Claros Mortgage Trust, Inc. Reports Second Quarter 2025 Results

New York, NY, August 6, 2025 – Claros Mortgage Trust, Inc. (NYSE: CMTG) (the “Company” or “CMTG”) today reported its financial results for the quarter ended June 30, 2025. The Company reported GAAP net loss of \$181.7 million, or \$1.30 per share, for the quarter ended June 30, 2025. Distributable Loss (a non-GAAP financial measure defined below) was \$110.1 million, or \$0.77 per share, and Distributable Earnings prior to realized losses were \$14.8 million, or \$0.10 per share, for the quarter ended June 30, 2025.

Second Quarter 2025 Highlights

- Loan resolutions of \$1.0 billion of UPB.
 - Four full repayments: \$480.0 million of UPB
 - Two discounted payoffs: \$88.6 million of UPB – both watchlist loans
 - Two loan sales: \$303.9 million of UPB – both watchlist loans, one previously classified as held-for-sale
 - Two mortgage foreclosures: \$146.7 million of UPB – both watchlist loans collateralized by multifamily properties in the Phoenix and Las Vegas MSAs
- Loan resolutions subsequent to quarter-end of \$548.4 million of UPB.
 - One discounted payoff: \$390.0 million of UPB – watchlist loan
 - Two mortgage foreclosures: \$158.4 million of UPB – both watchlist loans collateralized by multifamily properties in Dallas, TX
- Executed sale of five floors of office space and small retail space at our mixed-use REO, resulting in gross proceeds of \$29 million.
- \$5.0 billion loan portfolio with a weighted average all-in yield of 7.0%. ⁽¹⁾
- At June 30, 2025, total liquidity of \$224 million, including \$209 million of cash.
 - At August 5, 2025, total liquidity of \$323 million, including \$310 million of cash.
- Unencumbered assets at quarter-end include \$398 million of loan UPB and \$115 million of REO carrying value.
- Refinanced our debt related to real estate owned hotel portfolio with a \$235 million non-recourse loan with up to five years of term (including extension options).
- Provision for CECL reserves of \$189.5 million, or \$1.33 per share, for the quarter, primarily driven by specific reserves; as of quarter end, CECL reserves of \$332.7 million on loans receivable, representing \$2.32 per share.
 - Represents approximately 6.4% of UPB at quarter-end, comprised of (i) specific reserves of 12.9% on UPB of risk rated 5 loans and (ii) general reserves of 3.8% on UPB of remaining loans.
- Book value of \$12.27 per share.

Year to Date 2025 Highlights

- Resolved fifteen loans totaling \$1.9 billion of UPB. Amount exceeds total resolution activity from each of the prior full three years.
 - Resolved nine watchlist loans totaling \$1.1 billion of UPB.
- Three of the remaining watchlist loans with a total UPB of \$237.3 million are expected to be resolved through foreclosure in coming quarters.
- Reduced financing UPB by \$1.1 billion, including deleveraging the loan portfolio by \$237 million.
- Improved total liquidity by \$221 million since year end 2024.

“We are seeing signs of a more constructive capital markets environment in commercial real estate, despite a prolonged period of elevated interest rates,” said Richard Mack, Chief Executive Officer and Chairman of CMTG. “We had a meaningful uptick in portfolio activity during the second quarter, including the realization of eight loans. As a result, we have more than doubled our liquidity position since year-end and feel we are well positioned to continue this positive progress into the second half of 2025.”

(1) Represents the weighted average annualized yield to initial maturity of each loan, inclusive of coupon, and fees received, based on the applicable floating benchmark rate/floors (if applicable), in place as of June 30, 2025. For loans placed on non-accrual, the annualized yield to initial maturity used in calculating the weighted average annualized yield to initial maturity is 0%.

