Dear Shareholders:

We invite you to attend the 2026 annual meeting of shareholders (the “Annual Meeting”) of Coinbase Global, Inc., a Texas corporation, which will be held virtually on Tuesday, June 16, 2026 at 11:00 a.m. Pacific Time. You can attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/COIN2026, where you will be able to listen to the meeting live and vote your shares online during the meeting, just as you could at an in-person meeting. We believe that a virtual shareholder meeting is aligned with our values as a remote-first company and enables participation from our global community.

We will hold the Annual Meeting for the following purposes, which are more fully described in the accompanying proxy statement (the “Proxy Statement”):

1. To elect Brian Armstrong, Marc L. Andreessen, Christa Davies, Frederick Ernest Ehram III, Kelly A. Kramer, Chris Lehane, Tobias Lütke, Gokul Rajaram, and Fred Wilson to serve until our 2027 annual meeting of shareholders or until such director's successor is duly elected and qualified; and
2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2026.

We will also consider any other business that properly comes before the Annual Meeting or any adjournment or postponement thereof. At this time, we are not aware of any other matters to be submitted for consideration at the Annual Meeting.

Our Board of Directors has fixed the close of business on April 21, 2026 as the record date for the Annual Meeting. Only shareholders of record on April 21, 2026 are entitled to notice of, and to vote at, the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be available upon request for examination for ten (10) days prior to the day of the Annual Meeting by contacting us via email at investor@coinbase.com. You will be asked to enter the 16-digit control number located on your Notice of Internet Availability of Proxy Materials, your proxy card or the instructions that accompanied your proxy materials to attend the Annual Meeting.

Every shareholder vote is important. Mr. Wilson holds a S.B. in Mechanical Engineering from the Massachusetts Institute of Technology and an M.B.A. from the Wharton School at the University of Pennsylvania.

We believe Mr. Wilson is qualified to serve as a member of our Board of Directors because of his extensive experience in the crypto market and venture capital industries, his knowledge of technology companies, and his deep understanding of our business and operations as one of our early investors.

Declassification of our Board of Directors

Our certificate of formation (the “Certificate of Formation”) initially established a classified board of directors, divided into three classes with staggered three-year terms. Under the classified board of directors structure, only one class of directors would be elected at each annual meeting of our shareholders, with the other classes continuing for the remainder of their respective three-year terms.

Our Board of Directors remained classified until the date on which we certified that Brian Armstrong, the Chairman of our Board of Directors and Chief Executive Officer, and his affiliated entities held a majority of the voting power of all the then-outstanding shares of our capital stock entitled to vote (we refer to such date as a “staggered board end date”). Mr. Armstrong and his affiliated entities became the beneficial owners of over a majority of the voting power of all the then-outstanding shares of our capital stock entitled to vote in May 2021, and as a result, our Board of Directors is currently not classified and all directors are elected for annual terms. If Mr. Armstrong and his affiliated entities cease to hold a majority of the voting power of all the then-outstanding shares of our capital stock entitled to vote, our Board of Directors will revert to being divided in three classes with staggered three-year terms until a subsequent staggered board end date.

Independence of Directors

Our Class A common stock is listed on the Nasdaq Stock Market LLC (“Nasdaq”). The listing rules of Nasdaq generally require that a majority of the members of a listed company’s board of directors be independent. In addition, the listing rules generally require that, subject to specified exceptions, each member of a listed company’s audit, compensation, and nominating and corporate governance committees be independent. However, because Mr. Armstrong controls a majority of our outstanding voting power, we are a “controlled company” under the corporate governance rules of Nasdaq. Therefore, we are not required to have a majority of our Board of Directors be independent, nor are we required to have a compensation committee or an independent nominating function. We have nevertheless opted to have a majority of our Board of Directors be independent and to have a Compensation Committee and Nominating and Corporate Governance Committee comprised of independent directors, as more fully described below.

Under the rules of Nasdaq, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In addition, audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries, or be an affiliated person of the listed company or any of its subsidiaries. Compensation committee members must also satisfy the additional independence criteria set forth in Rule 10C-1 under the Exchange Act and the listing standards of Nasdaq.

Our Board of Directors conducts an annual review of the independence of our directors. Based on information provided by each director concerning his or her background, employment and affiliations, our Board of Directors determined that Marc L. Andreessen, Christa Davies, Frederick Ernest Ehrsam III, Kelly A. Kramer, Tobias Lütke, Gokul Rajaram, and Fred Wilson, representing seven of our nine director nominees, are “independent directors” as defined under the applicable rules, regulations, and listing standards of Nasdaq and the applicable rules and regulations promulgated by the Securities and Exchange Commission (the “SEC”). There are no family relationships among our directors and executive officers.

Our Board of Directors has also determined that all members of our Audit and Compliance Committee, Compensation Committee, and Nominating and Corporate Governance Committee satisfy the relevant SEC and Nasdaq independence requirements for service on such committees.

Board Leadership Structure and Role of Our Lead Independent Director

Our Nominating and Corporate Governance Committee periodically considers the leadership structure of our Board of Directors and makes such recommendations to our Board of Directors as our Nominating and Corporate Governance Committee deems appropriate. Our Board of Directors believes it is important to have flexibility in selecting the Chairman of the Board of Directors (“Chairman”) and our board leadership structure. Accordingly, our Corporate Governance Policy allows for the positions of Chairman and Chief Executive Officer to be held by the same person. In making these leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and what is in the best interests of our shareholders.

The Board of Directors believes that it is currently in the best interest of Coinbase and its shareholders for Brian Armstrong to serve in both roles. While our independent directors bring experience, oversight and expertise from outside of our Company, Mr. Armstrong brings Coinbase-specific experience and insight developed from co-founding and leading Coinbase since its inception. Our Board of Directors believes that Mr. Armstrong’s strategic vision for our business, his in-depth knowledge

of our platform and operations and the crypto industry and his experience as our Chief Executive Officer since 2012 make him well qualified to serve as both our Chairman and Chief Executive Officer.

Our Corporate Governance Policy provides that, when the positions of Chairman and Chief Executive Officer are held by the same person, our Board of Directors will designate a “lead independent director” from among its members that are independent directors (the “Lead Independent Director”). Since February 2021, Fred Wilson has served as our Lead Independent Director. In connection with Mr. Wilson’s appointment as the Lead Independent Director, our Board of Directors considered his demonstrated leadership during his tenure as a member of the Board of Directors. Our Board of Directors annually reevaluates such appointment and following such evaluations, our Board of Directors re-appointed Mr. Wilson as our Lead Independent Director in April 2026.

As our Lead Independent Director, Mr. Wilson’s responsibilities include, among other things:

- coordinating with the Chairman to set the agenda for meetings of the Board of Directors, taking into account input from other independent directors;
- serving as chairman of the Board of Directors meetings when the Chairman is not present;
- facilitating discussion and open dialogue among the independent directors during meetings of the Board of Directors and executive sessions;
- serving as principal liaison between the Chairman and the independent directors;
- consulting with the Chairman regarding the information sent to our Board of Directors in connection with its meetings;
- having the authority to call meetings of our Board of Directors and meetings of the independent directors;
- being available under appropriate circumstances for consultation and direct communication with shareholders and other stakeholders;
- recommending the retention of advisors and consultants who report directly to the Board of Directors;
- providing leadership to our Board of Directors if circumstances arise in which the role of the Chairman may be, or may be perceived to be, in conflict; and
- performing such other functions and responsibilities as requested by our Board of Directors from time to time.

Our Board of Directors believes that the responsibilities assigned to Mr. Wilson as our Lead Independent Director helps ensure a dedicated, independent, and active Board of Directors. Moreover, our Board of Directors believes that the leadership structure of Mr. Wilson serving as our Lead Independent Director and Mr. Armstrong’s combined role of Chairman and Chief Executive Officer creates an appropriate balance, enabling strong leadership while effectively maintaining the Board of Directors’ independence and oversight of management. In particular, this structure capitalizes on the expertise and experience of Messrs. Armstrong and Wilson. It permits Mr. Armstrong to serve as a bridge between our Board of Directors and management, helping both to act with a common purpose and providing critical leadership for executing our strategy and confronting challenges, while Mr. Wilson ensures independence of our Board of Directors from management and, as Lead Independent Director, can call and chair meetings of the independent directors separate from the Chairman. Mr. Armstrong, as the only management director, does not participate in sessions of independent directors, and independent directors meet regularly in executive session without management.

Board of Directors and Committee Meetings and Attendance

Our Board of Directors and its committees meet regularly throughout the year, and also hold special meetings from time to time. During 2025, our Board of Directors met four times, the Audit and Compliance Committee met nine times, the Compensation Committee met four times, and the Nominating and Corporate Governance Committee met four times.

During 2025, each member of our Board of Directors attended at least 75% of the aggregate of (i) the total number of meetings of our Board of Directors held during the period for which he or she was a director and (ii) the total number of meetings held by all committees of our Board of Directors on which he or she served during the periods that he or she served.

Executive Sessions

The independent directors regularly meet in executive sessions without management to promote open and honest discussion. Our Lead Independent Director, Mr. Wilson, is the presiding director at these meetings.

Committees of Our Board of Directors

Our Board of Directors has established an Audit and Compliance Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The composition and responsibilities of each committee are described below. Each of these committees has a written charter approved by our Board of Directors that satisfies the applicable rules and regulations of the SEC and the listing standards of Nasdaq. Copies of the charters for each committee are available on our Investor Relations website at investor.coinbase.com. Members serve on these committees until their resignations or until otherwise determined by our Board of Directors.

Audit and Compliance Committee

Our Audit and Compliance Committee is currently comprised of Ms. Kramer and Davies and Mr. Clement. Ms. Kramer is the chairperson of our Audit and Compliance Committee. Ms. Kramer and Davies and Mr. Clement each meet the requirements for independence under Nasdaq listing standards and SEC rules and regulations. In addition, our Board of Directors has determined that Ms. Kramer and Davies are each an “audit committee financial expert” as defined in Item 407(d) of Regulation S-K promulgated under the Securities Act of 1933, as amended (the “Securities Act”). This designation does not impose on them any duties, obligations or liabilities that are greater than are generally imposed on members of our Audit and Compliance Committee and our Board of Directors. Each member of our Audit and Compliance Committee is financially literate. As noted above, Mr. Clement has notified our Board of Directors that he will not stand for re-election at the Annual Meeting and, accordingly, will cease to serve on our Audit and Compliance Committee upon his departure. Fred Wilson, who meets the requirements for independence under Nasdaq listing standards and SEC rules and regulations and is financially literate, will serve on our Audit and Compliance Committee immediately following the Annual Meeting to replace Mr. Clement. Our Audit and Compliance Committee is directly responsible for, among other things:

- selecting a firm to serve as the independent registered public accounting firm to audit our consolidated financial statements;
- ensuring the independence of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing, with management and that firm, our interim and year-end operating results;
- establishing procedures for employees to anonymously submit concerns about questionable accounting or audit matters;
- considering the adequacy of our internal controls and internal audit function;

TABLE OF CONTENTS

- inquiring about significant risks, reviewing our policies, metrics and incidents for risk assessment and risk management, including cybersecurity and other information technology risks, and assessing the steps management has taken to control these risks;
- reviewing and discussing with management our financial statements and the reports we file with the SEC;
- reviewing and overseeing our policies related to legal compliance risks;
- reviewing and overseeing related party transactions for which review or oversight is required by applicable law or otherwise implicate disclosure requirements; and
- approving or, as permitted, pre-approving all audit and non-audit services to be performed by the independent registered public accounting firm.

Compensation Committee

Our Compensation Committee is comprised of Ms. Kramer and Messrs. Rajaram and Wilson. Mr. Wilson is the chairperson of our Compensation Committee. The composition of our Compensation Committee meets the requirements for independence under Nasdaq listing standards and SEC rules and regulations, including Rule 10C-1 under the Exchange Act. Each member of this committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. Our Compensation Committee is responsible for, among other things:

- reviewing and approving, or recommending that our Board of Directors approve, the compensation and the terms of any compensatory agreements of our executive officers;
- reviewing and recommending to our Board of Directors the compensation of our directors;
- administering and interpreting our cash- and equity-based compensation plans and programs;
- reviewing with management our organization and people activities, which include, among other things, matters relating to our demographics, talent management and development, employee engagement, retention and attrition, pay equity and diversity and inclusion;
- reviewing and approving the implementation or revision of any compensation recoupment, "clawback" or similar policy;
- reviewing and approving, or making recommendations to our Board of Directors with respect to, incentive compensation and equity plans; and

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is comprised of Messrs. Andreessen, Ehram, and Rajaram. Mr. Rajaram is the chairperson of our Nominating and Corporate Governance Committee. The composition of our Nominating and Corporate Governance Committee meets the requirements for independence under Nasdaq listing standards and SEC rules and regulations. Our Nominating and Corporate Governance Committee is responsible for, among other things:

TABLE OF CONTENTS

- reviewing and making recommendations to our Board of Directors regarding our company policies, including our Corporate Governance Policy;
- reviewing succession plans for senior management positions, including the Chief Executive Officer;
- reviewing and assessing with management corporate responsibility and sustainability, including environmental, social and corporate governance matters of significance to us;
- evaluating, and overseeing the process of evaluating, the performance of our Board of Directors, each committee and individual directors; and
- assisting our Board of Directors on corporate governance matters.

