Amneal

June 29, 2026

Dear Stockholders:

You are cordially invited to attend a special meeting (the “special meeting”) of the stockholders of Amneal Pharmaceuticals, Inc. (“Amneal”). The special meeting will be held online on July 31, 2026 at 9:00 a.m., Eastern Time. You may attend the special meeting virtually via the internet at www.virtualshareholdermeeting.com/AMRX2026SM, where you will be able to vote electronically and submit questions. You will need the 16-digit control number, which is located on your proxy card or in the instructions accompanying your proxy materials, to attend the special meeting. You will not be able to attend the special meeting in person.

On April 21, 2026, Amneal entered into a Membership Interest Purchase Agreement (as amended or modified from time to time, the “purchase agreement”) with Kashiv BioSciences, LLC (“Kashiv”), each of the persons listed on the signature pages thereto under the heading “Sellers” (the “sellers”) and KB Seller Representative, LLC (in its capacity as the representative of the sellers, the “seller representative”). Subject to the terms and conditions of the purchase agreement, Amneal has agreed to purchase, and the sellers have agreed to sell, convey, assign, transfer and deliver to Amneal, 100% of the issued and outstanding membership interests of Kashiv (the “Transaction”). At the special meeting, Amneal stockholders will be asked to consider and vote on a proposal to approve the purchase agreement and the transactions contemplated thereby for purposes of complying with the requirements for the “safe harbor” protections of Section 144 of the General Corporation Law of the State of Delaware and satisfying the related condition contained in the purchase agreement (such proposal, the “transaction proposal”). Amneal stockholders will also be asked to consider and vote on a proposal to approve the issuance of 28,942,108 shares of the Class A common stock, \$0.01 par value per share, of Amneal (the “Amneal Class A common stock”) to the sellers in connection with the purchase agreement and the Transaction for purposes of complying with Nasdaq Listing Rule 5635(a)(2) and satisfying the related condition contained in the purchase agreement (the “stock issuance”, and such proposal, the “stock issuance proposal”).

Approval of the transaction proposal requires the affirmative vote (in person or by proxy) of a majority of votes cast at the special meeting by the holders of the outstanding shares of common stock, \$0.01 par value per share, of Amneal (the “Amneal common stock”) entitled to vote thereon as of the close of business on the record date (as defined in the accompanying proxy statement), other than any outstanding shares of Amneal common stock beneficially owned, directly or indirectly, by (i) any member of the Amneal Group (as defined in the accompanying proxy statement), (ii) any affiliate of the Amneal Group, (iii) Kashiv or the sellers, (iv) any stockholder of Amneal with a director position at any seller, (v) any person that Amneal has determined to be an “officer” of Amneal within the meaning of Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended, or (vi) any “immediate family member” (as defined in Item 404 of Regulation S-K) of any of the foregoing (the holders of Amneal common stock other than those excluded pursuant to the foregoing clauses (i) through (vi), the “Amneal disinterested stockholders”). Approval of the stock issuance proposal requires the affirmative vote (in person or by proxy) of a majority of votes cast at the special meeting by the holders of Amneal common stock entitled to vote thereon as of the close of business on the record date. A vote online at the special meeting constitutes a vote in person for purposes of the special meeting.

At a meeting of the Conflicts Committee (the “Independent Committee”) of the Board of Directors of Amneal (the “Amneal Board”) held on April 20, 2026, the Independent Committee, upon consultation with Amneal’s management, with the outside financial advisor and outside legal counsel to the Independent Committee and with the outside legal counsel and other outside advisors to Amneal, and after consideration of various factors (in each case, as more fully described in the accompanying proxy statement), unanimously (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared

advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal's stockholders for approval, (d) recommended that Amneal's stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance, and (e) recommended that the Amneal Board do each of the foregoing. **The Independent Committee unanimously recommends that you vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.**

At a meeting of the Amneal Board held on April 20, 2026, the Amneal Board (excluding Chintu Patel, Chirag Patel and Gautam Patel, who did not participate in this portion of such meeting), upon the unanimous recommendation of the Independent Committee, (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal's stockholders for approval, and (d) recommended that Amneal's stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance. **The Amneal Board recommends that you vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.**

Among other things, the accompanying proxy statement includes a detailed description of the negotiations that the Independent Committee engaged in, and the factors that the Independent Committee and the Amneal Board considered, in reaching these determinations (in particular in the sections entitled "*The Transaction – Background of the Transaction*" beginning on page 36 and "*Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board*" beginning on page 46), which sections include, among other things, a description of the Amneal Board's identification of the opportunity presented by Amneal's expansion into the biosimilars market, the Amneal Board's consideration that an organic, greenfield expansion into the biosimilars market could create challenges for Amneal, the Independent Committee's expectation that the adoption of biosimilars will accelerate across physicians, patients and payers and the Independent Committee's consideration of the potential for the Transaction to establish an integrated biosimilar platform allowing for certain competitive advantages for Amneal).

At the special meeting, stockholders will also be asked to vote on a proposal to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes for the approval of the transaction proposal and the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal or the stock issuance proposal (the "adjournment proposal"). **The Independent Committee unanimously recommends that you vote "FOR" the adjournment proposal. In addition, the Amneal Board recommends that you vote "FOR" the adjournment proposal.**

The Amneal Board is soliciting your proxy to ensure that a quorum is present and that your shares are represented and voted at the special meeting and any postponement or adjournment thereof.

If your shares are held in "street name," you should instruct your broker, bank or other nominee how to vote your shares on each proposal in accordance with your voting instruction form.

The Transaction cannot be completed unless both the transaction proposal and the stock issuance proposal are approved. **Your vote is very important, regardless of the number of shares you own. Whether or not you expect to attend the special meeting online, please submit a proxy to vote your shares as promptly as possible to ensure that your shares may be represented and voted at the special meeting. If you receive more than one proxy card because you own shares registered in different names or addresses, each proxy should be submitted. If you attend the special meeting and vote online, your online vote will revoke any proxy previously submitted. If you neither return your proxy nor attend the special meeting online, your shares will not be counted for purposes of determining whether a quorum is present at the special meeting and will not be considered a vote cast on, and will have no effect on, the approval of the purchase agreement and the approval of the stock issuance. Similarly, if you hold your shares in "street name" and fail to instruct your**

broker, bank or other nominee how to vote your shares, your shares will not be counted for purposes of determining whether a quorum is present and will not be considered a vote cast on, and will have no effect on, the approval of the purchase agreement and the approval of the stock issuance.

The obligations of Amneal, Kashiv, the sellers and the seller representative to complete the Transaction are subject to the satisfaction or waiver of certain conditions. The accompanying proxy statement contains detailed information about Amneal, the special meeting, the purchase agreement, the Transaction, the transaction proposal, the stock issuance proposal and the adjournment proposal. Summary of The Special Meeting

Date, Time and Place (see page [30](#))

The special meeting is scheduled to be held online via live audio webcast at www.virtualshareholdermeeting.com/AMRX2026SM on July 31, 2026 at 9:00 a.m., Eastern Time. The special meeting will be held in an online meeting format only, with no physical in-person meeting.

Purpose of the Special Meeting (see page [30](#))

At the special meeting, Amneal stockholders will be asked to consider and vote on the following proposals:

- a proposal (the “transaction proposal”) to approve the Membership Interest Purchase Agreement, dated as of April 21, 2026 (as amended or modified from time to time, the “purchase agreement”), among Amneal, Kashiv BioSciences, LLC (“Kashiv”), each of the persons listed on the signature pages thereto under the heading “Sellers” (the “sellers”) and KB Seller Representative, LLC (in its capacity as the representative of the sellers, the “seller representative”), pursuant to which, subject to the terms and conditions set forth therein, Amneal will purchase from the sellers and the sellers will sell, convey, assign, transfer and deliver to Amneal, 100% of the issued and outstanding membership interests of Kashiv (the “Transaction”), and the transactions contemplated thereby, for purposes of complying with the requirements for the “safe harbor” protections of Section 144 of the DGCL and satisfying the related condition contained in the purchase agreement, which is further described in the sections of this proxy statement entitled “The Transaction Proposal (Proposal 1)” and “The Membership Interest Purchase Agreement,” beginning on pages [36](#) and [62](#), respectively; a copy of the purchase agreement is attached to this proxy statement as **Annex A** and is incorporated herein by reference;
- a proposal (the “stock issuance proposal”) to approve the issuance of 28,942,108 shares of Amneal Class A common stock to the sellers in connection with the purchase agreement and the Transaction for purposes of complying with Nasdaq Listing Rule 5635(a)(2) and satisfying the related condition contained in the purchase agreement, which is further described in the sections of this proxy statement entitled “The Transaction Proposal (Proposal 1)” and “The Stock Issuance Proposal (Proposal 2),” beginning on pages [36](#) and [92](#), respectively; and
- a proposal (the “adjournment proposal”) to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the conflicts committee (the “Independent Committee”) of the board of directors of Amneal (the “Amneal Board”), including for the purpose of soliciting additional votes for the approval of the transaction proposal or the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve transaction proposal or the stock issuance proposal, which is further described in the section of this proxy statement entitled “Adjournment Proposal (Proposal 3),” beginning on page [94](#).

At a meeting of the Independent Committee held on April 20, 2026, the Independent Committee, upon consultation with Amneal’s management, with the outside financial advisor and outside legal counsel to the Independent Committee and with the outside legal counsel and other outside advisors to Amneal, and after consideration of various factors (in each case, as more fully described in the accompanying proxy statement), unanimously (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal’s stockholders for approval, (d) recommended that Amneal’s stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance, and (e) recommended that the Amneal Board do each of the foregoing. Certain factors considered by the Independent Committee in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled “The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board,” beginning on page [46](#).

At a meeting of the Amneal Board held on April 20, 2026, the Amneal Board (excluding Chintu Patel, Chirag Patel and Gautam Patel, who did not participate in this portion of such meeting), upon the unanimous recommendation of the Independent Committee, (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal's stockholders for approval, and (d) recommended that Amneal's stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance. Certain factors considered by the Amneal Board in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled "The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board" beginning on page [46](#).

The Independent Committee unanimously recommends that the Amneal stockholders vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.

In addition, the Amneal Board recommends that the Amneal stockholders vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.

At the special meeting, stockholders will also be asked to vote on a proposal to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes for the approval of the transaction proposal and the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal or the stock issuance proposal (the "adjournment proposal"). **The Independent Committee unanimously recommends that the Amneal stockholders vote "FOR" the adjournment proposal. In addition, the Amneal Board recommends that the Amneal stockholders vote "FOR" the adjournment proposal.**

The approval of the transaction proposal by the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal disinterested stockholders entitled to vote as of the close of business on the record date is a condition to the completion of the Transaction. If the Amneal disinterested stockholders fail to approve the transaction proposal, the Transaction cannot occur.

The approval of the stock issuance proposal by the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal stockholders entitled to vote as of the close of business on the record date is a condition to the completion of the Transaction. If the Amneal stockholders fail to approve the stock issuance proposal, the Transaction cannot occur.

Record Date; Stockholders Entitled to Vote (see page [32](#))

Only holders of record of Amneal common stock at the close of business on June 25, 2026, the record date for the special meeting (the "record date"), will be entitled to notice of, and to vote at, the special meeting or any adjournments or postponements of the special meeting.

Holders of record of Amneal common stock are entitled to one vote for each share of Amneal common stock they own of record at the close of business on the record date. At the close of business on the record date, there were 319,331,346 shares of Amneal common stock issued and outstanding, held by approximately 153 holders of record.

Quorum (see page [32](#))

Under Amneal's bylaws, the presence, in person or represented by proxy, at the special meeting of the holders of a majority of the issued and outstanding shares of Amneal stock entitled to vote thereat at the close of business on the record date will constitute a quorum. Virtual attendance at the special meeting constitutes presence in person for purposes of a quorum at the special meeting. There must be a quorum for business (other than the adjournment proposal) to be conducted at the special meeting. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon may adjourn the special meeting from time to time until a quorum is present. Abstentions will be counted as present and entitled to vote for purposes of determining whether a

quorum is present at the special meeting. Pursuant to the New York Stock Exchange rules, which also govern brokers' use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in "street name" do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. As a result, if a beneficial owner of shares of Amneal common stock held in "street name" does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting or counted as present for purposes of determining whether a quorum is present. In the event that a quorum is not present at the special meeting or additional votes must be solicited for the approval of the transaction proposal or the stock issuance proposal, the special meeting may be adjourned or postponed to solicit additional proxies.

Required Vote (see page 32)

The approval of the transaction proposal requires the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal disinterested stockholders entitled to vote as of the close of business on the record date.

The approval of the stock issuance proposal requires the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by Amneal stockholders entitled to vote as of the close of business on the record date.

Approval of the adjournment proposal requires the affirmative vote of the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon.

Voting at the Special Meeting (see page 33)

If your shares are registered directly in your name with Amneal's transfer agent, you are considered a "stockholder of record." Stockholders of record can vote their shares of Amneal common stock in the following four ways:

- **By Internet.** Access the website of Amneal's tabulator, Broadridge Financial Solutions, Inc., at: www.proxyvote.com, using the voter control number printed on the furnished proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your internet vote cannot be completed and you will receive an error message. If you vote on the internet, you may also request electronic delivery of future proxy materials.
- **By Telephone.** Call 1-800-690-6903 toll-free from the U.S., U.S. territories and Canada, and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your telephone vote cannot be completed.
- **By Mail.** Complete and mail a proxy card in the enclosed postage prepaid envelope to Broadridge Financial Solutions, Inc. Your proxy will be voted in accordance with your instructions. If you properly sign and return your proxy card but do not specify how you want your shares voted on any particular matter, they will be voted in accordance with the recommendations of the Independent Committee and the Amneal Board. If you are mailed or otherwise receive or obtain a proxy card or voting instruction form, and you choose to vote by telephone or by internet, you do not have to return your proxy card or voting instruction form.
- **At the Special Meeting.** Visit www.virtualshareholdermeeting.com/AMRX2026SM and enter the 16-digit control number located on your proxy card or in the instructions accompanying your proxy materials.

Even if you plan to attend the special meeting, you are encouraged to submit a proxy in advance by internet, telephone or mail to ensure that your shares will be represented and voted at the special meeting if you later decide not to attend the special meeting. Telephone and internet facilities for the submission of a proxy to vote shares will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on July 30, 2026. Proxy cards must be received no later than July 30, 2026 in order to ensure that your shares are voted.

If your shares are held by your broker, bank or other nominee, you are considered the beneficial owner of shares held in "street name" and you will receive a form from your broker, bank or other nominee seeking instruction from you as to how your shares should be voted. You should instruct your broker, bank or other nominee

how to vote your shares on each proposal in accordance with your voting instruction form. If you beneficially own your shares and receive a voting instruction form, you can vote by following the instructions on your voting instruction form. Please refer to information from your bank, broker or other nominee on how to submit voting instructions.

You may revoke your proxy at any time prior to the vote at the special meeting by (a) sending a written statement to that effect to Amneal's Corporate Secretary, (b) submitting another proxy to vote by internet or telephone, (c) submitting a properly signed proxy card with a later date, or (d) attending the special meeting and voting online. Attendance at the special meeting will not, in and of itself, result in the revocation of a proxy or cause your shares of Amneal common stock to be voted. If you hold shares in "street name," you may submit new voting instructions by contacting your bank, broker or other nominee.

Amneal recommends that you submit a proxy to vote your shares as soon as possible, even if you are planning to attend the special meeting to ensure that your shares are represented and voted at the special meeting and so that the vote count will not be delayed.

Abstentions; Broker Non-Votes; Failure to Vote (see page [32](#))

As the threshold to approve each of the transaction proposal and the stock issuance proposal is based on the number of votes cast by the Amneal stockholders (with respect to the transaction proposal, only votes cast by the Amneal disinterested stockholders) at the special meeting as opposed to the total number of shares of Amneal common stock outstanding, abstaining from voting on the transaction proposal or the stock issuance proposal will not be considered a vote cast on, and will have no effect on, the transaction proposal or the stock issuance proposal. As the threshold to approve the adjournment proposal is based on the shares of Amneal common stock represented by Amneal stockholders present in person or represented by proxy at the special meeting and entitled to vote thereon, abstaining from voting on the adjournment proposal will have the same effect as a vote "AGAINST" the adjournment proposal.

Broker non-votes are shares held in "street name" by brokers, banks and other nominees that are present or represented by proxy at the special meeting, but with respect to which the broker, bank or other nominee is not instructed by the beneficial owner of such shares how to vote on a particular proposal and such broker, bank or other nominee does not have discretionary voting power on such proposal. Pursuant to the New York Stock Exchange rules, which also govern brokers' use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in "street name" do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. If a beneficial owner of shares of Amneal common stock held in "street name" does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting or counted as present for purposes of determining whether a quorum is present. As the threshold to approve each of the transaction proposal and the stock issuance proposal is based on the number of votes cast by the Amneal stockholders (with respect to the transaction proposal, only votes cast by the Amneal disinterested stockholders) at the special meeting as opposed to the total number of shares of Amneal common stock outstanding, if you fail to issue voting instructions to your broker, bank or other nominee, it will have no effect on the outcome of the transaction proposal or the stock issuance proposal. As the threshold to approve the adjournment proposal is based on the shares of Amneal common stock represented by Amneal stockholders present in person or represented by proxy at the special meeting and entitled to vote thereon, if you fail to issue voting instructions to your broker, bank or other nominee, it will have no effect on the outcome of the adjournment proposal.

If you are a stockholder of record and you do not attend the special meeting, sign and return your proxy card by mail or submit your proxy by telephone or over the internet, your shares will not be voted at the special meeting, and will not be counted as present in person or represented by proxy at the special meeting for purposes of determining whether a quorum is present and therefore will not be considered a vote cast on, and will have no effect on, the transaction proposal, the stock issuance proposal or the adjournment proposal.

If no instruction as to how to vote is given (including no instruction to abstain from voting) in an executed, duly returned and not revoked proxy, the proxy will have the same effect as a vote "FOR" each of the transaction proposal, the stock issuance proposal and the adjournment proposal.

Solicitation of Proxies (see page [34](#))

The Amneal Board is soliciting your proxy, and Amneal will bear the cost of soliciting proxies. Innisfree M&A Incorporated (“Innisfree”) has been retained to assist with the solicitation of proxies. Innisfree will be paid a fee not to exceed \$112,500 and will be reimbursed for certain fees and expenses for these and other advisory services in connection with the special meeting. Solicitation initially will be made by mail. Forms of proxies and proxy materials may also be distributed through brokers, banks and other nominees to the beneficial owners of shares of Amneal common stock, in which case these parties will be reimbursed for their reasonable out-of-pocket expenses. Proxies may also be solicited in person or by telephone, facsimile, electronic mail or other electronic medium by Innisfree or, without additional compensation, by certain of Amneal’s directors, officers and employees.

Adjournment (see page [34](#))

In addition to the transaction proposal and the stock issuance proposal, Amneal stockholders are also being asked to approve the adjournment proposal, which will enable the adjournment of the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes in favor of the transaction proposal and the stock issuance proposal. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon may adjourn the special meeting from time to time until a quorum is present. At any such adjourned meeting at which a quorum may be present, any business may be transacted which might have been transacted at the meeting as originally called. If the adjournment is for more than 30 days, or if, after the adjournment, a new record date is fixed for the adjourned special meeting, a notice of the adjourned special meeting will be given to each stockholder of record entitled to vote at the special meeting. In addition, the special meeting could be postponed before it commences, subject to the terms of the purchase agreement. If the special meeting is adjourned or postponed, stockholders who have already submitted their proxies will be able to revoke them at any time prior to the final vote on the proposals. If you return a proxy and do not indicate how you wish to vote on the adjournment proposal, your shares will be voted in favor of the adjournment proposal.

SUMMARY OF THE TRANSACTION

The rights and obligations of the parties to the purchase agreement are governed by the specific terms and conditions of the purchase agreement and not by any summary or other information in this proxy statement. Therefore, the information in this proxy statement regarding the purchase agreement and the Transaction is qualified in its entirety by reference to the purchase agreement, a copy of which is attached as **Annex A** to this proxy statement and is incorporated herein by reference. You are encouraged to read the purchase agreement carefully and in its entirety because it is the principal legal agreement that governs the Transaction. Certain terms used in this “Summary of the Transaction” are defined in the section of this proxy statement titled “The Transaction Proposal (Proposal 1)” or “The Membership Interest Purchase Agreement”.

Structure of the Transaction (see page [36](#) for the full description)

Upon the terms and subject to the conditions of the purchase agreement, at the closing, Amneal will purchase, and each seller will sell, convey, assign, transfer and deliver to Amneal, the Kashiv membership interests held by such seller, free and clear of all encumbrances, other than encumbrances imposed by applicable securities laws.

Transaction Consideration (see page [17](#) for the full description)

In consideration for the sale and transfer of the Kashiv membership interests and each seller’s agreement to be bound by the terms of the purchase agreement, (i) at the closing, Amneal will deliver or cause to be delivered to the sellers (to be allocated by the seller representative among the sellers in accordance with an allocation schedule to be delivered by the seller representative to Amneal prior to the closing (the “allocation schedule”)) (a) an aggregate amount in cash equal to \$375,000,000, subject to certain adjustments including for cash, the funding of operations between signing and closing (subject to a cap equal to the product of \$20,000,000 and the number of months (including prorated months) between signing and closing), indebtedness, transaction expenses and working capital fluctuations (relative to a target), and (b) 28,942,108 shares of Amneal Class A common stock, free and clear of all encumbrances, other than encumbrances arising under applicable securities laws; (ii) following the closing, the sellers will be eligible to receive up to an additional \$350,000,000 in potential contingent cash payments from Amneal upon the achievement of certain regulatory milestones in the United States for up to six designated Kashiv product candidates; and (iii) during the 12-year period following the closing, the sellers will be eligible to receive certain potential contingent cash royalty payments from Amneal equal to 25% of the amount by which annual aggregate gross profits for certain products exceed specified gross profit hurdle amounts for the corresponding annual royalty period.

Recommendation of the Independent Committee (see page [30](#) for the full description)

At a meeting of the Independent Committee held on April 20, 2026, the Independent Committee, upon consultation with Amneal’s management, with the outside financial advisor and outside legal counsel to the Independent Committee, and with the outside legal counsel and other outside advisors to Amneal, and after consideration of various factors (in each case, as more fully described in the accompanying proxy statement), unanimously (a) determined that the purchase agreement and such ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance, be submitted to Amneal’s stockholders for approval, (d) recommended that Amneal’s stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction (such recommendation, the “Independent Committee recommendation”), and (ii) the stock issuance, and (e) recommended that the Amneal Board do each of the foregoing. Certain factors considered by the Independent Committee in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled “The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board” beginning on page [46](#).

The Independent Committee unanimously recommends that Amneal stockholders vote:

- “FOR” the transaction proposal;
- “FOR” the stock issuance proposal; and
- “FOR” the adjournment proposal.

Recommendation of the Amneal Board (see page [31](#) for the full description)

At a meeting of the Amneal Board held on April 20, 2026, the Amneal Board (excluding Chintu Patel, Chirag Patel and Gautam Patel, who did not participate in this portion of such meeting), upon the unanimous recommendation of the Independent Committee, (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance, be submitted to Amneal’s stockholders for approval, and (d) recommended that Amneal’s stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance (such recommendation, the “Amneal Board recommendation”). Certain factors considered by the Amneal Board in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled “The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board” beginning on page [46](#).

The Amneal Board recommends that Amneal stockholders vote:

- “FOR” the transaction proposal;
- “FOR” the stock issuance proposal; and
- “FOR” the adjournment proposal.

Opinion of Financial Advisor to the Independent Committee (see page [50](#) for the full description)

At the meeting of the Independent Committee on April 20, 2026, Goldman Sachs & Co. LLC (“Goldman Sachs”) delivered its oral opinion to the Independent Committee that, as of the date of its opinion and based upon and subject to the factors and assumptions set forth therein, the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement was fair from a financial point of view to Amneal. Goldman Sachs confirmed its oral opinion by delivering its written opinion, dated April 21, 2026, to the Independent Committee that, as of such date and based upon and subject to the factors and assumptions set forth therein, the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement was fair from a financial point of view to Amneal.

The full text of the written opinion of Goldman Sachs, dated April 21, 2026, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex D. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Independent Committee in connection with its consideration of the Transaction. Goldman Sachs’ opinion is not a recommendation as to how any holder of Amneal common stock should vote with respect to the Transaction or any other matter. Pursuant to an engagement letter between Amneal, the Independent Committee and Goldman Sachs, Amneal has agreed to pay Goldman Sachs a total of \$15 million in fees, \$12.5 million of which is contingent upon consummation of the Transaction.

Interests of Amneal’s Executive Officers and Directors in the Transaction (see page [58](#) for the full description)

In considering the recommendations of the Independent Committee and the Amneal Board that you vote to approve the transaction proposal and the stock issuance proposal, you should be aware that, aside from their interests as Amneal stockholders, certain Amneal directors and executive officers may have interests in the Transaction that are different from, or in addition to, the interests of Amneal stockholders generally, which may create potential

conflicts of interest. These interests are described in more detail below in the section of this proxy statement entitled “*The Transaction Proposal (Proposal 1) – Interests of Amneal’s Executive Officers and Directors in the Transaction*” beginning on page [58](#). Each of the Independent Committee and the Amneal Board was aware of these interests and considered them when it approved the purchase agreement, the Transaction and the stock issuance.

Chirag Patel, President and Co-Chief Executive Officer of Amneal and a member of the Amneal Board, Chintu Patel, Co-Chief Executive Officer of Amneal and a member of the Amneal Board, and Gautam Patel, a member of the Amneal Board, each serve on the board of managers of Kashiv and beneficially own, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of their immediate families, outstanding equity securities of Kashiv. In addition, Chirag Patel, Chintu Patel, Gautam Patel, Ted Nark and Shlomo Yanai have been designated as members of the Amneal Board by the Amneal Group (which, together with their affiliates and certain assignees, owned Amneal when it was a private company). Certain other members of the Amneal Group and their affiliates are sellers and equityholders of Kashiv (though neither of Messrs. Nark and Yanai are sellers or equityholders of Kashiv).

In addition, Mr. Gautam Patel, a member of the Amneal Board, is a managing director of Tarsadia Investments, which is an affiliate of each of the Amneal Group, Kashiv, and the sellers.

As discussed in “*The Transaction – Background of the Transaction*” beginning on page [36](#), pursuant to the authority delegated to the Independent Committee, set forth in Section IV of the charter of the Independent Committee, the Independent Committee has the authority to review and approve, among other things, any related person transaction. On June 25, 2025, the Amneal Board adopted resolutions delegating to the Independent Committee the sole and exclusive power and authority, to the fullest extent permissible by the DGCL, to exercise all of the authority of the Amneal Board with respect to the review, consideration, negotiation, approval, recommendation, rejection, non-approval and non-recommendation of a potential transaction to acquire Kashiv.

Additional information regarding the material business and other relationships of the executive officers and directors of Amneal with Kashiv is described in Amneal’s Proxy Statement for its 2026 annual meeting of stockholders on Schedule 14A, which is incorporated by reference into this proxy statement, and the table of the beneficial ownership of certain beneficial owners and management in this proxy statement. See “Where You Can Find Additional Information” beginning on page [133](#) of this proxy statement and “Security Ownership of Certain Beneficial Owners and Management” beginning on page [128](#) of this proxy statement.

Financing of the Transaction (see page [58](#) for the full description)

Amneal’s obligation to consummate the Transaction is not subject to any financing condition. Amneal has represented to the sellers in the purchase agreement that Amneal will have at the closing sufficient unrestricted cash on hand or other sources of immediately available funds to enable it to make payment of the cash consideration due to the sellers at the closing.

Regulatory Approvals Required for the Transaction (see page [58](#) for the full description)

Under the purchase agreement and subject to certain limitations, each party has agreed to use its commercially reasonable efforts to, among other things, promptly consummate and make effective the transactions contemplated by the purchase agreement. Completion of the Transaction is conditioned upon, among other things, (x) the expiration or termination of the waiting period (and any extension thereof) applicable to the consummation of the Transaction under the HSR Act (the “HSR Act Condition”) and the receipt of certain regulatory approvals under applicable Indian law (the “India Conditions”).

Under the HSR Act, the Transaction may not be completed until notifications have been filed with and certain information has been furnished to the Antitrust Division of the U.S. DOJ and the U.S. FTC and all statutory waiting period requirements have been satisfied. Amneal and Kashiv made the necessary filings required to be made under the HSR Act effective as of May 19, 2026. In addition, required regulatory approvals under Indian law will be sought in connection with the transaction. Specifically, the Transaction may not be completed until the parties receive prior written unconditional approval from the Department of Pharmaceuticals, Government of India under the (Indian) Foreign Exchange Management Act 1999 (“FEMA”). Kashiv submitted an application for prior written unconditional approval of the Transaction from the Department of Pharmaceuticals, Government of India under FEMA on June 15, 2026.

Material U.S. Federal Income Tax Consequences of the Transaction

There are no material U.S. federal income tax consequences to Amneal stockholders in their capacities as such that will result from the Transaction and the issuance of Amneal Class A common stock to the sellers pursuant to the Transaction.

Expected Timing of the Transaction

Amneal expects to complete the Transaction during the second half of 2026. The Transaction is subject to HSR Act clearance, certain Indian law approvals and various other conditions, and it is possible that factors outside of the control of Amneal or the sellers could result in the Transaction being completed at a later time, or not at all. There may be a substantial amount of time between the special meeting and the completion of the Transaction. Amneal expects to complete the Transaction promptly following the receipt of all required clearances and approvals and the satisfaction or, to the extent permitted, waiver of the other conditions to the consummation of the Transaction.

Specific Performance (see page 89)

Each of the parties has agreed that the other party will be entitled to an injunction or injunctions to prevent breaches of any of the terms or provisions of the purchase agreement, and to enforce specifically the performance by such first party under the purchase agreement, and each party has agreed to waive the defense in any such suit that the other party has an adequate remedy at law, and agreed to waive any requirement to post any bond in connection with obtaining such relief.

The purchase agreement provides that the purchase agreement may be terminated and the transactions contemplated thereby may be abandoned:

- at any time prior to the closing date, by mutual written consent of the seller representative and Amneal;
- by either Amneal or the seller representative by written notice to the other party, if the closing has not taken place on or before November 17, 2026 (the “outside date”), or such later date as the seller representative and Amneal may agree to in writing if the closing will not have been consummated by the outside date; provided, that the outside date will automatically extend to January 12, 2027 if any of the HSR Act Condition, the India Conditions or the ISRA Condition have not yet been satisfied and all other closing conditions have been satisfied or waived (other than those conditions that by their terms are to be satisfied or waived at the closing and that would have been satisfied or waived if the closing were to have occurred on the outside date); provided, further, that such right to terminate the purchase agreement will not be available to any party whose breach of any representation, warranty or covenant caused the failure of the closing to be consummated by such time;
- by the seller representative if Amneal breaches in any material respect any of its representations or warranties or covenants contained in the purchase agreement, which breach (i) would render a condition precedent to Kashiv’s and the sellers’ obligations to consummate the transactions contemplated by the purchase agreement not capable of being satisfied prior to the outside date (as may be extended pursuant to the purchase agreement), and (ii) after the giving of written notice of such breach to Amneal by the seller representative, cannot be cured or has not been cured by the earlier of the outside date (as may be extended pursuant to the purchase agreement) and five business days after the delivery of such notice (as may be extended by the seller representative);
- by Amneal if any seller or Kashiv or the seller representative breaches in any material respect any of their respective representations or warranties contained in the purchase agreement or breaches or fails to perform in any material respect any of their respective covenants or obligations contained in the purchase agreement, which breach or failure to perform (i) would render a condition precedent to Amneal’s obligations to consummate the transactions contemplated by the purchase agreement not capable of being satisfied prior to the outside date (as may be extended pursuant to the purchase agreement), and (ii) after the giving of written notice of such breach or failure to perform to the seller representative by Amneal, cannot be cured or has not been cured by the earlier of the outside date (as may be extended pursuant to the purchase agreement) and five business days after the delivery of such notice (as may be extended by Amneal);
- by Amneal or the seller representative, if any governmental authority shall have (i) issued an order, decree, ruling or taken any other action restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated by the purchase agreement and such order, decree, ruling or other action shall have become final and non-appealable or (ii) enacted, entered or enforced any law that permanently prohibits, makes illegal or enjoins the transactions contemplated by the purchase agreement;
- by either the seller representative or Amneal if the special meeting shall have concluded and the Amneal stockholder approval shall not have been obtained; or
- by the seller representative prior to the receipt of the Amneal stockholder approval in the event that the Independent Committee makes a buyer adverse recommendation change (as defined in the section entitled “*The Membership Interest Purchase Agreement – Amneal Stockholder Meeting and Related Actions*”).

Assignment (see page [91](#))

The purchase agreement generally prohibits each party from assigning the purchase agreement without the prior written consent of the other parties, except that (a) any seller may assign its rights to any economic consideration without Amneal’s consent (but subject to written notice thereof to Amneal), (b) any party may assign its rights and obligations in connection with a sale of all or substantially all of its assets or in connection with a merger or similar transaction in which such party is not the surviving entity (but subject to written notice thereof to the other parties), and (c) Amneal may (i) assign its rights to acquire the Kashiv membership interests to one or more of its subsidiaries, in each case, without the consent of the other parties (but subject to prior written notice thereof to the other parties) and (ii) collaterally assign any or all of its rights and interests under the purchase agreement to any of its lender(s) or noteholder(s) (or any agent or trustee on behalf of any such lender(s) or noteholder(s)). Subject to specified exceptions in the purchase agreement, an assignment of the purchase agreement will not relieve the assigning party of its obligations under the purchase agreement.

On May 24, 2026, Amneal, Amneal Pharmaceuticals LLC, a Delaware limited liability company and wholly owned subsidiary of Amneal (“Amneal LLC”), Kashiv and the seller representative entered into an assignment and assumption agreement, pursuant to which, without relieving any of Amneal’s obligations under the purchase agreement, Amneal assigned to Amneal LLC (i) Amneal’s rights to acquire the Kashiv membership interests and (ii) Amneal’s obligation to make the cash payments required under the purchase agreement.

Restrictive Covenants Agreements (see page [95](#))

In connection with the execution of the purchase agreement, Amneal entered into restrictive covenants agreements with each of Chirag Patel and Chintu Patel (each, an “RCA person”), pursuant to which each RCA person has agreed, among other things, during the period from the closing until the fifth anniversary thereof, not to, subject to certain exceptions, without the prior written consent of Amneal, (a) invest in, acquire, own, manage, control, undertake, participate in, carry on or be engaged in the operation of any business that is competitive with the business of Kashiv or (b) solicit, recruit or hire, or attempt to recruit or hire, certain employees of Amneal and its subsidiaries. For further information, see the section entitled “*Agreements Related to the Transaction — Restrictive Covenants Agreements*”.

Amendment to the Stockholders Agreement (see page [95](#))

In connection with the purchase agreement, Amneal has agreed to enter into, substantially concurrently with the closing, the amendment to the Amneal stockholders agreement with Vikram Patel, in his capacity as the Amneal group representative and the other parties that will be named therein, pursuant to which Amneal and the Amneal group representative will agree, among other things, to amend the definition of “Amneal Group” and “Amneal Group Member” (in each case, as defined in the Amneal stockholders agreement). For further information, see the section entitled “*Agreements Related to the Transaction – Amendment to the Stockholders Agreement*”.

Assuming timely satisfaction of necessary closing conditions, including the approval of the transaction proposal and the stock issuance proposal, the parties expect to complete the Transaction during the second half of 2026. Amneal expects to complete the Transaction promptly following the receipt of all required clearances and approvals and the satisfaction or, to the extent permitted, waiver of the other conditions to the consummation of the Transaction.

TABLE OF CONTENTS

Q. What happens if the Transaction is not approved by the Amneal stockholders or not completed for any other reason?

- A. If the transaction proposal and the stock issuance proposal are not approved by the Amneal stockholders, or if the Transaction is not completed for any other reason, Amneal will not acquire Kashiv, will not issue any stock or pay any cash as consideration for the acquisition, and will continue to operate in the ordinary course.

Q. How are Amneal's directors and executives intending to vote?

- A. As of June 15, 2026, the directors and executive officers of Amneal (either directly or through their affiliates), collectively, beneficially owned and were entitled to vote 54,490,836 shares of Amneal common stock, representing approximately 17.06% of the shares of Amneal common stock outstanding on that date. Amneal currently expects that these directors and executive officers will vote such shares of Amneal common stock in favor of the foregoing proposals, although none of them has entered into any agreement obligating them to do so.

Q. Do any of Amneal's directors or executive officers have interests in the Transaction that may differ from or be in addition to my interests as a stockholder?

- A. Yes. In considering the recommendations of the Independent Committee and the Amneal Board with respect to the transaction proposal and stock issuance proposal, you should be aware that Amneal's directors and executive officers may have interests in the Transaction that are different from, or in addition to, the interests of Amneal's stockholders generally. Each of the Independent Committee and the Amneal Board was aware of and considered these differing or additional interests, to the extent such interests existed at the time, among other matters, in evaluating and negotiating the purchase agreement and the Transaction, and in recommending that the purchase agreement and the stock issuance be approved by Amneal stockholders. See the section of this proxy statement entitled "The Transaction Proposal (Proposal 1) – Interests of Amneal's Executive Officers and Directors in the Transaction."

Q. Why am I being asked to consider and vote on the transaction proposal and the stock issuance proposal?

- A. You are being asked to consider and vote on the transaction proposal and the stock issuance proposal because, pursuant to the terms of the purchase agreement, the consummation of the Transaction is conditioned upon the receipt of (1) the approval of the purchase agreement and the transactions contemplated thereby, including the Transaction, by a majority of the votes cast by the Amneal disinterested stockholders (such approval, the "transaction approval") and (2) the approval of the stock issuance by a majority of the votes cast by holders of Amneal Class A common stock (the "stock issuance approval").

Although the receipt of the transaction approval is not required to authorize the purchase agreement or the transactions contemplated thereby, including the Transaction, under Delaware law or applicable Nasdaq rules or regulations, the parties agreed, as part of the Transaction negotiations, to condition the consummation of the Transaction on the receipt of the transaction approval. During such negotiations, the Independent Committee proposed the inclusion of this condition based on, among other things, the Independent Committee's belief that it is important for the Amneal disinterested stockholders to have the ability to approve or disapprove of the Transaction and that conditioning the Transaction on the receipt of the transaction approval would help ensure that the terms of the Transaction are fair to and in the best interests of Amneal and its stockholders, including the Amneal disinterested stockholders.

In addition, the receipt of the transaction approval is intended to comply with the requirements for the "safe harbor" protections of Section 144 of the DGCL. Section 144 of the DGCL provides, in relevant part, that certain transactions with directors or officers (or entities in which they serve as directors or officers or have a financial interest) or with controlling stockholders (or control groups) of a corporation may not be the subject of equitable relief, or give rise to an award of damages, against a director, officer, controlling stockholder or member of a control group by reason of a claim based on a breach of fiduciary duty by a director, officer, controlling stockholder or member of a control group if certain requirements are met. With respect to a controlling stockholder transaction (other than a going-private transaction), Section 144(b) of the DGCL provides that the safe harbor protections will apply if:

- the material facts as to such controlling stockholder transaction (including the controlling stockholder's or control group's interest therein) are disclosed or are known to all members of a committee of the board of

TABLE OF CONTENTS

directors to which the board has expressly delegated the authority to negotiate (or oversee the negotiation of) and to reject such controlling stockholder transaction, and such controlling stockholder transaction is approved (or recommended for approval) in good faith and without gross negligence by a majority of the disinterested directors then serving on the committee, provided that the committee consists of two or more directors, each of whom the board of directors has determined to be a disinterested director with respect to the controlling stockholder transaction;

- such controlling stockholder transaction is conditioned, by its terms, as in effect at the time it is submitted to stockholders for their approval or ratification, on the approval of or ratification by disinterested stockholders, and such controlling stockholder transaction is approved or ratified by an informed, uncoerced, affirmative vote of a majority of the votes cast by the disinterested stockholders; or
- such controlling stockholder transaction is fair as to the corporation and the corporation's stockholders.

The approval of the purchase agreement, the Transaction and other transactions by the Independent Committee, and the receipt of the transaction approval, are separate independent bases that are intended to comply with the requirements for the "safe harbor" protections of Section 144 of the DGCL.

Pursuant to the purchase agreement, at the closing, Amneal will (i) pay the sellers \$375,000,000 in cash and (ii) issue to the sellers 28,942,108 shares of Amneal Class A common stock. Under the applicable rules of Nasdaq described below, we may not issue such shares without first obtaining the stock issuance approval from our stockholders. Accordingly, the purchase agreement provides that the consummation of the Transaction is conditioned on the receipt of the stock issuance approval.

Amneal's Class A common stock is listed on the Nasdaq Capital Market and, as such, Amneal is subject to the applicable rules of Nasdaq, including Nasdaq Rule 5635(a)(2). Pursuant to Nasdaq Listing Rule 5635(a)(2), stockholder approval is required prior to the issuance of securities in connection with the acquisition of the stock or assets of another company if (1) any director, officer, or Substantial Shareholder (as defined by Nasdaq Rule 5635(e)(3)) has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in such other company or assets to be acquired or in the consideration to be paid in the transaction or series of related transactions and (2) the present or potential issuance of common stock, or securities convertible into or exercisable for common stock, could result in an increase in outstanding common shares or voting power of 5% or more.

Chirag Patel is the President and Co-Chief Executive Officer of Amneal, a member of the Amneal Board and a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv. Chintu Patel is the Co-Chief Executive Officer of Amneal, a member of the Amneal Board and a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv. Tushar Patel is a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv.

In addition, Chirag Patel, Chintu Patel, Tushar Patel, Gautam Patel, a member of the Amneal Board, and Dipan Patel, a Substantial Shareholder of Amneal, collectively have a 10% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of their immediate families, in Kashiv.

Also, the issuance of 28,942,108 shares of Amneal Class A common stock to the sellers in connection with the purchase agreement and the Transaction will result in an increase in outstanding Amneal Class A common stock outstanding or the voting power of 5% or more in Amneal.

As a result of the foregoing facts and circumstances, the parties agreed under the purchase agreement to condition the consummation of the Transaction on the receipt of the stock issuance approval and Amneal is seeking the stock issuance approval.

The Transaction will not be completed if either of the transaction approval or the stock issuance approval is not obtained.

TABLE OF CONTENTS

Q. What effect will the consummation of the Transaction have on the ownership and board representation of the Amneal Group?

- A. Certain members of the Amneal Group and their affiliates are sellers and equityholders of Kashiv. See the section of this proxy statement entitled “The Transaction Proposal (Proposal 1) – Interests of Amneal’s Executive Officers and Directors in the Transaction.” As a result, the consummation of the Transaction will result in an increase in the beneficial ownership by the Amneal Group of the outstanding shares of Amneal.

Should the Amneal Group beneficially own more than 50% of the outstanding shares of Amneal, the Amneal Group would have the right to designate for nomination the lowest number of designees that constitute a majority of the total number of directors comprising the Amneal Board. Amneal would cause such nominee(s) to be included in any slate of nominees recommended by the Amneal Board to the stockholders of Amneal for election.

Should the Amneal Group beneficially own more than 50% of the outstanding shares of Amneal, the Amneal Group Directors (as defined in the Amneal stockholders agreement) would have the right to designate the Chairman or Co-Chairmen (in each case, as defined in the Amneal stockholders agreement) of the Amneal Board, and the Non-Amneal Group Directors (as defined in the Amneal stockholders agreement) would have the right to designate a lead Independent Director (as defined in the Amneal stockholders agreement) of the Amneal Board (which right the Non-Amneal Group Directors currently have not exercised because the Amneal Board is currently led by a Chairman that is independent under Nasdaq rules).

Assuming the Amneal Group does not acquire any additional shares of Amneal common stock other than in connection with the Transaction, and assuming there are no reductions in the issued and outstanding shares of Amneal as a result of repurchases, redemptions or other similar transactions, the consummation of the Transaction will not result in the Amneal Group holding more than 50% of the issued and outstanding shares of Amneal common stock and thus will not result in the Amneal Group being entitled to designate for nomination any additional designees to the Amneal Board or designate the Chairman or Co-Chairmen of the Amneal Board.

Q. Who is soliciting my vote? Who will pay for the cost of this proxy solicitation?

- A. The Amneal Board is soliciting your proxy, and Amneal will bear the cost of soliciting proxies.

Innisfree has been retained to assist with the solicitation of proxies. Innisfree will be paid a fee not to exceed \$112,500 and will be reimbursed for certain fees and expenses for these and other advisory services in connection with the special meeting. Solicitation initially will be made by mail. Forms of proxies and proxy materials may also be distributed through brokers, banks and other nominees to the beneficial owners of shares of Amneal common stock, in which case these parties will be reimbursed for their reasonable out-of-pocket expenses. Proxies may also be solicited in person or by telephone, facsimile, electronic mail, or other electronic medium by Innisfree or, without additional compensation, by certain of Amneal’s directors, officers and employees.

Q. What do I need to do now? If I am going to attend the special meeting, should I still submit a proxy?

- A. Please carefully read and consider the information contained in and incorporated by reference into this proxy statement, including the attached annexes, in each case in their entirety. Whether or not you expect to attend the special meeting online, Amneal requests that you submit a proxy to vote your shares as promptly as possible to ensure that your shares may be represented and voted at the special meeting.

Q. How do I vote if my shares are registered directly in my name?

- A. If your shares are registered directly in your name with Amneal’s transfer agent, you are considered a “stockholder of record.” Stockholders of record can vote their shares of Amneal common stock in the following four ways:
- **By Internet.** Access the website of Amneal’s tabulator, Broadridge Financial Solutions, Inc., at: www.proxyvote.com, using the voter control number printed on the furnished proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your internet vote cannot be completed and you will receive an error message. If you vote on the internet, you may also request electronic delivery of future proxy materials.

TABLE OF CONTENTS

- **By Telephone.** Call 1-800-690-6903 toll-free from the U.S., U.S. territories and Canada, and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your telephone vote cannot be completed.
- **By Mail.** Complete and mail a proxy card in the enclosed postage prepaid envelope to Broadridge Financial Solutions, Inc. Your proxy will be voted in accordance with your instructions. If you properly sign and return your proxy card but do not specify how you want your shares voted on any particular matter, they will be voted in accordance with the recommendations of the Independent Committee and the Amneal Board. If you are mailed or otherwise receive or obtain a proxy card or voting instruction form, and you choose to vote by telephone or by internet, you do not have to return your proxy card or voting instruction form.
- **At the Special Meeting.** Visit www.virtualshareholdermeeting.com/AMRX2026SM and enter the 16-digit control number located on your proxy card or in the instructions accompanying your proxy materials.

Q. How do I vote if my shares are held in the name of my broker, bank or other nominee?

- A. If your shares are held by your broker, bank or other nominee, you are considered the beneficial owner of shares held in “street name” and you will receive a form from your broker, bank or other nominee seeking instruction from you as to how your shares should be voted. You should instruct your broker, bank or other nominee how to vote your shares on each proposal in accordance with your voting instruction form. If you beneficially own your shares and receive a voting instruction form, you can vote by following the instructions on your voting instruction form. Please refer to information from your bank, broker or other nominee on how to submit voting instructions.

Q. What is a proxy?

- A. A proxy is your legal designation of another person, referred to as a “proxy,” to vote your shares of Amneal common stock. The written document describing the matters to be considered and voted on at the special meeting is called a “proxy statement.” The document used to designate a proxy to vote your shares of Amneal common stock is called a “proxy card.”

Q. If a stockholder gives a proxy, how are the shares voted?

- A. Regardless of the method you choose to vote, the individuals named on the enclosed proxy card, or your proxies, will vote your shares in the way you indicate. When submitting a proxy by mail, internet or telephone, you may specify whether your shares would be voted “FOR” or “AGAINST” or to abstain from voting on all, some or none of the proposals to come before the special meeting.

If you properly sign and return your proxy card or submit your proxy by telephone or through the internet but do not include instructions on how your shares should be voted on a matter, the shares represented by your properly signed proxy will be voted as recommended by the Independent Committee and the Amneal Board with respect to the transaction proposal, the stock issuance proposal and the adjournment proposal and, accordingly, will have the same effect as a vote “FOR” each such proposal.

Q. Can I change or revoke my proxy after it has been submitted?

- A. Yes. You can change or revoke your proxy at any time before the final vote at the special meeting. If you are the stockholder of record, you may change or revoke your proxy by:
- sending a written statement to that effect to Amneal’s Corporate Secretary, which statement must be received no later than July 30, 2026;
 - submitting a new proxy by internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Time) on July 30, 2026;
 - submitting a properly signed proxy card with a later date; or
 - attending the special meeting and voting online.

If you hold shares in “street name,” you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy at the special meeting.

TABLE OF CONTENTS

If you submit a proxy or provide instructions to vote your shares and do not thereafter revoke such proxy or change such instructions in accordance with one of the methods set forth above, your shares will be represented and voted at the special meeting in accordance with your instructions. Attendance at the special meeting will not, in and of itself, result in the revocation of a proxy or cause your shares of Amneal common stock to be voted.

Q. How many shares of Amneal common stock must be present to constitute a quorum for the special meeting? What if there is no quorum?

- A. Under Amneal's bylaws, the presence, in person or represented by proxy, at the special meeting of the holders of a majority of the issued and outstanding shares of Amneal stock entitled to vote thereat at the close of business on the record date will constitute a quorum. Virtual attendance at the special meeting constitutes presence in person for purposes of a quorum at the special meeting. There must be a quorum for business (other than the adjournment proposal) to be conducted at the special meeting. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the votes entitled to be cast by the Amneal stockholders who are present in person or represented by proxy may adjourn the special meeting to another time and/or place from time to time until a quorum is present. Abstentions will be counted as present and entitled to vote for purposes of determining whether a quorum is present at the special meeting. Pursuant to the New York Stock Exchange rules, which also govern brokers' use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in "street name" do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. As a result, if a beneficial owner of shares of Amneal common stock held in "street name" does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting or counted as present for purposes of determining whether a quorum is present. In the event that a quorum is not present at the special meeting or additional votes must be solicited to approve the transaction proposal or the stock issuance proposal, the special meeting may be adjourned or postponed to solicit additional proxies.

If the adjournment is for more than 30 days, or if, after the adjournment, a new record date is fixed for the adjourned special meeting, a notice of the adjourned special meeting will be given to each stockholder of record entitled to vote at the special meeting.

As of the close of business on the record date, there were 319,331,346 shares of Amneal common stock outstanding. Accordingly, holders of record of at least 159,665,674 shares of Amneal common stock must be present in person or represented by proxy at the special meeting to constitute a quorum.

Q. What if I abstain from voting on any proposal?

- A. If you attend the special meeting or if you submit (and do not thereafter revoke) a proxy by duly executing and returning a proxy card, by telephone or through the internet, even if you abstain from voting, your shares of Amneal common stock will still be counted for purposes of determining whether a quorum is present at the special meeting. If you abstain from voting at the special meeting or mark "ABSTAIN" on your proxy card or otherwise indicate that you are abstaining from voting when you submit your proxy by telephone or through the internet, your abstention from voting will not be considered a vote cast on, and will have no effect on, the transaction proposal or the stock issuance proposal. Abstaining from voting on the adjournment proposal will have the same effect as a vote "AGAINST" the adjournment proposal.

Q. Will my shares be voted if I do not sign and return my proxy card, submit a proxy to vote by telephone or over the internet or attend and vote at the special meeting?

- A. If you are a stockholder of record of Amneal and you do not attend the special meeting, sign and return your proxy card by mail, or submit your proxy by telephone or over the internet, your shares will not be voted at the special meeting and will not be counted as present for purposes of determining whether a quorum is present. The failure to submit a proxy or otherwise attend and vote your shares at the special meeting will have no effect on the outcome of the transaction proposal, stock issuance proposal and the adjournment proposal as the threshold to approve the transaction proposal is based on a majority of votes cast by the Amneal disinterested stockholders at the special meeting and the threshold to approve the stock issuance proposal is based on a majority of votes cast by Amneal stockholders at the special meeting (and the vote to approve the adjournment proposal is based on the holders of a majority of the votes entitled to be cast by the Amneal stockholders who are present in person or represented by proxy).

TABLE OF CONTENTS

If no instruction as to how to vote is given (including no instruction to abstain from voting) in an executed, duly returned and not revoked proxy, the proxy will have the same effect as a vote “FOR” each of the transaction proposal, the stock issuance proposal and the adjournment proposal.

Q. What is a broker non-vote?

- A. Broker non-votes are shares held in “street name” by brokers, banks and other nominees that are present in person or represented by proxy at the special meeting, but with respect to which the broker, bank or other nominee is not instructed by the beneficial owner of such shares how to vote on a particular proposal and such broker, bank or other nominee does not have discretionary voting power on such proposal. Pursuant to the New York Stock Exchange rules, which also govern brokers’ use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in “street name” do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. If a beneficial owner of shares of Amneal common stock held in “street name” does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting.

The failure to issue voting instructions to your broker, bank or other nominee will have no effect on the outcome of the transaction proposal, the stock issuance proposal or the adjournment proposal given the vote to approve the transaction proposal is based on a majority of votes cast by the Amneal disinterested stockholders at the special meeting, the vote to approve the stock issuance proposal is based on a majority of votes cast by Amneal stockholders at the special meeting and the vote to approve the adjournment proposal is based on the holders of a majority of the votes entitled to be cast by the Amneal stockholders who are present in person or represented by proxy at the special meeting.

Q. Will my shares held in “street name” or another form of record ownership be combined for voting purposes with shares I hold of record?

- A. No. Because any shares you may hold in “street name” will be deemed to be held by a different stockholder than any shares you hold of record, any shares held in “street name” will not be combined for voting purposes with shares you hold of record. Similarly, if you own shares in various registered forms, such as jointly with your spouse, as trustee of a trust or as custodian for a minor, you will receive, and will need to sign and return, a separate proxy card (or submit a proxy by telephone or through the internet) for each of those shares because they are held in a different form of record ownership. Shares held by a corporation or business entity must be voted by an authorized officer of the entity. Shares held in an individual retirement account must be voted under the rules governing the account.

Q. Am I entitled to exercise appraisal rights under the DGCL?

- A. Amneal’s stockholders are not entitled to appraisal rights under the DGCL in connection with the Transaction or stock issuance proposal.

Q. What does it mean if I get more than one proxy card or voting instruction form?

- A. If your shares are registered differently or are held in more than one account, you will receive more than one proxy card or voting instruction form. Please complete and return all of the proxy cards or voting instruction forms you receive (or submit each of your proxies over the internet or by telephone) to ensure that all of your shares are voted.

Q. What is householding and how does it affect me?

- A. The SEC’s proxy rules permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement to those stockholders. This process, which is commonly referred to as “householding,” provides cost savings for companies. Amneal has adopted “householding” and delivered a single copy of the proxy materials to multiple stockholders who share the same address, unless Amneal has received contrary instructions from one or more of such stockholders. This procedure reduces printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, Amneal will deliver promptly a separate copy of the proxy materials

to any stockholder at a shared address to which Amneal delivered a single copy of any of these materials. This request may be submitted by writing or calling as follows: Amneal Pharmaceuticals, Inc., Attention: Corporate Secretary, 400 Crossing Boulevard, Bridgewater, NJ 08807; telephone, (908) 947-3120. Amneal will deliver those documents to such stockholder promptly upon receiving the request. Any such stockholder may also contact our Corporate Secretary using the above contact information if he or she would like to receive separate proxy statements and annual reports in the future. If you are receiving multiple copies of our annual reports and proxy statements, you may request householding in the future by contacting our Corporate Secretary.

A number of brokerage firms with account holders who are Amneal stockholders household proxy materials, delivering a single set of proxy materials to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker.

Q. Will Amneal’s principal accountants be present at the special meeting?

A. A representative from Ernst & Young LLP (“EY”), Amneal’s independent registered public accounting firm for the year ending December 31, 2025, is expected to be present at the special meeting and will be given the opportunity to make a statement if EY so desires and to respond to appropriate questions.

Q. When will Amneal announce the voting results of the special meeting, and where can I find the voting results?

A. Amneal intends to announce the preliminary voting results at the special meeting, and will report the final voting results of the special meeting in a Current Report on Form 8-K filed with the SEC within four business days after the special meeting. All reports that Amneal files with the SEC are publicly available when filed.

Q. Where can I find more information about Amneal?

A. You can find more information about Amneal from various sources described in the section of this proxy statement entitled “Where You Can Find Additional Information” beginning on page [133](#).

Q. Who can help answer my other questions?

A. If you have questions about the Transaction, require assistance in submitting your proxy or voting your shares, or need additional copies of this proxy statement or the enclosed proxy card, please contact Innisfree, which is acting as the proxy solicitor for Amneal in connection with the Transaction, or Amneal.

THE SPECIAL MEETING

This proxy statement is being provided to Amneal stockholders as part of a solicitation by the Amneal Board for proxies for use at the special meeting, to be held at the time and place specified below, and at any properly convened meeting following an adjournment or postponement of the special meeting.

Date, Time and Place

The special meeting is scheduled to be held online via live audio webcast at www.virtualshareholdermeeting.com/AMRX2026SM on July 31, 2026 at 9:00 a.m., Eastern Time. The special meeting will be held in an online meeting format only, with no physical in-person meeting.

Purpose of the Special Meeting

At the special meeting, Amneal stockholders will be asked to consider and vote on the following proposals:

- a proposal (the “transaction proposal”) to approve the Membership Interest Purchase Agreement, dated as of April 21, 2026 (as amended or modified from time to time, the “purchase agreement”), among Amneal, Kashiv BioSciences, LLC (“Kashiv”), each of the persons listed on the signature pages thereto under the heading “Sellers” (the “sellers”) and KB Seller Representative, LLC (in its capacity as the representative of the sellers, the “seller representative”), pursuant to which, subject to the terms and conditions set forth therein, Amneal will purchase from the sellers and the sellers will sell, convey, assign, transfer and deliver to Amneal, 100% of the issued and outstanding membership interests of Kashiv (the “Transaction”), and the transactions contemplated thereby, for purposes of complying with the requirements for the “safe harbor” protections of Section 144 of the DGCL and the satisfaction of the related condition contained in the purchase agreement, which is further described in the sections of this proxy statement entitled “The Transaction Proposal (Proposal 1)” and “The Membership Interest Purchase Agreement,” beginning on pages [36](#) and [62](#), respectively; a copy of the purchase agreement is attached to this proxy statement as **Annex A** and is incorporated herein by reference;
- a proposal (the “stock issuance proposal”) to approve the issuance of 28,942,108 shares of Amneal Class A common stock to the sellers in connection with the purchase agreement and the Transaction for purposes of complying with Nasdaq Listing Rule 5635(a)(2) and the satisfaction of the related condition contained in the purchase agreement, which is further described in the sections of this proxy statement entitled “The Transaction Proposal (Proposal 1)” and “The Stock Issuance Proposal (Proposal 2),” beginning on pages [36](#) and [92](#), respectively; and
- a proposal (the “adjournment proposal”) to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the conflicts committee (the “Independent Committee”) of the board of directors of Amneal (the “Amneal Board”), including for the purpose of soliciting additional votes for the approval of the transaction proposal or the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal or the stock issuance proposal, which is further described in the section of this proxy statement entitled “Adjournment Proposal (Proposal 3),” beginning on page [94](#).

The approval of the transaction proposal by the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal disinterested stockholders entitled to vote as of the close of business on the record date is a condition to the completion of the Transaction. If the Amneal disinterested stockholders fail to approve the transaction proposal, the Transaction cannot occur.

The approval of the stock issuance proposal by the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal stockholders entitled to vote as of the close of business on the record date is a condition to the completion of the Transaction. If the Amneal stockholders fail to approve the stock issuance proposal, the Transaction cannot occur.

Other than the matters described above, Amneal does not expect a vote to be taken on any other matters at the special meeting or any adjournment or postponement thereof.

The Independent Committee made these determinations after consultation with its outside legal counsel and financial advisor and consideration of various factors. Certain factors considered by the Independent Committee in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled "The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board," beginning on page [46](#).

The Independent Committee unanimously recommends that the Amneal stockholders vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.

At the special meeting, stockholders will also be asked to vote on a proposal to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes for the approval of the transaction proposal and the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal or the stock issuance proposal (the "adjournment proposal").

The Independent Committee unanimously recommends that the Amneal stockholders vote "FOR" the adjournment proposal.

Recommendation of the Board

At a meeting of the Amneal Board held on April 20, 2026, the Amneal Board (excluding Chintu Patel, Chirag Patel and Gautam Patel, who did not participate in this portion of such meeting), upon the unanimous recommendation of the Independent Committee, (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal's stockholders for approval, and (d) recommended that Amneal's stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance. Certain factors considered by the Amneal Board in reaching its decision to adopt and approve the purchase agreement and the transactions contemplated thereby and in reaching its decision to approve the stock issuance can be found in the section of this proxy statement entitled "The Transaction Proposal (Proposal 1) – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board" beginning on page [46](#).

The Amneal Board recommends that the Amneal stockholders vote "FOR" the transaction proposal and "FOR" the stock issuance proposal.