Definitions

Distributable Earnings (Loss):

Distributable Earnings (Loss) is a non-GAAP measure used to evaluate our performance excluding the effects of certain transactions, non-cash items and GAAP adjustments, as determined by our Manager. Distributable Earnings (Loss) is a non-GAAP measure, which the Company defines as net income (loss) in accordance with GAAP, excluding (i) non-cash stock-based compensation expense, (ii) real estate owned held-for-investment depreciation and amortization, (iii) any unrealized gains or losses from mark-to-market valuation changes (other than permanent impairments) that are included in net income (loss) for the applicable period, (iv) one-time events pursuant to changes in GAAP and (v) certain non-cash items, which in the judgment of our Manager, should not be included in Distributable Earnings (Loss). Furthermore, the Company presents Distributable Earnings prior to realized gains and losses, which such gains and losses include charge-offs of principal, accrued interest receivable, and/or exit fees as the Company believes this more easily allows our Board, Manager, and investors to compare our operating performance to our peers, to assess our ability to declare and pay dividends, and to determine our compliance with certain financial covenants. Pursuant to the Management Agreement, we use Core Earnings, which is substantially the same as Distributable Earnings (Loss) excluding incentive fees, to determine the incentive fees we pay our Manager.

The Company believes that Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses provide meaningful information to consider in addition to our net income (loss) and cash flows from operating activities in accordance with GAAP. Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses do not represent net income (loss) or cash flows from operating activities in accordance with GAAP and should not be considered as an alternative to GAAP net income (loss), an indication of our cash flows from operating activities, a measure of our liquidity or an indication of funds available for our cash needs. In addition, the Company's methodology for calculating these non-GAAP measures may differ from the methodologies employed by other companies to calculate the same or similar supplemental performance measures and, accordingly, the Company's reported Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses may not be comparable to the Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses reported by other companies.

In order to maintain the Company's status as a REIT, the Company is required to distribute at least 90% of its REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gain, as dividends. Distributable Earnings (Loss), Distributable Earnings prior to realized gains and losses, and other similar measures, have historically been a useful indicator over time of a mortgage REIT's ability to cover its dividends, and to mortgage REITs themselves in determining the amount of any dividends to declare. Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses are key factors, among others, considered by our Board in determining the dividend each quarter and as such the Company believes Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses are also useful to investors.

While Distributable Earnings (Loss) excludes the impact of our provision for or reversal of current expected credit loss reserve, charge-offs of principal, accrued interest receivable, and/or exit fees are recognized through Distributable Earnings (Loss) when deemed non-recoverable. Non-recoverability is determined (i) upon the resolution of a loan (i.e., when the loan is repaid, fully or partially, when the Company acquires title in the case of foreclosure, deed-in-lieu of foreclosure, or assignment-in-lieu of foreclosure, or when the loan is sold or anticipated to be sold for an amount less than its carrying value), or (ii) with respect to any amount due under any loan, when such amount is determined to be uncollectible.

In determining Distributable Earnings (Loss) per share and Distributable Earnings per share prior to realized gains and losses, the dilutive effect of unvested RSUs is considered. The weighted average diluted shares outstanding used for Distributable Earnings (Loss) and Distributable Earnings per share prior to realized gains and losses have been adjusted from weighted average diluted shares under GAAP to include weighted average unvested RSUs.

Book Value per Share:

Book Value per share is calculated as (i) total equity divided by (ii) number of shares of common stock outstanding and RSUs at period end.

Important Notices

The information herein generally speaks as of the date hereof or such earlier date referred to on specific pages herein. In furnishing this document, Claros Mortgage Trust, Inc. and its consolidated subsidiaries (the "Company" or "CMTG") do not undertake to update the information herein. No legal commitment or obligation shall arise by the provision of this presentation. All financial information is provided for general reference purposes only and is superseded by, and is qualified in its entirety by reference to, CMTG's financial statements.

No Offer or Solicitation

This document does not constitute (i) an offer to sell or a solicitation of an offer to purchase any securities in CMTG, (ii) a means by which any other investment may be offered or sold or (iii) advice or an expression of our view as to whether an investment in CMTG is suitable for any person.

Portfolio Metrics: Basis of Accounting

The performance information set forth in this document has generally been prepared on the basis of generally accepted accounting principles in the United States (U.S. GAAP). The basis on which CMTG's operating metrics are presented in this document may vary from other reports or documents that CMTG prepares from time to time for internal or external use.

