause, (a) the Compensation Committee may, in its discretion, vest any unvested options and (b) all vested options may be exercised during the three-month period commencing on the employment termination date. Our restricted stock agreements with each NEO under the 2008 Plan provide for the vesting of restricted shares upon death or disability and upon termination by the Company of employment of the executive for any reason other than for death, disability or for cause. The restricted shares, options and time-based portion of performance-based restricted stock units granted to our NEOs under the 2017 Incentive Plan will vest upon death or disability and may, in the Compensation Committee's discretion, vest upon termination by the Company other than for cause.

Change in Control. Under the 2000 Plan, our stock option agreements with the executives provide that all the options may be exercised by the executives commencing at the time of a "change in control." A "change in control" for this purpose refers to: (i) our entry into an agreement to merge, consolidate or reorganize into or with another corporation or other legal person, and as a result less than 51% of the combined voting power of the then-outstanding securities of such corporation or person immediately after such transaction will be held in the aggregate by officers, directors and holders of a beneficial interest in our voting securities immediately prior to such transaction; (ii) our entry into an agreement to sell or otherwise transfer all or substantially all of its assets to any other corporation or other legal person, and as a result a beneficial interest in less than 51% of the combined voting power of the then-outstanding securities of such corporation or person immediately after such sale or transfer is held in the aggregate by officers, directors and holders of a beneficial interest in our voting securities immediately prior to such sale or transfer; or (iii) during any continuous 12-month period our stockholders' sale of or entry into an agreement or agreements to sell to anyone other than us our securities representing 50% or more of our combined voting power at the beginning of such 12-month period.

Under the 2008 Plan, our restricted stock agreements with the executives provide that the restricted shares will vest effective at the time of a "change in control." A "change in control" for this purpose refers to the occurrence of a transaction or series of transactions following which less than a majority of the voting power of us a successor entity is held by the persons who hold the same with respect to us immediately prior to such transaction or series of transactions.

Under the 2013 Plan, our stock option agreements with the executives provide that all the options may be exercised by the executives commencing at the time of a "change in control." A "change in control" for this purpose refers to the occurrence of a transaction or series of transactions following which less than a majority of the voting power of us a successor entity is held by the persons who hold the same with respect to us immediately prior to such transaction or series of transactions.

Equity awards made pursuant to the 2017 Incentive Plan are subject to "double-trigger" acceleration upon a "change in control." Specifically, the 2017 Incentive Plan provides that in the event stock options, restricted shares or restricted stock units are assumed or continued in connection with a change in control transaction and employment is terminated without cause or for good reason within twenty-four (24) months of such change in control, (i) all stock options and restricted shares will vest and become exercisable and (ii) with respect to restricted stock units, all performance goals and/or other vesting criteria shall be deemed achieved at one hundred percent of target levels. In the event of a change in control transaction in which stock options, restricted shares and restricted stock units are not assumed or continued, all such awards may, in the Compensation Committee's discretion, vest and become exercisable.

Potential Payment. The following table sets forth the payments and benefits that would be received by each NEO in the event a termination of employment or a change-in-control of the Company had occurred on March 31, 2022, over and above any payments or benefits he otherwise would already have been entitled to or vested in on such date under any employment contract or other plan of the Company. The NEO would receive other payments and benefits as well upon termination of employment to which he was already entitled or vested in on such date. The actual amounts to be paid can only be determined at the time of such NEO's separation from us and could therefore be more or less than the amounts set forth below. For the purposes of the calculations in the table, payments that would be made over time have been presented as a lump sum value.

- (1) In the case of Messrs. Barbour and Harvey, Specified Circumstances include termination by the executive of his employment for good reason or termination by the Company for no reason or any reason other than cause, death or disability (as all such terms are defined in the executive's employment agreement); provided that the executive's equity awards will not accelerate if he elects to terminate his employment for good reason. In the case of Messrs. Cottrill and Talley, Specified Circumstances include termination (i) by the Company at the end of the respective employment period, (ii) upon the death of the respective NEO, (iii) upon the disability of the respective NEO, and (iv) by the Company for no reason or any other reason other than mutual agreement or termination for cause. In the case of Mr. Moore, Specified Circumstances include termination (i) by the Company at the end of the respective employment period and (ii) by the Company without cause.
- (2) In the case of Messrs. Barbour, Harvey and Moore, Other Terminations include termination upon death or disability. In the case of Messrs. Cottrill and Talley, Other Terminations include termination (i) by the NEO at the end of the respective employment period if such NEO has obtained the age of sixty-five (65), (ii) by the NEO following a breach by the Company of any of its material covenants or agreements contained in the NEO's employment agreement not otherwise cured and (iii) by the NEO for good reason (as such term is described above).
- (3) The Company does not provide special change-in-control benefits to NEOs. The Company's only change-in-control arrangement is accelerated vesting of certain equity awards. No NEO is entitled to any payment or accelerated benefit in connection with a change-in-control of the Company, except for accelerated vesting of stock options granted, restricted stock granted and restricted stock units granted under the (i) 2000 Stock Option Plan, (ii) the 2008 Restricted Stock Plan (iii) the 2013 Stock Option Plan or (iv) 2017 Stock Incentive Plan. Change-in-Control is defined above. The stock options, restricted shares and restricted stock units granted to Mr. Barbour under the 2017 Incentive Plan may, in the Compensation Committee's discretion, vest and become exercisable in the event such awards are not assumed or continued or, if the stock options are assumed or continued, in the event Mr. Barbour's employment is terminated without cause or for good reason within twenty-four (24) months of such change in control.
- (4) Amount reflects accrued bonus for fiscal year 2022.
- (5) Amounts include the acceleration of stock options, calculated by multiplying the number of shares underlying each stock option whose vesting would be accelerated or that would vest during the notice period, as the case may be, by the difference between \$118.81, the closing price of our common shares on the NYSE on March 31, 2022, and the exercise price of the in-the-money accelerated stock options. Acceleration of restricted stock are also included and were calculated by multiplying the number of shares underlying each unit of restricted stock whose vesting would be accelerated by \$118.81. Acceleration of restricted stock units are also included and were calculated by multiplying the number of RSUs held by the NEO, assuming achievement of the applicable performance goal at 100% of the target, by \$118.81.

Equity-Based Incentive Plans

Prior Plans

Equity awards made by the Company prior to fiscal year 2018 are governed by the 2000 Incentive Stock Option Plan, the 2008 Restricted Stock Plan or the 2013 Stock Option Plan, as applicable (collectively, the “Prior Plans”). The Prior Plans are described below. No further awards will be made under the Prior Plans.

2000 Incentive Stock Option Plan

Options granted pursuant to the 2000 Plan constitute incentive stock options for federal income tax purposes. Any option granted pursuant to the 2000 Plan must be granted within 10 years from the effective date of its adoption. As of September 2008, further grants under the 2000 Plan were discontinued, although existing stock option grants continue to vest.

