#### **Business Outlook**

For the full year ending December 31, 2020, GoDaddy expects the following:

|   | <br>Meti    | ric     | Year-Over-Year<br>Growth |
|---|-------------|---------|--------------------------|
| Revenue                                 | \$<br>3.315 | billion | 11 %                     |
| Unlevered Free Cash Flow <sup>(1)</sup> | \$<br>835   | million | 14 %                     |
| Capital Expenditures                    | ~\$85       | million |                          |
| Cash Interest on Long-Term Debt         | ~\$80       | million |                          |
| Cash Income Taxes                       | <\$20       | million |                          |

(1) 2020 includes 27 pay periods versus 26 in a normal year, resulting in an incremental cash outflow of ~\$18 million. Normalized for this item, uFCF growth in 2020 would be approximately 16%.

For the first quarter ending March 31, 2020, GoDaddy expects total revenue of approximately \$795 million, or approximately 12% year over year growth.

Our consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States (GAAP). GoDaddy does not provide reconciliations from non-GAAP guidance to GAAP, because projections of changes in individual balance sheet amounts are not possible without unreasonable effort, and presentation of such reconciliations would imply an inappropriate degree of precision. Our reported results provide reconciliations of non-GAAP financial measures to their nearest GAAP equivalents.

#### **Quarterly Conference Call and Webcast**

GoDaddy will host a conference call and webcast to discuss fourth quarter 2019 results at 5:00 p.m. Eastern Time on February 13, 2020. To hear the call, dial (833) 286-5800 in the United States or (647) 689-4445 from international locations, with passcode 2145709. A live webcast of the call, together with a slide presentation including supplemental financial information and reconciliations of certain non-GAAP financial measures to their nearest GAAP equivalent, will be available through the GoDaddy Investor Relations website at https://investors.godaddy.net. Following the call, a recorded replay of the webcast will be available on the website.

GoDaddy Inc. uses its Investor Relations website at https://investors.godaddy.net as a means of disclosing material nonpublic information and for complying with its disclosure obligations under Regulation FD. Accordingly, investors should monitor the company's Investor Relations website, in addition to following press releases, Securities and Exchange Commission (SEC) filings, public conference calls and webcasts.

#### **Forward-Looking Statements**

This press release contains forward-looking statements which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements are based on estimates and information available to us at the time of this press release and are not guarantees of future performance. Statements in this release involve risks, uncertainties and assumptions. If the risks or uncertainties materialize or the assumptions prove incorrect, our results may differ materially from those expressed or implied by such forward-looking statements. All statements other than statements of historical fact could be deemed forward-looking statements, including, but not limited to: launches of new or adoption and expansion of existing products or services, any projections of product or service availability, technology

developments and innovation, customer growth, addressable market size, market acceptance of products or other future events; any statements about historical results that may suggest future trends for our business; any statements regarding our plans, strategies or objectives with respect to future operations, including international expansion plans; any statements regarding integration of recent or planned acquisitions, any statements regarding our future financial results; statements concerning GoDaddy's ability to integrate its acquisition of Over and the expected acquisition of Uniregistry's domain registrar and marketplace businesses, and the projected impact of the acquisitions on GoDaddy's business and results of operations; and any statements of assumptions underlying any of the foregoing.

Actual results could differ materially from our current expectations as a result of many factors, including, but not limited to: the unpredictable nature of our rapidly evolving market; fluctuations in our financial and operating results; our rate of growth; interruptions or delays in our service or our web hosting; breaches of our security measures; the impact of any previous or future acquisitions; our ability to continue to release, and gain customer acceptance of, our existing and future products and services; our ability to manage our growth; our ability to hire, retain and motivate employees; the effects of competition; technological, regulatory and legal developments; intellectual property litigation; developments in the economy, financial markets and credit markets; and execution of share repurchases.

Additional risks and uncertainties that could affect GoDaddy's financial results are included in the other filings we make with the SEC from time to time, including the risks described under the captions "Risk Factors" in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2019 as well as those described in "Management's Discussion and Analysis of Financial Condition and Results of Operations," in the company's Annual Report on Form 10-K for the year ended December 31, 2018 and in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2019, which are available on the company's website at https://investors.godaddy.net and on the SEC's website at www.sec.gov. Additional information will also be set forth in other filings that the company makes with the SEC from time to time. All forward-looking statements in this press release are based on information available to GoDaddy as of the date hereof. GoDaddy does not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

#### **Non-GAAP Financial Measures and Other Operating Metrics**

In addition to our results determined in accordance with GAAP, this release includes certain non-GAAP financial measures and other operating metrics. We believe that these non-GAAP financial measures and other operating metrics are useful as a supplement in evaluating our ongoing operational performance and enhancing an overall understanding of our past financial performance. The non-GAAP financial measures included in this release should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. A reconciliation between each non-GAAP financial measure and its nearest GAAP equivalent is included in this release following the financial statements. We use both GAAP and non-GAAP measures to evaluate and manage our operations.

*Total bookings.* Total bookings represents cash receipts from the sale of products to customers in a given period adjusted for products where we recognize revenue on a net basis and without giving effect to certain adjustments, primarily net refunds granted in the period. Total bookings provides valuable insight into the sales of our products and the performance of our business

since we typically collect payment at the time of sale and recognize revenue ratably over the term of our customer contracts. We report total bookings without giving effect to refunds granted in the period because refunds often occur in periods different from the period of sale for reasons unrelated to the marketing efforts leading to the initial sale. Accordingly, by excluding net refunds, we believe total bookings reflects the effectiveness of our sales efforts in a given period.

*ARPU*. We calculate ARPU as total revenue during the preceding 12 month period divided by the average of the number of total customers at the beginning and end of the period. ARPU provides insight into our ability to sell additional products to customers, though the impact to date has been muted due to our continued growth in total customers.

Unlevered Free Cash Flow. Unlevered free cash flow is a measure of our liquidity used by management to evaluate our business prior to the impact of our capital structure and purchases of property and equipment, such as data center and infrastructure investments, that can be used by us for strategic opportunities and strengthening our balance sheet. However, given our debt obligations, unlevered free cash flow does not represent residual cash flow available for discretionary expenses.

*Net Debt.* We define net debt as total debt less cash and cash equivalents and short-term investments. Total debt consists of the current portion of long-term debt plus long-term debt, unamortized original issue discount and unamortized debt issuance costs. We believe the presentation of net debt provides useful information to investors because our management reviews net debt as part of its management of our overall liquidity, financial flexibility, capital structure and leverage. Furthermore, certain analysts and debt rating agencies monitor our net debt as part of their assessments of our business.