Net Debt / Equity Ratio, Total Leverage Ratio, and Distributable Earnings (Loss)

Net Debt / Equity Ratio, Total Leverage Ratio, and Distributable Earnings (Loss) are non-GAAP measures used to evaluate the Company's performance excluding the effects of certain transactions, non-cash items and GAAP adjustments, as determined by our Manager. Net Debt / Equity Ratio is a non-GAAP measure, which the Company defines as the ratio of asset-specific debt and Secured Term Loan, less cash and cash equivalents, to total equity. Total Leverage Ratio is a non-GAAP measure, which the Company defines as the ratio of asset-specific debt and Secured Term Loan, plus non-consolidated senior interests held by third parties, less cash and cash equivalents, to total equity. Distributable Earnings (Loss) is a non-GAAP measure, which the Company defines as net income (loss) in accordance with GAAP, excluding (i) non-cash stock-based compensation expense, (ii) real estate owned held-for-investment depreciation and amortization, (iii) any unrealized gains or losses from mark-to-market valuation changes (other than permanent impairments) that are included in net income (loss) for the applicable period, (iv) one-time events pursuant to changes in GAAP and (v) certain non-cash items, which in the judgment of the Company's Manager, should not be included in Distributable Earnings (Loss). Furthermore, the Company presents Distributable Earnings prior to realized gains and losses, which such gains and losses include charge-offs of principal, accrued interest receivable, and/or exit fees as the Company believes this more easily allows the Board, Manager, and investors to compare the Company's operating performance to our peers, to assess our ability to declare and pay dividends, and to determine our compliance with certain financial covenants. Pursuant to the Management Agreement, the Company uses Core Earnings, which is substantially the same as Distributable Earnings (Loss) excluding incentive fees, to determine the incentive fees the Company pays our Manager.

The Company believes that Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses provide meaningful information to consider in addition to net income (loss) and cash flows from operating activities in accordance with GAAP. Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses do not represent net income (loss) or cash flows from operating activities in accordance with GAAP and should not be considered as an alternative to GAAP net income (loss), an indication of cash flows from operating activities, a measure of liquidity or an indication of funds available for cash needs. In addition, the Company's methodology for calculating these non-GAAP measures may differ from the methodologies employed by other companies to calculate the same or similar supplemental performance measures and, accordingly, the Company's reported Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses may not be comparable to the Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses reported by other companies.

In order to maintain the Company's status as a REIT, the Company is required to distribute at least 90% of its REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gain, as dividends. Distributable Earnings (Loss), Distributable Earnings prior to realized gains and losses, and other similar measures, have historically been a useful indicator over time of a mortgage REIT's ability to cover its dividends, and to mortgage REITs themselves in determining the amount of any dividends to declare. Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses are key factors, among others, considered by the Company's Board in determining the dividend each quarter and as such the Company believes Distributable Earnings (Loss) and Distributable Earnings prior to realized gains and losses are also useful to investors.

While Distributable Earnings (Loss) excludes the impact of our provision for or reversal of current expected credit loss reserve, charge-offs of principal, accrued interest receivable, and/or exit fees are recognized through Distributable Earnings (Loss) when deemed non-recoverable. Non-recoverability is determined (i) upon the resolution of a loan (i.e., when the loan is repaid, fully or partially, when we acquire title in the case of foreclosure, deed-in-lieu of foreclosure, or assignment-in-lieu of foreclosure, or when the loan is sold or anticipated to be sold for an amount less than its carrying value), or (ii) with respect to any amount due under any loan, when such amount is determined to be uncollectible.

In determining Distributable Earnings (Loss) per share and Distributable Earnings per share prior to realized gains and losses, the dilutive effect of unvested RSUs is considered. The weighted average diluted shares outstanding used for Distributable Earnings (Loss) and Distributable Earnings per share prior to realized gains and losses have been adjusted from weighted average diluted shares under GAAP to include weighted average unvested RSUs.

Adjusted Book Value Per Share

Adjusted Book Value per Share is a non-GAAP financial measure. We believe that presenting book value per share adjusted for our general current expected credit loss reserve and accumulated depreciation and amortization on our real estate owned held-for-investment is useful for investors as it enhances the comparability to our peers who may not hold real estate investments. Further, we believe that our investors and lenders consider book value excluding these items as an important metric related to our overall capitalization.