Shares Under the Plan. The maximum aggregate number of shares available to be issued under the 2000 Plan was 4,707,000, subject to adjustment in the event of changes in our capitalization. As of March 31, 2022, options to purchase 13,414 shares of our common stock were still outstanding and no shares of our common stock were available for future grant under the 2000 Plan. The maximum aggregate fair market value (determined as of the time the option is granted) of all stock with respect to which incentive stock options may be exercisable by an optionee for the first time in any calendar year under the 2000 Plan and any of our other incentive stock option plans cannot exceed \$100,000. Shares issued under the 2000 Plan may be authorized and unissued shares or shares held by us in our treasury.

Eligibility. Officers and other key employees of the Company and its subsidiaries, as selected from time to time by the Board, shall be eligible to be granted options under the 2000 Plan.

Terms and Conditions of Options. Each option will be evidenced by a written option agreement in such form as approved by our Board. The option agreement may contain conditions for grant of options (such as an employee's entry into an employment agreement with us or such employee's agreement on continued employment with us) and adjustment of the underlying shares upon changes in our capitalization. The option agreement shall set forth the number of underlying shares, option price no less than 100% of the fair market value of the underlying share as of the date of grant, period of exercise no longer than 10 years after the date of grant, and dates and conditions for exercise of the option. The option price may be paid in cash, shares of our common stock, a combination of cash and shares or such other consideration as determined by our Board. Prior to August 12, 2014, when our Board terminated the reload feature of the 2000 Plan, if an optionee exercised an option and paid some or all of the option price with shares of our common stock, such optionee was granted a reload option to purchase the number of shares equal to the number of shares used as payment of the option price, subject to adjustment made pursuant to the limitations on the number of shares available for grant under the 2000 Plan. Pursuant to the terms of each incentive stock option award agreement, the vesting for all option awards accelerated and became fully vested upon completion of our IPO.

2008 Restricted Stock Plan

The purpose of the 2008 Plan is to afford an incentive to, and encourage stock ownership by, our key employees so that such employees may acquire or increase their proprietary interest in our success and be encouraged to remain in our employ. Awards under the 2008 Plan must have been made before September 15, 2018.

Administration. Our Board supervises the administration of the 2008 Plan. Subject to the provisions of the 2008 Plan, the Board has conclusive authority to construe the 2008 Plan and any restricted stock agreement entered thereunder, and to establish and amend the administrative policies for the administration of the 2008 Plan.

Eligibility. Any of our or our subsidiaries' directors or employees is eligible to participate in the 2008 Plan.

Shares Available. The maximum aggregate number of shares available to be issued under the 2008 Plan was 1,012,005 subject to adjustment in the event of changes in our capitalization. Such shares must be made available solely from our

treasury shares. As of March 31, 2022, no restricted shares of our common stock were available for future grant under the 2008 Plan.

Participation. Our Board will select participants and determine the terms of the awards under the 2008 Plan, which will be set forth in a restricted stock agreement.

Terms of Awards. The awards of restricted stock will be subject to the terms and restrictions as determined by our Board, which may also modify, or accelerate the termination of, such restrictions. During the period in which any shares are subject to restrictions, the Board may grant to the recipient of the award all or any of the rights of a stockholder with respect to such shares, including the right to vote and to receive dividends. The 2008 Plan authorizes our Board (i) to grant awards to any participant calculated as a percentage of such participant's base pay and (ii) to determine the amount of such award based on achievement of a target. In addition, the Board may choose, at the time of the grant of an award, to include as part of such award an entitlement to receive dividends or dividend equivalents, subject to such terms and restrictions as the Board may establish. The grant of awards is contingent upon the participant's execution of an executive responsibility agreement, or such other non-competition, non-solicitation and/or nondisclosure agreement as we may require.

Amendment. We may, by action of our Board, amend or terminate the 2008 Plan at any time, or, by action of the Board with the consent of the participant, to amend or terminate any outstanding award of restricted stock.

2013 Stock Option Plan

The purpose of the 2013 Plan is to afford an incentive to, and encourage stock ownership by, our officers and other key employees so that such employees may acquire or increase their proprietary interest in our success and be encouraged to remain in our employ. Options granted pursuant to the 2013 Plan will not constitute incentive stock options for the federal income tax purposes unless expressly designated by our Board. Any option granted pursuant to the 2013 Plan must be granted within 10 years from the effective date of its adoption.

Shares Under the Plan. The maximum aggregate number of shares available to be issued under the 2013 Plan was 3,323,142, subject to adjustment in the event of changes in our capitalization. As of March 31, 2022, options to purchase 214,212 shares of our common stock were still outstanding and no shares of our common stock were available for future grant under the 2013 Plan. On May 7, 2014, our Board authorized an amendment to the 2013 Plan that increased the maximum aggregate number of shares available to be issued under the 2013 Plan by 969,642 shares from 2,353,500 shares to 3,323,142 shares. The maximum aggregate fair market value (determined as of the time the option is granted) of all stock with respect to which incentive stock options may be exercisable by an optionee for the first time in any calendar year under the 2013 Plan and any of our other incentive stock option plans cannot exceed \$100,000. Shares issued under the 2013 Plan may be authorized and unissued shares or shares held by us in our treasury.

Administration. Our Board administers the 2013 Plan. Subject to the provisions of the 2013 Plan, the Board has the discretion to determine the employees to be granted options and the number of shares subject to each option (except that options granted to members of the Board are subject to the approval of a majority of our disinterested directors), the time to grant options, the option price, the time and duration to exercise the options. Subject to the terms of the 2013 Plan, the Board also has the discretion to specify additional conditions to the grant and exercise of any option as well as interpret the provisions of, and any option granted under, the 2013 Plan.

Eligible Employees. Options will be granted to our officers and other key employees as our Board selects from time to time. However, for any incentive stock options, (i) no employee can be granted an option if such employee owns stock possessing more than 10% of the total combined voting power of all classes of stock of ours or of any of our subsidiaries unless the option price is at least 110% of the fair market value of the underlying shares and such option is not exercisable after the expiration of five years from the date such option is granted, and (ii) such employees must execute a non-competition and non-disclosure agreement in order to receive grant of the options.

Terms and Conditions of Options. Each option will be evidenced by a written option agreement in such form as approved by our Board. The option agreement may contain conditions for grant of options (such as an employee's entry into an employment agreement with us or such employee's agreement on continued employment with us) and adjustment of the

underlying shares upon changes in our capitalization. The option agreement shall set forth the number of underlying shares, option price no less than 100% of the fair market value of the underlying share as of the date of grant, period of exercise no longer than 10 years after the date of grant, and dates and conditions for exercise of the option. The option price may be paid in cash, shares of our common stock, a combination of cash and shares or such other consideration as determined by our Board. Prior to August 12, 2014, when our Board terminated the reload feature of the 2013 Plan, if an optionee exercised an option and paid some or all of the option price with shares of our common stock, such optionee was granted a reload option to purchase the number of shares equal to the number of shares used as payment of the option price, subject to adjustment made pursuant to the limitations on the number of shares available for grant under the 2013 Plan. Option awards under the 2013 Plan did not fully vest or further accelerate upon completion of our IPO.