At the special meeting, stockholders will also be asked to vote on a proposal to adjourn the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes for the approval of the transaction proposal and the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal or the stock issuance proposal (the "adjournment proposal").

The Amneal Board recommends that the Amneal stockholders vote "FOR" the adjournment proposal.

TABLE OF CONTENTS

Record Date; Stockholders Entitled to Vote

Only holders of record of Amneal common stock at the close of business on June 25, 2026, the record date for the special meeting, will be entitled to notice of, and to vote at, the special meeting or any adjournments or postponements of the special meeting.

Holders of record of Amneal common stock are entitled to one vote for each share of Amneal common stock they own of record at the close of business on the record date. At the close of business on the record date, there were 319,331,346 shares of Amneal common stock issued and outstanding, held by approximately 153 holders of record.

Quorum

Under Amneal's bylaws, the presence, in person or represented by proxy, at the special meeting of the holders of a majority of the issued and outstanding shares of Amneal stock entitled to vote thereat at the close of business on the record date will constitute a quorum. Virtual attendance at the special meeting constitutes presence in person for purposes of a quorum at the special meeting. There must be a quorum for business (other than the adjournment proposal) to be conducted at the special meeting. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon may adjourn the special meeting from time to time until a quorum is present. Abstentions will be counted as present and entitled to vote for purposes of determining whether a quorum is present at the special meeting. Pursuant to the New York Stock Exchange rules, which also govern brokers' use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in "street name" do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. As a result, if a beneficial owner of shares of Amneal common stock held in "street name" does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting or counted as present for purposes of determining whether a quorum is present. In the event that a quorum is not present at the special meeting or additional votes must be solicited for the approval of the transaction proposal or the stock issuance proposal, the special meeting may be adjourned or postponed to solicit additional proxies.

Required Vote

The approval of the transaction proposal requires the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by the Amneal disinterested stockholders entitled to vote as of the close of business on the record date.

The approval of the stock issuance proposal requires the affirmative vote, at the special meeting or any adjournment or postponement thereof, of a majority of votes cast by Amneal stockholders entitled to vote as of the close of business on the record date.

Approval of the adjournment proposal requires the affirmative vote of the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon.

Abstentions; Broker Non-Votes; Failure to Vote

An abstention occurs when a stockholder attends a meeting, either in person or by proxy, but abstains from voting. At the special meeting, abstentions will be counted as present for purposes of determining whether a quorum is present. As the threshold to approve each of the transaction proposal and the stock issuance proposal is based on the number of votes cast by the Amneal stockholders (with respect to the transaction proposal, only votes cast by the Amneal disinterested stockholders) at the special meeting as opposed to the total number of shares of Amneal common stock outstanding, **abstaining from voting on the transaction proposal or the stock issuance proposal will not be considered a vote cast on, and will have no effect on, the transaction proposal or the stock issuance proposal.** As the threshold to approve the adjournment proposal is based on the shares of Amneal common stock represented by Amneal stockholders present in person or represented by proxy at the special meeting and entitled to vote thereon, **abstaining from voting on the adjournment proposal will have the same effect as a vote "AGAINST" the adjournment proposal.**

Broker non-votes are shares held in "street name" by brokers, banks and other nominees that are present or represented by proxy at the special meeting, but with respect to which the broker, bank or other nominee is not instructed by the beneficial owner of such shares how to vote on a particular proposal and such broker, bank or other

TABLE OF CONTENTS

nominee does not have discretionary voting power on such proposal. Pursuant to the New York Stock Exchange rules, which also govern brokers' use of discretionary authority for Nasdaq-listed companies, brokers, banks and other nominees holding shares in "street name" do not have discretionary voting authority with respect to any of the three proposals described in this proxy statement. If a beneficial owner of shares of Amneal common stock held in "street name" does not give voting instructions to the broker, bank or other nominee, then those shares will not be counted as present in person or represented by proxy at the special meeting or counted as present for purposes of determining whether a quorum is present. As the threshold to approve each of the transaction proposal and the stock issuance proposal is based on the number of votes cast by the Amneal stockholders (with respect to the transaction proposal, only votes cast by the Amneal disinterested stockholders) at the special meeting as opposed to the total number of shares of Amneal common stock outstanding, **if you fail to issue voting instructions to your broker, bank or other nominee, it will have no effect on the outcome of the transaction proposal or the stock issuance proposal.** As the threshold to approve the adjournment proposal is based on the shares of Amneal common stock represented by Amneal stockholders present in person or represented by proxy at the special meeting and entitled to vote thereon, **if you fail to issue voting instructions to your broker, bank or other nominee, it will have no effect on the outcome of the adjournment proposal.**

If you are a stockholder of record and you do not attend the special meeting, sign and return your proxy card by mail or submit your proxy by telephone or over the internet, your shares will not be voted at the special meeting and will not be counted as present in person or represented by proxy at the special meeting for purposes of determining whether a quorum is present **and therefore will not be considered a vote cast on, and will have no effect on, the transaction proposal, the stock issuance proposal or the adjournment proposal.**

If no instruction as to how to vote is given (including no instruction to abstain from voting) in an executed, duly returned and not revoked proxy, the proxy will have the same effect as a vote "FOR" each of the transaction proposal, the stock issuance proposal and the adjournment proposal.

Voting at the Special Meeting

If you vote on the internet, you may also request electronic delivery of future proxy materials.
- **By Telephone.** Call 1-800-690-6903 toll-free from the U.S., U.S. territories and Canada, and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your telephone vote cannot be completed.
- **By Mail.** Complete and mail a proxy card in the enclosed postage prepaid envelope to Broadridge Financial Solutions, Inc. Your proxy will be voted in accordance with your instructions. If you properly sign and return your proxy card but do not specify how you want your shares voted on any particular matter, they will be voted in accordance with the recommendations of the Independent Committee and the Amneal Board. If you are mailed or otherwise receive or obtain a proxy card or voting instruction form, and you choose to vote by telephone or by internet, you do not have to return your proxy card or voting instruction form.
- **At the Special Meeting.** Visit www.virtualshareholdermeeting.com/AMRX2026SM and enter the 16-digit control number located on your proxy card or in the instructions accompanying your proxy materials.

Even if you plan to attend the special meeting, you are encouraged to submit a proxy in advance by internet, telephone or mail to ensure that your shares will be represented and voted at the special meeting if you later decide not to attend the special meeting. Telephone and internet facilities for the submission of a proxy to vote shares will be available 24 hours a day and will close at 11:59 p.m., Eastern Time on July 30, 2026. Proxy cards must be received no later than July 30, 2026 in order to ensure that your shares are voted.

If your shares are held by your broker, bank or other nominee, you are considered the beneficial owner of shares held in "street name" and you will receive a form from your broker, bank or other nominee seeking

instruction from you as to how your shares should be voted. You should instruct your broker, bank or other nominee how to vote your shares on each proposal in accordance with your voting instruction form. If you beneficially own your shares and receive a voting instruction form, you can vote by following the instructions on your voting instruction form. Please refer to information from your bank, broker or other nominee on how to submit voting instructions.

Stockholders who are entitled to vote at the special meeting (and their duly appointed proxies) may attend the special meeting. You will need the 16-digit control number, which is included on your proxy card or voting instruction form, to be able to vote or ask questions during the special meeting. If you are an Amneal stockholder as of the record date (or a proxy thereof), you should enter your control number and follow the prompt to log in.

We encourage you to access the special meeting website 15 minutes prior to the start of the special meeting to check-in online. If you encounter any difficulties accessing the special meeting during the check-in or meeting time, please call the technical support number that will be posted on the special meeting log-in page.

Revocation of Proxies

You can change or revoke your proxy at any time before the final vote at the special meeting. If you are the stockholder of record, you may change or revoke your proxy by:

- sending a written statement to that effect to Amneal's Corporate Secretary, which statement must be received no later than July 30, 2026;
- submitting a new proxy by internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Time) on July 30, 2026;
- submitting a properly signed proxy card with a later date; or
- attending the special meeting and voting in person.

If you hold shares in "street name," you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote at the special meeting.

If you submit a proxy or provide instructions to vote your shares and do not thereafter revoke such proxy or change such instructions in accordance with one of the methods set forth above, your shares will be represented and voted at the special meeting in accordance with your instructions. Attendance at the special meeting will not, in and of itself, result in the revocation of a proxy or cause your shares of Amneal common stock to be voted.

Solicitation of Proxies

The Amneal Board is soliciting your proxy, and Amneal will bear the cost of soliciting proxies. Innisfree has been retained to assist with the solicitation of proxies. Innisfree will be paid a fee not to exceed \$112,500 and will be reimbursed for certain fees and expenses for these and other advisory services in connection with the special meeting. Forms of proxies and proxy materials may also be distributed through brokers, banks and other nominees to the beneficial owners of shares of Amneal common stock, in which case these parties will be reimbursed for their reasonable out-of-pocket expenses. Proxies may also be solicited in person or by telephone, facsimile, electronic mail, or other electronic medium by Innisfree or, without additional compensation, by certain of Amneal's directors, officers and employees.

Adjournment

In addition to the transaction proposal and the stock issuance proposal, Amneal stockholders are also being asked to approve the adjournment proposal, which will enable the adjournment of the special meeting from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional votes in favor of the transaction proposal and the stock issuance proposal if there are not sufficient votes at the time of the special meeting to approve the transaction proposal and the stock issuance proposal. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the votes entitled to be cast by the Amneal stockholders who are present in person or represented by proxy may adjourn the special meeting from time to time until a quorum is present. At any such adjourned meeting at which a quorum may be present, any business may be transacted which might have been transacted at the meeting as originally called. If the adjournment is for more than 30 days, or if, after the adjournment, a new record date is fixed for the

[TABLE OF CONTENTS](#)

adjourned special meeting, a notice of the adjourned special meeting will be given to each stockholder of record entitled to vote at the special meeting. In addition, the special meeting could be postponed before it commences, subject to the terms of the purchase agreement. If the special meeting is adjourned or postponed, stockholders who have already submitted their proxies will be able to revoke them at any time prior to the final vote on the proposals. If you return a proxy and do not indicate how you wish to vote on the adjournment proposal, your shares will be voted in favor of the adjournment proposal.

The Independent Committee unanimously recommends a vote “FOR” the adjournment proposal, if necessary, to solicit additional proxies. In addition, the Amneal Board recommends a vote “FOR” the adjournment proposal, if necessary, to solicit additional proxies.

Questions

If you have more questions about the Transaction or how to submit your proxy, or if you need additional copies of this proxy statement or the enclosed proxy card or voting instructions, please contact Innisfree, Amneal’s proxy solicitor, by calling 877-717-3922 toll-free (banks and brokers may call 212-750-5833).

**THE TRANSACTION PROPOSAL
(PROPOSAL 1)**

Amneal stockholders are being asked to approve a proposal to approve the purchase agreement and the transactions contemplated thereby, including the Transaction, pursuant to which, subject to the terms and conditions set forth therein, Amneal will purchase, and each seller will sell, convey, assign, transfer and deliver to Amneal, the Kashiv membership interests held by such seller, free and clear of all encumbrances, other than encumbrances imposed by applicable securities laws.

Assuming a quorum is present, the affirmative vote of a majority of votes cast by the holders of the outstanding shares of Amneal common stock that are Amneal disinterested stockholders entitled to vote as of the close of business on the record date to approve the purchase agreement at the special meeting or any adjournment or postponement thereof, is a condition to the completion of the Transaction. If the Amneal disinterested stockholders fail to approve the transaction proposal in accordance with such standard, the Transaction will not occur. Abstentions, broker non-votes and failures to vote, if any, will have no effect on the outcome of the transaction proposal. If you sign and return a proxy and do not indicate how you wish to vote on the transaction proposal, your shares will be voted in favor of the transaction proposal.

The Independent Committee unanimously recommends that Amneal stockholders vote “FOR” the transaction proposal. In addition, the Amneal Board recommends that Amneal stockholders vote “FOR” the transaction proposal.

The discussion of the Transaction and the purchase agreement in this proxy statement is qualified in its entirety by reference to the purchase agreement, a copy of which is attached to this proxy statement as Annex A and is hereby incorporated by reference into this proxy statement.

Structure of the Transaction

Upon the terms and subject to the conditions of the purchase agreement, at the closing, Amneal will purchase, and each seller will sell, convey, assign, transfer and deliver to Amneal, the Kashiv membership interests held by such seller, free and clear of all encumbrances, other than encumbrances imposed by applicable securities laws.

Closing Consideration

In consideration for the sale and transfer of the Kashiv membership interests and each seller’s agreement to be bound by the terms of the purchase agreement, (i) at the closing, Amneal will deliver or cause to be delivered to the sellers (to be allocated by the seller representative among the sellers in accordance with an allocation schedule to be delivered by the seller representative to Amneal prior to the closing (the “allocation schedule”)) (a) an aggregate amount in cash equal to \$375,000,000, subject to certain adjustments including for cash, the funding of operations between signing and closing (subject to a cap equal to the product of \$20,000,000 and the number of months (including prorated months) between signing and closing), indebtedness, transaction expenses and working capital fluctuations (relative to a target), and (b) 28,942,108 shares of Amneal Class A common stock, free and clear of all encumbrances, other than encumbrances arising under applicable securities laws; (ii) following the closing, the sellers will be eligible to receive up to an additional \$350,000,000 in potential contingent cash payments from Amneal upon the achievement of certain regulatory milestones in the United States for up to six designated Kashiv product candidates; and (iii) during the 12-year period following the closing, the sellers will be eligible to receive certain potential contingent cash royalty payments from Amneal equal to 25% of the amount by which annual aggregate gross profits for certain products exceed specified gross profit hurdle amounts for the corresponding annual royalty period (in each case, as described in the sections of this proxy statement entitled “The Membership Interest Purchase Agreement,” beginning on page [62](#)).

Effects on Amneal if the Transaction Is Not Completed

If the Transaction is not completed, Amneal will continue to operate its business without having acquired Kashiv.

Background of the Transaction

To maximize stockholder value, the Amneal Board and Amneal management regularly review and assess Amneal’s operations and financial performance, industry conditions and related developments as they may impact

TABLE OF CONTENTS

Amneal's long-term strategic plans and objectives. Two key tenets of these long-term strategic plans and objectives are for Amneal to become one of America's leading Affordable Medicines companies and for Amneal to strategically pursue opportunities to in-source the development and manufacture of its pharmaceutical programs.

As part of executing on these goals, the Amneal Board and Amneal management previously identified Amneal's expansion into the large and growing biosimilars market as a key strategic and complementary opportunity for Amneal in the near-term, as numerous products with lucrative markets lose their exclusivity in the coming years. Amneal historically has invested significant time and resources in building a commercial team to market biosimilar products in the United States to support and grow Amneal's position as a leading Affordable Medicines company. During this process, the Amneal Board and Amneal management identified meaningful benefits of having a vertically integrated biosimilars capability.

At the same time, the Amneal Board and Amneal management have been aware that an organic, greenfield expansion into the biosimilars market could create new challenges, including the significant time and resources required to build such capability from the ground up and bring biosimilar products to market, and that the delays that would likely arise from attempting an organic, greenfield expansion into the biosimilars market could prevent Amneal from taking advantage of attractive biosimilar opportunities as various products lose their exclusivity in the coming years. Finally, the Amneal Board and Amneal management have acknowledged the relative scarcity of attractive potential acquisition targets in the biosimilars market due to past industry consolidation and the current competitive landscape.

Given its strategic priorities, among other initiatives Amneal has, at various points in its history, engaged in, or considered engaging in, acquisition, licensing and other transactions with Kashiv, which is owned by certain members of the Amneal Group, including Chirag Patel and Chintu Patel, the Co-Chief Executive Officers of Amneal (together, the "Co-CEOs"), including transactions related to Kashiv's biosimilars products and business. For example, in 2022, representatives of Kashiv and the Independent Committee, which was then comprised of Kevin Buchi, Jeff George, Deborah Autor, John Kiely and Shlomo Yanai, engaged in preliminary discussions regarding a potential acquisition by Amneal of, or a potential minority investment by Amneal in, Kashiv. At that time, the Independent Committee determined that any potential transaction with Kashiv was not advisable owing to, among other factors, constraints that then limited Amneal's ability to finance a potential transaction. However, the Independent Committee left open the prospect of a potential transaction with Kashiv at a later time.

As a result of recent transactions with Kashiv, the Independent Committee has familiarity with Kashiv, which the Independent Committee considered to be helpful in connection with the negotiations described below. At the same time, in light of such recent transactions with Kashiv, the Independent Committee has also considered how actual results of products developed by Kashiv have compared to Kashiv's forecasts. For example, certain forecasts of 505(b)(2) products that representatives of Kashiv presented in connection with Amneal's 2021 acquisition from Kashiv of Kashiv Specialty Pharmaceuticals, LLC (a wholly-owned subsidiary of Kashiv focused on the development of complex generics, innovative drug delivery platforms and novel 505(b)(2) drugs), which acquisition was the subject of a 2023 settlement of a shareholder derivative litigation, were higher than the actual performance of those products post-transaction.

On June 4, 2025, representatives of Tarsadia Investments, LLC ("Tarsadia") (whose affiliates are certain members of the Amneal Group and direct and indirect equityholders of Kashiv), acting on behalf of Kashiv and its affiliates, delivered a letter to the Amneal Board inquiring as to Amneal's interest in a potential transaction to acquire Kashiv (the "June 2025 Kashiv Letter"). The June 2025 Kashiv Letter stated that Kashiv intended to commence a process to evaluate potential strategic alternatives, including a potential sale of Kashiv, asked about Amneal's interest in engaging in discussions to acquire Kashiv, and stated that, upon execution of a confidential disclosure agreement ("CDA"), Kashiv would be prepared to share presentation materials regarding a potential transaction.

Following receipt of the June 2025 Kashiv Letter, on June 6, 2025, the Amneal Board adopted resolutions authorizing the execution of the CDA and the delivery of Kashiv's presentation materials to Amneal's independent directors. On June 9, 2025, Amneal and Kashiv executed the CDA and, on June 16, 2025, representatives of Kashiv provided the aforementioned presentation materials to Amneal, which materials set forth a preliminary non-binding proposal for Amneal to acquire Kashiv in exchange for: (i) \$900 million in up-front consideration, consisting of \$250 million in cash and \$500 million in Amneal common stock and providing that the outstanding principal amount and unpaid interest under Kashiv's primary term loan credit agreement (the "Kashiv Debt") would not be

TABLE OF CONTENTS

deducted from the purchase price, thereby resulting in approximately \$150 million in additional value to be provided to the equityholders of Kashiv; (ii) up to \$1.125 billion in success-based contingent milestones payable in cash (except that, for three products, up to 50% of the contingent consideration could be paid in common stock at Amneal's election); and (iii) a 10-year royalty of 7.5% on net sales for Kashiv's first seven pipeline programs payable in cash (the "June 2025 Kashiv Proposal"). The presentation materials also contained a set of forecasts for Kashiv prepared by Kashiv management (the "Kashiv Forecasts").

On June 25, 2025, the Amneal Board held a meeting, which was also attended by Tushar Patel, in his capacity as an observer on the Amneal Board, and Amneal's in-house counsel. Amneal's in-house counsel provided an update on various legal matters, including Amneal's receipt of the June 2025 Kashiv Letter and the June 2025 Kashiv Proposal, upon which Mr. Patel and the directors affiliated with Kashiv left the meeting. Following their recusal, the Amneal Board discussed the June 2025 Kashiv Letter and the June 2025 Kashiv Proposal and adopted resolutions (i) delegating to the Independent Committee the sole and exclusive power and authority, to the fullest extent permitted by the DGCL, to exercise all of the authority of the Amneal Board with respect to the review, consideration, negotiation, approval, recommendation, rejection, non-approval and non-recommendation of a potential transaction to acquire Kashiv (such transaction, together with any similar potential transaction involving the acquisition of all or a substantial part of Kashiv and/or its products or business, a "Potential Transaction"), including the authority to engage with Kashiv and its representatives for purposes of negotiating a Potential Transaction, that the Independent Committee, in its sole discretion, deems in the best interests of Amneal and its stockholders and to determine, authorize, implement and effectuate any and all aspects of any such Potential Transaction (including, without limitation, the consideration therefor) that may be deemed advisable, authorized or recommended by the Independent Committee, and any and all matters, actions and transactions that the Independent Committee may deem necessary, advisable or appropriate in connection therewith, (ii) resolving that the Amneal Board shall not authorize, approve or recommend any Potential Transaction without a prior favorable recommendation of the Independent Committee and (iii) determining that each of Kevin Buchi, Paul Meister, Jeff George, Deborah Autor and John Kiely, being the members of the Independent Committee, is a "disinterested director" (as defined in Section 144(e)(4) of the DGCL) with respect to any Potential Transaction and, in connection therewith, determining that each such member of the Independent Committee (a) is not and will not be a party to any Potential Transaction, (b) has no "material interest" (as defined in Section 144(e)(7) of the DGCL) in any Potential Transaction, (c) has no "material relationship" (as defined in Section 144(e)(8) of the DGCL) with Kashiv, any investor in Kashiv, any other member of the Amneal Group, any affiliate or associate of any of the foregoing (other than Amneal and its subsidiaries) or any other person that has or may have a material interest in any Potential Transaction, and (d) is independent under the rules and regulations of the Nasdaq Stock Market ("NASDAQ Rules & Regulations"), satisfies the applicable criteria for independence from Amneal under NASDAQ Rules & Regulations and satisfies the applicable criteria for independence from each of Kashiv, any investor in Kashiv, any other member of the Amneal Group, any affiliate or associate of any of the foregoing and any other person that has or may have a material interest in any Potential Transaction under NASDAQ Rules & Regulations (in each case treating such person as if such person was Amneal for purposes of applying such criteria to determine independence from such person).

Later on June 25, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of Richards, Layton & Finger, P.A. ("RLF"), outside legal counsel to the Independent Committee. The Independent Committee discussed the June 2025 Kashiv Proposal and the Amneal Board's delegation of authority to the Independent Committee with respect to a Potential Transaction. The Independent Committee also discussed the potential engagement of a financial advisor and other outside advisors in connection with its review of a Potential Transaction and determined to proceed with interviews of prospective financial advisors, including representatives of Goldman Sachs & Co. LLC ("Goldman Sachs"). The Independent Committee further determined to solicit proposals from The Boston Consulting Group, Inc. ("BCG") and InterPharmaLink AG ("IPL"), each of which had previously served as a consultant to the Independent Committee in connection with the Independent Committee's evaluation of past transactions with Kashiv, and authorized representatives of the Independent Committee to negotiate and enter into engagement letters with BCG and IPL on behalf of the Independent Committee.

Following the meeting, the Independent Committee engaged BCG and IPL as consultants, with BCG formally engaged pursuant to an engagement letter entered into on July 3, 2025 and IPL formally engaged pursuant to an engagement letter entered into on July 29, 2025.

TABLE OF CONTENTS

On July 15, 2025, the Independent Committee held two meetings, each attended by members of Amneal management unaffiliated with Kashiv and representatives of RLF and Blue Raven LLP (“Blue Raven”), each of which served as outside legal counsel to the Independent Committee. During the meetings, the Independent Committee interviewed representatives of prospective financial advisors, including representatives of Goldman Sachs. During the interview with representatives of Goldman Sachs, representatives of Goldman Sachs confirmed that Goldman Sachs had no material relationships with Amneal or Kashiv that would affect its ability to serve as the Independent Committee’s outside financial advisor. In executive session following the conclusion of the interviews, the Independent Committee discussed the prospective financial advisors and determined to engage Goldman Sachs based on Goldman Sachs’s reputation and experience in M&A generally, its independence, the qualifications and reputation of the Goldman Sachs team, and Goldman Sachs’s specific industry focus and experience. Goldman Sachs’s engagement was subsequently memorialized in an engagement letter with the Independent Committee, dated August 8, 2025.

On July 31, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of BCG, Goldman Sachs, RLF, Blue Raven and Simpson Thacher & Bartlett LLP (“STB”), outside legal counsel to Amneal. The Independent Committee received an update on the latest diligence regarding certain Kashiv early-stage products estimated by Kashiv management to launch by 2029 (the “Phase 1 Products”). The Independent Committee discussed the work conducted by its advisors and the differences between the Kashiv Forecasts and the significantly more conservative preliminary views developed by the Independent Committee’s advisors on behalf of the Independent Committee based on initial diligence, while noting that the Independent Committee was aware, based on its recent history of evaluating transactions with Kashiv, of the possibility that actual outcomes may not align with Kashiv’s forecasts regarding product launches. After the BCG and Goldman Sachs representatives left the meeting, members of Amneal management unaffiliated with Kashiv and the Independent Committee discussed the potential value of adding the Phase 1 Products to Amneal’s pipeline via an acquisition of Kashiv (including by expanding Amneal’s biosimilars portfolio), the potential costs of completing their development and the respective roles of the Independent Committee, its and Amneal’s outside advisors and the unaffiliated members of Amneal management in evaluating and potentially negotiating a Potential Transaction, including that the Independent Committee expected it would seek the assistance of members of Amneal management unaffiliated with Kashiv during this process, and those members of Amneal management should report to, and act at the direction of, the Independent Committee and maintain the confidence of the Independent Committee process. In executive session, and after the members of Amneal management and representatives of BCG, Goldman Sachs and STB left the meeting, the Independent Committee discussed the potential attractiveness of expanding Amneal’s biosimilars portfolio in support of its strategic initiatives via an acquisition of Kashiv and potential next steps to highlight for Kashiv the material discrepancies between the Kashiv Forecasts and the preliminary views of the Independent Committee.

On August 11, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of BCG, Goldman Sachs, RLF, Blue Raven and STB. The Independent Committee discussed the status of diligence being conducted by the Independent Committee’s advisors regarding Kashiv and its product pipeline. Representatives of Goldman Sachs presented Goldman Sachs’s preliminary financial analysis of Kashiv. After the BCG and Goldman Sachs representatives left the meeting, the Independent Committee and RLF continued the Independent Committee’s prior discussions regarding potential next steps to highlight for Kashiv the material discrepancies between the Kashiv Forecasts and the preliminary views of the Independent Committee. The Independent Committee and members of Amneal management also discussed risks and potential benefits of expanding Amneal’s biosimilar portfolio.

On August 15, 2025, representatives of Kashiv delivered to the Independent Committee updated Kashiv Forecasts, which had been revised to reflect recent guidance from the U.S. Food and Drug Administration (the “FDA”) regarding Phase 3 clinical trial waivers.

On August 27, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of BCG, Goldman Sachs, IPL, RLF, Blue Raven and STB. The Independent Committee initially discussed, with representatives of RLF and Blue Raven present, the status of diligence and discussions with Kashiv, including that Kashiv was reassessing the Kashiv Forecasts in light of potential Phase 3 clinical trial waivers for certain biosimilar product candidates based on recent FDA guidance, while noting that the Independent Committee was aware, based on its recent history of evaluating transactions with Kashiv, of the possibility that actual outcomes may not align with Kashiv’s forecasts regarding product launches.

After representatives of BCG, Goldman Sachs, IPL and STB joined the meeting, representatives of IPL presented IPL's preliminary findings regarding the regulatory status and chemistry, manufacturing and controls of Kashiv's late-stage programs. The Independent Committee then discussed these preliminary findings with IPL. In executive session, the Independent Committee further discussed IPL's preliminary analysis and potential next steps to highlight for Kashiv the discrepancies between the Kashiv management program timelines and IPL's assessment.

On October 1, 2025, the Independent Committee held a meeting attended by the Co-CEOs and Gautam Patel, an Amneal Board member also affiliated with Kashiv, as well as other members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, BCG, IPL, RLF and Blue Raven. The Co CEOs presented their views on potential benefits and risks of expanding Amneal's biosimilars portfolio through a Potential Transaction and on certain adjustments to the Kashiv Forecasts that the Co-CEOs and other members of Amneal management identified based on a preliminary evaluation. In executive session, without the Co-CEOs, Gautam Patel or any other member of Amneal management in attendance other than Amneal's in-house counsel, the Independent Committee and its advisors discussed, among other things, the risks and potential benefits of expanding Amneal's biosimilars pipeline, the projected commercialization timelines and research and development costs for Kashiv's late stage biosimilar programs and views of the Independent Committee's advisors regarding Kashiv and its late-stage biosimilar programs. At the conclusion of the meeting, the Co-CEOs, Gautam Patel and other members of Amneal management unaffiliated with Kashiv rejoined the meeting, and the Independent Committee conveyed to the Co-CEOs that, while the Independent Committee's outside advisors were continuing to conduct diligence on these and other items, there remained considerable discrepancies between the proposed adjustments to the Kashiv Forecasts presented by the Co-CEOs and the Independent Committee's views of Kashiv's key biosimilar programs based on the work conducted to date by the Independent Committee's outside advisors.

On October 16, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of BCG, Goldman Sachs, RLF, Blue Raven and STB. Representatives of Goldman Sachs presented Goldman Sachs's preliminary financial analysis of a Potential Transaction and discussed with the Independent Committee various strategic considerations related to a Potential Transaction, including expected growth in the biosimilars market, the expected significant costs and time that would be required for Amneal to build manufacturing capabilities comparable to Kashiv's and to pursue such a strategic alternative in lieu of a Potential Transaction and the positioning of Amneal's competitors in the biosimilar market. Representatives of Goldman Sachs also reviewed other prospective biosimilar acquisition targets for Amneal and discussed the scarcity of such acquisition targets as well as various concerns as to the viability of acquiring each such prospective target. The Independent Committee discussed with its advisors the relative scarcity of viable acquisition targets, and other considerations regarding the risks and potential benefits of acquiring each such target. The Independent Committee discussed with its advisors its views as to the advisability of continuing to pursue an acquisition of a biosimilars pipeline like Kashiv's, and the potential risk that failing to do so could adversely affect Amneal's ability to maintain its position as a leading U.S. Affordable Medicines business, including because of the significant time and investment that would be required to build comparable capabilities internally, which could delay Amneal's expansion into the biosimilars market and hinder its ability to take advantage of attractive biosimilar opportunities as various products lose their exclusivity in the coming years. Representatives of Goldman Sachs also reviewed and discussed with the Independent Committee the key economic terms of the June 2025 Kashiv Proposal and the advice of the Independent Committee's other advisors, which included discussion regarding the extent to which the Kashiv Forecasts contemplated materially shorter launch timelines and lower research and development costs as compared to the views of the Independent Committee based on the diligence of Kashiv's late-stage biosimilar programs conducted by its advisors to date. The Independent Committee discussed the economic terms of the June 2025 Kashiv Proposal, the Independent Committee's desire to reduce the amount of up-front consideration to an amount less than the \$900 million contemplated by the June 2025 Kashiv Proposal, and the prospect of making a counterproposal to Kashiv that would reduce the up-front consideration and focus more on contingent milestone and royalty consideration as a potential way of mitigating the risk to Amneal of a Potential Transaction while preserving upside for both parties. Following further discussion, the Independent Committee directed representatives of Goldman Sachs to discuss with representatives of J.P. Morgan Securities LLC ("JPM"), the outside financial advisor to Kashiv, the significant discrepancies between the parties' forecasts and valuations, and Kashiv's perspective on a potential transaction structure with less up-front consideration and greater emphasis on contingent royalty and milestone payments.

Following the October 16, 2025 meeting of the Independent Committee, on October 20, 2025, at the direction of the Independent Committee, representatives of Goldman Sachs engaged in a discussion with representatives of

TABLE OF CONTENTS

JPM and conveyed the feedback of the Independent Committee described in the immediately preceding paragraph. During such discussion, representatives of JPM verbally proposed to revise the June 2025 Kashiv Proposal to reflect \$750 million (rather than \$900 million) in up-front consideration and noted that Kashiv was withdrawing its request that the Kashiv Debt not be deducted from the purchase price. Representatives of JPM emphasized that Kashiv now had very little room to move in terms of the up-front consideration it was seeking in a potential sale of Kashiv. Following such discussion, representatives of Goldman Sachs relayed the contents of such discussion to Kevin Buchi, a member of the Amneal Board and the Chairman of the Independent Committee.

On October 29, 2025, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, RLF and Blue Raven. Representatives of Goldman Sachs updated the Independent Committee on their October 20, 2025 discussion with representatives of JPM, including Kashiv's revision of the June 2025 Kashiv Proposal to provide for \$750 million, rather than \$900 million, in up-front consideration. The Independent Committee then engaged in a discussion with representatives of Goldman Sachs regarding different counterproposal frameworks designed to further limit up-front consideration and mitigate potential risks associated with the development of Kashiv's products through milestone and royalty payments. Following discussion, the Independent Committee directed representatives of Goldman Sachs to continue engaging with representatives of JPM and to prepare an illustrative counterproposal for consideration by the Independent Committee reflecting the latest phase of diligence and the prospective up-front, milestone and royalty components discussed by the Independent Committee during the meeting.

On November 5, 2025, the Independent Committee held a meeting attended by a member of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, BCG and RLF. The Independent Committee received an update on the latest phase of diligence regarding Kashiv's late-stage biosimilar products. The Independent Committee discussed revenue and research and development analyses for Kashiv prepared on behalf of the Independent Committee, which reflected continued diligence and new information provided by Kashiv management (including the submission of Kashiv's Biologics License Application ("BLA") with the FDA for its biosimilar version of the Xolair product). After representatives of BCG left the meeting, representatives of Goldman Sachs discussed with the Independent Committee certain illustrative terms and structures of a potential counterproposal to acquire Kashiv. The Independent Committee and representatives of Goldman Sachs discussed the potential structure and size of up-front, milestone and royalty components of a potential counterproposal. The Independent Committee discussed prospective up-front consideration amounts ranging from \$500 million to \$750 million. Representatives of Goldman Sachs informed the Independent Committee that representatives of JPM had conveyed that Kashiv had very little room to move in terms of the up-front consideration it was seeking and that, as a result, representatives of Goldman Sachs anticipated that Kashiv would have a negative reaction to a counterproposal contemplating an amount of up-front consideration at the lower-end of the range that was under consideration at the time. The Independent Committee then discussed the prospect of conveying a counterproposal that would characterize the amount of up-front consideration as \$600 million but with half of the proposed up-front consideration payable in equity issued at a to-be-determined premium to Amneal's current stock price, such that the actual present value of the up-front consideration would be less than \$600 million (i.e., such that the total shares to be issued would have an aggregate market value of less than \$300 million), and would include royalty and milestone payment structures designed to mitigate risk and align incentives. The Independent Committee also discussed the potential benefits and risks of acquiring Kashiv as compared to maintaining the status quo, and observed that failing to acquire Kashiv could materially impede Amneal's ability to grow in a rapidly expanding biosimilar market and, as a result, could ultimately be detrimental to Amneal's long-term prospects. Following discussion of the foregoing, the Independent Committee directed representatives of Goldman Sachs to further revise the terms of an illustrative counterproposal for consideration by the Independent Committee, including through changes to the proposed up-front, milestone and royalty payment components.

On November 12, 2025, the Independent Committee held a meeting attended by representatives of Goldman Sachs, RLF and Blue Raven. Representatives of Goldman Sachs discussed with the Independent Committee a potential counterproposal to acquire Kashiv reflecting the Independent Committee's discussion and feedback at the prior meeting, which counterproposal would include up-front consideration of \$600 million, consisting of \$300 million in Amneal Class A common stock issued at \$14 per share (representing a premium to Amneal's stock price at the time, such that the equity consideration would have an actual market value below \$300 million at the time) and \$300 million in cash; up to \$250 million in milestone cash payments, comprised of separate standalone milestone cash payments payable in respect of Kashiv's key programs if such program were to commercially launch on the timelines projected by Kashiv; and a royalty cash payment of 20% on any "excess gross profits" realized by

TABLE OF CONTENTS

Amneal from Kashiv's pipeline for a 10-year term (which was defined as a royalty on gross profits exceeding 30% of the gross profits forecasted by Kashiv). The Independent Committee discussed the terms of the prospective counterproposal, the benefits of using contingent milestone and royalty payments designed to mitigate risk and the strategic benefits of acquiring Kashiv and its pipeline. Following discussion and the receipt and consideration of advice from its outside advisors, the Independent Committee directed representatives of Goldman Sachs to convey the counterproposal to JPM. Following the meeting, representatives of Goldman Sachs delivered the counterproposal to JPM as directed by the Independent Committee.

On December 3, 2025, representatives of JPM, on behalf of Kashiv, delivered a counterproposal to representatives of Goldman Sachs (the "December 2025 Kashiv Proposal"). The December 2025 Kashiv Proposal contemplated (i) \$750 million in up-front consideration, consisting of \$375 million in cash and \$375 million in Amneal Class A common stock (issued based on Amneal's trading price and not a premium); (ii) up to \$500 million in milestone cash payments, comprised of two standalone \$250 million tranches, with the first tranche providing for separate milestone payments tied to each of Kashiv's six key products that would be payable, on a product-by-product basis, if such product were to either receive U.S. regulatory approval within 12 months after Kashiv's forecasted approval date or be the first or second biosimilar to its reference product to receive U.S. regulatory approval (regardless of approval date), and with the second tranche providing for separate milestone payments tied to each of Kashiv's six key products that would be payable, on a product-by-product basis, if such product were to remain as one of only one or two biosimilars to its reference product on the market in the U.S. for 12 months following such product's commercial launch date; and (iii) a 25% royalty cash payment on any "excess gross profits" realized by Amneal from Kashiv's pipeline, defined as a royalty on gross profits exceeding 25% of the gross profits forecasted by Kashiv, for a 12-year term. In connection with the submission of the December 2025 Kashiv Proposal, representatives of JPM indicated that the \$750 million in up-front consideration contemplated by the December 2025 Kashiv Proposal represented Kashiv's "best and final" offer with respect to the up-front consideration.

On December 18, 2025, the Independent Committee held a meeting attended by representatives of Goldman Sachs, BCG, IPL, RLF and Blue Raven. Representatives of IPL reviewed the November 25, 2025 "Refusal to File" letter that had recently been received by Kashiv for Kashiv's BLA for its biosimilar version of the Xolair product and explained that, despite this development, IPL still expected this product to launch by the beginning of 2027. After representatives of IPL left the meeting, representatives of Goldman Sachs reviewed the terms and conditions of, and Goldman Sachs's preliminary financial analysis of, the December 2025 Kashiv Proposal, including additional information received from Kashiv regarding the prospect of additional tax benefits that could be obtained from a Potential Transaction. The Independent Committee and its outside advisors discussed and weighed Kashiv's "best and final" characterization of the \$750 million up-front consideration against the Independent Committee's preference for lower up-front consideration as a potential means of mitigating risk. The Independent Committee and its outside advisors also discussed the potential strategic benefits of acquiring Kashiv and expanding Amneal's biosimilar portfolio given anticipated growth in this space, the potential risks of maintaining the status quo and the relative scarcity of other reasonably available alternative business initiatives that could provide comparable capabilities or strategic benefits and prospective terms for a counterproposal, including the likelihood that, based on the analysis and forecasts prepared on behalf of the Independent Committee, a Potential Transaction would generate significant value for Amneal even with \$750 million in up-front consideration. After discussion, and upon receipt and consideration of advice from its advisors, the Independent Committee determined to proceed with a counterproposal that retained \$750 million in up-front consideration but reduced the proposed milestone and royalty payments in various respects, including with respect to the time for approval for the milestone payments and royalty duration (the "December 2025 IC Proposal"). The Independent Committee provided feedback on these terms and, after further discussion, unanimously supported proceeding with a counterproposal and directed representatives of Goldman Sachs to convey the Independent Committee's proposal to JPM. After the meeting, at the direction of the Independent Committee, representatives of Goldman Sachs delivered the December 2025 IC Proposal to representatives of JPM consistent with the terms reviewed with the Independent Committee.

Between December 24, 2025 and January 5, 2026, representatives of Goldman Sachs, on behalf of Amneal, and representatives of JPM, on behalf of Kashiv, engaged in a series of discussions regarding the December 2025 IC Proposal, which culminated in representatives of JPM delivering to representatives of Goldman Sachs, on January 5, 2026, Kashiv's counterproposal (the "January 2026 Kashiv Proposal"), which representatives of JPM characterized as Kashiv's "best and final" offer and which contemplated (i) \$750 million in up-front consideration, consisting of \$375 million in cash and \$375 million in Amneal Class A common stock (issued based on Amneal's trading price

and not a premium); (ii) the reimbursement by Amneal of Kashiv's monthly expenses incurred during the period between signing and closing (the "expense reimbursement"); (iii) up to \$350 million in milestone cash payments, comprised of one standalone \$250 million tranche and one standalone \$100 million tranche, with the first tranche providing for separate milestone payments tied to each of Kashiv's six key products that would be payable, on a product-by-product basis, if such product were to either receive U.S. regulatory approval within 9 months after Kashiv's forecasted approval date or be the first or second biosimilar to its reference product to receive U.S. regulatory approval (regardless of approval date), and with the entirety of the second tranche payable if Kashiv's Creon product were to remain as one of only one or two biosimilars to Creon on the market in the U.S. for 12 months following its commercial launch date; and (iv) a 25% royalty on any "excess gross profits" realized by Amneal from Kashiv's pipeline, defined as a royalty on gross profits exceeding 25% of the gross profits forecasted by Kashiv, for a 12-year term.

On January 8, 2026, IPL provided an update to the Independent Committee, noting that Kashiv responded to the concerns FDA raised in the November 25, 2025 "Refusal to File" letter and planned to resubmit the BLA for its proposed biosimilar version of the Xolair product on January 5, 2026. The BLA resubmission sought approval for all indications of the reference product Xolair and applied for the following strengths and presentations of the reference product Xolair: injection (75 mg/0.5 mL; 300 mg/2 mL solution in a single-dose prefilled syringe) and injection (75 mg/0.5 mL and 150 mg/mL in a single-dose prefilled autoinjector). Kashiv did not propose the 300 mg/2 mL single-dose prefilled autoinjector or the 150 mg lyophilized powder for injection in the BLA resubmission.

On January 16, 2026, the Independent Committee held a meeting attended by Amneal's in-house counsel and representatives of Goldman Sachs, BCG, IPL, RLF, Blue Raven and STB. Representatives of IPL reported that Kashiv had resubmitted the BLA for its proposed biosimilar version of the Xolair product, and discussed with the Independent Committee Kashiv's response to the FDA's prior deficiencies, the likelihood of acceptance for filing and the extent to which a successful resubmission could affect the expected launch timing for this product. After the IPL representatives left the meeting, representatives of Goldman Sachs reviewed with the Independent Committee the terms of the January 2026 Kashiv Proposal, including the up-front, milestone and royalty components, and how those terms compared to the December 2025 Kashiv Proposal and the June 2025 Kashiv Proposal. Representatives of Goldman Sachs reviewed with the Independent Committee Goldman Sachs's preliminary financial analysis of the January 2026 Kashiv Proposal and discussed with the Independent Committee potential responses and related considerations. After representatives of Goldman Sachs and BCG left the meeting, the Independent Committee discussed, among other things, the terms of the January 2026 Kashiv Proposal and the meaningful improvements that the Independent Committee had negotiated to the up-front, milestone and royalty components through negotiations with Kashiv. The Independent Committee also discussed the significant cost requirements and timing delays that would arise if Amneal were to attempt to develop its own manufacturing and research and development capabilities comparable to those of Kashiv, the relative scarcity of attractive alternative acquisition targets and other potential benefits and risks of acquiring Kashiv as compared to maintaining the status quo. Following additional discussion of the foregoing, the Independent Committee unanimously determined that it was supportive of moving forward with the terms contemplated by the January 2026 Kashiv Proposal, subject to confirmatory diligence, Kashiv's successful resubmission of the BLA for its biosimilar version of the Xolair product and the satisfactory negotiation of definitive transaction documents. In addition, following discussion with representatives of RLF, Blue Raven and STB, the Independent Committee directed representatives of RLF to reach out to representatives of Kashiv to convey, on the Independent Committee's behalf, that the Independent Committee intended to condition any Potential Transaction on the approval of a majority of the votes cast by the Amneal disinterested stockholders, and further directed the advisors to begin drafting a term sheet reflecting the proposed terms of the Potential Transaction reflected in the January 2026 Kashiv Proposal.

Following the Independent Committee meeting, on January 18, 2026, representatives of RLF contacted a representative of Tarsadia to convey that the Independent Committee intended to condition any potential acquisition of Kashiv on the approval of a majority of the votes cast by the Amneal disinterested stockholders. On January 30, 2026, representatives of Tarsadia advised representatives of RLF and STB that Kashiv was supportive of including such a condition in the definitive transaction documentation.

On February 2, 2026, representatives of RLF, STB, Goldman Sachs, Tarsadia, JPM and Holland & Knight LLP ("H&K"), outside legal counsel to Kashiv, convened via videoconference to discuss the preparation of draft transaction documents and the parties' positions on various issues.

TABLE OF CONTENTS

On February 3, 2026, the Independent Committee held a meeting attended by representatives of Goldman Sachs, BCG, IPL, RLF, Blue Raven and STB. Representatives of RLF reported on recent discussions with Kashiv's representatives, including Kashiv's support for conditioning any Potential Transaction on approval by a majority of the votes cast by the Amneal disinterested stockholders. Representatives of Goldman Sachs provided an update on the draft term sheet contemplating a Potential Transaction and summarized JPM's feedback on the proposed draft. The Independent Committee provided feedback on the draft term sheet and directed representatives of Goldman Sachs, RLF and STB to prepare an updated draft term sheet reflecting these discussions. Representatives of IPL reported that the FDA had not yet provided feedback on Kashiv's resubmitted BLA for its Xolair product.

On February 24, 2026, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, IPL, RLF, Blue Raven and STB. The Independent Committee received an update on negotiations, the status of diligence and draft transaction documents regarding a Potential Transaction.

Later on February 24, 2026, representatives of H&K sent to representatives of STB an initial draft of the purchase agreement reflecting up-front consideration, milestone and royalty terms consistent with the January 2026 Kashiv Proposal. Among other matters, this initial draft also provided that (i) the Independent Committee and the Amneal Board would be prohibited from changing their recommendation that the Amneal stockholders vote to approve the Potential Transaction and (ii) the parties would not have any recourse against each other following the closing for breaches of pre-closing covenants contained in the purchase agreement.

On March 6, 2026, the FDA accepted Kashiv's BLA submission for its biosimilar version of the Xolair product for substantive review.

On March 14, 2026, representatives of STB, in consultation with representatives of RLF, sent to representatives of H&K a revised draft of the purchase agreement. Among other things, this draft provided that (i) the Independent Committee and the Amneal Board would be permitted to change their recommendation to the Amneal stockholders in response to any "intervening event" as defined in the purchase agreement and (ii) the parties would indemnify each other following the closing for breaches of pre-closing covenants contained in the purchase agreement.

On March 19, 2026, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, IPL, RLF, Blue Raven and STB. The Independent Committee received an update on the business and financial diligence being conducted in respect of Kashiv, negotiations regarding draft transaction documents for a Potential Transaction and the retention of a representation and warranty insurance policy in connection with a Potential Transaction. The Independent Committee and representatives of IPL also discussed Kashiv's receipt of FDA acceptance for its biosimilar version of the Xolair product and updated BLA timelines for Kashiv's other biosimilar products.

On March 25, 2026, representatives of H&K sent to representatives of STB a revised draft of the purchase agreement. Among other things, this draft (i) accepted the ability of the Independent Committee and the Amneal Board to change their recommendation to Amneal stockholders but proposed that, upon any such change of recommendation, Kashiv would be entitled to terminate the purchase agreement and collect from Amneal a termination fee in an amount to be specified and (ii) reiterated Kashiv's prior proposal regarding the absence of post-closing recourse for pre-closing covenant breaches.

On March 27, 2026, representatives of H&K, STB and RLF convened via videoconference to discuss open issues in the purchase agreement.

On April 1, 2026, representatives of STB, in consultation with representatives of RLF, sent to representatives of H&K a revised draft of the purchase agreement. Among other things, this draft (i) accepted Kashiv's prior proposal regarding Kashiv's ability to terminate the purchase agreement upon a change of recommendation but provided that Amneal would not be obligated to pay Kashiv a termination fee in such circumstance and (ii) reiterated Amneal's prior proposal regarding post-closing indemnification for pre-closing covenant breaches.

Over the course of the week of April 6, 2026, members of Amneal management unaffiliated with Kashiv, representatives of Kashiv, and representatives of the parties' outside advisors on multiple occasions convened via videoconference (both with principals present and in "advisors-only" calls) to discuss open issues in the purchase agreement and the ancillary agreements.

TABLE OF CONTENTS

On April 9, 2026, the Independent Committee held a meeting attended by members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, IPL, RLF, Blue Raven, STB and KPMG US (“KPMG”), Amneal’s outside tax, finance and accounting advisor. The Independent Committee discussed an updated version of the analyses discussed at its November 5, 2025 meeting (which revisions reflected a delay in the anticipated launch of Kashiv’s biosimilar version of the Xolair product as a result of the delayed acceptance of its BLA); Kashiv’s updated budget for 2026; updates from the Independent Committee’s advisors reflecting the latest guidance from the FDA on biosimilars development; and results of further due diligence from members of Amneal management unaffiliated with Kashiv, including revisions of Kashiv’s cost structures for each product in Kashiv’s late-stage biosimilar program and Amneal management’s assessment of potential synergies and cost controls. The Independent Committee received an update on tax diligence and related considerations and the status of negotiations regarding draft transaction documents for a Potential Transaction, including an update on the key issues in the purchase agreement that remained open and the parties’ respective positions on those issues. Following discussion, the Independent Committee provided feedback on the remaining open issues and directed representatives of STB to convey such feedback to Kashiv.

On April 12, 2026, representatives of H&K sent to representatives of STB a revised draft of the purchase agreement. Among other things, this draft (i) accepted Amneal’s prior proposal that Amneal would not owe Kashiv a termination fee upon Kashiv’s termination of the purchase agreement following a change of recommendation and (ii) reiterated Kashiv’s prior proposal regarding the absence of post-closing recourse for covenant breaches.

Over the course of the week of April 13, 2026, members of Amneal management unaffiliated with Kashiv, representatives of Kashiv, and representatives of the parties’ outside advisors on multiple occasions convened via videoconference (both with principals present and in “advisors-only” calls) to discuss open issues in the purchase agreement and the ancillary agreements.

On April 16, 2026, the Independent Committee held a meeting, which was attended by independent Amneal Board members Ted Nark and Shlomo Yanai at the invitation of the Independent Committee, as well as members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, IPL, KPMG, RLF and STB. Representatives of Goldman Sachs reviewed with the Independent Committee Goldman Sachs’s preliminary financial analysis of the proposed acquisition of Kashiv. Members of Amneal management unaffiliated with Kashiv presented the Independent Committee with further revisions to the analyses reviewed by the Independent Committee at its April 9, 2026 meeting (as revised, the “Amneal Forecasts”), which revisions reflected further analysis as to future changes in net working capital to align with future forecasted changes in revenue, accounted for future growth in capital expenditures beginning in 2031, and incorporated revised estimates of future taxes. The Amneal Forecasts, which were used for purposes of Goldman Sachs’s preliminary financial analyses reviewed during the meeting, were considered and discussed by the Independent Committee. The Independent Committee and Messrs. Nark and Yanai also discussed the key proposed terms, Goldman Sachs’s preliminary financial analyses and the strategic rationale for acquiring Kashiv, including the Independent Committee’s view of the importance of expanding in the biosimilars space, the relative scarcity of attractive alternative acquisition targets to grow Amneal’s biosimilars pipeline, the significant cost and timing implications if Amneal were to develop its own manufacturing capabilities comparable to those of Kashiv on a standalone basis, and the strategic fit and vertical integration opportunities presented by Kashiv. After Messrs. Nark and Yanai left the meeting, representatives of STB and RLF updated the Independent Committee on the status of negotiations with respect to the purchase agreement, the remaining open items and the ancillary draft transaction documents, including a prospective amendment to the Amneal stockholders agreement. The Independent Committee directed representatives of STB and RLF to convey the Independent Committee’s responses on certain remaining open items. In addition, the Independent Committee further discussed the Amneal Forecasts and, following discussion, approved the Amneal Forecasts, including for use by Goldman Sachs in its financial analysis of a Potential Transaction.

On April 17, 2026, representatives of STB, in consultation with representatives of RLF, sent to representatives of H&K a revised draft of the purchase agreement. Among other things, this draft included post-closing indemnification for pre-closing covenant breaches.

Over the course of the next several days, representatives of H&K, STB and RLF exchanged drafts of, and convened via videoconference to discuss the remaining open issues in, the purchase agreement and other transaction documentation, including, among other things, the particular terms of the expense reimbursement and the purchase price adjustments for indebtedness and working capital.

TABLE OF CONTENTS

On April 20, 2026, the Independent Committee held a meeting attended by Messrs. Nark and Yanai, members of Amneal management unaffiliated with Kashiv and representatives of Goldman Sachs, IPL, RLF, Blue Raven and STB. The Independent Committee and Messrs. Nark and Yanai received an update on the principal changes to the purchase agreement and other transaction documents since the Independent Committee's prior meeting and the key terms of the proposed draft transaction documents regarding a Potential Transaction, which were in substantially final form. After the members of Amneal management and the representatives of IPL left the meeting, representatives of Goldman Sachs reviewed with the Independent Committee Goldman Sachs's financial analysis of the proposed transaction and rendered to the Independent Committee its oral opinion, which was subsequently confirmed in writing by Goldman Sachs's opinion dated as of April 21, 2026, to the effect that, and based upon and subject to the various qualifications, limitations and assumptions set forth in such written opinion, the consideration to be paid by Amneal in the Potential Transaction pursuant to the purchase agreement was fair, from a financial point of view, to Amneal. Following further discussion, and after Messrs. Nark and Yanai and the Goldman Sachs representatives left the meeting, the Independent Committee unanimously approved and adopted resolutions (i) determining that the purchase agreement, the amendment to the Amneal stockholders agreement and the other transaction documents, and the Transaction, the stock issuance and other transactions contemplated by the transaction documents, are advisable, fair to and in the best interests of Amneal and its stockholders (including the Amneal disinterested stockholders); (ii) approving the execution, delivery and performance of the purchase agreement, the amendment to the Amneal stockholders agreement and the other transaction documents, and the consummation of the Transaction, the stock issuance and the other transactions contemplated by the transaction documents, (iii) recommending that the Amneal Board adopt, approve and declare advisable the purchase agreement, the amendment to the Amneal stockholders agreement and the other transaction documents and the Transaction, the stock issuance and the other transactions contemplated by the transaction documents and (iv) recommending that the Amneal stockholders vote in favor of the approval of the purchase agreement and the transactions contemplated thereby, including the Transaction, and the stock issuance, and further recommending that the Amneal Board make the same recommendation to the Amneal stockholders.

Following the conclusion of the Independent Committee meeting, on April 20, 2026, a meeting of the Amneal Board was held, with Amneal's independent directors and independent Amneal Board observer, members of Amneal management unaffiliated with Kashiv and representatives of STB and RLF in attendance for the initial portion of the meeting. During the initial portion of the meeting, and upon the recommendation of the Independent Committee, the Amneal Board adopted resolutions (i) determining that the purchase agreement, the amendment to the Amneal stockholders agreement and the other transaction documents, and the Transaction, the stock issuance and other transactions contemplated by the transaction documents, are advisable, fair to and in the best interests of Amneal and its stockholders (including the Amneal disinterested stockholders); (ii) approving the execution, delivery and performance of the purchase agreement, the amendment to the Amneal stockholders agreement and the other transaction documents, and the consummation of the Transaction, the stock issuance and the other transactions contemplated by the transaction documents and (iii) recommending that the Amneal stockholders vote in favor of the approval of the purchase agreement and the transactions contemplated thereby, including the Transaction, and the stock issuance.

On April 21, 2026, following the close of the trading day, the parties entered into the purchase agreement.

On April 22, 2026, prior to the open of the trading day, the parties publicly announced their entry into the purchase agreement.

Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board

At a meeting of the Independent Committee held on April 20, 2026, the Independent Committee, upon consultation with Amneal's management, with the outside financial advisor and outside legal counsel to the Independent Committee, and with the outside legal counsel and other outside advisors to Amneal, unanimously (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, be submitted

TABLE OF CONTENTS

to Amneal’s stockholders for approval, (d) recommended that Amneal’s stockholders approve the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, and (e) recommended that the Amneal Board do each of the foregoing.

At a meeting of the Amneal Board held on April 20, 2026, the Amneal Board (excluding Chintu Patel, Chirag Patel and Gautam Patel, who were not present for this portion of such meeting), upon the unanimous recommendation of the Independent Committee, (a) determined that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance be submitted to Amneal’s stockholders for approval, and (d) recommended that Amneal’s stockholders approve each of (i) the purchase agreement and the transactions contemplated thereby, including the Transaction, and (ii) the stock issuance.

When you consider the recommendations of the Independent Committee and the Amneal Board, you should be aware that Amneal’s executive officers and directors may have interests in the Transaction that may be different from, or in addition to, the interests of Amneal’s stockholders generally. These interests are described in the section entitled “The Transaction Proposal (Proposal 1) – Interests of Amneal’s Executive Officers and Directors in the Transaction”.

In the course of reaching its decision, the Independent Committee, upon consultation with Amneal’s management, with the outside financial advisor, outside legal counsel and other outside advisors to the Independent Committee, and with the outside legal counsel and other outside advisors to Amneal, reviewed a significant amount of information and considered a number of potentially positive factors that it believed supported its decision, including, among others, the following (not necessarily in order of relative importance):

- ***Strategic and Complementary Transaction.*** The potential that, in light of the expectation that more than \$300 billion of global biologics are expected to lose patent or regulatory exclusivity over the next decade and the expectation that the adoption of biosimilars will accelerate across physicians, patients and payers, Kashiv’s research and development (“R&D”) and manufacturing capabilities may complement Amneal’s commercial scale, creating an integrated leader well positioned to lead in the next wave of affordable medicines.
- ***Integrated Biosimilar Platform.*** The potential for the Transaction to establish an integrated biosimilar platform that may enable multiple new biosimilars launches each year, enhance speed to market, enable parallel development and commercialization, and enhance Amneal’s competitiveness, with the potential for Amneal to have, by 2030, more than 12 commercial biosimilars and over 20 more products in the pipeline.
- ***Diversification of Amneal’s Growth.*** The potential for the Transaction to diversify and extend Amneal’s growth profile into the 2030s, with the potential for the Transaction to expand biosimilars long-term growth within Amneal’s Affordable Medicines segment, alongside its Specialty and AvKARE segments.
- ***Financial Benefits.*** The identification of \$400 to \$500 million in expected potential financial benefits that include the elimination of previously contracted milestone and royalty obligations through 2030 and the unlocking of incremental tax and structural benefits.
- ***Opinion of Goldman Sachs.*** The financial analyses presented by Goldman Sachs to the Independent Committee and the April 20, 2026 oral opinion delivered by Goldman Sachs to the Independent Committee, which was subsequently confirmed by delivery of its written opinion dated April 21, 2026, to the effect that, as of such date, and based upon and subject to the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Goldman Sachs in preparing its opinion, the Transaction consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement was fair, from a financial point of view, to Amneal, as more fully described below in the section entitled “Opinion of Financial Advisor to the Independent Committee”.

TABLE OF CONTENTS

- **Contingent Consideration.** The meaningful portion of the overall Transaction consideration that is structured as success-based contingent consideration, in order to better align the payments to the sellers to the success of Amneal and of the Transaction.
- **Likelihood of Consummation.** The likelihood that the Transaction will be completed in a reasonable timeframe, in light of, among other things, the conditions to the Transaction, the relative likelihood of obtaining required antitrust and other regulatory approvals, and the commitments by the parties to use commercially reasonable efforts to promptly consummate and make effective the Transaction.
- **Independent Committee's Independence and Comprehensive Review Process.** The fact that the Independent Committee consists of independent and disinterested directors who unanimously approved the Transaction following extensive and multi-month discussions among the Independent Committee and with Amneal's management, the outside financial advisor, outside legal counsel and other outside advisors to the Independent Committee and the outside legal counsel and other outside advisors to Amneal.
- **Transaction Agreements.** The terms and conditions of the purchase agreement and other transaction agreements, including:
 - the representations, warranties and covenants of Kashiv and the sellers;
 - the right of the Independent Committee to effect a change of recommendation in response to an intervening event prior to obtaining the Amneal stockholder approval; and
 - the closing of the Transaction being conditioned upon approval by the Amneal disinterested stockholders of the transaction proposal and by the Amneal stockholders of the stock issuance proposal.

In the course of reaching its decision, the Independent Committee also considered and balanced against the potential benefits of the Transaction a number of potentially adverse factors with respect to the Transaction and the other transactions contemplated by the purchase agreement including, among others, the following (not necessarily in the order of relative importance):

- **Regulatory Approvals.** The risk that the receipt of necessary antitrust and other regulatory approvals, which is beyond Amneal's control, may be delayed, conditioned or denied.
- **Risks Associated with a Failure to Consummate the Transaction.** The fact that there can be no assurance that all conditions to the parties' obligations to consummate the Transaction will be satisfied and as a result the possibility that the Transaction might not be completed and that, in this regard, if the Transaction is not completed, (a) Amneal will have incurred significant transaction expenses and opportunity costs, including the possibility of disruption to its operations, diversion of management and employee attention, employee attrition, an inability to pursue alternative business opportunities or make changes to its business during the pendency of the Transaction, and a potentially negative effect on its business and its relationships with customers, suppliers, business partners and employees, (b) the price of the Amneal common stock could decline, potentially significantly, to the extent the current market price reflects a market assumption that the Transaction will be completed, and (c) the market's perception of Amneal could be adversely affected.
- **Risks Associated with the Announcement and Pendency of the Transaction.** The risk that the announcement and pendency of the Transaction could cause harm to Amneal's business relationships or relationships with its employees, or may divert management and employee attention away from the day-to-day operation of its business.
- **Stockholder Litigation.** The potential impact on Amneal of potential stockholder litigation in connection with the Transaction.
- **Potential Differing Interests of Directors and Officers.** The fact that, aside from their interests as Amneal stockholders, Amneal's directors and officers may have interests in the Transaction that may be different from, or in addition to, the interests of other Amneal stockholders generally. See "The Transaction Proposal (Proposal 1) – Interests of Amneal's Executive Officers and Directors in the Transaction" beginning on page [58](#) of this proxy statement.

