PLANET FITNESS, INC.
PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

May 3, 2021

INTRODUCTION

This Proxy Statement provides information for stockholders of Planet Fitness, Inc. (“we,” “us,” “our,” “Planet Fitness” and the “Company”), as part of the solicitation of proxies by the Company and its board of directors (the “Board”) from holders of the outstanding shares of the Company’s common stock, par value \$0.0001 per share, for use at the Company’s annual meeting of stockholders to be held in a virtual format at www.virtualshareholdermeeting.com/PLNT2021 at 2:00 p.m. Eastern Time on May 3, 2021, and at any adjournments or postponements thereof (the “Annual Meeting”).

At the Annual Meeting, stockholders will be asked to vote either directly or by proxy on the following matters discussed herein:

1. Election of the three director nominees named in the Proxy Statement to serve until the 2024 annual meeting of stockholders;
2. Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2021;
3. Approval, on an advisory basis, of the compensation of the Company’s named executive officers; and
4. Transacting such other business as may properly come before the meeting or any adjournment thereof.

A Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to access our proxy materials, including this Proxy Statement and our 2020 Annual Report on Form 10-K, is being mailed to stockholders on or about March 19, 2021. The Notice also provides instructions on how to vote over the Internet, by phone or by mail. If you receive a Notice by mail, you will not receive printed and mailed proxy materials unless you specifically request them.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

We include this Q&A section to provide some background information and brief answers to several questions you might have about the Annual Meeting. We encourage you to read the enclosed Proxy Statement in its entirety.

Why are we providing these materials?

Our Board is providing these materials to you in connection with our Annual Meeting, which will take place on May 3, 2021, and will be held in a virtual format at www.virtualshareholdermeeting.com/PLNT2021 beginning at 2:00 p.m. Eastern Time. Stockholders are invited to participate in the Annual Meeting and are requested to vote on the proposals described herein. Please be sure to retain the control number listed on your voting instruction card in order to attend our virtual shareholder meeting.

What information is contained in this Proxy Statement?

This Proxy Statement contains information relating to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and most highly paid officers, and other required information.

What proposals will be voted on at the Annual Meeting?

There are three proposals scheduled to be voted on at the Annual Meeting:

- Elect the three director nominees named in this Proxy Statement to serve until the 2024 annual meeting of stockholders;
- Ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2021; and
- Approve, on an advisory basis, the compensation of our named executive officers.

We will also consider other business that properly comes before the Annual Meeting.

What shares can I vote?

You may vote all shares of common stock that you owned as of the close of business on the record date, March 8, 2021. You may cast one vote per share, including shares (i) held directly in your name as the stockholder of record and (ii) held for you as the beneficial owner through a stockbroker, bank, or other nominee. The proxy card will indicate the number of shares.

As of March 8, 2021, there were 83,102,252 shares of Class A common stock outstanding and 3,463,075 shares of Class B common stock outstanding, all of which are entitled to be voted at the Annual Meeting.

A list of stockholders will be available at our headquarters at 4 Liberty Lane West, Hampton, New Hampshire 03842 for a period of at least ten days prior to the Annual Meeting and at the Annual Meeting itself for examination by any stockholder.

What are the voting rights of stockholders?

Each share of our common stock is entitled to one vote. There is no cumulative voting.

What is the difference between being a stockholder of record and a beneficial owner?

Many of our stockholders hold their shares through stockbrokers, banks, or other nominees, rather than directly in their own names. As summarized below, there are some differences between being a stockholder of record and a beneficial owner.

Stockholder of record: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are the stockholder of record, and these proxy materials are being sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals named on the proxy card or to vote at the Annual Meeting.

Beneficial owner: If your shares are held in a stock brokerage account or by a bank or other nominee, you are the beneficial owner of shares held in “street name,” and these proxy materials are being forwarded to you by your broker or other nominee, who is considered to be the stockholder of record. As the beneficial owner, you have the right to tell your nominee how to vote, and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you obtain a legal proxy from your nominee authorizing you to do so. Your nominee has sent you instructions on how to direct the nominee’s vote. You may vote by following those instructions and the instructions on the Notice.

How do stockholders vote?

If you are a stockholder of record, you may have your shares voted on matters presented at the Annual Meeting in any of the following ways:

- During the meeting—you may attend the Annual Meeting virtually and cast your vote then. If you have already voted online, by telephone or by mail, your vote at the Annual Meeting will supersede your prior vote.
- By proxy—stockholders of record have a choice of voting by proxy:
 - over the Internet at www.proxyvote.com/PLNT;
 - by using a toll-free telephone number noted on your proxy card; or
 - by executing and returning a proxy card and mailing it in the postage-paid envelope provided. Please allow sufficient time for delivery of your proxy card if you decide to vote by mail.

The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m., Eastern Time, on May 2, 2021.

If you properly cast your vote by either voting your proxy via Internet, telephone or by executing and returning the proxy card, and if your vote is not subsequently revoked by you, your vote will be voted in accordance with your instructions. If any other matter is presented, your proxy will vote in accordance with the proxy holders' best judgment. At the time we mailed these proxy materials, we knew of no matters that needed to be acted on at the Annual Meeting other than those discussed in this Proxy Statement.

If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board. If you are a street name holder and wish to vote at the meeting, you must first obtain a proxy from your bank, broker or other holder of record authorizing you to vote.

A control number, located on your proxy card, is designed to verify your identity and allow you to vote your shares, and to confirm that your voting instructions have been properly recorded when voting over the Internet or by telephone. Please be aware that if you vote by telephone or Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

What is a proxy holder?

We are designating Dorvin Lively, our President, and Justin Vartanian, our General Counsel and Corporate Secretary, to hold and vote all properly-tendered proxies (except votes "withheld"). If you have indicated a vote, they will vote accordingly. If you have left a vote blank, they will vote as the Board recommends. While we do not expect any other business to come up for a vote, if it does, they will vote in their discretion. If a director nominee is unwilling or unable to serve, the proxy holders will vote in their discretion for an alternative nominee.

How does the Board recommend that I vote?

The Board recommends that you vote your shares:

- "FOR" the election of the Board's nominees;
- "FOR" the ratification of the appointment of KPMG LLP; and
- "FOR" the advisory approval of the compensation of our named executive officers.

May my broker vote for me?

If your broker holds your shares in street name, the broker may vote your shares on routine matters even if it does not receive instructions from you. At the Annual Meeting, your broker may, without instructions from you, vote on Proposal 2, but not on any of the other proposals.

What are abstentions and broker non-votes?

An abstention represents the action by a stockholder to refrain from voting "for" or "against" a proposal. "Broker non-votes" represent votes that could have been cast on a particular matter by a broker, as a stockholder of record, but that were not cast because the broker (i) lacked discretionary voting authority on the matter and did not receive voting instructions from the beneficial owner of the shares or (ii) had discretionary voting authority but nevertheless refrained from voting on the matter.

Can I change my vote or revoke my proxy?

Yes, you may change your vote after you send in your proxy card or vote your shares via the Internet or by telephone by following these procedures:

- Entering a new vote online;
- Entering a new vote by telephone;
- Signing and returning a new proxy card bearing a later date, which will automatically revoke your earlier proxy instructions; or
- Attending the Annual Meeting and voting during the meeting.

What constitutes a quorum for the Annual Meeting?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of Class A and Class B common stock on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, there were 83,102,252 shares of Class A common stock outstanding and 3,463,075 shares of Class B common stock outstanding, all of which are entitled to be voted at the Annual Meeting. Both abstentions and “broker non-votes” (when a broker does not have authority to vote on the proposal in question) are counted as present for the purpose of determining the presence of a quorum.

What vote is required to approve the election of directors (Proposal 1)?

Director nominees are elected by plurality vote. Therefore, if you do not vote for a nominee, or you “withhold” authority to vote for a nominee, your vote will not count either “for” or “against” the nominee. Broker non-votes will have no effect on the outcome of Proposal 1.

What vote is required to ratify the selection of KPMG LLP as the Company’s independent registered public accounting firm for 2021 (Proposal 2)?

Proposal 2 will be approved if a majority of the votes cast affirmatively or negatively on the matter is cast “for” the proposal. You may vote “for” or “against,” or abstain from voting on Proposal 2. Abstentions and broker non-votes will have no effect on the outcome of Proposal 2.

What vote is required for the advisory approval of the compensation of our named executive officers (Proposal 3)?

Proposal 3 will be approved if a majority of the votes cast affirmatively or negatively on the matter is cast “for” the proposal. You may vote “for” or “against,” or abstain from voting on Proposal 3. Because the proposal to approve the compensation paid to named executive officers for the fiscal year ended December 31, 2020 is advisory, it will not be binding on us or the Board. However, our compensation committee intends to take into account the outcome of the vote when considering future executive compensation arrangements. Abstentions and broker non-votes will have no effect on the outcome of Proposal 3.

What does it mean if I receive more than one Notice?

You may receive more than one Notice if, for example, you hold your shares in multiple brokerage accounts. You must vote based on the instructions in each Notice separately.

How are votes counted?

Broadridge Financial Solutions, Inc. has been appointed to be the inspector of elections and in this capacity will supervise the voting, decide the validity of proxies and certify the results. We will publish final vote counts within four business days after the Annual Meeting on a Current Report on Form 8-K.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed, either within the Company or to third parties, except as necessary (i) to meet applicable legal requirements, (ii) to allow for tabulation and certification of the vote, and (iii) to facilitate successful proxy solicitation by the Board.

Who pays for costs relating to the proxy materials and Annual Meeting?

The costs of preparing, assembling and mailing this Proxy Statement, the Notice of Annual Meeting of Stockholders and the enclosed Annual Report and proxy card, along with the cost of posting the proxy materials on a website, are borne by us. In addition to the use of mail, our directors, officers and employees may solicit proxies personally and by telephone and other

electronic means. They will receive no compensation in addition to their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy materials to their principals and to request authority for the execution of proxies. We may reimburse these persons for their expenses in doing so.

Who can attend the Annual Meeting?

Any Company stockholder as of the close of business on the record date may attend the meeting. Stockholders must present a valid control number in order to be admitted to the meeting. Even if you plan to attend the meeting, please vote your shares by submitting a proxy.

Who should I call if I have any questions?

If you have any questions about the Annual Meeting, voting or your ownership of our common stock, please call Investor Relations at (203) 682-8200 or send an e-mail to investor@planetfitness.com.

PROPOSAL 1:

Election of Directors

Our business operates under the direction of our Board, which currently consists of eight directors. In accordance with our Restated Certificate of Incorporation, our Board consists of three classes of approximately equal size: Classes I, II, and III, with terms expiring in 2022, 2023, and 2021, respectively. Christopher Rondeau, Frances Rathke and Bernard Acoca are the Class III directors whose terms expire at the Annual Meeting. Our Board has nominated, and stockholders are being asked to reelect, Mr. Rondeau, Ms. Rathke and Mr. Acoca for three-year terms expiring at our 2024 annual meeting of stockholders. If elected, the nominees will each hold office until the conclusion of our 2024 annual meeting of stockholders and a successor is duly elected and qualified or until earlier death, resignation, or removal.

Each of the three nominees currently serves as a director of the Company. Mr. Rondeau and Ms. Rathke were elected by stockholders at the 2018 annual meeting of stockholders. Mr. Acoca was initially recommended to the board by a director search firm, which was paid a fee to identify and evaluate potential Board members. The Board appointed Mr. Acoca as a director in January 2021 upon the recommendation of the nominating and corporate governance committee and after several interviews with the Board's directors and members of the Company's executive leadership team. The Board is not aware of any nominee who will be unable or unwilling to serve as a director if elected at the Annual Meeting. In the event that one or more nominees is unexpectedly not available to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of directors to be elected at the Annual Meeting. Information relating to each nominee for election as director and for each continuing director, including his or her period of service as a director of the Company, principal occupation and other biographical material, is shown later in this Proxy Statement.