Amendment. Our Board may, with respect to any shares of our common stock not subject to options at such time, discontinue or amend the 2013 Plan in any respect as it deems advisable. However, without the approval of our stockholders, the Board cannot increase the aggregate number of shares subject to the 2013 Plan, change the eligibility of employees for participation in the 2013 Plan, issue options with an option price of less than 100% of the fair market value of the shares, or make other amendments which will cause options issued to fail to qualify as incentive stock options for the federal income tax purposes.

2017 Omnibus Incentive Plan

The 2017 Incentive Plan governs any equity award grant made on or after April 1, 2017. The 2017 Incentive Plan implements an important part of our compensation philosophy regarding paying for performance. The 2017 Incentive Plan allows us to continue to provide an appropriate mix of compensation and provide management and the compensation and management development committee with flexibility and discretion to evolve our compensation philosophy, awards and program from year to year.

Types of Awards. The 2017 Incentive Plan provides for the award of stock options, restricted stock, restricted stock units, stock appreciation rights (“SARs”), phantom stock, cash-based awards, performance awards (which may take the form of performance cash, performance units or performance shares) and other stock-based awards. Subject to the terms of the 2017 Incentive Plan, the compensation and management development committee has discretion to determine the form and amount of the award, and the terms and conditions under which the award is granted. Under no circumstances may the compensation and management development committee award options or grants in excess of the share pool then available.

Eligible Participants. Persons eligible to participate in the 2017 Incentive Plan include employees of the Company and its subsidiaries, non-employee directors, consultants and advisors, as selected by the compensation and management development committee.

Shares Under the Plan. The maximum aggregate number of shares available to be issued under the 2017 Plan is 3,500,000, subject to adjustment in the event of changes in our capitalization. As of March 31, 2022, options to purchase 943,926 shares of our common stock were still outstanding and 2,649,222 shares of our common stock were available for future grant under the 2017 Plan.

Plan Administration. The 2017 Incentive Plan is administered by the compensation and management development committee.

Limitations on Individual Awards. No individual may (a) be granted stock options (nonqualified & incentive stock options) and SARs during any 12-month period with respect to more than 1,000,000 shares; (b) be granted other share-based awards during any calendar year with respect to more than 500,000 shares that may be earned for each 12 months in the vesting period or performance period; or (c) receive awards denominated in cash during any calendar year having an aggregate dollar value in excess of \$5 million that may be earned for each 12 months in the performance period. The foregoing limits, contained in Section 11.5 of the 2017 Incentive Plan, apply only to awards intended to comply with the performance-based compensation exception under Internal Revenue Code Section 162(m) that provides the Company with tax deductions for eligible performance-based compensation paid to certain employees in excess of \$1 million. The 2017 Incentive Plan authorizes the compensation and management development committee to grant awards that are not subject to such limits if such committee does not intend such awards to qualify for the Internal Revenue Code

Section 162(m) performance-based compensation exception. The Internal Revenue Code Section 162(m) performance-based compensation provisions of the 2017 Incentive Plan no longer apply to such performance awards since the Tax Cuts and Jobs Act of 2017 repealed such performance-based compensation tax deductions except for performance-based compensation awards pursuant to a written binding contract in effect on November 2, 2017 that wasn't subsequently materially modified. There were no Internal Revenue Code Section 162(m) performance-based compensation awards made under the 2017 Incentive Plan pursuant to a written binding contract in effect on November 2, 2017. In addition, during no fiscal year shall the aggregate amount of all compensation granted to a non-employee director exceed \$500,000.

Employee Stock Ownership Plan

We sponsor a tax-qualified employee stock ownership plan and trust, or the ESOP, that covers our legacy ADS employees who meet certain service requirements, including all of our NEOs (other than Mr. Moore). The ESOP was established effective April 1, 1993, and was originally funded with a 30-year term loan from us as well as a transfer of assets from our Profit Sharing Retirement Plan, both of which were used to purchase shares of our convertible preferred stock. The loan is secured by a pledge of unallocated convertible preferred stock purchased by the ESOP with such loan proceeds that has not yet been released from the pledge (as a result of ESOP payments on the loan) and allocated to participants' ESOP accounts. The ESOP operates as a leveraged ESOP and was designed to enable eligible employees to acquire stock ownership interests in us by virtue of their accounts under the ESOP. On March 31, 2022, the ESOP repaid its loan in full, which resulted in the end of the pledge and the allocation, as of March 31, 2022, of such pledged shares of convertible preferred stock among the ESOP accounts of participants. For a description of the ESOP, see Note 13 of Notes to Consolidated Financial Statements contained in our Annual Report on Form 10-K, for the fiscal year ended March 31, 2022.

AUDIT COMMITTEE MATTERS

PROPOSAL TWO: RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2023

Deloitte & Touche LLP served as independent registered public accounting firm to the Company in fiscal year 2022 and has been selected to serve in such capacity in fiscal year 2023. The Board has directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting.

Stockholder ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain the firm in the future. In such event, the Audit Committee may retain Deloitte & Touche LLP, notwithstanding that the stockholders did not ratify the selection, or select another nationally recognized accounting firm without re-submitting the matter to the stockholders. Even if the selection is ratified, the Audit Committee reserves the right in its discretion to select a different nationally recognized accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Vote Required

The affirmative vote of a majority of the shares present or participating by proxy and entitled to vote is required for approval. Abstentions will have the same effect as votes against the proposal. This proposal is a discretionary item and, thus, NYSE member brokers that do not receive instructions from beneficial owners may vote your shares in their discretion. Therefore, there will be no broker non-votes on this proposal.

Board Recommendation

The Board recommends that you vote “FOR” the ratification of Deloitte & Touche LLP as the independent registered public accounting firm for the year ending March 31, 2023. Unless you instruct otherwise on your proxy card or by telephone or Internet voting instructions, your proxy will be voted in accordance with the Board’s recommendation.

OTHER INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM INFORMATION

Appointment of Independent Registered Public Accounting Firm

The Audit Committee has sole responsibility for appointing the Company’s independent registered public accounting firm, but will consider the outcome of the stockholder vote on ratification of any appointment.

Deloitte & Touche LLP has served as the Company’s independent registered public accounting firm since 2003 and is expected to continue as the Company’s auditors for the fiscal year 2023. In accordance with its responsibilities under its charter and the NYSE listing standards, the Audit Committee will assess periodically the advisability of rotating audit firms for audits in future years. Representatives of Deloitte & Touche LLP will attend the Annual Meeting via webcast. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Fees

The Audit Committee has sole responsibility, in consultation with management, for approving the terms and fees for the engagement of the independent registered public accounting firm for audits of the Company’s financial statements and internal control over financial reporting. In addition, the Audit Committee must preapprove all audit, audit-related and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimis exceptions for non-audit services described in the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant preapprovals of audit, audit-related and permitted non-audit services, provided that decisions of such subcommittee to grant preapprovals shall be presented to the full Audit Committee at its next scheduled meeting.