Determinations of Loan-to-Value / Loan-to-Cost

Adjusted LTV represents "loan-to-value" or "loan-to-cost" upon origination and updated only in connection with a partial loan payoff and/or release of collateral, material changes to expected project costs, the receipt of a new appraisal (typically in connection with financing or refinancing activity) or a change in our loan commitment. LTV determined upon origination is calculated as our total loan commitment upon origination, as if fully funded, plus any financings that are pari passu with or senior to our loan, divided by our estimate of either (1) the value of the underlying real estate, determined in accordance with our underwriting process (typically consistent with, if not less than, the value set forth in a third-party appraisal) or (2) the borrower's projected, fully funded cost basis in the asset, in each case as we deem appropriate for the relevant loan and other loans with similar characteristics. Adjusted LTV, origination LTV, underwritten values, and/or project costs should not be assumed to reflect our judgment of current market values or project costs, which may have changed materially since the date of the most recent determination of LTV and/or origination. Weighted average adjusted LTV is based on loan commitment, including non-consolidated senior interests and pari passu interests, and includes risk rated 5 loans. Loans with specific CECL reserves are reflected as 100% LTV.

Forward-Looking Statements

This document and oral statements made in connection therewith contain forward-looking statements within the meaning of U.S. federal securities laws. Forward-looking statements express CMTG's views regarding future plans and expectations. They include statements that include words such as "may," "could," "would," "should," "believe," "expect," "anticipate," "plan," "estimate," "target," "project," "plan," "intend" and similar words or expressions. Forward-looking statements in this presentation include, but are not limited to, statements regarding future operations, business strategy, cash flows, income, costs, expenses, liabilities and profits of CMTG. These statements are based on numerous assumptions and are subject to risks, uncertainties or change in circumstances that are difficult to predict or quantify. Actual future results may vary materially from those expressed or implied in these forward-looking statements, and CMTG's business, financial condition and results of operations could be materially and adversely affected by numerous factors, including such known and unknown risks and uncertainties. As a result, forward-looking statements should be understood to be only predictions and statements of our current beliefs, and are not guarantees of performance. Statements regarding the following subjects, among others, may be forward-looking:

- our business and investment strategy;
- changes in interest rates and their impact on our borrowers and on the availability and cost of our financing;
- our projected operating results;
- defaults by borrowers in paying debt service on outstanding loans;
- the timing of cash flows, if any, from our investments;
- the state of the U.S. and global economy generally or in specific geographic regions;
- reduced demand for office, multifamily or retail space, including as a result of the increase in remote and/or hybrid work trends which allow work from remote locations other than the employer's office premises;
- governmental actions and initiatives and changes to government policies;
- the amount of commercial mortgage loans requiring refinancing;
- our ability to obtain and maintain financing arrangements on attractive terms, or at all;
- our ability to maintain compliance with covenants under our financing arrangements;
- current and prospective financing costs and advance rates for our existing and target assets;
- our expected leverage;
- general volatility of the capital markets and the markets in which we may invest and our borrowers operate in;
- the impact of a protracted decline in the liquidity of capital markets on our business;
- the state of the regional, national, and global banking systems;
- the uncertainty surrounding the strength of the national and global economies;
- the return on or impact of current and future investments, including our loan portfolio and real estate owned assets;
- allocation of investment opportunities to us by our Manager and our Sponsor;
- changes in the market value of our investments;
- effects of hedging instruments on our existing and target assets;
- rates of default, decreased recovery rates, and/or increased loss severity rates on our existing and target assets and related impairment charges, including as it relates to our real estate owned assets;
- the degree to which our hedging strategies may or may not protect us from interest rate volatility;
- changes in governmental regulations, tax law and rates, and similar matters (including interpretation thereof);
- our ability to maintain our qualification as a real estate investment trust; our ability to maintain our exclusion from registration under the Investment Company Act of 1940, as amended;
- availability and attractiveness of investment opportunities we are able to originate in our target assets;
- the ability of our Manager to locate suitable investments for us, monitor, service and administer our investments and execute our investment strategy;
- availability of qualified personnel from our Sponsor and its affiliates, including our Manager;
- estimates relating to our ability to pay dividends to our stockholders in the future;
- our understanding of our competition;
- impact of increased competition on projected returns;
- the risk of securities class action litigation or stockholder activism;
- geopolitical or economic conditions or uncertainty, which may include military conflicts and activities (including the military conflicts between Russia and Ukraine, Israel and Hamas, and elsewhere throughout the Middle East and North Africa more broadly), tensions involving Russia, China, and Iran, political instability, social unrest, civil disturbances, terrorism, natural disasters and pandemics; and
- market trends in our industry, interest rates, real estate values, the debt markets generally, the CRE debt market or the general economy.