Compensation Committee Interlocks and Insider Participation

None of the current members of our Compensation Committee, or any member that served during the fiscal year ended December 31, 2025, is or has been at any time an officer or employee of our Company. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more of its executive officers serving on our Compensation Committee or our Board of Directors.

Director Qualifications

With the goal of developing a diverse, experienced, and highly qualified Board of Directors, the Nominating and Corporate Governance Committee is responsible for developing and recommending to our Board of Directors the desired qualifications, expertise, and characteristics of members of our Board of Directors, including any specific minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by a committee-recommended nominee for membership on our Board of Directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of our Board of Directors to possess.

Because the identification, evaluation, and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors and will be significantly influenced by the particular needs of our Board of Directors from time to time, our Board of Directors has not adopted a specific set of minimum qualifications, qualities, or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory, and Nasdaq listing requirements and the provisions of our Certificate of Formation, Bylaws, Corporate Governance Policy, and charters of the committees of our Board of Directors. In its evaluation of director candidates, our Nominating and Corporate Governance Committee will consider the current size and composition, organization and governance of our Board of Directors, and the needs of our Board of Directors and its committees. In addition, the Nominating and Corporate Governance Committee may take into consideration many other factors including, among other things, a candidate's independence, integrity, diversity (including with respect to background, viewpoint, and experience), geography, financial skills and other expertise, breadth of experience, knowledge about our business and industry, and ability to devote adequate time and effort to responsibilities of our Board of Directors in the context of its existing composition. Our Nominating and Corporate Governance Committee may also consider such other factors as it may deem, from time to time, are in our and our shareholders' best interests.

Through the nomination process, the Nominating and Corporate Governance Committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to our Board of Directors' overall effectiveness. The brief biographical descriptions of each director set forth above in the section titled "—Nominees for Director" includes a summary of the individual experience, qualifications, attributes

and skills of each of our directors that led to the conclusion that each director should serve as a member of our Board of Directors at this time.

Nomination to the Board of Directors

Candidates for nomination to our Board of Directors are selected by our Board of Directors based on the recommendation of the Nominating and Corporate Governance Committee in accordance with the committee's charter, our Certificate of Formation, our Bylaws, our Corporate Governance Policy and the criteria approved by our Board of Directors regarding director candidate qualifications. In recommending candidates for nomination, the Nominating and Corporate Governance Committee considers candidates recommended by directors, officers, employees, shareholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates, as appropriate. In addition, the Nominating and Corporate Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting shareholder nominations for candidates for membership on our Board of Directors is set forth in the section titled "Questions and Answers About the Proxy Materials and Our Annual Meeting—What is the deadline to propose actions for consideration at next year's annual meeting of shareholders or to nominate individuals to serve as directors?"

Communication with Directors

Shareholders and interested parties who wish to communicate with our Board of Directors, non-management members of our Board of Directors as a group, a committee of our Board of Directors or one or more individual members of our Board of Directors (including our Chairman or Lead Independent Director, if any) may do so by sending written communications via email to secretary@coinbase.com. All shareholder communications we receive that are addressed to our Board of Directors will be reviewed and compiled by our Secretary and provided to the members of our Board of Directors, as appropriate and in accordance with our internal policies. If the correspondence is not addressed to a particular director, such correspondence will be forwarded, depending on the subject matter, to the chairperson of the Audit and Compliance Committee, Compensation Committee or Nominating and Corporate Governance Committee. Sales materials, and abusive, threatening or otherwise inappropriate materials and items unrelated to the duties and responsibilities of our Board of Directors, will not be provided to our directors.

Board of Directors and Committee Self-Evaluations

Throughout the year, our Board of Directors discusses corporate governance practices with management and third-party advisors to ensure that the Board of Directors and its committees follow practices that are optimal for the Company and its shareholders. Our Board of Directors conducts an annual self-evaluation for itself and its committees. As part of this process, members of the Board of Directors assess the performance of the Board of Directors and its committees. The chairperson of our Nominating and Corporate Governance Committee shares feedback received with individual members of the Board of Directors, with the Nominating and Corporate Governance Committee and with the full Board of Directors. Our Board of Directors then reviews and discusses the feedback.

Board Attendance at Annual Meeting of Shareholders

Pursuant to our Corporate Governance Policy, we invite and encourage each member of our Board of Directors to attend our annual meetings of shareholders. Last year, six of the ten directors serving at the time of the 2025 annual meeting of shareholders attended that meeting.

Our Board of Directors' Role in Risk Oversight

Our Board of Directors has ultimate responsibility for overseeing our risk assessment and management. Our Board of Directors exercises this oversight responsibility directly and through its committees, which assist in discharging oversight duties and in addressing risks inherent in their respective areas.

With oversight from our Board of Directors, the Audit and Compliance Committee is primarily responsible for assisting our Board of Directors in fulfilling its ultimate oversight responsibilities relating to risk assessment and management. The Audit and Compliance Committee oversees our process and policies for determining risk tolerance and reviews significant risk exposures and management's strategies for adequately mitigating and managing identified risks.

The Audit and Compliance Committee has established the Enterprise Risk Management Working Group ("ERMWG"), comprising members of our senior management team and other senior leaders, to provide executive oversight of our enterprise risk management program. Legal risks are reported to our Chief Legal Officer, compliance risks are reported to our Chief Compliance Officer, financial risks (e.g., financial reporting and stability, counterparty and credit risk, market risk, liquidity risk and payments risks) are reported to our Chief Financial Officer, and cybersecurity and related risks are reported to our Chief Security Officer ("CSO") and/or Chief Information Security Officer ("CISO").

Members of the ERMWG and other members of management provide regular updates to the Audit and Compliance Committee on applicable risks. The Audit and Compliance Committee also regularly receives updates from our management team on any material risks, as well as incidents with lesser impact potential, and applicable remediation plans and statuses, risk metrics, escalated risk topics and risk assessment findings. We also consult external consultants and other third-party experts and service providers, where considered appropriate, to review our risk program capabilities, help us anticipate risk trends and to assess, test or otherwise assist with aspects of our risk management controls.

These updates are designed to provide timely visibility to our Audit and Compliance Committee about the identification and assessment of key risks, our risk mitigation strategies, and ongoing developments. Our Audit and Compliance Committee reports to our Board of Directors regarding the key risk matters and topics discussed above on a quarterly basis or more frequently as needed.

Further, the Audit and Compliance Committee's oversight of our major financial risk exposures, including our procedures and related policies with respect to financial risk assessment and management, aligns with our disclosure controls and procedures. Our quarterly and annual financial statements and related disclosures are reviewed by our Disclosure Committee, comprised of our Audit and Compliance Committee chairperson, Chief Financial Officer, Chief Legal Officer, Chief Accounting Officer, and leaders across the business who participate in the risk assessment and management practices described above. Only after review by our Disclosure Committee and external auditor are the financial statements and related disclosures reviewed and approved by our Audit and Compliance Committee and our Board of Directors, as applicable, and then filed with the SEC.

The Compensation Committee reviews risks and exposures associated with our compensation plans and programs. The Nominating and Corporate Governance Committee reviews and assesses risks relating to our corporate governance practices, reviews and assesses our performance, risks, controls, and procedures relating to corporate responsibility, reviews the independence of our Board of Directors, and reviews and discusses our Board of Directors' leadership structure and role in risk oversight. We believe this division of responsibilities is an effective approach for addressing the risks we face and that the leadership structure of our Board of Directors supports this approach.

Personal Data Protection and Cybersecurity Risk Oversight

Securing our key information systems and the personal information and other data of our customers, employees, partners, and other third parties stored on those systems is important to us. We have adopted

TABLE OF CONTENTS

physical, technological, and administrative controls to support our data security and data governance framework, and have a defined procedure for timely incident detection, containment, response, and remediation, including a written security incident response plan. While everyone at our Company plays a part in managing these risks, oversight responsibility is shared by our Board of Directors, Audit and Compliance Committee, and senior management.

The Audit and Compliance Committee receives updates from members of management, including our CSO and/or CISO, on our cybersecurity risks at its quarterly meetings, and reviews metrics about cyber threat response preparedness, program maturity milestones, risk mitigation status, and the current and emerging threat landscape. In addition, management updates the Audit and Compliance Committee, as necessary, regarding any material cybersecurity threats or incidents, as well as any incidents with lesser impact potential.

The Audit and Compliance Committee reports to our Board of Directors regarding key cybersecurity risks, mitigation strategies, and ongoing developments on a quarterly basis or more frequently as needed. Additionally, our Board of Directors receives regular updates from our CSO and/or CISO on our cyber risk management program and other matters related to our data privacy and cybersecurity approach, including risk mitigations to bolster and enhance our data protection and data governance framework. Members of our Board of Directors receive presentations that include cybersecurity topics and the management of key cybersecurity risks from our CSO and/or CISO as part of the continuing education of our Board of Directors on topics that impact public companies.

We also engage external consultants and other third-party security experts and service providers, where considered appropriate, to assess, test or otherwise assist with aspects of our cybersecurity controls and maintain information security risk insurance coverage.

Further, we maintain internal policies that govern our personal data protection practices, and have established protections such as access controls, encryption, data handling requirements, and other cybersecurity safeguards, based on the type of consumer information and its sensitivity, as well as measures designed to prevent unauthorized data use or disclosure. We provide annual privacy and cybersecurity training to all employees, and specialized training for certain teams depending on their role and/or access to certain types of information, such as consumer information. Additionally, we perform rigorous internal vetting of certain third-party partners with whom we may need to share consumer data, such as vendors and service providers. We publish a consumer-facing Privacy Policy on our website and app, which describes the types of consumer information we obtain and how we use it, why we may share information with external parties such as law enforcement and service providers, and how we honor customers' rights of access, export, rectification, and deletion, among others.

Oversight of Corporate Strategy

Our Board of Directors actively oversees management's establishment and execution of corporate strategy, including major business and organizational initiatives, annual budget and long-term strategic plans, capital allocation priorities, potential corporate development opportunities and risk management. At its regularly scheduled meetings and throughout the year, our Board of Directors receives information and formal updates from our management and actively engages with the senior leadership team with respect to our corporate strategy. Our Board of Directors' diverse skill set and experience enhances its ability to support management in the execution and evaluation of our corporate strategy.

Management Succession Planning

Our Board of Directors recognizes that one of its most important duties is its oversight of succession planning for our senior management positions, including our Chief Executive Officer. Our Board of Directors has delegated primary oversight responsibility for succession planning for our senior management positions, including our Chief Executive Officer, to the Nominating and Corporate Governance Committee. Our Board of Directors continues to regularly evaluate its succession planning to ensure that we are well-positioned to continue to execute on our corporate strategy. Our succession

planning covers identification of internal and external candidates, and professional and leadership plans for internal candidates. The criteria used to assess potential candidates for our senior management positions, including our Chief Executive Officer, includes consideration of strategic vision, organizational and operational needs, competitive challenges, leadership and management potential and emergency situations.

Corporate Governance Policy

Our Board of Directors has adopted a Corporate Governance Policy to encourage effective policy and decision making at both the Board of Directors and management levels. Our Corporate Governance Policy addresses items such as responsibilities for directors, director independence standards, board committee structure and functions and other matters related to the governance of Coinbase. Our Nominating and Corporate Governance Committee reviews the Corporate Governance Policy periodically, and changes are recommended to our Board of Directors as warranted. Our Corporate Governance Policy is available on our Investor Relations website at investor.coinbase.com.

Code of Business Conduct & Ethics

We are committed to the highest standards of legal, honest, and ethical business practices and, accordingly, we have adopted a Code of Business Conduct & Ethics (“Code of Conduct”) that summarizes the ethical standards for all the members of our Board of Directors, officers, employees, consultants, agents, representatives and independent contractors. Our Code of Conduct is available on our Investor Relations website at investor.coinbase.com. We intend to disclose future amendments to certain portions of the Code of Conduct or waivers of such provisions granted to executive officers and directors on the same website, as permitted under applicable rules of Nasdaq and the SEC.