For the fiscal years ended March 31, 2022 and 2021, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu Limited, and their respective affiliates billed or will bill the Company fees as follows:

| Fiscal Year | Audit Fees | Audit-Related Fees | Tax Fees | All Other Services |
|-------------|--------------|--------------------|-----------|--------------------|
| 2022 | \$ 2,690,000 | \$ 15,000 | \$ 21,000 | \$ 4,000 |
| 2021 | \$ 3,141,000 | \$ 10,000 | \$ 15,000 | \$ 4,000 |

Fees noted in “Audit Fees” in fiscal years 2022 and 2021 represent fees for the audits of the annual consolidated financial statements as of and for the years ending March 31, 2022 and 2021; and reviews of the interim financial statements included in quarterly reports and services normally provided by the independent registered public accounting firm in connection with statutory filings.

“Audit-Related Fees” in fiscal years 2022 and 2021 represent fees related to work performed in connection with registration statements and other correspondence with the SEC.

“Tax Fees” in fiscal year 2021 represents fees for international tax compliance services.

Fees noted in “All Other Services” in fiscal years 2022 and 2021 represent an annual subscription for access to the on-line accounting research tool of Deloitte.

The Audit Committee has approved all non-audit services described above and has concluded that the provision of these non-audit services is compatible with maintaining Deloitte & Touche LLP’s independence.

REPORT OF THE AUDIT COMMITTEE

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

We have entered into a registration rights agreement (the "Registration Rights Agreement") with certain of our stockholders, including our former Chief Executive Officer. The Registration Rights Agreement grants to certain of our stockholders the right to cause us, generally at our own expense, to use our reasonable best efforts to register certain of

our securities held by such stockholders for public resale, subject to certain limitations. In the event we register any of our common stock, certain of our stockholders also have the right to require us to use our reasonable best efforts to include in such registration statement shares of our common stock held by them, subject to certain limitations, including as determined by the underwriters. The Registration Rights Agreement also provides for us to indemnify certain of our stockholders and their affiliates in connection with the registration of our common stock.

We have entered into indemnification agreements with our directors and senior officers. The indemnification agreements provide the directors and senior officers with contractual rights to the indemnification and expense advancement rights provided under our amended and restated bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreements.

Policies and Procedures for Related Party Transactions

Our Board has adopted a written related person transaction policy to set forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness, and employment by us of a related person. The nominating and corporate governance committee of our Board will review related party transactions.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company, during the fiscal year ended March 31, 2022, or with respect to such fiscal year, all Section 16(a) filing requirements were met, with the exception of a late Form 4 filing on June 21, 2021 by Thomas J. Waun, Sr., Senior Vice President, to report the forfeiture of 175 shares of the Company's common stock on June 14, 2021 in order to satisfy tax obligations in connection the vesting of restricted stock.

PROPOSAL THREE: ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in detail under the heading "Compensation Discussion & Analysis" and in the compensation tables and narrative disclosures that accompany the compensation tables, the Company's compensation program for the named executive officers is designed to attract, motivate and retain talented executives who will provide leadership for the Company's success. Under this program, the named executive officers are rewarded for individual and collective contributions to the Company consistent with a "pay for performance" orientation. Furthermore, the executive officer compensation program is aligned with the nature and dynamics of the Company's business, which focuses management on achieving the Company's annual and long-term business strategies and objectives. The compensation and management development committee regularly reviews the executive compensation program to ensure that it achieves the desired goals of emphasizing long-term value creation and aligning the interests of management and stockholders through the use of equity-based awards. The Board has currently determined to hold the advisory vote on executive compensation each year, meaning that after the 2022 Annual Meeting of Stockholders, the next advisory vote on executive compensation will be held at the 2023 Annual Meeting.

The Company is asking the stockholders to indicate their support for the Company's named executive officer compensation as described in this Proxy Statement. Accordingly, the Company asks the stockholders to vote "FOR" the following resolution at the 2022 Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2022 Annual Meeting of Stockholders, including the Compensation Discussion & Analysis, the Summary Compensation Table and the other related tables and disclosure."

As an advisory vote, this proposal is not binding upon the Company. However, the compensation and management development committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

Vote Required

Although the vote is non-binding, the Company will consider the affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote on the proposal as approval of the compensation of the Company's named executive officers. Abstentions will have the same effect as a vote "against" this proposal and broker non-votes will have no effect on the outcome of this proposal.

Board Recommendation

The Board recommends a vote "FOR" the proposal to approve, on an advisory basis, the compensation of the Company's named executive officers. Unless you instruct otherwise on your proxy card or by telephone or Internet voting instructions, your proxy will be voted in accordance with the Board's recommendation.

PROPOSAL FOUR: ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in Proposal Three above, the Company's stockholders are being provided the opportunity to cast an advisory vote on the Company's compensation of its named executive officers. Pursuant to Section 14A of the Exchange Act of the 1934 (which was added by the Dodd-Frank Act), the Company must also permit stockholders to cast an advisory vote on how often the Company should include an advisory vote on the Company's compensation of its named executive officers in its proxy materials for future annual stockholder meetings (or special stockholder meetings for which the Company must include executive compensation information in the proxy statement for that meeting). Under this Proposal Four, stockholders may vote to have the non-binding advisory vote on the Company's compensation of its named executive officers every year, every two years or every three years.

The Board believes that the advisory vote on compensation for the Company's named executive officers should be conducted every year so that stockholders may annually express their views on the Company's compensation principles, policies and practices.

Vote Required

As an advisory vote, this proposal is non-binding. However, the Company will consider the outcome of the vote when deciding the frequency with which to present to stockholders for a non-binding vote on the compensation of the Company's named executive officers. The option of one year, two years, or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. Abstentions and broker non-votes will not be considered votes cast on the proposal and will not have a positive or negative effect on the outcome of this proposal.

Board Recommendation

The Board recommends a vote for "**ONE YEAR**" with respect to how frequently a non-binding stockholder vote to approve the compensation of the Company's named executive officers should occur. Stockholders should be aware that they are not voting "for" or "against" the recommendation of the Board to hold an annual advisory vote on executive compensation. Rather, stockholders will be casting votes to recommend an advisory vote on executive compensation ever year, once every two years, or once every three years, or they may abstain entirely from voting. Unless you instruct otherwise on your proxy card or by telephone or Internet voting instructions, your proxy will be voted in accordance with the Board's recommendation.

PROPOSAL FIVE: APPROVAL OF THE EMPLOYEE STOCK PURCHASE PLAN

On May 18, 2022, the Board, upon recommendation of the Compensation Committee, adopted and approved the Advanced Drainage Systems, Inc. Employee Stock Purchase Plan (the “ESPP”), subject to approval by the stockholders.

The Board believes that adoption of the ESPP will advance and promote the interests of the stockholders of the Company by offering to eligible employees of ADS and its designated subsidiaries (together, the “Participating Subsidiaries”) the opportunity to acquire an ownership interest, or to increase their ownership interest, in the Company. The ESPP will provide a means for a broad base of employees to voluntarily acquire ADS common stock, \$0.01 par value per share (“common stock”) and thereby further align their interests with those of the Company’s stockholders.