- **Other Risks.** The types and nature of the risks and uncertainties set forth under the heading “Risk Factors” of Amneal’s Annual Report on Form 10-K for fiscal year ended December 31, 2025, Amneal’s Quarterly Report on Form 10-Q for fiscal quarter ended March 31, 2026, and current reports on Form 8-K.

While the Independent Committee considered potentially positive and potentially negative factors, the Independent Committee concluded that, overall, the potentially positive factors outweigh the potentially negative factors. Accordingly, the Independent Committee unanimously determined that the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders).

The foregoing discussion is not intended to be an exhaustive list of the information and factors considered by the Independent Committee in its consideration of the Transaction, but includes the material positive factors and material negative factors considered by the Independent Committee in that regard. In view of the number and variety of factors, the Independent Committee did not find it practicable to, nor did it attempt to, make specific assessments of, quantify, or otherwise assign relative weights to, the specific factors considered in reaching its determination. In addition, individual members of the Independent Committee may have given different weights to different factors. Based on the totality of the information presented, the Independent Committee collectively reached the unanimous decision to authorize and approve the execution, delivery and performance of the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, in light of the factors described above and other factors that the members of the Independent Committee considered appropriate.

The Amneal Board also determined that the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and in the best interests of Amneal and its stockholders (including the Amneal disinterested stockholders). In the course of reaching its decision, the Amneal Board, upon consultation with Amneal’s management and with the outside legal counsel and other outside advisors to Amneal, considered a number of potentially positive factors that it believed supported its decision and also considered and balanced against the potential benefits of the Transaction a number of potentially adverse factors with respect to the Transaction and the other transactions contemplated by the purchase agreement including, among others, the following (not necessarily in order of relative importance):

- the Independent Committee’s analysis (as to both substantive and procedural aspects of the Transaction), conclusions and unanimous determination, which the Amneal Board adopted, that the purchase agreement and the ancillary agreements to be entered into in connection therewith and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders). The Amneal Board also considered the Independent Committee’s unanimous recommendation that (a) determined that the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, are advisable and fair to, and in the best interests of, Amneal and its stockholders (including the Amneal disinterested stockholders), (b) adopted, approved and declared advisable the purchase agreement and such ancillary agreements and the transactions contemplated thereby, including the Transaction and the stock issuance, (c) directed that the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, be submitted to Amneal’s stockholders for approval, (d) recommended that Amneal’s stockholders approve the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, and (e) recommended that the Amneal Board do each of the foregoing;
- the process with respect to the negotiation of the Transaction, including that (i) it was negotiated by the Independent Committee consisting solely of independent and disinterested directors who are not affiliated with, and are independent of, the Amneal Group, the sellers and the management of Kashiv and were otherwise disinterested and independent with respect to a potential acquisition of Kashiv, other than as discussed in the section entitled “The Transaction Proposal (Proposal 1) – Interests of Amneal’s Executive Officers and Directors in the Transaction”; and (ii) the Independent Committee had the authority to negotiate the purchase agreement, determine the advisability of the Transaction, to recommend to the Amneal Board what action should be taken with respect to the Transaction and to select and engage, and was advised by, its own independent legal, financial and other advisors; and
- the other material factors and countervailing factors considered by the Independent Committee and listed in this section of the proxy statement.

TABLE OF CONTENTS

The foregoing discussion is not intended to be an exhaustive list of the information and factors considered by the Amneal Board in its consideration of the Transaction, but includes the material positive factors and material negative factors considered by the Amneal Board in that regard. In view of the number and variety of factors, the Amneal Board did not find it practicable to, nor did it attempt to, make specific assessments of, quantify, or otherwise assign relative weights to, the specific factors considered in reaching its determination. In addition, individual members of the Amneal Board may have given different weights to different factors. Based on the totality of the information presented, the Amneal Board collectively reached the decision to authorize and approve the execution, delivery and performance of the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance, in light of the factors described above and other factors that members of the Amneal Board considered appropriate.

Portions of this explanation of Amneal's reasons for the Transaction and other information presented in this section are forward-looking in nature and, therefore, should be read in light of the section entitled "Cautionary Statement Regarding Forward-Looking Statements", beginning on page [27](#) of this proxy statement.

Opinion of Financial Advisor to the Independent Committee

At the meeting of the Independent Committee on April 20, 2026, Goldman Sachs delivered its oral opinion to the Independent Committee that, as of the date of its opinion and based upon and subject to the factors and assumptions set forth therein, the (i) \$375 million in cash, as adjusted (the "adjustments") pursuant to Section 1.5 of the purchase agreement, (ii) 28,942,108 shares of Amneal Class A common stock, (iii) up to \$350 million of milestone payments (the "milestone payments"), payable in cash, based upon the timing of each of (a) regulatory approval of certain products of Kashiv exceeding certain threshold percentages of "value" (as defined in the purchase agreement), (b) entrance by competitors into the respective markets for such products and (c) commercial launch in the United States of a certain such product, as applicable, and (iv) royalty payments, payable in cash over a twelve year period beginning on the first full calendar quarter commencing on or after the closing, based upon the amount of gross profits of Kashiv in excess of certain thresholds (the "royalty payments", and clauses (i) through (iv) collectively, the "consideration") to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement was fair from a financial point of view to Amneal. Goldman Sachs confirmed its oral opinion by delivering its written opinion, dated April 21, 2026, to the Independent Committee that, as of such date and based upon and subject to the factors and assumptions set forth therein, the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement was fair from a financial point of view to Amneal.

The full text of the written opinion of Goldman Sachs, dated April 21, 2026, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex D. The summary of Goldman Sachs' opinion contained in this proxy statement is qualified in its entirety by reference to the full text of Goldman Sachs' written opinion. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Independent Committee in connection with its consideration of the Transaction. Goldman Sachs' opinion is not a recommendation as to how any holder of Amneal common stock should vote with respect to the Transaction, or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

- the purchase agreement;
- annual reports to stockholders and Annual Reports on Form 10-K of Amneal for the five fiscal years ended December 31, 2025;
- certain other communications from Amneal to its stockholders;
- certain publicly available research analyst reports for Amneal;
- audited financial statements for Kashiv for the three years ended December 31, 2024;
- unaudited financial statements for Kashiv for the twelve-month period ended December 31, 2025;
- certain internal financial analyses and forecasts for Kashiv prepared by its management;

TABLE OF CONTENTS

- certain internal financial analyses and forecasts for Amneal standalone and certain internal financial analyses and forecasts for Amneal pro forma for the Transaction, in each case, as prepared by the management of Amneal;
- certain financial analyses and forecasts for Kashiv standalone and for Kashiv giving effect to certain estimates by Amneal's management of potential cost synergies anticipated by Amneal's management to result from the Transaction (the "synergies", and such forecasts collectively, the "Amneal Forecasts", which are summarized in the section titled "*The Transaction Proposal (Proposal 1)-Certain Financial Projections-Amneal Forecasts*"), in each case, including certain forecasts related to the amounts and expected utilization by Amneal of certain tax attributes (the "Tax Attributes Forecasts"; which are reflected in the Amneal Forecasts), and in each case, as prepared by the management of Amneal and advisors and approved for Goldman Sachs' use by the Independent Committee; and
- certain estimates as to the amount of the adjustments, milestone payments and royalty payments, in each case, as prepared by the management of Amneal and approved for Goldman Sachs' use by the Independent Committee (the "estimates").

Goldman Sachs also held discussions with members of the senior managements of Amneal, Kashiv and the seller representative regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and the past and current business operations, financial condition, and future prospects of Amneal and Kashiv; reviewed the reported price and trading activity for Amneal Class A common stock; compared certain financial information for Kashiv and certain financial and stock market information for Amneal with similar financial and stock market information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the biosimilars industry and in other industries; and performed such other studies and analyses, and considered such other factors, as it deemed appropriate.

For purposes of rendering its opinion, Goldman Sachs, with the consent of the Independent Committee, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, it, without assuming any responsibility for independent verification thereof. In that regard, Goldman Sachs assumed, with the Independent Committee's consent, that the Amneal Forecasts, the synergies, the Tax Attributes Forecasts, and the estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the Independent Committee. Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of Amneal, Kashiv or any of their respective subsidiaries and it was not furnished with any such evaluation or appraisal. Goldman Sachs assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on Amneal or Kashiv or on the expected benefits of the Transaction in any way meaningful to its analysis. Goldman Sachs also assumed that the Transaction will be consummated on the terms set forth in the purchase agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to its analysis.

Goldman Sachs' opinion does not address the underlying business decision of Amneal to engage in the Transaction or the relative merits of the Transaction as compared to any strategic alternatives that may be available to Amneal; nor does it address any legal, regulatory, tax or accounting matters. Goldman Sachs' opinion addresses only the fairness from a financial point of view, as of the date of the opinion, of the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement. Goldman Sachs' opinion does not express any view on, and does not address, any other term or aspect of the purchase agreement or the Transaction or any term or aspect of any other agreement or instrument contemplated by the purchase agreement or entered into or amended in connection with the Transaction, including the fairness of any ongoing obligations of Amneal or Kashiv, any allocation of the consideration to be paid by Amneal for all of the membership interests of Kashiv, the fairness of the Transaction to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors, or other constituencies of Amneal or Kashiv; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Amneal, Kashiv, the seller representative or, as applicable, the sellers, or class of such persons in connection with the Transaction, whether relative to the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement or otherwise. Goldman Sachs' opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Goldman Sachs as of,

the date of its opinion and Goldman Sachs assumes no responsibility for updating, revising or reaffirming its opinion based on circumstances, developments or events occurring after the date of its opinion. In addition, Goldman Sachs does not express any opinion as to the prices at which shares of Amneal common stock will trade at any time, as to the potential effects of volatility in the credit, financial and stock markets on Amneal, the seller representative, the sellers, Kashiv or the Transaction, or as to the impact of the Transaction on the solvency or viability of Amneal, the seller representative, the sellers or Kashiv or the ability of Amneal, the seller representative, the sellers or Kashiv to pay their respective obligations when they come due. Goldman Sachs' advisory services and its opinion were provided for the information and assistance of the Independent Committee in connection with its consideration of the Transaction and the opinion does not constitute a recommendation as to how any holder of Amneal common stock should vote with respect to such Transaction or any other matter. Goldman Sachs' opinion was approved by a fairness committee of Goldman Sachs.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the Independent Committee in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before April 17, 2026, the last trading day before the Independent Committee approved the Transaction, and is not necessarily indicative of current market conditions.

Illustrative Present Value of Consideration Analysis. Using the estimates, Goldman Sachs calculated the risk-adjusted net present value of the consideration to be paid by Amneal for all of the membership interests of Kashiv as follows. Goldman Sachs took the cash consideration of \$375 million and the Amneal Class A common stock with an aggregate value of \$375 million, in each case payable upon closing pursuant to the purchase agreement, and reflected such amounts at their nominal values. Goldman Sachs then calculated the risk-adjusted net present value, as of December 31, 2025, of the milestone payments payable pursuant to the purchase agreement, which had an aggregate nominal value of \$350 million, by applying to each milestone payment the probability of success of the underlying product (ranging from 20% to 93%) and the expected year of approval of such product, in each case, as projected by the management of Amneal and approved for Goldman Sachs' use by the Independent Committee, and discounting the resulting risk-adjusted milestone payments to present value using the mid-year convention and an estimated weighted average cost of capital of 12.0%, with payments to be made within one year of the closing considered at nominal value. This analysis resulted in an aggregate risk-adjusted net present value of the milestone payments of \$125 million. Goldman Sachs then calculated the risk-adjusted net present value, as of December 31, 2025, of the royalty payments payable pursuant to the purchase agreement over the applicable twelve year period, as projected by the management of Amneal its advisors and approved for Goldman Sachs' use by the Independent Committee, by applying to the projected gross profit of the applicable products a 25.0% royalty rate on gross profit in excess of the excluded profits, and discounting the resulting royalty payments to present value using the mid-year convention and an estimated weighted average cost of capital of 12.0%. This analysis resulted in a risk-adjusted net present value of the royalty payments of \$124 million. Goldman Sachs then aggregated the foregoing components and added the estimated adjustments of \$65 million to derive a risk-adjusted net present value of the consideration of \$1.063 billion.

Illustrative Discounted Cash Flow Analysis. Using the Amneal Forecasts (excluding synergies) and the Amneal Forecasts (including synergies), in each case, including the Tax Attributes Forecasts, and the estimates, Goldman Sachs performed an illustrative discounted cash flow analysis on Kashiv to derive a range of illustrative present enterprise values. Using the mid-year convention for discounting cash flows and discount rates ranging from 11.0% to 13.0%, reflecting estimates of Kashiv's weighted average cost of capital, Goldman Sachs discounted to present value as of December 31, 2025 (i) estimates of unlevered free cash flow for Kashiv for the fiscal years 2026 through 2035 as reflected in the Amneal Forecasts (excluding synergies) and the Amneal Forecasts (including synergies) and (ii) a range of illustrative terminal values for Kashiv, which were calculated by applying perpetuity growth rates ranging from 0.0% to 1.5%, to a terminal year estimate of the unlevered free cash flow to be generated by Kashiv, as reflected in the Amneal Forecasts (excluding synergies) and the Amneal Forecasts (including synergies) (which analysis, in each case, implied terminal year EBITDA exit multiples ranging from 5.6x to 7.8x). The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Amneal Forecasts and market expectations regarding long-term real growth of gross domestic

TABLE OF CONTENTS

product and inflation. Goldman Sachs derived such discount rates by application of the capital asset pricing model, which requires certain company-specific inputs, including Kashiv's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for Kashiv, as well as certain financial metrics for the United States financial markets generally.

The discounted unlevered cash flow analysis implied intrinsic Kashiv enterprise values of between \$1.6 billion and \$2.1 billion (based on the Amneal Forecasts (excluding synergies)) and between \$1.9 billion and \$2.3 billion (based on the Amneal Forecasts (including synergies)).

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Amneal or Kashiv or the Transaction.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs' providing its opinion to the Independent Committee as to the fairness from a financial point of view to Amneal of the consideration to be paid by Amneal for all of the membership interests of Kashiv pursuant to the purchase agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Amneal, Kashiv, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecasts.

The consideration to be paid by Amneal for all of the membership interests of Kashiv was determined through arm's-length negotiations between Amneal and Kashiv and was approved by the Independent Committee. Goldman Sachs provided advice to the Independent Committee during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to Amneal, the Amneal Board or the Independent Committee or that any specific amount of consideration constituted the only appropriate consideration for the Transaction.

As described above, Goldman Sachs' opinion to the Independent Committee was one of many factors taken into consideration by the Independent Committee in making its determination to approve the purchase agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex D.

Regulatory, informational and operational barriers separate the Public Side from Goldman Sachs Investment Banking.

For purposes of this section of the proxy statement, (x) Goldman Sachs relied on its books and records to (i) unless otherwise indicated, calculate all amounts and (ii) determine whether an entity is an affiliate, portfolio company, subsidiary or majority-owned subsidiary of another entity, and (y) the following terms have the definitions set forth below:

GS Principal Investments (including any associated commitments) are (i) direct balance sheet investments in equity interests or equity securities held by Goldman Sachs Affiliated Entities for its own account or (ii) direct investments in equity interests held by a fund managed by a Goldman Sachs Affiliated Entity which fund is primarily for the benefit of Goldman Sachs Affiliated Entities and/or its current and former employees and not third party clients. and/or make investments in, the Relevant Entities or their respective Related Entities. Related Entities are, as applicable, a person or entity's subsidiaries, affiliates, portfolio companies and/or funds managed thereby.

The Independent Committee selected Goldman Sachs as its financial advisor because, among other things, it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the Transaction. Pursuant to a letter agreement dated August 8, 2025, the Independent Committee engaged Goldman Sachs to act as its financial advisor in connection with the Transaction. The engagement letter between Amneal, the Independent Committee and Goldman Sachs provides for \$15 million in fees, \$12.5 million of which is contingent upon consummation of the Transaction. In addition, Amneal has agreed to reimburse Goldman Sachs for certain of its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Certain Financial Projections

Amneal does not, as a matter of course, publicly disclose forecasts or projections as to its future financial results beyond the then-current fiscal year due to, among other things, the inherent difficulty of accurately predicting financial performance for future periods and the uncertainty, unpredictability and subjectivity as to the underlying assumptions and estimates. However, at the direction of the Independent Committee, and based in part upon the analyses of the Independent Committee's outside advisors, members of Amneal management unaffiliated with Kashiv presented to the Independent Committee, at its April 16, 2026 meeting, forecasts of Kashiv, which are referred to as the "Amneal Forecasts" in the section above entitled "The Transaction Proposal (Proposal Number 1) – Background of the Transaction" and in this section as well. Upon the direction and with the consent of the Independent Committee, the Amneal Forecasts were provided to Goldman Sachs for its use and reliance in connection with its financial analyses that are summarized above under "The Transaction Proposal (Proposal Number 1) – Opinion of Financial Advisor to the Independent Committee". Goldman Sachs expressed no view or opinion as to the Amneal Forecasts or the assumptions on which they were based. A summary of the Amneal Forecasts is set forth below.

Other Forecasts

As described in the section above entitled "The Transaction Proposal (Proposal Number 1) – Background of the Transaction", during the course of its consideration of the Transaction, the Independent Committee also received and reviewed (i) forecasts of Kashiv that were prepared by Kashiv management (which are referred to as the "Kashiv Forecasts" in the section above entitled "The Transaction Proposal (Proposal Number 1) – Background of

General

The Amneal Forecasts and the other forecasts described in this section (collectively, the “Forecasts”) were not prepared with a view to public disclosure or with a view toward compliance with SEC rules and are included in this proxy statement only because they were received and reviewed by the Independent Committee and, in the case of the Amneal Forecasts, were provided to Goldman Sachs for its use and reliance in connection with its financial analyses summarized above under “The Transaction Proposal (Proposal 1) – Opinion of Financial Advisor to the Independent Committee.” The Forecasts were not prepared with a view to compliance with accounting principles generally accepted in the United States of America (“GAAP”), the published guidelines of the SEC regarding forecasts and forward-looking statements or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. The Forecasts were prepared by, and are the responsibility of, the persons noted as having prepared them. Neither Ernst & Young LLP (“E&Y”), Amneal’s independent auditor, nor Grant Thornton LLP (“Grant Thornton”), Kashiv’s independent auditor, nor any other audit or accounting firm, has audited, reviewed, examined, compiled or applied agreed-upon procedures with respect to the Forecasts and, accordingly, no such audit or accounting firm expresses an opinion or any other form of assurance with respect thereto. The E&Y report incorporated by reference in this proxy statement relates to Amneal’s historical financial statements and the Grant Thornton report included in this proxy statement relates to Kashiv’s historical financial statements. Neither of such audit reports extends to the Forecasts nor should it be read to do so. The Forecasts were prepared solely for internal use and are subjective in many respects. The parties have not made any representations and warranties to each other, in the purchase agreement or otherwise, concerning any projected financial information, including the Forecasts.

TABLE OF CONTENTS

The Forecasts are forward-looking statements. Although this summary of the Forecasts is presented with numerical specificity, the Forecasts reflect numerous variables, assumptions and estimates as to future events that the preparer of the applicable Forecasts believed were reasonable at the time such Forecasts were prepared, taking into account the relevant information available to such person at the time and presented as of the time of the preparation, to the best of such person's knowledge and belief, the expected course of action and the expected future financial performance of Kashiv as described above and subject to certain assumptions and limitations. Such variables, assumptions and estimates are inherently uncertain and many are beyond the control of Amneal, Kashiv and other persons. Amneal cautions shareholders that future results could be materially different from the Forecasts. Because the Forecasts cover multiple years, by their nature, they become less predictive with each successive year. The information contained in the Forecasts is not fact and should not be relied upon as being necessarily indicative of actual future results. The Forecasts are subject to estimates and assumptions in many respects and, as a result, subject to interpretation. These estimates and assumptions may prove inaccurate for any number of reasons, including general economic conditions, competition and other risks. For information on factors that may cause Amneal's future results to materially vary, see the section of this proxy statement entitled "Cautionary Statement Regarding Forward-Looking Statements", beginning on page [27](#) of this proxy statement.

In addition, the Forecasts do not take into account any circumstances or events occurring after the date that they were prepared and, except to the extent specifically contemplated by the line items in the Amneal Forecasts that include synergies, do not give effect to the Transaction. Because the Forecasts were developed on a stand-alone basis without, other than as specifically noted in the immediately preceding sentence, giving effect to the Transaction, they do not reflect any divestitures or other restrictions that may be imposed in connection with the receipt of any necessary governmental or regulatory approvals, any synergies realized as a result of the Transaction (except as specifically noted above) or any changes to Amneal's operations or strategy that may be implemented after completion of the Transaction. As a result, for these and other reasons noted herein, there can be no assurance that the Forecasts will be realized, and actual results may be materially better or worse than those contained in the Forecasts. The inclusion of this information should not be regarded as an indication that Amneal, the Independent Committee, the Amneal Board, Goldman Sachs, Kashiv and their respective representatives or affiliates or any other recipient of this information considered, or now considers, the Forecasts to be necessarily predictive of actual future results. The summary of the Forecasts is not included in this proxy statement to induce any stockholder to vote in favor of the transaction proposal, the stock issuance proposal or the adjournment proposal or to take or not take any other action.

Except to the extent required by applicable federal securities laws, Amneal does not intend to, and expressly disclaims any responsibility to, update or otherwise revise the Forecasts to reflect circumstances existing after the date when the Forecasts were prepared or to reflect the occurrence of future events or changes in general economic or industry conditions, even in the event that any of the assumptions underlying the Forecasts are shown to be in error. By including in this document a summary of certain financial projections, neither Amneal nor any of its representatives or advisors (including Goldman Sachs) nor Kashiv or its representatives or affiliates makes any representation to any person regarding the ultimate performance of Amneal or Kashiv compared to the information contained in such financial forecasts and should not be read to do so.

Certain of the measures included in the Forecasts may be considered non-GAAP financial measures. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as used by Amneal may not be comparable to similarly titled amounts used by other companies. With the consent of the Independent Committee, the non-GAAP financial measures were relied upon by Goldman Sachs in connection with its financial analyses summarized above under "The Transaction Proposal (Proposal 1) – Opinion of Financial Advisor to the Independent Committee", beginning on page [50](#) of this proxy statement, and by the Independent Committee in connection with its consideration of the Transaction. Financial measures provided to a financial advisor in connection with a business combination transaction are excluded from the definition of non-GAAP financial measures and therefore are not subject to SEC rules regarding disclosures of non-GAAP financial measures, which would otherwise require a reconciliation of a non-GAAP financial measure to a GAAP financial measure. Reconciliations of non-GAAP financial measures were not relied upon by Goldman Sachs for purposes of its financial analyses and opinion or by the Independent Committee in connection with its consideration of the Transaction. Amneal has not provided reconciliations of the non-GAAP financial measures included in these projections to the comparable GAAP measure

TABLE OF CONTENTS

due to the lack of reasonably accessible or reliable comparable GAAP measures for these measures and the inherent difficulty in forecasting and quantifying the measures that are necessary for such reconciliation. Accordingly, a reconciliation of the financial measures is not included herein.

Interests of Amneal's Executive Officers and Directors in the Transaction

In considering the recommendations of the Independent Committee and the Amneal Board that you vote to approve the transaction proposal and the stock issuance proposal, you should be aware that, aside from their interests as Amneal stockholders, certain Amneal directors and executive officers may have interests in the Transaction that are different from, or in addition to, the interests of Amneal stockholders generally, which may create potential conflicts of interest. These interests are described in more detail below. Each of the Independent Committee and the Amneal Board was aware of these interests and considered them when it approved the purchase agreement, the Transaction and the stock issuance.

Chirag Patel, President and Co-Chief Executive Officer of Amneal and a member of the Amneal Board, Chintu Patel, Co-Chief Executive Officer of Amneal and a member of the Amneal Board, and Gautam Patel, a member of the Amneal Board, each serve on the board of managers of Kashiv and beneficially own, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of their immediate families, outstanding equity securities of Kashiv. In addition, Chirag Patel, Chintu Patel, Gautam Patel, Ted Nark and Shlomo Yanai have been designated as members of the Amneal Board by the Amneal Group (which, together with their affiliates and certain assignees, owned Amneal when it was a private company). Certain members of the Amneal Group and their affiliates are sellers and equityholders of Kashiv (though neither of Messrs. Nark nor Yanai are sellers or equityholders of Kashiv).

In addition, Mr. Gautam Patel, a member of the Amneal Board, is a managing director of Tarsadia Investments, which is an affiliate of each of the Amneal Group, Kashiv, and the sellers.

As discussed in "*The Transaction – Background of the Transaction*" beginning on page [36](#), pursuant to the authority delegated to the Independent Committee, set forth in Section IV of the charter of the Independent Committee, the Independent Committee has the authority to review and approve, among other things, any related person transaction. On June 25, 2025, the Amneal Board adopted resolutions delegating to the Independent Committee the sole and exclusive power and authority, to the fullest extent permissible by the DGCL, to exercise all of the authority of the Amneal Board with respect to the review, consideration, negotiation, approval, recommendation, rejection, non-approval and non-recommendation of a potential transaction to acquire Kashiv.

Additional information regarding the material business and other relationships of the executive officers and directors of Amneal with Kashiv is described in Amneal's Proxy Statement for its 2026 annual meeting of stockholders on Schedule 14A, which is incorporated by reference into this proxy statement, and the table of the beneficial ownership of certain beneficial owners and management in this proxy statement. See "Where You Can Find Additional Information" beginning on page [133](#) of this proxy statement and "Security Ownership of Certain Beneficial Owners and Management" beginning on page [128](#) of this proxy statement.

Financing of the Transaction

Amneal's obligation to consummate the Transaction is not subject to any financing condition. Amneal has represented to the sellers in the purchase agreement that Amneal will have at the closing sufficient unrestricted cash on hand or other sources of immediately available funds to enable it to make payment of the cash consideration due to the sellers at the closing.

Regulatory Approvals Required for the Transaction

Under the purchase agreement and subject to certain limitations, each party has agreed to use its commercially reasonable efforts to, among other things, promptly consummate and make effective the transactions contemplated by the purchase agreement. Completion of the Transaction is conditioned upon, among other things, the satisfaction of (x) the HSR Act Condition and (y) the India Conditions.

Antitrust

Under the Hart-Scott-Rodino Antitrust Improvement Act of 1976, as amended ("HSR Act"), the Transaction may not be completed until notifications have been filed with and certain information has been furnished to the U.S. DOJ and the U.S. FTC and all statutory waiting period requirements have been satisfied. Amneal and Kashiv

TABLE OF CONTENTS

made the necessary filings required to be made under the HSR Act effective as of May 19, 2026. In the absence of a grant of early termination or the issuance of a request for additional information, the statutory waiting period under the HSR Act will expire at 11:59 p.m. (Eastern Time) on June 18, 2026.

At any time before or after the completion of the transaction, the U.S. DOJ or the U.S. FTC could take action under the U.S. antitrust laws, including seeking to prevent the Transaction, to rescind the Transaction or to clear the Transaction subject to the divestiture of assets of Kashiv or Amneal or subject to other remedies. In addition, U.S. state attorneys general could take action under the antitrust laws as they deem necessary or desirable in the public interest, including without limitation seeking to enjoin the completion of the transactions contemplated by the purchase agreement or permitting completion subject to the divestiture of assets of Kashiv or Amneal or other remedies. Private parties may also seek to take legal action under the antitrust laws under some circumstances. There can be no assurance that a challenge to the transactions contemplated by the purchase agreement on antitrust grounds will not be made or, if such challenge is made, that it would not be successful.

To the extent required by applicable law, (i) each party will supply as promptly as reasonably practicable any additional information and documentary material that may be requested by any governmental authority (including the U.S. DOJ and the U.S. FTC) beyond the initial HSR Act filings that have already been made, (ii) each party will cooperate in connection with making any filing under any other applicable antitrust or competition laws and in connection with resolving any investigation or other inquiry commenced by any governmental authority, including the U.S. FTC, the U.S. DOJ, or the office of any state attorney general or any proceeding initiated by a private party, (iii) each party will promptly inform the other parties of any material communication received by such party from, or given by such party to, the U.S. DOJ or the U.S. FTC, or any other governmental authority and of any material communication received or given in connection with any proceeding by a private party, and (iv) each party will permit the other parties to review any material communication given by it to, and consult with each other in advance of, any meeting or conference with the U.S. DOJ or the U.S. FTC, or any other governmental authority or, in connection with any proceeding by a private party with any other person, and to the extent not prohibited by the U.S. DOJ or the U.S. FTC, or any other governmental authority or other person, give the other parties the opportunity to attend and participate in such meetings and conferences. The filing fees of Amneal and Kashiv in connection with the filings to be made under the HSR Act will be borne by Amneal. For the avoidance of doubt, each party will be responsible for its own legal fees for preparing its portion of the HSR Act filings.

India Foreign Direct Investment

Required regulatory approvals under Indian law will be sought in connection with the Transaction. Specifically, the Transaction is subject to certain Indian laws or regulations related to foreign investment in the brownfield pharmaceutical sector.

Pursuant to the purchase agreement, Amneal, Kashiv and the seller representative have agreed to use commercially reasonable efforts to support Kashiv and/or Kashiv Biosciences Private Limited to promptly file an application seeking to obtain all such authorizations, consents, orders and approvals from the Department of Pharmaceuticals, Government of India, in relation to the indirect transfer of shares of Kashiv Biosciences Private Limited and Kashiv Research Private Limited, Kashiv's two subsidiaries located in India, under the (Indian) Foreign Exchange Management Act 1999 ("FEMA"). Kashiv submitted an application for prior written unconditional approval of the Transaction from the Department of Pharmaceuticals, Government of India under FEMA on June 15, 2026.

General

Each party will use its commercially reasonable efforts to (i) take, or cause to be taken, all appropriate action, and do, or cause to be done, all things necessary, proper or advisable under applicable law or otherwise to promptly consummate and make effective the transactions contemplated by the purchase agreement, in each case only as applicable to such party; (ii) obtain all authorizations, consents, orders and approvals of, and give all notices to and make all filings with, all governmental authorities and other third parties that may be or become necessary for the performance of such party's obligations under the purchase agreement and the consummation of the transactions contemplated by the purchase agreement, including those consents set forth in the disclosure schedules; (iii) lift or rescind any injunction or restraining order or other order adversely affecting the ability of such party to consummate the transactions contemplated by the purchase agreement; and (iv) fulfill all conditions to such party's obligations under the purchase agreement. Each party will cooperate fully with the other parties in promptly seeking to obtain all such authorizations, consents, orders and approvals, giving such notices, and making such filings.

TABLE OF CONTENTS

Notwithstanding the foregoing or anything to the contrary in the purchase agreement, nothing in the purchase agreement will require any party to (and Kashiv and the sellers will not without Amneal's written consent) commit to or effect, by consent decree, hold separate orders, trust, or otherwise, (i) the sale, license, holding separate or other disposition of assets or businesses of any party, (ii) terminating, relinquishing, modifying or waiving existing relationships, ventures, contractual rights, obligations or other arrangements of any party, (iii) taking or committing to take actions that limit any party's freedom of action with respect to, or its ability to retain, one or more of the businesses, product lines or assets of any party, (iv) creating any relationships, ventures, contractual rights, obligations or other arrangements of any party, (v) commencing litigation relating to the purchase agreement, or (vi) agreeing to any other structural or behavioral remedy. Notwithstanding the foregoing or anything to the contrary set forth in the purchase agreement, in connection with obtaining such consents from third parties, no party will be required to make payments, commence litigation or agree to modifications of the terms and conditions of any agreements with third parties and no such modifications will be made to any contract of Kashiv and its subsidiaries without the prior written consent of Amneal, which consent will not be unreasonably withheld, conditioned or delayed. In addition, in connection with obtaining such consents from third parties, no party need waive any substantial rights, agree to any material restriction on the conduct of its and its affiliates' business or agree to any substantial limitation on its operations or to dispose of any assets, including assets of Kashiv and its subsidiaries.

Each party will promptly inform the other parties of any material communication made to, or received by, such party from any antitrust governmental authority or any other governmental authority regarding any of the transactions contemplated by the purchase agreement. Each party will permit the other parties to review in advance any proposed material communication by it to any governmental authority (but, for the avoidance of doubt, not including (i) any interactions not relating to the transactions contemplated by the purchase agreement, and/or (ii) any disclosure which is not permitted under applicable law; provided, that with respect to this clause (ii), each party will use commercially reasonable efforts to provide access to such information in a manner that does not violate such law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. No party will agree to participate in any meeting or conference with any governmental authority in respect of any filings, investigation or other inquiry relating to the matters that are the subject of the purchase agreement unless it consults with the other parties in advance and, to the extent not prohibited by such governmental authority, gives the other parties the opportunity to attend and participate at such meeting or conference. Each party will provide the other parties with copies of all material correspondence, filings or communications between it or any of its representatives, on the one hand, and any governmental authority or members of its staff, on the other hand, with respect to the purchase agreement and the transactions contemplated by the purchase agreement (but, for the avoidance of doubt, not including any disclosure which is not permitted by applicable law; provided, that each party will use commercially reasonable efforts to provide access to such information in a manner that does not violate such law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. Amneal, Kashiv and the seller representative may, as they deem advisable and necessary, designate any competitively sensitive materials provided to the other under the terms described in this section of this proxy statement entitled "Regulatory Approvals Required for the Transaction" as "outside counsel only". Such materials and the information contained therein will be given only to the outside legal counsel of the recipient and will not be disclosed by such legal counsel to non-legal employees, officers, or directors of the recipient without the advance written consent of the party providing such materials. In addition, subject to applicable law, Amneal and the seller representative will consult and cooperate with each other in advance in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, and proposals made or submitted to any governmental authority regarding the transactions contemplated by the purchase agreement by or on behalf of any party. Amneal will be entitled to control and lead, in consultation with the other parties, all communications and strategy with any governmental authority regarding antitrust matters and to direct, in consultation with the other parties, the antitrust defense of the transactions contemplated by the purchase agreement (and Kashiv and the sellers will not make any agreement with any governmental authority without Amneal's written consent).

The purchase agreement and this summary of its terms have been included to provide you with information regarding the terms of the purchase agreement. Factual disclosures about Amneal contained in this proxy statement or in Amneal's public reports filed with the SEC may supplement, update or modify the factual disclosures about Amneal contained in the purchase agreement and described in this summary. The representations, warranties and covenants made in the purchase agreement by Amneal, Kashiv, the sellers and the seller representative were qualified and subject to important limitations agreed to by Amneal, Kashiv, the sellers and the seller representative in connection with negotiating the terms of the purchase agreement. In particular, in your review of the representations and warranties contained in the purchase agreement and described in this summary, it is important to bear in mind that the representations and warranties were negotiated with the principal purposes of establishing the circumstances in which a party to the purchase agreement may have the right not to close the Transaction if the representations and warranties of the other party prove to be untrue, due to a change in circumstance or otherwise, and allocating risk between the parties to the purchase agreement, and were not intended by the parties to the purchase agreement to be a characterization of the actual state of facts or condition of Amneal, Kashiv, the sellers and the seller representative, except as expressly stated in the purchase agreement. The representations and warranties may also be subject to a contractual standard of materiality different from those generally applicable to stockholders and reports and documents filed with the SEC, and in some cases were qualified by confidential disclosures that were made by Amneal, Kashiv, the sellers and the seller representative, which disclosures are not reflected in the purchase agreement. Moreover, information concerning the subject matter of the representations and warranties, which do not purport to be accurate as of the date of this proxy statement, may have changed since the signing date and subsequent developments or new information qualifying a representation or warranty may have been included in this proxy statement or in the public filings made by Amneal with the SEC.

Additional information about Amneal may be found elsewhere in this proxy statement and Amneal's other public filings. See "Where You Can Find Additional Information" beginning on page [133](#) of this proxy statement.

Second Tranche Milestone

For purposes of the purchase agreement, “value” means, with respect to determining if a first tranche milestone for a given designated product has been achieved, the fraction A/B expressed as a percentage, where A is the cumulative U.S. sales (over a twelve (12)-month period) of all delivery types for the reference product for such designated product that have received regulatory approval, and B is the cumulative U.S. sales (over the same twelve (12)-month period) of all delivery types for the reference product for such designated product. Each of A and B will be determined from data currently identified as “Sales \$” as provided in the National Sales Perspective report by IQVIA in the commercially available SMART Syndicated Data Analytics - US Edition. If such data or report become no longer available, Amneal and the seller representative will confer and reasonably agree on a substitute that most closely corresponds to such data or report. The twelve (12)-month period will be, for each designated product, the period ending on the last day of the month preceding the month in which the most recent delivery type has received regulatory approval.

For purposes of the purchase agreement, “reference product” has the meaning set forth in 42 U.S.C. § 262(i)(4) as it exists as of signing.

Royalty Payments

Amneal will make royalty payments based on gross profits arising from certain products of Kashiv on the terms and conditions set forth in the purchase agreement, which are described below.

For purposes of the purchase agreement, “royalty term” means the twelve (12)-year period from and after the first day of the first (1st) full calendar quarter commencing on or after the closing date.

For purposes of the purchase agreement, “royalty periods” means: if the royalty term begins in 2026, the following time periods during the royalty term: (A) the period from the beginning of the royalty term through December 31, 2026; (B) each twelve (12)-month period from January 1 through December 31 for each of the calendar years 2027 through 2037; and (C) the period from January 1, 2038 until the end of the royalty term in 2038; and if the royalty term begins in 2027, the following time periods during the royalty term: (A) the period from the beginning of the royalty term through December 31, 2027; (B) each twelve (12)-month period from January 1 through December 31 for each of the calendar years 2028 through 2038; and (C) the period from January 1, 2039 until the end of the royalty term in 2039.

For purposes of the purchase agreement, “royalty quarter” means each of the first (1st), second (2nd), and third (3rd) calendar quarter during each royalty period of the royalty term, in each case to the extent such calendar quarter is fully encompassed by such royalty period.

For purposes of the purchase agreement, “net sales” means for each product: (a) the calculated worldwide net sales used by Amneal in preparation of its audited financial statements, prepared in accordance with GAAP consistently applied in accordance with Amneal’s accounting practices in effect as of signing, arising from royalty income relating to such product, service revenue such as research-and-development service revenue relating to such product, and sales of such product by or on behalf of the specified parties, their successors or assigns to independent third parties; provided, that credits, returns, rebates (including government rebates), reimbursements, fees, allowances, charge-backs, and all other deductions from gross sales to net sales as recorded and used by Amneal in preparation of its audited financial statements in accordance with GAAP consistently applied in accordance with Amneal’s accounting practices in effect as of signing will be recorded as deductions in the period in which the underlying sale occurred to the extent reasonably identifiable, and otherwise in the period finally settled,

TABLE OF CONTENTS

consistently applied and with disclosure in Amneal's royalty reports of any material timing differences; plus (b) the calculated gross profit or other category of income or revenue used by Amneal in preparation of its audited financial statements, prepared in accordance with GAAP consistently applied in accordance with Amneal's accounting practices in effect as of signing, comprising up-front payments; license fees; milestone payments based on development, regulatory, or commercial events; and other applicable portion of any consideration received by Amneal or its affiliates from or on behalf of third parties in any transaction or series of related transactions (worldwide) in exchange for any grant of rights to a third party to develop, manufacture, or sell product on such third party's own behalf and not as Amneal's or Amneal's affiliates' agent or distributor, subject to the following: (i) any up-front, milestone, or fixed payment will be included in this calculation in the calendar quarter in which it was received, even if Amneal's accounting practices would be to recognize revenue from such payment in a different calendar year or over a period of time; (ii) to avoid double counting, no consideration included in clause (a) of this definition of "net sales" will be included in this clause (b); and (iii) clause (b) is not intended to include amounts paid to Amneal by a third party for work performed or to be performed by Amneal or its affiliates as a contract development and manufacturing organization for such third party.

For purposes of the purchase agreement, "gross profits" means net sales less cost of goods sold for each product that consolidate into Amneal's audited financial statements, prepared in accordance with GAAP consistently applied in accordance with Amneal's accounting practices in effect as of the signing date.

For purposes of the purchase agreement "cost of goods sold" means, with respect to all products (taken together as a whole), the calculated cost of goods sold used by Amneal in preparation of its audited financial statements, prepared in accordance with GAAP consistently applied in accordance with Amneal's accounting practices in effect as of signing (including total facility costs and any other cost of goods sold not specifically attributable to any product), but excluding any amounts or allocations for any of the following, whether included in the calculation of cost of goods sold under GAAP or otherwise, without duplication: (i) purchase price adjustment; (ii) depreciation or amortization (including, without limitation, amortization of goodwill); and (iii) impairment of intangible assets.

Within forty-five (45) days following the end of each royalty quarter, Amneal will provide to the seller representative a report (each, a "royalty quarter report") specifying net sales and gross profits in respect of such royalty quarter and the preceding royalty quarter(s) for such royalty period.

Within forty-five (45) days following the end of each royalty period, Amneal will provide to the seller representative a report (each, a "royalty period report") specifying net sales and gross profits for such royalty period. Each royalty period report will separately set forth (A) gross sales, (B) total deductions by category under the definition of net sales, (C) net sales, (D) cost of goods sold (for the avoidance of doubt, on an aggregate basis rather than on a product-by-product basis) and (E) the resulting gross profits. Gross sales, total deductions and net sales will be reported on a product-by-product basis. Cost of goods sold and gross profits will be reported on an aggregate basis.

If gross profits reported on any royalty quarter report exceed the "excluded profits" shown below for the corresponding royalty period, then within forty-five (45) days following the end of such royalty quarter, Amneal will pay, by wire transfer of immediately available funds, to the sellers (to be allocated by the seller representative among the sellers in accordance with the allocation schedule) a cash payment equal to twenty-five percent (25%) of the amount by which such reported gross profits exceed such excluded profits less the sum of any amounts with respect to which royalty payments were already made for such royalty period, with no addition of interest (each such payment, a "quarterly royalty payment"). Except as provided in the penultimate sentence of the following paragraph, in no event will Amneal be entitled to any payment, refund, or credit if gross profits for any one or more royalty quarters do not exceed the excluded profits for the corresponding royalty period.

Within forty-five (45) days following the end of each royalty period, Amneal will pay, by wire transfer of immediately available funds, to the sellers (to be allocated by the seller representative among the sellers in accordance with the allocation schedule) a cash payment equal to twenty-five percent (25%) of the amount, if any, by which gross profits for the applicable royalty period exceed the excluded profits for the corresponding royalty period less the sum of any amounts with respect to which quarterly royalty payments (if any) were already made for such royalty period (each such payment, an "annual royalty payment", and the quarterly royalty payments and the annual royalty payments, taken together, the "royalty payments") and less any amounts that Amneal sets off from such payment in accordance with this paragraph, with no addition of interest. If the sum of quarterly royalty

TABLE OF CONTENTS

payments made for any royalty period exceed the amount that, absent the application of the immediately preceding paragraph, would equal the annual royalty payment due for such royalty period, then Amneal will be entitled to set off from any subsequent payments due to the sellers under the purchase agreement all or any portion of such excess. With the exception of such set-off right, in no event will Amneal be entitled to any payment, refund, or credit if gross profits for any one or more royalty periods do not exceed the excluded profits for the corresponding royalty periods.

In the case of any royalty period that is shorter than one (1) calendar year, the excluded profits for such royalty period will be pro-rated accordingly based on the number of days during such royalty period divided by three hundred sixty-five (365).

Royalty Period	Excluded Profits
2026	\$ 25,900,000
2027	\$103,325,000
2028	\$221,475,000
2029	\$304,225,000
2030	\$420,450,000
2031	\$495,500,000
2032	\$555,125,000
2033	\$563,375,000
2034	\$611,250,000
2035	\$671,850,000
2036	\$692,005,500
2037	\$712,765,665
2038	\$734,148,636
2039	\$756,173,095

In the event that any contingent payment is made after the date on which it is due pursuant to the purchase agreement, Amneal will pay the amount of such contingent payment, plus interest from the date such contingent payment is due, at a rate of the lesser of (i) the prime rate as published in The Wall Street Journal in effect on the date such payment was required to be made and (ii) seven and one-half percent (7.5%) per annum (the “specified interest rate”).

If Amneal or any of its controlled affiliates grants a license or sublicense to a third party to sell a product and sales of such product by such third party would, under the terms of such license or sublicense, result in payments within the definition of “net sales,” Amneal will require such third party to agree (i) to account for and report net sales using the same methodology as if they were net sales of Amneal and (ii) to keep and maintain complete and accurate records of net sales for each calendar year, and retain such records for a period of three (3) years thereafter. In the case of a transaction subject to part (b) of the definition of “net sales,” this paragraph will not apply even if such transaction includes the grant of a sublicense.

Payment for Kashiv Membership Interests

The purchase agreement provides that, at the closing:

- Amneal will pay or cause to be paid, on behalf of Kashiv and its subsidiaries, the total amount required to be paid to fully satisfy any and all obligations then due and payable under the Kashiv credit agreement as of the closing date in accordance with the payoff letters provided to Amneal prior to the closing;
- Amneal will pay or cause to be paid, on behalf of Kashiv and its subsidiaries and the sellers, the portion of the estimated transaction expenses owed to any person specified on the schedule to be delivered to Amneal at the same time as the flow of funds memorandum to whom transaction expenses are owed (provided, that any portion of the estimated transaction expenses that are required to be reported on a Form W-2 or which are treated as salary or employee compensation will be paid by Kashiv and its subsidiaries through payroll (and less applicable withholding taxes and payroll deductions) to the applicable recipient on the first practical payroll date after the closing);

TABLE OF CONTENTS

- Amneal will pay or cause to be paid to the sellers (to be allocated by the seller representative among the sellers in accordance with the allocation schedule) an aggregate amount equal to the estimated closing payment minus the sum of (i) the \$40 million adjustment escrow amount and (ii) the \$2.15 million retention bonus escrow amount; and
- Amneal will deliver or cause to be delivered to the sellers the equity consideration by instructing its transfer agent to credit book-entry accounts of the sellers with the number of shares of Amneal Class A common stock as allocated by the seller representative in accordance with the allocation schedule.

Representations and Warranties

The purchase agreement contains representations and warranties made by Amneal to sellers and by Kashiv, sellers and the seller representative to Amneal. Certain of the representations and warranties in the purchase agreement are subject to materiality or material adverse effect qualifications (that is, they will not be deemed to be inaccurate or incorrect unless their failure to be true or correct (a) is material, (b) would result in a material adverse effect on the party making such representation or warranty, subject to various exceptions specified in the purchase agreement, or (c) would prevent or materially delay the consummation of the transactions contemplated by the purchase agreement or prevent or materially impair or materially delay the ability of the party making such representation or warranty to perform its obligations under the purchase agreement). In addition, certain of the representations and warranties in the purchase agreement are subject to knowledge qualifications, which means that those representations and warranties would not be deemed untrue, inaccurate or incorrect as a result of matters of which certain individuals from the party making the representation (who are specified in qualifying the “knowledge” of such party for purposes of the purchase agreement) did not have actual knowledge after reasonable inquiry of their respective direct reports. Furthermore, each of the representations and warranties is subject to the qualifications set forth on the applicable disclosure schedule and, in the case of certain representations and warranties made by Amneal, the reports of Amneal filed after January 1, 2024 and prior to the signing date (but disregarding risk factor disclosures contained under the heading “risk factors,” or disclosures of risks set forth in any “forward-looking statements” disclaimer or any other statements that are similarly non-specific or cautionary, predictive or forward-looking in nature).

Efforts to Consummate the Transaction

Under the purchase agreement and subject to certain limitations, each party has agreed to use its commercially reasonable efforts to, among other things, promptly consummate and make effective the transactions contemplated by the purchase agreement. Completion of the Transaction is conditioned upon, among other things, the satisfaction of (x) the HSR Act Condition and (y) the India Conditions.

Antitrust

Under the HSR Act, the Transaction may not be completed until notifications have been filed with and certain information has been furnished to the U.S. DOJ and the U.S. FTC and all statutory waiting period requirements have been satisfied. Amneal and Kashiv made the necessary filings required to be made under the HSR Act effective as of May 19, 2026. In the absence of a grant of early termination or the issuance of a request for additional information, the statutory waiting period under the HSR Act will expire at 11:59 p.m. (Eastern Time) on June 18, 2026.

At any time before or after the completion of the transaction, the U.S. DOJ or the U.S. FTC could take action under the U.S. antitrust laws, including seeking to prevent the Transaction, to rescind the Transaction or to clear the Transaction subject to the divestiture of assets of Kashiv or Amneal or subject to other remedies. In addition, U.S. state attorneys general could take action under the antitrust laws as they deem necessary or desirable in the public interest, including without limitation seeking to enjoin the completion of the transactions contemplated by the purchase agreement or permitting completion subject to the divestiture of assets of Kashiv or Amneal or other remedies. Private parties may also seek to take legal action under the antitrust laws under some circumstances. There can be no assurance that a challenge to the transactions contemplated by the purchase agreement on antitrust grounds will not be made or, if such challenge is made, that it would not be successful.

To the extent required by applicable law, (i) each party will supply as promptly as reasonably practicable any additional information and documentary material that may be requested by any governmental authority (including the U.S. DOJ and the U.S. FTC) beyond the initial HSR Act filings that have already been made, (ii) each party will cooperate in connection with making any filing under any other applicable antitrust or competition laws and in connection with resolving any investigation or other inquiry commenced by any governmental authority, including the U.S. FTC, the U.S. DOJ, or the office of any state attorney general or any proceeding initiated by a private party, (iii) each party will promptly inform the other parties of any material communication received by such party from, or given by such party to, the U.S. DOJ or the U.S. FTC, or any other governmental authority and of any material communication received or given in connection with any proceeding by a private party, and (iv) each party will permit the other parties to review any material communication given by it to, and consult with each other in advance of, any meeting or conference with the U.S. DOJ or the U.S. FTC, or any other governmental authority or, in connection with any proceeding by a private party with any other person, and to the extent not prohibited by the U.S. DOJ or the U.S. FTC, or any other governmental authority or other person, give the other parties the opportunity to attend and participate in such meetings and conferences. The filing fees of Amneal and Kashiv in connection with the filings to be made under the HSR Act will be borne by Amneal. For the avoidance of doubt, each party will each be responsible for its own legal fees for preparing its portion of the HSR Act filings.

India Foreign Direct Investment

Required regulatory approvals under Indian law will be sought in connection with the transaction. Specifically, the transaction is subject to certain Indian laws or regulations related to foreign investment in the brownfield pharmaceutical sector.

Amneal, Kashiv and the seller representative will use commercially reasonable efforts to support Kashiv and/or Kashiv Biosciences Private Limited to promptly file an application seeking to obtain all such authorizations, consents, orders and approvals from the Department of Pharmaceuticals, Government of India, in relation to the indirect transfer of shares of Kashiv Biosciences Private Limited and Kashiv Research Private Limited under the (Indian) Foreign Exchange Management Act 1999 (“FEMA”). Kashiv submitted an application for prior written unconditional approval of the Transaction from the Department of Pharmaceuticals, Government of India under FEMA on June 15, 2026.

General

Each party will use its commercially reasonable efforts to (i) take, or cause to be taken, all appropriate action, and do, or cause to be done, all things necessary, proper or advisable under applicable law or otherwise to promptly consummate and make effective the transactions contemplated by the purchase agreement, in each case only as applicable to such party; (ii) obtain all authorizations, consents, orders and approvals of, and give all notices to and make all filings with, all governmental authorities and other third parties that may be or become necessary for the performance of such party’s obligations under the purchase agreement and the consummation of the transactions contemplated by the purchase agreement, including those consents set forth in the disclosure schedules; (iii) lift or rescind any injunction or restraining order or other order adversely affecting the ability of such party to consummate the transactions contemplated by the purchase agreement; and (iv) fulfill all conditions to such party’s obligations under the purchase agreement. Each party will cooperate fully with the other parties in promptly seeking to obtain all such authorizations, consents, orders and approvals, giving such notices, and making such filings. Notwithstanding the foregoing or anything to the contrary in the purchase agreement, nothing in the purchase agreement will require any party to (and Kashiv and the sellers will not without Amneal’s written consent) commit to or effect, by consent decree, hold separate orders, trust, or otherwise, (i) the sale, license, holding separate or other disposition of assets or businesses of any party, (ii) terminating, relinquishing, modifying or waiving existing relationships, ventures, contractual rights, obligations or other arrangements of any party, (iii) taking or committing to take actions that limit any party’s freedom of action with respect to, or its ability to retain, one or more of the businesses, product lines or assets of any party, (iv) creating any relationships, ventures, contractual rights, obligations or other arrangements of any party, (v) commencing litigation relating to the purchase agreement, or (vi) agreeing to any other structural or behavioral remedy. Notwithstanding the foregoing or anything to the contrary set forth in the purchase agreement, in connection with obtaining such consents from third parties, no party will be required to make payments, commence litigation or agree to modifications of the terms and conditions of any agreements with third parties and no such modifications will be made to any contract of Kashiv and its subsidiaries without the prior written consent of Amneal, which consent will not be unreasonably withheld, conditioned or delayed. In addition, in connection with obtaining such consents from third parties, no party need waive any substantial rights, agree to any material restriction on the conduct of its and its affiliates’ business or agree to any substantial limitation on its operations or to dispose of any assets, including assets of Kashiv and its subsidiaries.

Each party will promptly inform the other parties of any material communication made to, or received by, such party from any antitrust governmental authority or any other governmental authority regarding any of the transactions contemplated by the purchase agreement. Each party will permit the other parties to review in advance any proposed material communication by it to any governmental authority (but, for the avoidance of doubt, not including (i) any interactions not relating to the transactions contemplated by the purchase agreement, (ii) any disclosure which is not permitted under applicable law; provided, that with respect to this clause (ii), each party will use commercially reasonable efforts to provide access to such information in a manner that does not violate such law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. No party will agree to participate in any meeting or conference with any governmental authority in respect of any filings, investigation or other inquiry relating to the matters that are the subject of the purchase agreement unless it consults with the other parties in advance and, to the extent not prohibited by such governmental authority, gives the other parties the opportunity to attend and participate at such meeting or conference. Each party will provide the other parties with copies of all material correspondence, filings or communications between it or any of its

representatives, on the one hand, and any governmental authority or members of its staff, on the other hand, with respect to the purchase agreement and the transactions contemplated by the purchase agreement (but, for the avoidance of doubt, not including any disclosure which is not permitted by applicable law; provided, that each party will use commercially reasonable efforts to provide access to such information in a manner that does not violate such law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. Amneal, Kashiv and the seller representative may, as they deem advisable and necessary, designate any competitively sensitive materials provided to the other under the terms described in this section of this proxy statement entitled “*Efforts to Consummate the Transaction*” as “outside counsel only”. Such materials and the information contained therein will be given only to the outside legal counsel of the recipient and will not be disclosed by such legal counsel to non-legal employees, officers, or directors of the recipient without the advance written consent of the party providing such materials. In addition, subject to applicable law, Amneal and the seller representative will consult and cooperate with each other in advance in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, and proposals made or submitted to any governmental authority regarding the transactions contemplated by the purchase agreement by or on behalf of any party. Amneal will be entitled to control and lead, in consultation with the other parties, all communications and strategy with any governmental authority regarding antitrust matters and to direct, in consultation with the other parties, the antitrust defense of the transactions contemplated by the purchase agreement (and Kashiv and the sellers will not make any agreement with any governmental authority without Amneal’s written consent).

Indemnification of Directors and Officers; Insurance

The purchase agreement provides that, from and after the closing, Amneal will or will cause Kashiv to (i) indemnify and hold harmless each present and former manager, director and officer of Kashiv or any of its subsidiaries (collectively, the “Kashiv indemnified parties”), against any and all losses incurred or suffered by any of the Kashiv indemnified parties in connection with any liabilities or any action, whether civil, criminal, administrative or investigative, arising out of or pertaining to matters existing or occurring at or prior to the closing, whether asserted or claimed prior to, at or after the closing, to the fullest extent that Kashiv or its applicable subsidiary would have been permitted under applicable law and under the organizational documents of Kashiv and its subsidiaries as in effect on the signing date (but in each case, subject to the limitations on Kashiv and its subsidiaries’ ability to indemnify managers, directors and officers under applicable law), to indemnify such Kashiv indemnified parties and (ii) advance expenses as incurred by any Kashiv indemnified party in connection with any matters for which such Kashiv indemnified party is entitled to indemnification from Kashiv or any of its subsidiaries pursuant to the applicable terms of the purchase agreement to the fullest extent permitted under applicable law or, if greater, under the organizational documents of Kashiv and its subsidiaries; provided, however, that the Kashiv indemnified party to whom expenses are advanced provides an undertaking to repay such advances if it is ultimately and finally determined by a court of competent jurisdiction and all rights of appeal have lapsed that such Kashiv indemnified party is not entitled to indemnification under applicable law, the organizational documents of Kashiv or any of its subsidiaries, and pursuant to the applicable terms of the purchase agreement. The applicable terms and provisions the purchase agreement are intended to be in addition to the rights otherwise available to Kashiv indemnified parties by applicable law, charter, bylaw or agreement, and will operate for the benefit of, and will be enforceable by, Kashiv indemnified parties and their respective heirs and representatives, each of whom is an intended third party beneficiary of the applicable terms of the purchase agreement. In the event Amneal or Kashiv, or any of their respective successors or assigns, (i) consolidates with or merges into any other person, or (ii) transfers all or substantially all of its properties or assets to any person, then, and in each case, proper provision will be made so that the successors and assigns of Amneal or Kashiv, as the case may be, honor the indemnification obligations described in this paragraph.

Prior to or simultaneously with the closing, Amneal will, or will cause Kashiv to, obtain, at Amneal’s cost, a non-cancelable run-off insurance policy of not less than the existing coverage amount, for a period of six years after the closing date to provide directors’, managers’ or officers’ liability, employment practices liability, and fiduciary liability insurance coverages for events, acts or omissions occurring on or prior to the closing date for all persons who were directors, managers or officers of Kashiv or any of its subsidiaries or Kashiv’s business on or prior to the closing date, which policy will contain terms and conditions no less favorable to the insured persons than the directors’, managers’ or officers’ liability, employment practices liability, and fiduciary liability coverages presently maintained by Kashiv or any of its subsidiaries or by a seller on Kashiv’s or any of its subsidiaries’ behalf; provided, that, if the cost of such run-off insurance policy would exceed 250% of the current annual premium paid for such

TABLE OF CONTENTS

insurance presently maintained (the “maximum premium”), then Amneal will, or will cause Kashiv to, obtain, at Amneal’s cost, the greatest amount of run-off coverage reasonably available at the maximum premium.

Employee Matters

All employees who are employed by Kashiv or one of its subsidiaries immediately prior to the closing (the “retained employees”) will continue employment with Kashiv or one of its subsidiaries immediately following the closing; provided, however, that this will not restrict Amneal or its affiliates from terminating any retained employee for any reason at any time following the closing.

As of the closing date and for a period of at least one (1) year thereafter, Kashiv and its subsidiaries will provide, and Amneal will cause Kashiv and its subsidiaries to provide, each employee of Kashiv and its subsidiaries as of immediately prior to the closing (each, a “retained employee”) who remains employed with Kashiv and its subsidiaries with employee benefits (other than any equity or equity-based compensation, deferred compensation, change-in-control, retention or transaction-related benefits, and defined benefit pension and post-retirement welfare benefits) that are, subject to Amneal’s sole discretion, either substantially comparable in the aggregate to the employee benefits provided to (A) such retained employee immediately prior to the closing under the Kashiv employee benefit plans, or (B) Amneal’s similarly situated employees. Kashiv and its subsidiaries (i) will provide, or Amneal will cause Kashiv and its subsidiaries to provide, each retained employee credit for the retained employee’s service with Kashiv and its subsidiaries prior to the closing under any employee benefit plan or personnel policies that cover the retained employee after the closing, including any vacation, sick leave and severance policies (but excluding any equity or other long-term incentive awards), for purposes of eligibility, vesting and entitlement to vacation, sick leave and severance benefits, except where such credit would result in a duplication of benefits; (ii) will, or Amneal will cause Kashiv and its subsidiaries to, allow such retained employees to participate in each plan providing welfare benefits (including medical, life insurance, long term disability insurance and long term care insurance to the extent provided by Amneal) to the extent coverage under such plan replaces coverage under a corresponding employee benefit plan in which such retained employee participated immediately before the effective date of such replacement; and (iii) will, or Amneal will cause Kashiv and its subsidiaries to, to the extent a retained employee is eligible to participate in a plan providing welfare benefits in accordance with clause (ii) of this provision, (x) cause each such retained employee to be eligible to participate immediately, without any waiting time, to the extent permitted under applicable law, (y) take commercially reasonable efforts to waive preexisting condition limitations, evidence of insurability or other exclusions or limitations not imposed on the retained employee (or any eligible dependent thereof) by the corresponding employee benefit plan immediately prior to such replacement, to the extent permitted under applicable law, and (z) take commercially reasonable efforts to cause any eligible expenses incurred by the retained employee (or any eligible dependent thereof) during the portion of the plan year of the corresponding employee benefit plan ending on the date of such retained employee’s commencement of participation in Amneal’s similar replacement plan to be taken into account for purposes of determining deductibles, co-pays and maximum out-of-pocket requirements under any similar replacement plan for the applicable plan year.