The forward-looking statements are based on CMTG's beliefs, assumptions and expectations of CMTG's future performance, taking into account all information currently available. You should not place undue reliance on these forward-looking statements. These beliefs, assumptions, and expectations can change as a result of many possible events or factors, not all of which are known to CMTG. If a change occurs, CMTG's business, financial condition, liquidity, results of operations and prospects may vary materially from those expressed in any forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made. New risks and uncertainties arise over time, and it is not possible for CMTG to predict those events or how they may affect CMTG. Except as required by law, CMTG is not obligated to, and does not intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Endnotes

1. Refer to page 22 for a reconciliation of net income (loss) to distributable earnings (loss) and distributable earnings prior to realized gains and losses.
2. Refer to page 8 for further discussion of loan resolution activity.
3. Refer to pages 10 and 11 for further discussion of risk rated 4 and 5 loans.
4. Based on carrying value net of specific CECL reserves; excludes loans held-for-sale if applicable.
5. Based on total loan commitments.
6. Total Liquidity includes cash and approved and undrawn credit capacity based on existing collateral.
7. Net Debt / Equity Ratio is a non-GAAP measure and is calculated as the ratio of asset-specific debt and Secured Term Loan, less cash and cash equivalents, to total equity. Refer to page 23 for a reconciliation of Net Debt / Equity Ratio. For further information, please refer to Item 7 (MD&A) of our Form 10-Ks and/or Item 2 (MD&A) of our Form 10-Qs.
8. Total Leverage Ratio is a non-GAAP measure and is calculated as the ratio of asset-specific debt and Secured Term Loan, plus non-consolidated senior interests held by third parties, less cash and cash equivalents, to total equity. Refer to page 23 for a reconciliation of Total Leverage Ratio. For further information, please refer to Item 7 (MD&A) of our Form 10-Ks and/or Item 2 (MD&A) of our Form 10-Qs.
9. Excludes our real estate owned (REO) investments, unless otherwise noted.
10. Excludes loans receivable held-for-sale.
11. See Important Notices beginning on page 24 for additional information on this metric.
12. Loan commitment represents principal outstanding plus remaining unfunded loan commitments.
13. All-in yield represents the weighted average annualized yield to initial maturity of each loan held-for-investment, inclusive of coupon and contractual fees, based on the applicable floating benchmark rate/floors (if applicable), in place as of June 30, 2025. For loans placed on non-accrual, the annualized yield to initial maturity used in calculating the weighted average annualized yield to initial maturity is 0%. Excluding two loans for which we acquired legal title to the underlying collateral asset through mortgage foreclosures in July 2025, the weighted average yield to maturity at June 30, 2025 was 7.2%.
14. Senior loans include senior mortgages and similar credit quality loans, including related contiguous subordinate loans (if any), and pari passu participations in senior mortgage loans.
15. At June 30, 2025, mixed-use comprises of 3% multifamily, 2% office, 1% retail, and 1% hospitality. Mixed-use allocations are based upon allocable square footage except where another method is deemed more appropriate under the applicable facts and circumstances.
16. At June 30, 2025, we had unfunded loan commitments of \$395 million and \$212 million of in-place or expected financing, excluding \$15 million of approved and undrawn credit capacity based on existing collateral, resulting in net unfunded loan commitments of \$183 million.
17. Not expected to fund is comprised of unfunded loan commitments relating to loans on non-accrual status, loans in maturity default, loans risk rated 5 and/or delinquent loans.
18. See page 7 for book value bridge.
19. Principal charge-offs recognized in anticipation of mortgage foreclosures on multifamily properties in July 2025. Amount excludes principal charge-offs related to resolved loans as of June 30, 2025.
20. Reflects loan for which no specific reserve is recorded as amounts deemed uncollectible have been charged-off as of June 30, 2025.
21. In July 2025, we acquired legal title to the underlying collateral assets through a mortgage foreclosure.
22. Carrying value includes lease related intangible assets and liabilities, if applicable, included in other assets and other liabilities on the Company's consolidated balance sheets.
23. Amount excludes foreclosure transaction costs incurred upon July 2025 mortgage foreclosure.
24. Weighted average spreads exclude SOFR floors and is based upon unpaid principal balance.
25. Total carrying value includes acquired lease intangibles, net of accumulated depreciation and amortization.
26. Calculated as (i) total equity divided by (ii) number of shares of common stock outstanding and RSUs at period end.