The ESPP consists of two components, the Code Section 423 Component and the Non-Code Section 423 Component. The Code Section 423 Component of the ESPP is intended to qualify as an “employee stock purchase plan” under Section 423 of the Code and shall be interpreted in a manner that is consistent with the requirements of Code Section 423. The Non-Code Section 423 Component of the ESPP is not intended to qualify under Section 423 of the Code, and common stock purchase rights shall be granted pursuant to separate offerings containing such sub-plans, appendices, rules or procedures as may be adopted by the Compensation Committee and designed to achieve tax, securities laws or other compliance objectives for eligible employees of Participating Subsidiaries outside of the United States. Except as otherwise provided in the ESPP, the Non-Code Section 423 Component of the ESPP will operate and be administered in the same manner as the Code Section 423 Component of the ESPP subject to compliance with foreign countries’ laws. Offerings intended to be made under the Non-Code Section 423 Component of the ESPP will be designated as such by the Compensation Committee at or prior to the time of such Offering.

By approving the ESPP, the Company’s stockholders set aside a fixed reserve of common stock that will be available to eligible employees of ADS and Participating Subsidiaries to purchase based on the terms and conditions of the ESPP.

If this Proposal 5 is approved by stockholders, the ESPP will become effective on July 21, 2022, the date of the Annual Meeting. In the event that stockholders do not approve this Proposal 5, the ESPP will not become effective.

Material Features of the ESPP

The following summary of the material features of the ESPP is qualified in its entirety by reference to the complete text of the ESPP in Annex A of this Proxy Statement.

Administration

The ESPP will be administered by a committee appointed by the Board (the “Committee”) with full authority to administer, interpret, and modify the terms of the ESPP and to make rules as necessary for administration of the ESPP.

Stock Subject to the ESPP

A total of 400,000 shares of common stock is reserved for purchase and issuance under the ESPP. This share reserve is subject to adjustment in the event of a stock split, stock dividend or other similar change in the common stock or the capital structure of the Company. There is no evergreen provision, meaning the ESPP share limit will not increase without stockholder approval. The 400,000 shares of common stock reserved for purchase and issuance under the ESPP is less than 1% of the Company’s 84,896,721 issued and outstanding shares of common stock as of May 27, 2022, the record date for the 2022 Annual Meeting.

Term of the ESPP

If approved by the ADS stockholders, the ESPP will continue until the earlier of (i) the date the ESPP is terminated by the Committee, or (ii) the ten (10) year anniversary of its July 21, 2022 effective date.

Eligibility

An eligible employee is an employee who (i) has been employed by the Company or a Participating Subsidiary for at least one (1) year, and (ii) is customarily employed for at least twenty (20) hours per week.

The Committee will designate which subsidiaries of ADS will participate in the ESPP as Participating Subsidiaries. ADS and the following subsidiaries are expected to participate in the ESPP for the offering periods scheduled to commence after the July 21, 2022 effective date: EZflow L.P.; Infiltrator Water Technologies, LLC; Presby Plastics, Inc.; ISI Pipe, LLC; Delta Treatment Systems LLC, Spartan Concrete Inc.; ADS Ventures, Inc.; Jet Polymer Recycling, Inc.; and The Traylor Group, Inc. As of May 27, 2022, approximately 5,015 employees of ADS and those subsidiaries would have been eligible to participate in the ESPP if it had been in effect on such date.

As a Code Section 423 employee stock purchase plan, all eligible employees must have equal rights and privileges under the ESPP, and the terms of the ESPP must be administered uniformly for all eligible employees.

Offering Period

The Committee has discretion to determine the start and duration of offering periods under the ESPP, but in conformance with the rules under Code Section 423 an offering period may not exceed twenty-seven (27) months. Unless the Committee determines otherwise, shares of common stock will be offered for purchase under the ESPP through a series of consecutive biannual offerings beginning on each January 1 and July 1, and ending on the immediately following June 30 and December 31, respectively, with the first offering period anticipated to commence on January 1, 2023.

On the first trading day of each offering period (the "Offering Date"), a participating employee is granted a purchase right, which is automatically exercised on the last trading day of the offering period (the "Purchase Date"). During an offering period, pre-authorized payroll deductions are made from the participants' compensation and credited to them under the ESPP. The ESPP is unfunded and all participant crediting under the ESPP consists of bookkeeping only credits. When a purchase right is automatically exercised, the amount of the participant's payroll deductions for the offering period is automatically used to purchase shares of common stock on the Purchase Date.

Purchase Price

For the initial offering period anticipated to commence January 1, 2023, the price per share to purchase shares of common stock under the ESPP will be an amount equal to the lesser of (i) eighty-five percent (85%) of the fair market value of a share of common stock on the Offering Date, or (ii) eighty-five percent (85%) of the fair market value of a share of common stock on the Purchase Date; provided, that, the purchase price per share of common stock will in no event be less than the \$0.01 par value per share of the common stock (the "Purchase Price").

As of May 27, 2022, the fair market value of a share of common stock was \$110.67, the closing price on such date; and if that date had been the lesser of an applicable Purchase Date or an Offering Date of an offering period, the purchase price per share of common stock would have been 85% of \$110.67 or \$94.07.

The ESPP will create a compensation expense for the Company's accounting purposes because the Purchase Price of the shares of common stock will be 85% of fair market value on a Purchase Date or Offering Date, as applicable.

Payment of Purchase Price; Payroll Deductions

On each Purchase Date, shares of common stock will be purchased with participants' payroll deductions that have accumulated during the applicable offering period. Participating employees may elect payroll deductions, ranging from 1% to 15%, or such other maximum percentage specified by the Committee for an offering period, of the participating employee's compensation with respect to an offering period.

Annual Share Purchase Limit

The fair market value of shares of common stock that a participating employee may purchase through the ESPP during any calendar year may not exceed \$25,000. This is also the statutory limit under Code Section 423 for the Code Section 423 Component of the ESPP.

Change of Payroll Deduction

A participating employee may only decrease or increase the percentage of their payroll deductions during an offering period at least 15 days before a Purchase Date subject to procedures established and communicated by the Committee in advance of an offering period.

Withdrawal; Termination of Employment

A participating employee may, at least 15 days (or such other time period established by the Committee and communicated prior to the beginning of an offering period) prior to a Purchase Date, voluntarily withdraw from an offering period under the ESPP once the offering period has commenced. A participating employee will automatically be withdrawn from an offering period upon a termination of employment with ADS and all Participating Subsidiaries, or a change in the Participant's employment status following which the Participant is no longer an eligible employee, that occurs at least 30 days before the Purchase Date, and a terminated employee's unused payroll deductions will be refunded. If the participating employee's termination of employment or change in status occurs within 30 days before a Purchase Date, the Participant's accumulated payroll deductions shall be used to purchase shares of Common Stock on the Purchase Date.

Assignability and Transferability; Restrictions on and Notice of Sale

No purchase rights under the ESPP are assignable or transferable by a participating employee, except by beneficiary designation, will or the laws of inheritance following a participant's death. An attempt by a participating employee to assign, transfer, pledge or otherwise dispose of his or her purchase rights will be invalid. During a participating employee's lifetime, a purchase right granted under the ESPP may be exercisable only by the participating employee.