From and after the closing, Kashiv and its subsidiaries will honor, or Amneal will cause Kashiv and its subsidiaries to honor, each retained employee’s accrued but unused paid time off as of the closing date (including any earned vacation or personal holiday pay), in accordance with the terms of the applicable employee benefit plan as in effect immediately prior to the closing and in accordance with applicable law.

Unless otherwise requested in writing by Amneal no later than ten (10) business days prior to the closing date, Kashiv and its subsidiaries shall terminate, effective as of no later than the date immediately preceding the closing date, the Kashiv Biosciences, LLC 401(k) Plan (the “Kashiv 401(k) plan”) or, if Kashiv determines that employee deferrals to the Kashiv 401(k) plan cannot be distributed in connection with a plan termination of the Kashiv 401(k) plan due to Kashiv’s determination that there is reasonably expected to be an alternative defined contribution plan during the specified period of time under Treas. Reg. Section 1.401(k)-1(d)(4), Kashiv will (or will cause its applicable affiliates to) transfer the sponsorship of the Kashiv 401(k) plan to a seller or any affiliate thereof (other than Kashiv or any of its subsidiaries), effective as of no later than the day immediately preceding the closing date. If the Kashiv 401(k) plan is terminated or transferred in accordance with the preceding sentence, Amneal shall receive from Kashiv, prior to the closing, evidence that the Kashiv 401(k) plan will be so terminated or transferred pursuant to resolutions of the board of directors of any of Kashiv or its subsidiaries, as applicable (the form and substance of which shall be subject to reasonable review of Amneal, which shall not be unreasonably withheld, conditioned or delayed), effective as of no later than the day immediately preceding the closing date.

TABLE OF CONTENTS

Unless otherwise requested in writing by Amneal no later than thirty (30) days prior to the closing date, effective as of the closing date, Kashiv and its subsidiaries will take all actions necessary to cause the withdrawal of Kashiv and its subsidiaries as a participating employer from, and the cessation of retained employee participation under, the Avtar Enterprise, LLC Employee Benefits Plan and any other employee benefit plan that is sponsored or maintained by Avtar Enterprise, LLC or any entity other than Kashiv or its subsidiaries (other than then existing equity awards issued by any seller). In the event of such withdrawal, Amneal will ensure that retained employees (and their eligible dependents) are offered replacement benefit plan coverage effective immediately following the closing for benefits previously provided to such retained employees (and their eligible dependents) under the Avtar Enterprise, LLC Employee Benefit Plan, with such replacement benefit coverage to be provided under the health and welfare benefit plans maintained by Amneal and its affiliates as required under the provision described in the second paragraph of this section of this proxy statement entitled “Employee Matters”.

Between signing and the closing date, Kashiv and its subsidiaries will use reasonable best efforts to coordinate in good faith with Amneal to facilitate Amneal’s ability to identify and retain key employees of Kashiv and its subsidiaries through and following the closing date. In furtherance of the preceding sentence, during the pre-closing period, Kashiv and its subsidiaries will provide Amneal with reasonable access to such key employees in connection with Amneal’s potential efforts to enter into new contractual, retention and/or incentive arrangements with such key employees. For the avoidance of doubt, none of Kashiv and its subsidiaries is under any obligation to enter into, or to cause any key employee to enter into, any agreement.

Certain retained employees are eligible to receive retention bonus payments pursuant to existing arrangements with Kashiv or one of its subsidiaries, which will remain in effect following closing and will be payable based on continued service through September 1, 2028 (the “retention bonus agreements”). In connection therewith, Amneal agreed that Amneal will not, and Amneal agreed that Amneal will cause each of Amneal’s affiliates, each of Kashiv and its subsidiaries and each of the affiliates of Kashiv and its subsidiaries not to, amend any of the retention bonus agreements on or after the closing. In the event that any service provider who is party to a retention bonus agreement incurs a termination of employment or other service for any reason after the closing but before September 1, 2028 (regardless of whether such termination is initiated by such service provider, by any of Kashiv and its subsidiaries or otherwise), then Amneal shall provide written notice of such termination to the seller representative as soon as practicable and, in any event, not later than sixty (60) days thereafter. On September 1, 2028, Amneal and the seller representative shall deliver joint written instructions to the escrow agent to disburse (x) the portion of the retention bonus escrow funds (including the employer portion of any payroll taxes or employment taxes and other employer contributions incurred or payable in relation to the payment of such amounts) relating to each service provider who has earned his or her retention bonus in accordance with the terms of his or her retention bonus agreement to the account of Kashiv or one of its subsidiaries, as applicable, designated in writing by Amneal and (y) all amounts then in the retention bonus escrow account after the disbursement described in the immediately preceding clause (x) to the accounts of the sellers (allocated by the seller representative among the sellers in accordance with the allocation schedule) designated in writing by the seller representative.

The provisions described in this section of this proxy statement entitled “Employee Matters” are solely for the benefit of the parties, and no current or former employee of Kashiv or its subsidiaries or other service provider, or individual associated therewith, will be regarded for any purpose as a third-party beneficiary of such provisions. In no event will the terms of the purchase agreement be deemed to (i) establish, amend or modify any employee benefit plan or any other “employee benefit plan” as defined in Section 3(3) of ERISA, or any other benefit plan, program, agreement or arrangement maintained or sponsored by Kashiv and its subsidiaries, Amneal or any of their respective affiliates; (ii) alter or limit the ability of Amneal, Kashiv or any of their respective subsidiaries to amend, modify or terminate any employee benefit plan or any other benefit or employment plan, program, agreement or arrangement after the closing date; or (iii) confer upon any current or former employee of Kashiv or its subsidiaries any right to employment or continued employment or continued service with Amneal, Kashiv or any of their respective subsidiaries, or constitute or create an employment or similar agreement.

Amneal Stockholder Meeting and Related Actions

The purchase agreement provides that Amneal and the Amneal Board will take, in accordance with applicable law and Amneal’s organizational documents, all action necessary to set a record date for, call, give notice of, convene, and hold, as promptly as reasonably practicable following the mailing of this proxy statement, the special meeting. Amneal and the Amneal Board will use reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, necessary, proper or advisable on its part to cause the Amneal stockholder approval

to be received at the meeting of Amneal's stockholders or any adjournment or postponement thereof in accordance with the purchase agreement, and will comply with all legal requirements applicable to the special meeting. The Amneal Board and the Independent Committee will not, as applicable, (A) (x) withdraw or (y) qualify, amend or modify in any manner adverse to the sellers, the Independent Committee recommendation or the Amneal Board recommendation, as applicable or (B) fail to include in this proxy statement, the Independent Committee recommendation or the Amneal Board recommendation, as applicable (any action in clause (A) and (B), a "buyer adverse recommendation change"). Unless the purchase agreement has been validly terminated, Amneal will cause the special meeting to be convened and will submit the stock issuance and the purchase agreement to the stockholders of Amneal at the special meeting for the purpose of Amneal's stockholders considering and voting on the stock issuance and the purchase agreement and any other matters required to be approved by Amneal's stockholders in order to consummate the transactions contemplated by the purchase agreement.

Notwithstanding anything in the preceding paragraph, but subject to this paragraph, at any time prior to obtaining the Amneal stockholder approval, but not after, the Amneal Board or the Independent Committee may, subject to compliance with the terms of this paragraph, make a buyer adverse recommendation change in response to a buyer intervening event (as defined below), if (i) the Amneal Board or the Independent Committee, as applicable, determines in good faith, after consultation with its outside legal counsel and financial advisors, that the failure to do so would reasonably be expected to be inconsistent with its fiduciary duties under applicable law, (ii) Amneal delivers to the seller representative at least four (4) business days prior to such buyer adverse recommendation change, a written notice (a "buyer notice") (which notice itself will not constitute a buyer adverse recommendation change) advising the seller representative that the Amneal Board or the Independent Committee intends to take such action and specifying the reasons therefor, including a description of such buyer intervening event in reasonable detail, (iii) to the extent the seller representative wishes to negotiate, Amneal has negotiated with, and has caused its representatives (including its executive officers and members of the Independent Committee) to negotiate with, the seller representative in good faith during the four (4) business day period following receipt by the seller representative of the buyer notice (which period will expire at 11:59 p.m., Eastern Time, on the fourth (4th) business day, the "buyer notice period") in order to enable the seller representative to propose revisions to the terms of the purchase agreement or the transactions contemplated thereby and (iv) following the buyer notice period, and after considering the results of any such negotiations and giving effect to any proposals, amendments or modifications made in writing or agreed to in writing by the seller representative, the Amneal Board or Independent Committee, as applicable, again determines in good faith, after consultation with its outside legal counsel and financial advisors, that the failure to make a buyer adverse recommendation change would reasonably be expected to be inconsistent with its fiduciary duties under applicable law; provided, that in the event of any change to the financial or any other material facts of such buyer intervening event during the buyer notice period, this provision will again apply with respect to each such revision (but the four (4) business day period will instead be two (2) business days measured from the later of the end of the original four business day period or delivery to the seller representative of written notice of such revised terms).

For purposes of the purchase agreement, "buyer intervening event" means any event, change, occurrence, development, condition, proposal, effect or state of facts or circumstances that (i) is material to Amneal and its controlled affiliates, taken as a whole, (ii) was unknown to, and not reasonably foreseeable by, the Independent Committee as of signing, or if known by, or reasonably foreseeable to, the Independent Committee as of signing, the material consequences of which were not known or reasonably foreseeable to the Independent Committee as of signing, and (iii) does not involve or relate to the fact that Amneal meets or exceeds or fails to meet or exceed any published analyst estimates or expectations of Amneal's revenue, earnings or other financial performance or results of operations for any period, in and of itself, or meets or exceeds or fails to meet or exceed any internal or published projections, budgets, plans or forecasts of revenues, earnings or other financial performance or results of operations, in and of itself, or any change in the price or trading volume of the shares of Amneal common stock or the credit rating of Amneal, in and of itself (provided, that, for purposes of this clause (iii), the matters giving rise to or contributing to such events may be deemed to constitute, or be taken into account in determining whether there has been, a buyer intervening event if not excluded by any other clause of this definition).

Amneal will not, without the prior written consent of the seller representative, adjourn, recess or postpone the special meeting; provided, that Amneal may adjourn, recess or postpone the special meeting if (i) Amneal reasonably believes that at the special meeting there will not be a sufficient number of shares of Amneal common stock represented (either in person or by proxy) to constitute the quorum necessary to conduct the business of the special meeting, (ii) Amneal reasonably believes that as of the date of the special meeting there will not be a

sufficient number of shares of Amneal common stock represented (either in person or by proxy) necessary for the receipt of the Amneal stockholder approval in accordance with Amneal's organizational documents and applicable law, (iii) required by applicable law, or (iv) in order to ensure that any supplement or amendment to this proxy statement which Amneal has determined in good faith after consultation with outside counsel is required by applicable law is provided to Amneal's stockholders a reasonable amount of time prior to the special meeting; provided, that in the case of clauses (i) and (ii), Amneal will adjourn the special meeting at the request of the seller representative; provided, that Amneal will not be required to adjourn or postpone the special meeting pursuant thereto more than two (2) times or for more than twenty (20) business days in the aggregate.

Amneal will consult in good faith with the seller representative regarding the record date and the meeting date for the special meeting.

Non-Competition; Non-Solicitation; Non-Disclosure

During the period from the closing until the date that is the fifth anniversary of the closing date (the "restricted period"), certain sellers set forth on the disclosure schedules (each such seller, an "RCA seller") will not, and will cause its controlled affiliates, not to, without the prior written consent of Amneal, directly or indirectly, invest in, acquire, own, manage, control, undertake, participate in, carry on or be engaged in the operation of the business of Kashiv or any business or activities that compete with the business of Kashiv as conducted as of signing and as of the closing date. Notwithstanding the foregoing, the prohibitions in this paragraph will not apply to (i) the passive ownership by an RCA seller, directly or indirectly, of less than two percent (2%) of any class of the securities of any person traded on a national or international securities exchange or traded on the over-the counter market, (ii) the passive investment by an RCA seller, directly or indirectly, as a limited partner and not as a co-investor, in private equity funds of less than two percent (2%) of the equity interests in such fund so long as such RCA seller does not have any active role in, or ability to direct, the activities of such fund or the portfolio companies thereof or (iii) actions performed by an RCA seller in their capacity as an employee, consultant, officer, independent contractor or director of Amneal or any of Amneal's controlled affiliates.

Each RCA seller also agreed that such RCA seller will not, and will cause its controlled affiliates not to, during the restricted period, except for the benefit of, and on behalf of, Kashiv, Amneal and any of their respective affiliates or subsidiaries and each of their successors or assigns (in each case, other than the sellers) (collectively, the "Kashiv affiliated group"), directly or indirectly, on such RCA seller's own behalf or on behalf of any other person or entity, solicit, recruit or hire, or attempt to recruit or hire, any restricted person (as defined below) or induce or attempt to induce any restricted person to leave the employ of or cease doing business with Kashiv or any other member of the Kashiv affiliated group, as the case may be; provided, however, that nothing in this paragraph will prevent such RCA seller (i) from making any general solicitations, directly or indirectly, including through newspapers, trade journals, the internet or any similar media that are not directed specifically at any employee or independent contractor of the Kashiv affiliated group, or hiring the persons who respond to such general solicitations or (ii) from soliciting and hiring any former employee or independent contractor of the Kashiv affiliated group who was terminated without cause. A "restricted person" means (i) any employee, agent, or contractor of Kashiv or its subsidiaries as of immediately prior to the closing, and/or (ii) any employee, agent, or contractor of Amneal or any affiliate of Amneal with whom the sellers worked, collaborated or shared information, or about whom the sellers had access to or received confidential information during the sellers' affiliation with the Kashiv affiliated group.

In addition, except to the extent (i) authorized by Amneal, (ii) required by law or any legal process, or (iii) necessary in performing such seller's obligations under the purchase agreement, each seller will not, and will cause its controlled affiliates not to, directly or indirectly, at any time after the closing, use or exploit, or disseminate, disclose, or divulge to any person, firm, corporation, association or other business entity, confidential information of Kashiv and its subsidiaries. For purposes of the purchase agreement, the term "confidential information" will mean any and all information about Kashiv and its subsidiaries and/or the business of Kashiv or relating to the trade secrets of the about Kashiv and its subsidiaries and the business of Kashiv, in each case, whether or not disclosed to such seller or whether or not known by such seller as a consequence of or through its relationship with Kashiv and its subsidiaries, if in each case such information is not publicly available (other than through a breach by such seller of this provision of the purchase agreement). The term "confidential information" includes all information regarding the following: trade secrets and other intellectual property, personal information, products, services, drug formulations and manufacturing methods, human trial data, pre-clinical trial data, clinical trial data, client and partner lists (including names, addresses and telephone numbers), purchasing criteria of Kashiv and its subsidiaries, business plans, methods and procedures, accounting data, compensation and human resources information,

marketing strategies, new product and services developments, price lists and pricing strategies, contract forms, business and financial models, electronic and other files, and financial data regarding the business of Kashiv and Kashiv and its subsidiaries.

Each seller acknowledged that such seller carefully read and considered the provisions of the non-competition, non-solicitation and non-disclosure covenants. Each seller acknowledged that such seller had received and will receive sufficient consideration and other benefits to justify the restrictions in such provisions. Each seller also acknowledged that these restrictions were reasonably necessary to protect the legitimate and substantial business interests of Amneal and its affiliates, including protection of the goodwill acquired. Each seller also acknowledged that the transactions contemplated by the purchase agreement (including the receipt of the purchase price by such seller) constitute full and adequate consideration for the execution and enforceability of the restrictions set forth in such provisions.

The parties acknowledged and agreed that the individual covenants in such provisions are separate and distinct commitments of the sellers, independent of each other covenant thereunder. Each seller further agreed that each of the covenants in such provisions is reasonable with respect to its duration, geographic area and scope of activity, to protect, among other things, Amneal's acquisition of the goodwill of the business of Kashiv. Accordingly, if, at the time of enforcement of any one or more of the covenants in such provisions, a court or arbitrator holds that the restrictions stated therein with respect to any specific covenant therein are unreasonable under the circumstances then existing, the parties to the purchase agreement agreed that the maximum duration, geographic area and/or scope of activity legally permissible under such circumstances will be substituted for the duration, geographic area and/or scope of activity stated therein.

Development of the Products; Access to Information

Following the closing, Amneal will not, and will cause its affiliates (including Kashiv and its affiliates) not to, by act or omission, take or fail to take any actions in bad faith, the purpose of which is to (i) avoid payment of any milestone payment through delaying receipt of regulatory approval, or (ii) avoid payment of royalties on gross profits.

Following the closing, subject to the preceding paragraph, Amneal will have the absolute right and sole and absolute discretion to operate and otherwise make decisions with respect to the conduct of the business of Amneal and its affiliates, including the business of Kashiv and to take or refrain from taking any action with respect thereto. Notwithstanding anything in the purchase agreement to the contrary, the sellers acknowledged and agreed that (A) Amneal or an affiliate of Amneal may currently or in the future offer products or services that compete, either directly or indirectly, with certain designated products and scheduled products in Kashiv's pipeline ("Products") and may make decisions with respect to such products and services (including ceasing development of Products) that may cause one or more of the contingent payments to be reduced in amount or to not become due and payable at all; and (B) absent a breach by Amneal of the preceding paragraph, neither Amneal nor any of its affiliates will have any liability whatsoever to any seller or any other person for any claim, loss or damage of any nature that arises out of or relates in any way to any decisions or actions affecting whether or not or the extent to which the contingent payments becomes payable in accordance with the applicable provision of the purchase agreement. Nothing in the purchase agreement will restrict or otherwise affect Amneal's ability to develop, manufacture or supply a Product for commercialization.

Amneal will promptly (but no later than fourteen (14) days following the achievement of a milestone) notify the seller representative in writing of the achievement of any milestone.

After the date of the first sale of a Product, at the seller representative's request and upon fifteen (15) days' prior written notice, Amneal will, and will cause Kashiv and its subsidiaries, to permit an impartial nationally recognized firm of independent certified public accountants other than the seller representative's, Kashiv's and its subsidiaries' or Amneal's accountants and reasonably acceptable to the seller representative and Amneal (during regular business hours and without undue disruption to the business of Amneal or Kashiv and its subsidiaries) to audit the books and records maintained by Amneal or Kashiv and its subsidiaries with respect to royalty payments, to ensure the accuracy and completeness of all reports and payments made thereunder, including to confirm that all sales related to Products and Amneal's determinations of net sales, cost of goods sold, and gross profits have been properly identified, calculated, and included in the Amneal's reporting thereunder. Such examinations may not be conducted more than once in any twelve (12) month period. The cost of each audit will be borne by the sellers. The audit report will include detail sufficient for both Amneal and the seller representative to understand the nature of

any discrepancies identified, and the royalty audit report will be provided to both Amneal and the seller representative to effectuate resolution of any disputes. Unless reasonably disputed by Amneal or its agents acting in good faith, if an audit concludes that additional amounts were owed by Amneal, Amneal will pay the additional amounts, with interest from the date originally due, at the specified interest rate, promptly after the audit results are delivered by the seller representative to Amneal. Unless reasonably disputed by the seller representative or its agents acting in good faith, if an audit concludes that excess payments were made by Amneal, Amneal may credit the amount of such excess payment, with interest from the date originally due, at the specified interest rate, against future payments due to the sellers under the purchase agreement; provided, however, that if such overpayment is identified after the end of the royalty term, then seller representative will within one hundred-twenty (120) days pay Amneal the identified overpayment amount (provided, that to the extent the seller representative does not pay or cause to be paid to Amneal such amount within five (5) business days following the date on which the seller representative is required to make such payment pursuant to this sentence, then Amneal may (while maintaining its right to enforce the seller representative's obligations pursuant to this sentence) require that the sellers individually, on a several and not joint and several basis in accordance with the allocation schedule, pay or cause to be paid to Amneal such amount). In furtherance of the foregoing, any agreement granting a third party sublicense or equivalent rights with respect to a Product will require such third party to maintain books and records as required of Amneal in this paragraph, and will either (i) give the seller representative the right to audit the third party on the same terms as provided with respect to audits of Amneal, or (ii) provide audit rights in favor of Amneal that are no less favorable to Amneal than the seller representative's audit rights provided in this paragraph and permit Amneal to disclose the results of audits to the seller representative. In the case of the foregoing clause (ii) of the immediately preceding sentence, Amneal will, at the seller representative's reasonable request and upon fifteen (15) days' prior written notice and at the seller representative's sole expense, exercise its right to conduct such audit and provide its results to the seller representative. This provision will survive for a period of three (3) years after the expiration of the royalty term.

Amneal will maintain all books and records subject to audit under the preceding paragraph for a minimum of three (3) of its fiscal years after the fiscal year as to which such books and records pertain.

From the closing and for so long as any Product is within its royalty term, if a buyer liquidation event (as defined below) is to be consummated, then (i) unless such anticipated buyer liquidation event is publicly disclosed by Kashiv in a Form 8-K filed with the SEC, Amneal will notify the seller representative of the anticipated buyer liquidation event as soon as reasonably practicable following the execution of binding definitive documentation providing for the consummation of such buyer liquidation event and the public announcement thereof (and, in any event, no later than thirty (30) days before the closing date thereof) and (ii) not later than the closing date of such buyer liquidation event, Amneal will cause the third party succeeding to the rights of Amneal to expressly assume the obligations and liabilities of Amneal expressly provided in the contingent consideration provisions and this paragraph, to the extent such obligations and liabilities are not transferred or assumed by operation of law (including by merger) in connection with such buyer liquidation event.

For purposes of the purchase agreement, "buyer liquidation event" means and will be deemed to be occasioned by, or to include, (i) the merger or consolidation (or similar transaction) of Amneal by means of any transaction or series of related transactions with or into another entity; provided, that the applicable transaction will not be deemed a buyer liquidation event unless Amneal's stockholders immediately prior to such transaction do not hold more than fifty percent (50%) of the voting power of the surviving or acquiring entity immediately following such transaction; (ii) any transaction or series of related transactions to which Amneal is a party in which in excess of fifty percent (50%) of Amneal's voting power is transferred to a non-affiliate; provided, that a buyer liquidation event will not include any transaction or series of related transactions principally for bona fide equity financing purposes in which cash is received by Amneal or indebtedness of Amneal is cancelled or converted or a combination thereof occurs; (iii) any transaction or series of related transactions pursuant to which Amneal or Kashiv, as the case may be, undergoes a reorganization or consolidation, whereby Amneal or Kashiv, as the case may be, does not survive; (iv) any transaction or series of transactions pursuant to which any third party (other than the Amneal Group, any member thereof, any seller, or any affiliates of any of the foregoing) acquires, directly or indirectly, (A) fifty percent (50%) or more of the outstanding equity or voting securities of Kashiv, or (B) fifty percent (50%) or more of Kashiv's and its subsidiaries' assets determined on a consolidated basis; or (v) any sale, conveyance, assignment, license, transfer or other disposition of any Product or any group of Products to a third party (other than the Amneal Group, any member thereof, any seller, or any affiliates of any of the foregoing).

None of the parties may rely on the failure of any condition set forth in the section of this proxy statement entitled "Conditions to the closing of the Transaction" to be satisfied if such failure was caused by its failure (or, in the case of Kashiv, the failure of any of the sellers or the seller representative or, in the case any of the sellers, the failure of Kashiv or the seller representative) to comply with any of its obligations under the purchase agreement.

Indemnification; Representations and Warranties Insurance Policy

The parties, intending to modify any applicable statute of limitations, agreed that the representations and warranties in the purchase agreement and in any certificate delivered pursuant thereto will terminate effective as of the closing and will not survive the closing for any purpose, and thereafter there will be no liability on the part of, nor will any claim be made by, any party in respect thereof; provided, that certain representations and warranties made by Amneal to the sellers regarding its organization and good standing and authority, qualification and corporate power will survive until the later of (a) sixty days after the expiration of the applicable statute of limitations related to the subject matter thereof, (b) sixty days after the expiration of the statute of limitations applicable to breach of contract and (c) the sixth anniversary of the closing date. Nothing in the purchase agreement will limit the rights of Amneal to pursue recoveries under any representation and warranty policy (“RW policy”).

The parties, intending to modify any applicable statute of limitations, agreed that all covenants and agreements will survive the closing in accordance with their terms until the date that is three years after the date that performance is due for the covenant or the period of performance for the applicable covenant has ended, as applicable. If, prior to the expiration of the applicable survival period, a claim notice is delivered alleging losses and a claim for recovery in accordance with the applicable sections of the purchase agreement and reasonable detail based on facts or circumstances existing at the time of delivery of any such claim notice, then the claim asserted in such claim notice will survive until such claim is fully and finally resolved.

From and after the closing, subject to the limitations set forth in the purchase agreement, the sellers, in accordance with their pro rata entitlement to the purchase price as allocated by the seller representative among the sellers in accordance with the Allocation Schedule, will, severally and not jointly, indemnify, defend and hold harmless Amneal and its subsidiaries and affiliates (including, following the closing, Kashiv) and its and their respective officers, directors, direct and indirect equityholders, members, managers, employees and agents (collectively, the “buyer indemnified parties”), from and against all taxes, encumbrances, losses, dues, amounts paid in settlement, liabilities, fees, costs (including costs of investigation, defense and enforcement of the purchase agreement), claims, damages, diminution in value, liabilities, expenses, fines and penalties (in each case, including reasonable attorneys’ and accountant’s fees, costs of suit and costs of appeal) (collectively, “losses”) actually incurred by any buyer indemnified party, directly or indirectly, arising out of or relating to any of the following:

- the breach or violation of any representation or warranty related to the organization and standing of Kashiv, power and authority of Kashiv or the pre-signing reorganization of Kashiv (provided that if any such representation or warranty is qualified in any respect by materiality or material adverse effect, such materiality or material adverse effect qualification will in all respects be ignored, both for purposes of determining whether a representation or warranty is breached or violated and for purposes of determining the amount of a loss) (“Kashiv representations breaches”); or
- the breach or violation of Kashiv’s covenants or agreements contained in the purchase agreement that contemplate performance prior to the closing or the seller representative’s covenants or agreements contained in the purchase agreement (“Kashiv pre-closing covenant breaches”).

From and after the closing, subject to the limitations set forth in the purchase agreement, each seller will individually indemnify, defend and hold harmless the buyer indemnified parties, from and against all losses actually incurred by any Amneal indemnified party, directly or indirectly, arising out of or relating to the breach or violation of such seller’s covenants or agreements contained in the purchase agreement (“seller pre-closing covenant breaches”).

From and after the closing, subject to the limitations set forth in the purchase agreement, Amneal will indemnify, defend and hold harmless the sellers and their respective affiliates, and their respective officers, directors, managers, members, direct and indirect equityholders, employees and agents, from and against all losses actually incurred by any seller indemnified party, directly or indirectly, arising out of or relating to the breach or violation by Amneal of any of its covenants or agreements contained in the purchase agreement including any covenants or agreements contained in the purchase agreement that contemplate performance by Kashiv after the closing.

Notwithstanding any other provision in the purchase agreement to the contrary, but subject to these provisions on the limitations of indemnification in the purchase agreement, the sellers shall not be required to indemnify the buyer indemnified parties for Kashiv pre-closing covenant breaches until the aggregate of all losses for which indemnity is required to be made by the sellers exceeds \$1,875,000 (the “deductible”), at which point the sellers shall indemnify the buyer indemnified parties for all losses in excess of the amount of the deductible.

TABLE OF CONTENTS

Notwithstanding any other provision in the purchase agreement to the contrary, but subject to such provisions on the limitations of indemnification, no losses shall be indemnifiable under the sellers' obligations thereof other than losses in excess of \$250,000 resulting from any individual claim or group of related claims (but, for the avoidance of doubt, with respect to any such losses that exceed \$250,000, the full amount (subject to the maximum thresholds set forth in the foregoing paragraph) of any such losses shall be indemnifiable thereunder).

Notwithstanding any other provision in the purchase agreement to the contrary, but subject to these provisions on the limitations of indemnification:

- (i) the maximum aggregate liability that Amneal shall have to the seller indemnified parties pursuant to its indemnification obligations in the purchase agreement shall not exceed \$750,000,000 (the "cap");
- (ii) the maximum aggregate liability that each seller shall have to the buyer indemnified parties pursuant to Kashiv representations breaches shall not exceed his, her, or its pro rata portion of the cap, as determined by the seller representative based on the allocation schedule; and
- (iii) the maximum aggregate liability that each seller shall have to the buyer indemnified parties pursuant to Kashiv pre-closing covenant breaches and seller pre-closing covenant breaches, taken together, shall not exceed his, her, or its pro rata portion of the cap, as determined by the seller representative based on the Allocation Schedule.

The amount of the losses which any party seeking indemnification under the indemnification provisions of the purchase agreement shall have suffered or incurred shall be determined net of the amount of any insurance proceeds actually received by such indemnitee (net of any co-pays, deductibles, retro-premium adjustments, increase in premiums or costs relating to such insurance proceeds). If any (i) amounts are recovered under insurance policies or (ii) amounts are actually recovered from third parties (collectively, the "third party recovery amount") with respect to any claim for which an indemnified party has recovered under the indemnification provisions of the purchase agreement, then the indemnitee shall promptly pay to the indemnitor by wire transfer of immediately available funds, an amount equal to the third party recovery amount, but only up to the amount previously paid by or on behalf of the indemnitor under the indemnification provisions of the purchase agreement with respect thereto.

From and after the closing, except in the case of claims arising from fraud, the remedies expressly provided in the indemnification provisions of the purchase agreement shall constitute the sole and exclusive remedy of the indemnitees contained in the purchase agreement, except as provided in certain provisions of the purchase agreement; provided that, notwithstanding anything to the contrary in the foregoing, any RW policy obtained by Amneal (whether or not such RW policy is sufficient to cover the applicable losses) shall, except in the case of fraud, be the sole and exclusive remedy of Amneal and its affiliates and the Amneal related parties, in law, equity or otherwise, arising out of, or related to any inaccuracy or breach of any representation or warranty of the sellers or Kashiv contained in the purchase agreement or in any certificates delivered hereto, except as provided in certain provisions of the purchase agreement. Notwithstanding anything to the contrary in purchase agreement, nothing in the purchase agreement shall affect the ability of Amneal to make any claim under any RW policy.

Except as otherwise specifically set forth as a remedy in the purchase agreement, in no event shall any party be liable to any other party for any special, indirect, consequential, exemplary and punitive damages, and any damages associated with any lost profits or lost opportunities, including loss of future revenue, income or profits or loss of business reputation (except such categories of damages as are actually awarded to a third party in an action brought against the indemnitee); provided, that the foregoing shall not limit any party's liability for diminution of value.

Each party shall use commercially reasonable efforts to mitigate any losses for which it seeks indemnification pursuant to the indemnification provisions of the purchase agreement, if, in such party's reasonable business judgment, such losses can be mitigated; provided that in the event such party is required to mitigate such losses under applicable law, applicable law shall govern and control.

Notwithstanding anything in the purchase agreement to the contrary, no party shall be entitled to recover under the indemnification provisions of the purchase agreement and neither Amneal nor the sellers shall have no obligation to indemnify any seller indemnified party, on the one hand or buyer indemnified party, on the other hand, for any indemnifiable losses (under the indemnification provisions of the purchase agreement or otherwise) if, and to the extent, that such amount was reflected in the closing financials or the closing statement and taken into account for purposes of the purchase price adjustments contemplated by the purchase agreement.

TABLE OF CONTENTS

Miscellaneous Covenants

The purchase agreement contains additional agreements among the parties relating to, among other matters:

- the coordination of and with respect to press releases and other public announcements with respect to the Transaction and the other transactions contemplated by the purchase agreement;
- the notification of certain matters;
- exclusivity with respect to the Transaction;
- the filing by Amneal of this proxy statement with the SEC and cooperation in response to any comments from the SEC with respect to this proxy statement; and
- other matters and actions set forth in the disclosure schedules.

Governing Law and Jurisdiction

The purchase agreement is governed by and construed in accordance with the applicable laws of the State of Delaware without giving effect to any choice or conflicts of law provision or rule thereof that would result in the application of the applicable laws of any other jurisdiction other than the applicable laws of the United States of America, where applicable. The parties consent and submit to the venue and jurisdiction of the State or Federal Courts residing in Delaware as the sole and exclusive forum for such matters of disputes, and further agreed that, in the event of any action or suit as to any matters of dispute among the parties, service of process may be made upon the other party by mailing a copy of the summons and/or complaint to the other party at the address set forth in the purchase agreement. The parties may seek equitable relief, or enforce any final judgment of any such federal or state court residing in Delaware, in any other jurisdiction in any manner provided by applicable Law. The parties acknowledge that all directions issued by the forum court, including all injunctions and other decrees, will be binding and enforceable in all jurisdictions and countries.

Specific Performance

Each of the parties acknowledged and agreed that the other party would be irreparably damaged in the event that any of the terms or provisions of the purchase agreement are not performed in accordance with their specific terms or otherwise are breached. Therefore, notwithstanding anything to the contrary set forth in the purchase agreement, each of the parties has agreed that the other party will be entitled to an injunction or injunctions to prevent breaches of any of the terms or provisions of the purchase agreement, and to enforce specifically the performance by such first party under the purchase agreement, and each party has agreed to waive the defense in any such suit that the other party has an adequate remedy at law, and agreed to waive any requirement to post any bond in connection with obtaining such relief. The equitable remedies described in this subparagraph will be in addition to, and not in lieu of, any other remedies that the parties may be permitted to pursue under the terms of the purchase agreement.

Expenses Generally

Except as otherwise expressly provided in the purchase agreement, all costs and expenses (including all fees and disbursements of counsel, financial advisors and accountants) incurred in connection with the negotiation and preparation of the purchase agreement, the performance of the terms of the purchase agreement and the consummation of the transactions contemplated by the purchase agreement, will be paid by the respective party incurring such costs and expenses, whether or not the closing will have occurred.

Amendment; Waiver

The purchase agreement may not be amended, except by an instrument in writing signed on behalf of Amneal and the seller representative. Unless otherwise specifically agreed in writing to the contrary: (a) the failure or delay of any party at any time to require performance by the other of any provision of the purchase agreement will not affect such party's right thereafter to enforce the same; (b) no waiver by any party of any default by any other party will be valid unless in writing and acknowledged by an authorized representative of the non-defaulting party, and no such waiver will be taken or held to be a waiver by such party of any other preceding or subsequent default; and (c) no extension of time granted by any party for the performance of any obligation or act by any other party will be deemed to be an extension of time for the performance of any other obligation or act thereunder. Notwithstanding

the foregoing, after receipt of the Amneal stockholder approval, if any such amendment or waiver will by applicable law or in accordance with the rules and regulations of Nasdaq require further approval of the stockholders of Amneal, the effectiveness of such amendment will be subject to the approval of the stockholders of Amneal.

Termination

The purchase agreement provides that the purchase agreement may be terminated and the transactions contemplated thereby may be abandoned:

- at any time prior to the closing date, by mutual written consent of the seller representative and Amneal;
- by either Amneal or the seller representative by written notice to the other party, if the closing has not taken place on or before November 17, 2026 (the “outside date”), or such later date as the seller representative and Amneal may agree to in writing if the closing will not have been consummated by the outside date; provided, that the outside date will automatically extend to January 12, 2027 if any of the HSR Act Condition, the India Conditions or the ISRA Conditions have not yet been satisfied and all other closing conditions have been satisfied or waived (other than those conditions that by their terms are to be satisfied or waived at the closing and that would have been satisfied or waived if the closing were to have occurred on the outside date); provided, further, that such right to terminate the purchase agreement shall not be available to any party whose breach of any representation, warranty or covenant caused the failure of the closing to be consummated by such time;
- by the seller representative if Amneal breaches in any material respect any of its respective representations or warranties contained in the purchase agreement or breaches or fails to perform in any material respect any of its respective covenants or obligations contained in the purchase agreement, which breach or failure to perform (i) would render a condition precedent to Kashiv’s and the sellers’ obligations to consummate the transactions contemplated in the purchase agreement not capable of being satisfied prior to the outside date (as may be extended pursuant to the purchase agreement), and (ii) after the giving of written notice of such breach or failure to perform to Amneal by the seller representative, cannot be cured or has not been cured by the earlier of the outside date (as may be extended pursuant to the purchase agreement) and five business days (as may be extended by the seller representative) after the delivery of such notice; provided, that the right to terminate the purchase agreement under this subparagraph will not be available to the seller representative if any of the sellers or Kashiv is then in material breach of any representation, warranty or covenant contained in the purchase agreement;
- by Amneal if any seller or Kashiv or the seller representative breaches in any material respect any of their respective representations or warranties contained in the purchase agreement or breaches or fails to perform in any material respect any of their respective covenants or obligations contained in the purchase agreement, which breach or failure to perform (i) would render a condition precedent to Amneal’s obligations to consummate the transactions contemplated by the purchase agreement not capable of being satisfied prior to the outside date (as may be extended pursuant to the purchase agreement), and (ii) after the giving of written notice of such breach or failure to perform to the seller representative by Amneal, cannot be cured or has not been cured by the earlier of the outside date (as may be extended pursuant to the purchase agreement) and five business days after the delivery of such notice (as may be extended by Amneal); provided, that the right to terminate the purchase agreement under this subparagraph will not be available to Amneal if Amneal is then in material breach of any representation, warranty or covenant contained in the purchase agreement;
- by Amneal or the seller representative, if any governmental authority will have (i) issued an order, decree, ruling or taken any other action restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated therein and such order, decree, ruling or other action shall have become final and non-appealable or (ii) enacted, entered or enforced any law that permanently prohibits, makes illegal or enjoins the transactions contemplated by the purchase agreement;
- by either the seller representative or Amneal if the special meeting (including any adjournments or postponements thereof) will have concluded and the Amneal stockholder approval will not have been obtained; or
- by the seller representative prior to the receipt of the Amneal stockholder approval in the event that the Independent Committee makes a buyer adverse recommendation change.

TABLE OF CONTENTS

Effect of Termination

If the purchase agreement is validly terminated in accordance with its terms, the purchase agreement will become null and void and have no further effect, except that certain designated provisions of the purchase agreement (including obligations related to notices, governing law, resolutions of disputes, specific performance, assignment, expenses, amendment, waiver and certain other obligations) will survive the termination and no party will be released from liability for any intentional breach by such party of the purchase agreement prior to termination.

Assignment

The purchase agreement generally prohibits each party from assigning the purchase agreement without the prior written consent of the other parties, except that (a) any seller may assign its rights to any economic consideration without Amneal's consent (but subject to written notice thereof to Amneal), (b) any party may assign its rights and obligations in connection with a sale of all or substantially all of its assets or in connection with a merger or similar transaction in which such party is not the surviving entity (but subject to written notice thereof to the other parties), and (c) Amneal may (i) assign its rights to acquire the Kashiv membership interests to one or more of its subsidiaries, in each case, without the consent of the other parties (but subject to prior written notice thereof to the other parties) and (ii) collaterally assign any or all of its rights and interests under the purchase agreement to any of its lender(s) or noteholder(s) (or any agent or trustee on behalf of any such lender(s) or noteholder(s)). Subject to specified exceptions in the purchase agreement, an assignment of the purchase agreement will not relieve the assigning party of its obligations under the purchase agreement.

On May 24, 2026, Amneal, Amneal LLC, Kashiv and the seller representative entered into an assignment and assumption agreement, pursuant to which, without relieving any of Amneal's obligations under the purchase agreement, Amneal assigned to Amneal LLC (i) Amneal's rights to acquire the Kashiv membership interests and (ii) Amneal's obligation to make the cash payments required under the purchase agreement.

**STOCK ISSUANCE PROPOSAL
(PROPOSAL 2)**

Overview

Amneal stockholders are being asked to approve a proposal that will give Amneal the authority to issue 28,942,108 shares of Amneal Class A common stock to the sellers in connection with the purchase agreement and the Transaction for purposes of complying with Nasdaq Listing Rule 5635(a)(2) and satisfying the related condition contained in the purchase agreement. A copy of the purchase agreement is attached to this proxy statement as **Annex A**.

Reasons for Stockholder Approval

Amneal's Class A common stock is listed on the Nasdaq Capital Market and, as such, Amneal is subject to the applicable rules of Nasdaq, including Nasdaq Rule 5635(a)(2). Pursuant to Nasdaq Listing Rule 5635(a)(2), stockholder approval is required prior to the issuance of securities in connection with the acquisition of the stock or assets of another company if (1) any director, officer, or Substantial Shareholder (as defined by Nasdaq Rule 5635(e)(3)) has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in such other company or assets to be acquired or in the consideration to be paid in the transaction or series of related transactions and (2) the present or potential issuance of common stock, or securities convertible into or exercisable for common stock, could result in an increase in outstanding common shares or voting power of 5% or more.

Chirag Patel is the President and Co-Chief Executive Officer of Amneal and a member of the Amneal Board and a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv. Chintu Patel is the Co-Chief Executive Officer of Amneal and a member of the Amneal Board and a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv. Tushar Patel is a Substantial Shareholder of Amneal and has a 5% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of his immediate family, in Kashiv.

In addition, Chirag Patel, Chintu Patel, Tushar Patel, Gautam Patel, a member of the Amneal Board, and Dipan Patel, a Substantial Shareholder of Amneal, collectively have a 10% or greater interest, directly or indirectly, including through certain revocable or irrevocable trusts for the benefit of their immediate families, in Kashiv.

Also, the issuance of 28,942,108 shares of Amneal Class A common stock to the sellers in connection with the purchase agreement and the Transaction will result in an increase in outstanding Class A common stock outstanding or the voting power of 5% or more in Amneal.

As a result of the foregoing facts and circumstances, the parties agreed under the purchase agreement to condition the consummation of the Transaction on the receipt of the stock issuance approval and Amneal is seeking stockholder approval for the stock issuance proposal.

Effect of Vote in Favor of Proposal

If the stock issuance proposal is approved, 28,942,108 shares of Amneal Class A common stock will be issued in connection with and pursuant to the terms of the purchase agreement. These issuances represent approximately 8.31% of the issued and outstanding shares of Amneal Class A common stock and outstanding voting power of Amneal as of immediately following and giving effect to the Transaction based on the number of shares outstanding as of June 25, 2026, the record date for the special meeting, plus 28,942,108 shares of Amneal Class A common stock to be issued in connection with the Transaction. This percentage is subject to certain assumptions and may change prior to the closing, including as a result of future changes in the number of shares of Amneal Class A common stock outstanding prior to the closing. As a result, the sellers could own a greater, or lesser, percentage amount of the outstanding shares of Amneal Class A common stock immediately after the closing. The issuances of such shares would result in a dilution to Amneal's stockholders (other than those stockholders receiving Amneal Class A common stock in connection with such issuance), and would afford Amneal's stockholders (other than those stockholders receiving Amneal Class A common stock in connection with such issuance) a smaller percentage interest in the voting power, liquidation value and aggregate book value of Amneal.

[TABLE OF CONTENTS](#)

Effect of Not Obtaining the Required Vote

If the stock issuance proposal is not approved by Amneal’s stockholders, then one of the closing conditions will not have been satisfied and the Transaction will not occur.

Material U.S. Federal Income Tax Consequences of the Stock Issuance

There are no material U.S. federal income tax consequences to Amneal stockholders in their capacities as such that will result from the stock issuance proposal.

Vote Required; Recommendations of the Independent Committee and the Amneal Board

Assuming a quorum is present, the affirmative vote of a majority of votes cast by the holders of the outstanding shares of Amneal common stock entitled to vote as of the close of business on the record date is required to approve the stock issuance at the special meeting or any adjournment or postponement thereof. Abstentions, broker non-votes and failures to vote, if any, will have no effect on the outcome of the stock issuance proposal. If you sign and return a proxy and do not indicate how you wish to vote on the stock issuance proposal, your shares will be voted in favor of the stock issuance proposal.

See “*The Transaction Proposal – Reasons for the Transaction and Recommendation of the Independent Committee and Amneal Board*” beginning on page [46](#) in this proxy statement for a detailed discussion of the Independent Committee’s and Amneal Board’s recommendations.

The Independent Committee unanimously recommends that Amneal stockholders vote “FOR” the stock issuance proposal. In addition, the Amneal Board recommends that Amneal stockholders vote “FOR” the stock issuance proposal.

**ADJOURNMENT PROPOSAL
(PROPOSAL 3)**

Amneal stockholders are being asked to approve a proposal that will give Amneal the authority to adjourn the special meeting, from time to time, as determined in accordance with the purchase agreement by the Independent Committee, including for the purpose of soliciting additional proxies in favor of the transaction proposal and the stock issuance proposal if there are insufficient votes at the time of the special meeting to approve the transaction proposal and the stock issuance proposal. If a quorum is not present, the presiding officer at the special meeting or the holders of a majority of the votes entitled to be cast by the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon may adjourn the special meeting from time to time until a quorum is present. At any such adjourned meeting at which a quorum may be present, any business may be transacted which might have been transacted at the meeting as originally called. If the adjournment is for more than 30 days, or if, after the adjournment, a new record date is fixed for the adjourned special meeting, a notice of the adjourned special meeting will be given to each stockholder of record entitled to vote at the meeting in accordance with Amneal's bylaws. In addition, the special meeting could be postponed before it commences, subject to the terms of the purchase agreement. If the special meeting is adjourned or postponed, stockholders who have already submitted their proxies will be able to revoke them at any time prior to the final vote on the proposals.

Approval of the adjournment proposal requires the vote of the holders of a majority of the votes entitled to be cast by the holders of a majority of the shares of Amneal common stock present in person or represented by proxy at the special meeting and entitled to vote thereon. Broker non-votes or failures to vote, if any, will have no effect on the outcome of the adjournment proposal. Abstentions, if any, will have the same effect as a vote "AGAINST" the adjournment proposal. If you sign and return a proxy and do not indicate how you wish to vote on the adjournment proposal, your shares will be voted in favor of the adjournment proposal. Amneal does not intend to call a vote on this proposal if the transaction proposal and the stock issuance proposal have been approved at the special meeting.

The Independent Committee unanimously recommends that Amneal stockholders vote "FOR" the adjournment proposal. In addition, the Amneal Board recommends that Amneal stockholders vote "FOR" the adjournment proposal.

AGREEMENTS RELATED TO THE TRANSACTION

Restrictive Covenants Agreements

The following is a summary of certain material terms and provisions of a certain Restrictive Covenants Agreement, by and between Amneal and Chirag Patel, dated as of April 21, 2026 and a certain Restrictive Covenants Agreement, by and between Amneal and Chintu Patel, dated as of April 21, 2026 (together, the “restrictive covenants agreements”). This summary does not purport to describe all of the terms and provisions of the restrictive covenants agreements and is qualified in its entirety by the complete text of each of the restrictive covenants agreements, which are included as Annex B and Annex C to this proxy statement, respectively, and incorporated by reference herein. All stockholders of Amneal are urged to read the restrictive covenants agreements carefully and in their entirety, as well as this proxy statement, before making any decisions regarding the purchase agreement and the transactions contemplated thereby, including the Transaction and the stock issuance.

In connection with the execution of the purchase agreement, Amneal entered into restrictive covenants agreements with each of Chirag Patel and Chintu Patel (each, an “RCA person”).

Under the terms of the restrictive covenants agreements, during the period from the closing until the date that is the fifth anniversary of the closing date (the “restricted period”), each RCA person will not, and will cause its controlled affiliates, not to, without the prior written consent of Amneal, directly or indirectly, invest in, acquire, own, manage, control, undertake, participate in, carry on or be engaged in the operation of the business of Kashiv or any business or activities that compete with the business of Kashiv as conducted as of signing and as of the closing date, except for (i) the passive ownership by such RCA person, directly or indirectly, of less than two percent (2%) of any class of the securities of any person traded on a national or international securities exchange or traded on the over-the counter market, (ii) the passive investment by such RCA person, directly or indirectly, as a limited partner and not as a co-investor, in private equity funds of less than two percent (2%) of the equity interests in such fund so long as such RCA person does not have any active role in, or ability to direct, the activities of such fund or the portfolio companies thereof or (iii) actions performed by such RCA person in their capacity as an employee, consultant, officer, independent contractor or director of Amneal or any of Amneal’s controlled affiliates.

Each RCA person also agreed in his respective restrictive covenant agreement that such RCA person will not, and will cause his controlled affiliates not to, during the restricted period, except for the benefit of, and on behalf of, Kashiv, Amneal and any of their respective affiliates or subsidiaries and each of their successors or assigns (in each case, other than the sellers) (collectively, the “Kashiv affiliated group”), directly or indirectly, on such RCA person’s own behalf or on behalf of any other person or entity, solicit, recruit or hire, or attempt to recruit or hire, any restricted person (as defined below) or induce or attempt to induce any restricted person to leave the employ of or cease doing business with Kashiv or any other member of the Kashiv affiliated group, as the case may be; provided, however, that this restriction will not prevent such RCA person (i) from making any general solicitations, directly or indirectly, including through newspapers, trade journals, the internet or any similar media that are not directed specifically at any employee or independent contractor of the Kashiv affiliated group, or hiring the persons who respond to such general solicitations or (ii) from soliciting and hiring any former employee or independent contractor of the Kashiv affiliated group who was terminated without cause. A “restricted person” means (i) any employee, agent, or contractor of Kashiv or its subsidiaries as of immediately prior to the closing, and/or (ii) any employee, agent, or contractor of Amneal or any affiliate of Amneal with whom the sellers worked, collaborated or shared information, or about whom the sellers had access to or received confidential information during the sellers’ affiliation with the Kashiv affiliated group.

Except to the extent (i) authorized by Amneal, (ii) required by law or any legal process, or (iii) necessary in performing such seller’s obligations under the purchase Agreement, each seller will not, and will cause its controlled affiliates not to, directly or indirectly, at any time after the closing, use or exploit, or disseminate, disclose, or divulge to any person, firm, corporation, association or other business entity, confidential information of Kashiv and its subsidiaries.

INFORMATION ABOUT KASHIV

KASHIV'S BUSINESS

Overview and Corporate History

Kashiv is a vertically integrated biopharmaceutical company and is among a limited number of U.S.-based companies to both manufacture and receive marketing authorization for multiple biosimilars. With robust infrastructure and highly skilled teams with extensive expertise in the development and manufacturing of biosimilars, Kashiv offers R&D, clinical, manufacturing, and regulatory capabilities through its more than 600 team members globally. In addition, Kashiv's expansive partnerships reach more than 100 global markets. More than \$900 million of capital has been invested in the Kashiv platform since its founding.

Kashiv was founded in 2010 by Chirag Patel (President and Co-Chief Executive Officer of Amneal and a member of the Amneal Board) and Chintu Patel (Co-Chief Executive Officer of Amneal and a member of the Amneal Board). Between 2013 and 2019, Kashiv acquired and developed infrastructure in Piscataway, New Jersey and Chicago, Illinois, and filed its first two biosimilar applications with the U.S. Food and Drug Administration ("FDA") in 2017 for Releuko® (biosimilar to Neupogen®) and 2020 for Fylnetra® (biosimilar to Neulasta®).

Between 2020 and 2024, Kashiv received FDA approvals for its biosimilars Releuko® and Fylnetra®. During this period, Kashiv also bolstered its R&D capabilities by establishing a dedicated team and facility in Ahmedabad, India, and Kashiv's Chicago, Illinois facility was registered with the FDA for drug substance and drug product manufacturing for Releuko® and Fylnetra®.

Since 2025, Kashiv has continued to expand its infrastructure and development platform across several products. While volumes of Kashiv's Releuko® and Fylnetra® have continued to scale globally, Kashiv has developed a pipeline of more than 20 biosimilar candidates, including a potential biosimilar for Xolair®, which has already received approval by the Medicines and Healthcare Products Regulatory Agency of the U.K. ("MHRA") and received acceptance of its marketing authorization application for review by Health Canada. Kashiv has three programs currently pending regulatory approval in the United States, including a biologics license application submitted to the FDA, and a marketing authorization application accepted by the European Medicines Agency for a proposed biosimilar to Xolair®. Kashiv continues to enhance its key infrastructure and manufacturing capacity, including through its Piscataway, New Jersey facility expansion and Pipan, Ahmedabad, India land acquisition and manufacturing facility construction. Kashiv has more than 110 patent applications filed across its biosimilar programs.

Kashiv's Strengths and Strategy

Kashiv has built a vertically integrated platform with deep biosimilar development expertise characterized by the following strengths:

- **Proven Track Record in Drug Development.** Kashiv has a proven track record, having received FDA approval for two biosimilars in the U.S. (Releuko® and Fylnetra®).
- **Vertically Integrated Platform with Cost-Effective R&D and Dual Manufacturing Capabilities.** Kashiv's U.S. and India sites provide a de-risked dual launch strategy, speed-to-market, competitive cost position, supply chain reliability, and quality control across all product stages from R&D to manufacturing.
- **Differentiated and Curated Portfolio.** Kashiv employs a holistic approach to pipeline selection to leverage its key strengths. Kashiv's pipeline selection strategy considers first-wave launch timing, competitive landscape and market size, regulatory and development strategies, opportunity for differentiation, product complexity, scalability and yield, and intellectual property landscape.
- **Dedicated Team with Experience and Expertise.** Kashiv attracts top talent to support development of its business. Its employee base is highly experienced in developing a wide range of small and large molecules and creating high-value enterprises.
- **Long-Term Commercial View.** Through a long-term focus on the early phase of the biosimilar lifecycle, Kashiv has positioned itself to be one of the prominent players in the biosimilars market.
- **Strong Relationships with Committed Global Partners.** Kashiv operates a business-to-business ("B2B") model through which it licenses commercial rights to its products to high-quality commercial partners covering key global markets.

TABLE OF CONTENTS

Kashiv's strategy is to continue to expand in the growing global biosimilar market. Kashiv's vertically integrated platform and biosimilar expertise position it well to capitalize on the expected growth in the biosimilar market through its proven development and manufacturing capabilities and experienced team.

Industry Overview

Biosimilars are biologic medicines that have been deemed to be highly similar in quality, safety, and effectiveness to an existing approved biologic reference product, with no clinically meaningful differences from the original approved product. The global biosimilar market is significant and remains largely untapped; it is expected that the biosimilar market will grow approximately 5x over the next decade (from approximately \$40 billion in 2025 to approximately \$191 billion in 2035).¹ Key factors that are expected to drive the rapid growth rate of the biosimilar market include, among others:

- **Imminent Biologics Patent Expirations and Modest Competition:** 118 biologics are expected to lose exclusivity in the next decade, accounting for more than \$300 billion globally (with \$234 billion in the U.S.). Only 10% of branded biologics currently have biosimilars in development.² The majority of opportunities have less than \$10 billion in biologic sales, with modest biosimilar competition expected (e.g., 3-4 players each).³
- **Affordability of Biosimilars:** Because biosimilars are typically far less expensive than the corresponding branded product, Kashiv anticipates increased adoption of biosimilars will result in substantial healthcare savings and improved patient access to healthcare. Specifically, biosimilars are expected to improve patient access by 2x or more.⁴ Savings from biosimilars in the U.S. were estimated to be approximately \$20 billion in 2024 alone.⁵
- **Increased U.S. Adoption of Biosimilars:** The biosimilar market represents the next wave of affordable medicine in the U.S. Kashiv expects biosimilar adoption will increase as more clinicians and patients become aware of biosimilars and their benefits, and data continues to demonstrate the safety and effectiveness of biosimilars.
- **Shifting Regulatory Landscape:** As part of its initiative to make medicine more affordable, the FDA has recently introduced draft guidance proposing criteria for when it may waive Phase III requirements for FDA approval and instead rely on an appropriately designed pharmacokinetic similarity study and an assessment of immunogenicity.⁶

Competition

Kashiv's competitors include pure-play biosimilar companies, such as Sandoz, Samsung Bioepis, Celltrion, Biocon, Alvotect, and Formycon, among others. In addition, companies are continuing to enter the biosimilar market by expanding internal capabilities or through acquisitions and licensing agreements.

Kashiv believes it can compete effectively based on its advanced, cost-effective R&D and manufacturing capabilities, differentiated product pipeline strategy, highly experienced leadership team, and committed global partners.

Pipeline

Kashiv maintains a robust, diversified pipeline that targets high-value therapeutic areas and spans across a wide range of modalities and new complex indications. Currently, Kashiv has more than 20 biosimilar pipeline products, consisting of a mix of biologics targeting larger markets and biologics targeting market sizes under \$5 billion. Kashiv continuously evaluates incremental pipeline opportunities to build a strategic selection of medicines for patients and providers.

Product Innovation and Differentiation

Kashiv’s R&D approach is predicated on utilizing its unique and highly refined capability set to develop complex medicines, regardless of regulatory pathway. Although Kashiv’s primary focus is on biosimilars, Kashiv selectively utilizes the ANDA and 505(b)(2) pathways to best serve unmet patient needs in conjunction with a disciplined approach to risk management and intellectual property (“IP”) strategy. Kashiv’s product portfolio innovations create opportunities for differentiation in competitive environments.

Intellectual Property

Kashiv’s key intellectual property largely consists of patents, trademarks and trade secrets, and Kashiv seeks to procure patents and trademark registrations in certain key markets, and to protect its trade secrets through contractual restrictions. Kashiv seeks to control access to its intellectual property by entering into non-disclosure agreements with employees and third parties with access to its intellectual property.

In addition to its intellectual property rights, Kashiv also considers the skills and ingenuity of its employees to be important contributors to Kashiv’s success. Kashiv believes its platform would be difficult, time consuming, and costly to replicate.

Kashiv files patent applications in countries and regions including the United States, the European Patent Office, Australia, Canada, China, India, and Japan. It has geographically broad trademark protection for Releuko® (filgrastim) and Fylnetra® (pegfilgrastim) and has registered these trademarks in multiple jurisdictions.

Commercial Partnerships

Kashiv operates a B2B business model, licensing commercial rights to its programs to reputable partners globally. Kashiv has commercial partners in the U.S., European Union, and Canada, as well as in the APAC, MENA, and LATAM regions. Kashiv’s key commercial partners include Amneal, Advanz Pharma, Alvotech, CRISTÁLIA, Intas Pharmaceuticals, MS Pharma, JAMP Pharma Corporation, and Saya Biologics. Kashiv is in active discussions with potential commercial partners for products in its pipeline.

Facilities

Kashiv operates four R&D and manufacturing facilities, enabling flexible pipeline development with the latest single-use technology. Kashiv’s U.S. sites are designed to accelerate timelines for products to receive required regulatory approvals and move to market. Kashiv expects to have drug substance capacity of approximately 75,000L by 2028 (from approximately 26,000L in 2026).

Kashiv’s four R&D and manufacturing facilities are further described below:

Piscataway, New Jersey. Kashiv currently operates one facility in New Jersey with another facility expected to be operational in 2028, totaling approximately 150,000 square feet. The existing New Jersey facility is MHRA-certified and specializes in monoclonal antibodies and fusion proteins production. The building also includes an R&D facility with microbiology labs.

Chicago, Illinois. Kashiv’s 100,000 square foot R&D and manufacturing facility has capabilities for development and manufacturing of commercial-scale microbial cell lines, drug substance, and a fill-and-finish line for prefilled syringes and vials. It is an FDA-registered site for Kashiv’s commercial biosimilars (Releuko® and Fylnetra®) and holds a Certificate of Good Manufacturing Practices for Active Pharmaceutical Ingredients from Brazil’s ANVISA (Agência Nacional de Vigilância Sanitária).

TABLE OF CONTENTS

Ahmedabad, India. Kashiv's 140,000 square foot R&D facility contains state-of-the-art analytical labs for characterization, stability, bioassay development, process development, and small-scale manufacturing of complex proteins for biosimilars.

Pipan, Ahmedabad, India. Kashiv is constructing a next-generation biologics manufacturing facility, with anticipated industry-leading capacity (~50,000L planned) to support the commercial launches of Kashiv's advanced biosimilars pipeline. The site is expected to become operational during the second half of 2026.

Employees and Human Capital Resources

Kashiv employs more than 600 employees globally as of the date of this preliminary proxy statement, over half of whom hold advanced degrees, and approximately 300 of whom are scientists with experience in biosimilar platform build and execution. Kashiv's scientific and business executives have extensive industry experience in developing a wide range of small and large molecules and creating high-value enterprises. The expertise of Kashiv's employees spans across major biological technology platforms including microbials, mAbs, fusion proteins, bispecifics, and cytokines, covering many biologics.