The Board recommends a vote FOR the election of each of the nominees as director.

BOARD OF DIRECTORS

The following table sets forth the name, age, and position, as of March 8, 2021, of individuals who currently serve as directors on our Board.

He received his Bachelor of Arts in Interdisciplinary Studies from the Ateneo de Manila University, Manila, Philippines, and earned his M.B.A. from Darden Graduate School of Business Administration at the University of Virginia. Because of his extensive franchise and corporate operations, digital development and international experience, we believe Mr. Tanco is well qualified to serve on our Board.

Board Composition and Director Independence

Our business and affairs are managed under the direction of the Board. Our Restated Certificate of Incorporation provides that our Board shall consist of at least three directors but not more than fifteen directors and that the number of directors may be fixed from time to time by resolution of our Board. Our Board is divided into three classes, as follows:

- Class I, which consists of Craig Benson, Cammie Dunaway and Christopher Tanco. The terms of Gov. Benson, Ms. Dunaway and Mr. Tanco will continue until our 2022 annual meeting of stockholders and a successor is duly elected and qualified or until earlier death, resignation or removal;
- Class II, which consists of Stephen Spinelli, Jr. and Enshalla Anderson. The terms of Dr. Spinelli and Ms. Anderson will continue until our 2023 annual meeting of stockholders and a successor is duly elected and qualified or until earlier death, resignation or removal; and
- Class III, which consists of Chris Rondeau, Frances Rathke and Bernard Acoca. The terms of Mr. Rondeau, Ms. Rathke and Mr. Acoca will continue until the Annual Meeting and a successor is duly elected and qualified or until earlier death, resignation or removal.

At this time, the Board believes that the classified board structure is in the best interest of the Company. The three-year term will ensure that at any given time the majority of the directors will have deep knowledge of the Company and a firm understanding of its goals, and it allows for continuity and stability of our Board, promoting the balance of long-term and short-term interests of the Company and its stockholders. The structure also safeguards the Company from third-party takeover attempts, as it will require a longer period to change majority control of the board. A classified board remains accountable to the Company’s stockholders. The directors continue to have a fiduciary responsibility to the stockholders, and the stockholders have the ability to elect one third of the Board annually to ensure their interests are represented.

Amendments to certain provisions of our certificate of incorporation and bylaws, including the classified board provision, require the approval of holders of at least 75% of the voting power of our outstanding shares of capital stock. The Company believes this heightened threshold is appropriate as it relates to fundamental elements of our corporate governance. The provision does not preclude changes being made to governing documents but rather it requires broad stockholder consensus in order to effect change. By requiring a 75% stockholder vote, the Board is better positioned to protect the Company from third-party takeover attempts and encourage those interested in acquiring the Company to negotiate directly with the Board.

The Board evaluates the relationships of each director and any director nominees with the Company and makes an affirmative determination whether such director or nominee is independent. Pursuant to our corporate governance guidelines, an

independent director shall be one who meets the qualification requirements for being an independent director under applicable laws and the corporate governance listing standards of the New York Stock Exchange ("NYSE"), including the requirement that the Board must have affirmatively determined that the director has no material relationships with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. To guide its determination as to whether or not a business or charitable relationship between the Company and an organization with which a director is so affiliated is material, the Board, or a designated committee of the Board, may from time to time adopt categorical standards of independence. Our Board has determined that Dr. Spinelli, Ms. Rathke, Ms. Dunaway, Ms. Anderson, Mr. Tanco and Mr. Acoca are independent directors under the rules of the NYSE.

Annual Board and Committee Performance Review

Pursuant to our corporate governance guidelines, our nominating and corporate governance committee is responsible for reporting annually to the Board an evaluation of the overall performance of the Board. Additionally, the charters of our audit committee, compensation committee and nominating & corporate governance committees each provide that the respective committee is responsible for performing or participating in an annual evaluation of its performance, the results of which are presented to the Board.

Board of Directors Leadership Structure

We currently separate the offices of the chair of the Board and chief executive officer of the Company, with Dr. Spinelli serving as non-executive chair, although the Board maintains the flexibility to select the chair of the Board and its leadership structure, from time to time, based on the criteria that it deems to be in the best interests of the Company and its stockholders. At this time, the Company believes that having a separate chief executive officer and chair allows Mr. Rondeau to focus on his role as our Chief Executive Officer and increases the Board's independence from management, leading to effective monitoring and oversight. As non-executive chair, Dr. Spinelli serves as a key source of communication between the independent directors and the Chief Executive Officer, establishes the agenda for each meeting of the Board and coordinates the agenda for and presides at regularly scheduled meetings of the independent directors.

Board Meetings, Attendance and Committees

Our Board met thirty-six times during 2020. Each director attended at least 75% of the aggregate meetings of the Board and meetings of the board committees on which such director served in 2020. The Board also approved certain actions by unanimous written consent in lieu of a meeting.

It is our policy that our directors attend annual meetings of stockholders. All then-current directors attended the 2020 annual meeting of stockholders.

As of the date of this Proxy Statement, our Board has three standing committees: the audit committee; the compensation committee; and the nominating and corporate governance committee. Each committee operates under its own written charter adopted by the Board, each of which is available on our website at <http://investor.planetfitness.com>.

Audit Committee

Our audit committee consists of three non-employee directors: Ms. Rathke, Dr. Spinelli and Ms. Anderson, with Ms. Rathke serving as chair of the committee. Our audit committee has determined that each of Ms. Rathke, Dr. Spinelli and Ms. Anderson meets the definition of "independent director" under the rules of the NYSE and under Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Our audit committee met eight times during 2020.

None of our audit committee members simultaneously serve on the audit committees of more than three public companies, including ours. Our Board has determined that each of Ms. Rathke and Dr. Spinelli is an "audit committee financial expert" and Ms. Anderson is "financially literate" within the meaning of the SEC's regulations and applicable listing standards of the NYSE. The audit committee's responsibilities include:

- appointing, retaining, approving the compensation of, and assessing the qualifications, performance and independence of our independent registered public accounting firm;
- pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- reviewing and assessing with management, the internal auditor and outside consultants the adequacy of security for the Company's information technology systems, processes and data;
- reviewing the adequacy of our internal controls over financial reporting;
- reviewing all related person transactions for potential conflict of interest situations and approving all such transactions;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- recommending, based upon the audit committee's review and discussions with management and the independent registered public accounting firm, the inclusion of our audited financial statements in our Annual Report on Form 10-K;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to the Board for approval;
- monitoring our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the audit committee report required by the rules of the SEC to be included in this Proxy Statement; and
- reviewing and discussing with management and our independent registered public accounting firm our earnings releases.

Compensation Committee

Our compensation committee consists of three non-employee directors: Dr. Spinelli, Ms. Rathke and Ms. Dunaway, with Dr. Spinelli serving as chair of the committee. Our compensation committee met five times during 2020. Our Board has determined that each of Dr. Spinelli, Ms. Rathke and Ms. Dunaway meet the definition of an "independent director" under Section 303A.02 of the NYSE corporate governance standards and under the Exchange Act. The compensation committee has the authority to delegate to subcommittees of the compensation committee any of the responsibilities of the full committee and executive officers of the Company such responsibilities of the full committee as may be permitted by applicable laws and in accordance with NYSE rules. The compensation committee's responsibilities include:

- determining and approving the compensation of our Chief Executive Officer, including annually reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer, and evaluating the performance of our Chief Executive Officer in light of such corporate goals and objectives;
- reviewing and approving the corporate goals, as well as applicable personal goals, and objectives relevant to the compensation of our other executive officers;
- reviewing and approving the compensation of our other executive officers;
- appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the compensation committee;
- conducting the independence assessment outlined in the rules of the NYSE with respect to any compensation consultant, legal counsel or other advisor retained by the compensation committee;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to the Board for approval;
- reviewing and establishing our overall management compensation philosophy and policy;
- overseeing and administering our equity compensation and similar plans;
- reviewing and approving our policies and procedures for the grant of equity-based awards and granting equity awards;
- reviewing and making recommendations to the Board with respect to director compensation; and
- reviewing and discussing with management the compensation discussion and analysis to be included in this Proxy Statement or Annual Report on Form 10-K.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of three non-employee directors: Ms. Dunaway, Dr. Spinelli and Ms. Anderson, with Ms. Dunaway serving as chair of the committee. Our nominating and corporate governance committee met six times during 2020. The nominating and corporate governance committee's responsibilities include:

- developing and recommending to the Board criteria for board and committee membership;
- establishing procedures for identifying and evaluating board of director candidates, including nominees recommended by stockholders;
- identifying individuals qualified to become members of the Board;
- recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;

- developing and recommending to the Board a set of corporate governance principles;
- articulating to each director what is expected, including reference to the corporate governance principles and directors' duties and responsibilities;
- reviewing and recommending to the Board practices and policies with respect to directors;
- reviewing and recommending to the Board the functions, duties and compositions of the Board's committees;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to the Board for approval;
- providing for new director orientation and continuing education for existing directors on a periodic basis;
- performing an evaluation of the performance of the committee;
- providing oversight of the Company's ESG initiatives; and
- overseeing the evaluation of the Board.

Board Oversight of Risk Management

While the full Board has the ultimate oversight responsibility for the risk management process, its committees oversee risk in certain specified areas. In particular, our audit committee oversees management of enterprise risks, including data and cyber security, as well as financial risks, business conduct and ethics, and is also responsible for overseeing the review and approval of related party transactions. Our compensation committee oversees the management of risks relating to our executive compensation plans and arrangements and the incentives created by the compensation awards it administers. Our nominating and corporate governance committee oversees risks associated with our environmental, social, and corporate governance ("ESG") practices. Pursuant to the Board's instruction, management regularly reports on applicable risks to the relevant committee or the full Board, as appropriate, with additional review or reporting on risks conducted as needed or as requested by the Board and its committees.

Due to the heightened risks to our business operations and the unique challenges and opportunities presented by the COVID-19 pandemic, the Board significantly increased the frequency of its meetings. Beginning in March 2020, the Board held weekly conference calls to ensure proper oversight of the business while the Company endured system-wide store closures and related challenges. As stores reopened across the country, these Board calls were reduced to every other week and have since been reduced to monthly, with additional meetings scheduled as appropriate.

Compensation Committee Interlocks and Insider Participation

Dr. Spinelli, Ms. Rathke and Ms. Dunaway have not at any time during the prior three years been one of our officers or employees. None of our executive officers currently serve, or in the past fiscal year have served, as a member of the Board or compensation committee of any entity that has one or more executive officers serving on our Board or compensation committee.

Codes of Conduct

We have adopted a code of business conduct and ethics applicable to our directors, officers and employees and a code of ethics for senior executive and financial officers applicable to our principal executive officer, president, principal financial officer, principal accounting officer and all controllers and any other senior operating and financial executives (the "Codes of Conduct"). The Codes of Conduct are available on our website at <http://investor.planetfitness.com>. If we make any substantive amendments to the Codes of Conduct or grant any waiver, including any implicit waiver, from a provision of the Codes of Conduct affecting our directors or executive officers, we will disclose the nature of such amendment or waiver on that website or in a Current Report on Form 8-K.

Corporate Governance Guidelines

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. The Board has adopted a set of corporate governance guidelines to set clear parameters for the operation of our Board. Our corporate governance guidelines are available on our website at <http://investor.planetfitness.com>.