If required by the Committee, participants shall be prohibited from disposing of shares of common stock acquired under the ESPP until the expiration of the later of 2 years from the Offering Date or 1 year from the Purchase Date (the "holding period"); and if such shares of common stock are disposed of by participants within the holding period participants shall promptly give the Company written notice of such disposition.

Amendment, Suspension, and Termination

The Committee may, subject to compliance with Code Section 423 with respect to the Code Section 423 Component of the ESPP at any time amend, suspend or terminate the ESPP. Upon termination of the ESPP, the Compensation Committee may elect to terminate the current offering period or permit any current offering period to expire in accordance with the terms of the ESPP after the Purchase Date for such offering period. If any offering period is terminated prior to its expiration and Purchase Date, unused payroll deductions, if any, of each participating employee will be refunded (without interest) to the participating employee as soon as practicable thereafter.

United States Federal Income Tax Consequences of Code Section 423 Component of ESPP Participation

The following is a general summary under current law of the material federal income tax consequences to participants in the ESPP. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as state, local and federal employment taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant to a participant in light of his or her personal investment circumstances. This summarized tax information is not tax advice.

Section 423 of the Code will provide certain tax benefits to participating employees purchasing shares of common stock under the ESPP. A participating employee will not recognize income for federal income tax purposes upon the grant of a purchase right for any offering period. Also, the participating employee will not recognize income upon the automatic exercise of the purchase right to purchase shares of common stock. The participating employee will recognize income only when he or she sells the shares of common stock. The participating employee's taxable income upon the sale of the shares of common stock will be based on the excess (if any) of the sale price over the purchase price.

The character of the income (ordinary income, short-term capital gains or long-term capital gains) depends on whether the employee sells the shares of common stock in a qualifying disposition or a disqualifying disposition. The sale will be treated as a qualifying disposition if the employee has satisfied the holding requirement under Code Section 423. If the employee holds the shares until at least the later of (i) two years from the first day of the applicable offering period or (ii) one year from the Purchase Date, then the sale will be treated as a qualifying disposition. Upon sale in a qualifying disposition, the employee's ordinary income will be limited to the lesser of (i) the discount to the purchase price of the shares on the Purchase Date, or (ii) the net gain (i.e., the fair market value on the date the share of common stock is sold less the purchase price), if any, from selling the shares of common stock. Any remaining income recognized upon the sale of the shares will be treated as long-term capital gain. In general, a qualifying disposition has been a tax preferred sale because the maximum federal income tax rate on long-term capital gains has generally been lower than for ordinary income (or short-term capital gains). If the fair market value of the shares of common stock on the date of the qualifying disposition is less than the purchase price for the shares, there will be no ordinary income, and any loss recognized will generally be a capital loss.

If the employee does not meet the holding requirement described above, then the sale is a disqualifying disposition, and the employee will realize ordinary income in an amount equal to the difference between the fair market value of the shares on the Purchase Date on which the employee acquired the shares and the purchase price paid for the shares of common stock. In addition, if the employee sells the shares at a price in excess of the fair market value of the shares on the Purchase Date, the employee will realize capital gain in an amount equal to the difference between the selling price of the shares and the fair market value of the shares on the Purchase Date. Alternatively, if the employee sells the shares at a price less than the fair market value of the shares of common stock on the Purchase Date, the employee will realize a capital loss in an amount equal to the difference between the fair market value of the shares on the Purchase Date and the selling price of the shares.

ADS (or, as applicable, the Participating Subsidiary that employs the employee) will not be entitled to a deduction based on the 15% purchase price discount on the shares of common stock purchased by a participating employee if he or she satisfies the applicable holding period under Code Section 423. However, if an employee sells the shares of common stock prior to the end of the Code Section 423 holding period, ADS or the Participating Subsidiary, as applicable, will be entitled to a deduction in an amount equal to the ordinary income recognized by the employee (i.e., the excess of the fair market value of the shares of common stock on the Purchase Date over the purchase price).

Registration with the Securities and Exchange Commission

If the ESPP is approved by the Company's stockholders, the Company will file a registration statement with the Securities and Exchange Commission pursuant to the Securities Act of 1933 covering the shares of common stock authorized for issuance under the ESPP.

New Plan Benefits

The ESPP is a new plan. Participation in the ESPP by eligible employees is voluntary. The number of shares of common stock that may be purchased in any one offering period under the ESPP is dependent on how many employees are eligible, how many actually elect to participate in the ESPP, each participating employee's election as to the level of payroll deduction, and the purchase price for each applicable offering period. Accordingly, the number of employees who will participate in the ESPP, the number of shares expected to be purchased under the ESPP in any one offering period (in general, or as to any particular individual or group of employees), and the potential duration of the ESPP, are not determinable.

Without limitation of the foregoing, the Committee shall have the full and exclusive discretionary authority, subject to the express provisions of the Plan and compliance with Code Section 423 with respect to the Code Section 423 Component of the Plan:

3.1 To determine how and when options to purchase shares of Common Stock will be granted and the provisions of each offering which need not be identical;

3.2 To designate from time to time which Subsidiaries shall be Participating Subsidiaries;

3.3 To determine Eligible Employees;

3.4 To determine whether individual bookkeeping accounts should be maintained for each Participant;

3.5 To retain third parties to assist in the administration of the Plan;

3.6 To decide and adjudicate all disputed claims of any Employee or beneficiary, heir, executor or administrator of a deceased Employee; and

3.7 To determine conversion of foreign currency, obligations to pay payroll taxes, withholding procedures and handling of shares of Common Stock as may be necessary or desirable to accommodate the requirements of foreign laws and Employees who are tax residents of a non-U.S. country or foreign nationals.

4. Eligibility. Unless otherwise determined by the Committee in a manner that is consistent with Section 423 of the Code with respect to the Code Section 423 Component of the Plan, any individual who is an Eligible Employee as of the first day of the enrollment period designated by the Committee for a particular Offering Period shall be eligible to participate in such Offering Period.

Notwithstanding any provision of the Plan to the contrary, no Eligible Employee shall be granted an option under the Plan if (i) immediately after the grant of the option, such Eligible Employee (or any other person whose stock would be attributed to such Eligible Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary or (ii) such option would permit his or her rights to purchase

stock under all employee stock purchase plans (described in Section 423 of the Code) of the Company and its Subsidiaries to accrue at a rate that exceeds twenty-five thousand dollars (\$25,000) of the Fair Market Value of such stock (determined at the time the option is granted) for each calendar year in which such option is outstanding at any time.

5. Offering Periods. The Plan shall be implemented by a series of Offering Periods, each of which shall be six (6) consecutive months in duration, with new Offering Periods commencing on or about January 1 and July 1 of each year (or such other times as determined by the Committee). The Committee shall have the authority to change the duration, frequency, start and end dates of Offering Periods.