Legal Proceedings

From time to time, Kashiv may be involved in various other claims and legal proceedings relating to claims arising out of Kashiv's operations. Kashiv is not currently a party to any material legal proceedings.

KASHIV MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Kashiv is a biopharmaceutical research, development and manufacturing company seeking to advance pipeline of biosimilars, complex peptides and enzyme-based programs through agreements with third parties in order to improve access to biologics and complex medicines for patients, physicians and payers.

In March 2025, Kashiv completed a corporate reorganization to simplify its ownership structure. In connection with the reorganization, Kashiv BioSciences Holdco, LLC ("Kashiv Parent") and Kashiv Intermediate Holdco, LLC ("Kashiv HoldCo") were formed, and Kashiv became a wholly owned subsidiary of Kashiv HoldCo. As part of the restructuring, its historical equity structure, which included multiple classes of units, including profit participation units, was simplified into a single class of common units. In addition, an existing credit funding loan was assigned to Kashiv HoldCo, and the related security interest in Kashiv's assets was terminated. On April 18, 2026, Kashiv HoldCo distributed its ownership interest in Kashiv to Kashiv Parent, and Kashiv Parent subsequently distributed such interests to certain members of Kashiv Parent.

The following discussion and analysis contains forward-looking statements that involve risks and uncertainties. Kashiv's actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks discussed elsewhere in this proxy statement. This discussion and analysis should be read in conjunction with Kashiv's consolidated financial statements and related notes included elsewhere in this proxy statement. The 2024 financial information discussed below has been restated, as described in *Note 3. Restatement of Prior Financial Statements* to Kashiv's consolidated financial statements for the years ended December 31, 2025 and 2024 included in this proxy statement (the "Kashiv Annual Financial Statements"), and the following discussion and analysis reflects such restatement.

Overview

Kashiv's principal sources of revenue include pharmaceutical manufacturing, research and development and product licensing activities that focus on developing innovative technologies, biosimilars, and life-cycle management products. Its revenue may fluctuate significantly from period to period based on the timing of commercial manufacturing activity, partner product sales, achievement of developmental, regulatory and commercial milestones, recognition of deferred revenue and execution of collaboration or license arrangements.

Kashiv's operating expenses consist primarily of cost of goods sold, selling, general and administrative expenses and research and development expenses. Research and development expenses include salaries, certain building and facility expenses, clinical and contract research organization costs, materials and laboratory costs. The timing and amount of its future research and development spending will depend on the design, timing and duration of clinical trials, the progress of its development programs, regulatory requirements and the level of financial resources available to Kashiv.

Kashiv has various business arrangements with related parties, including Amneal, due to common ownership. Certain holders of equity interests in Kashiv, including members of management, directly or indirectly hold ownership interests in these entities and may also serve in governance roles. These transactions include commercial and contract research revenue, licensing and milestone revenue, royalty revenue and, historically, financing arrangements. A significant portion of Kashiv's revenues and certain expenses are attributable to related parties, and period-to-period results may be affected by the timing and nature of these arrangements. Amneal and Kashiv's related party disclosures for a given reporting period may differ due to timing differences between revenue and expense recognition under GAAP, as well as varying judgments regarding materiality. In addition, amounts disclosed may differ from those reported by Amneal due to the use of different foreign currency exchange rate sources. Unless otherwise specified, related party arrangements described below involve parties other than Amneal; arrangements specifically involving Amneal are identified as such.

Known Trends and Uncertainties

The Pharmaceutical Industry

Kashiv is subject to risks common in the pharmaceutical industry. The development of new pharmaceutical products, particularly biosimilars, is a complex, costly and time-consuming process that requires significant financial resources and specialized technical, clinical and regulatory expertise. Uncertainties inherent in this process include, but are not limited to, risks related to clinical development and regulatory outcomes and approvals, the ability to successfully demonstrate biosimilarity to reference products, manufacturing complexity and consistency

TABLE OF CONTENTS

and increasing competitive pressures. Additional risks include the ability to commercialize products successfully, dependency on key customers and suppliers, including for certain active pharmaceutical ingredients, potential product liability risks inherent in the research, development, clinical testing and manufacturing of human therapeutic products and the ability to establish, maintain and protect intellectual property rights.

Liquidity and Going Concern Uncertainty

Since inception, Kashiv has incurred recurring operating losses and negative cash flows from operations and, accordingly, it requires significant additional capital beyond what it generates through operations to fund its operations and development programs. Based on its current debt maturities and current liquidity position and projected cash flows, Kashiv's management has concluded that substantial doubt exists about its ability to continue as a going concern beyond December 31, 2026. For additional information, see the section titled "Liquidity and Capital Resources" below in this *Management's Discussion and Analysis of Financial Condition and Results of Operations* and the section titled "Liquidity" in *Note 2. Summary of Significant Accounting Policies* to the Kashiv Annual Financial Statements included in this proxy statement.

Total Revenues

Total revenues for the three months ended March 31, 2026 decreased \$4.3 million, or 17.1%, from the prior year period, primarily due to lower revenue from related parties (commercial and contract research revenue, license and milestone revenue, and royalty revenue), partially offset by higher license and milestone revenue from third parties.

- Commercial and contract research revenue - related party decreased \$1.9 million, or 38.9%, for the three months ended March 31, 2026 compared to the prior year period primarily due to lower revenue from Amneal resulting from timing of quality release of finished goods.

TABLE OF CONTENTS

- License and milestone revenue increased \$3.8 million, or 447.3%, for the three months ended March 31, 2026 compared to the prior year period primarily due to the timing and achievement of milestones under Kashiv's license and collaboration arrangement with Alvotech to commercialize omalizumab (a biosimilar to XOLAIR®) in the European Union, United Kingdom, Australia, Canada, and New Zealand.
- License and milestone revenue - related party decreased \$5.3 million, or 34.7%, for the three months ended March 31, 2026 compared to the prior year period primarily due to the timing and achievement of milestones under a license and collaboration arrangement with Amneal to distribute and sell omalizumab (a biosimilar to XOLAIR®) in the United States and India.
- Royalty revenue - related party decreased \$0.9 million, or 23.0%, for the three months ended March 31, 2026 compared to the prior year period primarily due to lower royalty revenue from Amneal, reflecting lower Fylnetra® royalties, partially offset by higher royalties from Releuko®.

Cost of Goods Sold

Cost of goods sold increased \$9.6 million, or 194.1%, for the three months ended March 31, 2026 compared to the prior year period, primarily due to increases in inventory reserve of \$4.0 million, manufacturing costs of \$3.0 million, and facility overhead expenses.

Cost of Goods Sold - Related Party

Cost of goods sold - related party decreased \$3.3 million, or 51.1%, for the three months ended March 31, 2026 compared to the prior year period, primarily due to reduced commercial sales volumes with Amneal.

Selling, General and Administrative

Selling, general and administrative ("SG&A") expenses for the three months ended March 31, 2026 increased \$2.3 million, or 101.3%, compared to the prior year period primarily due to higher legal expenses, personnel costs, and recruiting fees.

Research and Development

Research and development expenses for the three months ended March 31, 2026 were consistent with the prior year period. The slight decrease was not significant and primarily reflects normal period-to-period fluctuations in development program spending, including clinical and contract research organization costs, materials, laboratory costs, facility-related costs, and personnel. Kashiv expects research and development expenses to remain significant as it continues to advance its biosimilar, complex peptide and enzyme-based programs.

Interest Expense

Interest expense was \$4.3 million for the three months ended March 31, 2026 compared to no interest expense in the prior year period. The increase was primarily due to interest expense incurred on third-party debt financings entered into during 2025, which replaced prior related-party financing following Kashiv's March 2025 Reorganization (as defined in the Kashiv Annual Financial Statements). There was no third-party debt outstanding during the three months ended March 31, 2025. Refer to *Note 13. Debt* in the Kashiv Annual Financial Statements included in this proxy statement for further details.

Interest Expense - Related Party

Interest expense - related party decreased \$11.6 million to zero for the three months ended March 31, 2026, compared to the prior year period primarily due to the assignment of the Company's related party credit facility to its parent entity in connection with the March 2025 reorganization (as noted above under the section *Interest Expense*). There was no related party debt outstanding during the three months ended March 31, 2026.

Total Revenues

Total revenues for the year ended December 31, 2025 increased by \$42.2 million, or 112.0%, from the prior year, primarily due to higher license and milestone revenue and commercial and contract research revenue from third parties and related parties.

- Commercial and contract research revenue was \$1.0 million for the year ended December 31, 2025 compared to no commercial and contract research revenue in the prior year. The increase was primarily due to the launch of sales in Canada that started in the last fiscal quarter of the year ended December 31, 2025.
- Commercial and contract research revenue - related party increased \$2.5 million, or 22.1%, for the year ended December 31, 2025 compared to the prior year primarily due to an increases in sales of Releuko[®] to Amneal.
- License and milestone revenue increased \$12.1 million for the year ended December 31, 2025 compared to the prior year primarily due to the timing and achievement of milestones and upfront payments under license and collaboration arrangements with (i) Alvotech to commercialize omalizumab (a biosimilar to XOLAIR[®]) in the European Union, United Kingdom, Australia, Canada, and New Zealand, and (ii) Intas to commercialize lanreotide injection in Europe and India.
- License and milestone revenue - related party increased \$28.4 million, or 285.5%, for the year ended December 31, 2025 compared to the prior year primarily due to the timing and achievement of milestones and upfront payments under a license and collaboration arrangement with Amneal to distribute and sell omalizumab (a biosimilar to XOLAIR[®]) in the United States and India.
- Royalty revenue - related party decreased \$1.8 million, or 11.4%, for the year ended December 31, 2025 compared to the prior year, primarily driven by a \$4.3 million decrease in Fynetra[®] royalty revenue from Amneal, reflecting changes in market prices, partially offset by a \$2.6 million increase in Releuko[®] royalty revenue from Amneal due to higher sales volumes.

TABLE OF CONTENTS

Cost of Goods Sold

Cost of goods sold decreased \$2.8 million, or 7.6%, for the year ended December 31, 2025 compared to the prior year, primarily due to higher manufacturing absorption, which reduced per unit costs, partially offset by higher personnel, facility, and manufacturing costs.

Cost of Goods Sold - Related Party

Cost of goods sold - related party increased \$6.5 million, or 52.2%, for the year ended December 31, 2025 compared to the prior year, primarily due to higher production costs associated with increased units sold to Amneal, as well as an increase in inventory reserves for expiring materials.

Selling, General and Administrative

SG&A expenses for the year ended December 31, 2025 decreased \$1.3 million, or 8.5%, compared to the prior year, primarily driven by reductions in legal, personnel and overhead expenses, partially offset by increased costs related to information system upgrades, accounting fees and tax fees.

Research and Development

Research and development expenses for the year ended December 31, 2025 increased \$40.8 million, or 69.9%, compared to the prior year primarily due to higher spending on development programs for later-stage products, including omalizumab (a biosimilar to XOLAIR®) and abatacept (a biosimilar to Orencia®), with increased costs related to clinical activities, contract research organizations, materials, laboratory operations, facilities, and personnel.

Other Expense

Other expense increased to \$4.5 million, or 104.3%, for the year ended December 31, 2025 from \$2.2 million for the prior year primarily due to foreign currency fluctuations.

Interest Expense

Interest expense was \$7.6 million for the year ended December 31, 2025 compared to no interest expense in the prior year. The increase was due to the interest expense incurred on third-party debt financings entered into during 2025, which replaced prior related-party financing following Kashiv's March 2025 Reorganization. There was no third-party debt outstanding during the year ended December 31, 2024. Refer to *Note 13. Debt* in the Kashiv Annual Financial Statements included in this proxy statement for further details.

Interest Expense - Related Party

Interest expense - related party decreased \$26.6 million, or 69.7%, for the year ended December 31, 2025, compared to the prior year due to the assignment of Kashiv's related-party secured credit funding loan to its parent entity in connection with the March 2025 reorganization (as noted above under the section *Interest Expense*). As a result, there was no related party debt outstanding subsequent to March 2025.

Liquidity and Capital Resources

Kashiv's primary sources of liquidity have been capital and debt from related-party investors and third-party lenders, together with cash receipts from commercial manufacturing, contract research, license and milestone and royalty arrangements. Its primary uses of capital resources are to fund research and development activities, capital expenditures, debt service, lease obligations, and working capital requirements. Capital expenditures of \$40.0 million and \$25.5 million for the years ended December 31, 2025 and 2024, respectively, were primarily related to the expansion of manufacturing facilities in the United States and India to support anticipated new product launches.

As of March 31, 2026, Kashiv had cash of \$12.8 million and restricted cash of \$4.0 million. Restricted cash as of March 31, 2026 related to a letter of credit posted as security under a long-term lease agreement. Current assets were \$58.2 million as of March 31, 2026, compared to \$54.7 million as of December 31, 2025. Current liabilities were \$39.0 million as of March 31, 2026, compared to \$34.6 million as of December 31, 2025.

TABLE OF CONTENTS

Kashiv has incurred recurring operating losses and negative cash flows from operations since inception. Net cash used in operating activities was \$106.3 million for the year ended December 31, 2025, representing an average monthly cash usage of approximately \$8.9 million. Net cash used in operating activities was \$32.7 million for the three months ended March 31, 2026, reflecting continued investment in research and development programs and ongoing operating activities. During 2025, Kashiv raised debt financing in the United States and India to fund future operations and continue clinical development programs. Kashiv believes that the financing obtained, along with continued support from the related-party investors and projected license and milestone revenues, will fund its operations through December 31, 2026. However, Kashiv's management has concluded that substantial doubt exists about its ability to continue as a going concern after that date. For additional information, refer to the section titled "Liquidity" in Note 2. *Summary of Significant Accounting Policies* to the Kashiv Annual Financial Statements included in this proxy statement.

Material Cash Requirements

Kashiv's material cash requirements include:

- *Research and development*: Research and development expenses are expected to remain a significant use of cash as Kashiv continues to advance its programs.
- *Capital expenditures*: Capital expenditures are expected to remain elevated in 2026 as Kashiv continues to invest in manufacturing facilities, laboratory capabilities, and equipment.
- *Debt service*: Kashiv's debt requires ongoing interest and principal payments. Cash interest requirements are expected to increase over time.
- *Lease obligations*: Kashiv has ongoing lease commitments for manufacturing, laboratory, and office facilities.
- *Working capital*: Kashiv requires working capital to fund inventory, prepaid expenses, and operating liabilities.

Pending Acquisition by Amneal Pharmaceuticals, Inc.

On April 21, 2026, Kashiv entered into the purchase agreement pursuant to which Amneal, a related party, has agreed to acquire the Kashiv membership interests in a transaction that includes \$375.0 million of cash, subject to certain adjustments, and 28,942,108 shares of Amneal Class A common stock at closing, as well as potential additional contingent cash royalty payments and payments based on the achievement of specified regulatory and commercial milestones. The Transaction is subject to approval by Amneal's stockholders, regulatory approvals and other customary closing conditions. The purchase agreement and the Transaction are described in more detail in the sections of this proxy statement entitled "The Transaction Proposal (Proposal 1)" and "The Membership Interest Purchase Agreement".

Prior to closing, Kashiv is required to fund its operations using existing liquidity and available financing sources and is not entitled to funding from Amneal. Accordingly, Kashiv's ability to meet its obligations prior to closing is dependent on its existing resources and access to capital. As described further in the sections of this proxy statement entitled "The Transaction Proposal (Proposal 1) – Closing Consideration" and "The Membership Interest Purchase Agreement – Closing Consideration", under the purchase agreement, Amneal has agreed to reimburse the sellers for the funding of Kashiv's operations between signing and closing (subject to a cap equal to the product of \$20.0 million and the number of months (including prorated months) between signing and closing). From and after the closing, the Transaction is expected to provide significant liquidity to Kashiv by virtue of Kashiv becoming a wholly owned subsidiary of Amneal, which has significantly greater liquidity and capital resources than Kashiv. In the interim, Kashiv is actively managing its liquidity by adjusting its operating plan and prioritizing expenditures, including the timing of research and development activities. Kashiv is also evaluating potential sources of liquidity, including projected license and milestone revenues, as well as financing alternatives to support operations through closing; however, there can be no assurance that such inflows will be realized or that financing will be available on acceptable terms, if at all.

If the Transaction is not consummated for any reason, Kashiv expects to continue to finance its business operations from capital and debt from related party investors and third-party lenders, consistent with past practice. There can be no assurance that the Amneal transaction will close, that additional financing will be available on acceptable terms (or at all), or that anticipated milestone revenues will be realized.

TABLE OF CONTENTS

Debt Instruments

As of December 31, 2025, total debt and long-term notes payable were \$150.8 million, net of unamortized debt issuance costs and discount, compared to \$465.8 million as of December 31, 2024. The decrease was primarily due to the assignment of Kashiv's related-party secured credit funding loan to its parent entity in connection with the March 2025 reorganization, as described in the section titled "Reorganization" in *Note 1. Nature of Operations* to the Kashiv Annual Financial Statements included in this proxy statement.

As of March 31, 2026, total debt and long-term notes payable increased to \$156.9 million, net of unamortized debt issuance costs and discount, primarily reflecting additional borrowings under the Rupee Term Loan Facility (as defined in the Kashiv Annual Financial Statements).

On April 2, 2025, Kashiv entered into a Term Loan Credit Agreement (as defined in the Kashiv Annual Financial Statements) with a syndicate of lenders, providing for \$110.0 million of term loans effective as of the closing date and up to \$40.0 million of delayed draw term loans. The delayed draw term loans were drawn on November 24, 2025. Both term loans mature on the fifth anniversary of the closing date, unless earlier repaid. Borrowings under the agreement bear interest, at Kashiv's option, at an adjusted SOFR-based rate plus an applicable margin or a base rate plus an applicable margin. For the first six quarters following the closing date, Kashiv may elect to pay up to 60% of interest as payment-in-kind interest. During 2025 and the first quarter of 2026, Kashiv elected to pay a portion of interest in kind, increasing the outstanding principal balance of the term loans. As of April 30, 2026, Kashiv elected to cease the PIK option, and future interest is expected to be paid in cash.

On November 1, 2025, Kashiv entered into a Rupee Term Loan Facility Agreement (as defined in the Kashiv Annual Financial Statements) through its subsidiary Kashiv Research Private Limited, with a commercial bank, providing for aggregate commitments of up to ₹6.5 billion (approximately \$69.1 million as of March 31, 2026) to finance project capital expenditures, including building, equipment, and construction activities. The facility includes a ₹4.0 billion (approximately \$42.6 million as of March 31, 2026) letter of credit sub-facility within the overall commitment amount. As of March 31, 2026, the outstanding balance was ₹1.0 billion (approximately \$11.1 million), reflecting continued funding of capital projects.

As of March 31, 2026, Kashiv was in compliance with all covenants under the Term Loan Credit Agreement and the Rupee Term Loan Facility.

Lease Commitment

In connection with the expansion of its manufacturing capacity, Kashiv entered into a long-term lease commencing January 1, 2026, for approximately 102,000 square feet of space in Piscataway, New Jersey. This lease will increase Kashiv's fixed lease commitments and operating cash outflows in future periods. A \$4.0 million letter of credit issued in connection with the lease is reflected as restricted cash as of March 31, 2026. Lease payments are expected to be approximately \$1.3 million over the next 12 months.

Cash Balances

As of March 31, 2026, Kashiv's cash consisted of deposits held with U.S. and foreign commercial banks. A portion of this cash is held outside the United States and is subject to market risk associated with changes in foreign exchange rates. At various times during the year, Kashiv's cash balances may exceed amounts insured by the Federal Deposit Insurance Corporation. As of March 31, 2026 and December 31, 2025, such balances exceeded federally insured limits by approximately \$12.6 million and \$19.2 million, respectively.

Cash Flows from Operating Activities

Net cash used in operating activities was \$32.7 million for the three months ended March 31, 2026, compared to \$25.1 million for the prior year period, an increase in cash usage of \$7.5 million, or 30.0%, primarily driven by a higher net loss and unfavorable changes in working capital, partially offset by non-cash addbacks, including payment-in-kind interest and amortization of debt issuance costs.

Net cash used in operating activities was \$106.3 million for 2025, compared to \$103.6 million for 2024, an increase in cash usage of \$2.7 million, or 2.6%, primarily driven by unfavorable working capital changes, partially offset by a lower net loss and higher non-cash adjustments, including payment-in-kind interest on the term loans and amortization of debt issuance costs.

Cash Flows from Investing Activities

Net cash used in investing activities was \$3.1 million for the three months ended March 31, 2026, compared to \$5.8 million for the prior year period. The decrease in cash used in investing activities was due to lower capital expenditures in the 2026 period compared to higher investment levels in the prior year period.

Net cash used in investing activities was \$40.0 million for the year ended December 31, 2025, compared to \$25.5 million for the prior year. The increase in cash used in investing activities was due to higher purchases of property and equipment in 2025, including investments in manufacturing, laboratory and development capabilities in both the United States and India.

Cash Flows from Financing Activities

Net cash provided by financing activities was \$29.8 million for the three months ended March 31, 2026, compared to \$29.7 million for the prior year period. Cash provided by financing activities during the three months ended March 31, 2026 was primarily driven by capital contributions from Kashiv Intermediate Holdco, LLC and borrowings under the Rupee Term Loan Facility, partially offset by payments of deferred financing costs and scheduled principal repayments. Cash provided by financing activities in the prior year period primarily reflected proceeds from related-party credit line borrowings used to fund operations.

TABLE OF CONTENTS

Net cash provided by financing activities was \$166.4 million for the year ended December 31, 2025, compared to \$131.5 million for the prior year. The year-over-year increase in net cash provided by financing activities was primarily driven by proceeds from new debt financings, including \$146.5 million under the Term Loan Credit Agreement and \$6.8 million from the Rupee Term Loan Facility as well as a \$6.0 million capital contribution, partially offset by the net repayment of related party credit line borrowings, which decreased year over year, payments of deferred financing costs, and scheduled principal repayments. The prior year also included cash outflows for acquisitions and repayment of acquired debt, which did not recur in 2025.

Commitments and Contractual Obligations

Kashiv's contractual obligations as of March 31, 2026 were as follows (in thousands):

	Payments Due by Period				
	Total	Less Than 1 Year	1-3 Years	3-5 Years	More Than 5 Years
Principal payments on debt ¹	\$168,545	\$ 1,125	\$14,147	\$153,273	\$ —
Interest payments on debt obligations ²	67,692	17,683	33,846	16,163	—
Operating lease obligations	71,604	6,575	13,569	6,671	44,789
Total	<u>\$307,841</u>	<u>\$25,383</u>	<u>\$61,562</u>	<u>\$176,107</u>	<u>\$44,789</u>

1 Pursuant to the Term Loan Credit Agreement Kashiv may elect to pay up to 60% of the interest as payment-in-kind ("PIK") interest, which is capitalized and added to the outstanding principal balance for the first six quarters following the April 2, 2025 closing date. Through March 31, 2026, approximately \$8.7 million of PIK interest was capitalized. As of April 30, 2026, Kashiv elected to cease the PIK option. The principal payment amounts as of March 31, 2026 included in this table include the capitalized PIK interest.

2 Interest on the Term Loan pursuant to the Term Loan Credit Agreement and Rupee Term Loan facility was calculated based on applicable rates at March 31, 2026 with expected principal maturities of April 2030 and April 2028, respectively.

The table above does not include contingent milestone payments, royalty obligations, or other amounts that are dependent on the occurrence of specific events rather than the passage of time. See *Note 10. Leases* and *Note 13. Debt* to the Kashiv Annual Financial Statements in this proxy statement for a discussion of Kashiv's debt and lease obligations.

Off-Balance Sheet Arrangements

Kashiv did not have any off-balance sheet arrangements as of March 31, 2026.

Critical Accounting Policies

Kashiv's significant accounting policies are described in *Note 2. Summary of Significant Accounting Policies* to the Kashiv Annual Financial Statements included in this proxy statement. Certain of these policies involve critical accounting estimates, which require Kashiv's management to make assumptions about matters that were uncertain at the time the estimates were made and for which the use of different estimates, or changes in estimates that are reasonably likely to occur from period to period, could have a material impact on Kashiv's financial condition or results of operations.

Liquidity and Going Concern

Kashiv evaluates its ability to continue as a going concern for a period of one year from the date its consolidated financial statements are issued. This assessment requires significant judgment and is based on forecasts of future cash flows, including assumptions regarding expected operating performance, the timing and amount of anticipated license and milestone revenues, planned research and development and capital expenditures and access to financing.

These forecasts are inherently uncertain and depend on future events that may not occur as expected. Changes in the underlying assumptions could materially affect its projected liquidity and may require Kashiv to obtain additional financing, reduce or delay expenditures or take other actions to preserve capital. For a discussion of management's plans to address liquidity needs, including expected financing, anticipated license and milestone revenues and potential cost management actions, see "*Liquidity and Capital Resources*" above.

TABLE OF CONTENTS

As discussed in the section titled “*Liquidity*” in *Note 2. Summary of Significant Accounting Policies* to the Kashiv Annual Financial Statements included in this proxy statement and after consideration of management’s plans described in “*Liquidity and Capital Resources*”, Kashiv’s management has concluded that substantial doubt exists about its ability to continue as a going concern.

Revenue Recognition

Revenue recognition requires significant judgment in identifying performance obligations, determining the transaction price and allocating that price to performance obligations, particularly for license and milestone arrangements that include variable consideration.

Milestone payments are generally variable consideration and are recognized upon achievement of a specified milestone event and when it is probable that a significant reversal will not occur. This assessment requires judgment regarding the timing and likelihood of development and regulatory milestones, partner performance and contractual terms. These estimates are inherently uncertain, as they depend on future events outside Kashiv’s control, including clinical progress and regulatory approvals. Changes in these assumptions could result in material differences in the timing and amount of revenue recognized.

Research and Development Accruals

Kashiv estimates research and development expenses based on services performed under contracts with clinical research organizations and other vendors.

These estimates require judgment regarding patient enrollment, clinical trial progress, timing of services and achievement of contractual milestones. Given the nature of clinical development programs, these assumptions are inherently uncertain and may change as trials progress. Differences between estimated and actual costs could result in adjustments to research and development expense in future periods.

Inventory

Inventory is stated at the lower of cost or net realizable value, and Kashiv evaluates inventory for potential obsolescence based on expected demand, remaining shelf life and anticipated orders from collaboration partners and customers.

This evaluation requires judgment regarding future commercialization, demand forecasts and product lifecycle considerations. These assumptions are inherently uncertain due to the nature of Kashiv’s development programs and reliance on external partners for commercialization. Changes in demand, delays in development timelines or changes in market conditions could result in additional inventory reserves or write-downs.

Long-Lived Assets

Kashiv reviews the recoverability of long-lived assets, including the related useful lives, whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset might not be recoverable. If required, Kashiv compares estimated undiscounted future net cash flows to the asset’s carrying value to determine whether an impairment exists. If an asset is determined to be impaired, the asset is written down to fair value, which is based on discounted cash flows or appraised values.

This assessment requires judgment in estimating future cash flows, including assumptions related to development timelines, commercialization, expected revenues and utilization of manufacturing capacity. These assumptions are inherently uncertain given the nature of its development programs and reliance on successful regulatory approval and commercialization. Changes in these assumptions could result in impairment charges in future periods.

Kashiv’s management determined that no impairment was required as of March 31, 2026 or December 31, 2025.

Recently Issued Accounting Standards

Recently issued accounting standards are discussed in *Note 2. Summary of Significant Accounting Policies* to the Kashiv Annual Financial Statements included in this proxy statement.

Quantitative and Qualitative Disclosures About Market Risk

Kashiv is exposed to market risks in the ordinary course of its business primarily related to changes in interest rates and foreign currency exchange rates. Kashiv does not use derivative financial instruments to hedge its exposure to these risks.

Interest Rate Risk

Kashiv's exposure to interest rate risk is primarily related to its variable-rate debt instruments, including borrowings under its Term Loan Credit Agreement and its Rupee Term Loan Facility as discussed in *Note 13. Debt* to the Kashiv Annual Financial Statements included within this proxy statement. As of March 31, 2026, Kashiv's outstanding indebtedness consisted of approximately \$168.5 million comprised of \$157.4 million through the Term Loan Credit Agreement and \$11.1 million through the Rupee Term Loan Facility.

Borrowings under these facilities bear interest at variable rates based on SOFR or other applicable benchmark rates plus an applicable margin. Accordingly, changes in market interest rates impact Kashiv's interest expense.

Based on outstanding variable-rate debt as of March 31, 2026, a hypothetical 100-basis-point increase or decrease in interest rates would increase or decrease annual interest expense by approximately \$1.7 million.

During 2025 and the first quarter of 2026, Kashiv elected to pay a portion of interest in-kind, which increased outstanding principal rather than requiring cash settlement in the period. The use of PIK interest increases the Company's exposure to future interest rate risk by increasing the principal balance subject to variable rates.

Foreign Currency Exchange Rate Risk

Kashiv is exposed to foreign currency exchange rate risk primarily due to operations conducted by its subsidiaries in India, cash balances held in foreign currencies, and transactions denominated in currencies other than the U.S. dollar. Substantially all foreign currency exposure relates to the Indian Rupee. Fluctuations in exchange rates may affect Kashiv's reported results of operations, cash flows, and value of foreign-denominated assets and liabilities. The Company's exposure primarily relates to translation of foreign subsidiaries' financial statements rather than significant transactional exposures.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined financial information of Amneal presents the estimated effects of the Transaction, including (i) the issuance of 28.9 million shares of Amneal Class A common stock, (ii) the payment of cash consideration funded through a combination of available cash and Amneal's incremental term loan of \$350.0 million, and (iii) transaction costs expected to be incurred by Amneal and Kashiv, in connection with the closing of the Transaction. The unaudited pro forma adjustments are based on available information and certain assumptions that Amneal's management believes are reasonable.

The Transaction is expected to be accounted for as a business combination under GAAP. Under this method of accounting, Kashiv will be treated as the acquired company and Amneal will be treated as the acquirer for financial reporting purposes. The net assets of Kashiv will be recorded at fair value, which is expected to differ from historical carrying values for inventory, property, plant and equipment, identifiable intangible assets (including in-process research and development associated with Kashiv's product candidates and marketed product rights), and contingent consideration consisting of milestone and royalty payments. The carrying values of all other assets and liabilities are assumed to approximate their respective fair values. Any excess consideration transferred over the fair value of the net assets acquired will be allocated to goodwill.

The unaudited pro forma condensed combined balance sheet as of March 31, 2026 gives effect to the Transaction as if it had been completed on that date and combines the unaudited historical consolidated balance sheets of Amneal and Kashiv as of March 31, 2026. The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2026 and the year ended December 31, 2025 give effect to the Transaction as if it had been completed on January 1, 2025 and combine the respective historical consolidated statements of operations of Amneal and Kashiv for those periods (unaudited for the three months ended March 31, 2026 and audited for the year ended December 31, 2025).

The unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X under the rules of the United States Securities and Exchange Commission and on a basis consistent with GAAP and Amneal's accounting policies. The unaudited pro forma condensed combined financial information is provided for informational purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the Transaction had been completed as of the dates set forth above, nor is it indicative of the future results or financial position of the combined company. In preparing the unaudited pro forma condensed combined financial information, Amneal allocated the preliminary purchase price based on its best estimates of fair value. The preliminary purchase price allocation is dependent upon certain valuations and other analyses that are not yet final. Accordingly, the pro forma acquisition accounting adjustments are preliminary and subject to adjustment as additional information becomes available and additional analyses are performed. There can be no assurance that the final valuations will not result in material changes to the preliminary estimated purchase price allocation. The unaudited pro forma condensed combined financial information does not give effect to any anticipated synergies, operating efficiencies, cost savings or dis-synergies that may result from the Transaction. The unaudited pro forma condensed combined balance sheet and statements of operations reflect transaction accounting adjustments directly attributable to the Transaction. The accompanying explanatory notes identify the adjustments, including any reclassifications, nonrecurring items, and related tax effects.

The unaudited pro forma condensed combined financial information should be read in conjunction with:

- the accompanying notes to the unaudited pro forma condensed combined financial information;
- Amneal's unaudited interim consolidated financial statements and the accompanying notes, included in its Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2026, which is incorporated by reference elsewhere in this proxy statement;

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

Note 1 – Description of Transaction

On April 21, 2026, Amneal entered into the purchase agreement with Kashiv, the seller representative and the sellers, pursuant to which, among other matters and on the terms and subject to the conditions of the purchase agreement, Amneal has agreed to acquire from the sellers the Kashiv membership interests. Pursuant to the purchase agreement, at the closing, Amneal will (i) pay to the sellers \$375.0 million in cash and (ii) issue to the sellers 28,942,108 shares of Amneal Class A common stock (the “Equity Consideration”), subject, in the case of clause (i), to certain purchase price adjustments including for cash, the funding of operations between signing and closing (subject to a cap equal to the product of \$20,000,000 and the number of months (including prorated months) between signing and closing), indebtedness, transaction expenses and working capital fluctuations (relative to a target). Amneal expects that the \$375.0 million cash payment will be funded using a combination of cash on hand and incremental borrowings of approximately \$350.0 million from Amneal’s existing Term Loan Due 2032 (as defined in Amneal’s 2025 Annual Report on Form 10-K). The sellers will also be eligible to receive up to an additional \$350.0 million in potential contingent payments from Amneal upon the achievement of certain regulatory milestones in the United States for up to six designated Kashiv product candidates. In addition, during the 12-year period following the closing, the sellers will be eligible to receive certain potential contingent royalty payments from Amneal equal to 25% of the amount by which annual aggregate gross profits for certain products exceed specified gross profit hurdle amounts for the corresponding annual royalty period. Capitalized terms used but not defined herein have the meanings ascribed to them in the purchase agreement. Refer to Amneal’s Current Report on Form 8-K filed on April 22, 2026 for further information.

Note 2 – Basis of Presentation

The unaudited pro forma condensed combined financial information and related notes are prepared in accordance with Article 11 of Regulation S-X under the rules of the U.S. Securities and Exchange Commission, as amended by the final rule, Release No. 33-10786 “Amendments to Financial Disclosures about Acquired and Disposed Businesses”. The unaudited pro forma condensed combined balance sheet as of March 31, 2026 is presented as if Amneal’s acquisition of Kashiv had been completed on March 31, 2026 and combines the unaudited historical consolidated balance sheet of Amneal as of March 31, 2026 with the unaudited historical consolidated balance sheet of Kashiv as of March 31, 2026. The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2026 and year ended December 31, 2025 has been prepared as if the Transaction had been completed on January 1, 2025.

Amneal and Kashiv’s historical financial statements were prepared in accordance with GAAP and presented in U.S. dollars. As discussed in *Note 3 – Reclassification Adjustments*, *Note 5 – Pro Forma Adjustments to the Balance Sheet – Transaction Accounting* and *Note 6 – Pro Forma Adjustments to the Statement of Operations – Transaction Accounting*, certain reclassifications were made to align Kashiv’s financial statement presentation with the financial statement presentation of Amneal and certain intercompany transactions and balances between Amneal and Kashiv have been eliminated from their respective historical financial statements to reflect the entities on a consolidated basis. Amneal is currently in the process of evaluating Kashiv’s accounting policies, which will be finalized upon completion of the Transaction, or as more information becomes available. As a result of that review, additional differences could be identified between the accounting policies of the two companies that could be material. With the information currently available, Amneal has determined that no significant adjustments are necessary to conform Kashiv’s financial statements to the accounting policies used by Amneal.

The unaudited pro forma condensed combined financial information was prepared in accordance with ASC Topic 805, *Business Combinations* (“ASC 805”), treating the Transaction as a business combination with Amneal as the accounting acquirer, and using the fair value concepts defined in ASC Topic 820, *Fair Value Measurement*. Under ASC 805, all assets acquired and liabilities assumed in a business combination are recognized and measured at their acquisition date fair value, while transaction costs associated with the business combination are expensed as incurred. The excess of the consideration paid over the estimated fair value of assets acquired and liabilities assumed, is allocated to goodwill.

The allocation of the aggregate consideration is preliminary and has been made for the purpose of preparing the unaudited pro forma condensed combined financial information. The final determination of fair values of assets acquired and liabilities assumed could differ materially from the preliminary allocation presented herein, as the final

valuation will be based on the actual net tangible and intangible assets of Kashiv existing at the date of the Transaction, including the completion of third-party valuations. The pro forma adjustments represent management's best estimates and are based upon currently available information and certain assumptions that Amneal believes are reasonable under the circumstances.

Note 3 – Reclassification Adjustments

During the preparation of the unaudited pro forma condensed combined financial information, certain reclassification adjustments were made to conform Kashiv's historical financial statement presentation to that of Amneal. These reclassifications are based on a preliminary assessment. Following the Transaction, Amneal will finalize its review of Kashiv's accounting policies and financial statement presentation, and the resulting classifications may differ from those reflected herein.

Note 4 – Purchase Price and Preliminary Purchase Price Allocation

Estimated Aggregate Transaction Consideration

The following table summarizes the preliminary estimated aggregate consideration for the Transaction, including the estimated fair value of Equity Consideration, which was calculated by reference to the closing price of Amneal’s Class A common stock of \$16.34 on June 11, 2026, the most recent practicable date prior to the filing of this proxy statement. The estimated fair value of the Equity Consideration reflects a 5% discount for lack of marketability (“DLOM”) for temporary transfer restrictions associated with the unregistered shares of Class A common stock of Amneal to be issued. The components of the estimated consideration are as follows (in thousands):

Cash consideration ⁽ⁱ⁾	\$ 277,516
Equity Consideration ⁽ⁱⁱ⁾	449,268
Fair value of contingent consideration – milestone payments ⁽ⁱⁱⁱ⁾	117,185
Fair value of contingent consideration – royalty payments ⁽ⁱⁱⁱ⁾	203,148
Payment of outstanding Term Loan of Kashiv ^(iv)	162,398
Adjustment Escrow Amount ^(v)	40,000
Reimbursement of Seller Transaction Costs ^(vi)	568
Settlement of Pre-existing relationship ^(vii)	(13,044)
Preliminary estimated aggregate consideration	\$1,237,039

- i) Per the terms of the Purchase Agreement, the preliminary cash to be paid at closing is calculated as follows (in thousands):

Initial cash consideration	\$ 375,000
Less: Indebtedness ^(a)	(174,671)
Less: Transaction Expenses ^(b)	(568)
Plus: Closing Cash ^(c)	12,540
Plus: Working Capital Adjustment ^(d)	102,493
Plus: Prepayment Adjustment ^(e)	4,722
Less: Adjustment Escrow Amount ^(f)	(40,000)
Less: Retention Bonus Escrow Amount ^(g)	(2,000)
Preliminary cash consideration	\$ 277,516

- (a) Represents a reduction of \$174.7 million to preliminary cash consideration for the outstanding balance under Kashiv’s Term Loan Credit Agreement (as defined below), inclusive of a prepayment penalty, the outstanding balance under the Rupee Term Loan Facility (as described in the Kashiv Annual Financial Statements), a note payable obligation included in other long-term liabilities, and deferred revenue, all which are defined as indebtedness under the purchase agreement. These amounts are included in Kashiv’s balance sheet as of March 31, 2026.
- (b) Represents a reduction of \$0.6 million to preliminary cash consideration for the estimated transaction expenses of Kashiv incurred in connection with the Transaction, including legal, financial advisory, consulting and other transaction-related fees and expenses payable at closing pursuant to the purchase agreement.

TABLE OF CONTENTS

- (c) Represents an increase of \$12.5 million to preliminary cash consideration for Estimated Closing Cash, as defined in the purchase agreement, based on Kashiv's balance sheet as of March 31, 2026. The adjustment also reflects the cash settlement of approximately \$0.3 million of Kashiv's stock-based compensation liability prior to closing. Pursuant to the purchase agreement, this liability is not assumed by Amneal and is therefore reflected as a reduction to cash and elimination of the corresponding liability.
- (d) Represents an increase of \$102.5 million to preliminary cash consideration for the Estimated Working Capital Adjustment, as defined in the purchase agreement. Pursuant to the purchase agreement, the Working Capital Adjustment is determined based on the net working capital as of closing, adjusted for the operating results of Kashiv for the period from announcement to the close of the Transaction (the "Operating Profit Adjustment Amount"). The Operating Profit Adjustment Amount equals the greater of (i) the actual operating profit for the period between announcement and closing of the Transaction and (ii) a loss capped at \$20.0 million per month multiplied by the number of months between announcement and closing of the Transaction. Management estimates the Operating Profit Adjustment Amount to be a loss of approximately \$94.6 million (an increase to the Working Capital Adjustment), assuming a closing date of September 30, 2026 for the Transaction. A one-month delay or acceleration in the estimated closing date would result in a corresponding increase or decrease of up to \$20.0 million in the total consideration paid to the sellers.
- (e) Represents an increase of \$4.7 million to preliminary cash consideration for the Estimated Prepayment Adjustment payable in connection with the Transaction pursuant to the purchase agreement, representing amounts associated with the prepayment premium and related costs incurred in connection with the payoff of Kashiv's outstanding term loan indebtedness at closing.
- (f) Represents a reduction of \$40.0 million to preliminary cash consideration for the Adjustment Escrow Amount, as defined in the purchase agreement, to be deposited at closing pursuant to the purchase agreement. The escrow is intended to secure post-closing purchase price adjustments and will be released or applied in accordance with the terms of the purchase agreement.
- (g) Represents a reduction of \$2.0 million to preliminary cash consideration for the Retention Bonus Escrow Amount, as defined in the purchase agreement, to be deposited at closing pursuant to the purchase agreement. As the underlying retention bonuses are subject to post-transaction service, the amount is expected to be recognized as compensation expense of Amneal over the requisite service period and has not been reflected as purchase consideration.
- ii) The actual Equity Consideration could significantly differ from the amounts presented due to fluctuations in the price of Amneal's Class A common stock through the closing date. To evaluate this variability, a sensitivity analysis was performed assessing the impact of a hypothetical 30% increase and decrease in the \$16.34 closing price of Amneal's Class A common stock on June 11, 2026. The analysis incorporates a 5% DLOM applied to the share price and illustrates the resulting effect on the preliminary estimated Equity Consideration as follows:

Stock Price	Price of Amneal's Class A common stock, adjusted for DLOM	Equity Consideration (in thousands)
Observed share price	\$15.52	\$449,268
Hypothetical 30% increase in share price	\$20.18	\$584,049
Hypothetical 30% decrease in share price	\$10.87	\$314,488

- iii) Per the terms of the purchase agreement, Amneal will make contingent payments to the sellers, as described below (the preliminary estimated fair value of contingent consideration).

Milestone Payments: Pursuant to the purchase agreement, the sellers are eligible to receive up to \$350.0 million in potential milestone payments upon the achievement of certain regulatory milestones in the United States for up to six designated Kashiv product candidates (consisting of up to \$250.0 million for the first tranche of designated products and up to \$100.0 million for the second tranche of designated products). The preliminary estimated fair value of the milestone payments of approximately \$117.2 million was determined using a discounted cash flow method under the income approach that considered, among other factors, the estimated probability and timing of achieving the applicable milestones and applied a discount rate of 12%.

Royalty Payments: Pursuant to the purchase agreement, the sellers are also eligible to receive, during the 12-year period following the closing, potential royalty payments equal to 25% of the amount by which annual aggregate gross profits for certain products exceed specified gross profit hurdle amounts for the corresponding annual royalty period. The preliminary estimated fair value of the royalty payments of approximately \$203.1 million was determined using a relief-from-royalty method under the income approach based on management's estimates of projected product revenues and gross profits and an applied discount rate of 12%.

The discount rate reflects the time value of money and risks specific to the liability that are not otherwise captured in the probability-weighted cash flows.
- iv) Upon closing of the Transaction, Amneal will pay off certain outstanding debt arrangements entered into by Kashiv and a syndicate of lenders (the "Term Loan Credit Agreement") with an outstanding principal amount of \$157.4 million as well as an estimated prepayment penalty of \$5.0 million. As Amneal extinguishes the assumed debt as an integrated part of the Transaction and the debt will be paid off as of, or in close proximity to, the closing date, the amount paid is considered to be part of the consideration transferred.
- v) Represents \$40.0 million deposited by Amneal at closing into a designated escrow account pursuant to the escrow arrangement, which is part of the purchase agreement. The escrow amount is funded from amounts otherwise payable to the sellers as part of the Estimated Closing Payment per the purchase agreement and is held to secure post-closing purchase price adjustments and certain indemnification obligations. As the escrowed funds are attributable to consideration payable to the sellers and any remaining amounts are ultimately distributable to the sellers following resolution of the applicable escrow matters, the Adjustment Escrow Amount is included in estimated preliminary aggregate Transaction consideration as part of consideration transferred.
- vi) Represents certain transaction-related fees and expenses of the sellers that Amneal is obligated to pay at closing pursuant to the purchase agreement. As these amounts represent obligations of the sellers that are settled by Amneal as part of the Transaction, they are included in estimated aggregate transaction consideration as part of consideration transferred.
- vii) Represents the net outstanding payable amounts due to Kashiv that will be effectively settled upon the closing of the Transaction. Refer to *Note 5 – Pro Forma Adjustments to the Balance Sheet – Transaction Accounting*.

TABLE OF CONTENTS

Preliminary Aggregate Transaction Consideration Allocation

The assumed accounting for the Transaction, including the preliminary aggregate Transaction consideration, is based on provisional amounts, and the associated purchase accounting is not final. The preliminary allocation of the purchase price to the acquired assets and assumed liabilities was based upon the preliminary estimates of fair values. For the preliminary estimates of the fair values of assets acquired and liabilities assumed of Kashiv, Amneal used publicly available benchmarking information as well as a variety of other assumptions, including market participant assumptions. Amneal is expected to use widely accepted income-based, market-based, and cost-based valuation approaches upon finalization of purchase accounting for the Transaction. Actual results may differ materially from the assumptions within the accompanying unaudited pro forma condensed combined financial information. The unaudited pro forma adjustments are based upon available information and certain assumptions that Amneal believes are reasonable under the circumstances. The purchase price adjustments relating to the Kashiv and Amneal combined financial information are preliminary and subject to change, as additional information becomes available and as additional analyses are performed.

The following table summarizes the preliminary aggregate purchase price allocation, as if the Transaction had been completed on March 31, 2026 (in thousands):

Note 5 – Pro Forma Adjustments to the Balance Sheet – Transaction Accounting

Adjustments included in the transaction accounting adjustments column in the accompanying unaudited pro forma condensed combined balance sheet as of March 31, 2026 are as follows:

- (a) Represents the adjustment to eliminate transactions between Amneal and Kashiv, which relate to settlement of \$13.5 million of related party receivables and \$14.2 million of related party payables. The difference of \$0.7 million represents a gain on the settlement of a pre-existing related party relationship (refer to *Note 5(k)* below).
- (b) Represents the adjustment to record the net cash outflow of \$496.3 million from Amneal, which includes the consideration paid to the sellers at closing and the repayment of the outstanding balance of Kashiv's Term Loan Credit Agreement (refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation*). The adjustment also includes the payment of estimated transaction costs to be incurred by

TABLE OF CONTENTS

Amneal, which consist of legal, financial advisory, accounting, and consulting costs subsequent to March 31, 2026. Furthermore, the adjustment includes the settlement of the seller's profit participation units, expected to occur immediately prior to the close of the Transaction. See the table below for further detail of estimated cash flows (in thousands):

Cash consideration paid to sellers	\$(277,516)
Cash deposited into escrow	(40,000)
Transaction costs to be incurred by Amneal	(16,115)
Payment of outstanding Kashiv Term Loan Credit Agreement	(162,398)
Settlement of sellers' profit participation unit compensation liability	(298)
Net pro forma transaction accounting adjustment to cash	<u>\$(496,327)</u>

- (c) Represents the step-up of acquired inventories from historical carrying value to its preliminary estimated fair value, which is subject to change and was determined based on estimated selling prices less remaining manufacturing and selling costs and a normal profit margin. The step-up is recognized in cost of goods sold as inventory is sold and, for pro forma purposes, is assumed to be realized within one year of the closing. The related pro forma inventory adjustment is summarized below (in thousands):

Preliminary fair value of acquired inventories	\$14,751
Less: Acquired inventories at historical carrying value	11,241
Net pro forma transaction accounting adjustment to inventories	<u>\$ 3,510</u>

- (d) Represents the step-up of acquired property, plant and equipment from historical carrying value to its preliminary estimated fair value. Depreciation expense related to the step-up was calculated assuming the assets will be depreciated on a straight-line basis over a weighted average useful life of approximately 5 years. The calculation of the pro forma property, plant and equipment adjustment is as follows (in thousands):

Preliminary fair value of acquired property, plant and equipment	\$105,749
Less: Acquired property, plant and equipment at historical carrying value	97,191
Net pro forma transaction accounting adjustment to property, plant and equipment	<u>\$ 8,558</u>

These preliminary estimates of fair value and estimated useful lives are subject to change upon completion of a detailed valuation analysis. A 10% change in the fair value of property, plant and equipment would result in a corresponding increase or decrease in goodwill of approximately \$10.6 million and a change in annual depreciation expense of approximately \$2.1 million, based on a weighted-average useful life of approximately 5 years.

- (e) Represents the recognition of the preliminary estimated fair value of identifiable intangible assets acquired in the Transaction of approximately \$837.8 million. As part of the preliminary valuation analysis, Amneal identified intangible assets, including in-process research and development ("IPR&D") and marketed product rights. The fair value of identifiable intangible assets was determined primarily by using an income approach, which requires a forecast of all expected future cash flows. Since all information required to perform a detailed valuation analysis of Kashiv's intangible assets could not be obtained as of the date of this filing, Amneal used certain assumptions based on publicly available benchmarking information and market participant assumptions for the preliminary valuation. The following table summarizes the estimated fair values of Kashiv's identifiable intangible assets and their estimated useful lives (in thousands):

	<u>Fair value</u>	<u>Estimated useful life</u>
IPR&D	\$785,281	Indefinite*
Marketed product rights	52,475	9-10 years
Intangible assets acquired	<u>\$837,756</u>	

* IPR&D assets are considered indefinite-lived until completion or abandonment of the related projects and are not amortized during the development period. Upon commercialization, Amneal will determine a definite life and begin amortization.

TABLE OF CONTENTS

These preliminary estimates of fair value and estimated useful lives will likely differ from final amounts that Amneal will calculate after completing a detailed valuation analysis, and the difference could have a material effect on the accompanying unaudited pro forma condensed combined financial statements. A 10% change in the valuation of definite-lived intangible assets, which consist of two currently marketed product assets, would cause a corresponding increase or decrease in the balance of goodwill of approximately \$5.2 million and an immaterial impact to annual amortization expense, assuming a weighted-average useful life of approximately 9 to 10 years. A 10% change in the valuation of indefinite-lived intangibles, which consist of IPR&D assets, would result in a corresponding increase or decrease to goodwill of approximately \$78.5 million.

- (f) Represents the preliminary purchase accounting adjustment for favorable terms of the leases when compared with market terms for an amount of \$2.1 million.
- (g) Represents the preliminary adjustment to record goodwill of \$282.2 million based on the preliminary purchase price allocation (refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation*). Goodwill is measured as the excess of the preliminary fair value of the consideration transferred over the preliminary fair value of identifiable assets acquired, less liabilities assumed. Goodwill primarily reflects the value of the assembled workforce, strategic positioning in the biosimilars market that Amneal will capture with the acquired platform, expected synergies and future revenue growth opportunities not attributable to currently identifiable assets.
- (h) Represents the repayment and extinguishment of the outstanding balance of \$157.4 million under the Term Loan Credit Agreement and the write-off of the associated unamortized debt issuance costs of \$10.3 million. Refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation* for further details.
- (i) Represents the preliminary estimated fair value of contingent consideration of \$320.3 million, payable to the sellers in connection with the Transaction, consisting of contingent milestone and royalty payments. Refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation* for further details.

Subsequent to the closing, the contingent consideration liability will be remeasured at fair value at the end of each reporting period, with changes in fair value recognized in Amneal’s consolidated statements of operations. The final fair value of the contingent consideration may differ materially from the preliminary estimates presented herein.

- (j) Represents the removal of the seller’s profit participation unit compensation liability, as the purchase agreement states that any stock-based compensation liability will not be assumed by, or otherwise be the responsibility of, Amneal.
- (k) Represents the adjustments to stockholders’ (deficiency) equity (in thousands):

	Class A common stock	Additional paid-in capital	Stockholders’ accumulated deficit
Elimination of Kashiv’s historical members’ deficit	\$ —	\$ —	\$ 31,194
Shares of Amneal class A common stock issued to the sellers ⁽ⁱ⁾	289	448,979	—
Estimated transaction costs ⁽ⁱⁱ⁾	—	—	(15,547)

Net pro forma transaction accounting adjustments to stockholders’ (deficiency) equity	<u>\$ 289</u>	<u>\$448,979</u>	<u>\$ 16,393</u>

i) Refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation* for additional information.

ii) Estimated transaction costs include legal, financial advisory, accounting, and consulting fees. These costs are non-recurring in nature and not anticipated to affect the condensed combined statement of operations beyond twelve months after the date of the Transaction.

Note 6 – Pro Forma Adjustments to the Statement of Operations – Transaction Accounting

Adjustments included in the transaction accounting adjustments column in the accompanying unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2026 and year ended December 31, 2025 are as follows:

- (a) Represents the elimination of intercompany transactions between Amneal and Kashiv, consisting of (i) Kashiv's sales and royalty income from Amneal, (ii) associated cost of goods sold recorded by Amneal, and (iii) research and development expense recorded by Amneal as follows (in thousands):

	Three Months Ended March 31, 2026	Year Ended December 31, 2025
Kashiv net revenue recognized from sales and royalties to Amneal	\$15,974	\$64,566
Cost of goods sold recorded by Amneal	\$ 6,123	\$26,202
Research and development expense recorded by Amneal	\$ 472	\$22,334

- (b) Represents the adjustments to cost of goods sold, including the preliminary estimated fair value step up of inventories recognized through cost of goods sold, the incremental amortization and the incremental depreciation expense from the fair value adjustments to intangible assets and property, plant and equipment, respectively, as follows (in thousands):

	Three Months Ended March 31, 2026	Year Ended December 31, 2025
Amortization intangible assets	\$1,435	\$5,739
Inventory step-up ⁽ⁱ⁾	—	3,510
Property, plant and equipment depreciation step-up	20	82
Net pro forma transaction accounting adjustment to cost of goods sold	<u>\$1,455</u>	<u>\$9,331</u>

i) This cost is non-recurring in nature and not anticipated to affect the condensed combined statement of operations beyond twelve months after the date of the Transaction.

- (c) Represents the adjustments to research and development expenses, including the incremental depreciation expense from the fair value adjustment to property, plant and equipment as follows (in thousands):

	Three Months Ended March 31, 2026	Year Ended December 31, 2025
Property, plant and equipment depreciation step-up	\$425	\$1,700
Net pro forma transaction accounting adjustment to research and development	<u>\$425</u>	<u>\$1,700</u>

- (d) For the year ended December 31, 2025, the adjustment represents the incremental estimated transaction costs expected to be incurred by Amneal subsequent to March 31, 2026, amounting to approximately \$15.5 million. In the historical three months ended March 31, 2026 and year ended December 31, 2025, Amneal incurred approximately \$5.2 million (included within acquisition costs) and \$5.3 million (prior to the purchase agreement, included within selling, general and administrative expenses), respectively, of transaction costs, which have been accrued within the historical financial statements. The total estimated transaction costs to be incurred and expected to be incurred by Amneal amount to approximately \$26.0 million and are non-recurring in nature and not anticipated to affect the condensed combined statement of operations beyond twelve months after the date of the Transaction.
- (e) Represents the elimination of the historical interest expense related to the term loan credit facility that is paid off as part of the Transaction, refer to *Note 4 – Purchase Price and Preliminary Purchase Price Allocation* for further details.
- (f) Reflects the income tax impact of the transaction accounting adjustments and the historical results of Kashiv, utilizing a statutory income tax rate in effect of 22.0% for the three months ended March 31, 2026 and the year ended December 31, 2025. The effective tax rate of the combined company could be

TABLE OF CONTENTS

significantly different (either higher or lower) depending on post-Transaction activities, including cash needs, the geographical mix of income and changes in tax law. This determination is preliminary and subject to change based upon the final determination of the fair value of the acquired assets and assumed liabilities. The tax adjustments do not include expected tax benefits from basis acquired.

No adjustments were made for favorable lease terms because the impacts to the unaudited pro forma combined condensed statements of operations for the three months ended March 31, 2026 and the year ended December 31, 2025 are immaterial.

Note 7 – Pro Forma Adjustments to the Balance Sheet and Statement of Operations – Financing Adjustments

Adjustment to the Unaudited Pro Forma Condensed Combined Balance Sheet:

- (a) Assumes the issuance of \$350.0 million in incremental debt under the Term Loan Due 2032 with substantially the same terms. Debt issuance costs of \$3.8 million are expensed as incurred and are reflected as a reduction to stockholders' accumulated deficit in the unaudited pro forma condensed combined balance sheet, resulting in net cash proceeds of \$346.2 million. Based on the existing terms requiring 1.0% per annum principal payments (payable quarterly), this borrowing results in an increase of \$3.5 million to the current portion of long-term debt and \$346.5 million to long-term debt.

Adjustment to the Unaudited Pro Forma Condensed Combined Statements of Operations:

- (b) Reflects expenses related to the incremental borrowings under the Term Loan Due 2032 incurred in connection with the Transaction, including the following:
 - i) Approximately \$3.8 million of debt issuance costs, which for pro forma purposes are reflected as an expense in the year ended December 31, 2025. These costs are non-recurring in nature and are not expected to recur beyond twelve months after the date of the Transaction.
 - ii) Interest expense related to the incremental borrowings of \$350.0 million under the Term Loan Due 2032, at an assumed annual interest rate of 6.59%, based on a SOFR of 3.59% as of June 11, 2026, plus the applicable margin of 3%. The resulting incremental interest expense is approximately \$5.7 million for the three months ended March 31, 2026 and \$23.0 million for the year ended December 31, 2025. A 0.125% change in the assumed interest rate would result in an increase or decrease in pro forma interest expense of approximately \$0.1 million for the three months ended March 31, 2026 and \$0.4 million for the year ended December 31, 2025.
- (c) Reflects the income tax impact of the financing adjustments using an estimated statutory income tax rate of 22.0% for the three months ended March 31, 2026 and the year ended December 31, 2025. The effective tax rate of the combined company could be significantly different (either higher or lower) depending on post-Transaction activities, including cash needs, the geographical mix of income and changes in tax law. This determination is preliminary and subject to change based upon the final determination of the fair value of the acquired assets and assumed liabilities.

Note 8 – Pro Forma Adjustments to Earnings per Share

- (a) The pro forma basic and diluted weighted-average shares outstanding reflect the historical weighted-average shares of Amneal Class A common stock, adjusted to give effect to shares issued in connection with the Transaction, as if the Transaction had occurred on January 1, 2025. The pro forma basic and diluted weighted-average shares outstanding are presented below (in thousands):

	<u>Three Months Ended March 31, 2026</u>	<u>Year Ended December 31, 2025</u>
Historical Amneal weighted-average shares outstanding	316,023	313,367
Issuance of shares for the Transaction	28,942	28,942
Pro forma weighted-average shares - basic	344,965	342,309
Stock options	742	—
Restricted stock units	5,220	—
Performance stock units	6,948	—
Pro forma weighted-average shares - diluted	<u>357,875</u>	<u>342,309</u>

For the year ended December 31, 2025, potentially dilutive securities were excluded from the computation of pro forma diluted loss per share because their inclusion would have been anti-dilutive due to a pro forma net loss attributable to Amneal for the year.

Amneal held its 2026 annual meeting of stockholders on May 6, 2026. The date for Amneal's 2027 annual meeting of stockholders has not yet been set. Under Exchange Act Rule 14a-8 ("Rule 14a-8"), any stockholder proposal to be considered by Amneal for inclusion in its 2027 proxy statement and form of proxy card for next year's annual meeting of stockholders, expected to be held in May 2027, must be received by Amneal's corporate secretary at Amneal's principal executive offices located at 400 Crossing Boulevard, Bridgewater, New Jersey 08807, not later than November 25, 2026 and must otherwise comply with Rule 14a-8. While the Amneal Board will consider stockholder proposals that Amneal receives, Amneal reserves the right to omit from its proxy statement stockholder proposals that do not satisfy applicable SEC rules.

In addition, Amneal's bylaws establish advance notice and other procedures with regard to stockholder nominations for director or any other stockholder proposals to be brought before an annual meeting of stockholders that will not be included in Amneal's proxy statement. In general, notice must be received by Amneal's corporate secretary not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders and must contain specified information concerning the matters to be brought before the meeting and concerning the stockholder making the proposal. If no annual meeting was held in the previous year or if the annual meeting is called for a date that is more than 30 calendar days earlier or more than 60 calendar days later than such anniversary date, notice must be received not later than close of business on the 90th day prior, nor earlier than close of business on the 120th day prior, to the date of such annual meeting or, if the first public disclosure of the date of such annual meeting is less than 100 calendar days prior to the date of such annual meeting, the 10th calendar day following the day on which public disclosure of the date of such annual meeting is first made by the Company. Therefore, to be presented at next year's annual meeting, director nominations and stockholder proposals that will not be included in Amneal's proxy statement must be received by Amneal's corporate secretary at 400 Crossing Boulevard, Bridgewater, NJ 08807 on or after close of business on January 6, 2027 but not later than close of business on February 5, 2027 and must contain the information specified in Amneal's bylaws. A nomination or proposal also must comply with the additional procedures set forth in Amneal's bylaws.