Director Nomination Process

The nominating and corporate governance committee recommends, and the Board nominates, candidates to stand for election as directors. The nominating and corporate governance committee has the authority to engage search firms for the purpose of identifying highly qualified director candidates, for which such firms are paid a fee. In January 2021, the Board appointed Messrs. Tanco and Acoca as directors, both of whom were initially identified and recommended by a search firm, for which the search firm was paid a fee. Stockholders may also nominate persons to be elected as directors in accordance with our bylaws and applicable law, as described under "Additional Information—Requirements for Stockholder Proposals."

Board Membership Criteria

We seek a Board that collectively possess the experiences, skills, backgrounds, and qualifications appropriate to function effectively in light of the Company's current and evolving business circumstances. It is the policy of the Board that directors should possess strong personal and professional ethics, integrity, and values; be business savvy and genuinely interested in the Company; and be committed to representing the long-term interests of our stockholders. Our goal is a balanced and diverse Board, with members whose skills, background and experience are complementary and, together, cover the spectrum of areas that impact our business.

Shareholder Engagement

We value shareholder engagement and strive for regular communication with our shareholders throughout the year. In addition to engaging with shareholders through our quarterly earnings calls, we routinely participate in direct investor meetings and investment community conferences.

Environmental, Social and Corporate Governance

In 2018, we conducted a materiality assessment, engaging both internal and external stakeholders to identify the ESG issues that are most important to Planet Fitness. Our process included establishing cross-functional working groups to address and integrate strategies into our policies and programs to measure progress and improve performance over the long-term. Our materiality assessment prioritized topics consistent with the Sustainability Accounting Standards Board's industry-specific disclosures for leisure facilities. The outcome of the assessment helped to inform the development of the pillars of our Corporate Social Responsibility ("CSR") platform, referred to as PF Purpose, which will be used to guide the evolution of our ESG strategy and approach over the coming years. The mission of PF Purpose is to enhance people's lives and create a healthier world. Health is core to who we are, so it is natural that health is at the heart of our approach to operating responsibly and positively impacting our members, our teams, our communities and future generations. Through PF Purpose, we will focus on three core areas: Physical Health, Mental Health, and Planet Health.

- We increase access to physical health, empowering underserved populations by breaking down social and financial barriers to fitness.
- We advance the mental health of our members, team members and the next generation by fostering an inclusive, engaged and judgement free culture across our stores and our communities.
- We aim to protect planet health by seeking to reduce our environmental impacts and partnering with our franchisees to make efficient, sustainable decisions across our operations.
- In service of our mission to create a healthier world, we commit to operating consistently, ethically and with integrity, through sound policies, leadership and oversight, while providing value to all of our stakeholders.

Our Nominating and Corporate Governance Committee oversees the Company's ESG initiatives and receives regular updates from the Company's CSR team. In March 2021, the Company produced its first CSR Impact Report. A copy of the CSR Impact Report will be available on a new PF Purpose section of the Company's website beginning in April 2021.

Communications with Directors

Stockholders and other interested parties wishing to communicate directly with our Board or individual directors may do so by writing to the Board or such individual c/o the Corporate Secretary, Planet Fitness, Inc., 4 Liberty Lane West, Hampton, New Hampshire 03842. The Secretary will forward such communications to the Board or individual at or prior to the next meeting of the Board. The Secretary will not forward any communication determined in his good faith belief to be frivolous, unduly hostile, threatening or similarly unsuitable.

PROPOSAL 2:

Ratification of Independent Registered Public Accounting Firm

The audit committee of our Board has appointed KPMG LLP (“KPMG”) as our independent registered public accounting firm for 2021. We are asking our stockholders to ratify this appointment.

SEC and NYSE regulations require our audit committee to engage, retain, and supervise our independent registered public accounting firm. Our audit committee annually reviews our independent registered public accounting firm’s independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm’s performance. Although stockholder ratification is not required by applicable law nor by our bylaws, we are submitting our selection of KPMG as our independent registered public accounting firm as a matter of good corporate governance.

We expect that representatives of KPMG will be present at the meeting, that the representatives will have the opportunity to make a statement if they so desire, and that they will be available to respond to appropriate questions.

KPMG has served as our independent registered public accounting firm since 2012.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

2020 Challenges and Accomplishments

The COVID-19 pandemic has had a significant impact on our business and the health & fitness club industry as a whole. In response to the COVID-19 pandemic, beginning in mid-March 2020, we proactively closed all of our stores system-wide, temporarily furloughed a majority of our corporate-owned store employees, suspended billing membership and annual fees and temporarily suspended sales and placement of equipment. The Company took additional actions, including accessing our \$75.0 million variable funding note, suspending our share repurchase program, taking temporary rent deferrals, suspending marketing activities, temporarily reducing executive compensation and completing a reduction in force of approximately 15% of our corporate headquarters employees, all of which were intended to preserve cash and liquidity while navigating the Company through the early stages of the COVID-19 pandemic.

Some of our stores remain closed as of March 1, 2021 due to state and local mandates, and many stores that are open remain subject to substantial operating limitations. In recognition of the unique circumstances caused by the COVID-19 pandemic, and to aid our franchisees as they work toward returning to normal business operations, we made available to our franchisees certain extensions of new store development, re-equipment and remodel schedules. We also incurred additional operating expenses to meet and exceed health and safety standards for our corporate stores and headquarters. See our 2020 Annual Report on Form 10-K for more details on the impact of the COVID-19 pandemic on our 2020 financial performance.

The following are some of the key measures of our financial performance and how they were impacted in 2020:

- Total revenue decreased from the prior year by 41.0% to \$406.6 million.
- Net income (loss) attributable to Planet Fitness, Inc. was a loss of \$15.0 million, or \$0.19 per diluted share, compared to income of \$117.7 million, or \$1.41 per diluted share, in the prior year.
- Net income (loss) was a loss of \$15.2 million, compared to income of \$135.4 million in the prior year.
- Adjusted net income^(*) decreased 97.9% to \$3.1 million, or \$0.04 per diluted share, compared to \$146.7 million, or \$1.59 per diluted share, in the prior year.
- Adjusted EBITDA^(*) decreased 57.3% to \$120.4 million from \$282.2 million in the prior year.
- 130 new Planet Fitness stores were opened system-wide during the year, bringing system-wide total stores to 2,124 as of December 31, 2020.

* Adjusted net income, Adjusted EBITDA, and Adjusted net income per share, diluted, are non-GAAP measures. For a discussion of Adjusted net income, Adjusted EBITDA, and Adjusted net income per share, diluted, reconciliations of Adjusted net income and Adjusted EBITDA to U.S. GAAP (“GAAP”) net income (loss), and a computation of Adjusted net income (loss) per share, diluted, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations-Non-GAAP Financial Measures” included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2020.

Despite the challenges we faced in 2020, we were able to see significant achievements that we believe have helped to strengthen our brand and the value proposition we offer our members. Some of our most significant achievements were in the area of digital strategy. While we have been in the process of updating our technology to enhance the overall member experience over the last few years, COVID-19 accelerated our efforts. In response to our system-wide store closures in mid-March 2020, we quickly developed our “United We Move” initiative, offering free daily workouts on Facebook Live to members and nonmembers alike. These workouts kept people moving and entertained while they were at home, featuring numerous celebrity guests and Planet Fitness trainers. In addition to live daily workouts, we were able to leverage our partnership with iFit to offer more than 500 workouts through our free Planet Fitness mobile app. We also began testing PF+, a ‘digital only’ monthly subscription membership for \$5.99 via our mobile app. While we continue to offer free content via our mobile app, PF+ features premium content, including live daily workouts, digital fitness classes that participants can do at home or in the gym, a variety of fitness trainers, and progressive workout series to help participants advance over time and more.

While 2020 presented some of the greatest challenges in the history of the Company, we believe that the efforts of our named executive officers and our Board were critical to maintaining our financial and operational stability in 2020 and preserving the long-term value of our Company. Notwithstanding their efforts, each of our named executive officers experienced meaningful reductions in compensation for 2020. These included a temporary reduction in base salary, effective beginning on April 13, 2020 and ending August 31, 2020, as well as receiving no payout pursuant to the 2020 annual bonus plan. Similarly, the Board elected to forgo its cash retainer fees for the second and third quarters of 2020. The impact of these reductions is discussed in detail below under “Components of our Executive Compensation Program” and “Director Compensation” respectively.

Overview of our Executive Compensation Program

Our executive compensation program is designed to closely tie pay to performance, in part through compensating our executives based on the attainment of operating goals that influence the creation of shareholder value. The compensation committee applied the following policies and principles in making its compensation determinations for our named executive officers in fiscal year 2020:

- Base salaries should be consistent with those for similar positions based on peer group data;
- Annual bonuses should be directly connected to company performance and achievement of corporate goals;
- Equity compensation should be used to align the interests of our named executive officers with those of our stockholders;
- Benefits provided to our named executive officers should generally be the same as those provided to our other employees; and
- Total compensation should attract, motivate and retain talented executives in a competitive environment.

We believe that the features of our executive compensation program benefit the Company as a whole and serve to increase the alignment of incentives between our executive officers and our shareholders, while avoiding the promotion of excessive risk-taking. This was demonstrated during 2020 through the meaningful reduction in compensation paid to or earned by our named executive officers as described below.

Process for Determining Executive Compensation

The compensation committee

The compensation committee oversees our executive compensation program and is responsible for approving the nature and amount of the compensation paid to our executive officers and administering our equity compensation plans and awards.

To maintain pay at competitive levels, our compensation committee strives to set base salaries and total compensation (base salary, annual bonus at target and the grant date value of long-term incentive awards) at approximately the 50th percentile of our peer companies for the same element of compensation.

For information on the peer companies we use for compensation setting purposes, please see the discussion under “Use of Peer Group and Benchmarking.” To tie executive compensation to performance, short-term incentives are earned based primarily on the achievement of previously established corporate goals and take into consideration overall company performance for the year. The compensation committee also considers company performance when determining the size of long-term incentive awards.

As described below, the compensation committee works with members of management and obtains advice from an external independent compensation consultant when making its compensation decisions; however, the compensation committee remains solely responsible for setting the compensation of our named executive officers.

The role of management

The Chief Executive Officer makes compensation-related recommendations to the compensation committee with respect to the annual base salary, target bonus opportunities and long-term incentive award grants for the named executive officers (other than

himself). No member of the management team, including our Chief Executive Officer, has a role in determining his or her own compensation.

The role of the compensation consultant

Each year, the compensation committee considers a variety of factors in assessing the competitiveness of our executive compensation program and the individual total compensation of each of our named executive officers. These factors include our performance against our internal strategic, operational and financial goals, an analysis of the appropriate mix of short-term cash and long-term equity compensation and a thorough review of compensation paid at peer companies compared to the compensation we pay our executives officers.

The compensation committee has engaged a compensation consulting firm to provide it with objective analysis, advice and information, including competitive market data and compensation recommendations related to the compensation of our Chief Executive Officer and our other named executive officers. The compensation committee directly engaged Meridian Compensation Partners ("Meridian") in June 2019 to establish an updated peer group for its 2020 compensation determinations. After consideration of the independence assessment factors provided under the listing rules of the NYSE, the compensation committee determined that Meridian is independent and that the work it performed in 2020 did not raise any conflicts of interest. In addition to providing an annual review of the Company's executive compensation practices and policies, in 2020 Meridian provided analysis and advice specifically related to the impact of the COVID-19 pandemic and potential changes to the Company's practices and policies in response to that impact.

Use of peer group and benchmarking

With the assistance of Meridian, the compensation committee developed a list of our peer companies and collected and analyzed compensation data of these peer companies and compared it to the levels and components of our executive compensation program. To determine our peer companies, the compensation committee reviewed publicly traded companies operating primarily under a franchise business model in the hotels, restaurants and leisure or specialty retail industries with a similar market capitalization and comparable size to the Company.