Stock Ownership Guidelines

To further align the interests of our non-employee directors with those of our shareholders and based on a recommendation by our Compensation Committee, our Board of Directors adopted minimum stock ownership guidelines applicable to our non-employee directors. Under our guidelines, each non-employee director is required to accumulate and maintain holdings of our shares with a value equal to or exceeding \$350,000 within five years from initially becoming a non-employee director (the “Compliance Date”). If a non-employee director has not met the stock ownership requirement by the Compliance Date, then such non-employee director will be required to retain at least 25% of the total number of shares acquired by such non-employee director following the grant, exercise, or settlement of any equity award, as applicable. As of December 31, 2025, all of our non-employee directors either met the stock ownership requirement or were on track to comply with these stock ownership guidelines by the Compliance Date.

Corporate Responsibility

We believe that corporate responsibility initiatives are important to our business and in creating value for our shareholders and wider stakeholder group. Our Board of Directors and management are committed to these initiatives and believe these efforts will benefit our customers, employees, partners and the communities in which we operate, as well as the broader onchain economy.

Social and Ethical Practices

We invest in our employees’ career growth through competitive pay and benefits, as well as development and training. Some highlights of our commitment to our employees’ sense of satisfaction and professional growth include:

- **Competitive pay and benefits.** We conduct an annual market review to ensure our compensation remains in line with our competitive compensation philosophy. We have single, transparent pay targets for the vast majority of our roles—eliminating most compensation negotiations—and provide one-year equity grants for the vast majority of employees.

TABLE OF CONTENTS

- **Employee development and training.** We have made meaningful investments in learning and development, including offering an annual learning stipend and in-house crypto learning curriculum. We continuously improve our people programs and practices. We regularly monitor engagement through pulse surveys to continuously optimize our culture, employee engagement, risk management, and productivity. We invest in these surveys and associated action planning at the executive level, as we believe our people and culture are key drivers of business success.

Governance

We are committed to sound corporate governance policies and practices demonstrating the highest standards of business ethics. Some highlights of our corporate governance practices include:

- **Independent Board of Directors.** Seven out of our nine nominees for election to our Board of Directors at the Annual Meeting are independent under the applicable rules, regulations, and listing standards of Nasdaq and the applicable rules and regulations promulgated by the SEC. Moreover, the committees of our Board of Directors are 100% composed of independent directors.
- **Lead Independent Director.** Our Board of Directors has appointed Mr. Wilson as our Lead Independent Director and assigned Mr. Wilson with a comprehensive scope of responsibilities to help ensure a strong, independent, and active Board of Directors.
- **Nominating and Corporate Governance.** Our Nominating and Corporate Governance Committee responsibilities include developing, recommending to our Board of Directors, and overseeing our environmental, social, and corporate governance programs as well as assessing with management our performance, risks, controls, and procedures relating to corporate social responsibility.
- **Code of Conduct Training Compliance.** All employees are required to complete training on, and affirm compliance with, our comprehensive Code of Conduct.
- **Declassified Board of Directors.** Each member of our Board of Directors currently serves a one-year term and is subject to re-election at the following year's annual meeting.
- **Stock Ownership Requirements.** To further align the interests of our non-employee directors with those of our shareholders, our Board of Directors has adopted stock ownership guidelines applicable to our non-employee directors.

Non-Employee Director Compensation Arrangements

Our Compensation Committee, after considering the information, analysis, and recommendation provided by our independent compensation consultant, Semler Brossy Consulting Group ("Semler Brossy"), including data regarding compensation paid to non-employee directors by companies in our compensation peer group (as described in the section titled "Compensation Discussion and Analysis—Our Compensation-Setting Process—Use of Comparative Market Data"), evaluates the appropriate level and form of compensation for non-employee members of our Board of Directors and recommends changes to our director compensation program to our Board of Directors to remain competitive and when appropriate. Our Compensation Committee assessed our non-employee director program in 2026, and, based on input from Semler Brossy and a recommendation from our Compensation Committee, our Board of Directors approved a revision to our non-employee director compensation in April 2026, which included an increase in the Annual Award (as defined below) from \$325,000 to \$375,000, an increase in the Additional Annual Award (as defined below) for non-employee directors who serve on the Audit and Compliance Committee from \$20,000 to \$30,000, an increase in the Additional Annual Award for non-employee directors who serve as chairperson of the Audit and Compliance Committee from \$35,000 to \$60,000 and an increase in the Additional Annual Award for non-employee directors who serve as chairperson of the Compensation Committee or Nominating and Corporate Governance Committee from

TABLE OF CONTENTS

\$25,000 to \$30,000. We do not pay management directors for service on our Board of Directors. Moreover, certain of our non-employee directors have waived receipt of compensation under our non-employee director compensation program. Our current non-employee director compensation program is described below.

Non-Employee Director Equity Compensation

Each non-employee director was entitled to receive restricted stock units (“RSUs”) under our 2021 Equity Incentive Plan (the “2021 Plan”) during 2025, as follows:

Initial Appointment RSU Grant. Each new non-employee director appointed to our Board of Directors will be granted RSUs (the “Initial Award”) on the date of his or her appointment with an aggregate value of \$550,000 (the “Initial Award Amount”). The Initial Award is automatically granted on the date of the non-employee director’s appointment to the Board of Directors (the “Initial Award Grant Date”) unless receipt of the Initial Award has been previously waived by such non-employee director. The number of RSUs granted subject to the Initial Award is calculated by dividing the Initial Award Amount by the closing price of our Class A common stock on Nasdaq on the Initial Award Grant Date, rounding down to the nearest whole share. An Initial Award vests over three years pursuant to the following schedule: one-third of the total number of shares subject to the Initial Award vests on each annual anniversary of the first vesting date that follows the Initial Award Grant Date (either February 20th, May 20th, August 20th, or November 20th), in each case, so long as the non-employee director continues to provide services to the Company through such date.

Annual RSU Grant. On the date of each annual meeting of shareholders (or earlier as provided for below) each non-employee director who is serving on the Board of Directors prior to, and will continue to serve on the Board of Directors following, the date of such annual meeting of shareholders will automatically be granted RSUs (the “Annual Award”) with an aggregate value of \$325,000 (increased to \$375,000 effective April 22, 2026) (the “Annual Award Amount”) unless receipt of the Annual Award has been previously waived by such non-employee director. An Annual Award is automatically granted on the date of the annual meeting of shareholders; provided however, for each non-employee director who is appointed to the Board of Directors not in connection with an annual meeting of shareholders, the first Annual Award is automatically granted on the date of such director’s appointment to the Board of Directors (the “Annual Award Grant Date”). The number of RSUs granted subject to the Annual Award is calculated by dividing the Annual Award Amount by the closing price of our Class A common stock on Nasdaq on the Annual Award Grant Date, rounding down to the nearest whole share. For a non-employee director appointed on a date other than the date of an annual meeting of shareholders, the Annual Award will be reduced such that the amount is proportional (using a year of 365 days) to the number of days between the date of such non-employee director’s appointment and (i) the date of the first annual meeting of shareholders following the Annual Award Grant Date, or, (ii) to the extent that the Company has not determined the date of the next annual meeting of shareholders on or before the Annual Award Grant Date, then the one-year anniversary of the most recently completed annual meeting of shareholders. Each Annual Award vests on the earlier of the date that is one year following the Annual Award Grant Date or the date of the next annual meeting of shareholders following the Annual Award Grant Date, so long as the non-employee director continues to provide services to the Company through such date.

Additional RSU Grant for Lead Independent Director and Committee Service. Each non-employee director who is serving on a committee of the Board of Directors or as the Lead Independent Director prior to, and who will continue to serve in such capacity following, the date of an annual meeting of shareholders (or earlier as provided for below) will automatically be granted additional RSUs with an aggregate dollar value as set forth below (which we refer to as the “Additional Annual Award” and, together with the Initial Award and the Annual Award, the “Director RSU Awards”) unless receipt of the Additional Annual Award has been previously waived by such non-employee director:

Committee Chairperson Service Fee (not in addition to Non-Chairperson Committee Member Service Fee set forth below):

TABLE OF CONTENTS

- Audit and Compliance Committee chairperson: \$35,000 (increased to \$60,000 effective April 22, 2026)
- Compensation Committee chairperson: \$25,000 (increased to \$30,000 effective April 22, 2026)
- Nominating and Corporate Governance Committee chairperson: \$25,000 (increased to \$30,000 effective April 22, 2026)

Non-Chairperson Committee Member Service Fee (not in addition to the Committee Chairperson Service Fee):

- Audit and Compliance Committee member: \$20,000 (increased to \$30,000 effective April 22, 2026)
- Compensation Committee member: \$15,000
- Nominating and Corporate Governance Committee member: \$15,000

Lead Independent Director Service Fee: \$45,000

Each Additional Annual Award is automatically granted on the date of an annual meeting of shareholders; provided however, for any non-employee director who is appointed to the Board of Directors, as Lead Independent Director or that otherwise joins a committee of the Board of Directors (either as a member or as chairperson) or initially becomes chairperson of a committee of which he or she was already a member not in connection with an annual meeting of shareholders, the first set of Additional Annual Awards will automatically be granted on the effective date of the director's appointment to the Board of Directors, as Lead Independent Director or to the new committee or chairperson role, as applicable (the "Additional Annual Award Grant Date").

The number of RSUs subject to each Additional Annual Award granted will be calculated by dividing the applicable dollar amount set forth above by the closing price of our Class A common stock on Nasdaq on the Additional Annual Award Grant Date, rounding down to the nearest whole share. If the Additional Annual Award Grant Date falls on a date other than the date of an annual meeting of shareholders, the Additional Annual Award will be reduced such that the amount is proportional (using a year of 365 days) to the number of days between the date of such non-employee director's appointment and (i) the date of the first annual meeting of shareholders following the Additional Annual Award Grant Date; or (ii) to the extent that the Company has not determined the date of the next annual meeting of shareholders on or before the Additional Annual Award Grant Date, then the one-year anniversary of the most recently completed annual meeting of shareholders. Each Additional Annual Award will vest on the earlier of the date that is one year following the Additional Annual Award Grant Date or the date of the next annual meeting of shareholders following the Annual Award Grant Date, so long as the non-employee director continues to provide services to the Company through such date.

Each Director RSU Award will accelerate in full upon the consummation of a Corporate Transaction (as such term is defined in the 2021 Plan). If a non-employee director's service ends on the date of vesting, then the vesting shall be deemed to have occurred.

Non-Employee Director Compensation Limits. No non-employee director may receive equity awards under our 2021 Plan with an aggregate grant date fair value (determined as set forth in the 2021 Plan) that, when combined with cash compensation received for service as a non-employee director, exceeds \$1,000,000 in a calendar year.

2025 Director Compensation

The following table provides information for 2025 regarding all compensation awarded to, earned by, or paid to each person who served as a director for some portion or all of 2025, other than Mr. Armstrong, our Chairman & Chief Executive Officer. **PROPOSAL NO. 1:
ELECTION OF DIRECTORS**

Nominees for Director

At the recommendation of our Nominating and Corporate Governance Committee, our Board of Directors proposes that each of Brian Armstrong, Marc L. Andreessen, Christa Davies, Frederick Ernest Ehram III, Kelly A. Kramer, Chris Lehane, Tobias Lütke, Gokul Rajaram, and Fred Wilson be elected at the Annual Meeting with each to serve for a one-year term expiring at our 2027 annual meeting of shareholders and until such director's successor is duly elected and qualified or until such director's earlier death, resignation, disqualification, or removal. Each of the director nominees is a current director of our Company. For more information concerning the nominees, see the section titled "Board of Directors and Corporate Governance—Nominees for Director."

If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this Proxy Statement and to serve if elected. Proxies may not be voted for more than nine directors. Shareholders may not cumulate votes for the election of directors.

Vote Required

The election of directors requires a plurality of the votes cast by the holders of the shares of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon which means that the nine individuals nominated for election to our Board of Directors receiving the highest number of "FOR" votes will be elected. Withhold votes and broker non-votes will have no effect on the outcome of this proposal. See the section titled "Questions and Answers About the Proxy Materials and Our Annual Meeting" for additional information.

Our Board of Directors recommends that you vote "FOR ALL" nominees in the election of each of the nine director nominees.

PROPOSAL NO. 2:

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit and Compliance Committee has selected Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the year ending December 31, 2026. Deloitte has served as our independent registered public accounting firm since 2020. At the Annual Meeting, our shareholders are being asked to ratify the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026. Although not required by applicable law or listing rules, our Audit and Compliance Committee is submitting the appointment of Deloitte to our shareholders because we value our shareholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of Deloitte will be present at the Annual Meeting and will have an opportunity to make a statement at the Annual Meeting, if they desire to do so, and to respond to appropriate questions. Notwithstanding the appointment of Deloitte, and even if our shareholders ratify the appointment, our Audit and Compliance Committee, in its sole discretion, may appoint another independent registered public accounting firm at any time during our fiscal year ending December 31, 2026 if our Audit and Compliance Committee believes that such a change would be in the best interests of our Company and our shareholders.