In addition to satisfying the foregoing requirements under Amneal's bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees at Amneal's 2027 annual meeting of stockholders must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than March 8, 2027.

MULTIPLE STOCKHOLDERS SHARING ONE ADDRESS

The SEC's proxy rules permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement to those stockholders. Amneal has adopted "householding" and delivered a single copy of the proxy materials to multiple stockholders who share the same address, unless one or more of such stockholders provide contrary instructions. This procedure reduces printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. If your household received a single Notice of Annual Meeting of Stockholders or, if applicable, a single set of proxy materials this year, but you would prefer to receive your own copy, please contact Broadridge Householding Department, by calling their toll free number, **1-866-540-7095** or by writing to: **Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717**. You will be removed from the householding program within 30 days of receipt of your instructions at which time you will then be sent separate copies of the documents. Any such stockholder may also contact Broadridge Householding Department using the above contact information if he or she would like to receive separate proxy statements and annual reports in the future. If you are receiving multiple copies of our annual reports and proxy statements, you may request householding in the future by contacting Broadridge Householding Department. A number of brokerage firms with account holders who are Amneal stockholders household proxy materials, delivering a single set of proxy materials to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Managers
Kashiv BioSciences, LLC

Opinion

We have audited the consolidated financial statements of Kashiv BioSciences, LLC (a Delaware limited liability company) and subsidiaries (the “Company”), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related consolidated statements of operations and comprehensive loss, changes in members’ deficit, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Substantial doubt about the company’s ability to continue as a going concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company’s cash used in operations was approximately \$106.3 million during the year ended December 31, 2025, and as of that date, the Company had an accumulated deficit of \$27.7 million and has stated that substantial doubt exists about the Company’s ability to continue as a going concern. Management’s evaluation of the events and conditions and management’s plans regarding these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Emphasis of matter

As discussed in Note 3, the 2024 consolidated financial statements have been restated to correct misstatements. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for one year after the date the consolidated financial statements are issued.

Auditor’s responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - NATURE OF OPERATIONS

Organization and Business

Kashiv BioSciences, LLC, (the “Company” or “Kashiv” or “KB”) is a biopharmaceutical research, development, and manufacturing company. The Company is advancing a robust pipeline of biosimilars, complex peptides and enzyme-based programs via agreements with third parties in order to improve access to biologics and complex medicines for patients, physicians, and payers. The Company was formed in August 2010 as a Delaware limited liability company (“LLC”) and is governed by an LLC agreement (the “Operating Agreement”).

Reorganization

In March 2025, the Company completed a corporate reorganization (the “Reorganization”) to simplify its ownership structure. In connection with the Reorganization, Kashiv BioSciences Holdco, LLC (“Holdco”) and Kashiv Intermediate Holdco, LLC (“Intermediate”) were formed. As part of the Reorganization, the members of the Company contributed all of their ownership interests, including Profit Participation Units (“PPUs”), in Kashiv to Holdco in exchange for economically equivalent ownership interests in Holdco. Immediately following this transaction, Holdco held 100% of the equity interests in the Company, with the members maintaining their respective proportional ownership interests on an indirect basis through Holdco.

Subsequently, Holdco contributed its ownership interests in Kashiv to Intermediate in exchange for units in Intermediate, resulting in Kashiv becoming a wholly owned subsidiary of Intermediate. In connection with this restructuring, the Company’s historical equity structure, which included multiple classes of units (including PPUs), was simplified into a single class of Common Units, as that term is defined in the Tenth Amended and Restated LLC Agreement. This conversion did not change the economic rights, vesting conditions, or ownership interests of the holders.

In addition, an existing credit funding loan of the Company was assigned to Holdco, and the related security interest in the Company’s assets was terminated.

The Reorganization was accounted for as an equity reorganization among entities under common control. Because the Reorganization did not result in a substantive change in ownership or control at the ultimate parent level, the Company’s assets and liabilities continue to be reflected at their historical carrying amounts. The Reorganization did not involve the exchange of cash or other consideration and was reflected as a capital transaction within the consolidated statement of changes member’s deficit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”) and contain all adjustments necessary for a fair presentation of the consolidated financial statements. These financial statements reflect the accounts of the Company, which is a wholly owned subsidiary of Intermediate, and are presented on a standalone basis. Accordingly, the accounts of Intermediate and other parent entities are not included. All material intercompany accounts and transactions have been eliminated in consolidation. From time to time, the Company receives capital contributions from Intermediate to fund operations or for general corporate purposes.

The common control transaction to acquire Kashiv Biosciences Private Limited (“Kashiv India”, “Kashiv Biosciences Pvt Ltd”) on January 1, 2024, as described in Note 3, was deemed to have met the definition of a business as per Accounting Standard Codification (“ASC”) 805, *Business Combinations* (“ASC 805”).

As such, a change in the reporting entity occurred, as defined in ASC 250, *Accounting changes and error corrections* (“ASC 250”). Comparative financial information shall only be adjusted for periods during which the entities were under common control. Since common control between the Company and Kashiv India existed as of January 1, 2023, the comparative information needs to be combined. Accordingly, for periods in which the

Kashiv BioSciences, LLC and Subsidiaries

combining entities were under common control, the change in reporting entity was recognized retrospectively for all periods during which the entities were under common control. The assets and liabilities of the business are carried forward at the carrying amounts with no adjustments for fair value, intercompany balances and transactions are eliminated from the consolidated financial statements, and any difference between the consideration paid or transferred and the net assets acquired is reflected as an equity transaction.

The common control transaction to acquire Amneal Biosciences Private Limited (“Pipan”, “Amneal Biosciences Pvt. Ltd”) on April 30, 2024, as described in Note 3, was deemed to have met the definition of an asset acquisition, and did not meet the definition of a business, as per ASC 805. As such, the transfer of net assets that are not a business do not constitute a change in the reporting entity, as defined in ASC 250, and are accounted for prospectively in the period in which the transfer occurs, and is recorded at carrying value.

Liquidity

The process of drug development can be costly, and the timing and outcomes of clinical trials is uncertain. The assumptions upon which the Company has based its estimates are routinely evaluated and may be subject to change. The actual amount of the Company’s expenditures will vary depending upon several factors, including, but not limited to, the design, timing and duration of future clinical trials, the progress of the Company’s research and development programs and the level of financial resources available. The Company has the ability to adjust its operating plan spending levels based on the timing of future clinical trials, which will be predicated upon adequate funding to complete the trials.

The Company has limited capital resources and has incurred recurring operating losses and negative cash flows from operations since inception. The Company used cash from operations of \$106.3 million in 2025 and had an accumulated deficit of \$27.7 million as of December 31, 2025. The Company has financed its business operations to date from capital and debt from related party investors and third party lenders. The Company raised debt in 2025 in both the US and India in order to fund future operations and continue its clinical development programs.

The financing obtained, along with continued support from the related party investors and projected license and milestone revenues, is expected to fund the operations of the Company through year end 2026. Product approvals and additional revenue streams are expected to result in significant growth from additional revenue sources and collaboration contracts in 2026. However, there is no guarantee that the planned growth opportunities will be successfully executed or have the expected benefits. As there can be no assurance that the Company will be able to effectively implement its plans within one year after the issuance date, based on the factors above, management concluded that there is substantial doubt about the Company’s ability to continue as a going concern through such one-year period.

The accompanying consolidated financial statements have been prepared as though the Company will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the identification of performance obligations, including the assessment of material rights, the determination of variable consideration and allocation of transaction price in revenue arrangements, the recoverability and useful lives of long-lived assets, the determination of reserves for excess and obsolete inventory, estimates of expected credit losses on receivables, assumptions used in the fair value of equity-based instruments, including warrants and Profit Participation Units, the determination of the incremental borrowing rate for leases, and the evaluation of contingencies and litigation. Actual results could differ from those estimates.

Risks and Uncertainties

The Company is subject to risks common in the pharmaceutical industry. Development of new pharmaceutical products is a difficult and lengthy process that requires significant financial resources along with technical and regulatory expertise. Uncertainties include, but are not limited to, the ability to develop and commercialize product, the ability to gain regulatory approvals, dependency on key customers and suppliers including for certain active pharmaceutical ingredients, potential product liability risks that are inherent in the development, clinical testing and manufacturing of human therapeutic products and the ability to create and protect intellectual property rights.

Revenue Recognition

The Company recognizes revenue in accordance with the authoritative guidance of ASC 606, *Revenue from Contracts with Customers*. Under ASC 606, the Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which it expects to be entitled to in exchange for those goods or services.

The Company's principal sources of revenue are pharmaceutical manufacturing, research, and development and product licensing services that focus on developing innovative technologies, improved medicines, and life-cycle management products. To determine revenue recognition for contracts with customers, the Company performs the following five steps in accordance with ASC 606: (i) identify the contract with a customer; (ii) identify the performance obligations in the contract, (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the entity satisfies the performance obligation. The Company's contracts are service contracts that generally have a duration of a few months to several years with revenue being recognized over time as services are provided to the customer in satisfaction of its performance obligations.

The majority of the Company's contracts can be terminated by the customer either immediately or after a specified notice period. Upon early termination, the contracts generally require the customer to pay the Company for: (i) consideration earned through the termination date, which is consistent with the level of cost and effort expended through the termination date; (ii) consideration for services to complete the work still required to be performed and reimbursement for other related expenses, as applicable; and (iii) reimbursement for certain non-cancelable expenditures.

The Company sells its services to clients under sales contracts which generally consist of master supply agreements, product development and manufacturing supply agreements and statements of works which are governed by the terms and conditions of the master agreement. The Company recognizes commercial revenue from the sale of product at the time of title transfer to its customers. Substantially all of the Company's research and service revenues are recognized over time as the Company performs the service and satisfies the performance obligation using output methods. Certain contracts may result in revenue being recognized at a point in time. For these contracts, revenue is recognized when the customer obtains control of the promised goods or services. The Company records revenues net of estimated variable consideration, as applicable, in its transaction price as follows:

Royalty Revenue

Revenue from royalties is recognized in accordance with ASC 606-10-55-65 at the later of (i) when the subsequent sale or usage occurs or (ii) when the related performance obligation has been satisfied. The Company concluded that the license is the predominant performance obligation to which the royalties relate; therefore, revenue is recognized when the underlying sales occur. For the years ended December 31, 2025 and 2024, revenues from royalties of a related party were \$14.2 million and \$16.0 million, respectively.

Contract Research Revenue

Revenue from contract research services is recognized after contract signing and as performance obligations are satisfied. Contract research contracts generally range in duration from a few weeks to a few years and typically take the form of an agreed-upon fixed fee arrangement. Such contracts typically do not contain acceptance provisions

based upon the achievement of certain study or laboratory testing results. Contracts contain either one or multiple performance obligations. Revenue from contract research services, all of which were with related parties, were \$1.9 million and \$1.6 million for the years ended December 31, 2025 and 2024, respectively.

Commercial Revenue

Revenue from commercial manufacturing services is recognized when the customer obtains control of the product based on the contractual shipping terms of the contract, at which time the performance obligation is deemed to be completed. Revenue is measured as the amount of consideration the Company expects to receive in exchange for transferring products to a customer. Revenue from commercial manufacturing services were \$13.1 million (of which \$12.0 million is with related parties) and \$9.9 million (the entire amount being with related parties) for the years ended December 31, 2025 and 2024, respectively.

Milestone Revenue

Revenue from license and milestone arrangements may include variable consideration. Milestone payments are contingent upon the achievement of specified events and are included in the transaction price only to the extent that it is probable that a significant reversal of cumulative revenue recognized will not occur. The Company evaluates these milestones at contract inception and at each reporting period and recognizes revenue when the uncertainty is resolved or when it becomes probable that a significant reversal will not occur, and the related performance obligation has been satisfied. Revenues from milestones were \$50.8 million (of which \$38.4 million is with related parties) and \$10.2 million (of which \$10.0 million is with related parties) for the years ended December 31, 2025 and 2024, respectively. Deferred revenues from milestones which are included within long-term liabilities were \$0.5 million (none of which is with related parties) and \$16.6 million (of which \$13.5 million is with related parties) as of December 31, 2025 and 2024, respectively (see Note 5).

License and Collaboration Agreements

The Company evaluates its collaborative arrangements pursuant to ASC 808, *Collaborative Arrangements*, and ASC 606. The Company considers the nature and contractual terms of collaborative arrangements and assesses whether the arrangement involves a joint operating activity pursuant to which the Company is an active participant and is exposed to significant risks and rewards with respect to the arrangement. If the Company is an active participant and is exposed to significant risks and rewards with respect to the arrangement, the Company accounts for the arrangement as a collaboration under ASC 808. If it is not exposed to significant risks and rewards and the contract is with a customer, the Company accounts for the collaboration under ASC 606. Payments pursuant to collaborative arrangements may include non-refundable upfront payments, development milestone payments upon the achievement of significant development and regulatory events, commercial sales milestones, and royalties on product sales. The amount of variable consideration is constrained until it is probable that the revenue is not at a significant risk of reversal in a future period. In determining the appropriate amount of revenue to be recognized as the Company fulfills its obligations under a collaboration arrangement, the Company applies the five-step model of ASC 606: (i) identify the contract with a customer; (ii) identify the performance obligations in the contract, including whether they are capable of being distinct; (iii) determine the transaction price, including the constraint on variable consideration; (iv) allocate the transaction price to the performance obligations; and (v) recognize revenue when (or as) the entity satisfies a performance obligation. The Company applies significant judgment when evaluating whether contractual obligations represent distinct performance obligations, allocating transaction price to performance obligations within a contract, determining when performance obligations have been met, and assessing the recognition of variable consideration. When consideration is received prior to the Company completing its performance obligation under the terms of a contract, a contract liability is recorded as deferred revenue. Deferred revenue expected to be recognized as revenue within the twelve months following the balance sheet date is classified as a current liability within Accrued liabilities.

Kashiv BioSciences, LLC and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Contract Liabilities

Deferred revenue is recorded when cash is received in advance of performance of the obligation. Deferred revenue represents the future performance obligations to transfer control of products or services for which we have already received consideration. Deferred revenue will be subsequently recognized as revenue upon the satisfaction of the underlying performance obligations under the contract.

Revenue recognized from amounts included in deferred revenue at the beginning of the year was approximately \$16.3 million and \$3.1 million, respectively, for the years ended December 31, 2025 and 2024. Total deferred revenue was approximately \$0.5 million, \$16.6 million and \$6.1 million as of December 31, 2025, 2024, and 2023, respectively.

Research and Development Costs

Research and development costs are expensed to operations as incurred. Research and development costs include salaries, certain building and facility expenses, clinical and contract research organization, materials, and laboratory costs.

The Company determines expenses related to clinical studies based on estimates of the services received and efforts expended pursuant to contracts with multiple contract research organizations that conduct and manage clinical studies on its behalf. The financial terms of these agreements are subject to negotiation, vary from contract to contract and may result in uneven payment flows. Payments under some of these contracts depend on factors such as the successful enrollment of patients and the completion of clinical trial milestones. In accruing service fees, the Company estimates the time period over which services will be performed and the level of effort to be expended in each period. If the actual timing of the performance of services or the level of effort varies from the estimate, the accrual is adjusted accordingly. The expenses for some trials may be recognized on a straight-line basis if the expected costs are expected to be incurred ratably during the period. Payments for these activities are based on the terms of the individual arrangements, which may differ from the pattern of costs incurred, and are reflected in the consolidated financial statements as prepaid or accrued expenses.

Cash

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. The Company maintains its cash in bank checking and money market accounts, as well as foreign accounts, which, at times, may be in excess of insured limits. As of December 31, 2025 and 2024, the Company had cash balances that exceeded federally insured limits by approximately \$19.2 million and \$3.5 million, respectively.

Restricted Cash

As of December 31, 2025, the Company had \$4.0 million of restricted cash related to a letter of credit posted as security under a long-term lease agreement. Subject to the Company's continued compliance with the lease and the absence of an event of default, the face amount of the letter of credit is reduced by \$0.5 million on each annual anniversary after the first twelve months of rent payments, until the face amount is reduced to \$0.5 million. Until such reductions occur, the landlord retains the right to draw upon the full remaining balance of the letter of credit.

Accounts Receivable

The Company records accounts receivable at amounts due from customers, net of a provision for current expected credit losses. The Company evaluates the adequacy of the allowance for credit losses on a periodic basis. This evaluation includes historical loss experience, length of time receivables are past due, adverse situations that may affect a customer's ability to pay its obligations to the Company, prevailing market conditions and historical patterns of actual credits issued. The Company writes off accounts receivable against the provision for current expected credit losses when a balance is determined to be uncollectible. The Company recorded a provision for current expected credit losses of \$0.2 million and \$0 as of December 31, 2025 and 2024, respectively. As of December 31, 2025, the Company had one third-party customer whose accounts receivable balances accounted for more than 57% of total accounts receivable. As of December 31, 2024, the Company had one related party customer whose accounts receivable balance accounted for approximately 86% of total accounts receivable (see Note 6).

Inventory

Inventory is stated at the lower of cost (first-in, first-out method, “FIFO”) or net realizable value. The Company evaluates lower of cost or net realizable value separately for commercial and pre-launch inventory. In evaluating whether inventory is stated at the lower of cost or net realizable value, management considers such factors as the amount of inventory on hand, remaining shelf life and current and expected orders from the Company’s collaboration partners, distributors, and customers. As appropriate, the Company reflects provisions necessary to reduce the carrying value of its inventories to net realizable value.

Property and Equipment

Property and equipment are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the assets, generally five to 10 years. Leasehold improvements are recorded at cost and amortized over the shorter of useful life or term of the lease. Major renewals and improvements are capitalized, while maintenance and repairs are charged to operations as incurred.

Capitalization of Interest

The Company capitalizes interest on capital projects in accordance with ASC 835-20, *Capitalization of Interest*, which requires the capitalization of interest costs to get certain assets ready for their intended use. The Company capitalizes interest costs on borrowings during the construction period of major construction projects as part of the cost of the constructed assets. Interest is capitalized based on the interest rate applicable to specific borrowings or the weighted average of the rates applicable to other borrowings during the period. Capitalization of interest ceases when the project is substantially complete and ready for its intended use.

Lease Accounting

The Company accounts for leases under ASC 2016-02, *Leases* (Topic 842). The Company determines if an arrangement is a lease at contract inception. Operating lease assets represent a right to use an underlying asset for the lease term and operating lease liabilities represent an obligation to make lease payments arising from the lease. The Company recognizes operating lease assets and liabilities at the commencement date of the lease based upon the present value of lease payments over the lease term. When determining the lease term, the Company includes options to extend or terminate the lease when it is reasonably certain that the Company will exercise those options. The Company uses its incremental borrowing rate, as the rate implicit in the lease is not readily determinable; historically, this rate was based on an estimate of the rate the Company would incur to borrow on a collateralized basis over a similar term in a similar economic environment. For leases entered into subsequent to the adoption of ASC 842, the Company elected the private company practical expedient to use a risk-free discount rate, determined using U.S. Treasury rates with a maturity consistent with the lease term.

Deferred Financing Fees

Deferred financing costs are capitalized and amortized over the term of the related debt using the effective interest method and are presented as a direct reduction of the carrying amount of the associated debt on the balance sheet, with amortization included in interest expense.

Long-Lived Assets

The Company reviews the recoverability of long-lived assets, including the related useful lives, whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset might not be recoverable. If required, the Company compares the estimated undiscounted future net cash flows to the related asset’s carrying value to determine whether there has been an impairment. If an asset is considered impaired, the asset is written down to fair value, which is based either on discounted cash flows or appraised values in the period the impairment becomes known. The Company believes that long-lived assets are recoverable, and no impairment was deemed necessary at December 31, 2025 and 2024.

Income Taxes

The Company is an LLC and is treated as a partnership for income tax purposes. Income (loss) passes through and is allocated to the members of the Company in accordance with the Operating Agreement. The Company files income tax returns in U.S. federal jurisdiction and certain state jurisdictions. The wholly owned Indian subsidiaries are private limited formed within the India tax laws and pays taxes in accordance with local laws. Income taxes are accounted for using the asset and liability method whereby deferred tax assets and liabilities are determined based on temporary difference between the bases used for financial reporting and income tax reporting purposes. Deferred taxes were not material. The tax years subject to audit are 2018 through 2023. The Company had no material uncertain tax positions at December 31, 2025 and 2024.

Fair Value of Financial Instruments

Certain assets and liabilities of the Company are carried at fair value under U.S. GAAP. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Financial assets and liabilities carried at fair value are to be classified and disclosed in one of the following three levels of the fair value hierarchy, of which the first two are considered observable and the last is considered unobservable:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs (other than Level 1 quoted prices), such as quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity that are significant to determining the fair value of the assets or liabilities, including pricing models, discounted cash flow methodologies and similar techniques.

The carrying values reflected in the Company's balance sheets for cash, prepaid expenses and other current assets, accounts payable and accrued liabilities approximate fair value due to their short-term maturities.

Profit Interests Compensation

The Company established two profit participation plans under which profit interests are granted to certain employees in the form of units of Class E Member, LLC and Class F Member, LLC ("Class E Units" and "Class F Units," respectively). The Company accounts for these units in accordance with ASC Topic 718, *Compensation—Stock Compensation* ("Topic 718"). Following the March 2025 corporate reorganization (see Note 1), the profit interests awards were contributed to and are legally issued by Holdco; however, the award holders remain employees of the Company, and compensation expense continues to be recognized by the Company as the entity receiving the employee services, with a corresponding capital contribution from Holdco.

Compensation expense is recorded over the vesting period based on valuations and marked to market at each reporting date. For both employee and service provider units, the units vest over the respective vesting period. In most cases, if the Company terminates the relationship, the units may be forfeited. However, certain terminations do not result in forfeitures. Profit interests are recorded as liabilities until they vest and are held for six months becoming mature profit interests. At that time, they are then reclassified to additional members' capital. The Company recognizes the forfeitures as they occur, based on the fair value of the awards as of the claw back date. The Company records a reversal to the current liability account and credit to the income statement (see Note 15).

Recent Accounting Pronouncements

In July 2025, the Financial Accounting Standards Board issued Accounting Standards Update 2025-05, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*, which provides a practical expedient for entities to measure expected credit losses on current accounts

Kashiv BioSciences, LLC and Subsidiaries

receivable and current contract assets within the scope of ASC 606, *Revenue from Contracts with Customers*. The practical expedient assumes that current conditions as of the balance sheet date remain unchanged for the remaining life of the asset. The guidance is effective for interim and annual reporting periods beginning after December 15, 2025. Early adoption is permitted. The Company is currently evaluating the impact of this standard on the consolidated financial statements.

Reclassifications

The Company has made certain reclassifications, specifically related to the breakout of related party balances within the consolidated balance sheets, consolidated statements of operations and comprehensive loss, and statements of cash flows, to prior year information to conform to the current year presentation. These reclassifications had no impact on net loss, members' deficit or cash flows as previously reported.

NOTE 3 - RESTATEMENT OF PRIOR FINANCIAL STATEMENTS

In connection with the preparation of the Company's consolidated financial statements, management identified errors related to the accounting and presentation of certain transactions arising from the acquisitions of Pipan on April 30, 2024 and Kashiv India on January 1, 2024 as well as the accounting for a lease modification related to the Company's office and laboratory facilities.

The identified errors primarily related to (i) the presentation of consideration transferred, (ii) the classification of cash flows, and (iii) the presentation and allocation of amounts within members' equity in the consolidated statements of changes in members' deficit, the consolidated balance sheets, and the consolidated statements of operations and comprehensive loss and (iv) the recognition of a lease modification and related remeasurement of lease-related balances.

With respect to the Pipan acquisition, an error was identified in the presentation of total cash paid of approximately \$12.9 million, which was previously presented entirely as consideration transferred for equity interests acquired. Of this amount, approximately \$9.6 million was used to settle Pipan's outstanding debt and accrued interest that existed prior to the acquisition, while the remaining \$3.3 million represented consideration transferred for equity interests acquired. As a result of these presentation changes, the Company restated amounts within members' equity in the consolidated statements of changes in members' deficit, including the recognition of a \$3.1 million reduction to retained earnings, representing the excess of consideration paid over the historical carrying value of the net assets acquired. The Company also restated its consolidated statements of cash flows to reflect the appropriate classification of cash paid between settlement of pre-existing obligations and consideration transferred within financing activities.

With respect to the Kashiv India acquisition, errors were identified in the December 31, 2023 presentation of members' equity related to the retrospective application of the acquisition, including the allocation of amounts among members' interest, additional members' capital, and retained earnings, as well as related balance sheet presentation. The net assets acquired continued to be recorded at their historical carrying values in accordance with common control guidance; however, reclassification among equity components was required. As a result, the Company has restated its previously reported consolidated statement of changes in members' deficit to correct the presentation of the members' equity balances as of December 31, 2023. In addition, the Company has revised the classification of cash flows in the consolidated statements of cash flows for the year ended December 31, 2024 to reflect the appropriate presentation within financing activities.

During 2024, the Company entered into an amendment to its lease for manufacturing, research and laboratory facilities located in Piscataway, New Jersey to expand the leased premises and increase future lease payments; however, the related remeasurement of the right-of-use asset and lease liabilities was not reflected in the Company's 2024 financial statements.

The Company evaluated the errors and determined that the related impact was material to the consolidated financial statements for prior periods and that correction of the errors was significant to the presentation of the consolidated financial statements for the year ended December 31, 2024. A summary of the reclassifications and restatements to the previously reported financial statements presented herein for comparative purposes is included below.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Term Loan Credit Agreement

On April 2, 2025 (the “Closing Date”), the Company entered into a Term Loan Credit Agreement (the “Credit Agreement”) with a syndicate of lenders, pursuant to which the Company obtained term loan financing consisting of (i) an aggregate principal amount of up to \$110.0 million of closing date term loans (the “Closing Date Term Loans”), which were funded on the Closing Date, and (ii) an aggregate principal amount of up to \$40.0 million of delayed draw term loans (the “Delayed Draw Term Loans,” and together with the Closing Date Term Loans, the “Term Loans”), which may be drawn at the Company’s election, subject to the terms and conditions of the Credit Agreement. Once repaid or prepaid, amounts borrowed under the Term Loans may not be reborrowed. The Delayed Draw Term Loans were drawn on November 24, 2025.

The Term Loans mature on the fifth anniversary of the Closing Date, unless earlier repaid in accordance with the terms of the Credit Agreement. The obligations under the Credit Agreement are secured by substantially all of the assets of the Company and a pledge of 65% of the equity interests of its foreign subsidiaries.

Borrowings under the Credit Agreement bear interest, at the Company’s option, at a rate equal to (i) adjusted secured overnight financing rate (“SOFR”) plus an applicable margin or (ii) a base rate plus an applicable margin. For the first six quarters following the Closing Date, the Company may elect to pay up to 60% of the interest as payment-in-kind (“PIK”) interest, which is capitalized and added to the outstanding principal balance. During the year ended December 31, 2025, the Company elected to pay a portion of interest in PIK, resulting in approximately \$6.1 million of PIK interest being capitalized. Interest is payable in arrears, and scheduled principal amortization commenced during 2025.

The Credit Agreement permits voluntary prepayments of the Term Loans, subject to certain prepayment premiums and make-whole provisions. The Credit Agreement also includes mandatory prepayment provisions requiring the application of a portion of excess cash flow and certain asset disposition proceeds to repay outstanding Term Loans.

During 2025, the Company entered into an amendment to the Closing Payment Letter that eliminated certain upfront fees related to the Delayed Draw Term Loan commitments. The amendment did not result in the recognition of any gain or loss.

In connection with the issuance of the Closing Date Term Loans, the Company incurred \$9.0 million of upfront commitment fees and other transaction-related costs, which are presented as a reduction to the carrying amount of the related debt and amortized to interest expense over the term of the Term Loans using the effective interest method. The effective interest rate is approximately 13% over the life of the Term Loans. As of December 31, 2025, unamortized debt issuance costs of \$8.1 million related to the Closing Date Term Loans and the Delayed Draw Term Loans were presented as a direct reduction to long-term debt in the accompanying balance sheets.

The Credit Agreement contains customary affirmative and negative covenants, including restrictions on additional indebtedness, liens, asset dispositions, investments, dividends, and other restricted payments. As of December 31, 2025, the Company was in compliance with all covenants under the Credit Agreement.

Warrants Issued in Connection with Term Loans

In connection with the issuance of the Closing Date Term Loans and the Delayed Draw Term Loans, Holdco issued warrants to the Term Lenders to purchase an aggregate of 4,930,353 Class B Units, consisting of 3,632,008 Class B Units issued to the Closing Date Term Lenders and 1,298,345 Class B Units issued in connection with the Delayed Draw Term Loans. The warrants have an exercise price of \$0.01 per unit, a contractual term of seven years, and expire on April 2, 2032. The warrants are exercisable, in whole or in part, at the option of the holders.

Although the warrants were legally issued by Holdco, they were issued in connection with the Company’s debt financing, and accordingly the Company recorded the fair value of the warrants at issuance of \$2.1 million as a debt discount, which reduces the carrying amount of the related Term Loans and is amortized to interest expense over the contractual term of the Term Loans using the effective interest method.

Kashiv BioSciences, LLC and Subsidiaries**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED****December 31, 2025 and 2024*****Rupee Term Loan Facility***

On November 1, 2025, the Company entered into a Rupee Term Loan Facility Agreement (the “Common Rupee Loan”) through its subsidiary Pipan, with a commercial bank, providing for aggregate commitments of up to \$72.0 million to finance project capital expenditures, including building, equipment and construction activities. The Common Rupee Loan also includes \$44.4 million Letter of Credit sub-facility (the “LC Facility”), which is a sub-limit within the overall \$72.0 million commitment and does not represent additional borrowing capacity.

Under the LC Facility, letters of credit may be issued on behalf of the Company in favor of equipment and construction suppliers. Upon drawing under a letter of credit, the issuing bank pays the beneficiary, and the amount paid is automatically converted into a loan to the Company with an amount equal to the face value of the letter of credit drawn. The available commitments under the Common Rupee Loan are reduced by the amount of outstanding letters of credit and letters of credit - converted loans.

Borrowings under the Common Rupee Loan accrue interest at a variable rate based on the applicable benchmark rate, as defined in the Common Rupee Loan, plus an applicable margin linked to the Company’s credit rating. Interest is payable on each scheduled interest payment date. The Common Rupee Loan also provides for supplemental penalty interest in the event of covenant breaches or administrative non-compliance. The facility includes a 12 month principal moratorium following the Scheduled Commercial Operations Date, with amortization beginning in April 2028.

In addition to interest on outstanding borrowings, the Company is required to pay (i) a non-refundable, one-time upfront fee of 0.65% of the sanctioned amount plus applicable Goods and Services Tax (“GST”) as specified in the Sanction Letter, and (ii) a closing fee as prescribed by the lender. The Common Rupee Loan further requires the Company to pay a commitment fee of 0.50% per annum on any Drawdown Shortfall Amount, calculated quarterly based on average utilization during the quarter and collected semiannually in September and March.

In connection with the issuance of the Common Rupee Loan, the Company incurred debt issuance costs of \$1.6 million, which are presented as a reduction to the carrying amount of the related debt and amortized to interest expense over the term of the facility using the effective interest method. The effective interest rate is 12% over the life of the Common Rupee Loan.

The Common Rupee Loan is secured by substantially all of the assets of Pipan and is subject to customary affirmative and negative covenants, including restrictions on additional indebtedness, liens, asset dispositions, investments, and distributions. As of December 31, 2025, the Company was in compliance with all covenants under the Common Rupee Loan.

At December 31, 2025, the outstanding balance due under the Common Rupee Loan was \$7.3 million all of which is classified as non-current liabilities on the balance sheet. Accrued interest on the facility as of December 31, 2025, was zero, as all interest incurred for the year was paid on December 31, 2025.

The following table represents future principal maturities for debt:

The Company sponsors a defined contribution retirement plan. All of the Company's employees are eligible to be enrolled in the employer-sponsored contributory retirement savings plan, which include features under Section 401(k) of the Internal Revenue Code of 1986, as amended, and provides for company matching contributions. The Company's contributions to the plan are determined by its Board of Managers subject to certain minimum requirements as specified in the plan. During the years ended December 31, 2025 and 2024, the Company matched 50% of employee contributions up to a maximum of 6% of employee contributions, resulting in expense of approximately \$0.5 million and \$0.3 million, respectively.

NOTE 15 - CAPITAL STRUCTURE

As of December 31, 2025, the Company has a single class of Common Units as defined in the Tenth Amended and Restated Limited Liability Company Agreement. The Company had 1,000,000 Common Units authorized, issued, and outstanding as of that date. Holders of Common Units are entitled to participate in distributions when and if authorized in accordance with the Company's operating agreement. No distributions were declared or paid during the year ended December 31, 2025.

Impact of Corporate Reorganization

In March 2025, the Company completed a corporate reorganization, as described in Note 1.

Prior to the March 2025 reorganization, the Company's equity structure consisted of multiple classes of membership interests governed by the Ninth Amended and Restated Limited Liability Company Agreement. Class A-1 and Class A-2 Units represented the principal capital interests in the Company. Class A-1 Units were entitled to a cumulative, non-compounded rate of return of 10% on unreturned contributed capital. Other than the capital invested in the Company by the Class A-2 Members in connection with the purchase of their Class A-2 Units, the Class A-1 members have funded all capital contributions since inception.

Class G Units were held by a related party and did not earn preferred returns. Upon the occurrence of a qualifying capital transaction, Class G Units were entitled to receive a fixed distribution after satisfaction of obligations to the Class A Members.

Class E Units were held by Kashiv Class E Member LLC and were segregated, at its discretion, into Series 1, Series 2, and Series 3. Class E Series 1 Units represented the original units issued and vested at a rate of 25% annually. Class E Series 2 Units were fully vested at the time of issuance. Class E Series 3 Units generally vested at a rate of 25% annually, although certain issuances vested pursuant to employment agreements.

Profit Participation Units ("PPUs") were subject to vesting and forfeiture provisions tied to continued employment. Both vested and unvested PPUs were forfeited upon termination of employment under certain circumstances, including termination by the Company for cause. In addition, the Company retained the option, in certain circumstances, to redeem vested PPUs at their then fair market value, as defined in the operating agreement. PPU holders participated in distributions of net proceeds upon the occurrence of certain qualifying capital transactions, including a sale of the Company or all or substantially all of its assets, an initial public offering, or an exclusive assignment of substantially all rights to any product of the Company other than in the ordinary course of business.

NOTE 16 - SUBSEQUENT EVENTS

In the preparation of its consolidated financial statements, the Company completed an evaluation of the impact of any other subsequent events through June 1, 2026, which represents the date these consolidated financial statements were available for issuance.

On December 4, 2025 the Company entered into a lease agreement with a Lease Term Commencement date of January 1, 2026 with STAG Industrial Holdings, LLC, for 102,610 square feet of manufacturing space at 100 New England Avenue, Piscataway, NJ. The lease term runs until September 30, 2036 with a one-time option to extend for another 10 years. The lease required a \$4 million letter of credit to be issued prior to the Lease Term Commencement date, which is reflected as Restricted cash in the December 31, 2025 balance sheet.

During the first four months of 2026, the Company received multiple capital contributions from Intermediate Holdco, LLC totaling approximately \$34.8 million to fund operations and for general corporate purposes.

On April 21, 2026, the Company entered into a definitive agreement (the "Agreement"), with Amneal, pursuant to which Amneal has agreed to acquire 100% of the outstanding membership interests of the Company (the "Acquisition") in a transaction with consideration that includes \$375 million of cash and 28,942,108 shares of Amneal's Class A common stock at closing, plus up to \$350 million in potential payments based on the achievement of certain regulatory milestones, potential royalties based on commercial milestones. The transaction is subject to approval by Amneal's shareholders, receipt of applicable regulatory approvals, and satisfaction of other customary closing conditions, and is expected to close in the second half of 2026.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2026 and 2025
(Unaudited)

NOTE 1 - NATURE OF OPERATIONS

Organization and Business

Kashiv BioSciences, LLC, (the “Company” or “Kashiv” or “KB”) is a biopharmaceutical research, development, and manufacturing company. The Company is advancing a robust pipeline of biosimilars, complex peptides and enzyme-based programs via agreements with third parties in order to improve access to biologics and complex medicines for patients, physicians, and payers. The Company was formed in August 2010 as a Delaware limited liability company (“LLC”) and is governed by an LLC agreement (the “Operating Agreement”).

Reorganization

In March 2025, the Company completed a corporate reorganization (the “Reorganization”) to simplify its ownership structure. In connection with the Reorganization, Kashiv BioSciences Holdco, LLC (“Holdco”) and Kashiv Intermediate Holdco, LLC (“Intermediate”) were formed. As part of the Reorganization, the members of the Company contributed all of their ownership interests, including Profit Participation Units (“PPUs”), in Kashiv to Holdco in exchange for economically equivalent ownership interests in Holdco. Immediately following this transaction, Holdco held 100% of the equity interests in the Company, with the members maintaining their respective proportional ownership interests on an indirect basis through Holdco.

Subsequently, Holdco contributed its ownership interests in Kashiv to Intermediate in exchange for units in Intermediate, resulting in Kashiv becoming a wholly owned subsidiary of Intermediate. In connection with this restructuring, the Company’s historical equity structure, which included multiple classes of units (including PPUs), was simplified into a single class of Common Units, as that term is defined in the Tenth Amended and Restated LLC Agreement. This conversion did not change the economic rights, vesting conditions, or ownership interests of the holders.

In addition, an existing credit funding loan of the Company was assigned to Holdco, and the related security interest in the Company’s assets was terminated.

The Reorganization was accounted for as an equity reorganization among entities under common control. Because the Reorganization did not result in a substantive change in ownership or control at the ultimate parent level, the Company’s assets and liabilities continue to be reflected at their historical carrying amounts. The Reorganization did not involve the exchange of cash or other consideration and was reflected as a capital transaction within the consolidated statement of changes member’s deficit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”) and contain all adjustments necessary for a fair presentation of the consolidated financial statements. These financial statements reflect the accounts of the Company, which is a wholly owned subsidiary of Intermediate, and are presented on a standalone basis. Accordingly, the accounts of Intermediate and other parent entities are not included. All material intercompany accounts and transactions have been eliminated in consolidation. From time to time, the Company receives capital contributions from Intermediate to fund operations or for general corporate purposes.

Liquidity

The process of drug development can be costly, and the timing and outcomes of clinical trials is uncertain. The assumptions upon which the Company has based its estimates are routinely evaluated and may be subject to change. The actual amount of the Company’s expenditures will vary depending upon several factors, including, but not

limited to, the design, timing and duration of future clinical trials, the progress of the Company's research and development programs and the level of financial resources available. The Company has the ability to adjust its operating plan spending levels based on the timing of future clinical trials, which will be predicated upon adequate funding to complete the trials.

The Company has limited capital resources and has incurred recurring operating losses and negative cash flows from operations since inception. The Company used cash from operations of \$32.7 million during the three months ended March 31, 2026 and had an accumulated deficit of \$31.2 million as of March 31, 2026. The Company has financed its business operations to date from capital and debt from related party investors and third party lenders. The Company raised debt in 2025 in both the US and India in order to fund future operations and continue its clinical development programs.

The financing obtained, along with continued support from the related party investors and projected license and milestone revenues, is expected to fund the operations of the Company through at least the first quarter of 2027. Product approvals and additional revenue streams are expected to result in significant growth from additional revenue sources and collaboration contracts in 2026. However, there is no guarantee that the planned growth opportunities will be successfully executed or have the expected benefits. As there can be no assurance that the Company will be able to effectively implement its plans within one year after the issuance date, based on the factors above, management concluded that there is substantial doubt about the Company's ability to continue as a going concern through such one-year period.

The accompanying consolidated financial statements have been prepared as though the Company will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the identification of performance obligations, including the assessment of material rights, the determination of variable consideration and allocation of transaction price in revenue arrangements, the recoverability and useful lives of long lived assets, the determination of reserves for excess and obsolete inventory, estimates of expected credit losses on receivables, assumptions used in the fair value of equity based instruments, including warrants and Profit Participation Units, the determination of the incremental borrowing rate for leases, and the evaluation of contingencies and litigation. Actual results could differ from those estimates.

Risks and Uncertainties

The Company is subject to risks common in the pharmaceutical industry. Development of new pharmaceutical products is a difficult and lengthy process that requires significant financial resources along with technical and regulatory expertise. Uncertainties include, but are not limited to, the ability to develop and commercialize product, the ability to gain regulatory approvals, dependency on key customers and suppliers including for certain active pharmaceutical ingredients, potential product liability risks that are inherent in the development, clinical testing and manufacturing of human therapeutic products and the ability to create and protect intellectual property rights.

Revenue Recognition

The Company recognizes revenue in accordance with the authoritative guidance of Accounting Standards Codification ("ASC") 606, *Revenue from Contracts with Customers*. Under ASC 606, the Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which it expects to be entitled to in exchange for those goods or services.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2026 and 2025
(Unaudited)

The Company's principal sources of revenue are pharmaceutical manufacturing, research, and development and product licensing services that focus on developing innovative technologies, improved medicines, and life-cycle management products. To determine revenue recognition for contracts with customers, the Company performs the following five steps in accordance with ASC 606: (i) identify the contract with a customer; (ii) identify the performance obligations in the contract, (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the entity satisfies the performance obligation. The Company's contracts are service contracts that generally have a duration of a few months to several years with revenue being recognized over time as services are provided to the customer in satisfaction of its performance obligations.

The majority of the Company's contracts can be terminated by the customer either immediately or after a specified notice period. Upon early termination, the contracts generally require the customer to pay the Company for: (i) consideration earned through the termination date, which is consistent with the level of cost and effort expended through the termination date; (ii) consideration for services to complete the work still required to be performed and reimbursement for other related expenses, as applicable; and (iii) reimbursement for certain non-cancelable expenditures.

The Company sells its services to clients under sales contracts which generally consist of master supply agreements, product development and manufacturing supply agreements and statements of works which are governed by the terms and conditions of the master agreement. The Company recognizes commercial revenue from the sale of product at the time of title transfer to its customers. Substantially all of the Company's research and service revenues are recognized over time as the Company performs the service and satisfies the performance obligation using output methods. Certain contracts may result in revenue being recognized at a point in time. For these contracts, revenue is recognized when the customer obtains control of the promised goods or services. The Company records revenues net of estimated variable consideration, as applicable, in its transaction price as follows:

Royalty Revenue

Revenue from royalties is recognized in accordance with ASC 606-10-55-65 at the later of (i) when the subsequent sale or usage occurs or (ii) when the related performance obligation has been satisfied. The Company concluded that the license is the predominant performance obligation to which the royalties relate; therefore, revenue is recognized when the underlying sales occur. For the three months ending March 31, 2026 and 2025, revenues from royalties of a related party were \$3.0 million and \$4.0 million, respectively.

Contract Research Revenue

Revenue from contract research services is recognized after contract signing and as performance obligations are satisfied. Contract research contracts generally range in duration from a few weeks to a few years and typically take the form of an agreed-upon fixed fee arrangement. Such contracts typically do not contain acceptance provisions based upon the achievement of certain study or laboratory testing results. Contracts contain either one or multiple performance obligations. Revenue from contract research services, all of which were with related parties, were \$0.5 million for the three months ending March 31, 2026 and 2025, respectively.

Commercial Revenue

Revenue from commercial manufacturing services is recognized when the customer obtains control of the product based on the contractual shipping terms of the contract, at which time the performance obligation is deemed to be completed. Revenue is measured as the amount of consideration the Company expects to receive in exchange for transferring products to a customer. Revenue from commercial manufacturing services, all of which were with related parties, were \$2.5 million and \$4.3 million for the three months ending March 31, 2026 and 2025, respectively.

Milestone Revenue

Revenue from license and milestone arrangements may include variable consideration. Milestone payments are contingent upon the achievement of specified events and are included in the transaction price only to the extent that

it is probable that a significant reversal of cumulative revenue recognized will not occur. The Company evaluates these milestones at contract inception and at each reporting period and recognizes revenue when the uncertainty is resolved or when it becomes probable that a significant reversal will not occur, and the related performance obligation has been satisfied. Revenues from milestones were \$14.7 million (of which \$10.0 million is with related parties) and \$16.2 million (of which \$15.3 million is with related parties) for the three months ending March 31, 2026 and 2025, respectively. Deferred revenues from milestones which is included within long term liabilities were \$0.5 million as of March 31, 2026 and December 31, 2025, respectively (see Note 3).

License and Collaboration Agreements

The Company evaluates its collaborative arrangements pursuant to ASC 808, *Collaborative Arrangements*, and ASC 606. The Company considers the nature and contractual terms of collaborative arrangements and assesses whether the arrangement involves a joint operating activity pursuant to which the Company is an active participant and is exposed to significant risks and rewards with respect to the arrangement. If the Company is an active participant and is exposed to significant risks and rewards with respect to the arrangement, the Company accounts for the arrangement as a collaboration under ASC 808. If it is not exposed to significant risks and rewards and the contract is with a customer, the Company accounts for the collaboration under ASC 606. Payments pursuant to collaborative arrangements may include non-refundable upfront payments, development milestone payments upon the achievement of significant development and regulatory events, commercial sales milestones, and royalties on product sales. The amount of variable consideration is constrained until it is probable that the revenue is not at a significant risk of reversal in a future period. In determining the appropriate amount of revenue to be recognized as the Company fulfills its obligations under a collaboration arrangement, the Company applies the five-step model of ASC 606: (i) identify the contract with a customer; (ii) identify the performance obligations in the contract, including whether they are capable of being distinct; (iii) determine the transaction price, including the constraint on variable consideration; (iv) allocate the transaction price to the performance obligations; and (v) recognize revenue when (or as) the entity satisfies a performance obligation. The Company applies significant judgment when evaluating whether contractual obligations represent distinct performance obligations, allocating transaction price to performance obligations within a contract, determining when performance obligations have been met, and assessing the recognition of variable consideration. When consideration is received prior to the Company completing its performance obligation under the terms of a contract, a contract liability is recorded as deferred revenue. Deferred revenue expected to be recognized as revenue within the twelve months following the balance sheet date is classified as a current liability within Accrued liabilities.

Contract Liabilities

Deferred revenue is recorded when cash is received in advance of performance of the obligation. Deferred revenue represents the future performance obligations to transfer control of products or services for which we have already received consideration. Deferred revenue will be subsequently recognized as revenue upon the satisfaction of the underlying performance obligations under the contract.

Revenue recognized from amounts included in deferred revenue at the beginning of the year was approximately \$5.1 million for the three months ended March 31, 2025 (none for the three months ended March 31, 2026). Total deferred revenue was approximately \$0.5 million, \$0.5 million and \$16.6 million as of March 31, 2026, December 31, 2025 and December 31, 2024, respectively.

Research and Development Costs

Research and development costs are expensed to operations as incurred. Research and development costs include salaries, certain building and facility expenses, clinical and contract research organization, materials, and laboratory costs.

The Company determines expenses related to clinical studies based on estimates of the services received and efforts expended pursuant to contracts with multiple contract research organizations that conduct and manage clinical

studies on its behalf. The financial terms of these agreements are subject to negotiation, vary from contract to contract and may result in uneven payment flows. Payments under some of these contracts depend on factors such as the successful enrollment of patients and the completion of clinical trial milestones. In accruing service fees, the Company estimates the time period over which services will be performed and the level of effort to be expended in each period. If the actual timing of the performance of services or the level of effort varies from the estimate, the accrual is adjusted accordingly. The expenses for some trials may be recognized on a straight-line basis if the expected costs are expected to be incurred ratably during the period. Payments for these activities are based on the terms of the individual arrangements, which may differ from the pattern of costs incurred, and are reflected in the consolidated financial statements as prepaid or accrued expenses.

Cash

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. The Company maintains its cash in bank checking and money market accounts, as well as foreign accounts, which, at times, may be in excess of insured limits. As of March 31, 2026 and December 31, 2025, the Company had cash balances that exceeded federally insured limits by approximately \$12.6 million and \$19.2 million, respectively.

Restricted Cash

As of March 31, 2026 and December 31, 2025, the Company had \$4.0 million of restricted cash related to a letter of credit posted as security under a long-term lease agreement. Subject to the Company's continued compliance with the lease and the absence of an event of default, the face amount of the letter of credit is reduced by \$0.5 million on each annual anniversary after the first twelve months of rent payments, until the face amount is reduced to \$0.5 million. Until such reductions occur, the landlord retains the right to draw upon the full remaining balance of the letter of credit.

Accounts Receivable

The Company records accounts receivable at amounts due from customers, net of a provision for current expected credit losses. The Company evaluates the adequacy of the allowance for credit losses on a periodic basis. This evaluation includes historical loss experience, length of time receivables are past due, adverse situations that may affect a customer's ability to pay its obligations to the Company, prevailing market conditions and historical patterns of actual credits issued. The Company writes off accounts receivable against the provision for current expected credit losses when a balance is determined to be uncollectible. The Company recorded a provision for current expected credit losses of \$0.2 million as of March 31, 2026 and December 31, 2025, respectively and \$0 as of December 31, 2024. As of March 31, 2026, the Company had one related party customer whose accounts receivable balance accounted for approximately 66% of total accounts receivable (see Note 4). As of December 31, 2025, the Company had one third-party customer whose accounts receivable balances accounted for more than 57% of total accounts receivable.

Inventory

Inventory is stated at the lower of cost (first-in, first-out method, "FIFO") or net realizable value. The Company evaluates lower of cost or net realizable value separately for commercial and pre-launch inventory. In evaluating whether inventory is stated at the lower of cost or net realizable value, management considers such factors as the amount of inventory on hand, remaining shelf life and current and expected orders from the Company's collaboration partners, distributors, and customers. As appropriate, the Company reflects provisions necessary to reduce the carrying value of its inventories to net realizable value.

Property and Equipment

Property and equipment are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the assets, generally five to 10 years. Leasehold improvements are recorded at cost and amortized over the shorter of useful life or term of the lease. Major renewals and improvements are capitalized, while maintenance and repairs are charged to operations as incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Capitalization of Interest

The Company capitalizes interest on capital projects in accordance with ASC 835-20, Capitalization of Interest, which requires the capitalization of interest costs to get certain assets ready for their intended use. The Company capitalizes interest costs on borrowings during the construction period of major construction projects as part of the cost of the constructed assets. Interest is capitalized based on the interest rate applicable to specific borrowings or the weighted average of the rates applicable to other borrowings during the period. Capitalization of interest ceases when the project is substantially complete and ready for its intended use.

Lease Accounting

The Company accounts for leases under ASC 2016-02, *Leases* (Topic 842). The Company determines if an arrangement is a lease at contract inception. Operating lease assets represent a right to use an underlying asset for the lease term and operating lease liabilities represent an obligation to make lease payments arising from the lease. The Company recognizes operating lease assets and liabilities at the commencement date of the lease based upon the present value of lease payments over the lease term. When determining the lease term, the Company includes options to extend or terminate the lease when it is reasonably certain that the Company will exercise those options. The Company uses its incremental borrowing rate, as the rate implicit in the lease is not readily determinable; historically, this rate was based on an estimate of the rate the Company would incur to borrow on a collateralized basis over a similar term in a similar economic environment. For leases entered into subsequent to the adoption of ASC 842, the Company elected the private company practical expedient to use a risk-free discount rate, determined using U.S. Treasury rates with a maturity consistent with the lease term.

Deferred Financing Fees

Deferred financing costs are capitalized and amortized over the term of the related debt using the effective interest method and are presented as a direct reduction of the carrying amount of the associated debt on the balance sheet, with amortization included in interest expense.

Long-Lived Assets

The Company reviews the recoverability of long-lived assets, including the related useful lives, whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset might not be recoverable. If required, the Company compares the estimated undiscounted future net cash flows to the related asset's carrying value to determine whether there has been an impairment. If an asset is considered impaired, the asset is written down to fair value, which is based either on discounted cash flows or appraised values in the period the impairment becomes known. The Company believes that long-lived assets are recoverable, and no impairment was deemed necessary at March 31, 2026 and December 31, 2025.

Income Taxes

The Company is an LLC and is treated as a partnership for income tax purposes. Income (loss) passes through and is allocated to the members of the Company in accordance with the Operating Agreement. The Company files income tax returns in U.S. federal jurisdiction and certain state jurisdictions. The wholly owned Indian subsidiaries are private limited formed within the India tax laws and pays taxes in accordance with local laws. Income taxes are accounted for using the asset and liability method whereby deferred tax assets and liabilities are determined based on temporary difference between the bases used for financial reporting and income tax reporting purposes. Deferred taxes were not material. The tax years subject to audit are 2018 through 2023. The Company had no material uncertain tax positions at March 31, 2026 and December 31, 2025.

Fair Value of Financial Instruments

Certain assets and liabilities of the Company are carried at fair value under U.S. GAAP. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the

Kashiv BioSciences, LLC and Subsidiaries

(Unaudited)

measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Financial assets and liabilities carried at fair value are to be classified and disclosed in one of the following three levels of the fair value hierarchy, of which the first two are considered observable and the last is considered unobservable:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs (other than Level 1 quoted prices), such as quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity that are significant to determining the fair value of the assets or liabilities, including pricing models, discounted cash flow methodologies and similar techniques.

The carrying values reflected in the Company's balance sheets for cash, prepaid expenses and other current assets, accounts payable and accrued liabilities approximate fair value due to their short-term maturities.

Profit Interests Compensation

The Company established two profit participation plans under which profit interests are granted to certain employees in the form of units of Class E Member, LLC and Class F Member, LLC ("Class E Units" and "Class F Units," respectively). The Company accounts for these units in accordance with ASC Topic 718, *Compensation - Stock Compensation* ("Topic 718"). Following the March 2025 corporate reorganization (see Note 1), the profit interests awards were contributed to and are legally issued by Holdco; however, the award holders remain employees of the Company, and compensation expense continues to be recognized by the Company as the entity receiving the employee services, with a corresponding capital contribution from Holdco.

Compensation expense is recorded over the vesting period based on valuations and marked to market at each reporting date. For both employee and service provider units, the units vest over the respective vesting period. In most cases, if the Company terminates the relationship, the units may be forfeited. However, certain terminations do not result in forfeitures. Profit interests are recorded as liabilities until they vest and are held for six months becoming mature profit interests. At that time, they are then reclassified to additional members' capital. The Company recognizes the forfeitures as they occur, based on the fair value of the awards as of the claw back date. The Company records a reversal to the current liability account and credit to the income statement (see Note 13).

Recently Adopted Accounting Pronouncements

In July 2025, the Financial Accounting Standards Board issued Accounting Standards Update 2025-05, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*, which provides a practical expedient for entities to measure expected credit losses on current accounts receivable and current contract assets within the scope of ASC 606, *Revenue from Contracts with Customers*. The practical expedient assumes that current conditions as of the balance sheet date remain unchanged for the remaining life of the asset. The guidance is effective for interim and annual reporting periods beginning after December 15, 2025. The Company adopted this guidance effective January 1, 2026. The adoption did not have a material impact on the Company's consolidated financial statements or related disclosures.

In March 2024, the FASB issued ASU 2024-01, *Compensation – Stock Compensation (Topic 718): Scope Application of Profit Interest and Similar Awards*. This update clarifies how companies account for profit interest and similar awards given to employees or non-employees, which helps determine whether such award fall under stock compensation or general compensation accounting standards. The amendments in this update are effective for annual periods beginning after December 15, 2025, and interim periods within those annual periods for entities other than public business entities. The Company adopted this guidance effective January 1, 2026, and the adoption did not have a material impact on its consolidated financial statements.

Secured Credit Notes- Related Party

The Company had secured credit notes with an affiliated/related party. These notes are secured by the properties and assets of the Company. The collateral includes all rights, title, and interest of the Company, whether now owned or hereafter acquired. The notes also contain other representations, warranties, and financial and non-financial covenants, customary for an issuance of notes of this nature. The notes bear 10% non-compounding annual interest.

During Q1 2025, Kashiv received an additional \$29.7 million in loans to fund operations under the existing note for the year. In connection with the corporate reorganization completed in March 2025, the outstanding balance of this credit funding loan, together with related accrued interest, was assigned to the Company's parent entity, and the related security interest in the Company's assets was terminated as described in Note 1. Accordingly, as of March 31, 2026 and December 31, 2025, the Company did not have any outstanding notes payable or accrued interest related to this arrangement.

For the three months ended March 31, 2025, the Company incurred \$11.6 million in interest expense related to these notes.

Term Loan Credit Agreement

On April 2, 2025 (the "Closing Date"), the Company entered into a Term Loan Credit Agreement (the "Credit Agreement") with a syndicate of lenders, pursuant to which the Company obtained term loan financing consisting of (i) an aggregate principal amount of up to \$110.0 million of closing date term loans (the "Closing Date Term Loans"), which were funded on the Closing Date, and (ii) an aggregate principal amount of up to \$40.0 million of delayed draw term loans (the "Delayed Draw Term Loans," and together with the Closing Date Term Loans, the "Term Loans"), which may be drawn at the Company's election, subject to the terms and conditions of the Credit Agreement. Once repaid or prepaid, amounts borrowed under the Term Loans may not be reborrowed. The Delayed Draw Term Loans were drawn on November 24, 2025.

The Term Loans mature on the fifth anniversary of the Closing Date, unless earlier repaid in accordance with the terms of the Credit Agreement. The obligations under the Credit Agreement are secured by substantially all of the assets of the Company and a pledge of 65% of the equity interests of its foreign subsidiaries.

Borrowings under the Credit Agreement bear interest, at the Company's option, at a rate equal to (i) adjusted secured overnight financing rate ("SOFR") plus an applicable margin or (ii) a base rate plus an applicable margin. For the first six quarters following the Closing Date, the Company may elect to pay up to 60% of the interest as payment-in-kind ("PIK") interest, which is capitalized and added to the outstanding principal balance. For the three months ended March 31, 2026, the Company elected to pay a portion of interest in PIK, resulting in approximately \$8.7 million of PIK interest being capitalized. Interest is payable in arrears, and scheduled principal amortization commenced during 2025.

The Credit Agreement permits voluntary prepayments of the Term Loans, subject to certain prepayment premiums and make whole provisions. The Credit Agreement also includes mandatory prepayment provisions requiring the application of a portion of excess cash flow and certain asset disposition proceeds to repay outstanding Term Loans.

During 2025, the Company entered into an amendment to the Closing Payment Letter that eliminated certain upfront fees related to the Delayed Draw Term Loan commitments. The amendment did not result in the recognition of any gain or loss.

In connection with the issuance of the Closing Date Term Loans, the Company incurred \$9.0 million of upfront commitment fees and other transaction related costs, which are presented as a reduction to the carrying amount of the related debt and amortized to interest expense over the term of the Term Loans using the effective interest method. The effective interest rate is approximately 13% over the life of the Term Loans. As of March 31, 2026, unamortized debt issuance costs of \$7.7 million related to the Closing Date Term Loans and the Delayed Draw Term Loans were presented as a direct reduction to long term debt in the accompanying balance sheets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2026 and 2025
(Unaudited)

The Credit Agreement contains customary affirmative and negative covenants, including restrictions on additional indebtedness, liens, asset dispositions, investments, dividends, and other restricted payments. As of March 31, 2026 and December 31, 2025, the Company was in compliance with all covenants under the Credit Agreement.

Warrants Issued in Connection with Term Loans

In connection with the issuance of the Closing Date Term Loans and the Delayed Draw Term Loans, Holdco issued warrants to the Term Lenders to purchase an aggregate of 4,930,353 Class B Units, consisting of 3,632,008 Class B Units issued to the Closing Date Term Lenders and 1,298,345 Class B Units issued in connection with the Delayed Draw Term Loans. The warrants have an exercise price of \$0.01 per unit, a contractual term of seven years, and expire on April 2, 2032. The warrants are exercisable, in whole or in part, at the option of the holders.

Although the warrants were legally issued by Holdco, they were issued in connection with the Company's debt financing, and accordingly the Company recorded the fair value of the warrants at issuance of \$2.1 million as a debt discount, which reduces the carrying amount of the related Term Loans and is amortized to interest expense over the contractual term of the Term Loans using the effective interest method.

Rupee Term Loan Facility

On November 1, 2025, the Company entered into a Rupee Term Loan Facility Agreement (the "Common Rupee Loan") through its subsidiary Kashiv Research Private Limited ("Pipan"), with a commercial bank, providing for aggregate commitments of up to \$ 72.0 million to finance project capital expenditures, including building, equipment and construction activities. The Common Rupee Loan also includes \$44.4 million Letter of Credit sub-facility (the "LC Facility"), which is a sub-limit within the overall \$72.0 million commitment and does not represent additional borrowing capacity.

Under the LC Facility, letters of credit may be issued on behalf of the Company in favor of equipment and construction suppliers. Upon drawing under a letter of credit, the issuing bank pays the beneficiary, and the amount paid is automatically converted into a loan to the Company with an amount equal to the face value of the letter of credit drawn. The available commitments under the Common Rupee Loan are reduced by the amount of outstanding letters of credit and letters of credit -converted loans.