Based on the foregoing selection criteria, the compensation committee developed an updated list of selected peer companies for its 2020 peer group. Among the Company's 2019 peer group, Bojangles and Sonic are no longer public companies, and Aaron's, Inc. is not representative of the industry, company size or market capitalization of the Company's other target peers. Because Bojangles, Sonic and Aaron's did not meet the compensation committee's selection criteria, they were removed from the Company's peer group, and Tivity Health, Inc. and Weight Watchers International were added. The compensation committee used compensation data from these peer companies as a basis for evaluating base salary and annual bonus target levels, as well the values and types of long-term incentive awards granted, for the 2020 fiscal year.

2020 Peer Companies Utilized in Evaluating Named Executive Officer Compensation		
Bloomin Brands	Domino's	Shake Shack
Brinker International	Dunkin Brands*	Texas Roadhouse
Cheesecake Factory	Jack in the Box	Tivity Health, Inc.
Denny's	Papa John's	Weight Watchers International
DineEquity	Ruth's Hospitality Group	Wendy's Co.

* Dunkin Brands was acquired by Inspire Brands on December 15, 2020 and is now privately held.

Pay mix

The compensation of our named executive officers for the fiscal year 2020 consisted of the following elements:

Compensation Element	Purpose	Features
<i>Base Salary</i>	To attract, motivate and retain highly skilled executives.	Fixed component of pay to provide financial stability based on responsibilities, experience, individual contributions and peer company data.
<i>Annual Cash Bonuses*</i>	To promote and reward the achievement of key short term strategic and business goals of the Company; to motivate and attract executives.	Variable component of pay based on previously established annual company goals and, as appropriate, personal goals.
<i>Long-Term Incentives</i>	To encourage executives to focus on long term Company performance and increasing stockholder value; to promote retention of executives; to align the interests of our executives with our stockholders.	Equity component of pay that aligns executive interests with those of our stockholders and rewards stockholder value creation over the long term; currently in the form of stock options and restricted stock units that generally vest in equal installments over a four-year period, as well as performance share units that vest in full on the third anniversary of the grant date, subject to the achievement of certain performance criteria, described below.

*Based on the Company's performance against the pre-established applicable performance targets, no annual cash bonuses were awarded for 2020.

Components of our Executive Compensation Program

Base salary

Each of our named executive officers is paid a base salary. The compensation committee believes this element of compensation is important because it provides a fixed element of compensation that reflects the individual named executive officer's skills, experience and role, as valued in the marketplace and within the Company. Base salaries are established based on peer group data, internal pay equity considerations and each named executive officer's skill set, experience and role and responsibilities. Base salaries are reviewed annually, upon promotion, or following a change in job responsibilities and may be adjusted based on the above-referenced criteria and the recommendations of our Chief Executive Officer, except with regard to his own base salary. The initial base salary of each of Messrs. Rondeau, Lively, Fitzgerald, Miller and Tucker is set forth in his respective employment agreement, and, except for Messrs. Fitzgerald and Tucker, have been subsequently adjusted by the compensation committee. In 2020, the compensation committee approved increases to the base salaries of Messrs. Rondeau, Lively and Miller (of \$775,000 to \$900,000, \$525,000 to \$550,000, and \$375,000 to \$387,000, respectively) in order to bring each base salary closer to the 50th percentile for similar positions within the Company's peer group. These base salary increases were approved by the compensation committee in February 2020, prior to the declaration of the COVID-19 outbreak as a pandemic and the subsequent shutdown of our stores.

The base salaries of our named executive officers in 2020 were as follows:

- Mr. Rondeau, \$900,000. Mr. Rondeau voluntarily elected to forgo 100% of his base salary from April 13 to August 31, 2020.
- Mr. Lively, \$550,000. Mr. Lively voluntarily elected to forgo 30% of his base salary from April 13 to August 31, 2020.
- Mr. Fitzgerald, \$450,000. Mr. Fitzgerald voluntarily elected to forgo 25% of his base salary from April 13 to August 31, 2020.
- Mr. Miller, \$387,000. Mr. Miller voluntarily elected to forgo 25% of his base salary from April 13 to August 31, 2020.
- Mr. Tucker, \$375,000. Mr. Tucker voluntarily elected to forgo 25% of his base salary from April 13 to August 31, 2020.

Annual bonus plan

Each of our named executive officers is eligible to earn a cash bonus under our annual bonus plan based on the achievement of key corporate financial and strategic goals and, in some cases, if determined to be appropriate by the compensation committee,

the achievement of certain personal goals. The compensation committee believes this element of compensation is important because it directly ties the compensation paid to our named executive officers with the achievement of key operating and financial goals.

For fiscal 2020, the compensation committee chose Adjusted EBITDA as the performance goal that would be used to establish the funding levels under our annual bonus plan. The use of Adjusted EBITDA as the primary performance metric under the plan provides a direct link between the compensation payable to our executives and the value we create for our shareholders. Adjusted EBITDA is also a key metric used by us and by our shareholders to evaluate our business performance.

The compensation committee set the Adjusted EBITDA target for fiscal 2020 at \$329.163 million, a level it believed was both challenging and achievable at the time it set the goal in the first quarter of 2020. By establishing a target that is challenging, the compensation committee believes that the performance of our employees, and therefore our performance, is maximized. By setting a target that was thought to be achievable when established, the compensation committee believes that employees will remain motivated to perform at the high level required to achieve the target. The compensation committee did not make any adjustments to the Adjusted EBITDA target in response to the COVID-19 pandemic.

The level of potential funding under the annual bonus plan for fiscal 2020 ranged from 0% to 225% of target based on our actual performance relative to the Adjusted EBITDA target, with a threshold funding level established by the compensation committee of \$296.247 million (90% of target), the minimum level of Adjusted EBITDA performance that would result in any funding under the annual bonus plan. Bonus pool funding is non-linear based on the percentage of achievement versus target, as shown in the table below.

Overall Bonus Pool Funding Plan—Adjusted EBITDA Target

(all \$ amounts in thousands)	Achievement	Threshold Performance (funding at 25% of target)	Target Performance (funding at 100% of target)	Maximum Performance (funding at 225% of target)
Adjusted EBITDA targets (\$)		296,247	329,163	362,079
Achievement vs. target (%)		90	100	110
Bonus pool funding targets (\$)		1,750	6,999	15,747
Adjusted EBITDA				
Achievement in dollars (\$)	120,360			
Achievement vs. target (%)	36.6			
Bonus pool funding (\$) ⁽¹⁾	—			

(1) The Company did not meet the threshold Adjusted EBITDA of 90% of target and therefore did not fund the bonus pool.

* Adjusted EBITDA is a non-GAAP measure. For a discussion of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to U.S. GAAP (“GAAP”) net income (loss), see “Management’s Discussion and Analysis of Financial Condition and Results of Operations-Non-GAAP Financial Measures” included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2020.

Once the Adjusted EBITDA performance is determined after the close of the fiscal year, the funding level of the annual bonus plan is established. Because the Company did not meet the threshold Adjusted EBITDA of 90% of target for 2020, the bonus pool for the annual bonus plan was not funded. Had the bonus pool been funded based on Adjusted EBITDA, the available funds would have been allocated to participants in the plan based on the achievement of relevant financial or operational business goals. These specific goals are chosen by the compensation committee based on their impact on our profitability. Goals are designated as either “corporate” or “personal.” Corporate goals are financial or operational goals that are influenced or impacted by the activities of the broader organization. Corporate goals are shared among all executives in order to encourage cross-functional collaboration. Personal goals, when appropriate for the role, are measurable operational or business goals that relate directly to the duties and responsibilities of the individual executive. Each performance goal, whether “corporate” or “personal”, has a designated weighting and related payout at threshold, target and maximum levels of achievement.

The compensation committee established the corporate performance goals listed below for our 2020 annual bonus plan, including goals based on Adjusted EBITDA, system wide same store sales, total franchise store placements and net revenue. The table below shows the range of possible payment levels based on achievement of the applicable performance target. Payment levels between threshold and maximum are determined based on additional defined achievement levels. Under the annual bonus plan, if actual achievement is below 25% of the target amount for any performance metric then no payment would be made in respect of that performance metric.

2020 Annual Bonus Plan Performance Targets

	Weighting (%)	Threshold Performance	Target Performance	Maximum Performance
Adjusted EBITDA (\$, in thousands)	30	296,247	329,163	362,079
Same Store Sales (system wide) (%)	30	8.23	9.73	11.73
Total franchise store placements (#)	20	231	251	265
Net Revenue (\$, in thousands)	20	724,964	783,745	881,713
Payout percentage (%)		25	100	225

The target amount of each named executive officer's annual cash bonus is set as a percentage of his base salary. The target amount for each of our named executive officers was determined pursuant to his respective employment agreement, and, except for Messrs. Fitzgerald and Tucker, has been subsequently adjusted by the compensation committee.

Consistent with adjustments made in prior years to executive officers' target annual bonuses, in 2020, the compensation committee decided to increase Mr. Lively's target annual bonus to 100% of his base salary in order to bring his target annual bonus to at least the 25th percentile for similar positions within the Company's peer group.

The target bonus opportunity of each of our named executive officers for 2020 is listed in the table below:

Named Executive Officer	Target Bonus Opportunity (as a percentage of base salary)
Christopher Rondeau	120%
Dorvin Lively	100%
Thomas Fitzgerald	60%
Craig Miller	60%
Jeremy Tucker	60%

As noted above, the 2020 annual bonus plan was not funded due to the Company's failure to achieve the funding threshold of 90% of the Adjusted EBITDA target of \$329.163 million. As a result, none of our named executive officers received a bonus payout pursuant to the 2020 annual bonus plan. Actual achievement of the 2020 corporate performance goals, as applicable to Messrs. Rondeau, Lively, Fitzgerald, Miller and Tucker were as follows:

Corporate Performance Goal (Weighting)	2020 Performance Result	Level of Achievement (as a % of target)	Bonus Earned (as a % of target)
Adjusted EBITDA (30%) (\$, in thousands)	120,360	36.6 %	— %
Same Store Sales (system wide) (30%) ⁽¹⁾	— %	— %	— %
Total franchise store placements (20%)	117	46.6 %	— %
Net Revenue (20%) (\$, in thousands)	406,618	51.9 %	— %

- (1) Due to the system-wide store closures during significant portions of 2020, as well as the sporadic nature of stores reopening and certain stores reclosing, we are not able to determine same store sales for 2020. Therefore, we have determined that for this goal the performance result is 0% and correspondingly, the level of achievement is 0% of target.

Had the 2020 annual bonus plan been funded, bonuses for Messrs. Rondeau and Lively would have been based solely on the level of achievement of the above corporate performance goals. With respect to Messrs. Fitzgerald, Miller and Tucker, the potential amount to be earned under our 2020 annual bonus plan was based on the level of achievement of both the corporate performance goals and the level of achievement of their personal performance goals. The corporate performance goals were individually weighted as described above and together would have been determinative of 80% of their total bonus target. The personal performance goals were individually weighted and together would have been determinative of 20% of their total bonus target. The personal performance goals for Messrs. Fitzgerald, Miller and Tucker were initially determined at the beginning of the year and subsequently amended to reflect the evolving priorities of our business as a result of the COVID-19 pandemic.