In the event that Deloitte is not ratified by our shareholders, the Audit and Compliance Committee may reconsider its selection of Deloitte as our independent registered public accounting firm.

Independent Registered Public Accounting Firm Fees and Services

We regularly review the services and fees from our independent registered public accounting firm. These services and fees are also reviewed with our Audit and Compliance Committee. In accordance with standard policy, Deloitte periodically rotates the individuals who are responsible for our audit.

In addition to performing the audit of our consolidated financial statements, Deloitte provided various other services during the years ended December 31, 2024 and 2025. Our Audit and Compliance Committee has determined that Deloitte’s provision of these services, which are described below, does not impair Deloitte’s independence from us. During the years ended December 31, 2024 and 2025, fees for services provided by Deloitte were as follows (in thousands):

	2024	2025
Audit fees ⁽¹⁾	\$ 9,451	\$ 9,588
Audit-related fees ⁽²⁾	1,370	1,765
Tax fees ⁽³⁾	183	80
Other fees ⁽⁴⁾	—	22
Total fees	\$ 11,004	\$ 11,455

- (1) “Audit fees” include fees for audit services primarily related to the audit of our annual consolidated financial statements; audit services related to our subsidiaries in connection with statutory filings; the review of our quarterly consolidated financial statements; assistance with and review of documents filed with the SEC; and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States).
- (2) “Audit-related fees” primarily consists of fees for procedures performed in connection with service organizational control reports, comfort letters, consents and regulatory filings in connection with audit services for our subsidiaries.
- (3) “Tax fees” include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible tax services, including technical tax advice related to federal and state income tax matters, assistance with sales tax, and assistance with tax audits.
- (4) “Other fees” include fees for services other than the services reported in audit fees, audit-related fees and tax fees. These services primarily include fees for compliance-related services and agreed-upon-procedures.

Policy on Audit and Compliance Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit and Compliance Committee has established a policy governing our use of the services of our independent registered public accounting firm. Under this policy, our Audit and Compliance Committee is required to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm in order to ensure that the provision of such services does not impair the independent registered public accounting firm's independence. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit and Compliance Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All of the services relating to the fees described in the table above were approved by our Audit and Compliance Committee.

Vote Required

The ratification of the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026 requires the affirmative vote of the holders of a majority of the voting power of the shares of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon that are voted "FOR" or "AGAINST" the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal. See the section titled "Questions and Answers About the Proxy Materials and Our Annual Meeting" for additional information.

Our Board of Directors recommends that you vote "FOR" the ratification of the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) describes the philosophy, objectives and structure of our compensation program for our Chief Executive Officer, our Chief Financial Officer and our other three executive officers during the year ended December 31, 2025. We refer to these individuals as our “Named Executive Officers”:

Brian Armstrong	Chairman of the Board of Directors & Chief Executive Officer
Emilie Choi	President & Chief Operating Officer
Alesia Haas	Chief Financial Officer
Paul Grewal	Chief Legal Officer & Secretary
Lawrence Brock	Chief People Officer

2025 Highlights

During 2025, we continued to make progress towards our mission by expanding access to trading through innovative derivative products, listing more spot assets, and expanding our offerings in markets globally. We completed the acquisition of Deribit in August, which we believe will play a key role in our goal to be the premier global platform for crypto derivatives, and we launched U.S. perpetual-style futures. Stablecoin adoption is accelerating. USDC reached an all-time high in market capitalization, as did USDC held in Coinbase products. We are scaling payments infrastructure, expanding distribution with new partnerships, and extending utility for everyday spending with the Coinbase One Card.

For the year ended December 31, 2025, our net revenue was \$6.9 billion, net income was \$1.3 billion, and Adjusted EBITDA was \$2.8 billion. See Appendix A to this Proxy Statement for a definition of Adjusted EBITDA, which is a non-GAAP financial measure, and a full reconciliation to the most directly comparable financial measure stated in accordance with GAAP.

Compensation Policies and Practices

Our Compensation Committee regularly reviews best practices in executive compensation and evaluates our executive compensation program on at least an annual basis to ensure that it is consistent with our near-term and long-term goals. The following highlights aspects of our executive compensation policies and practices:

TABLE OF CONTENTS

What We Do

- Maintain an independent and experienced compensation committee
- Maintain an independent compensation committee advisor
- Ensure that the vast majority of our executive pay is in the form of equity and is "at risk"
- Pay-for-performance philosophy and culture
- Conduct annual reviews of Named Executive Officer compensation
- Regularly assess risks of our compensation program
- Emphasize long-term equity compensation
- Double-trigger change in control agreements
- Require executive officers to trade through Rule 10b5-1 plans
- Maintain a compensation recovery policy to ensure accountability

What We Don't Do

- No pension plans or supplemental executive retirement plans
- No hedging of our stock
- No pledging of our stock without prior approval by our Chief Legal Officer
- No discounted stock option awards
- No single-trigger change in control arrangements
- No excessive perquisites
- No excise tax gross-ups

Compensation Philosophy

Our compensation philosophy is to provide a competitive compensation package that allows us to attract and retain talented individuals who we believe will enable us to achieve our near-term and long-term strategic objectives, while simultaneously creating long-term value for our shareholders. Consistent with our philosophy, our executive compensation program is designed to achieve the following objectives:

- attract, retain, and motivate talented executive officers whose skills, experience and performance are critical to our long-term success and achievement of our financial and strategic objectives;
- encourage our executive officers to reinforce our values, which include, among others, clear communication, positive energy, continuous learning, and efficient execution;
- align compensation incentives to performance and the interests of our shareholders;
- reward our executive officers for their experience and performance and motivate them to achieve our long-term strategic goals; and
- ensure that our total compensation is fair, reasonable, and competitive.

We believe our executive compensation program, as developed and implemented and as presented in this Proxy Statement, achieves these objectives.

Compensation Model

Our executive compensation program is designed to focus our executives on the long-term performance of the Company. Our program is simple: we offer a competitive base salary and deploy equity awards that vest over a multi-year period as the primary pay-for-performance and incentive vehicle. Our executive equity program serves to link our executives' long-term compensation outcomes to company performance and therefore to the interests of our shareholders over time. Our executive

compensation program provides that each Named Executive Officer is eligible to receive new equity awards on an annual basis.

[2025 Compensation Overview](#)

Our Compensation Committee reviews compensation for our Named Executive Officers on an annual basis. At the 2025 annual meeting of shareholders, our say-on-pay proposal received over 97% support from shareholders. In 2025, the main vehicles we continued to use to compensate our executives were base salary and equity awards. To continue to closely align our executives' incentives with those of our shareholders, we granted annual equity awards to all of our Named Executive Officers, except for our Chief Executive Officer, under our long-term incentive program in 2025. We provide additional details below with respect to these grants under “—Equity Compensation: RSU Awards to Named Executive Officers.” We did not grant equity awards to Mr. Armstrong in 2025. We believe that Mr. Armstrong has existing competitive equity holdings from awards that were granted to him in prior years, and such holdings (i) continue to be eligible to vest over several years with respect to the 2020 CEO Performance Award (as defined below), and (ii) continue to closely align his incentives with those of our shareholders. We provide additional details below with respect to the 2020 CEO Performance Award under “—Equity Compensation: 2020 CEO Performance Award.”

[Cash Compensation](#)

We use base salary to provide a fixed amount of cash compensation for our Named Executive Officers. Given this design, we position base salary for our executives at competitive market levels for total cash compensation. Our program features less differentiation across executives for cash compensation. Instead, we use equity compensation as the primary differentiator across executives and to align long-term executive incentives with those of our shareholders.

After considering market data for each position and with an aim to create consistency across the management team with respect to cash compensation, the Compensation Committee determined the 2025 base salaries set forth below, which are unchanged from 2024.

Named Executive Officer	Position	2025 Base Salary (\$)
Brian Armstrong	Chairman of the Board of Directors & Chief Executive Officer	1,000,000
Emilie Choi	President & Chief Operating Officer	875,000
Alesia Haas	Chief Financial Officer	730,000
Paul Grewal	Chief Legal Officer & Secretary	730,000
Lawrence Brock	Chief People Officer	730,000

[Equity Compensation: Awards to Named Executive Officers](#)

Each year our Named Executive Officers have the opportunity to receive new equity awards. In order to provide an equity program with a balance of risk and reward opportunity and increased shareholder alignment, the Compensation Committee determined to use RSUs with a three-year vesting period for the 2025 equity awards to our Named Executive Officers other than the Chief Executive Officer. The magnitudes of equity awards granted to our Named Executive Officers other than the Chief Executive Officer were based on a review of market data from our peer group, and take into account individual executive performance, with a goal of providing a competitive market position and incentives for our Named Executive Officers to maintain a focus on long-term growth and company achievements. Accordingly, in February 2025, we granted RSUs to all our Named Executive Officers, except for our Chief Executive Officer, under our long-term incentive program as set forth below. The RSUs vest in equal quarterly installments over three years, with the first vesting date having occurred on May 20, 2025, subject to the recipient's continued service with us on each vesting date.

TABLE OF CONTENTS

Named Executive Officer	Position	Number of RSUs Granted (#)
Emilie Choi	President & Chief Operating Officer	72,910
Alesia Haas	Chief Financial Officer	49,214
Paul Grewal	Chief Legal Officer & Secretary	36,455
Lawrence Brock	Chief People Officer	32,809

In addition, in February 2025, in recognition of Mr. Grewal's performance and to remain competitive with the market, the Compensation Committee approved an additional one-time grant of 36,455 RSUs to Mr. Grewal of which 1/12th vested on February 20, 2026, and thereafter will vest in equal quarterly installments through November 2028, subject to Mr. Grewal's continued service with us on each vesting date.

Equity Compensation: 2023 COO Performance Award

In recognition of Ms. Choi's demonstrated and ongoing critical contributions to the success of Coinbase and in order to incentivize, reward and retain Ms. Choi with a competitive pay structure that aligns her pay with our long-term performance, in April 2023, the Compensation Committee granted Ms. Choi an award of performance RSUs covering a target of 401,983 shares of our Class A common stock and up to a maximum of 803,966 shares of our Class A common stock (the "2023 COO Performance Award"). The 2023 COO Performance Award was fully vested as of the date of this Proxy Statement. The number of shares that Ms. Choi could earn pursuant to the 2023 COO Performance Award was based on achievement of the following three performance metrics:

- Revenue:** Up to 20% of the 2023 COO Performance Award was subject to vesting based upon achievement of certain cumulative revenue target values for the period commencing on January 1, 2023 and ending on December 31, 2025 (the "Performance Period"), subject to Ms. Choi's continued employment through February 20, 2026. The threshold, target, and maximum achievement levels for cumulative revenue were \$12.6 billion, \$14.65 billion, and \$16.7 billion, respectively, corresponding to payouts of 50%, 100%, and 200% of the target values, with linear interpolation for performance between such levels. Actual cumulative revenue for the Performance Period was \$16.85 billion, which exceeded the maximum achievement level.
- Adjusted EBITDA:** Up to 20% of the 2023 COO Performance Award was subject to vesting based upon achievement of certain cumulative adjusted EBITDA target values, for the Performance Period, subject to Ms. Choi's continued employment through February 20, 2026. The threshold, target, and maximum achievement levels for cumulative adjusted EBITDA were \$1.8 billion, \$3.2 billion, and \$4.9 billion, respectively, corresponding to payouts of 50%, 100%, and 200% of the target values, with linear interpolation for performance between such levels. Actual cumulative adjusted EBITDA for the Performance Period was \$7.1 billion, which exceeded the maximum achievement level.
- Relative Shareholder Return:** Up to 60% of the 2023 COO Performance Award was subject to vesting in three 20% tranches based upon achievement of a relative shareholder return target value for the three annual periods comprising the Performance Period (with vesting for each tranche capped at target achievement, except as otherwise described below), subject to Ms. Choi's continued employment through each of January 15, 2024, 2025 and 2026, respectively, with threshold achievement set at the 35th percentile of the S&P 500 Index, target achievement set at the 55th percentile of the S&P 500 Index, and maximum achievement set at the 75th percentile of the S&P 500 Index. On January 15, 2026, our total relative shareholder return for the full Performance Period was evaluated, and each applicable tranche of the 2023 COO Performance Award that vested on the basis of relative shareholder return for the applicable annual period was adjusted (up to the maximum degree of achievement for each such tranche),

such that the achievement of each annual tranche that vested on the basis of relative shareholder return for such annual period was at least equal to the degree of achievement for the full Performance Period.

The Compensation Committee chose rigorous performance metrics and set achievement levels for the metrics underlying the 2023 COO Performance Award in such a manner as to be challenging to attain.