Borrowings under the Common Rupee Loan accrue interest at a variable rate based on the applicable benchmark rate, as defined in the Common Rupee Loan, plus an applicable margin linked to the Company's credit rating. Interest is payable on each scheduled interest payment date. The Common Rupee Loan also provides for supplemental penalty interest in the event of covenant breaches or administrative non-compliance. The facility includes a 12 month principal moratorium following the Scheduled Commercial Operations Date, with amortization beginning in April 2028.

In addition to interest on outstanding borrowings, the Company is required to pay (i) a non-refundable, one-time upfront fee of 0.65% of the sanctioned amount plus applicable Goods and Services Tax ("GST") as specified in the Sanction Letter, and (ii) a closing fee as prescribed by the lender. The Common Rupee Loan further requires the Company to pay a commitment fee of 0.50% per annum on any Drawdown Shortfall Amount, calculated quarterly based on average utilization during the quarter and collected semiannually in September and March.

In connection with the issuance of the Common Rupee Loan, the Company incurred debt issuance costs of \$1.6 million, which are presented as a reduction to the carrying amount of the related debt and amortized to interest expense over the term of the facility using the effective interest method. The effective interest rate is 12% over the life of the Common Rupee Loan.

The Common Rupee Loan is secured by substantially all of the assets of Pipan and is subject to customary affirmative and negative covenants, including restrictions on additional indebtedness, liens, asset dispositions, investments, and distributions. As of March 31, 2026 and December 31, 2025, the Company was in compliance with all covenants under the Common Rupee Loan.

MEMBERSHIP INTEREST PURCHASE AGREEMENT

This Membership Interest Purchase Agreement (this “Agreement”) is made and entered into as of April 21, 2026, by and among Kashiv BioSciences, LLC, a Delaware limited liability company (the “Company”), Amneal Pharmaceuticals, Inc., a Delaware corporation (“Buyer”), each of the Persons listed on the signature pages hereto under the heading “Sellers” (collectively, the “Sellers” and, each, a “Seller”), and KB Seller Representative, LLC, a Delaware limited liability company (in its capacity as the representative of the Sellers, the “Seller Representative”). Each of Buyer, the Company, the Seller Representative and each Seller is sometimes hereinafter referred to as a “Party” and, collectively, the “Parties”. Capitalized terms used but not defined herein have the meanings ascribed to such terms in Schedule A.

RECITALS

A. WHEREAS, the Sellers collectively own all of the Membership Interests.

B. WHEREAS, on August 2, 2010, the Company was formed by the filing of a Certificate of Formation with the Secretary of State of the State of Delaware (the “Company Certificate of Formation”).

C. WHEREAS, on or prior to the date hereof, the Company, Kashiv Biosciences Holdco, LLC, a Delaware limited liability company, Kashiv Biosciences Intermediate Holdco, LLC, a Delaware limited liability company, and their respective members (all such Persons, the “Reorg Persons”) entered into a series of transactions pursuant to which, among other things, all of the Membership Interests were distributed (in non-liquidating distributions) to the Sellers (the “Pre-Signing Reorganization”) in accordance with documentation previously made available to Buyer (the “Pre-Signing Reorganization Documents”).

D. WHEREAS, the Company and its Subsidiaries (collectively, the “Company Group” and individually, each a “member of the Company Group”) conduct and undertake activities in research, development, formulation, licensing, manufacturing, distribution and commercialization of Biosimilars, Biological Products, pharmaceutical products (including generic pharmaceutical products), and active pharmaceutical ingredients and peptides, including the active ingredients thereof, as well as other activities related to or incidental to the foregoing, including contract research, development, and manufacturing (the “Business”).

E. WHEREAS, the Sellers desire to sell, and Buyer desires to acquire, all of the Membership Interests (the “Acquired Membership Interests”), pursuant to the terms and subject to the conditions set forth herein.

F. WHEREAS, the Board of Directors of Buyer (the “Buyer Board”) has previously established a committee thereof consisting only of independent and disinterested directors (the “Buyer Conflicts Committee”) to, among other things, review, negotiate and approve transactions involving potential conflicts of interest between Buyer, on the one hand, and any member of the Amneal Group, on the other.

G. WHEREAS, the Buyer Conflicts Committee has unanimously (i) determined that this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, including the consideration to be paid in connection herewith, are advisable and fair to, and in the best interests of, Buyer and Buyer’s stockholders (including the Buyer Disinterested Stockholders), (ii) adopted and approved and declared advisable this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, (iii) directed that the Stock Issuance and this Agreement and the transactions contemplated hereby be submitted to Buyer’s stockholders for adoption and approval, (iv) resolved to recommend that Buyer’s stockholders adopt and approve the Stock Issuance and this Agreement and the transactions contemplated hereby and (v) recommended that the Buyer Board do each of the foregoing.

H. WHEREAS, the Buyer Board, upon the unanimous recommendation of the Buyer Conflicts Committee, has (i) determined that this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, including the consideration to be paid in connection herewith, are advisable and fair to, and in the best interests of, Buyer and Buyer’s stockholders (including the Buyer Disinterested Stockholders), (ii) adopted and approved and declared advisable this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, (iii) directed that the Stock Issuance and this Agreement and the transactions contemplated hereby be submitted to Buyer’s stockholders for adoption and approval, and (iv) resolved to recommend that Buyer’s stockholders adopt and approve the Stock Issuance and this Agreement and the transactions contemplated hereby.

AGREEMENT

Now, therefore, in consideration of the mutual agreements hereinafter set forth, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto, intending to be legally bound, agree as follows:

**ARTICLE I
THE SALE**

1.1 The Sale. Upon the terms and subject to the conditions hereof, at the Closing, Buyer shall purchase, and each Seller shall sell, convey, assign, transfer and deliver to Buyer, the Acquired Membership Interests held by such Seller, free and clear of all Encumbrances, other than Encumbrances imposed by applicable securities Laws.

1.2 Purchase Price. In consideration for the sale and transfer of the Acquired Membership Interests and each Seller's agreement to be bound by the terms of this Agreement (including the Restrictive Covenants), Buyer shall deliver or cause to be delivered to the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) (a) an aggregate amount in cash equal to \$375,000,000, as adjusted pursuant to Section 1.5 (the "Initial Cash Consideration"), plus (b) 28,942,108 shares of Amneal Class A Common Stock, free and clear of all Encumbrances, other than Encumbrances arising under applicable securities Laws (as adjusted pursuant to Section 1.9, if applicable, the "Equity Consideration"), plus (c) the Contingent Payments, if any, payable pursuant to Section 1.4 (such Contingent Payments (if any), together with the Initial Cash Consideration and the Equity Consideration, collectively the "Purchase Price").

1.3 Payments and Deliveries at Closing.

(a) At the Closing, Buyer shall pay or cause to be paid, on behalf of the Company Group, the Funded Debt Payoff Amount by wire transfer of immediately available funds, to the Persons specified in the Payoff Letters in accordance with the Payoff Letters provided to Buyer and the Flow of Funds Memorandum prior to the Closing.

(b) At the Closing, Buyer shall pay or cause to be paid, on behalf of the Company Group and the Sellers, the portion of the estimated Transaction Expenses owed to any Person specified on Schedule 1.3(b) to whom Transaction Expenses described in clauses (ii)(A) through (C) of the definition thereof are owed, by wire transfer of immediately available funds, to the Persons specified on Schedule 1.3(b) (which will be delivered by the Seller Representative to Buyer at the same time as the Flow of Funds Memorandum) in accordance with the wire instructions provided to Buyer in the Flow of Funds Memorandum prior to the Closing (provided, that any portion of the estimated Transaction Expenses that are required to be reported on a Form W-2 or which are treated as salary or employee compensation will be paid by the Company Group through payroll (and less applicable withholding Taxes and payroll deductions) to the applicable recipient on the first practical payroll date after the Closing).

(c) At the Closing, Buyer shall pay or cause to be paid to the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule), by wire transfer of immediately available funds in accordance with the wire instructions provided by the Seller Representative to Buyer prior to Closing in the Flow of Funds Memorandum, an aggregate amount equal to the Estimated Closing Payment minus the sum of (i) the Adjustment Escrow Amount and (ii) the Retention Bonus Escrow Amount.

(d) At the Closing, Buyer shall deliver or cause to be delivered to the Sellers the Equity Consideration by instructing its transfer agent to credit book-entry accounts of the Sellers with the number of shares of Amneal Class A Common Stock as allocated by the Seller Representative in accordance with the Allocation Schedule.

(e) At the Closing, Buyer, the Seller Representative and Citibank, N.A. (the "Escrow Agent") shall execute and deliver an escrow agreement in substantially the form attached hereto as Exhibit A (the "Escrow Agreement"). At the Closing, Buyer shall deposit, or cause to be deposited, (x) into a designated escrow account (the "Adjustment Escrow Account") with the Escrow Agent, by wire transfer of immediately available funds (such aggregate funds, together with any interest and earnings thereon from time to time, the "Adjustment Escrow Funds"), an amount equal to the Adjustment Escrow Amount, and Buyer and the Seller Representative will appoint the Escrow Agent to hold the Adjustment Escrow Account until the final determination of the Closing Payment in accordance with Section 1.5(c) and to disburse the Adjustment Escrow Funds as provided in Section 1.5(b)(ii) and in the Escrow Agreement and (y) into a designated escrow account (the "Retention Bonus Escrow Account") with the Escrow Agent, by wire transfer of immediately available

funds (such aggregate funds, together with any interest and earnings thereon from time to time, the “Retention Bonus Escrow Funds”), an amount equal to the Retention Bonus Escrow Amount, and Buyer and the Seller Representative will appoint the Escrow Agent to hold the Retention Bonus Escrow Account in accordance with Section 5.12(g) and to disburse the Retention Bonus Escrow Funds as provided in Section 5.12(g) and in the Escrow Agreement. The Adjustment Escrow Funds shall be held by the Escrow Agent solely for the purpose of satisfying the Sellers’ payment obligations resulting from a Shortfall Adjustment Amount, if any, in accordance with Section 1.5. The Retention Bonus Escrow Funds shall be held by the Escrow Agent solely for the purpose of satisfying the Company Group’s payment obligations with respect to the Retention Bonuses. The Parties agree that all fees, costs and expenses of the Escrow Agent shall be borne 50% by the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) and 50% by Buyer.

(f) At the Closing, Buyer shall deliver to the Seller Representative a duly executed counterpart of Buyer to the Buyer Stockholders’ Agreement as contemplated by Section 6.1(d) and the Seller Representative shall deliver to Buyer a duly executed counterpart of the Amneal Group Representative to the Buyer Stockholders’ Agreement as contemplated by Section 6.2(k).

1.4 Contingent Consideration.

(a) Milestone Payments. Following the Closing, by no later than forty-five (45) days following the date on which any Designated Product achieves a “Milestone Event” listed in the below tables, Buyer shall pay to the account(s) specified by the Seller Representative by wire transfer of immediately available funds (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule), the amount shown below opposite such applicable Milestone Event, without interest (each, a “Milestone Payment”). Each Milestone Payment is a one-time contingent payment that shall only become due and payable by Buyer upon achievement by any of Buyer, its Subsidiaries or controlled Affiliates (for the avoidance of doubt, excluding the Amneal Group and its Affiliates other than Buyer, its Subsidiaries and controlled Affiliates), sublicensees, successors or assigns (collectively, the “Specified Parties”) of a Milestone Event for the applicable Designated Product. The aggregate amount of all Milestone Payments for First Tranche Milestones pursuant to this Agreement shall not exceed \$250,000,000. The aggregate amount of all Milestone Payments for Second Tranche Milestone pursuant to this Agreement shall not exceed \$100,000,000.

No Milestone Payment for a First Tranche Milestone shall be paid more than once per Designated Product.

TABLE OF CONTENTS

For the avoidance of doubt, (i) the First Tranche Milestones are intended to be disjunctive, such that satisfaction of either condition separated by “or” in the above table triggers the Milestone Payment, and (ii) the Pancrelipase Product is subject to both a First Tranche Milestone and Second Tranche Milestone such that if both the First Tranche Milestone and Second Tranche Milestone events are achieved for the Pancrelipase Product, the total Milestone Payments for such product will be \$150,000,000.

<u>Designated Product</u>	<u>Second Tranche Milestone</u>	
	<u>Milestone Event</u>	<u>Milestone Payment</u>
Pancrelipase Product (bCreon)	On or before the Pancrelipase Trigger Date, the Pancrelipase Product has Commercially Launched in the United States (such condition, the “ <u>Pancrelipase Commercial Launch</u> ”); and During the twelve (12) month period commencing on the date of the Pancrelipase Commercial Launch, there is no more than one (1) other Biosimilar to Creon that has Commercially Launched in the United States by a Third Party.	\$100,000,000

For the avoidance of doubt, the Second Tranche Milestone is intended to be conjunctive, such that only the satisfaction of both conditions separated by “and” in the above table triggers the Second Tranche Milestone Payment.

As used to determine if a Designated Product has achieved a First Tranche Milestone, the terms “Receipt of Regulatory Approval” and “Receive Regulatory Approval” mean receipt by a Specified Party or its agent (acting on behalf of the Specified Party in connection with submission of a BLA under section 351(k) of the PHSA (42 U.S.C. § 262(k))) of the letter or other document from the FDA, as of the date of such letter or other such document, that evidences the grant to such Specified Party (but not any other Person) by the FDA of Regulatory Approval(s) for the Designated Product and one or more of such Designated Product’s Delivery Types. For the avoidance of doubt, a Designated Product (and the Designated Product’s Delivery Type) does not “Receive Regulatory Approval” and “Receipt of Regulatory Approval” does not occur if a Designated Product (or the Designated Product’s Delivery Type) receives Regulatory Approval via submission of a New Drug Application (including a Federal Food, Drug, and Cosmetic Act (“FDCA”) § 505(b)(2) application (21 U.S.C. § 355(b)(2))) (“NDA”) or an abbreviated NDA pursuant to FDCA § 505(j) or § 505(j)(2)(C) (21 U.S.C. § 355(j) or § 355(j)(2)(C)). “Receipt of Regulatory Approval” and “Receive Regulatory Approval” require Regulatory Approval of one or more of the formats, dosage forms, dosage routes or strengths (collectively, “Delivery Types”) for such Designated Product as are specifically listed under the column “Delivery Types” in Schedule C, as Schedule C may be updated following the date hereof in accordance with this paragraph. For example, with respect to the Abatacept Product, if the FDA grants Regulatory Approval of a BLA under section 351(k) of the PHSA for the Delivery Type “1(b): Injection: 50mg/0.4mL solution in a single-dose prefilled syringe” and such Regulatory Approval meets all of the conditions in the definition of “Regulatory Approval”, then such Delivery Type 1(b) (but not any other Delivery Types for the Abatacept Product, unless separately approved) will be deemed to have Received Regulatory Approval. Following the Closing, Buyer and the Seller Representative shall cooperate in good faith to update Schedule C as may be necessary to (i) add any Delivery Types with respect to the Designated Products that have Received Regulatory Approval from the FDA and (ii) remove any Delivery Types set forth on Schedule C that have been withdrawn or discontinued by the manufacturer or for which a Biosimilar license has been revoked or suspended by the FDA or for which FDA has otherwise communicated that such Delivery Type may no longer be offered for commercial sale or sold.

As to each Designated Product, promptly following any time that a Delivery Type for such Designated Product Receives Regulatory Approval and the IQVIA National Sales Perspective report (or other data source as provided in the definition of “Value”) for the relevant period becomes available (accounting for the typical 30-day lag of sales data in such reports), Buyer shall perform a calculation of “Value” to determine whether the 80% threshold described in the “First Tranche Milestones” table has been met, and provide to the Seller Representative, upon the Seller Representative’s request, such IQVIA report (or other data source as provided in the definition of “Value”) and such calculation, provided, that the Seller Representative shall reimburse Buyer for any fees due IQVIA (or such other data source) incurred by Buyer in sharing such report with the Seller Representative.

TABLE OF CONTENTS

(b) Royalty Payments. Buyer shall make Royalty Payments based on Gross Profits arising from Products as and to the extent set forth in this Section 1.4(b) (including, for the avoidance of doubt, taking into account the Excluded Profits corresponding to Gross Profits).

(i) Certain Definitions. For purposes of this Agreement:

(A) “Royalty Term” means the twelve (12)-year period from and after the first day of the first (1st) full calendar quarter commencing on or after the Closing Date. By way of illustration, if the Closing occurs on or before July 1, 2026, then the Royalty Term will run from July 1, 2026 through June 30, 2038; if the Closing occurs after July 1, 2026 but on or before October 1, 2026, then the Royalty Term will run from October 1, 2026 through September 30, 2038.

(B) “Royalty Periods” means:

i. if the Royalty Term begins in 2026, the following time periods during the Royalty Term: (A) the period from the beginning of the Royalty Term through December 31, 2026; (B) each twelve (12)-month period from January 1 through December 31 for each of the calendar years 2027 through 2037; and (C) the period from January 1, 2038 until the end of the Royalty Term in 2038; and

ii. if the Royalty Term begins in 2027, the following time periods during the Royalty Term: (A) the period from the beginning of the Royalty Term through December 31, 2027; (B) each twelve (12)-month period from January 1 through December 31 for each of the calendar years 2028 through 2038; and (C) the period from January 1, 2039 until the end of the Royalty Term in 2039.

(C) “Royalty Quarter” means each of the first (1st), second (2nd), and third (3rd) calendar quarter during each Royalty Period of the Royalty Term, in each case to the extent such calendar quarter is fully encompassed by such Royalty Period (e.g., if the Royalty Term begins on July 1, 2026, then the first (1st) and second (2nd) calendar quarters of 2026 will be excluded from the definition of “Royalty Quarter” and the third (3rd) calendar quarter of 2026 will be included in the definition of “Royalty Quarter”; if the Royalty Term begins on April 1, 2027, then the first (1st) calendar quarter of 2027 will be excluded from the definition of “Royalty Quarter” and the second (2nd) and third (3rd) calendar quarters of 2027 will be included in the definition of “Royalty Quarter”).

(ii) Within forty-five (45) days following the end of each Royalty Quarter, Buyer shall provide to the Seller Representative a report (each, a “Royalty Quarter Report”) specifying Net Sales on a Product-by-Product basis and Gross Profits on an aggregate basis in respect of such Royalty Quarter and the preceding Royalty Quarter(s) for such Royalty Period. By way of example, the report for the second Royalty Quarter shall set forth Net Sales and Gross Profits for the first (1st) two (2) Royalty Quarters of the corresponding Royalty Period, and the report for the third (3rd) Royalty Quarter shall set forth Net Sales and Gross Profits for the first (1st) three (3) Royalty Quarters of the corresponding Royalty Period.

(iii) Within forty-five (45) days following the end of each Royalty Period, Buyer shall provide to the Seller Representative a report (each, a “Royalty Period Report”) specifying Net Sales and Gross Profits for such Royalty Period. Each Royalty Period Report shall separately set forth (A) gross sales, (B) total deductions by category under the definition of Net Sales, (C) Net Sales, (D) Cost of Goods Sold (for the avoidance of doubt, on an aggregate basis rather than on a Product-by-Product basis) and (E) the resulting Gross Profits. Gross sales, total deductions and Net Sales shall be reported on a Product-by-Product basis. Cost of Goods Sold and Gross Profits shall be reported on an aggregate basis.

(iv) Payment Mechanics.

(A) If Gross Profits reported on any Royalty Quarter Report exceed the “Excluded Profits” shown below for the corresponding Royalty Period (for the avoidance of doubt, “Excluded Profits” for these purposes are measured on an aggregate basis and are not pro-rated for the applicable partial year, except as expressly provided in Section 1.4(b)(iv)(C)), then within forty-five (45) days following the end of such Royalty Quarter, Buyer shall pay, by wire transfer of immediately available funds, to the Sellers (to be allocated by the Seller Representative among the Sellers in accordance

TABLE OF CONTENTS

with the Allocation Schedule) a cash payment equal to twenty-five percent (25%) of the amount by which such reported Gross Profits exceed such Excluded Profits less the sum of any amounts with respect to which royalty payments were already made pursuant to this Section 1.4(b)(iv)(A), for such Royalty Period, with no addition of interest (each such payment, a “Quarterly Royalty Payment”). For the avoidance of doubt, if Gross Profits reported on any Royalty Quarter Report do not exceed the corresponding Royalty Period’s Excluded Profits, the Quarterly Royalty Payment for that Royalty Quarter is zero (0). Except as provided in the penultimate sentence of Section 1.4(b)(iv)(B), in no event shall Buyer be entitled to any payment, refund, or credit if Gross Profits for any one or more Royalty Quarters do not exceed the Excluded Profits for the corresponding Royalty Period. By way of example, with respect to the 2028 Royalty Period, (i) if, through the end of the first Royalty Quarter during the 2028 Royalty Period, Gross Profits for the first Royalty Quarter of the 2028 Royalty Period equal \$231,475,000, then the Quarterly Royalty Payment in respect of such first Royalty Quarter shall be equal to \$2,500,000 (i.e., 25% multiplied by the difference of (I) \$231,475,000 of Gross Profits minus (II) \$221,475,000 of Excluded Profits), (ii) if, through the end of the second Royalty Quarter, Gross Profits for the first and second Royalty Quarters of the 2028 Royalty Period, taken together, equal \$241,475,000, then the Quarterly Royalty Payment in respect of such second Royalty Quarter shall be equal to \$2,500,000 (i.e., 25% multiplied by the difference of (I) \$241,475,000 of Gross Profits minus (II) \$221,475,000 of Excluded Profits minus (III) \$10,000,000 with respect to which a 25% Quarterly Royalty Payment was already made pursuant to this Section 1.4(b)(iv)(A)), and (iii) if, through the end of the third Royalty Quarter, Gross Profits for the first, second and third Royalty Quarters of the 2028 Royalty Period, taken together, equal \$251,475,000, then the Quarterly Royalty Payment in respect of such third Royalty Quarter shall be equal to \$2,500,000 (i.e., (I) \$251,475,000 of Gross Profits minus (II) \$221,475,000 of Excluded Profits minus (III) \$20,000,000 (composed of two separate amounts of \$10,000,000 with respect to which 25% Quarterly Royalty Payments were already made pursuant to this Section 1.4(b)(iv)(A))).

(B) Within forty-five (45) days following the end of each Royalty Period, Buyer shall pay, by wire transfer of immediately available funds, to the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) a cash payment equal to twenty-five percent (25%) of the amount, if any, by which Gross Profits for the applicable Royalty Period exceed the Excluded Profits for the corresponding Royalty Period less the sum of any amounts with respect to which Quarterly Royalty Payments (if any) were already made for such Royalty Period (each such payment, an “Annual Royalty Payment”, and the Quarterly Royalty Payments and the Annual Royalty Payments, taken together, the “Royalty Payments”) and less any amounts that Buyer sets off from such payment in accordance with this Section 1.4(b)(iv)(B), with no addition of interest. For the avoidance of doubt, if any Royalty Period’s Gross Profits do not exceed its Excluded Profits, the Annual Royalty Payment for that Royalty Period is zero (0). If the sum of Quarterly Royalty Payments made for any Royalty Period exceed the amount that, absent the application of Section 1.4(b)(iv)(A), would equal the Annual Royalty Payment due for such Royalty Period, then Buyer shall be entitled to set off from any subsequent payments due to the Sellers under this Agreement all or any portion of such excess. With the exception of such set-off right, in no event shall Buyer be entitled to any payment, refund, or credit if Gross Profits for any one or more Royalty Periods do not exceed the Excluded Profits for the corresponding Royalty Periods. By way of continuing the example from clause (iii) of Section 1.4(b)(iv)(A), if, through the end of the 2028 Royalty Period, Gross Profits for the 2028 Royalty Period equal \$261,475,000, then the Annual Royalty Payment in respect of the 2028 Royalty Period shall be equal to \$2,500,000 (i.e., 25% multiplied by the difference of (I) \$261,475,000 of Gross Profits minus (II) \$221,475,000 of Excluded Profits minus (III) \$30,000,000 (composed of three separate amounts of \$10,000,000 with respect to which a 25% Quarterly Royalty Payment was already made in respect of the 2028 Royalty Period)). Conversely, by way of continuing example from clause (iii) of Section 1.4(b)(iv)(A), if, through the end of the 2028 Royalty Period, Gross Profits for the 2028 Royalty Period equal \$241,475,000, then the \$7,500,000 of combined Quarterly Royalty Payments already made in respect of the 2028 Royalty Period will have exceeded the amount that, absent the application of Section 1.4(b)(iv)(A), would equal the Royalty Payments due for the 2028 Royalty Period (which

TABLE OF CONTENTS

amount would be equal to \$5,000,000, i.e. (I) 25% multiplied by the difference of (I) \$241,475,000 of Gross Profits in respect of the 2028 Royalty Period minus (II) \$221,475,000 of Excluded Profits) and, accordingly, Buyer shall be entitled to offset such \$2,500,000 excess from any subsequent amounts due to the Sellers under this Agreement.

(C) In the case of any Royalty Period that is shorter than one (1) calendar year, the Excluded Profits for such Royalty Period shall be pro-rated accordingly based on the number of days during such Royalty Period divided by three hundred sixty-five (365). By way of illustration, if the first (1st) Royalty Period runs from October 1, 2026 through December 31, 2026, then the Excluded Profits for such first (1st) Royalty Period will be equal to \$6,528,219.18 (i.e., \$25,900,000 multiplied by the quotient of ninety-two (92) days during such first Royalty Period divided by three hundred sixty-five (365) days).

<u>Royalty Period</u>	<u>Excluded Profits</u>
2026	\$ 25,900,000
2027	\$103,325,000
2028	\$221,475,000
2029	\$304,225,000
2030	\$420,450,000
2031	\$495,500,000
2032	\$555,125,000
2033	\$563,375,000
2034	\$611,250,000
2035	\$671,850,000
2036	\$692,005,500
2037	\$712,765,665
2038	\$734,148,636
2039	\$756,173,095

(c) Late Payments. In the event that any Contingent Payment is made after the date on which it is due pursuant to this Agreement, Buyer shall pay the amount of such Contingent Payment, plus interest from the date such Contingent Payment is due, at a rate of the lesser of (i) the prime rate as published in The Wall Street Journal in effect on the date such payment was required to be made and (ii) seven and one-half percent (7.5%) per annum (the "Specified Interest Rate").

(d) Reports by Sublicensees. If Buyer or any of its controlled Affiliates grants a license or sublicense to a Third Party to sell a Product and sales of such Product by such Third Party would, under the terms of such license or sublicense, result in payments within the definition of "Net Sales," Buyer shall require such Third Party to agree (i) to account for and report Net Sales using the same methodology as if they were Net Sales of Buyer and (ii) to keep and maintain complete and accurate records of Net Sales for each calendar year, and retain such records for a period of three (3) years thereafter. For the avoidance of doubt, at no time shall the net sales of any Third Party be included in the determination of Net Sales of Buyer, other than the economic benefits of such portion actually received by Buyer as and to the extent provided in the definition of Net Sales. In the case of a transaction subject to part (b) of the definition of "Net Sales," this Section 1.4(d) shall not apply even if such transaction includes the grant of a sublicense.

1.5 Purchase Price Adjustments.

(a) Estimated Closing Statement. Not later than five (5) Business Days prior to the Closing Date, the Seller Representative shall prepare or cause to be prepared in good faith and deliver to Buyer the following documents:

(i) An estimated consolidated balance sheet, statement of operations and statement of cash flows of the Company Group (the "Estimated Closing Financials") as of the Effective Time, together with a written statement (the "Estimated Closing Statement") setting forth in reasonable detail the Seller Representative's good faith estimates of the Closing Indebtedness (the "Estimated Closing Indebtedness"), Transaction Expenses (the "Estimated Transaction Expenses"), Closing Cash (the "Estimated Closing Cash"), Working Capital (the "Estimated Working Capital"), the Closing Operating

Profit (the “Estimated Closing Operating Profit”), the Operating Profit Adjustment (the “Estimated Operating Profit Adjustment”), and the resulting calculations of the Working Capital Adjustment (the “Estimated Working Capital Adjustment”), Prepayment Adjustment (the “Estimated Prepayment Adjustment”) and the Estimated Closing Payment, in each case as of the Effective Time (other than with respect to the Estimated Closing Indebtedness, the Estimated Transaction Expenses and the Estimated Prepayment Adjustment, which shall be as of immediately prior to the Closing) as derived from the Estimated Closing Financials. Schedule F sets forth, for illustrative purposes only, a non-numerical calculation of the Indebtedness, Transaction Expenses, Cash, Closing Operating Profit, Working Capital, Operating Profit Adjustment and Prepayment Adjustment and the resulting calculation of the Working Capital Adjustment (the “Sample Closing Statement”), prepared and calculated in accordance with the Accounting Principles. The Estimated Closing Statement (including the amounts of Estimated Closing Indebtedness, Estimated Transaction Expenses, Estimated Closing Cash, Estimated Closing Operating Profit, Estimated Operating Profit Adjustment, Estimated Working Capital, Estimated Prepayment Adjustment and the resulting Estimated Working Capital Adjustment set forth therein) shall be in the format set forth in the Sample Closing Statement, and the Estimated Closing Financials and the Estimated Closing Statement shall be prepared and calculated in good faith by the Seller Representative in accordance with the Accounting Principles, in each case unless otherwise agreed in writing by the Seller Representative and Buyer. Until two (2) Business Days prior to the Closing Date, Buyer may propose, and the Seller Representative will consider in good faith but is under no obligation to agree to, revisions to the Estimated Closing Financials and the Estimated Closing Statement. Unless the Seller Representative agrees to any such changes, the Estimated Closing Statement delivered by the Seller Representative shall be used for purposes of calculating Estimated Working Capital Adjustment and the Estimated Closing Payment.

(ii) A flow of funds memorandum (the “Flow of Funds Memorandum”) containing (x) the accounts and wire instructions for (A) the Sellers, (B) all intended recipients of payments and applicable amounts with respect to the Estimated Closing Indebtedness and (C) all intended recipients of payments and applicable amounts with respect to the estimated Transaction Expenses, (y) an acknowledgement and agreement, duly executed by the Seller Representative, that the Flow of Funds Memorandum sets forth a true and correct calculation of the amounts set forth therein (or a good faith estimate, in the case of the Estimated Closing Indebtedness and estimated Transaction Expenses) and (z) an allocation of the Purchase Price among the Sellers (the “Allocation Schedule”). Until two (2) Business Days prior to the Closing Date, Buyer may propose, and the Seller Representative will consider in good faith but is under no obligation to agree to, revisions to the Flow of Funds Memorandum.

(b) Post-Closing Adjustment.

(i) Within ninety (90) days after the Closing Date, Buyer shall deliver to the Seller Representative a consolidated balance sheet, statement of operations and statement of cash flows of the Company Group as of the Effective Time (the “Closing Financials”), together with a written statement (the “Closing Statement”) setting forth in reasonable detail Buyer’s proposed determinations of the actual Closing Indebtedness, Transaction Expenses, Closing Cash, Working Capital, Closing Operating Profit, Operating Profit Adjustment, Prepayment Adjustment and resulting calculations of the Working Capital Adjustment (including, as applicable, the Working Capital Surplus or the Working Capital Deficit) and the Closing Payment, in each case, as of the Effective Time (other than with respect to the Closing Indebtedness and the Transaction Expenses, which shall be as of immediately prior to the Closing) and as derived from the Closing Financials. The Closing Financials and the Closing Statement shall be in the format set forth in the Sample Closing Statement and prepared in good faith by Buyer in accordance with the Accounting Principles, in each case unless otherwise agreed by the Seller Representative and Buyer. If the amounts set forth on the Closing Statement differ from those set forth on the Estimated Closing Statement, then the Closing Statement shall include a statement showing (A) the specific line items in the Closing Cash, Working Capital, Prepayment Adjustment, Closing Operating Profit, Operating Profit Adjustment, Closing Indebtedness and Transaction Expenses corresponding to such differences; (B) the amount of each such line-item difference; and (C) in reasonable detail, the factual basis for each such difference.

(ii) As promptly as possible, but in any event no later than the fifth (5th) Business Day following the Determination Date, in accordance with Section 1.5(c), an adjustment to the Closing Payment shall be made as follows:

(A) If the Closing Payment as finally determined pursuant to Section 1.5(c) is less than the Estimated Closing Payment (the absolute value of such shortfall amount, the “Shortfall Adjustment Amount”) and (1) the Shortfall Adjustment Amount is equal to or greater than the Adjustment Escrow Funds, then Buyer and the Seller Representative shall deliver joint written instructions to the Escrow Agent to release to an account designated by Buyer an amount equal to the Adjustment Escrow Funds and, if the Shortfall Adjustment Amount is greater than the Adjustment Escrow Funds, the Seller Representative shall pay, or cause to be paid, to Buyer an amount equal to the Shortfall Adjustment Amount minus the Adjustment Escrow Funds (with such amount to be allocated by the Seller Representative severally (and not jointly) among the Sellers in accordance with the Allocation Schedule) plus interest calculated at the Specified Interest Rate for the period from the date such amount is due to Buyer hereunder to such date that such amount is so paid, or caused to be paid, by the Seller Representative to Buyer (provided, that to the extent the Seller Representative does not pay or cause to be paid to Buyer such amount within five (5) Business Days following the date on which the Seller Representative is required to make such payment pursuant to this sentence, then Buyer may (while maintaining its right to enforce the Seller Representative’s obligations pursuant to this sentence) require that the Sellers individually, on a several and not joint and several basis in accordance with the Allocation Schedule, pay or cause to be paid to Buyer such amount (including, for the avoidance of doubt, interest calculated at the Specified Interest Rate for the period from the date such amount is due to Buyer hereunder to such date that such amount is so paid by the Sellers to Buyer)), or (2) the Shortfall Adjustment Amount is less than the Adjustment Escrow Funds, then Buyer and the Seller Representative shall deliver joint written instructions to the Escrow Agent to release to an account designated by Buyer an amount equal to the Shortfall Adjustment Amount and to release to the accounts of the Sellers (allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) designated by the Seller Representative an amount equal to the Adjustment Escrow Funds minus the Shortfall Adjustment Amount; or

(B) If the Closing Payment as finally determined pursuant to Section 1.5(c) is greater than or equal to the Estimated Closing Payment (any such excess amount, the “Excess Adjustment Amount”), then (1) Buyer shall pay, or cause to be paid, to the Sellers an amount (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) equal to the Excess Adjustment Amount, if any, plus interest calculated at the Specified Interest Rate for the period from the date such amount is due to the Sellers hereunder to such date that such Excess Adjustment Amount is so paid by Buyer to the Sellers, and (2) Buyer and the Seller Representative shall deliver joint written instructions to the Escrow Agent to disburse the Adjustment Escrow Funds to the accounts of the Sellers (allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) designated in writing by the Seller Representative.

(iii) If the Sellers owe an amount to Buyer pursuant to Section 1.5(b)(ii)(A) and the Seller Representative has not made such payment to Buyer in full within the timeframe set forth in Section 1.5(b)(ii), then Buyer shall have the right to set off, from any of the Contingent Payments, all or a portion of such unpaid amount, plus, without duplication of the interest specified in Section 1.5(b)(ii)(A), interest calculated at the Specified Interest Rate for the period from the date such amount is due to Buyer hereunder to such date that such amount is so offset from such Contingent Payment.

(iv) Any payments made pursuant to this Section 1.5(b) shall be made in cash by wire transfer of immediately available funds, shall be without interest (except as expressly contemplated by clauses (ii) and (iii) immediately above) and shall be treated as an adjustment to the Initial Cash Consideration by the Parties for Tax purposes unless otherwise required by applicable Law.

(c) Examination and Review. Following the delivery of the Closing Financials and the Closing Statement pursuant to Section 1.5(b), Buyer shall give the Seller Representative and any of its accountants and authorized representatives prompt and reasonable access during normal business hours, as may be reasonably requested from time to time by the Seller Representative if, and to the extent, reasonably necessary, to the personnel (to the extent involved in the preparation of the Closing Statement) and to the books and records of the Company

Group relating to periods on or prior to the Closing Date for the sole purpose of preparing, reviewing and resolving any disputes relating to the calculation of any of the amounts set forth on the Closing Financials and the Closing Statement. The Closing Financials and the Closing Statement (and the proposed determinations of Closing Payment, Closing Operating Profit, Operating Profit Adjustment, Working Capital Surplus or Working Capital Deficit, Prepayment Adjustment, Closing Indebtedness, Transaction Expenses, Closing Cash, and Working Capital reflected on the Closing Statement) will be final, conclusive and binding on the Parties unless the Seller Representative notifies Buyer in writing within thirty (30) days (the "Objection Deadline Date") after receipt of Buyer's determination of the Closing Payment, Closing Operating Profit, Operating Profit Adjustment, Working Capital Surplus or Working Capital Deficit, Closing Cash, Working Capital, Closing Indebtedness and Transaction Expenses that the Seller Representative disagrees with Buyer's determination of any such amounts (a "Notice of Disagreement"). If the Seller Representative timely delivers a Notice of Disagreement, only those matters specified in such Notice of Disagreement shall be deemed to be in dispute (such matters, the "Disputed Amounts") and all such Disputed Amounts shall be based only on (i) mathematical or clerical errors, (ii) that the amounts included in or absent from the Closing Statement were not determined in accordance with the definitions of Closing Payment, Closing Operating Profit, Operating Profit Adjustment, Working Capital Surplus or Working Capital Deficit, Prepayment Adjustment, Closing Cash, Working Capital, Closing Indebtedness and Transaction Expenses, or (iii) the calculation of the amounts included in the Closing Statement were not determined in accordance with this Agreement. The Notice of Disagreement shall specify what the Seller Representative reasonably believes is the correct amount for each Disputed Amount and be accompanied by a reasonably detailed explanation. Any component of the calculations set forth in the Closing Statement that is not the subject of a timely delivered Notice of Disagreement by the Seller Representative shall be final and binding upon Buyer and the Sellers. If the Seller Representative delivers a Notice of Disagreement by the Objection Deadline Date, Buyer and the Seller Representative thereafter shall negotiate in good faith to resolve any Disputed Amounts. All such discussions and communications related thereto shall (unless otherwise agreed by Buyer and the Seller Representative) be governed by Rule 408 of the Federal Rules of Evidence and any applicable similar state rule, and any resolution by them agreed to in writing as to any Disputed Amounts shall be final, binding and conclusive. If Buyer and the Seller Representative are unable to resolve all Disputed Amounts within thirty (30) days after the Seller Representative delivers the Notice Of Disagreement, Buyer and the Seller Representative shall submit any remaining Disputed Amounts to an impartial nationally recognized firm of independent certified public accountants experienced in the resolution of purchase price disputes other than the Seller Representative's, the Company Group's or Buyer's accountants and reasonably acceptable to the Seller Representative and Buyer (the "Independent Accounting Firm") for resolution within thirty (30) days following expiration of the thirty (30) day negotiation period. Each of the Seller Representative and Buyer shall furnish to the Independent Accounting Firm such information and documents as may be requested by the Independent Accounting Firm and may also furnish to the Independent Accounting Firm such other information and documents as such Party deems relevant, in each case with copies being given to the other Party substantially simultaneously. The Independent Accounting Firm shall, at its discretion or at the written request of the Seller Representative or Buyer, conduct a conference with both of the Seller Representative and Buyer concerning the Disputed Amounts and each of Buyer and the Seller Representative shall have the right to present additional documents, materials and other information and to have present its Representatives at such conference. No Party or its Representatives shall be permitted to engage in any ex-parte communications (whether written or oral) with the Independent Accounting Firm. The Independent Accounting Firm shall only review the Disputed Amounts (and shall not investigate any other matter independently) and in no event shall the decision of the Independent Accounting Firm provide for a calculation of any Disputed Amount that is less than the lowest value for such Disputed Amount claimed by Buyer or the Seller Representative, as applicable, or greater than the highest amount for such Disputed Amount claimed by Buyer or the Seller Representative, as applicable. The Independent Accounting Firm's determination will be (i) in writing, (ii) furnished to each of Buyer and the Seller Representative within thirty (30) days after the Seller Representative's and Buyer's respective final calculations of the Disputed Amounts have been submitted to the Independent Accounting Firm, (iii) limited in scope to whether such final calculations of the Disputed Amounts were done in accordance with Section 1.5, the related definitions herein and/or contained mathematical or clerical errors and (iv) accompanied by a reasonably detailed basis for its determination in respect of each Disputed Amount under its review. The resolution of the Disputed Amounts and the determination of the Closing Cash, Working Capital, Prepayment Adjustment, Closing Indebtedness and Transaction Expenses by the Independent Accounting Firm, absent

TABLE OF CONTENTS

fraud, intentional misconduct (including a deliberately misleading submission by a Party or its Representatives) or manifest error, shall be final and binding on Buyer and the Sellers and may be entered as a final judgment in any court of competent jurisdiction. The first date upon which the Closing Cash, Working Capital, Prepayment Adjustment, Closing Indebtedness and Transaction Expenses has been definitively determined pursuant to this Section 1.5(c) shall be referred to herein as the “Determination Date”. The Parties agree that the procedures set forth in this Section 1.5(c) for resolving disputes with respect to the Closing Statement, Closing Payment, Closing Operating Profit, Operating Profit Adjustment, Working Capital Surplus or Working Capital Deficit, Prepayment Adjustment, Closing Cash, Working Capital, Closing Indebtedness and Transaction Expenses shall be the sole and exclusive method for resolving any such disputes. The fees and disbursements of the Independent Accounting Firm with respect to a Notice of Disagreement shall be allocated between Buyer, on the one hand, and the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule), on the other hand, based upon a fraction, the numerator of which is the portion of the aggregate monetary amount of the Disputed Amounts not awarded to the applicable Party and the denominator of which is the aggregate monetary amount of the Disputed Amounts, as determined by the Independent Accounting Firm in its final determination. For example, if the Seller Representative objects to the Closing Statement calculations in the net amount of \$1,000,000, and the Independent Accounting Firm determines that the Seller Representative has a valid claim for \$400,000 of the \$1,000,000, the Sellers (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) shall bear 60% of the fees and expenses of the Independent Accounting Firm and Buyer shall bear 40% of the fees and expenses of the Independent Accounting Firm. Each of Buyer and the Seller Representative agrees to use its commercially reasonable efforts to cooperate with the Independent Accounting Firm (including by executing a customary engagement letter reasonably acceptable to it) and to cause the Independent Accounting Firm to resolve any such dispute as soon as practicable after the commencement of the Independent Accounting Firm’s engagement. The Independent Accounting Firm shall act as an expert, not as an arbitrator, in resolving such Disputed Amounts; provided, that the Independent Accounting Firm shall be entitled to the immunities of an arbitrator.

(d) If any refunds in respect of the disputed GST tax receivables from the January 28, 2026 filing with the Indian government (which refunds and any receivable relating thereto, for the avoidance of doubt, shall be excluded from Working Capital, Operating Profit and the Closing Payment) are received by Buyer or any of its Subsidiaries (including the Company or any of its Subsidiaries) after the Closing, Buyer shall, and cause the Company Group to, pay over to the Seller Representative (to be allocated among the Sellers by the Seller Representative in accordance with the Allocation Schedule) any such refund (including any interest received with respect thereto) within ten (10) days after receipt thereof, net of any reasonable costs or expenses or Taxes incurred by the Company Group or Buyer in procuring such refund.

(e) If any of the cash held as collateral pursuant to the Letter of Credit, dated December 3, 2025, by and between East West Bank and the Company (for the premises located at 100 New England Avenue, Piscataway, New Jersey) is released by East West Bank to Buyer or any of its Subsidiaries (including the Company or any of its Subsidiaries) between the Closing and one hundred-eighty (180) days after the Closing Date, Buyer shall, and shall cause the Company Group to, deliver such released cash to the Seller Representative (to be allocated among the Sellers by the Seller Representative in accordance with the Allocation Schedule) within ten (10) days after receipt thereof, solely to the extent such released cash constituted Restricted Cash for purposes of the determination of the Closing Payment. Buyer shall use commercially reasonable efforts to cause the security deposit under the Company’s lease for the premises located at 100 New England Avenue, Piscataway, New Jersey to be reduced per its terms as promptly as practicable after the Closing; provided, that none of Buyer or any of its Subsidiaries shall be required to make payments, commence litigation or agree to adverse modifications of the terms and conditions of any agreements with third parties in connection therewith.

1.6 Withholding. Notwithstanding any other provision in this Agreement, the Company, the Sellers, Buyer, the Escrow Agent and any other Person that has any withholding obligation with respect to any payment made pursuant to this Agreement shall have the right to deduct and withhold from any consideration otherwise payable pursuant to this Agreement such amounts as the Company, the Sellers, Buyer or other applicable payor are required to deduct and withhold with respect to the making of such payment under any applicable Law and to collect any necessary Tax forms, including an appropriate Form W-9, or any similar information, in connection therewith to reduce or mitigate any such obligation to withhold. Except in the case of compensatory payments or withholding as a result of failure to deliver any IRS Form W-9 required pursuant to Section 6.2(e), each of the Company, the Seller Representative,

TABLE OF CONTENTS

Buyer, the Escrow Agent or other applicable payor shall promptly provide notice to Buyer or the Seller Representative, as applicable, in respect of any withholding expected to be made at least ten (10) Business Days prior to any such withholding, and the Parties shall cooperate in good faith to eliminate or mitigate such withholding. The withholding Party shall provide to other Party evidence reasonably satisfactory to such other Party of the timely payment of any withheld amounts to the relevant Governmental Authority. To the extent that amounts are withheld and paid to the appropriate Governmental Authority, such withheld amounts shall be treated for all purposes of this Agreement as having been delivered and paid to the applicable Person in respect of which such deduction and withholding was made.

1.7 Closing. Subject to the terms and conditions hereof, the closing of the purchase and sale of the Acquired Membership Interests pursuant to this Agreement (the “Closing”) shall take place at 10:00 a.m. (local time) at the offices of Holland & Knight LLP, 787 Seventh Avenue, 31st Floor, New York, New York 10019, or remotely via the exchange of documents and signatures in PDF format or by facsimile on a date to be mutually agreed to by Buyer and the Seller Representative, which date shall be no later than five (5) Business Days after the satisfaction or waiver of the last of the conditions set forth in Article VI to be satisfied or waived (other than those conditions to be satisfied at the Closing), or at such other time, date and location as the Parties agree in writing (the “Closing Date”). The Parties will treat the Closing as being effective at 12:01 a.m. Eastern Time on the Closing Date (the “Effective Time”).

1.8 Fractional Shares. No fractional shares of Amneal Class A Common Stock shall be issued to the Sellers pursuant to this Agreement. In lieu of the issuance of any such fractional share, Buyer shall pay to each Seller who otherwise would be entitled to receive such fractional share an amount in cash (rounded to the nearest cent) determined by multiplying (i) the volume-weighted average of the per share closing price of Amneal Class A Common Stock for the consecutive period of ten (10) full trading days ending on the trading day that is five (5) days preceding the Closing Date by (ii) the fraction of a share (after taking into account all Membership Interests held by such Seller immediately prior to the Closing and rounded to the nearest thousandth when expressed in decimal form) of Amneal Class A Common Stock to which such holder would otherwise be entitled to receive pursuant to Section 1.2.

1.9 Adjustment. In the event that, between the date of this Agreement and the Closing Date, the outstanding shares of Amneal Common Stock shall have been changed into or exchanged for a different number or class of shares as a result of any stock split, reverse stock split, stock dividend, recapitalization, reclassification, combination, exchange of shares or other similar event, the Equity Consideration shall be appropriately and proportionately adjusted to reflect such event and to give the Parties the same economic effect as contemplated by this Agreement prior to such event; provided, that nothing in this Section 1.9 shall be construed to permit Buyer to take any action with respect to its securities that is otherwise prohibited by the terms of this Agreement.

ARTICLE II REPRESENTATIONS AND WARRANTIES OF BUYER

Except (a) as set forth in the Buyer Disclosure Schedule or (b) as disclosed in the Buyer SEC Documents filed after January 1, 2024 and prior to the date hereof (but disregarding risk factor disclosures contained under the heading “Risk Factors,” or disclosures of risks set forth in any “forward-looking statements” disclaimer or any other statements that are similarly non-specific or cautionary, predictive or forward-looking in nature), Buyer hereby represents and warrants to the Sellers that the statements contained in this Article II are true, correct and complete as of the date hereof and as of the Closing Date (or, if made as of a specified date, as of such date).

2.1 Organization and Standing. Buyer is a corporation duly incorporated, validly existing and in good standing under the Laws of Delaware with full power and authority to own, lease, use and operate its properties and to conduct its business as and where now owned, leased, used, operated and conducted. Buyer is duly qualified to do business and is in good standing in each jurisdiction in which the nature of the business conducted by it or the property it owns, leases or operates, makes such qualification necessary, except where the failure to be so qualified would not have a Material Adverse Effect on Buyer.

2.2 Corporate Power and Authority.

(a) Buyer has all requisite corporate power and authority to execute and deliver this Agreement and the Ancillary Documents to which it is or will be a party, to perform its obligations hereunder and thereunder and to consummate the transactions contemplated hereby and thereby, subject to (i) the approval of the Stock Issuance by the affirmative vote of a majority of the votes cast by the holders of Amneal Common Stock at the

TABLE OF CONTENTS

Buyer Meeting (the “Buyer Stockholder Approval”) and (ii) the approval of this Agreement and the transactions contemplated hereby by the affirmative vote of a majority of the votes cast by the holders of the outstanding shares of Amneal Common Stock entitled to vote thereon, other than any outstanding shares of Amneal Common Stock beneficially owned, directly or indirectly, by (u) any member of the Amneal Group, (v) any Affiliate (as defined in the Buyer Stockholders’ Agreement) of the Amneal Group, (w) the Company and the Sellers, (x) any stockholder with a director position at any Seller, (y) any Person that Buyer has determined to be an “officer” of Buyer within the meaning of Rule 16a-1(f) of the Exchange Act or (z) any “immediate family member” (as defined in Item 404 of Regulation S-K) of any of the foregoing (such approval, the “Buyer Disinterested Stockholder Approval” and the holders of Amneal Common Stock entitled to vote on the Buyer Disinterested Stockholder Approval other than those excluded pursuant to the foregoing clauses (u) through (z), the “Buyer Disinterested Stockholders”). The execution and delivery of this Agreement is, and each of the Ancillary Documents to be executed and delivered by Buyer at the Closing will be, duly and validly executed and delivered by Buyer. Assuming due authorization, execution and delivery by the Company, the Sellers and the Seller Representative (for documents to which the Company, the Sellers and the Seller Representative are a party, as applicable), this Agreement, and each Ancillary Document to which Buyer is or will be a party constitute the legal, valid and binding obligations of Buyer, enforceable against Buyer in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar Laws affecting creditors’ rights generally and by general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity).

(b) The Buyer Conflicts Committee has unanimously (i) determined that this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, including the consideration to be paid in connection therewith, are advisable and fair to, and in the best interests of, Buyer and Buyer’s stockholders (including the Buyer Disinterested Stockholders), (ii) adopted, approved and declared advisable this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, (iii) directed that the Stock Issuance and this Agreement and the transactions contemplated hereby be submitted to Buyer’s stockholders for approval and adoption, (iv) resolved to recommend that Buyer’s stockholders adopt and approve the Stock Issuance and this Agreement and the transactions contemplated hereby (such recommendation, the “Buyer Conflicts Committee Recommendation”) and (v) recommended that the Buyer Board do each of the foregoing. As of the date of this Agreement, the foregoing determinations and resolutions have not been rescinded, modified or withdrawn.

(c) The Buyer Board, upon the unanimous recommendation of the Buyer Conflicts Committee, has (i) determined that this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, including the consideration to be paid in connection therewith, are advisable and fair to, and in the best interests of, Buyer and Buyer’s stockholders (including the Buyer Disinterested Stockholders), (ii) adopted, approved and declared advisable this Agreement and the Ancillary Documents to which Buyer is or will be a party and the transactions contemplated hereby and thereby, (iii) directed that the Stock Issuance and this Agreement and the transactions contemplated hereby be submitted to Buyer’s stockholders for approval and adoption, and (iv) resolved to recommend that Buyer’s stockholders adopt and approve the Stock Issuance and this Agreement and the transactions contemplated hereby (such recommendation, the “Buyer Board Recommendation”). As of the date of this Agreement, the foregoing determinations and resolutions have not been rescinded, modified or withdrawn.

(d) No corporate proceedings on the part of Buyer (whether in the nature of an approval by the Buyer Board, the Buyer Conflicts Committee, Buyer’s stockholders or otherwise) are necessary to approve the execution, delivery, performance or consummation of this Agreement, any Ancillary Document or the transactions contemplated hereby or thereby that have not been so obtained, except for the receipt of the Buyer Stockholder Approval.

2.3 Conflicts, Consents and Approvals. Neither the execution nor delivery by Buyer of this Agreement or the Ancillary Documents to which Buyer is or will be a party nor the consummation of the transactions contemplated hereby or thereby will:

- (a) conflict with, or result in a breach of any provision of the Organizational Documents of Buyer;
- (b) materially violate, or conflict with, or result in a material breach of, any provision of, or constitute a material default (or an event which, with the giving of notice, the passage of time or otherwise, would

constitute a default) or result in any loss of any material benefit under, or entitle any Person (with the giving of notice, the passage of time or otherwise) to terminate, accelerate or call a default under, or result in the creation of any Encumbrance upon any of the material properties or assets of Buyer under, any of the terms, conditions or provisions of any Contract to which Buyer is a party or by which its assets or properties are bound;

(c) violate any order, writ, injunction, decree, statute, rule or regulation, applicable to Buyer or any of Buyer's properties or assets; or

(d) require any action or consent or approval of, or review by, or registration or filing with any third party or any Governmental Authority, or other regulatory or self-regulatory body, except for (i) compliance with any applicable requirements of the HSR Act and as set forth in Section 2.3(d) of the Buyer Disclosure Schedule, (ii) such filings as are required to be made with the Nasdaq Stock Market LLC ("NASDAQ"), (iii) such filings or approvals as are required to be made or obtained under applicable securities laws or "Blue Sky" laws of various states, including in connection with the Stock Issuance, and approval of the listing of the Equity Consideration on the NASDAQ, and (iv) the filing by Buyer with the SEC of the Proxy Statement and the clearance by the SEC of the Proxy Statement, except in the case of clauses (b), (c) and (d) above, as would not have a Material Adverse Effect on Buyer.

2.4 Sufficiency of Funds; Amneal Class A Common Stock.

(a) Buyer will have at the Closing sufficient unrestricted cash on hand or other sources of immediately available funds to enable it to make payment of the Initial Cash Consideration.

(b) The shares of Amneal Class A Common Stock to be delivered pursuant to this Agreement will, when issued, be (i) duly authorized, validly issued and non-assessable, (ii) free and clear of all Encumbrances (other than Encumbrances arising under applicable federal and state securities Laws or under the Buyer Stockholders' Agreement), and (iii) not issued in violation of any preemptive or similar rights. Buyer is eligible under applicable federal securities Laws to file an automatic shelf registration statement on Form S-3 to register the shares of Amneal Class A Common Stock to be delivered pursuant to this Agreement for resale.

(c) Assuming that the representations and warranties set forth in Section 4.7 are true and correct in all respects as of the date of this Agreement and as of the Closing Date, the offer and sale of shares of Amneal Class A Common Stock to be delivered pursuant to this Agreement will be exempt from the registration and prospectus delivery requirements of the Securities Act and the rules and regulations promulgated thereunder. The Amneal Class A Common Stock is registered pursuant to Section 12(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and listed for trading on NASDAQ. Buyer has taken no action designed to, or which to Buyer's Knowledge is likely to have the effect of, terminating the registration of the Amneal Class A Common Stock under the Exchange Act nor has Buyer received any written notification that the SEC is contemplating terminating such registration. Buyer has not received any written notice from NASDAQ to the effect that Buyer is not in compliance with the listing requirements of NASDAQ.

2.5 Investment Intent. Buyer is acquiring the Acquired Membership Interests for its own account and not with a view to any resale or distribution within the meaning of Section 2(11) of the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder (the "Securities Act").

2.6 Independent Investigation. Buyer has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of its participation in the transactions described herein. Buyer has conducted its own independent review and analysis of, and based thereon has formed an independent judgment concerning, the assets, liabilities, condition, operations and prospects of the Business. In entering into this Agreement, Buyer has relied solely upon its own review and analysis and the specific representations and warranties of the Sellers and the Company expressly set forth in this Agreement and the Ancillary Documents and not on any representations, warranties, statements or omissions by any Person other than the Company and the Sellers, or by the Sellers or the Company other than those specific representations and warranties expressly set forth in this Agreement and the Ancillary Documents. Buyer acknowledges that, except for the representations and warranties expressly set forth in this Agreement and the Ancillary Documents, no Seller nor the Company, their respective Affiliates or any of their respective equityholders or other Representatives has made or makes, and Buyer has not relied on and is not relying on, any representation, warranty or statement, either express or implied, (a) as to the accuracy or completeness of any of the information delivered or made available to Buyer, any of its Affiliates or any of its or their respective directors, officers, employees, equityholders, agents or other Representatives or lenders and (b) with

respect to any projections, forecasts, estimates, plans or budgets of future revenues, expenses or expenditures, future results of operations (or any component thereof), future cash flows (or any component thereof) or future financial condition (or any component thereof) of the Business delivered or made available to Buyer, any of its Affiliates or any of its or their respective equityholders, Representatives or lenders. Nothing in this Section 2.6 shall apply to or limit any claim for Fraud.

2.7 Brokerage and Finder's Fee. Except for Goldman Sachs & Co. LLC, no broker, finder or investment banker or other person is directly or indirectly entitled to any brokerage, finder's or other fee or commission or any similar charge in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of Buyer or any of its Affiliates.

2.8 Litigation. As of the date hereof, there are no Actions pending or threatened in writing (or, to Buyer's Knowledge, orally) against or otherwise relating to Buyer that challenge or seek to enjoin, alter or materially delay the transactions contemplated herein or that would reasonably be expected to have a Material Adverse Effect on Buyer.

2.9 Capitalization. Buyer has 1,202,000,000 authorized shares of capital stock, consisting of (a) 1,200,000,000 shares of common stock, \$0.01 par value per share, of which 900,000,000 are designated as Class A common stock and 300,000,000 are designated as Class B common stock, and (b) 2,000,000 shares of blank check preferred stock, \$0.01 par value per share (the "Buyer Preferred Stock"). As of the close of business on the Buyer Capitalization Reference Date, except as set forth in the preceding sentence (and any shares of Amneal Class A Common Stock reserved for issuance upon the settlement of outstanding restricted stock units, performance-based restricted stock units, and outstanding stock options), there were no issued and outstanding equity interests of Buyer. As of the close of business on the Buyer Capitalization Reference Date, there were no outstanding obligations of Buyer or any of its Subsidiaries to repurchase, redeem or otherwise acquire any equity interests of Buyer. Buyer has, and will continue to have through the Closing, sufficient authorized but unissued shares or treasury shares of Amneal Class A Common Stock for Buyer to meet its obligation to deliver the Equity Consideration under this Agreement.

2.10 SEC Filings and Sarbanes-Oxley Act. As of its filing date (and as of the date of any amendment), each document filed with or furnished to the SEC by Buyer since January 1, 2024 (collectively, together with any exhibits and schedules thereto and other information incorporated therein, and as amended from time to time, the "Buyer SEC Documents") has complied in all material respects with the applicable requirements of NASDAQ, the Securities Act, the Exchange Act and the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). As of its filing date (or, if amended or superseded by a filing prior to the date of this Agreement, on the date of such amended or superseding filing), each Buyer SEC Document did not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. Buyer is, and since January 1, 2024 has been, in compliance in all material respects with (a) the applicable provisions of the Sarbanes-Oxley Act and (b) the applicable listing and corporate governance rules and regulations of NASDAQ. Buyer has, in compliance with Rule 13a-15 under the Exchange Act, since January 1, 2024, established and maintained disclosure controls and procedures designed to ensure that all material information relating to Buyer, including its consolidated Subsidiaries, is made known to Buyer's principal executive officer and its principal financial officer by others within those entities. Such disclosure controls and procedures are designed to timely alert Buyer's principal executive officer and principal financial officer to material information required to be included in Buyer's periodic and current reports required under the Exchange Act. Buyer and its Subsidiaries have established and maintained since January 1, 2024, and continue to maintain, a system of internal controls. Such internal controls are designed to provide reasonable assurance regarding the reliability of Buyer's financial reporting and the preparation of Buyer's consolidated financial statements for external purposes in accordance with GAAP. Buyer disclosed, based on its most recent evaluation of such internal controls prior to the date of this Agreement, to Buyer's auditors and the Audit Committee of the Buyer Board (i) all significant deficiencies and material weaknesses in the design or operation of internal controls which are reasonably likely to adversely affect Buyer's ability to record, process, summarize and report financial information and (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in internal controls.