The individual performance goals specific to Mr. Fitzgerald included the following strategic and operational goals:

- Achievement of Company knowledge and business partnership plan (20%)
- Achievement of investor relations transition plan (20%)
- Develop and implement plan to enhance finance team (20%)
- Develop and implement budget and forecast plan (20%)
- Develop and implement Company enterprise value initiative (20%)

The individual performance goals specific to Mr. Miller included the following strategic and operational goals:

- Achievement of COVID-19 action plan (12%)
- Achievement of data and advanced analytics milestones (25%)
- Develop and drive point-of-sale stability plan (13%)
- Achievement of mobile development and commercialization milestones (25%)
- Develop and drive media content strategy (13%)
- Develop and implement plan to enhance IT team (12%)

The individual performance goals specific to Mr. Tucker included the following strategic and operational goals:

- Achievement of COVID-19 action plan (20%)
- Develop and drive net membership growth plan (20%)
- Develop and implement plan to enhance alignment between NAF and LAF spending (20%)
- Develop and implement first quarter marketing strategy (20%)
- Achievement of first quarter marketing strategic plan (20%)

Because the 2020 bonus plan was not funded, none of our named executive officers received a bonus payment for 2020, and individual performance goals were not evaluated by the compensation committee in connection with annual bonus payment determinations.

Long-term incentive awards

Each of our named executive officers is eligible to receive equity awards under our long-term incentive program. Our long-term incentive program is designed to promote stock ownership by our senior management, tie compensation realized to stock price performance and encourage retention of key executives. Our long-term incentive program is a key tool in aligning executive pay with value creation on behalf of shareholders without promoting excessive risk-taking.

Our 2020 long-term equity incentive program consisted of a combination of stock option, restricted stock unit and performance share unit awards. Performance share unit awards are performance-based awards that vest in full after three years and are paid out only upon achievement of certain Adjusted EBITDA and same store sales target goals. The compensation committee also considers stock options to be performance-based because no value is created for the stock option awards unless the value of our Class A common stock appreciates after the date the stock options are granted. The Company grants stock option, restricted stock unit and performance share unit awards to our named executive officers, and other key employees, under the Planet Fitness, Inc. 2015 Omnibus Plan (the “2015 Plan”), which we adopted in connection with our IPO.

For the purpose of determining the size of the 2020 long-term incentive awards granted to our named executive officers, the compensation committee considered the long-term incentive data from the Company’s peer group, based on Meridian’s analysis and recommendations. The compensation committee also considered these factors when determining that the 2020 long-term incentive awards should contain an equal mix of stock options, restricted stock units and performance share units.

The compensation committee granted the following awards to our named executive officers in 2020:

- Mr. Rondeau received an option to purchase 44,791 shares of our Class A common stock with a grant date fair value of \$999,000, a grant of 15,524 restricted stock units of our Class A common stock with a grant date fair value of \$999,000 and a grant of 15,524 performance share units of our Class A common stock (at target) with a grant date fair value of \$999,000.
- Mr. Lively received an option to purchase 14,385 shares of our Class A common stock with a grant date fair value of \$320,833, a grant of 4,985 restricted stock units of our Class A common stock with a grant date fair value of \$320,833 and a grant of 4,985 performance share units of our Class A common stock (at target) with a grant date fair value of \$320,833.
- Mr. Fitzgerald received an option to purchase 6,302 shares of our Class A common stock with a grant date fair value of \$150,000, a grant of 1,998 restricted stock units of our Class A common stock with a grant date fair value of \$150,000 and a grant of 2,331 performance share units of our Class A common stock (at target) with a grant date fair value of \$150,000.
- Mr. Miller received an option to purchase 5,783 shares of our Class A common stock with a grant date fair value of \$129,000, a grant of 2,004 restricted stock units of our Class A common stock with a grant date fair value of \$129,000 and a grant of 2,004 performance share units of our Class A common stock (at target) with a grant date fair value of \$129,000.
- Mr. Tucker received a grant of 1,942 performance share units of our Class A common stock (at target) with a grant date fair value of \$125,000. Pursuant to his employment agreement, Mr. Tucker received an option to purchase 5,513 shares of our Class A common stock with a grant date fair value of \$125,000 and a grant of 1,742 restricted stock units of our

Class A common stock with a grant date fair value of \$125,000 upon his hire on November 20, 2019 and, therefore, did not receive a grant of stock options or restricted stock units in 2020.

The stock options and restricted stock units granted to our named executive officers in 2020 vest over four years, in four equal installments beginning on the first anniversary of the grant date, subject to continued employment through the applicable vesting date. The performance share units granted to our named executive officers in 2020 vest in full on the third anniversary of the grant date subject to achievement of pre-established Adjusted EBITDA and same store sales targets and subject to continued employment through the third anniversary of the grant date. The number of shares of our Class A common stock issuable under the performance share units will be determined based on the level at which the goals are achieved and can range from 50% to 200% of the shares subject to the award. The stock options have a ten-year term. Stock options are issued with an exercise price equal to the closing price of a share of our Class A common stock on the date of grant and cannot be repriced or reloaded without shareholder approval. Restricted stock units and performance share units are issued based on the fair market value as determined by the closing share price of our Class A common stock on the date of the grant.

2019 & 2020 Long-Term Incentive Awards

In 2019 and 2020, the long-term incentive awards granted to our named executive officers were granted in the form of an equal mix of stock options, restricted stock units and performance share units. The performance share unit awards granted in these two years ("2019 & 2020 Performance Share Awards") are subject to a three-year cliff vesting and will be earned only upon achievement of certain Adjusted EBITDA and same store sales goals. Due to the impact of the COVID-19 pandemic on the Company's 2020 performance, which resulted in the temporary closure of all of our stores for a period ranging between approximately two to nine months of the year, as described above, we are not able to determine same store sales for 2020. Additionally, when taken together, the impact of the COVID-19 pandemic and the uncertainty of the near-term environment, will likely result in the Adjusted EBITDA goals for the 2019 & 2020 Performance Share Awards being unable to be achieved. As a result, the performance share units granted in 2019 and 2020 are unlikely to be paid out, even at the threshold level.

The compensation committee believes the loss of two years of performance share unit awards would likely negatively impact the motivation, morale and retention of key employees. In order to retain and adequately compensate the leadership team, which has been critical to the Company's historical success and will continue to be critical to its future achievements, the compensation committee has approved supplemental grants to be awarded in 2021 to each recipient of the 2019 & 2020 Performance Share Awards ("Supplemental Equity Awards"). The Supplemental Equity Awards will be granted as stock options and restricted stock units and will be based on the number of shares that would have been issued under the 2019 & 2020 Performance Share Awards assuming a target level of achievement. The restricted stock units will be granted on a one-for-one basis at a quantity equal to 50% of the performance share units granted pursuant to the 2019 & 2020 Performance Share Awards at target. The stock options will be granted based on the ratio of stock options to 50% of the performance share units granted pursuant to the 2019 & 2020 Performance Share Awards at target. The stock options will have a ten-year term and will be issued with an exercise price equal to the closing price of a share of our Class A common stock on the date of grant. The Supplemental Equity Awards will vest over four years, in four equal installments beginning on the first anniversary of the grant date, generally subject to continued employment through the applicable vesting date. In conjunction with the granting of the Supplemental Equity Awards, the 2019 & 2020 Performance Share Awards will be cancelled.

2021 Annual Bonus Plan & Long-Term Incentive Awards

Due to the uncertainty of the near-term business environment brought on by the COVID-19 pandemic, the compensation committee has approved certain one-time changes to the design of the 2021 annual bonus plan and the 2021 long-term incentive program. For 2021, the annual bonus plan will be determined based on two six-month performance periods of January through June ("1H 2021") and July through December ("2H 2021"). The funding of the bonus pool will be determined by certain Adjusted EBITDA targets determined at the beginning of each of 1H 2021 and 2H 2021. The corporate performance goals for the 2021 annual bonus plan will include Adjusted EBITDA, net membership growth and franchisee store growth as the applicable performance metrics. Each metric will be equally weighted for those named executive officers who do not have personal performance goals, and weighted 30%, 30% and 20% respectively for each named executive officer whose bonus includes a personal performance goal, with the personal performance goal making up the remaining 20% of bonus potential. The targets for each metric will be set at the beginning of each 1H 2021 and 2H 2021 and, at least for 1H 2021, include a mechanism for adjustment in the event of store closure mandates due to the COVID-19 pandemic. The payout for both performance periods will be made in March 2022, in accordance with our normal practices.

Also in recognition of the uncertainty of the near-term business environment, the compensation committee decided to change our long-term incentive program for 2021, such that performance share units will not be granted and instead only stock options and restricted stock units will be granted, with the value of each long-term incentive award to be divided equally between those two components. The 2021 annual grants will be in addition to the Supplemental Equity Grants described above.

The Supplemental Equity Awards and changes to the 2021 annual bonus plan and long-term incentive awards were made in consultation with Meridian after analysis of general market and peer group data. The changes are a reflection of the unique circumstances of the current business environment and intended to ensure our leadership team's total compensation appropriately recognizes and rewards the team's contributions to the Company, while providing impactful retentive value. The compensation committee expects the annual bonus plan for 2022 will return to being based on full year metrics and targets more consistent with prior years and that the 2022 long-term incentive program will again include performance share units.

Stock ownership guidelines

On February 27, 2018, the Board adopted stock ownership guidelines for our non-employee directors and senior executive officers, under which (i) our Chief Executive Officer, President and Chief Financial Officer are required to acquire and own stock or stock equivalents in an amount equal to five times their annual base salary and (ii) all other senior executive officers are required to acquire and own stock or stock equivalents in an amount equal to three times their base annual salary. Senior executive officers are required to meet the applicable ownership requirements within five years of becoming subject to them. Until the required ownership level is reached, senior executive officers are required to retain 100% of any shares, net of applicable taxes and the payment of any exercise or purchase price (if applicable), received upon the vesting or settlement of equity awards or the exercise of stock options. As of December 31, 2020, Messrs. Rondeau and Lively had met their respective applicable stock ownership requirements under these guidelines. We anticipate that Messrs. Fitzgerald, Miller and Mr. Tucker will meet the applicable stock ownership requirements within the required timeframe. The guidelines applicable to our non-employee directors are discussed in more detail under "Director Compensation" below.

Retirement plans

All of our named executive officers are eligible to participate in our 401(k) Plan, a broad-based retirement plan in which generally all of our full-time U.S.-based employees are eligible to participate. Under our 401(k) Plan, employees are permitted to defer a portion of their annual eligible compensation, subject to the limits imposed by the Internal Revenue Code, and the Company makes a fully vested matching contribution of 100% of employee contributions up to the first 3% of compensation, plus 50% of employee contributions up to the next 2% of compensation. We do not maintain any qualified or non-qualified defined benefit plans or supplemental executive retirement plans that cover our named executive officers.

Employee benefits and perquisites

All of our full-time employees, including our named executive officers, are eligible to participate in our health and welfare plans, including medical and dental benefits, life insurance benefits and short-term and long-term disability insurance. Our named executive officers participate in these plans on the same basis as other eligible employees. We do not maintain any supplemental health or welfare plans for our named executive officers. We also provide certain of our named executive officers, and other key employees, with certain additional limited benefits including tax equalization payments made to those of our named executive officers who are treated as partners rather than employees for U.S. tax purposes to offset self-employment and other additional taxes incurred as a result of such treatment, reimbursement of fees related to accounting services and relocation expenses, as applicable. The value of these benefits, to the extent provided to a named executive officer, is included in the "All Other Compensation" column of the summary compensation table below.

Other Compensation-Related Matters

Tax effects of executive compensation

Section 162(m) of the Internal Revenue Code disallows a tax deduction for compensation paid to certain executive officers in a taxable year in excess of \$1 million. The compensation committee believes its primary responsibility is to establish and maintain an executive compensation program that satisfies the objectives and principles described in this Compensation Discussion and Analysis and has paid or provided, and will continue to pay or provide, compensation that is not tax deductible or that is limited as to deductibility.