6. Participation.

6.1 Enrollment; Payroll Deductions. An Eligible Employee may elect to participate in the Plan by properly completing an Enrollment Form, which may be electronic, and submitting it to the Company, in accordance with the enrollment procedures established by the Committee. Participation in the Plan is entirely voluntary. By submitting an Enrollment Form, the Eligible Employee authorizes payroll deductions from his or her pay check in an amount equal to at least one percent (1%), but not more than fifteen percent (15%) of his or her Compensation on each pay day occurring during an Offering Period (or such other maximum percentage as the Committee may establish from time to time before an Offering Period begins). Payroll deductions shall commence on the first payroll date following the Offering Date and end on the last payroll date on or before the Purchase Date. The Company shall maintain records of all payroll deductions but shall have no obligation to pay interest on payroll deductions or to hold such amounts in a trust or in any segregated account. Unless expressly permitted by the Committee, a Participant may not make any separate contributions or payments to the Plan.

6.2 Election Changes. Unless otherwise determined and communicated by the Committee prior to the beginning of an Offering Period, during an Offering Period, a Participant may not decrease or increase his or her rate of payroll deductions applicable to such Offering Period. If permitted to make such a change, the Participant must submit a new Enrollment Form authorizing the new rate of payroll deductions at least fifteen (15) days before the Purchase Date. A Participant may decrease or increase his or her rate of payroll deductions for future Offering Periods by submitting a new Enrollment Form authorizing the new rate of payroll deductions at least fifteen (15) days before the start of the next Offering Period.

6.3 Automatic Re-Enrollment. The deduction rate selected by a Participant in the Enrollment Form shall remain in effect for subsequent Offering Periods unless the Participant (i) submits a new Enrollment Form authorizing a new level of payroll deductions in accordance with Section 6.2, (ii) withdraws from the Plan in accordance with Section 10, or (iii) terminates employment or otherwise becomes ineligible to participate in the Plan.

7. Grant of Option. On each Offering Date, each Participant in the applicable Offering Period shall be granted an option to purchase, on the Purchase Date, a number of shares of Common Stock determined by dividing the Participant's accumulated payroll deductions by the applicable Purchase Price; provided, however, that in no event shall any Participant purchase more than one hundred twenty-five (125) shares of Common Stock during an Offering Period (subject to adjustment in accordance with Section 18 and the limitations set forth in Sections 4 and 13 of the Plan).

8. Exercise of Purchase Option/Purchase of Shares. A Participant's option to purchase shares of Common Stock will be exercised automatically on the Purchase Date of each Offering Period. The Participant's accumulated payroll deductions will be used to purchase the maximum number of whole shares that can be purchased with the amounts in the Participant's notional account. No fractional shares may be purchased but notional fractional shares of Common Stock will be allocated to the Participant's ESPP Share Account to be aggregated with other notional fractional shares of Common Stock on future Purchase Dates, subject to earlier withdrawal by the Participant in accordance with Section 10 or termination of employment in accordance with Section 11.

9. Transfer of Shares. As soon as reasonably practicable after each Purchase Date, the Company will arrange for the delivery to each Participant of the shares of Common Stock purchased upon exercise of his or her option. The Committee may permit or require that the shares be deposited directly into an ESPP Share Account established in the name of the Participant with a Designated Broker and may require that the shares of Common Stock be retained with such Designated Broker for a specified period of time. Participants will not have any voting, dividend or other rights of a

shareholder with respect to the shares of Common Stock subject to any option granted hereunder until such shares have been delivered pursuant to this Section 9.

10. Withdrawal.

10.1 Withdrawal Procedure. Unless otherwise determined by the Committee and communicated to Eligible Employees prior to the beginning of an Offering Period, a Participant may withdraw from an Offering by submitting to the Company a revised Enrollment Form indicating his or her election to withdraw at least fifteen (15) days before the Purchase Date. The accumulated payroll deductions held on behalf of a Participant in his or her notional account (that have not been used to purchase shares of Common Stock) shall be paid to the Participant promptly following receipt of the Participant's Enrollment Form indicating his or her election to withdraw and the Participant's option shall be automatically terminated. If a Participant withdraws from an Offering Period, no payroll deductions will be made during any succeeding Offering Period, unless the Participant re-enrolls in accordance with Section 6.1 of the Plan.

10.2 Effect on Succeeding Offering Periods. A Participant's election to withdraw from an Offering Period will not have any effect upon his or her eligibility to participate in succeeding Offering Periods that commence following the completion of the Offering Period from which the Participant withdraws.

11. Termination of Employment; Change in Employment Status. Upon termination of a Participant's employment for any reason, including death, disability or retirement, or a change in the Participant's employment status following which the Participant is no longer an Eligible Employee, which in either case occurs at least thirty (30) days before the Purchase Date, the Participant will be deemed to have withdrawn from the Plan and the payroll deductions in the Participant's notional account (that have not been used to purchase shares of Common Stock) shall be returned to the Participant, or in the case of the Participant's death, to the person(s) entitled to such amounts under Section 17, and the Participant's option shall be automatically terminated. If the Participant's termination of employment or change in status occurs within thirty (30) days before a Purchase Date, the Participant's accumulated payroll deductions shall be used to purchase shares of Common Stock on the Purchase Date.

12. Interest. No interest shall accrue on or be payable with respect to the payroll deductions of a Participant in the Plan.

13. Shares Reserved for Plan.

13.1 Number of Shares. A total of four hundred thousand (400,000) shares of Common Stock have been reserved as authorized for the grant of options under the Plan. The shares of Common Stock may be newly issued shares, treasury shares or shares acquired on the open market.

13.2 Over-subscribed Offerings. The number of shares of Common Stock which a Participant may purchase in an Offering under the Plan may be reduced if the Offering is over-subscribed. No option granted under the Plan shall permit a Participant to purchase shares of Common Stock which, if added together with the total number of shares of Common Stock purchased by all other Participants in such Offering would exceed the total number of shares of Common Stock remaining available under the Plan. If the Committee determines that, on a particular Purchase Date, the number of shares of Common Stock with respect to which options are to be exercised exceeds the number of shares of Common Stock then available under the Plan, the Company shall make a pro rata allocation of the shares of Common Stock remaining available for purchase in as uniform a manner as practicable and as the Committee determines to be equitable.

14. Transferability. No payroll deductions credited to a Participant, nor any rights with respect to the exercise of an option or any rights to receive Common Stock hereunder may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or as provided in Section 17 hereof) by the Participant. Any attempt to assign, transfer, pledge or otherwise dispose of such rights or amounts shall be without effect.

15. Application of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose to the extent permitted by applicable law, and the Company shall not be required to segregate such payroll deductions or contributions.

16. Statements. Participants will be provided with statements at least annually which shall set forth the payroll deductions made by the Participant to the Plan, the Purchase Price of any shares of Common Stock purchased with accumulated funds, the number of shares of Common Stock purchased, and any payroll deduction amounts remaining in the Participant's notional account.

17. Designation of Beneficiary. A Participant may file, on forms supplied by the Committee, a written designation of beneficiary who is to receive (i) any shares of Common Stock from the Participant's ESPP Share Account under the Plan in the event of such Participant's death, and (ii) any cash withheld through payroll deductions and credited to the Participant's notional account in the event of the Participant's death prior to the Purchase Date of an Offering Period. In the absence of a beneficiary designation, subject to applicable law any such shares of Common Stock and cash shall be payable to the Participant's estate.