On January 15, 2024, 80,396 shares of Class A common stock, which represented 20% of the 2023 COO Performance Award, vested at target value (due to the application of the cap on vesting for the 2023 tranche), based on our achievement of relative shareholder returns at the 99th percentile of the S&P 500 Index during the 2023 calendar year. On January 15, 2025, 80,396 shares of Class A common stock, which represented 20% of the 2023 COO Performance Award, vested at target value (due to the application of the cap on vesting for the 2024 tranche), based on our achievement of relative shareholder returns at the 98th percentile of the S&P 500 Index during the 2024 calendar year. On January 15, 2026, 321,588 shares of Class A common stock, which represented an additional 80% of the 2023 COO Performance Award, vested pursuant to the true-up provisions of the award based on our achievement of relative total shareholder return above the 75th percentile of the S&P 500 Index over the cumulative performance period ending December 31, 2025 (representing a true-up of shares from previously capped annual tranches). On February 20, 2026, 321,586 shares of Class A common stock, which represented an additional 80% of the 2023 COO Performance Award, vested based on our cumulative revenue and cumulative adjusted EBITDA, each of which exceeded the maximum achievement level over the Performance Period. The terms of the award agreement governing the 2023 COO Performance Award superseded any benefits Ms. Choi would otherwise have been entitled to receive under the COC Policy (as defined below) with respect to the 2023 COO Performance Award during the term of the award. For more information, see the section below titled “—Compensation Tables—Potential Payments Upon Termination or Change of Control as of December 31, 2025.”

Equity Compensation: 2020 CEO Performance Award

In May 2020, following review of Mr. Armstrong’s existing equity incentive awards, the Board of Directors, with participation by every independent director, began preliminary discussions regarding potential structures of long-term incentives to ensure that Mr. Armstrong’s interests remain aligned with those of the Company. In August 2020, after several months of deliberation led by the Compensation Committee, which engaged independent legal counsel to advise it in connection with such activities, and with input from Semler Brossy (our independent compensation consultant), the Board of Directors, with participation by every independent director, granted Mr. Armstrong an equity-based performance award (the “2020 CEO Performance Award”). We believe the 2020 CEO Performance Award serves to align Mr. Armstrong’s interests with those of our shareholders by creating a strong and visible link between Mr. Armstrong’s incentives and the Company’s long-term performance.

The 2020 CEO Performance Award consists of a 10-year term stock option to purchase 9,293,911 shares of our Class A common stock, which was equivalent to 3.8% of the issued and outstanding shares of our common stock at the time of grant. The award has an exercise price of \$23.46 per share, which the Board of Directors determined was equal to the fair market value of our Class A common stock on the date of grant. The stock option is earned upon the achievement of performance conditions based on the Class A common stock price targets set forth in the table below during the 10-year term of the stock option based on the volume weighted average price of our Class A common stock as reported on Nasdaq at or above the price target for 60 consecutive trading days at any time during the term of the award, and upon certification by the Compensation Committee of the achievement of the stock price targets. Vesting may occur sequentially or concurrently. To the extent that the stock price targets are not met during the term of the 2020 CEO Performance Award, all unvested shares subject to the 2020 CEO Performance Award will be forfeited. Except under limited circumstances, Mr. Armstrong must continue to lead the Company as our Chief Executive Officer at the time each stock price target milestone is met in order for the corresponding tranche to vest. The stock option award agreement governing the 2020 CEO Performance Award supersedes any benefits Mr. Armstrong may otherwise be entitled to under the COC Policy with respect to the 2020 CEO Performance Award. For more information see the section below

TABLE OF CONTENTS

titled “—Compensation Tables—Potential Payments Upon Termination or Change of Control as of December 31, 2025.”

We believe the performance conditions associated with the 2020 CEO Performance Award are extremely rigorous and appropriately align Mr. Armstrong’s incentives with the interests of our shareholders. The award only began vesting after approximately 750% stock price growth from the exercise price, and does not fully vest until approximately 1,600% stock price growth.

The Compensation Committee does not anticipate making additional equity awards to Mr. Armstrong during the 10-year term of the 2020 CEO Performance Award, although it reserves the authority to do so should it determine doing so would be in the best interest of our shareholders.

The number of shares underlying the stock options that vest upon achievement of each of the stock price targets is shown in the table below. The first tranche of the 2020 CEO Performance Award was achieved on July 8, 2021, the second tranche was achieved on February 4, 2025 and the third tranche was achieved on September 12, 2025.

Our Compensation-Setting Process

Role of the Board of Directors and the Compensation Committee

Our Compensation Committee has the overall responsibility for overseeing our compensation and benefits policies and practices applicable to all our employees as well as all aspects of our executive compensation programs, including executive salaries, payouts under any bonus plans, the size and structure of equity awards and any executive perquisites. In carrying out its responsibilities, our Compensation Committee evaluates our compensation policies and practices for alignment with our executive compensation philosophy, develops compensation-related strategies, makes decisions that it believes further our philosophy and align with compensation best practices and reviews the performance of our Named Executive Officers when making decisions about their compensation. The Compensation Committee discusses and makes decisions with respect to our Chief Executive Officer’s compensation after considering the recommendations of Semler Brossy and, with respect to our other Named Executive Officers’ compensation, after considering input from applicable members of management (as discussed below) as well as the recommendations of Semler Brossy.

Role of Compensation Consultant

Pursuant to its charter, the Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. Semler Brossy supports the Compensation Committee by providing guidance regarding the amount and types of compensation that we provide to our Named Executive Officers, how our compensation practices compare to the compensation practices of other similarly situated technology companies, and other compensation-related matters. Semler Brossy reports directly to the Compensation Committee, although Semler Brossy may meet with members of management for the purposes of gathering information on proposals that management may make to the Board of Directors.

The Compensation Committee has the sole authority to engage and terminate Semler Brossy's services, as well as to approve its compensation. Semler Brossy makes recommendations to the Compensation Committee but has no authority to make compensation decisions on behalf of the Compensation Committee or the Company. During 2025, Semler Brossy reported to the Compensation Committee and had direct access to the chairperson and the other members of the Compensation Committee. Beyond data and advice related to director and executive compensation matters and employee equity plan design, Semler Brossy did not provide other services to us in 2025.

The Compensation Committee conducted a specific review of its relationship with Semler Brossy in 2025 and determined that Semler Brossy's work for the Compensation Committee did not raise any conflicts of interest. Semler Brossy's work has conformed to the independence factors and guidance provided by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the SEC and Nasdaq.

Role of Management

To aid the Compensation Committee in its responsibilities, our Chief Executive Officer, President & Chief Operating Officer, and Chief People Officer develop compensation recommendations for the other Named Executive Officers. The Chief Executive Officer makes compensation recommendations for the President & Chief Operating Officer, and the Chief Executive Officer and President & Chief Operating Officer make compensation recommendations for the Chief People Officer. The Compensation Committee gives considerable weight to the recommendations of the Chief Executive Officer, the President & Chief Operating Officer and the Chief People Officer's performance evaluations of the other Named Executive Officers because they have direct knowledge of the criticality of the work, performance and contributions of the other Named Executive Officers. No Named Executive Officer participated directly in the final deliberations or determinations regarding his or her own compensation package.

Use of Comparative Market Data

When considering executive compensation decisions, the Compensation Committee believes it is important to be informed as to current compensation practices of comparable publicly held companies, especially to understand the demand and competitiveness for attracting and retaining an individual with each Named Executive Officer's specific expertise and experience. The Compensation Committee assessed the competitiveness of each element of the Named Executive Officers' total direct compensation, against the compensation peer group, as discussed below. This is one factor that the Compensation Committee and Board of Directors considers when it sets pay levels for the Named Executive Officers.

In developing this compensation peer group, the Compensation Committee engaged Semler Brossy to assist in its review and considered several factors, including:

- Actual experience in the talent market (e.g., companies from which we source and potentially lose executive talent);
- Scale and complexity (using revenue and market capitalization); and
- Company business characteristics (e.g., comparably sized high-growth technology companies).

Based on these factors and the recommendation of Semler Brossy, the Compensation Committee selected the following compensation peer group for 2025. The peer group was updated year-over-year to remove certain companies that no longer fit our screening criteria and to add companies more similar to ours in terms of scale. In consultation with Semler Brossy, the Compensation Committee removed Dropbox, Inc. and Splunk Inc. from our compensation peer group and added eBay Inc., Netflix, Inc., PayPal Holdings, Inc., Salesforce, Inc. and Uber Technologies, Inc.

While we do not establish compensation levels solely based on a review of competitive data and do not directly tie any pay elements to particular benchmarks within our compensation peer group, we believe market data (including executive and director pay levels, program structure, equity awards, and other benefits structures) is a meaningful input to our compensation policies and practices to attract and retain qualified executive officers.

Compensation Risk Oversight and Assessment

Our Compensation Committee reviews and discusses with management the risks arising from our compensation philosophy and practices generally applicable to our employees, including our Named Executive Officers, to determine whether they encourage excessive risk-taking and to evaluate compensation policies and practices that could mitigate such risks. Based on conversations with management and Semler Brossy's review, the Compensation Committee concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse impact on us.

Recent Compensation Developments in 2026

Annual Cash Bonus Program

Effective for fiscal year 2026, the Compensation Committee has adopted an annual cash bonus program for the Named Executive Officers, other than our Chief Executive Officer. This decision followed a comprehensive review of our executive compensation philosophy and program conducted with Semler Brossy in early 2026. Historically, executive compensation consisted primarily of base salary and long-term equity incentives, a structure which remained in place through the end of fiscal year 2025. The new annual cash bonus program is intended to better align the executive total pay mix with market practice, support continued market competitiveness, and further enhance our pay for performance philosophy. Cash bonus payouts will be tied to the achievement of pre-established operating income targets. Additional details regarding the program and its outcomes will be included in our 2027 proxy statement.

2026 COO Performance Award

In February 2026, the Compensation Committee granted Ms. Choi an award of performance RSUs covering a target of 212,999 shares of our Class A common stock and up to a maximum of 425,998 shares of our Class A common stock (the "2026 COO Performance Award"). The 2026 COO Performance Award is subject to vesting based upon achievement of certain cumulative revenue, cumulative adjusted EBITDA, and relative total shareholder return target values for the period commencing January 1, 2026 and ending on December 31, 2028, subject to her continued employment.

Other Compensation Information

Welfare and Other Benefits

Our Named Executive Officers have the opportunity to participate in the same benefits programs offered to all U.S. employees. We provide health, dental, vision, life and disability insurance benefits to our Named Executive Officers, on the same terms and conditions as provided to all other eligible U.S. employees.

TABLE OF CONTENTS

We also sponsor a broad-based 401(k) plan intended to provide eligible U.S. employees with an opportunity to defer eligible compensation up to certain annual limits, and match 50% of the first 6% of eligible compensation contributed to the plan by eligible employees. As a tax-qualified retirement plan, contributions (if any) made by us are deductible by us when made, and contributions and earnings on those amounts are generally not taxable to the employees until withdrawn or distributed from the 401(k) plan. Our Named Executive Officers are eligible to participate in our employee benefit plans, including our 401(k) plan and match, on the same basis as our other employees.

We believe these benefits are consistent with the broad-based employee benefits provided at the companies with whom we compete for talent and therefore are important to attracting and retaining talented and experienced executive officers.

Personal Security

Consistent with prevalent practices among peer companies, and based on independent third-party security studies completed for each of Mr. Armstrong and Ms. Choi, the Compensation Committee approved comprehensive security plans for Mr. Armstrong and Ms. Choi. During 2025, we paid for the annual costs of security at Mr. Armstrong's and Ms. Choi's residences, executive security protection, family protection, and secure transportation arrangements. We require these security measures because of the importance of Mr. Armstrong and Ms. Choi to Coinbase and their high profiles as executive officers of a global public cryptocurrency company. We believe that the scope and costs of these security measures are an appropriate business expense for our benefit and the benefit of our shareholders as they are integrally related to Mr. Armstrong's and Ms. Choi's ability to perform their employment responsibilities and necessary to their focused job performance. However, because certain components of the program may be considered to be perquisites under SEC disclosure rules, the aggregate incremental costs of such security services are included in the "All Other Compensation" column of the Summary Compensation Table set forth below. The Compensation Committee periodically reviews the nature and cost of this program in relation to Mr. Armstrong's and Ms. Choi's security risk profile and, based on the independent third-party security studies conducted in 2025, determined that continued provision of such security is warranted to mitigate risks to our business.

From time to time, in the future, we may provide personal security services to our other Named Executive Officers. We believe that these benefits are consistent with our overall executive compensation program and enable us to attract and retain talented and experienced executive officers. Our Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to our Named Executive Officers and may award or adjust them on an individual basis.