Clawbacks; insider trading

Effective as of February 22, 2019, the Company adopted an Executive Compensation Recoupment Policy, or "clawback" policy, which is administered and enforced by the compensation committee, and applies to any cash or equity-based bonus or other cash or equity-based incentive granted by the Company to any of our executive officers. In the event of a restatement of the Company's financial results due to material noncompliance with financial reporting requirements under the securities laws, with respect to any cash or equity-based bonus or other cash or equity-based incentive compensation paid or awarded by the Company to any current or former employee who is, or was, an "officer" of the Company for purposes of Section 16 of the Securities and Exchange Act of 1934, as amended (each, an "Executive Officer"), the compensation committee may, in its

discretion, seek reimbursement of any such compensation awarded or paid to the Executive Officer or effect the cancellation of unvested and vested equity awards previously granted, if and to the extent such bonus or incentive compensation was based on the erroneous financial data and was in excess of what would have been paid to the Executive Officer under the accounting restatement. If the achievement of a certain financial result was considered in determining the bonus or incentive compensation awarded or paid to an Executive Officer, but the bonus or incentive compensation was not awarded or paid on a formulaic basis, the compensation committee will determine, in its sole discretion, the amount, if any, by which the payment or award should be reduced or reimbursed. The compensation committee has sole discretion under the policy to determine whether, and from whom, to seek recovery, as well as the form and timing of any recovery, which may include, among other forms of recovery, repayment or an adjustment to future incentive-based compensation payouts or grants.

The Company also has an insider trading policy, which prohibits any hedging, short sales and pledging transactions with respect to the Company's securities by directors, officers and all employees.

Compensation risk assessment

During 2020, the compensation committee assessed our compensation policies and practices to evaluate whether they create risks that are reasonably likely to have a material adverse effect on the Company. Based on its assessment, the compensation committee concluded that the Company's compensation policies and practices, in conjunction with the Company's existing processes and controls, do not create incentives to take risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis that appears above with management. Based on such review and discussion, the compensation committee has recommended to our Board that the Compensation Discussion and Analysis that appears above be included in this Proxy Statement.

Pension Benefits and Nonqualified Deferred Compensation

None of our named executive officers participated in or received benefits from a pension plan or from a non-qualified deferred compensation plan during our 2020 fiscal year or prior years.

Potential Payments Upon Termination or Change in Control

The employment agreements with Messrs. Rondeau, Lively, Fitzgerald, Miller and Tucker provide for severance payments and benefits in connection with specified termination events, subject to the named executive officer’s timely and effective execution of a separation agreement provided by us, containing a release of claims and other customary terms, and continued performance of the restrictive covenants described below.

Mr. Rondeau

If Mr. Rondeau’s employment is terminated by us without cause (as defined in his employment agreement) or by him for good reason (as defined in his employment agreement) during the term of his employment agreement, he will receive severance benefits consisting of (i) payment of his base salary for a period of 12 months following the date of such termination, (ii) payment of a pro-rata portion of the annual bonus he would have earned for the fiscal year in which his employment terminated, and (iii) the vesting of any unvested options or other unvested equity awards that would have vested in the calendar year in which his termination occurs. If Mr. Rondeau’s employment is terminated due to his disability (as defined in his employment agreement) during the term of his employment agreement, he will continue to receive his base salary, reduced by any disability income benefits to which he is entitled, and to participate in Company employee benefit plans, to the extent permitted by plan terms, for up to 90 consecutive days or 120 non-consecutive days of disability during any period of 365 consecutive calendar days.

Mr. Lively

If Mr. Lively's employment is terminated by us without cause (as defined in his employment agreement) or by him for good reason (as defined in his employment agreement) during the term of his employment agreement, he will receive a severance benefit consisting of payment of his base salary for a period of 12 months following the date of such termination. If Mr. Lively's employment is terminated due to his disability (as defined in his employment agreement) during the term of his employment agreement, he will continue to receive his base salary, reduced by any disability income benefits to which he is entitled, and to participate in Company employee benefit plans, to the extent permitted by plan terms, for up to 12 weeks of disability during any period of 365 consecutive calendar days.

Mr. Fitzgerald

If Mr. Fitzgerald experiences an involuntary termination of employment, for a reason other than cause, he will receive a severance benefit consisting of payment of his base salary plus an amount equal to the Company's monthly share of premium payments for participation in the group health insurance plans of the Company, for a period of 12 months following such termination.

Mr. Miller

If Mr. Miller experiences an involuntary termination of employment, for a reason other than cause, he will receive a severance benefit consisting of payment of his base salary plus an amount equal to the Company's monthly share of premium payments for participation in the group health insurance plans of the Company, for a period of six months following such termination.

Mr. Tucker

If Mr. Tucker experiences an involuntary termination of employment, for a reason other than cause, he will receive a severance benefit consisting of payment of his base salary plus an amount equal to the Company's monthly share of premium payments for participation in the group health insurance plans of the Company, for a period of six months following such termination.

Equity Awards

Pursuant to the stock option, restricted stock unit and performance share unit award agreements under the 2015 Plan, upon termination of employment, any unvested stock options, restricted stock units or performance share units then held by our named executive officers will be immediately forfeited, and if employment is terminated for cause or under circumstances that would have constituted termination for cause, any vested stock options will also be forfeited immediately. If employment is terminated due to death or disability, any vested stock options will remain exercisable until the earlier of one year following termination or the original term of the option. If employment is terminated for other reasons, any vested stock options will remain exercisable until the earlier of three months following termination or the original term of the option. Pay Ratio Disclosure Rule

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and SEC rules, we are providing the following information about the relationship of the median of the annual total compensation of our employees (other than our Chief Executive Officer) and the annual total compensation of our Chief Executive Officer. In determining the median employee, we prepared a list of all of our full-time, part-time and temporary employees as of December 31, 2020. To identify the “median employee” from our employee population, we calculated the amount of annual base compensation, including salary, hourly pay, over-time and holiday pay, for all of our employees, including all corporate headquarters employees and in-store employees, other than our Chief Executive Officer. We annualized the compensation of those full-time and part-time employees that were not employed for the full year of 2020. As of December 31, 2020, we had 31 non-U.S. employees, accounting for less than 5% of our total employees, all of whom were located in Canada. In accordance with the rules that allow for non-U.S. employees that account for 5% or less of total employees to be excluded from the determination of a company’s employees for purposes of determining the “median employee”, we excluded all 31 employees located in Canada. We did not use any other permitted exclusions or adjustments under the rules. As of December 31, 2020, we had a total of 1,615 employees, excluding our Chief Executive Officer, 1,584 of whom were based in the U.S. and were included for purposes of identifying the median employee.

Once we identified the median employee, we calculated that employee’s annual total compensation in the same manner as we calculate “Total Compensation” for purposes of the Summary Compensation Table. Determined in this manner, the median employee’s annual total compensation was \$27,040. As identified in the Summary Compensation Table above, using the same methodology for total compensation, the annual total compensation of our Chief Executive Officer was \$3,717,285. The resulting ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees (other than the Chief Executive Officer) is estimated to be approximately 137:1.

In accordance with SEC rules, we have used estimates and assumptions, as described above, in calculating the pay ratio reported above. The estimates and assumptions that we use may differ from estimates and assumptions used by other companies, including companies in our compensation peer group described above.

PROPOSAL 3:

Advisory Vote on Named Executive Officer Compensation

The Compensation Discussion and Analysis beginning on page 16 of this Proxy Statement describes our executive compensation program and the compensation of our named executive officers for the fiscal year ended December 31, 2020. The Board of Directors is asking shareholders to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers by voting “**FOR**” the following resolution:

“RESOLVED, that the shareholders of Planet Fitness, Inc. APPROVE, on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.”

As described in detail in the section titled “Compensation Discussion and Analysis”, we maintain an executive compensation program that ties pay to performance and seeks to:

- Provide base salaries that are consistent with similar positions in similar companies;
- Directly connect incentive pay to company performance and achievement of corporate goals;
- Align the interests of our named executive officers with those of our stockholders;
- Provide benefits to our named executive officers that are generally the same as those provided to our other employees; and
- Attract, motivate and retain talented executives in a competitive environment.

The Board is asking shareholders to support this proposal. This proposal will be approved if a majority of the votes cast affirmatively or negatively on the matter is cast “for” the proposal. Although the vote we are asking you to cast is advisory and non-binding, the compensation committee and the Board value the views of our shareholders as expressed in their votes. The Board and compensation committee will consider the outcome of the vote when determining future compensation arrangements for our named executive officers.

The Board recommends a vote FOR Proposal 3, Advisory Vote on Named Executive Officer Compensation.

DIRECTOR COMPENSATION

The following table sets forth information concerning the compensation of our non-employee directors for their service during 2020. Mr. Rondeau receives no additional compensation for his service as a director. The compensation received by Mr. Rondeau as an employee during 2020 is included in the Summary Compensation Table above. As noted above, Messrs. Tanco and Acoca joined the Board in January 2021 and therefore are not included in the table below.

Name	Fees Earned or paid in cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	Total (\$)
Stephen Spinelli, Jr.	62,964	79,998	142,962
David Berg ⁽³⁾	17,359	—	17,359
Frances Rathke	34,934	79,977	114,911
Craig Benson	25,000	79,993	104,993
Cammie Dunaway	28,681	79,971	108,652
Enshalla Anderson	26,875	79,948	106,823

- (1) Each director, except Gov. Benson and Ms. Anderson, elected to receive shares of Class A common stock in lieu of her or his respective annual cash retainer. Due to the business disruptions and in recognition of the temporary furlough of certain corporate store employees, reduction in force of corporate headquarters employees and the reduction in salary of the Company's management team, the Board elected to forgo receipt of non-employee director annual cash retainer fees for the second and third quarter of 2020.
- (2) Represents the grant date fair value of restricted stock units with respect to shares of our Class A common stock, which were granted for service as a director in 2020, determined in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The underlying valuation assumptions are discussed in Note 14 to our consolidated financial statements for the year ended December 31, 2020, included in our Annual Report on Form 10-K for the year ended December 31, 2020. As of December 31, 2020, Mr. Berg held no unvested restricted stock units, Dr. Spinelli held 1,326 unvested restricted stock units, Ms. Rathke held 1,491 unvested restricted stock units, Gov. Benson held 1,464 unvested restricted stock units, Ms. Dunaway held 1,183 unvested restricted stock units and Ms. Anderson held 980 unvested restricted stock units.
- (3) Reflects the fees Mr. Berg received for his service as a director in 2020, prior to his retirement from the Board at the conclusion of the 2020 annual meeting of shareholders.

Non-Employee Director Compensation Program

Pursuant to our non-employee director compensation program as in effect during 2020, each non-employee member of our Board is eligible to receive an annual cash retainer payment of \$50,000 and an annual grant of restricted stock units with a targeted grant date fair market value of \$80,000. The annual grant of restricted stock units generally vests in full on the first anniversary of the grant date, subject to the director's continued service as a member of our Board through the vesting date. Under this program, eligible directors receive the following additional cash retainers on an annual basis for service as the Board chair—\$55,000; audit committee chair—\$15,000; compensation committee chair—\$12,000; and nominating and corporate governance committee chair—\$10,000. Eligible directors also receive annual cash retainers for service as members of the audit committee—\$7,500 and members of the compensation committee—\$5,000. Pursuant to our non-employee director compensation program, eligible directors may elect to receive fully vested shares of Class A common stock in lieu of their annual cash retainer payments. In 2020, each director, other than Gov. Benson and Ms. Anderson, made such an election.