18. Adjustments Upon Changes in Capitalization; Dissolution or Liquidation; Corporate Transactions.

18.1 Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Common Stock, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or other change in the Company's structure affecting the Common Stock occurs, then in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, the Committee will, in such manner as it deems equitable, adjust the number of shares and class of Common Stock that may be delivered under the Plan, the Purchase Price per share and the number of shares of Common Stock covered by each outstanding option under the Plan, and the numerical limits of Section 7 and Section 13.

18.2 Dissolution or Liquidation. Unless otherwise determined by the Committee, in the event of a proposed dissolution or liquidation of the Company, any Offering Period then in progress will be shortened by setting a new Purchase Date and the Offering Period will end immediately prior to the proposed dissolution or liquidation. The new Purchase Date will be before the date of the Company's proposed dissolution or liquidation. Before the new Purchase Date, the Committee will provide each Participant with written notice, which may be electronic, of the new Purchase Date and that the Participant's option will be exercised automatically on such date, unless before such time, the Participant has withdrawn from the Offering in accordance with Section 10.

18.3 Corporate Transaction. In the event of a Corporate Transaction in which the Company is not the surviving corporation, each outstanding option will be assumed or an equivalent option substituted by the successor corporation or a parent or Subsidiary of such successor corporation. If the successor corporation refuses to assume or substitute the option, the Offering Period with respect to which the option relates will be shortened by setting a new Purchase Date on which the Offering Period will end. The new Purchase Date will occur before the date of the Corporate Transaction. Prior to the new Purchase Date, the Committee will provide each Participant with written notice, which may be electronic, of the new Purchase Date and that the Participant's option will be exercised automatically on such date, unless before such time, the Participant has withdrawn from the Offering in accordance with Section 10.

19. General Provisions.

19.1 Equal Rights and Privileges. Notwithstanding any provision of the Plan to the contrary and in accordance with Section 423 of the Code, all Eligible Employees who are granted options under the Code Section 423 Component of the Plan shall have the same rights and privileges. Eligible Employees participating in the Non-Code Section 423 Component of the Plan need not have the same rights and privileges as Eligible Employees participating in the Code Section 423 Component of the Plan.

19.2 No Right to Continued Service. Neither the Plan nor any compensation paid hereunder will confer on any Participant the right to continue as an Employee or in any other capacity.

19.3 Rights as Stockholder. A Participant will become a stockholder with respect to the shares of Common Stock that are purchased pursuant to options granted under the Plan when the shares are transferred to the Participant's ESPP Share Account. A Participant will have no rights as a stockholder with respect to shares of Common Stock for which

an election to participate in an Offering Period has been made until such Participant becomes a stockholder upon the transfer of shares of Common Stock in the Participant's ESPP Share Account.

19.4 Successors and Assigns. The Plan shall be binding on the Company and its successors and assigns.

19.5 Entire Plan. This Plan constitutes the entire plan with respect to the subject matter hereof.

19.6 Compliance with Law. The obligations of the Company with respect to payments under the Plan are subject to compliance with all applicable laws and regulations. Common Stock shall not be issued with respect to an option granted under the Plan unless the exercise of such option and the issuance and delivery of the shares of Common Stock pursuant thereto shall comply with all applicable provisions of law, including, without limitation, the Securities Act, the Exchange Act, and the requirements of any stock exchange upon which the shares may then be listed.

19.7 Restrictions on Sale; Notice of Disqualifying Dispositions. If required by the Committee, (i) Participants shall be prohibited from selling any shares of Common Stock acquired under the terms of the Plan until the expiration of (A) the period commencing on each Offering Date and ending two (2) years later, and (B) one (1) year after the Purchase Date; and (ii) to the extent the limitation in (i) is inapplicable, each Participant shall give the Company prompt written notice of any disposition or other transfer of shares of Common Stock acquired pursuant to the exercise of an option acquired under the Plan, if such disposition or transfer is made within two (2) years after the Offering Date or within one (1) year after the Purchase Date.

19.8 Term of Plan. The Plan shall become effective on the Effective Date and, unless terminated earlier pursuant to Section 19.9, shall have a term of ten (10) years ending on the ten (10) year anniversary of the Effective Date.

19.9 Amendment or Termination. The Committee may, in its sole discretion, amend, suspend or terminate the Plan at any time and for any reason. If the Plan is terminated, the Committee may elect to terminate all outstanding Offering Periods either immediately or once shares of Common Stock have been purchased on the next Purchase Date (which may, in the discretion of the Committee, be accelerated) or permit Offering Periods to expire in accordance with their terms (and subject to any adjustment in accordance with Section 18). If any Offering Period is terminated before its scheduled expiration, all amounts that have not been used to purchase shares of Common Stock will be returned to Participants (without interest, except as otherwise required by law) as soon as administratively practicable.

19.10 Applicable Law. The laws of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of the Plan, without regard to such state's conflict of law rules.

19.11 Stockholder Approval. The Plan shall be subject to approval by the stockholders of the Company.

19.12 Code Section 423. The Code Section 423 Component of the Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code. Any provision of the Code Section 423 Component of the Plan that is inconsistent with Section 423 of the Code shall be reformed to comply with Section 423 of the Code.

19.13 Withholding. To the extent required by applicable United States and foreign federal, state, provincial or local law, a Participant must make arrangements satisfactory to the Company for the payment of any withholding or similar tax obligations that arise in connection with the Plan.

19.14 Rules Applicable to Non-U.S. Countries. Notwithstanding anything contained herein to the contrary, the terms and conditions of the Non-Code Section 423 Component of the Plan with respect to Participants who are tax residents of a particular non-U.S. country or who are foreign nationals employed in non-U.S. jurisdictions may be subject to an addendum to the Plan in the form of an appendix or sub-plan (which appendix or sub-plan may be designed to govern Offerings under the Non-Code Section 423 Component of the Plan as determined by the Committee). To the extent the terms and conditions set forth in an appendix or sub-plan conflict with any provision of the Plan, the provisions of the appendix or sub-plan shall govern. Without limiting the foregoing, with respect to the Non-Code Section 423 Component of the Plan the Committee is specifically authorized to adopt rules and procedures, with respect to Participants who are tax residents of a particular non-U.S. country or who are foreign nationals employed in non-U.S. jurisdictions, regarding the exclusion of particular Subsidiaries from participation in the Plan, eligibility to participate, the

definition of Compensation, handling of payroll deductions or other contributions by Participants, payment of interest, conversion of local currency, data privacy security, payroll tax, withholding procedures, establishment of bank or trust accounts to hold payroll deductions or contributions.

19.15 Severability. If any provision of the Plan shall for any reason be held to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof, and the Plan shall be construed as if such invalid or unenforceable provision were omitted.

19.16 Headings. The headings of sections herein are included solely for convenience and shall not affect the meaning of any of the provisions of the Plan