Aircraft Policy

Based on the results of the independent third-party security studies, the Compensation Committee determined that it was appropriate to adopt a chartered aircraft policy, effective as of January 1, 2025. Pursuant to this policy, we will pay for or reimburse certain expenses associated with private aircraft travel for both business and personal purposes for each of Mr. Armstrong and Ms. Choi and the members of their respective families. In addition, we will not charge or seek reimbursement from Mr. Armstrong or Ms. Choi for travel by guests who accompany them on private aircraft. From time to time, we may also permit our other Named Executive Officers to utilize private aircraft for business travel.

Mr. Armstrong and Ms. Choi recognize imputed taxable income as a result of personal use of private aircraft and are not provided a tax reimbursement or gross-up for any portion of this amount, including as a result of guests accompanying them on business travel. The aggregate incremental cost to us of Mr. Armstrong and Ms. Choi's personal use of chartered aircraft is reported in the "All Other Compensation" column in the Summary Compensation Table below.

Executive Employment Agreements

Each of our Named Executive Officers has entered into a written, at-will employment letter agreement with us. These agreements set forth the terms and conditions of employment for our Named Executive Officers, including continued payment of such executive's annual base salary, subject to periodic review. The agreements have no specific term and provide for at-will employment.

Post-Employment Compensation

Each of our Named Executive Officers has also entered into a participation agreement pursuant to which he or she has become a beneficiary of our Change of Control and Severance Policy, as amended and restated (the "COC Policy"), which provides for payments and benefits to the Named Executive Officer upon certain qualifying terminations, including in connection with a change of control. For more information, see the section titled "—Compensation Tables—Potential Payments Upon Termination or Change of Control as of December 31, 2025."

Other Compensation Policies

Insider Trading Policies and Procedures

We have adopted insider trading policies and procedures that govern the purchase, sale, and other dispositions of our securities by our directors, officers, employees, contractors, advisors, and consultants, and by Coinbase itself, that we believe are reasonably designed to promote compliance with insider trading laws, rules, and regulations and the listing standards of Nasdaq (the "Insider Trading Policy"). A copy of our Insider Trading Policy was filed as Exhibit 19.1 to our Annual Report.

Rule 10b5-1 Trading Plans

It is common for directors and executive officers of publicly traded companies to enter into Rule 10b5-1 plans adopted pursuant to Rule 10b5-1 of the Exchange Act, and our Insider Trading Policy and Trading Plan Policy require that each of our directors, executive officers and other members of our executive team conduct any open market sales or purchases of our securities only through use of such a plan. Under Rule 10b5-1, insiders can buy and sell our stock over a designated period by adopting pre-arranged stock trading plans at a time when they are not aware of material nonpublic information about us, and thereafter trade shares of our Class A common stock in accordance with the terms of their predetermined stock trading plans without regard to whether or not they are in possession of material nonpublic information about us at the time of the sale or purchase. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by an individual when entering into the plan, without further direction from the individual while the plan is in effect. Under our Trading Plan Policy, our directors, executive officers and other executive team members may only materially amend or terminate their Rule 10b5-1 plans under specified circumstances, including during an open trading window and while not in possession of material nonpublic information, and changes to such Rule 10b5-1 plans only take effect following a specified "cooling off" period.

Derivatives Trading, Hedging, and Pledging Policies

Pursuant to our Insider Trading Policy, we prohibit our employees, including our Named Executive Officers, and members of our Board of Directors, among others, from speculating in our equity securities, including through the use of short sales, "sales against the box" or any equivalent transaction involving our equity securities. In addition, such individuals may not engage in any other hedging transactions, such as zero cost collars, forward sale contracts, and other similar or related arrangements, with respect to the securities that they hold.

We also prohibit the pledging of our common stock by our officers (as defined in Rule 16a-1(f) under the Exchange Act), including Named Executive Officers and members of our Board of Directors, unless approved by our Chief Legal Officer.

Equity Award Grant Practices

We grant equity awards on an annual basis and may grant equity awards on a discretionary basis in connection with certain events such as the commencement of employment, promotion, or the closing of an acquisition. We do not grant awards in anticipation of the release of material nonpublic information, and we do not time the release of material nonpublic information for the purpose of affecting the value of executive compensation.

Compensation Recovery Policy

We have adopted a compensation recovery policy (the “Compensation Recovery Policy”) intended to comply with applicable SEC rules and Nasdaq listing standards. The Compensation Recovery Policy is administered by our Compensation Committee (in such capacity, the “Administrator”) and enables us to recover from current and former officers, and such additional employees as may be identified by the Administrator from time to time, incentive-based compensation (as defined in the Compensation Recovery Policy) in the event of an accounting restatement resulting from material noncompliance with any financial reporting requirements under federal securities laws. A copy of our Compensation Recovery Policy is filed as Exhibit 97.1 to our Annual Report.

Tax and Accounting Considerations

Deductibility of Executive Compensation. The Compensation Committee generally takes into consideration the tax implications to Coinbase of our Named Executive Officer compensation program, including with respect to the tax deductibility of compensation paid under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). While our Compensation Committee may consider the deductibility of equity awards, cash and other compensation as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes. In addition to considering the tax consequences, our Compensation Committee generally considers the accounting implications of its decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

Taxation of Parachute Payments. We do not provide, and have no obligation to provide, any executive officer, including any Named Executive Officer, with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe because of the application of Section 280G, 4999 or 409A of the Code. If any of the payments or benefits provided for under the COC Policy or otherwise payable to a Named Executive Officer would constitute “parachute payments” within the meaning of Section 280G of the Code and could be subject to the related excise tax, he or she would be entitled to receive either full payment of such payments and benefits or such lesser amount that would result in no portion of the payments and benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to the Named Executive Officer.

Accounting Treatment. The Compensation Committee considers accounting implications when designing compensation plans and arrangements for our Named Executive Officers and other employees. Chief among these is ASC 718, the standard which governs the accounting treatment of certain stock-based compensation. Among other things, ASC 718 requires us to record a compensation expense in our income statement for equity awards granted to our Named Executive Officers and other employees. This compensation expense is based on the grant date “fair value” of the equity award and, in most cases, will be recognized ratably over the award’s requisite service period (which, generally, will correspond to the award’s vesting schedule). This compensation expense is also reported in the compensation tables below, even though recipients may never realize any value from their equity awards.

Report of the Compensation Committee

This report of the Compensation Committee is required by the Securities and Exchange Commission (“SEC”) and, in accordance with the SEC’s rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (“Securities Act”) or under the Securities Exchange Act of 1934, as amended (“Exchange Act”), except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed “soliciting material” or “filed” under either the Securities Act or the Exchange Act.

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2025.

Potential Payments Upon Termination or Change of Control as of December 31, 2025

Change of Control and Severance Policy

Each of our officers, including our Named Executive Officers, has entered into a participation agreement pursuant to which he or she is a beneficiary of our COC Policy. Pursuant to the COC Policy and their respective participation agreements, in the event that the Named Executive Officer is terminated without “cause” or resigns for “good reason” (a “Qualifying Termination”) within three months before, or 12 months following, a “change of control” of the Company (as such terms are defined in the COC Policy), he or she will be entitled to: (i) an amount equal to 12 months of his or her base salary at the rate in effect immediately prior to such termination, payable in a cash lump-sum, and (ii) to the extent the Named Executive Officer timely elects to receive continued coverage under our group-healthcare plans, we will pay the full amount of the participant’s premium payments for such continued coverage for a period ending on the earlier of (x) 12 months following the termination date and (y) the date that the Named Executive Officer becomes eligible for coverage under a subsequent employer’s group insurance plans. In addition, each of the Named Executive Officer’s outstanding equity awards will become vested and exercisable, as applicable, with respect to 100% of the underlying shares, with any performance criteria deemed achieved at the greater of 100% of target or actual projected performance. All such severance payments and benefits are subject to each Named Executive Officer’s execution of a general release of claims against us.

Additionally, in the event of a Qualifying Termination outside of the period three months before or 12 months after a “change of control” (as such terms are defined in the COC Policy), each of our Named Executive Officers will be entitled to (i) an amount equal to six months of his or her base salary at the rate in effect immediately prior to such termination, payable in a cash lump-sum and (ii) to the extent the Named Executive Officer timely elects to receive continued coverage under our group-healthcare plans, we will continue to pay the full amount of the participant’s premium payments for such continued coverage for a period ending on the earlier of (x) six months following the termination date and (y) the date that the Named Executive Officer becomes eligible for coverage under a subsequent employer’s group insurance plans. All such severance payments and benefits are subject to each Named Executive Officer’s execution of a general release of claims against us.

Change in Control Provisions of 2020 CEO Performance Award

Notwithstanding the above, with respect to Mr. Armstrong’s 2020 CEO Performance Award, the stock option award agreement governing the award supersedes any benefits Mr. Armstrong may otherwise be entitled to under the COC Policy with respect to the award. Pursuant to the 2020 CEO Performance Award, in the event of an acquisition (as defined in the stock option award agreement for the 2020 CEO Performance Award) of the Company, the stock price target milestones thereunder will instead be based on the consideration received per share by holders of our Class A common stock at the time of the closing of the acquisition, without giving effect to any contingent payments, effective immediately prior to the effective time of the acquisition transaction.

In the event of Mr. Armstrong’s termination without “cause,” resignation for “good reason” or death or “disability” (each as defined in the stock option award agreement), or in the event that we and Mr. Armstrong agree that he will serve as the Chairman of our Board of Directors and in an employee role other than Chief Executive Officer, a specified percentage of the unvested shares subject to the 2020 CEO Performance Award will remain outstanding and eligible to vest in accordance with the stock price target milestones with such specified percentage dependent on the length of service between the grant date of the 2020 CEO Performance Award and Mr. Armstrong’s service as Chief Executive Officer. In the event of a termination outside of these circumstances, all unvested shares at the time of the termination will be forfeited. To the extent vested and exercisable, shares subject to the 2020 CEO Performance Award may be exercised by Mr. Armstrong until the earlier of seven years following his termination, the expiration date of the 2020 CEO Performance Award or an acquisition of the Company. There will be no acceleration of vesting of the 2020 CEO Performance Award upon Mr. Armstrong’s termination (with or

TABLE OF CONTENTS

without cause), resignation (with or without good reason), death or disability, in the event of an acquisition or termination in connection with an acquisition.

Mr. Armstrong must hold any shares that he acquires pursuant to the 2020 CEO Performance Award for one year following the date on which such shares become vested or, if earlier, upon an acquisition of the Company, except to satisfy certain tax withholding obligations, or the 10-year term of the stock option.

Change in Control Provisions in 2023 COO Performance Award

Notwithstanding the above, with respect to Ms. Choi's 2023 COO Performance Award, the terms of the award agreement governing the award superseded any benefits Ms. Choi would otherwise have been entitled to under the COC Policy with respect to the award during its term. As of December 31, 2025, the performance period for the 2023 COO Performance Award had concluded, but the award remained subject to a service-based vesting condition through February 20, 2026. The award agreement provided that in the event of a Corporate Transaction (as defined under the 2021 Plan) or a qualifying termination prior to the end of the Performance Period, the award would vest on actual performance achievement through the end of the Performance Period. The award vested in full on February 20, 2026, and is no longer subject to any further potential payment provisions.

Change in Control and Severance Table

The table below sets forth the amount of compensation payable to each Named Executive Officer upon (i) a Qualifying Termination, and (ii) a Qualifying Termination with or following a change of control of Coinbase, in each case in accordance with the COC Policy or, in the case of the 2020 CEO Performance Award and the 2023 COO Performance Award, the applicable award agreement governing such award. The amounts shown in the table below assume that such termination of employment and/or change of control was effective as of December 31, 2025, and thus are estimates of the amounts that would be paid out to the Named Executive Officers in such circumstances.

- (1) The severance amount related to base salary was determined based on the base salaries in effect on December 31, 2025.
- (2) The amounts were determined based on each Named Executive Officer's premiums under our group healthcare plans on December 31, 2025.
- (3) The value of accelerated vesting for stock options and RSUs is calculated based on the per share closing price of our Class A common stock on The Nasdaq Global Select Market on December 31, 2025 (\$226.14) less, if applicable, the exercise price of each outstanding stock option. As noted above, Mr. Armstrong is not entitled to acceleration upon a qualifying termination of employment.
- (4) As described above, for the 2020 CEO Performance Award, in the event of an acquisition, the degree of performance-based vesting would be determined based on the consideration received in the transaction (without taking into account any contingent consideration).

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the ratio of our median employee's annual total compensation to the annual total compensation of our Chief Executive Officer.

This pay ratio represents our reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K and applicable guidance, which provide flexibility in how companies identify the median employee. Each company may use a different methodology and make different assumptions particular to that company. As a result, and as explained by the SEC when it adopted this rule, in considering the pay ratio disclosure, shareholders should keep in mind that the rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow shareholders to better understand and assess each particular company's compensation practices and pay ratio disclosures.