The Board has adopted stock ownership guidelines applicable to our non-employee directors and senior executive officers, described above, under which our non-employee directors are required to acquire and own stock or stock equivalents in an amount equal to five times the annual retainer for our non-employee directors. Pursuant to the stock ownership guidelines, our non-employee directors and senior executive officers must achieve their respective ownership requirements by the later of five years from the date of appointment, or five years from the adoption of the policy. As of December 31, 2020, each of our then in service non-employee directors had achieved their minimum holding requirements, except Ms. Anderson. We anticipate that Ms. Anderson, who joined the Board in February 2020, as well as Messrs. Tanco and Acoca, both of whom joined the Board in January 2021, will meet the applicable ownership requirements within the required timeframe.

AND RELATED STOCKHOLDER MATTERS**

Beneficial Ownership

The following tables set forth information with respect to the beneficial ownership of our Class A common stock or Class B common stock for (a) each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding shares of Class A common stock and Class B common stock, as applicable, (b) each member of our Board, (c) each of our named executive officers, and (d) all of our directors and executive officers as a group. For our directors and officers, the information is as of March 8, 2021. For other stockholders who beneficially own more than 5% of our outstanding shares of Class A common stock or Class B common stock, the shares owned are as of the dates provided in the most recent filings made by such stockholder with the SEC.

Beneficial ownership is determined in accordance with SEC rules. The information is not necessarily indicative of beneficial ownership for any other purpose. In general, under these rules a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days. To our knowledge, except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of Class A common stock and Class B common stock beneficially owned by that person.

In connection with the recapitalization transactions as part of our IPO, we issued to the owners of Holdings Units other than Planet Fitness, Inc. (the “Continuing LLC Owners”) one share of our Class B common stock for each Holdings Unit that they held. Each Continuing LLC Owner has the right to exchange their Holdings Units, along with a corresponding number of shares of our Class B common stock, for shares of our Class A common stock on a one-for-one basis. See “Certain Relationships and Related Party Transactions.”

The percentage of shares beneficially owned is computed on the basis of 83,102,252 shares of our Class A common stock outstanding, and 3,463,075 shares of our Class B common stock outstanding as of March 8, 2021. Unless otherwise indicated below, the address for each beneficial owner listed is c/o Planet Fitness, Inc., 4 Liberty Lane West, Hampton, New Hampshire 03842.

See “Certain Relationships and Related Party Transactions—Recapitalization transactions in connection with our IPO—Exchange agreement.” In these tables, beneficial ownership of Holdings Units has been reflected as beneficial ownership of shares of our Class A common stock for which such Holdings Units may be exchanged. When a Holdings Unit is exchanged by a Continuing LLC Owner who holds shares of Class B common stock, a corresponding share of Class B common stock will be canceled. Accordingly, in the first table above, the percentages of Class A common stock provided also reflect combined voting power for each respective beneficial owner.

Equity Compensation Plan Information

The following table provides certain information with respect to all of our equity compensation plans in effect as of December 31, 2020:

Name	Number of Securities To Be Issued Upon Exercise of Outstanding Options, Warrants, Rights and Restricted Shares	Weighted Average Exercise Price of Outstanding Options, Warrants, Rights and Restricted Shares ⁽²⁾	Number of Securities Remaining Available for Future Issuance Under Equity Plans (excluding securities listed in first column)
Equity compensation plans approved by security holders ⁽¹⁾	1,117,125	\$ 31.05	7,379,913
Equity compensation plans not approved by security holders	—	—	—
Total	1,117,125	\$ 31.05	7,379,913

- (1) Total reflects outstanding stock options, restricted stock units and performance share units granted pursuant to the 2015 Omnibus Incentive Plan and the 2018 Planet Fitness Employee Stock Purchase Program as of December 31, 2020.
- (2) Outstanding restricted stock units have no exercise price and are therefore excluded from the weighted average exercise price calculation. Had the outstanding restricted stock units been included in the calculation of the weighted average exercise price, the price would have been \$26.84.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires that our directors, executive officers, and greater than 10% stockholders file reports with the SEC relating to their initial beneficial ownership of our securities and any subsequent changes. These reports are commonly referred to as Form 3, Form 4 and Form 5 reports. They must also provide us with copies of the reports.

Based solely on a review of the copies of such forms in our possession, and on written representations from the reporting persons, we believe that all of these reporting persons complied with their filing requirements for the year ended December 31, 2020, except that due to an unanticipated delay in acquiring EDGAR filing codes, Mr. Tucker filed his initial Form 3 one day late and, due to inadvertence, Brian O'Donnell filed one late Form 4 on July 6, 2020 with respect to the purchase of Class A common stock pursuant to a prior written election.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Franchisee relationships

Through his ownership interest in BL Technologies Investments, LLC Gov. Craig Benson entered into an area development agreement ("ADA") with us dated October 23, 2012, under which the developer is obligated to open 35 Planet Fitness stores and for which ADA fees were paid to us totaling \$350,000. Eighteen stores have been opened pursuant to this ADA as of December 31, 2020. In 2020, the Company received royalty and other franchise-related fees under Gov. Benson's franchise agreements ("FA"), which totaled approximately \$1,415,261. The Company also received fees for equipment purchases for the clubs under Gov. Benson's FAs, as required by the terms of his FAs. The equipment purchases for the clubs under Gov. Benson's FAs totaled approximately \$514,781 in 2020. Due to the COVID-19 pandemic, the Company made available to each of its franchisees certain extensions of new store development, re-equipment and remodel schedules. The Company also made available to each of its franchisees a special 15% discount on equipment orders exceeding \$100,000 placed after March 21, 2020 and placed by December 31, 2020. The terms of Gov. Benson's ADA and FAs are commensurate with other FAs executed under the same circumstances, including Gov. Benson's right to participate in the new store development, re-equipment and remodel extensions, as well as the equipment order discount, offered to all franchisees in 2020.

As of December 31, 2020, Chris Rondeau held 25% ownership of PF Principals, LLC and 50% ownership of PF Principals II, LLC, both of which have directly and indirectly provided financing to a limited number of qualified Planet Fitness franchisees to fund leasehold improvements and other related expenses, as one of several financing providers available to franchisees. Our Company does not participate in these transactions.

Other contractual relationships and transactions

Gov. Craig Benson is an approximately ten and one-half percent (10.5%) owner of Airpointe of New Hampshire, Inc. d/b/a Radianse Systems, which is an amenity tracking compliance software provider. We have engaged Radianse Systems to provide amenity tracking compliance software services to certain corporate-owned stores and to make this service available to franchise locations. As of December 31, 2020, the Radianse software is being utilized at 101 corporate-owned stores and approximately 599 franchisee-owned stores. In 2020, we paid an aggregate of approximately \$196,361 in fees to Radianse.

On September 24, 2020, the Company and other defendants, including Chris Rondeau who is a related party, received a second amended judgment on a joint and several jury verdict against them in the amount of \$5,576,000 inclusive of the estimated accrued interest as of December 31, 2020, in a civil action brought by a former employee. As of December 31, 2020, the Company estimated its obligation related to this matter to be approximately \$2,010,000. In connection with the 2012 acquisition of Pla-Fit Holdings, LLC on November 8, 2012, the sellers are obligated to indemnify the Company related to this specific matter. The Company has therefore recorded an offsetting indemnification receivable of \$2,010,000 in other receivables on the Company's condensed consolidated balance sheet, for which it has determined to record a full reserve as a result of potential uncertainty around collectability. While he previously paid his pro-rata portion of the judgment, due to Mr. Rondeau's status as a co-defendant and the joint and several nature of the judgment, the Company has determined that the amount of estimated obligation recorded constitutes a related party transaction. Additionally, the Company has incurred, and may incur in the future, legal costs on behalf of the defendants in the case, including Mr. Rondeau. These costs have not been and are not expected to be material in the future.

The Board has adopted a charter air transportation policy (the "Charter Policy"), which establishes the guidelines for business travel on charter aircraft. Among other things, the Charter Policy requires audit committee approval for all business travel using any charter aircraft owned by an officer, director, employee or other related party. In 2020, the Company incurred approximately \$90,033 in total expenses for corporate business travel using a charter aircraft owned by Mr. Rondeau, which expenses were approved by the audit committee. All such travel was arranged through a third-party manager of Mr. Rondeau's aircraft, for which the Company paid market rates.

Recapitalization Transactions in Connection with our IPO

These summaries do not purport to be complete descriptions of all of the provisions of the documents relating to the recapitalization transactions, and they are qualified in their entirety by reference to the complete text of agreements which have been filed with the SEC. For information on how to obtain copies of these agreements or other exhibits, see the section entitled "Item 1, Business—Available information" in our 2020 Annual Report on Form 10-K.

Exchange agreement

In connection with our IPO, we and the Continuing LLC Owners entered into an exchange agreement under which they (or certain permitted transferees) have the right, from time to time and subject to the terms of the exchange agreement, to exchange their Holdings Units, together with a corresponding number of shares of Class B common stock, for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends,

reclassifications and other similar transactions. At our election, acting by a majority of the disinterested members of our Board pursuant to the exchange agreement, we may elect to redeem the Holdings Units for cash when tendered for exchange. The exchange agreement also provides that a Continuing LLC Owner will not have the right to exchange Holdings Units if we determine that such exchange would be prohibited by law or regulation or would violate other agreements with us to which the Continuing LLC Owner may be subject. As a Continuing LLC Owner exchanges Holdings Units for shares of Class A common stock, the number of Holdings Units held by Planet Fitness, Inc. is correspondingly increased as it acquires the exchanged Holdings Units, and a corresponding number of shares of Class B common stock are canceled. The parties to the Exchange Agreement amended the agreement on August 30, 2016, to, among other things, permit management Holdings Unit holders to exchange such Holdings Units at any time, from time to time, in accordance with applicable law, contractual obligations and Company policies.

Tax receivable agreements

Future and certain past exchanges of Holdings Units for shares of our Class A common stock (or cash) are expected to produce and have produced favorable tax attributes for us. We are a party to two tax receivable agreements. Under the first of those agreements, we are generally required to pay to certain existing and previous equity owners of Pla-Fit Holdings, LLC (the “TRA Holders”) 85% of the applicable cash savings, if any, in U.S. federal and state income tax that we are deemed to realize as a result of certain tax attributes of their Holdings Units sold to us (or exchanged in a taxable sale) and that are created as a result of (i) the sales of their Holdings Units for shares of our Class A common stock and (ii) tax benefits attributable to payments made under the tax receivable agreement (including imputed interest). Under the second tax receivable agreement, we are generally required to pay to TSG AIV II-A L.P and TSG PF Co-Investors A L.P. (the “Direct TSG Investors”) 85% of the amount of cash savings, if any, that we are deemed to realize as a result of the tax attributes of the Holdings Units that we held in respect of the Direct TSG Investors’ prior interest in us, which resulted from the Direct TSG Investors’ purchase of interests in our 2012 acquisition (the “2012 Acquisition”) by investment funds affiliated with TSG Consumer Partners, LLC (“TSG”), and certain other tax benefits. Under both agreements, we generally retain the benefit of the remaining 15% of the applicable tax savings.

The payment obligations under the tax receivable agreements are obligations of Planet Fitness, Inc., and we expect that the payments we will be required to make under the tax receivable agreements will be substantial. In particular, assuming no further material changes in the relevant tax law and that we earn sufficient taxable income to realize all tax benefits that are subject to the tax receivable agreements, we expect that the reduction in tax payments for us associated with all past and future exchanges and sales of Holdings Units as described above would aggregate to approximately \$671.0 million over the remaining term of the tax receivable agreements based on a price of \$77.63 per share of our Class A common stock (the closing price per share of our Class A common stock on the New York Stock Exchange (“NYSE”) on December 31, 2020) and assuming all future sales had occurred on such date. Under such scenario, we would be required to pay the other parties to the tax receivable agreements 85% of such amount, or \$570.3 million, over the applicable period under the tax receivable agreements. The actual amounts may materially differ from these hypothetical amounts, as potential future reductions in tax payments for us, and tax receivable agreement payments by us, will be calculated using the market value of our Class A common stock at the time of the sale and the prevailing tax rates applicable to us over the life of the tax receivable agreements and will be dependent on us generating sufficient future taxable income to realize the benefit. Payments under the tax receivable agreements are not conditioned on the TRA Holders’ ownership of our shares.

The actual increase in tax basis, as well as the amount and timing of any payments under these agreements, will vary depending upon a number of factors, including the timing of sales by the TRA Holders, the price of our Class A common stock at the time of the sales, whether such sales are taxable, the amount and timing of the taxable income we generate in the future, the tax rate then applicable and the portion of our payments under the tax receivable agreements constituting imputed interest. Payments under the tax receivable agreements are expected to give rise to certain additional tax benefits attributable to either further increases in basis or in the form of deductions for imputed interest (generally calculated using one-year LIBOR), depending on the tax receivable agreements and the circumstances. Any such benefits are covered by the tax receivable agreements and will increase the amounts due thereunder. The tax receivable agreements provide for interest, at a rate equal to one-year LIBOR, accrued from the due date (without extensions) of the corresponding tax return to the date of payment specified by the tax receivable agreements. In addition, under certain circumstances where we are unable to make timely payments under the tax receivable agreements, the tax receivable agreements provide for interest to accrue on unpaid payments, at a rate equal to one-year LIBOR plus 500 basis points.

Payments under the tax receivable agreements will be based on the tax reporting positions that we determine. Although we are not aware of any issue that would cause the IRS to challenge a tax basis increase or other tax attributes subject to the tax receivable agreements, we will not be reimbursed for any payments previously made under the tax receivable agreements if such basis increases or other benefits are subsequently disallowed. As a result, in certain circumstances, payments could be made under the tax receivable agreements in excess of the benefits that we are deemed to realize in respect of the attributes to which the tax receivable agreements relate.

The tax receivable agreements provide that (i) in the event that we materially breach such tax receivable agreements, (ii) if, at any time, we elect an early termination of the tax receivable agreements, or (iii) upon certain mergers, asset sales, other forms of business combinations or other changes of control, our (or our successor's) obligations under the tax receivable agreements (with respect to all Holdings Units, whether or not they have been sold before or after such transaction) would accelerate and become payable in a lump sum amount equal to the present value of the anticipated future tax benefits calculated based on certain assumptions, including that we would have sufficient taxable income to fully utilize the deductions arising from the tax deductions, tax basis and other tax attributes subject to the tax receivable agreements.

As a result of the foregoing, (i) we could be required to make payments under the tax receivable agreements that are greater than or less than the specified percentage of the actual tax savings we realize in respect of the tax attributes subject to the agreements and (ii) we may be required to make an immediate lump sum payment equal to the present value of the anticipated tax savings, which payment may be made years in advance of the actual realization of such future benefits, if any such benefits are ever realized. In these situations, our obligations under the tax receivable agreements could have a substantial negative impact on our liquidity and could have the effect of delaying, deferring or preventing certain mergers, asset sales, other forms of business combinations or other changes of control. We may not be able to finance our obligations under the tax receivable agreements in a manner that does not adversely affect our working capital and growth requirements. For example, if we had elected to terminate the tax receivable agreements as of December 31, 2020, based on a share price of \$77.63 per share of our Class A common stock (based on the closing price of our Class A common stock on the NYSE as of December 31, 2020) and a discount rate equal to 1.3%, we estimate that we would have been required to pay \$516.2 million in the aggregate under the tax receivable agreements.

Funds used by Pla-Fit Holdings to satisfy its tax distribution obligations will not be available for reinvestment in our business. Moreover, the tax distributions that Pla-Fit Holdings will be required to make may be substantial and will likely exceed (as a percentage of Pla-Fit Holdings' net income) the overall effective tax rate applicable to a similarly situated corporate taxpayer.

As a result of potential differences in the amount of net taxable income allocable to us and to the owners of Holdings Units other than Planet Fitness, Inc. (the "Continuing LLC Owners"), as well as the use of an assumed tax rate in calculating Pla-Fit Holdings' distribution obligations, we may receive distributions significantly in excess of our tax liabilities and obligations to make payments under the tax receivable agreements. To the extent we do not distribute such cash balances as dividends on our Class A common stock and instead, for example, hold such cash balances or lend them to Pla-Fit Holdings, the Continuing LLC Owners would benefit from any value attributable to such accumulated cash balances as a result of their ownership of Class A common stock following an exchange of their Holdings Units.

If the IRS or a state or local taxing authority challenges the tax basis adjustments and/or deductions that give rise to payments under the tax receivable agreements and the tax basis adjustments and/or deductions are subsequently disallowed, the recipients of payments under the agreements will not reimburse us for any payments we previously made to them. Any such disallowance would be taken into account in determining future payments under the tax receivable agreements and would, therefore, reduce the amount of any such future payments. Nevertheless, if the claimed tax benefits from the tax basis adjustments and/or deductions are disallowed, our payments under the tax receivable agreements could exceed our actual tax savings, and we may not be able to recoup payments under the tax receivable agreements that were calculated on the assumption that the disallowed tax savings were available.

Pla-Fit Holdings amended and restated limited liability company agreement

In connection with the recapitalization transactions related to our IPO, the limited liability company agreement of Pla-Fit Holdings was amended and restated August 5, 2015, which was subsequently amended July 1, 2017 (the "Pla-Fit Holdings LLC Agreement"). As a result of the recapitalization transactions and our IPO, we hold Holdings Units in Pla-Fit Holdings indirectly through wholly owned subsidiaries and are the sole managing member of Pla-Fit Holdings. Accordingly, we operate and control all of the business and affairs of Pla-Fit Holdings and, through Pla-Fit Holdings and its operating subsidiaries, conduct our business. Our principal asset is our ownership of Holdings Units in Pla-Fit Holdings. As such, we have no independent means of generating revenue. Pla-Fit Holdings is treated as a partnership for U.S. federal income tax purposes and, as such, is generally not subject to U.S. federal income tax. Instead, taxable income is allocated to holders of its Holdings Units, including us. Accordingly, we incur income taxes on our allocable share of any taxable income of Pla-Fit Holdings, and also incur expenses related to our operations.

Pursuant to the Pla-Fit Holdings LLC Agreement, as managing member, Planet Fitness, Inc. has the right to determine when distributions will be made by Pla-Fit Holdings to holders of Holdings Units and the amount of any such distributions. If a distribution is authorized, such distribution will be made to the holder of Holdings Units (including Planet Fitness, Inc. and its subsidiaries) pro rata in accordance with the percentages of their respective Holdings Units.

The holders of Holdings Units, including Planet Fitness, Inc. and its subsidiaries, will incur U.S. federal, state and local income taxes on their allocable share (determined under relevant tax rules) of any taxable income of Pla-Fit Holdings. Net profits and

net losses of Pla-Fit Holdings will generally be allocated to holders of Holdings Units (including Planet Fitness, Inc.) pro rata in accordance with the percentages of their respective Holdings Units, except to the extent certain rules provide for disproportionate allocations or are otherwise required under applicable tax law.

The Pla-Fit Holdings LLC Agreement provides that Pla-Fit Holdings will make cash distributions, which we refer to as “tax distributions,” to the holders of Holdings Units. Generally, these tax distributions will be computed based on the net taxable income of Pla-Fit Holdings allocable to the holders of Holdings Units multiplied by an assumed, combined tax rate equal to the maximum rate applicable to an individual or corporate resident in Hampton, New Hampshire (taking into account, among other things, the deductibility of certain expenses and certain adjustments relating to the calculation of state taxes). For purposes of determining the taxable income of Pla-Fit Holdings, such determination will be made by generally disregarding any adjustment to the taxable income of any member of Pla-Fit Holdings that arises under the tax basis adjustment rules of the Code, and is attributable to the acquisition by such member of an interest in Pla-Fit Holdings in future exchange or sale transactions. We expect Pla-Fit Holdings may make tax distributions periodically to the extent permitted by our agreements governing our indebtedness and necessary to enable us to cover our operating expenses and other obligations, including our tax liability and obligations under the tax receivable agreements, as well as to make dividend payments, if any, to the holders of our Class A common stock.

The Pla-Fit Holdings LLC Agreement also provides that substantially all expenses incurred by or attributable to Planet Fitness, Inc. will be borne or reimbursed by Pla-Fit Holdings, but Pla-Fit Holdings will not bear the cost of our income tax expenses, obligations incurred by us under the tax receivable agreements or payments on indebtedness incurred by us other than to pay operating expenses that otherwise would be borne by Pla-Fit Holdings.

We have caused Pla-Fit Holdings to make distributions in an amount sufficient to allow us to pay our taxes and operating expenses, including ordinary course payments due under the tax receivable agreements. However, its ability to make such distributions in the future will be subject to various limitations and restrictions, including contractual restrictions under our senior secured credit facility. If, as a consequence of these various limitations and restrictions, we do not have sufficient funds to pay tax or other liabilities or to fund our operations (including as a result of an acceleration of our obligations under the tax receivable agreements), we may have to borrow funds and thus our liquidity and financial condition could be materially and adversely affected. To the extent that we are unable to make payments under the tax receivable agreements for any reason, such payments will be deferred and will accrue interest at a rate equal to one-year LIBOR plus 500 basis points until paid.

Registration rights agreement

In connection with the recapitalization transactions related to our IPO, we entered into a registration rights agreement with all of the Continuing LLC Owners and Direct TSG Investors, which include certain current and former employees and directors that hold Holdings Units. The registration rights agreement provides Christopher Rondeau with certain demand registration rights, including shelf registration rights, in respect of any shares of our Class A common stock held by him, subject to certain conditions. In addition, in the event that we register additional shares of Class A common stock for sale to the public, we will be required to give notice of such registration to certain current and former employees and directors party to the agreement of our intention to effect such a registration, and, subject to certain limitations, include shares of Class A common stock held by them in such registration. We will be required to bear the registration expenses, other than underwriting discounts and commissions and transfer taxes, associated with any registration of shares pursuant to the agreement. The agreement includes customary indemnification provisions in favor of the employees and directors party to the agreement, any person who is or might be deemed a control person (within the meaning of the Securities Act and the Exchange Act) and related parties against certain losses and liabilities (including reasonable costs of investigation and legal expenses) arising out of or based upon any filing or other disclosure made by us under the securities laws relating to any such registration. The parties to the Registration Rights Agreement amended the agreement on August 30, 2016 to, among other things, provide that we are not obligated to file a registration statement with respect to the exchange of Holdings Units and Class B common stock for Class A common stock.

Indemnification Agreements

Prior to the completion of our IPO, we entered into indemnification agreements with each of our then-serving directors. We have since entered into indemnification agreements with each new director who has joined our Board after completion of our IPO. These agreements require us to indemnify these individuals and, in certain cases, affiliates of such individuals, to the fullest extent permissible under Delaware law against liabilities that may arise by reason of their service to us or at our direction, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, we have been informed that in the opinion of the SEC such indemnification is against public policy and is therefore unenforceable.

Related Person Transactions Policy

We have adopted a written policy with respect to the review, approval and ratification of transactions directly or indirectly involving the Company or any of its subsidiaries as a participant, and any related person, in which the aggregate amount involved exceeds \$120,000. Under the policy, our audit committee is responsible for reviewing and approving related person transactions. In the course of its review and approval of related person transactions, our audit committee will consider the relevant facts and circumstances to decide whether to approve such transactions, including whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. Related person transactions must be approved or ratified by the audit committee based on full information about the proposed transaction and the related person's interest.