Pay Ratio

As of December 31, 2025, the Chief Executive Officer of the Company was Mr. Armstrong. The 2025 total compensation for Mr. Armstrong, as reported in the 2025 Summary Compensation Table, was \$9,713,000 and the 2025 total compensation for our median employee was \$217,526, resulting in a pay ratio of approximately 45:1.

Median Employee

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs aim to ensure that the pay of every employee appropriately reflects the level of their job impact and responsibilities and is competitive within our peer group. Our determination of the median employee was based on compensation data for all employees worldwide, excluding Mr. Armstrong, as of December 31, 2025 (the "Determination Date") whether employed on a full-time, part-time or temporary basis that included the following elements (i) annual base salary for permanent salaried employees, or the hourly rate multiplied by the expected annual work schedule for hourly employees for the 12-month period preceding the Determination Date, (ii) target bonus or target commission, as applicable, for 2025 and (iii) target annual grant value of equity awards for 2025. All amounts paid in foreign currencies were converted to U.S. dollars based on the applicable exchange rates as of the Determination Date. We did not make any cost-of-living adjustments in identifying the median employee. Given our compensation approach of using a consistent pay target for the vast majority of employees based on role, level and location, multiple median employees were identified; of these, we selected the employee with the median tenure for use as the median employee. We calculated the 2025 total compensation for the median employee in the same manner used to calculate our Chief Executive Officer's total compensation as reported on the 2025 Summary Compensation Table.

Pay Versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following disclosure regarding executive compensation for our Chief Executive Officer (“CEO”) and our other Named Executive Officers (“Non-CEO NEOs”) and Company performance for the fiscal years listed below. For more information concerning our pay-for-performance philosophy and how we structure our executive compensation to drive and reward performance, see the section titled “Executive Compensation—Compensation Discussion and Analysis.” The information contained in this Pay Versus Performance section will not be incorporated into any of the Company’s filings under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates such information by reference therein.

- (5) The Peer Group Total Shareholder Return ("TSR") set forth in this table utilizes the S&P North American Technology Index, which we also utilize in the stock performance graph required by Item 201(e) of Regulation S-K included in the Annual Report. The comparison assumes \$100 was invested for the period starting April 14, 2021, the first day the Company's Class A common stock began trading on the Nasdaq Global Select Market through the end of the listed year in the Company and in the S&P North American Technology Index, respectively. Historical stock performance is not necessarily indicative of future stock performance.
- (6) The dollar amounts reported represent the amount of net income (loss) reflected in our audited financial statements for the applicable fiscal year.
- (7) The stock price reported represents the closing price of the Company's Class A common stock as reported on the Nasdaq Global Select Market on the last trading day of the applicable fiscal year. We selected stock price as our company-selected measure because Mr. Armstrong's 2020 CEO Performance Award, a stock option which is earned upon the achievement of performance conditions based on Class A common stock price targets as more fully described under "Executive Compensation—Compensation Discussion and Analysis—Equity Compensation: 2020 CEO Performance Award," is a significant driver of Mr. Armstrong's compensation actually paid and is the most significant element of his individual and our overall compensation program due to the significant size of the award. While, aside from the 2020 CEO Performance Award, we do not otherwise use stock price to link compensation actually paid to our Non-CEO NEOs' performance in making executive compensation decisions, we believe our executives' incentives are closely aligned with those of our shareholders and the overall performance of the Company by means of the grant of time-based stock options and RSUs, and in the case of Ms. Choi, the 2023 COO Performance Award the values of which are tied to the Company's stock performance over time. For more information, see the section titled "Executive Compensation—Compensation Discussion and Analysis."

(3) Includes the 2013 Plan.

Stock options, RSUs or other stock awards granted under the 2019 Plan or the 2013 Plan that are forfeited or repurchased become available for issuance under the 2021 Plan. Any shares of Class B common stock that are subject to outstanding awards under the 2013 Plan that are issuable upon the exercise of stock options that expire or become unexercisable for any reason without having been exercised in full will generally be available for future grant and issuance as shares of Class A common stock under our 2021 Plan. In addition, the number of shares reserved for issuance under our 2021 Plan increased automatically by 13,391,790 on January 1, 2026 and will increase automatically on the first day of January of each year for a period of up to ten years commencing on January 1, 2022 and ending on (and including) January 1, 2031 by the number of shares equal to 5% of the total issued and outstanding shares of our common stock as of the immediately preceding December 31 or a lower number approved by our Board of Directors. These increases are not reflected in the table above.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 31, 2026, by:

- each shareholder known by us to be the beneficial owner of more than 5% of our outstanding shares of our Class A common stock or Class B common stock;
- each of our Named Executive Officers;
- each of our directors or director nominees; and
- all of our directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose, including for determining a staggered board end date as described in the section titled “Board of Directors—Declassification of our Board of Directors.” Except as indicated by the footnotes below, we believe, based on information furnished to us, that the persons and entities named in the table below have sole voting and sole investment power with respect to all shares beneficially owned, subject to applicable community property laws.

Applicable beneficial ownership percentages are based on 222,377,223 shares of Class A common stock and 41,033,891 shares of Class B common stock outstanding as of March 31, 2026. Shares of our common stock subject to stock options that are currently exercisable or exercisable within 60 days of March 31, 2026, RSUs that are expected to vest and settle within 60 days of March 31, 2026 and shares purchasable under our 2021 ESPP within 60 days of March 31, 2026 are deemed to be outstanding and to be beneficially owned by the person holding the stock options, RSUs or right to purchase shares under the 2021 ESPP for the purpose of computing the percentage ownership of that person. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, the address for each beneficial owner listed in the table below is c/o Coinbase Global, Inc., One Madison Avenue, Suite 2400, New York, New York 10010.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We describe below transactions and series of similar transactions, since the beginning of our last fiscal year, to which we were a party or will be a party, in which (i) the amounts involved exceeded or will exceed \$120,000 and (ii) any of our directors, nominees for director, executive officers, or beneficial holders of more than 5% of any class of our outstanding capital stock, or any immediate family member of, or person sharing the household with, any of these individuals or entities, had or will have a direct or indirect material interest.

From time to time in the ordinary course, we invest in companies through Coinbase Ventures, our venture capital arm, and certain of those investments are into companies in which entities affiliated with our directors, executive officers, or holders of more than 5% of our capital stock (collectively, "Related Parties") hold a 10% or greater equity interest at the time of our investment. During the applicable period, none of the Related Parties had a direct or indirect material interest in such investments.

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our Bylaws require us to indemnify our directors to the fullest extent not prohibited by Texas law. Subject to certain limitations, our Bylaws also require us to advance expenses incurred by our directors and officers.

In June 2025, we entered into a partnership agreement with Shopify, Inc. ("Shopify"), where Mr. Lütke, a member of our Board of Directors, is the Chief Executive Officer, to, among other things, allow Shopify users to make purchases on merchant sites with USDC on Base, pursuant to which Shopify remits monthly payments to us. In April 2026, the partnership agreement was amended to enable cross-chain payment functionality and establish a co-funded rewards program. Under this program, we and Shopify will each contribute \$250,000 to the rewards program to fund USDC cashback rewards for Shopify users who make purchases using USDC.

In the first quarter of 2025, ResearchCoin was approved for listing on our retail trading platform by the digital asset support group of Coinbase, Inc. in accordance with our digital asset support policies and procedures. Mr. Armstrong, our Chairman & Chief Executive Officer, is a co-founder and Chief Executive Officer of ResearchHub Technologies, Inc., the creator of ResearchCoin, and holds a significant percentage of ResearchCoin's market capitalization. We recognized revenue of approximately \$201,273 from ResearchCoin in the year ended December 31, 2025.

Additionally, certain of our executive officers, directors, and holders of more than 5% of our capital stock, entities affiliated with such individuals, and immediate family members of, or persons sharing households with, such individuals, have accounts on our platform and use our products and services in the ordinary course. Similar to our other customers, these individuals and entities pay us transaction and other fees related to such use.

Policies and Procedures for Related Party Transactions

Our Audit and Compliance Committee is responsible for reviewing and approving or disapproving all related party transactions. We have adopted written policies and procedures regarding the identification of related parties and transactions, and the approval process for such transactions. Under these policies, any related party transaction will be referred to our Audit and Compliance Committee and such transaction will be evaluated by the disinterested members of our Audit and Compliance Committee. The Audit and Compliance Committee will consider each proposed transaction in light of the specific facts and circumstances presented, including but not limited to the related party's relationship to the Company and interest in the transaction, the material facts of the proposed transaction, the rationale for the proposed transaction, and any other relevant information with the respect to the proposed transaction.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND OUR ANNUAL MEETING

This Proxy Statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting. The Annual Meeting will be held virtually on June 16, 2026 at 11:00 a.m. Pacific Time. The Annual Meeting will be a completely virtual meeting. You can attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/COIN2026, where you will be able to listen to the meeting live and vote your shares online during the meeting. The Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access this Proxy Statement and our Annual Report is first being mailed on or about April 24, 2026 to all shareholders entitled to vote at the Annual Meeting.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this Proxy Statement. You should read this entire Proxy Statement carefully. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this Proxy Statement, and references to our website address in this Proxy Statement are inactive textual references only.

What matters am I voting on?

You will be voting on:

- the election of nine directors with each director to serve for a one-year term expiring at our 2027 annual meeting of shareholders and until such director's successor is duly elected and qualified;
- a proposal to ratify the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026; and
- any other business as may properly come before the Annual Meeting.

How does the Board of Directors recommend I vote on these proposals?

Our Board of Directors recommends a vote:

- "FOR ALL" nominees in the election of Brian Armstrong, Marc L. Andreessen, Christa Davies, Frederick Ernest Ehram III, Kelly A. Kramer, Chris Lehane, Tobias Lütke, Gokul Rajaram, and Fred Wilson as directors to serve on our Board of Directors until our 2027 annual meeting of shareholders or until such director's successor is duly elected and qualified; and
- "FOR" the ratification of the appointment Deloitte as our independent registered public accounting firm for the year ending December 31, 2026.

Who is entitled to vote? How many shares can I vote?

Holders of our common stock as of the close of business on April 21, 2026 (the "Record Date"), may vote at the Annual Meeting. As of the Record Date, there were 222,419,270 shares of our Class A common stock outstanding and 41,033,891 shares of our Class B common stock outstanding. Our Class A common stock and Class B common stock will vote as a single class on all matters described in this Proxy Statement for which your vote is being solicited. Holders may vote all shares of our common stock that they owned as of the Record Date. Shareholders are not permitted to cumulate votes with respect to the election of directors. In deciding all matters at the Annual Meeting, each share of Class A common stock represents one vote and each share of Class B common stock represents 20 votes.

Registered Shareholders. If shares of our common stock are registered directly in your name with our transfer agent, you are considered the shareholder of record with respect to those shares, and the Notice was provided to you directly by us. As the shareholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote live at the Annual Meeting. Throughout this section, we refer to these registered shareholders as "shareholders of record."

Street Name Shareholders. If shares of our common stock are held on your behalf in a brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares that are held in “street name,” and the Notice was forwarded to you by your broker or nominee, who is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee as to how to vote your shares. You are also invited to attend the Annual Meeting and vote your shares of our common stock live by following the instructions provided in your Notice or the instructions that accompanied your proxy materials to attend the Annual Meeting. If you request a printed copy of our proxy materials by mail, your broker, bank or other nominee will provide a voting instruction form for you to use. Throughout this section, we refer to shareholders who hold their shares through a broker, bank or other nominee as “street name shareholders.”

How many votes are needed for approval of each proposal?

- Proposal No. 1: The election of directors requires a plurality of the votes cast by the holders of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote. “Plurality” means that the nine nominees who receive the largest number of votes cast “FOR” such nominees are elected as directors. As a result, any shares not voted “FOR” a particular nominee, whether as a result of a “WITHHOLD” vote or a broker non-vote (described below), will not be counted in such nominee’s favor and will have no effect on the outcome of the election. You may vote “FOR ALL,” “WITHHOLD ALL” or vote “FOR ALL EXCEPT” one or more of the director nominees you specify. A “WITHHOLD ALL” or broker non-vote will have no effect on the outcome of this proposal. A “FOR ALL EXCEPT” vote for one or more nominees will have no effect on the election of those nominees.
- Proposal No. 2: The ratification of the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026 requires the affirmative vote of the holders of a majority of the voting power of the shares of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon that are voted “FOR” or “AGAINST” the proposal. If the number of votes cast “FOR” the proposal exceeds the number of votes cast “AGAINST” the proposal, then the proposal will be deemed approved. You may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to the proposal. Abstentions (shares present at the Annual Meeting and marked “abstain”) and broker non-votes are counted for purposes of determining whether a quorum is present but will have no effect on the outcome of this proposal.

With respect to Proposal No. 2, because this proposal is an advisory vote, the result will not be binding on our Board of Directors, our Audit and Compliance Committee, or the Company. However, our Board of Directors and our Audit and Compliance Committee will consider the outcome of the vote when making future decisions regarding the Company’s independent auditor appointment.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting to properly hold an annual meeting of shareholders and conduct business under our Bylaws and Texas law. The presence, virtually or by proxy, of the holders of a majority of the voting power of all issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum at the Annual Meeting. Abstentions, withhold votes, and broker non-votes are counted as shares present and entitled to vote for purposes of determining a quorum.

How do I vote?

If you are a shareholder of record, there are four ways to vote:

- by internet at www.proxyvote.com, 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on June 15, 2026 (please have your Notice or proxy card in hand when you visit the website);

TABLE OF CONTENTS

- by toll-free telephone at 1-800-690-6903, until 11:59 p.m. Eastern Time on June 15, 2026 (please follow the instructions on your proxy card or voting instruction form from your broker provided to you by email or over the internet);
- by completing and mailing your proxy card (if you received printed proxy materials) to be received prior to the Annual Meeting; or
- by attending the Annual Meeting by visiting www.virtualshareholdermeeting.com/COIN2026, where you may vote and submit questions during the meeting. Please have your Notice, proxy card or the instructions that accompanied your proxy materials in hand when you visit the website.

Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you are a street name shareholder, you will receive voting instructions from your broker, bank or other nominee. You must follow the voting instructions provided by your broker, bank or other nominee in order to direct your broker, bank or other nominee on how to vote your shares. Street name shareholders should generally be able to vote by returning a voting instruction form and may be able to vote by telephone or on the internet, depending on the voting process of your broker, bank or other nominee. As discussed above, if you are a street name shareholder, you may not vote your shares live at the virtual Annual Meeting unless you obtain a legal proxy from your broker, bank or other nominee.

Can I change my vote or revoke my proxy?

Yes. If you are a shareholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by internet or by telephone;
- completing and returning a later-dated proxy card;
- notifying the Secretary of Coinbase via email to secretary@coinbase.com; or
- attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

If you are a street name shareholder, your broker, bank or other nominee can provide you with instructions on how to change or revoke your vote.

What do I need to do to attend and participate in the Annual Meeting?

The Annual Meeting will be a completely virtual meeting of shareholders, which we believe is aligned with our values as a remote-first company and enables participation from our global community. Shareholders of record and street name shareholders with a legal proxy from their broker, bank or other nominee will be able to attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/COIN2026, which will allow such shareholders to submit questions during the meeting and vote shares electronically at the meeting.

We designed the format of the virtual Annual Meeting to ensure that our shareholders are afforded the same rights and opportunities to participate as they would at an in-person meeting and to enhance shareholder access, participation, and communication through online tools. The virtual format facilitates shareholder attendance and participation by enabling shareholders to participate fully and equally from any location around the world.

During the meeting, you will have the ability to submit questions real-time via the virtual meeting website, with a limit of one question per shareholder. We will answer questions submitted in accordance

TABLE OF CONTENTS

with the meeting rules of conduct in the time allotted for the meeting. Only questions pertaining to the proposals to be acted on at the Annual Meeting will be answered, and we reserve the right to exclude questions that are, among other things, irrelevant to meeting matters, irrelevant to the business of Coinbase, related to material nonpublic information of Coinbase, related to personal matters or grievances, derogatory or in bad taste, related to pending or threatened litigation, or that are otherwise inappropriate (as determined by the chairperson of the Annual Meeting or Secretary). Questions should be succinct and cover only one topic. Questions that are substantially similar may be grouped and answered together to avoid repetition.

To participate in the Annual Meeting, you will need the 16-digit control number included on your Notice, proxy card or the instructions that accompanied your proxy materials to attend the Annual Meeting. The Annual Meeting webcast will begin promptly at 11:00 a.m. Pacific Time. We encourage you to access the meeting prior to the start time. Online check-in will begin at 10:45 a.m. Pacific Time, and you should allow ample time for the check-in procedures.

What if during the check-in time or during the meeting I have technical difficulties or trouble accessing the virtual meeting website?

We will have technicians to assist you if you experience technical difficulties accessing the virtual meeting. If you encounter any difficulties while accessing the virtual meeting during the check-in or meeting time, a technical assistance phone number will be made available on the virtual meeting registration page 15 minutes prior to the start time of the Annual Meeting.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our Board of Directors. Brian Armstrong and Paul Grewal have been designated as proxy holders by our Board of Directors. When proxies are properly dated, executed, and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the shareholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our Board of Directors as described above. If any matters not described in this Proxy Statement are properly presented at the Annual Meeting pursuant to our Bylaws, the proxy holders will use their own judgment to determine how to vote the shares. If the Annual Meeting is adjourned or postponed, the proxy holders can vote the shares on the new Annual Meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

In accordance with the rules of the SEC, we have elected to furnish our proxy materials, including this Proxy Statement and our Annual Report, primarily via the internet. The Notice containing instructions on how to access our proxy materials is first being mailed on or about April 24, 2026 to all shareholders entitled to vote at the Annual Meeting. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice (www.proxyvote.com). Shareholders may also request to receive proxy materials for this Annual Meeting or future meetings of shareholders in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage shareholders to take advantage of the availability of our proxy materials on the internet to help reduce the environmental impact and cost of our annual meetings of shareholders.

What does it mean if I receive more than one Notice, proxy card or voting instruction form?

It generally means that some of your shares are registered differently or are in more than one account. Please provide voting instructions for all Notices, proxy cards and voting instruction forms you receive.

How are proxies solicited for the Annual Meeting?

Our Board of Directors and employees are soliciting proxies for the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending our proxy materials to you if a broker, bank or other nominee holds shares of our common stock on your behalf. In addition, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Our directors and employees will not be paid any additional compensation for soliciting proxies.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of our common stock in street name for beneficial owners are generally required to vote such shares in the manner directed by such beneficial owners. In the absence of timely directions, your broker will have discretion to vote your shares on our sole “routine” matter: the proposal to ratify the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2026. Your broker will not have discretion to vote on Proposal No. 1, which is a “non-routine” matter, absent direction from you. We refer to the absence of a vote, including on a non-routine proposal, where the broker has not received instructions as a “broker non-vote.” Broker non-votes occur when shares held by a broker for a beneficial owner are not voted because the broker did not receive voting instructions from the beneficial owner and lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present and have no effect on the outcome of the matters voted upon. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to the Current Report on Form 8-K as soon as they become available.

Why did I receive a full set of proxy materials in the mail instead of a notice regarding the Internet availability of proxy materials?

We are providing shareholders who have previously requested to receive paper copies of the proxy materials with paper copies of the proxy materials instead of a Notice. You may elect to receive all future proxy materials electronically via email or the Internet. Electing electronic delivery will help reduce our environmental impact and the costs incurred by us in mailing proxy materials. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your Notice to vote using the Internet and, when prompted, indicate that you agree to receive or access shareholder communications electronically in future years. Alternatively, you can go to <https://enroll.icsdelivery.com/coin> and enroll for online delivery of annual meeting and proxy voting materials.

What is the deadline to propose actions for consideration at next year’s annual meeting of shareholders or to nominate individuals to serve as directors?

Shareholder Proposals

Shareholders may present proper proposals for inclusion in our proxy statement and for consideration at next year’s annual meeting of shareholders by submitting their proposals in writing to our Secretary in a timely manner.

[TABLE OF CONTENTS](#)

For a shareholder proposal to be considered for inclusion in our proxy statement for the 2027 annual meeting of shareholders, our Secretary must receive the written proposal via email to secretary@coinbase.com not later than December 25, 2026. In addition, shareholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

Our Bylaws also establish a process for shareholders who wish to present a proposal before an annual meeting of shareholders but do not intend for the proposal to be included in our proxy statement. Among other things, our Bylaws provide that for business to be properly brought before an annual meeting of shareholders: (i) timely notice of such business must be provided to our Secretary and such notice must contain the information specified in our Bylaws and be updated and supplemented as required by our Bylaws, (ii) such business must be a proper matter for shareholder action, and (iii) if a solicitation notice has been provided, a proxy statement and form of proxy must be properly delivered in accordance with our Bylaws. For more information, see the section titled “—Availability of Bylaws.” To be timely for the 2027 annual meeting of shareholders, our Secretary must receive the written notice via email to secretary@coinbase.com:

- not earlier than 5:00 p.m. Eastern Time on February 16, 2027; and
- not later than 5:00 p.m. Eastern Time on March 18, 2027.

In the event that we hold the 2027 annual meeting of shareholders more than 30 days before or more than 70 days after the one-year anniversary of the Annual Meeting, notice of a shareholder proposal that is not intended to be included in our proxy statement must be received no earlier than 5:00 p.m. Eastern Time on the 120th day before the 2027 annual meeting of shareholders and no later than 5:00 p.m. Eastern Time on the later of the following two dates:

- the 90th day prior to the 2027 annual meeting of shareholders; or
- the 10th day following the day on which public announcement of the date of the 2027 annual meeting of shareholders is first made.

To comply with our Bylaws as well as the universal proxy rules, shareholders who intend to solicit proxies in support of director nominees other than our nominees for the 2027 annual meeting of shareholders must ensure that our Secretary receives written notice via email to secretary@coinbase.com that sets forth all information required by our Bylaws and by Rule 14a-19(b) under the Exchange Act within the time frames set forth above.

If a shareholder who has properly notified us of his, her or its intention to present a proposal at an annual meeting of shareholders does not appear to present his, her, or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

Recommendation and Nomination of Director Candidates

Holders of our common stock may propose director candidates for consideration by our Nominating and Corporate Governance Committee. Any such recommendations should include the nominee’s name and qualifications for membership on our Board of Directors and should be directed to our Secretary at secretary@coinbase.com.

In addition, our Bylaws permit shareholders to nominate directors for election at an annual meeting of shareholders. To nominate a director, the shareholder must provide the information required by our Bylaws. In addition, the shareholder must give timely notice to our Secretary in accordance with our Bylaws, which, in general, require that the notice be received by our Secretary within the time periods described above under the section titled “—Shareholder Proposals” for shareholder proposals that are not intended to be included in a proxy statement.

OTHER MATTERS AND ADDITIONAL INFORMATION

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors, officers, and any persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulation to furnish us with copies of all Section 16(a) forms that they file. Based solely on our review of the copies of such forms furnished to us and written representations from the directors and executive officers, we believe that all Section 16(a) filing requirements were timely met in the year ended December 31, 2025, except, due to administrative error, (i) a late Form 4 filing made on behalf of Brian Armstrong, dated November 14, 2025, to report a stock sale effectuated pursuant to a Rule 10b5-1 trading plan on November 10, 2025, and (ii) a late Form 4 filing made on behalf of Brian Armstrong, dated December 10, 2025, to report a stock sale effectuated pursuant to a Rule 10b5-1 trading plan on November 26, 2025.

The Board of Directors does not know of any other matters to be presented at the Annual Meeting. If any additional matters are properly presented at the Annual Meeting, the persons named in the enclosed proxy card will have discretion to vote the shares of our common stock they represent in accordance with their own judgment on such matters.

It is important that your shares of our common stock be represented at the Annual Meeting, regardless of the number of shares that you hold. APPENDIX A

Statement Regarding Use of Non-GAAP Financial Measures

This Proxy Statement includes the following non-GAAP financial measure, which should be viewed in addition to, and not a substitute for or superior to, financial measures calculated in accordance with GAAP.

- **Adjusted EBITDA.** We calculate Adjusted EBITDA as net loss or income, adjusted to exclude provision for or benefit from income taxes, interest expense, depreciation and amortization expense, stock-based compensation expense, net gains or losses on our crypto assets held for investment, losses, net of recoveries, directly related to the data theft incident announced on the Current Report on Form 8-K we filed with the SEC on May 15, 2025 (the “Data Theft Incident”), including voluntary customer reimbursements, direct legal costs, and reward payments, if any, in connection with the threat actor’s arrest and conviction, and other income or expense, net, which represents net gains or losses on investments and other financial instruments, and other non-operating income and expense activity.

We believe that Adjusted EBITDA may be helpful to investors because it provides consistency and comparability with past financial performance. However, Adjusted EBITDA is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP. There are a number of limitations related to Adjusted EBITDA rather than net income, which is the nearest GAAP equivalent of Adjusted EBITDA.

In addition, other companies, including companies in our industry, may calculate Adjusted EBITDA differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our disclosure of Adjusted EBITDA as a tool for comparison. A reconciliation is provided below for Adjusted EBITDA to net income, the most directly comparable financial measure stated, in accordance with GAAP. Investors are encouraged to review the related GAAP financial measure and the reconciliation of Adjusted EBITDA to net income, and not to rely on any single financial measure to evaluate our business. For more information on Adjusted EBITDA for the year ended December 31, 2025, please see our Annual Report.