2.11 Financial Statements and Financial Matters. The audited consolidated financial statements and interim unaudited consolidated financial statements of Buyer included or incorporated by reference in the Buyer SEC

TABLE OF CONTENTS

Documents (such as audited financial statements, the “Audited Financial Statements” and such unaudited financial statements, the “Unaudited Financial Statements”) (a) have been prepared based on the books and records of Buyer and its Subsidiaries, and (b) fairly present, in all material respects, in conformity with GAAP applied on a consistent basis during the periods presented (except as may be indicated in the notes thereto), the consolidated financial position of Buyer and its Subsidiaries as of the dates thereof and their consolidated results of operations and cash flows for the periods then ended. The Unaudited Financial Statements have been prepared in accordance with the requirements of the U.S. Securities and Exchange Commission and GAAP for interim reporting and include all adjustments that, in the opinion of management, are necessary for a fair presentation of the financial position, results of operations and cash flows of Buyer for the periods presented but do not include all information and accompanying notes required for annual financial statements prepared in accordance with GAAP and should be read in conjunction with the Audited Financial Statements for the corresponding fiscal year. The books and records of Buyer and its Subsidiaries have been, and are being, maintained in all material respects in accordance with applicable Law. Since January 1, 2024, no independent registered public accounting firm of Buyer and no independent public accounting firm of any Subsidiary of Buyer has resigned (or informed Buyer that it intends to resign) or been dismissed as accountants of Buyer or any of its Subsidiaries as a result of or in connection with any disagreements with Buyer or any of its Subsidiaries on a matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure. From January 1, 2024 to the date of this Agreement, Buyer has not received written notice from the SEC indicating that any of its accounting policies or practices are or may be the subject of any review, inquiry, investigation or challenge by the SEC.

2.12 Undisclosed Liabilities. There are no Liabilities of Buyer or any of its Subsidiaries that would be required by GAAP to be reflected or reserved against on a consolidated balance sheet of such entities, other than:

(a) Liabilities reflected or reserved against in the audited consolidated financial statements of Buyer included or incorporated by reference in the Buyer SEC Documents or disclosed in the notes thereto; (b) Liabilities incurred in the ordinary course of business since December 31, 2025; (c) Liabilities that have been discharged prior to the date hereof; (d) Liabilities incurred in connection with the transactions contemplated by this Agreement; and (e) other undisclosed Liabilities which would not reasonably be expected to have a Material Adverse Effect on Buyer.

2.13 Buyer Information. The information relating to Buyer and its Subsidiaries that is included in the Proxy Statement, or in any application, notification or other document filed by the Buyer with any Governmental Authority in connection with the transactions contemplated by this Agreement, will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they are made, not misleading. The Proxy Statement (except for such portions thereof that relate only to the Sellers, the Company or any of their respective Affiliates) will comply in all material respects with the provisions of the Securities Act and the Exchange Act and the rules and regulations thereunder. Notwithstanding the foregoing, no representation or warranty is made by Buyer with respect to statements made or incorporated by reference therein based on information provided or supplied by or on behalf of the Sellers or the Company for inclusion in the Proxy Statement.

2.14 No Other Representations and Warranties. EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES CONTAINED IN THIS ARTICLE II (AS MODIFIED BY THE DISCLOSURE SCHEDULE HERETO), OR ANY ANCILLARY DOCUMENTS, NEITHER BUYER NOR ANY OTHER PERSON MAKES ANY OTHER EXPRESS OR IMPLIED REPRESENTATION OR WARRANTY WITH RESPECT TO BUYER. EXCEPT AS EXPRESSLY SET FORTH IN THIS ARTICLE II, BUYER DISCLAIMS ANY AND ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, PROJECTION, FORECAST, STATEMENT, OR INFORMATION MADE, COMMUNICATED, OR FURNISHED (ORALLY OR IN WRITING) TO THE COMPANY GROUP, THE SELLERS OR THEIR RESPECTIVE AFFILIATES, OR THEIR RESPECTIVE REPRESENTATIVES (INCLUDING ANY OPINION, INFORMATION, PROJECTION, OR ADVICE THAT MAY HAVE BEEN OR MAY BE PROVIDED TO THE COMPANY GROUP OR THE SELLERS BY ANY DIRECTOR, OFFICER, EMPLOYEE, AGENT, CONSULTANT, OR OTHER REPRESENTATIVE OF BUYER, OR ANY OF THEIR RESPECTIVE AFFILIATES); PROVIDED, THAT NOTHING IN THIS SECTION 2.14 SHALL AFFECT ANY CLAIM FOR FRAUD. EXCEPT AS EXPRESSLY SET FORTH IN THIS ARTICLE II (AS MODIFIED BY THE DISCLOSURE SCHEDULE HERETO, AS SUPPLEMENTED AND AMENDED TO THE EXTENT PERMITTED BY THIS AGREEMENT), BUYER MAKES NO REPRESENTATION OR WARRANTY TO THE COMPANY GROUP OR THE SELLERS REGARDING THE PROBABLE SUCCESS OR FUTURE PROFITABILITY OF BUYER. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CONDITION OF THE ASSETS OF BUYER SHALL

BE “AS IS” AND “WHERE IS” AND BUYER DOES NOT MAKE ANY WARRANTY OF MERCHANTABILITY, SUITABILITY, FITNESS FOR A PARTICULAR PURPOSE OR QUALITY WITH RESPECT TO ANY OF THE TANGIBLE ASSETS OF BUYER OR AS TO THE CONDITION OR WORKMANSHIP THEREOF OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT. IT IS UNDERSTOOD THAT ANY DUE DILIGENCE MATERIALS MADE AVAILABLE TO THE COMPANY GROUP, THE SELLERS OR THEIR RESPECTIVE AFFILIATES, OR THEIR RESPECTIVE REPRESENTATIVES DO NOT, DIRECTLY OR INDIRECTLY, AND SHALL NOT BE DEEMED TO, DIRECTLY OR INDIRECTLY, CONTAIN REPRESENTATIONS OR WARRANTIES OF THE BUYER OR ITS AFFILIATES.

ARTICLE III REPRESENTATIONS AND WARRANTIES AS TO THE COMPANY

Except as set forth in the Disclosure Schedule, the Company hereby represents and warrants to Buyer that the statements contained in this Article III are true, correct and complete as of the date hereof and as of the Closing Date (or, if made as of a specified date, as of such date).

3.1 Organization and Standing; Power and Authority; Pre-Signing Reorganization.

(a) The Company is a limited liability company duly organized, validly existing and in good standing under the Laws of the State of Delaware, and has all requisite limited liability company power and authority to own, operate or lease the properties and assets now owned, operated or leased by it, and to carry on the Business. The Company is duly qualified to do business as a foreign company, and is in good standing, under the Laws of each jurisdiction in which the character of its properties owned, operated or leased, or the nature of its activities, makes such qualification necessary, except in those jurisdictions where the failure to be so qualified or in good standing, would not be material to the Company. The Company is not in default under or in violation of any provision of the Organizational Documents of the Company, each as amended to date, and all such documents are in full force and effect. True and complete copies (including all amendments thereto) of the Company Certificate of Formation and the Company LLC Agreement, each in effect as of the date of this Agreement, have been made available to Buyer or its advisors.

(b) Section 3.1(b) of the Disclosure Schedule sets forth a list of all Subsidiaries of the Company, the ownership interest of the Company in each such Subsidiary, as well as the ownership interest of any other Person or Persons in each such Subsidiary. Except as would not, either individually or in the aggregate, reasonably be expected to have a Material Adverse Effect on the Company, each Subsidiary of the Company (i) is duly incorporated or duly formed, as applicable to each such Subsidiary, and validly existing and, where such concept is recognized under applicable Law, in good standing under the Laws of its jurisdiction of organization and (ii) has the requisite corporate (or similar) power and authority to own or lease all of its properties and assets and to carry on its business as it is now being conducted and is duly licensed or qualified to do business in each jurisdiction in which the nature of the business conducted by it, or the character or location of the properties and assets owned or leased by it, makes such licensing or qualification necessary. None of the members of the Company Group owns, directly or indirectly, any equity interests, any phantom stock or units or similar rights providing economic benefits based, directly or indirectly, on the value or price of the equity interests or other interests of or in any Person or other equity or voting interest in, or any other securities convertible or exchange into or exercisable for any equity or voting interest in, any Person other than as set forth in Section 3.1(b) of the Disclosure Schedule.

(c) True, complete and correct copies of the Organizational Documents of each Subsidiary of the Company as in full force and effect as of the date of this Agreement have been provided to Buyer.

(d) The Company has all requisite limited liability company power and authority to execute and deliver this Agreement and the Ancillary Documents to which it is or will be a party, to perform its obligations hereunder and thereunder and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement is, and each of the Ancillary Documents to be executed and delivered by the Company at the Closing will be, duly and validly executed and delivered by the Company. Assuming due authorization, execution and delivery by Buyer, the Sellers and the Seller Representative (for documents to which Buyer, the Sellers and the Seller Representative are a party, as applicable), this Agreement, and each Ancillary Document to which the Company is or will be a party constitute the legal, valid and binding obligations of the Company, enforceable against the Company in accordance with its terms except as such

enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar Laws affecting creditors' rights generally and by general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity). No corporate proceedings on the part of the Company (whether in the nature of an approval by the board of managers (or equivalent governing body) of the Company, the members of the Company or otherwise) are necessary to approve the execution, delivery, performance or consummation of this Agreement, any Ancillary Document or the transactions contemplated hereby or thereby that have not been so obtained.

(e) Pre-Signing Reorganization.

(i) Due Authorization. As of the execution and delivery of the Pre-Signing Reorganization Documents and as of the consummation of the transactions contemplated thereby, including the Pre-Signing Reorganization, each of the Reorg Persons had all requisite organizational power and authority to execute and deliver each Pre-Signing Reorganization Document to which it was a party, to perform its obligations thereunder and to consummate the transactions contemplated thereby, including the Pre-Signing Reorganization. As to each Reorg Person, the execution and delivery of each Pre-Signing Reorganization Document to which such Reorg Person was a party was duly and validly executed and delivered by such Reorg Person and, assuming the due authorization, execution and delivery by each other Reorg Person party thereto, constituted the legal, valid and binding obligations of such Reorg Person, enforceable against such Reorg Person in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar Laws affecting creditors' rights generally and by general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity). No corporate proceedings on the part of any Reorg Person (whether in the nature of an approval by the board of managers (or equivalent governing body) of such Reorg Person, the members of such Reorg Person or otherwise) were necessary to approve the execution or delivery of any of the Pre-Signing Reorganization Documents to which such Reorg Person was a party or the performance or the consummation of the Pre-Signing Reorganization that were not so obtained. As to each Reorg Person, if such Reorg Person is a natural Person and is married, and any of the equity interests held by such natural Person in any other Reorg Person or the Company constitute community property or otherwise need spousal or other approval for any Pre-Signing Reorganization Document to be legal, valid and binding, such Pre-Signing Reorganization Document was duly and validly executed and delivered by such natural Person's spouse and, assuming due authorization, execution and delivery by each other Person party thereto, constitutes a legal, valid and binding obligation of such natural Person's spouse, enforceable against such natural Person's spouse in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar Laws affecting creditors' rights generally and by general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity).

(ii) Conflicts; Consents and Approvals. As to each Reorg Person, neither the execution and delivery of the Pre-Signing Reorg Documents to which such Reorg Person was a party nor the performance or consummation of the transactions contemplated thereby, including the Pre-Signing Reorganization, did or will:

(A) conflict with, or result in a breach of, any provision of the Organizational Documents of any Reorg Person or any member of the Company Group;

(B) violate, or conflict in any respect with, or result in a breach of any provision of, or constitute a default (or an event which, with the giving of notice, the passage of time or otherwise, would constitute a default) or result in any loss of any benefit under, or entitle any party (with the giving of notice, the passage of time or otherwise) to terminate, accelerate or call a default under, or result in the creation of any Encumbrance (except for Permitted Liens) upon any of the material properties or assets of the Company Group (including Owned Real Property) or any Reorg Person, under any of the terms, conditions or provisions of any Material Contract, Real Property Lease, Owned Property Deed or Permit to which any member of the Company Group is party or by which its material assets are bound;

(C) violate or conflict with in any respect any Order, Law or Data Security Requirement applicable to any Reorg Person or any member of the Company Group or any of the properties or assets of any of the foregoing Persons; or

(D) require any notice or consent or approval of, or review by, or registration or filing with any third party or any Governmental Authority, or other regulatory or self-regulatory body.

(iii) Credit Line Note. None of the members of the Company Group do, and following the Closing none of the members of the Company Group nor any of Buyer or its other controlled Affiliates (excluding, for the avoidance of doubt, Holdco and its equityholders following the consummation of the Pre-Signing Reorganization) will, have any liability or obligation under or in relation to that certain Consolidated and Amended and Restated Secured Credit Line Promissory Note, dated December 22, 2023 (as amended, modified, supplemented, restated, replaced, or otherwise revised from time to time, the “Holdco Credit Line Note”). The outstanding principal and accrued interest under the Holdco Credit Line Note as of the date of the consummation of the Pre-Signing Reorganization is set forth on Section 3.1(e)(iii) of the Disclosure Schedule.

3.2 Capitalization.

(a) Section 3.2(a) of the Disclosure Schedule sets forth all of the equity interests in the Company, including the Membership Interests, and the owners thereof. Each Membership Interest is duly authorized and validly issued, fully paid and nonassessable, and is not subject to and has not been issued in violation of any preemptive rights, rights of first refusal or first offer, or similar rights. There are no outstanding subscriptions, options, warrants, puts, calls, agreements, understandings, claims or other commitments or rights of any type relating to the issuance, sale or transfer of any equity interests of the Company, nor are there outstanding any equity interests which are convertible into or exchangeable for any equity interests of the Company. There are no voting trusts, equityholders agreements, proxies or other agreements or undertakings with respect to the voting, sale or other disposition of any of the interests of the Company. There are no outstanding or authorized membership unit appreciation, phantom membership unit, profit participation (other than cash commissions and annual or more short-term cash bonuses, which, for the avoidance of doubt, are not equity or equity-based), profits interest, incentive unit or similar rights with respect to the Company. The Company does not have and is not bound by any obligation of any kind to issue or pay for any additional securities, including any outstanding subscriptions, options, warrants, calls, commitments or agreements of any character calling for the purchase or issuance of any equity security of the Company or any predecessor thereof or any securities representing the right to purchase or otherwise receive any equity security of the Company or any predecessor thereof. The Company has not agreed to register any equity interests under the Securities Act of 1933, as amended, or under any state securities Law or granted registration rights to any Person. Except for the Subsidiaries set forth on Section 3.1(b) of the Disclosure Schedule, the Company does not control, own, or have any right or obligation to repurchase, deemed or otherwise acquire, any equity or other ownership interest in any Person or any other securities or investments of any type.

(b) All of the issued and outstanding equity ownership interests of each Subsidiary of the Company are owned by the Company, directly or indirectly, free and clear of any Encumbrances, and all of such equity ownership interests are duly authorized and validly issued and are fully paid, nonassessable and free of preemptive rights. No Subsidiary of the Company has or is bound by any outstanding subscriptions, options, warrants, calls, commitments or agreements of any character calling for the purchase or issuance of any equity security of such Subsidiary or any securities representing the right to purchase or otherwise receive any equity security of such Subsidiary. None of the Indian Subsidiaries have granted, issued, promised or agreed to issue employee stock options, phantom stock options, stock appreciation rights, golden share rights, restricted stock, restricted stock units, equity linked options or equity-linked benefits, or right to subscribe for any of the foregoing, in each case, under any scheme or otherwise.

(c) All issuances of the equity interests of the Indian Subsidiaries have been undertaken in accordance and compliance with applicable Laws, including FEMA and all requisite filings required thereunder have been duly made within prescribed timelines. The Indian Subsidiaries engaged in the “pharmaceutical sector” under the terms of FEMA have complied with all necessary requirements of Governmental Authorities under FEMA for receiving 100% foreign direct investment. The share certificates evidencing the equity interests of the Indian Subsidiaries are duly stamped and issued in compliance with applicable Laws and all statutory fees and stamp

duty have been paid in full, within prescribed timelines, and in accordance with applicable Laws. There are no disputes in relation to the shareholding of the Indian Subsidiaries, and the register(s) of members maintained by the Indian Subsidiaries contain a complete and accurate record of the shareholders of the Indian Subsidiaries. All prior transfers of shares of the Indian Subsidiaries have been undertaken in due compliance with applicable Laws, including FEMA.

3.3 Conflicts; Consents and Approvals. Neither the execution and delivery of this Agreement nor the Ancillary Documents by the Sellers or the Company nor the consummation of the transactions contemplated hereby or thereby will:

- (a) conflict with, or result in a breach of, any provision of the Organizational Documents of any member of the Company Group or any Reorg Person;
- (b) materially violate, or conflict in any material respect with, or result in a material breach of any provision of, or constitute a material default (or an event which, with the giving of notice, the passage of time or otherwise, would constitute a material default) or result in any loss of any material benefit under, or entitle any party (with the giving of notice, the passage of time or otherwise) to terminate, accelerate or call a material default under, or result in the creation of any Encumbrance (except for Permitted Liens) upon any of the material properties or assets of the Company Group (including Owned Real Property), under any of the terms, conditions or provisions of any Material Contract, Real Property Lease, Owned Property Deed or Permit to which any member of the Company Group is a party or by which its material assets are bound;
- (c) violate or conflict with in any material respect any Order, Law or Data Security Requirement applicable to any member of the Company Group or any Reorg Person or any of its material properties or assets (including Owned Real Property); or
- (d) subject to any filings or approvals referred to in Section 2.3(d), require any notice or consent or approval of, or review by, or registration or filing with any third party or any Governmental Authority, or other regulatory or self-regulatory body except for the consents, approvals, registrations and filings set forth on Section 3.3(d) of the Disclosure Schedule or as would not have a Material Adverse Effect on the Company.

3.4 No Changes.

- (a) Except for the consummation of the Pre-Signing Reorganization, since December 31, 2024 (the "Balance Sheet Date") through the date hereof, (i) the business of the Company, including the Business, has been conducted in the ordinary course in all material respects, consistent with past practice, and (ii) there has been no Material Adverse Effect on the Company.
- (b) Without limiting the generality of the foregoing, since September 30, 2025 through the date hereof, except for the consummation of the Pre-Signing Reorganization, no member of the Company Group has, and, solely with respect to the Company Group, no Seller nor any of their respective Affiliates has:
 - (i) amended any of the Organizational Documents of any member of the Company Group;

Any filing fees in connection with the filings to be made under the HSR Act shall be borne by Buyer. For the avoidance of doubt, each Party shall each be responsible for its own legal fees for preparing its portion of the HSR Act filings.

(c) Each Party shall promptly inform the other Parties of any material communication made to, or received by, such Party from any antitrust Governmental Authority or any other Governmental Authority regarding any of the transactions contemplated by this Agreement. Each Party shall permit the other Parties to review in advance any proposed material communication by it to any Governmental Authority (but, for the avoidance of doubt, not including (i) any interactions not relating to the transactions contemplated by this Agreement, (ii) any disclosure which is not permitted under applicable Law; provided, that with respect to this clause (ii), each Party shall use commercially reasonable efforts to provide access to such information in a manner that does not violate such Law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. No Party shall agree to participate in any meeting or conference with any Governmental Authority in respect of any filings, investigation or other inquiry relating to the matters that are the subject of this Agreement unless it consults with the other Parties in advance and, to the extent not prohibited by such Governmental Authority, gives the other Parties the opportunity to attend and participate at such meeting or conference. Each Party shall provide the other Parties with copies of all material correspondence, filings or communications between it or any of its Representatives, on the one hand, and any Governmental Authority or members of its staff, on the other hand, with respect to this Agreement and the transactions contemplated by this Agreement (but, for the avoidance of doubt, not including any disclosure which is not permitted by applicable Law; provided, that each Party shall use commercially reasonable efforts to provide access to such information in a manner that does not violate such Law); provided, however, that materials may be redacted (A) to remove references concerning valuation, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns. Buyer, the Company and the Seller Representative may, as they deem advisable and necessary, designate any competitively sensitive materials provided to the other under this Section 5.3 as “outside counsel only”. Such materials and the information contained therein shall be given only to the outside legal counsel of the recipient and will not be disclosed by such legal counsel to non-legal employees, officers, or directors of the recipient without the advance written consent of the Party providing such materials. In addition, subject to applicable Law, Buyer and the Seller Representative shall consult and cooperate with each other in advance in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, and proposals made or submitted to any Governmental Authority regarding the transactions contemplated by this Agreement by or on behalf of any Party. Buyer shall be entitled to control and lead, in consultation with the other Parties, all communications and

strategy with any Governmental Authority regarding antitrust matters and to direct, in consultation with the other Parties, the antitrust defense of the transactions contemplated by this Agreement (and the Company and the Sellers shall not make any agreement with any Governmental Authority without Buyer's written consent).

(d) In furtherance and not in limitation of the terms of, and subject to the limitations set forth in, Section 5.3(a), Buyer, the Company and the Seller Representative shall use commercially reasonable efforts to support the Company and/or Kashiv Biosciences Private Limited to promptly file an application seeking to obtain all such authorizations, consents, orders and approvals from the Department of Pharmaceuticals, Government of India, in relation to the indirect transfer of shares of the Indian Subsidiaries under FEMA.

(e) Notwithstanding anything to the contrary herein, the foregoing notice, review, consultation and participation rights and obligations of the Parties set forth in this Section 5.3 shall be rights and obligations of the Seller Representative on behalf of the Sellers (as opposed to rights and obligations of each Seller).

(f) *Other Third Party Consents.* Subject to the terms and conditions contained herein, each of Buyer and the Company Group shall cooperate and use their respective commercially reasonable efforts to obtain, prior to the Closing, all consents, waivers, approvals, authorizations, declarations, Orders or registrations, including without limitation, any local Law requirements (any of the foregoing, a "Consent") of any other third party set forth on Section 5.3(f) of the Disclosure Schedule; provided, however, that (x) no Party shall be required to make payments, commence litigation or agree to modifications of the terms and conditions of any agreements with third parties and (y) the consent of Buyer (which consent shall not be unreasonably withheld, conditioned or delayed) shall be required prior to agreeing to (i) any amendment or modification to any Contract or (ii) any condition or limitation under any Permit or applicable Law, in each case of this clause (y), in connection with obtaining any such Consent that is adverse in any material respect to Buyer or the Company Group.

(g) Nothing in this Section 5.3 shall apply to Buyer's obligations with respect to the Proxy Statement (which shall be governed exclusively by Sections 5.19 and 5.20), the Buyer Meeting (which shall be governed exclusively by Section 5.20) or the S-3 Shelf (which shall be governed exclusively by Section 5.21).

5.4 Non-Competition; Non-Solicitation; Non-Disclosure Covenants.

(a) *Non-Competition.* During the period from the Closing until the date that is the fifth anniversary of the Closing Date (the "Restricted Period"), each Seller set forth in Section 5.4(a) of the Disclosure Schedule (each such Seller, an "RCA Person") shall not, and shall cause its controlled Affiliates, not to, without the prior written consent of Buyer, directly or indirectly, invest in, acquire, own, manage, control, undertake, participate in, carry on or be engaged in the operation of the Business or any business or activities that compete with the Business as conducted as of the date hereof and as of the Closing Date. Notwithstanding the foregoing, the prohibitions in this Section 5.4(a) shall not apply to (i) the passive ownership by an RCA Person, directly or indirectly, of less than two percent (2%) of any class of the securities of any Person traded on a national or international securities exchange or traded on the over-the counter market, (ii) the passive investment by an RCA Person, directly or indirectly, as a limited partner and not as a co-investor, in private equity funds of less than two percent (2%) of the equity interests in such fund so long as such RCA Person does not have any active role in, or ability to direct, the activities of such fund or the portfolio companies thereof or (iii) actions performed by an RCA Person in their capacity as an employee, consultant, officer, independent contractor or director of Buyer or any of Buyer's controlled Affiliates.

(b) *No Recruitment or Hiring of Employees.* Each RCA Person agrees that such RCA Person shall not, and shall cause its controlled Affiliates not to, during the Restricted Period, except for the benefit of, and on behalf of, the Company Affiliated Group, directly or indirectly, on such RCA Person's own behalf or on behalf of any other person or entity, solicit, recruit or hire, or attempt to recruit or hire, any Restricted Person or induce or attempt to induce any Restricted Person to leave the employ of or cease doing business with the Company or any other member of the Company Affiliated Group, as the case may be; provided, however, that nothing in this Section 5.4(b) shall prevent such RCA Person (i) from making any general solicitations, directly or indirectly, including through newspapers, trade journals, the internet or any similar media that are not directed specifically at any employee or independent contractor of the Company Affiliated Group, or hiring the Persons who respond to such general solicitations or (ii) from soliciting and hiring any former employee or independent contractor of the Company Affiliated Group who was terminated without cause.

(c) *No Disclosure of Confidential Information.* Except to the extent (i) authorized by Buyer, (ii) required by Law or any legal process, or (iii) necessary in performing such Seller's obligations under this Agreement, each Seller will not, and will cause its controlled Affiliates not to, directly or indirectly, at any time after the Closing, use or exploit, or disseminate, disclose, or divulge to any person, firm, corporation, association or other business entity, Confidential Information of the Company Group. As used herein, the term "Confidential Information" shall mean any and all information about the Company Group and/or the Business or relating to the Trade Secrets of the Company Group and the Business, in each case, whether or not disclosed to such Seller or whether or not known by such Seller as a consequence of or through its relationship with the Company Group, if in each case such information is not publicly available (other than through a breach by such Seller of this Section 5.4(c)). Each Seller acknowledges and agrees that the term "Confidential Information" includes all information regarding the following: Trade Secrets and other Intellectual Property, Personal Information, products, services, drug formulations and manufacturing methods, human trial data, pre-clinical trial data, clinical trial data, client and partner lists (including names, addresses and telephone numbers), purchasing criteria of the Company Group, business plans, methods and procedures, accounting data, compensation and human resources information, marketing strategies, new product and services developments, price lists and pricing strategies, contract forms, business and financial models, electronic and other files, and financial data regarding the Business and the Company Group. Buyer acknowledges and agrees that prior to the Closing, the Sellers and their respective officers, managers and employees may have worked in the Business and/or for the Company Group and had access to Confidential Information; however, no such Person shall be deemed (A) to have been furnished or provided access to any Confidential Information in violation of this Section 5.4(c), or (B) to act at a Seller's direction or on a Seller's behalf, and a Seller shall not be deemed to be acting indirectly through such Person, solely due to the prior role of any such Person with respect to the Business and/or the Company Group so long as such Person does not actually disclose or use the Confidential Information in violation of this Section 5.4(c) after the Closing.

(d) Each Seller acknowledges that such Seller carefully read and considered the provisions of this Section 5.4. Each Seller acknowledges that such Seller has received and will receive sufficient consideration and other benefits to justify the restrictions in this Section 5.4. Each Seller also acknowledges and understands that these restrictions are reasonably necessary to protect the legitimate and substantial business interests of Buyer and its Affiliates, including protection of the goodwill acquired. Each Seller also acknowledges that the transactions contemplated by this Agreement (including the receipt of the Purchase Price by such Seller) constitute full and adequate consideration for the execution and enforceability of the restrictions set forth in this Section 5.4.

(e) The Parties acknowledge and agree that the individual covenants in this Section 5.4 are separate and distinct commitments of the Sellers, independent of each other covenant hereunder. Each Seller further agrees that each of the covenants in this Section 5.4 is reasonable with respect to its duration, geographic area and scope of activity, to protect, among other things, Buyer's acquisition of the goodwill of the Business. Accordingly, if, at the time of enforcement of any one or more of the covenants in this Section 5.4, a court or arbitrator holds that the restrictions stated herein with respect to any specific covenant herein are unreasonable under the circumstances then existing, the Parties hereto agree that the maximum duration, geographic area and/or scope of activity legally permissible under such circumstances will be substituted for the duration, geographic area and/or scope of activity stated herein.

5.5 Further Actions. Subject to the terms and conditions provided in this Agreement, each of Buyer, the Company and the Seller Representative shall use its commercially reasonable efforts to deliver, or cause to be delivered, such further certificates, instruments and other documents, and to take, or cause to be taken, such further actions, as may be necessary, proper or advisable under applicable Law to consummate and make effective the transactions contemplated by this Agreement.

5.6 Public Announcements. Unless otherwise required by applicable Law (and in that event only if time does not permit), at all times prior to or following the Closing Date, Buyer and the Seller Representative shall consult with each other before issuing any press release or public announcements with respect to the transactions contemplated by this Agreement and shall not issue any such press release or public announcement without the written approval of the other such Party, except (a) as may be required by applicable Law or by obligations pursuant to any listing agreement with or rules of any national securities exchange (including NASDAQ) or interdealer quotation service or by the request of any Governmental Authority (or by the fiduciary duties of the Buyer Board or

the Buyer Conflicts Committee); provided, that the Party proposing to issue any press release or similar public announcement or communication in compliance with any such Law or obligation shall, before doing so (to the extent permissible under applicable Law or rules of any national securities exchange or interdealer quotation service, as applicable), consult in good faith with the other Parties in advance and consider in good faith any proposed comments, (b) in connection with the enforcement by a Party against another Party of any rights or remedy relating to this Agreement, the other Ancillary Documents or the transactions contemplated hereby and thereby, or (c) any statements included in a press release or public communication with respect to the transactions contemplated by this Agreement that are substantially consistent with those in previous press releases or public communications made by such Party in accordance with this Section 5.6.

5.7 D&O Indemnification.

(a) From and after the Closing, Buyer shall or shall cause the Company to (i) indemnify and hold harmless each present and former manager, director and officer of the Company or any of its Subsidiaries (collectively, the “Company Indemnified Parties”), against any and all Losses incurred or suffered by any of the Company Indemnified Parties in connection with any Liabilities or any Action, whether civil, criminal, administrative or investigative, arising out of or pertaining to matters existing or occurring at or prior to the Closing, whether asserted or claimed prior to, at or after the Closing, to the fullest extent that the Company or its applicable Subsidiary would have been permitted under applicable Law and under the Organizational Documents of the Company Group as in effect on the date of this Agreement (but in each case, subject to the limitations on each member of the Company Group’s ability to indemnify managers, directors and officers under applicable Law), to indemnify such Company Indemnified Parties and (ii) advance expenses as incurred by any Company Indemnified Party in connection with any matters for which such Company Indemnified Party is entitled to indemnification from the Company or any of its Subsidiaries pursuant to this Section 5.7 to the fullest extent permitted under applicable Law or, if greater, under the Organizational Documents of the Company Group; provided, however, that the Company Indemnified Party to whom expenses are advanced provides an undertaking to repay such advances if it is ultimately and finally determined by a court of competent jurisdiction and all rights of appeal have lapsed that such Company Indemnified Party is not entitled to indemnification under applicable Law, the Organizational Documents of the Company or any of its Subsidiaries, and pursuant to this Section 5.7. The terms and provisions of this Section 5.7 are intended to be in addition to the rights otherwise available to the Company Indemnified Parties by applicable Law, charter, bylaw or agreement, and shall operate for the benefit of, and shall be enforceable by, the Company Indemnified Parties and their respective heirs and representatives, each of whom is an intended third party beneficiary of this Section 5.7. In the event Buyer or the Company, or any of their respective successors or assigns, (i) consolidates with or merges into any other Person, or (ii) transfers all or substantially all of its properties or assets to any Person, then, and in each case, proper provision shall be made so that the successors and assigns of Buyer or the Company, as the case may be, honor the indemnification obligations set forth in this Section 5.7.

(b) Prior to or simultaneously with the Closing, Buyer shall, or shall cause the Company to, obtain, at Buyer’s cost, a non-cancelable run-off insurance policy of not less than the existing coverage amount, for a period of six (6) years after the Closing Date to provide directors’, managers’ or officers’ liability, employment practices liability, and fiduciary liability insurance coverages for events, acts or omissions occurring on or prior to the Closing Date for all Persons who were directors, managers or officers of the Company or any of its Subsidiaries or the Business on or prior to the Closing Date, which policy shall contain terms and conditions no less favorable to the insured Persons than the directors’, managers’ or officers’ liability, employment practices liability, and fiduciary liability coverages presently maintained by the Company or any of its Subsidiaries or by a Seller on the Company’s or any of its Subsidiaries’ behalf; provided, that, if the cost of such run-off insurance policy would exceed 250% of the current annual premium paid for such insurance presently maintained (the “Maximum Premium”), then Buyer shall, or shall cause the Company to, obtain, at Buyer’s cost, the greatest amount of run-off coverage reasonably available at the Maximum Premium.

5.8 Access to Information.

(a) During the Pre-Closing Period, upon reasonable notice and during normal business hours, the Company Group shall, and shall cause the Company Group’s officers and employees and representatives to, (i) afford the officers, employees and authorized agents and representatives of Buyer reasonable access to the offices, properties, books and records of the Company Group and (ii) furnish to the officers, employees and

authorized agents and representatives of Buyer such additional financial and operating data and other information regarding the assets, properties and business of the Company Group as Buyer may from time to time reasonably request in order to assist Buyer in fulfilling its obligations under this Agreement and to facilitate the consummation of the transactions contemplated by this Agreement; provided, however, that Buyer shall not interfere with any of the operations or business activities of the Company Group. Notwithstanding anything to the contrary in this Agreement, no member of the Company Group shall be required to disclose any information to Buyer if such disclosure would, in the reasonable discretion of the Company, (A) cause significant competitive harm to the Company Group if the transactions contemplated hereby are not consummated, (B) jeopardize any attorney-client or other legal privilege or (C) contravene any applicable Laws, Data Security Requirements, fiduciary duty or binding agreement entered into prior to the date hereof (the limitations in subclauses (B) and (C), the “Access Limitations”).

(b) Buyer acknowledges and agrees that, from and after the date hereof, the Company Group may (i) remove from the servers and computers of the Company Group any emails and text messages involving the Persons and individuals set forth on Section 5.8(b) of the Disclosure Schedule that are unrelated to the Business, in the reasonable determination of Sellers’ counsel and subject, in each case, to consultation with Buyer’s counsel (the “Non-Business Records”) and (ii) transfer Non-Business Records to external drives of the Seller Representative or a designee thereof for the benefit of the Sellers. From and after the Closing, Buyer shall, and shall cause its Affiliates (including the Company Group) to, cooperate with the Seller Representative and its Representatives in efforts to remove any remaining Non-Business Records from the properties of the Company Group.

(c) Buyer shall, and shall cause its Affiliates (including the Company Group) to, use commercially reasonable efforts to preserve and keep information and books and records held by any member of the Company Group relating to any Seller for a period of six (6) years after the Closing Date, during which time Buyer shall make such information and books and records available to the Seller Representative as any the Seller Representative may reasonably request in writing in connection with any audit, investigation, Tax or regulatory reporting requirement, dispute or litigation involving any Seller; provided, that (i) the Seller Representative shall reimburse Buyer for all reasonable and documented out-of-pocket costs and expenses incurred in connection with any such request; (ii) any such access rights shall be exercised in such manner as not to interfere unreasonably with the conduct of the business of Buyer and its Affiliates; and (iii) Buyer shall not be required to disclose any information subject to the Access Limitations to the Seller Representative.

(d) The terms of the Confidential Disclosure Agreement, dated June 9, 2025, by and between Amneal Pharmaceuticals, LLC and Kashiv BioSciences Holdco, LLC (the “Confidentiality Agreement”) are hereby incorporated by reference, *mutatis mutandis*. Buyer shall and shall cause its Affiliates and their respective Representatives to hold all information received from the Sellers and the Company Group pursuant to this Agreement in confidence in accordance with the terms of the Confidentiality Agreement. Notwithstanding anything contained in the Confidentiality Agreement to the contrary, the Confidentiality Agreement shall continue in full force and effect until the Closing. If for any reason this Agreement is terminated prior to the Closing, Buyer shall and shall cause its Affiliates and their respective Representatives to promptly (upon receipt of written request from the Sellers) destroy all Confidential Information (as defined in the Confidentiality Agreement) of any Seller or any member of the Company Group. In the event of a conflict between the covenants and restrictions (with respect to confidentiality) contained in this Agreement and those contained in a Confidentiality Agreement, the more restrictive covenants and restrictions shall apply.

5.9 Notification of Certain Matters. The Seller Representative shall give notice to Buyer, and Buyer shall give notice to the Seller Representative, promptly upon becoming aware of (i) any occurrence, or failure to occur, of any event, which occurrence or failure to occur has caused or could reasonably be expected to cause any representation or warranty in this Agreement to be untrue or inaccurate in any material respect at any time after the date of this Agreement and prior to the Closing and that would reasonably be expected to result in any condition set forth in Article VI not to be satisfied, or (ii) the failure of the Sellers, the Company or Buyer, as the case may be, to comply with or satisfy any covenant, condition or agreement to be complied with or satisfied by it pursuant to this Agreement which would reasonably be expected to result in any condition set forth in Article VI not to be satisfied. Each of Buyer and the Seller Representative shall further promptly notify the other such Party of each of the following events if such event occurs prior to the Closing: (i) any notice or other communication from any Person alleging that the consent of such Person is or may be required in connection with the transactions contemplated by

this Agreement; and (ii) any actions, suits, claims, investigations, demands or proceedings commenced or threatened in writing (or, to its Knowledge, orally), against, relating to or involving or otherwise affecting Buyer, the Sellers or the Company Group that relate to the consummation of the transactions contemplated by this Agreement.

Notwithstanding the foregoing, the failure to provide any notice required by this Section 5.9 shall not limit or otherwise affect the obligations or remedies of any Party hereunder and shall not be deemed to be the failure of any condition set forth in Article VI to be satisfied, or otherwise constitute a breach of this Agreement by the Party failing to give such notice, in each case unless the underlying breach would independently result in a failure of the conditions set forth in Article VI to be satisfied.

5.10 Development of the Products; Access to Information.

(a) Following the Closing, Buyer shall not, and shall cause its Affiliates (including the Company Group) not to, by act or omission, take or fail to take any actions in bad faith, the purpose of which is to (i) avoid payment of any Milestone Payment through delaying Receipt of Regulatory Approval, or (ii) avoid payment of royalties on Gross Profits.

(b) Following the Closing, subject to Section 5.10(a), Buyer shall have the absolute right and sole and absolute discretion to operate and otherwise make decisions with respect to the conduct of the business of Buyer and its Affiliates, including the Business (including with respect to Products) and to take or refrain from taking any action with respect thereto. Notwithstanding anything in this Agreement to the contrary, the Sellers acknowledge and agree that (A) Buyer or an Affiliate of Buyer may currently or in the future offer products or services that compete, either directly or indirectly, with Products and may make decisions with respect to such products and services (including ceasing development of Products) that may cause one or more of the Contingent Payments to be reduced in amount or to not become due and payable at all; and (B) absent a breach by Buyer of Section 5.10(a), neither Buyer nor any of its Affiliates shall have any Liability whatsoever to any Seller or any other Person for any claim, loss or damage of any nature that arises out of or relates in any way to any decisions or actions affecting whether or not or the extent to which the Contingent Payments becomes payable in accordance with Section 1.4. Nothing in this Agreement shall restrict or otherwise affect Buyer's ability to develop, manufacture or supply a Product for commercialization.

(c) Buyer shall promptly (but no later than fourteen (14) days following the achievement of a Milestone) notify the Seller Representative in writing of the achievement of any Milestone.

(d) After the date of the first sale of a Product, at the Seller Representative's request and upon fifteen (15) days' prior written notice, Buyer shall, and shall cause the Company Group, to permit an impartial nationally recognized firm of independent certified public accountants other than the Seller Representative's, the Company Group's or Buyer's accountants and reasonably acceptable to the Seller Representative and Buyer (during regular business hours and without undue disruption to the business of Buyer or the Company Group) to audit the books and records maintained by Buyer or the Company Group with respect to Royalty Payments, to ensure the accuracy and completeness of all reports and payments made hereunder, including to confirm that all sales related to Products and Buyer's determinations of Net Sales, Cost of Goods Sold, and Gross Profits have been properly identified, calculated, and included in the Buyer's reporting hereunder. Such examinations may not be conducted more than once in any twelve (12) month period. The cost of each audit shall be borne by the Sellers. The audit report will include detail sufficient for both Buyer and the Seller Representative to understand the nature of any discrepancies identified, and the royalty audit report shall be provided to both Buyer and the Seller Representative to effectuate resolution of any disputes. Unless reasonably disputed by Buyer or its agents acting in good faith, if an audit concludes that additional amounts were owed by Buyer, Buyer shall pay the additional amounts, with interest from the date originally due, at the Specified Interest Rate, promptly after the audit results are delivered by the Seller Representative to Buyer. Unless reasonably disputed by the Seller Representative or its agents acting in good faith, if an audit concludes that excess payments were made by Buyer, Buyer may credit the amount of such excess payment, with interest from the date originally due, at the Specified Interest Rate, against future payments due to the Sellers under this Agreement; provided, however, that if such overpayment is identified after the end of the Royalty Term, then Seller Representative will within one hundred-twenty (120) days pay Buyer the identified overpayment amount (provided, that to the extent the Seller Representative does not pay or cause to be paid to Buyer such amount within five (5) Business Days following the date on which the Seller Representative is required to make such payment pursuant to this sentence, then Buyer may (while maintaining its right to enforce the Seller Representative's obligations pursuant to this sentence) require that the Sellers individually, on a several and not

joint and several basis in accordance with the Allocation Schedule, pay or cause to be paid to Buyer such amount). For the avoidance of doubt, a dispute of an audit made by Buyer or Seller Representative or their respective agents does not preclude the other Party from seeking relief pursuant to Section 9.6. In furtherance of the foregoing, any agreement granting a Third Party sublicense or equivalent rights with respect to a Product shall require such Third Party to maintain books and records as required of Buyer in this Section 5.10(d), and shall either (i) give the Seller Representative the right to audit the Third Party on the same terms as provided with respect to audits of Buyer, or (ii) provide audit rights in favor of Buyer that are no less favorable to Buyer than the Seller Representative's audit rights provided in this Section 5.10(d) and permit Buyer to disclose the results of audits to the Seller Representative. In the case of the foregoing clause (ii) of the immediately preceding sentence, Buyer shall, at the Seller Representative's reasonable request and upon fifteen (15) days' prior written notice and at the Seller Representative's sole expense, exercise its right to conduct such audit and provide its results to the Seller Representative. This Section 5.10(d) shall survive for a period of three (3) years after the expiration of the Royalty Term.

(e) Buyer shall maintain all books and records subject to audit under Section 5.10(d) for a minimum of three (3) of its fiscal years after the fiscal year as to which such books and records pertain.

(f) From the Closing and for so long as any Product is within its Royalty Term, if a Buyer Liquidation Event is to be consummated, then (i) unless such anticipated Buyer Liquidation Event is publicly disclosed by the Company in a Form 8-K filed with the SEC, Buyer shall notify the Seller Representative of the anticipated Buyer Liquidation Event as soon as reasonably practicable following the execution of binding definitive documentation providing for the consummation of such Buyer Liquidation Event and the public announcement thereof (and, in any event, no later than thirty (30) days before the closing date thereof) and (ii) not later than the closing date of such Buyer Liquidation Event, Buyer shall cause the Third Party succeeding to the rights of Buyer to expressly assume the obligations and Liabilities of Buyer expressly provided in Section 1.4 and this Section 5.10, to the extent such obligations and Liabilities are not transferred or assumed by operation of law (including by merger) in connection with such Buyer Liquidation Event.

5.11 Exclusivity. During the period from the date of this Agreement until the earlier of (a) the date this Agreement is terminated in accordance with its terms, and (b) the Closing, the Sellers shall not, and shall cause each member of the Company Group and its and their respective Representatives not to, directly or indirectly, take any of the following actions with any Person, other than Buyer (and their Affiliates and their respective Representatives): (i) encourage, initiate, solicit, assist, facilitate, engage or entertain the submission of any proposal, offer, letter of intent, indication of interest or other similar agreement from any Person relating to (A) any acquisition of any equity securities of the Company Group, whether by issuance by the Company Group or by purchase (through a tender offer, exchange offer, negotiated purchase or otherwise) from the applicable equity holders or otherwise, (B) the license, sale, divestiture or transfer of all or a material portion of the assets of the Company Group, or (C) any merger, share exchange, business combination, reorganization, consolidation recapitalization or similar transaction involving the Company Group (any of the transactions described in clauses (A) through (C), an "Acquisition Proposal"), or (ii) participate in, enter into or otherwise encourage any discussions or negotiations with any Person, or provide any information to any Person, with respect to an Acquisition Proposal.

5.12 Employee Matters. Buyer covenants and agrees that:

(a) All employees who are employed by the Company Group immediately prior to the Closing (the "Retained Employees") shall continue employment with the Company Group immediately following the Closing; provided, however, that this will not restrict Buyer or its Affiliates from terminating any Retained Employee for any reason at any time following the Closing.

(b) As of the Closing Date and for a period of at least one (1) year thereafter, the Company and its Subsidiaries shall provide, and Buyer shall cause the Company and its Subsidiaries to provide, each Retained Employee who remains with the Company Group with employee benefits (other than any equity or equity-based compensation, deferred compensation, change-in-control, retention or transaction-related benefits, and defined benefit pension and post-retirement welfare benefits) that are, subject to Buyer's sole discretion, either substantially comparable in the aggregate to the employee benefits provided to (A) such Retained Employee immediately prior to the Closing under the Employee Benefit Plans, or (B) Buyer's similarly situated employees. The Company and its Subsidiaries (i) shall provide, or Buyer shall cause the Company and its Subsidiaries to provide, each Retained Employee credit for the Retained Employee's service with the Company

Group prior to the Closing under any employee benefit plan or personnel policies that cover the Retained Employee after the Closing, including any vacation, sick leave and severance policies (but excluding any equity or other long-term incentive awards), for purposes of eligibility, vesting and entitlement to vacation, sick leave and severance benefits, except where such credit would result in a duplication of benefits; (ii) shall, or Buyer shall cause the Company and its Subsidiaries to, allow such Retained Employees to participate in each plan providing welfare benefits (including medical, life insurance, long term disability insurance and long term care insurance to the extent provided by Buyer) to the extent coverage under such plan replaces coverage under a corresponding Employee Benefit Plan in which such Retained Employee participated immediately before the effective date of such replacement; and (iii) shall, or Buyer shall cause the Company and its Subsidiaries to, to the extent a Retained Employee is eligible to participate in a plan providing welfare benefits in accordance with clause (ii) of this Section 5.12(b), (x) cause each such Retained Employee to be eligible to participate immediately, without any waiting time, to the extent permitted under applicable Law, (y) take commercially reasonable efforts to waive preexisting condition limitations, evidence of insurability or other exclusions or limitations not imposed on the Retained Employee (or any eligible dependent thereof) by the corresponding Employee Benefit Plan immediately prior to such replacement, to the extent permitted under applicable Law, and (z) take commercially reasonable efforts to cause any eligible expenses incurred by the Retained Employee (or any eligible dependent thereof) during the portion of the plan year of the corresponding Employee Benefit Plan ending on the date of such Retained Employee's commencement of participation in Buyer's similar replacement plan to be taken into account for purposes of determining deductibles, co-pays and maximum out-of-pocket requirements under any similar replacement plan for the applicable plan year.

(c) From and after the Closing, the Company and its Subsidiaries shall honor, or Buyer shall cause the Company and its Subsidiaries to honor, each Retained Employee's accrued but unused paid time off as of the Closing Date (including any earned vacation or personal holiday pay), in accordance with the terms of the applicable Employee Benefit Plan as in effect immediately prior to the Closing and in accordance with applicable Law.

(d) Unless otherwise requested in writing by Buyer no later than ten (10) Business Days prior to the Closing Date, the Company and its Subsidiaries shall terminate, effective as of no later than the date immediately preceding the Closing Date, the Kashiv Biosciences, LLC 401(k) Plan (the "Company 401(k) Plan") or, if the Company determines that employee deferrals to the Company 401(k) Plan cannot be distributed in connection with a plan termination of the Company 401(k) Plan due to the Company's determination that there is reasonably expected to be an alternative defined contribution plan during the specified period of time under Treas. Reg. Section 1.401(k)-1(d)(4), the Company shall (or shall cause its applicable Affiliates to) transfer the sponsorship of the Company 401(k) Plan to a Seller or any Affiliate thereof (other than any member of the Company Group), effective as of no later than the day immediately preceding the Closing Date. If the Company 401(k) Plan is terminated or transferred in accordance with the preceding sentence, Buyer shall receive from the Company, prior to the Closing, evidence that the Company 401(k) Plan will be so terminated or transferred pursuant to resolutions of the board of directors of any such applicable member of the Company Group (the form and substance of which shall be subject to reasonable review of Buyer, which shall not be unreasonably withheld, conditioned or delayed), effective as of no later than the day immediately preceding the Closing Date.

(e) Unless otherwise requested in writing by Buyer no later than thirty (30) days prior to the Closing Date, effective as of the Closing Date, the Company and its Subsidiaries shall take all actions necessary to cause the withdrawal of the Company and its Subsidiaries as a participating employer from, and the cessation of Retained Employee participation under, the Avtar Enterprise, LLC Employee Benefits Plan and any other Employee Benefit Plan that is sponsored or maintained by Avtar Enterprise, LLC or any entity other than the Company or its Subsidiaries (other than then existing equity awards issued by any Seller). In the event of such withdrawal, Buyer shall ensure that Retained Employees (and their eligible dependents) are offered replacement benefit plan coverage effective immediately following the Closing for benefits previously provided to such Retained Employees (and their eligible dependents) under the Avtar Enterprise, LLC Employee Benefit Plan, with such replacement benefit coverage to be provided under the health and welfare benefit plans maintained by Buyer and its Affiliates as required under Section 5.12(b).

(f) Between the date of this Agreement and the Closing Date, the Company Group will use reasonable best efforts to coordinate in good faith with Buyer to facilitate Buyer's ability to identify and retain key employees

of the Company Group through and following the Closing Date. In furtherance of the preceding sentence, during the Pre-Closing Period, the Company Group will provide Buyer with reasonable access to such key employees in connection with Buyer's potential efforts to enter into new contractual, retention and/or incentive arrangements with such key employees. For the avoidance of doubt, no member of the Company Group is under any obligation to enter into, or to cause any key employee to enter into, any agreement.

(g) Buyer agrees that Buyer shall not, and Buyer agrees that Buyer shall cause each of Buyer's Affiliates, each of the members of the Company Group and each of the Affiliates of any of the members of the Company Group not to, amend any of the Retention Bonus Agreements on or after the Closing. In the event that any Service Provider who is party to a Retention Bonus Agreement incurs a termination of employment or other service for any reason after the Closing but before September 1, 2028 (regardless of whether such termination is initiated by such Service Provider, by any member of the Company Group or otherwise), then Buyer shall provide written notice of such termination to the Seller Representative as soon as practicable and, in any event, not later than sixty (60) days thereafter. On September 1, 2028, Buyer and the Seller Representative shall deliver joint written instructions to the Escrow Agent to disburse (x) the portion of the Retention Bonus Escrow Funds (including the employer portion of any payroll Taxes or employment Taxes and other employer contributions incurred or payable in relation to the payment of such amounts) relating to each Service Provider who has earned his or her Retention Bonus in accordance with the terms of his or her Retention Bonus Agreement (with the applicable Retention Bonus amount for each Service Provider as set forth on Section 5.12(g) of the Disclosure Schedules) to the account of the applicable member of the Company Group designated in writing by the Buyer and (y) all amounts then in the Retention Bonus Escrow Account after the disbursement described in the immediately preceding clause (x) to the accounts of the Sellers (allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule) designated in writing by the Seller Representative.

(h) The provisions of this Section 5.12 are solely for the benefit of the Parties, and no current or former Company Group employee or other Service Provider, or individual associated therewith, shall be regarded for any purpose as a third party beneficiary of this Section 5.12. In no event shall the terms of this Agreement be deemed to (i) establish, amend or modify any Employee Benefit Plan or any other "employee benefit plan" as defined in Section 3(3) of ERISA, or any other benefit plan, program, agreement or arrangement maintained or sponsored by the Company Group, Buyer or any of their respective Affiliates; (ii) alter or limit the ability of Buyer, the Company or any of their respective Subsidiaries to amend, modify or terminate any Employee Benefit Plan or any other benefit or employment plan, program, agreement or arrangement after the Closing Date; or (iii) confer upon any current or former Company Group employee any right to employment or continued employment or continued service with Buyer, the Company or any of their respective Subsidiaries, or constitute or create an employment or similar agreement.

5.13 RW Policy. At Buyer's sole cost, prior to and effective as of the Closing Date, Buyer shall obtain a representation and warranty policy (a "RW Policy") in connection with the transactions contemplated by this Agreement. Buyer agrees that such policy shall be on customary terms and conditions (and Buyer shall cause such customary terms and conditions to include (i) the insurer thereunder expressly waiving, and agreeing not to pursue, directly or indirectly, any subrogation rights against the Sellers with respect to any claim made by any insured thereunder other than in the case of Fraud, with the insurer expressly agreeing that each Seller is an express beneficiary of the provisions of the RW Policy referred to in this clause (i) and shall be entitled to enforce such provisions, and (ii) the insurer thereunder expressly agreeing that Buyer and its Affiliates shall have no obligation to pursue any claim against the Sellers or the Seller Representative in connection with any Losses). The Seller Representative shall have a right to review and comment on such RW Policy, and Buyer shall consider in good faith any reasonable comments made by the Seller Representative. The Sellers shall use commercially reasonable efforts to cooperate with Buyer with respect to any claim submitted by Buyer against any such RW Policy. Following the date on which such RW Policy is bound, Buyer shall not, and shall cause its Affiliates not to, amend, modify or otherwise change, terminate or waive any provisions in such RW Policy without the Seller Representative's prior written consent in any manner that would be reasonably likely to increase or expand the ability or rights of the insurer thereunder to bring a claim against, or otherwise seek recourse from, any Seller.

The Proxy Statement shall comply as to form in all material respects with the applicable provisions of the Exchange Act and other applicable Law. The Proxy Statement shall include the Buyer Conflicts Committee Recommendation and the Buyer Board Recommendation.

(b) Notwithstanding anything in Section 5.20(a), but subject to this Section 5.20(b), at any time prior to obtaining the Stockholder Approval, but not after, the Buyer Board or the Buyer Conflicts Committee may, subject to compliance with the terms of this Section 5.20, make a Buyer Adverse Recommendation Change in response to a Buyer Intervening Event, if (i) the Buyer Board or the Buyer Conflicts Committee, as applicable, determines in good faith, after consultation with its outside legal counsel and financial advisors, that the failure to do so would reasonably be expected to be inconsistent with its fiduciary duties under applicable Law, (ii) Buyer delivers to the Seller Representative at least four (4) Business Days prior to such Buyer Adverse Recommendation Change, a written notice (a “Buyer Notice”) (which notice itself shall not constitute a Buyer Adverse Recommendation Change) advising the Seller Representative that the Buyer Board or the Buyer Conflicts Committee intends to take such action and specifying the reasons therefor, including a description of such Buyer Intervening Event in reasonable detail, (iii) to the extent the Seller Representative wishes to negotiate, Buyer has negotiated with, and has caused its Representatives (including its executive officers and members of the Buyer Conflicts Committee) to negotiate with, the Seller Representative in good faith during the four (4) Business Day period following receipt by the Seller Representative of the Buyer Notice (which period shall expire at 11:59 p.m., Eastern Time, on the fourth (4th) Business Day, the “Buyer Notice Period”) in order to enable the Seller Representative to propose revisions to the terms of this Agreement or the transactions contemplated hereby and (iv) following the Buyer Notice Period, and after considering the results of any such negotiations and giving effect to any proposals, amendments or modifications made in writing or agreed to in writing by the Seller Representative, the Buyer Board or Buyer Conflicts Committee, as applicable, again determines in good faith, after consultation with its outside legal counsel and financial advisors, that the failure to make a Buyer Adverse Recommendation Change would reasonably be expected to be inconsistent with its fiduciary duties under applicable Law; provided, that in the event of any change to the financial or any other material facts of such Buyer Intervening Event during the Buyer Notice Period, this Section 5.20(b) shall again apply with respect to each such revision (but the four (4) Business Day period shall instead be two (2) Business Days measured from the later of the end of the original four Business Day period or delivery to the Seller Representative of written notice of such revised terms).

(c) For purposes of this Agreement, “Buyer Intervening Event” means any event, change, occurrence, development, condition, proposal, effect or state of facts or circumstances that (i) is material to Buyer and its controlled Affiliates, taken as a whole, (ii) was unknown to, and not reasonably foreseeable by, the Buyer Conflicts Committee as of the date of this Agreement, or if known by, or reasonably foreseeable to, the Buyer Conflicts Committee as of the date of this Agreement, the material consequences of which were not known or reasonably foreseeable to the Buyer Conflicts Committee as of the date of this Agreement, and (iii) does not involve or relate to the fact that Buyer meets or exceeds or fails to meet or exceed any published analyst estimates or expectations of Buyer’s revenue, earnings or other financial performance or results of operations for any period, in and of itself, or meets or exceeds or fails to meet or exceed any internal or published projections, budgets, plans or forecasts of revenues, earnings or other financial performance or results of operations, in and of itself, or any change in the price or trading volume of the shares of Amneal Common Stock or the credit rating of Buyer, in and of itself (provided, that, for purposes of this clause (iii), the matters giving rise to or contributing to such events may be deemed to constitute, or be taken into account in determining whether there has been, a Buyer Intervening Event if not excluded by any other clause of this definition).

(d) Buyer shall not, without the prior written consent of the Seller Representative, adjourn, recess or postpone the Buyer Meeting; provided, that Buyer may adjourn, recess or postpone the Buyer Meeting if (i) Buyer reasonably believes that at the Buyer Meeting there will not be a sufficient number of shares of Amneal Common Stock represented (either in person or by proxy) to constitute the quorum necessary to conduct the business of the Buyer Meeting, (ii) Buyer reasonably believes that as of the date of the Buyer Meeting there will not be a sufficient number of shares of Amneal Common Stock represented (either in person

or by proxy) necessary for the receipt of the Stockholder Approval in accordance with Buyer's Organizational Documents and applicable Law, (iii) required by applicable Law, or (iv) in order to ensure that any supplement or amendment to the Proxy Statement which Buyer has determined in good faith after consultation with outside counsel is required by applicable Law is provided to Buyer's stockholders a reasonable amount of time prior to the Buyer Meeting; provided, that in the case of clauses (i) and (ii), Buyer shall adjourn the Buyer Meeting at the request of the Seller Representative; provided, that Buyer shall not be required to adjourn or postpone the Buyer Meeting pursuant thereto more than two (2) times or for more than twenty (20) Business Days in the aggregate.

(e) Buyer shall consult in good faith with the Seller Representative regarding the record date and the meeting date for the Buyer Meeting.

5.21 Form S-3 Registration; Supplemental Listing.

(a) No later than the later of (i) thirty (30) days following the Closing Date and (ii) ten (10) Business Days following the receipt by Buyer of information reasonably required from the Sellers to be included or incorporated by reference in such registration statement, Buyer shall file with the SEC a registration statement on Form S-3 (together with any prospectus, prospectus supplement or amendment thereto, the "S-3 Shelf") (which, if Buyer is at such time eligible, shall be in the form of an automatic shelf registration statement (as defined in Rule 405 under the Securities Act)), which S-3 Shelf shall provide for the public resale of the shares of Amneal Class A Common Stock issued at the Closing pursuant hereto. If the S-3 Shelf is not an automatic shelf registration statement, Buyer shall use reasonable best efforts to cause the S-3 Shelf to become effective as promptly as reasonably practicable following the date of its filing.

(b) Buyer shall keep the S-3 Shelf continuously effective, and not subject to any stop order, injunction or other similar order or requirement of the SEC, until the earlier of (i) the two (2) year anniversary of the effectiveness of the S-3 Shelf and (ii) the date that all Amneal Class A Common Stock covered by the S-3 Shelf shall (x) be disposed of pursuant to the S-3 Shelf, (y) be eligible for sale pursuant to Rule 144 or Rule 145 under the Securities Act or (z) cease to be outstanding. Prior to filing the S-3 Shelf or any amendments or supplements thereto, subject to applicable Law, Buyer shall furnish to the Seller Representative copies of all documents proposed to be filed with respect to the S-3 Shelf, and the Seller Representative a reasonable opportunity to comment on such documents and keep the Seller Representative reasonably informed as to the registration process. Buyer shall not be responsible for any underwriters', brokers' or dealers' discounts or commissions and transfer taxes, if any, relating to the sale of the Sellers' shares of Amneal Class A Common Stock, any underwriters', brokers' or dealers' expenses, including road show and travel expenses, or any legal fees or expenses for the Sellers.

(c) Buyer shall take all actions necessary to cause the Amneal Class A Common Stock issued pursuant to the Stock Issuance to be listed on NASDAQ effective as of the Closing.

(d) The Parties acknowledge and agree that Section 5.2 (Blackout Periods) of the Buyer Stockholders' Agreement shall apply to this Section 5.21, *mutatis mutandis*.

(e) For the avoidance of doubt, the rights and obligations set forth in this Section 5.21 are in addition to, and not in lieu of, the registration rights provided in the Buyer Stockholders' Agreement.

5.22 Treatment of Company Group Debt. At Buyer's written request, the Company shall use commercially reasonable efforts to cooperate with, and provide reasonable assistance to, Buyer in connection with any steps Buyer may determine are necessary or desirable to take to retire, repay, defease, repurchase, redeem, satisfy and discharge, cancel or otherwise terminate effective at or substantially concurrently with the Closing, some or all amounts outstanding under the Funded Debt, which cooperation and assistance shall include (A) using reasonable best efforts to arrange for the repayment or prepayment of any Funded Debt on or substantially concurrently with the Closing Date, including by preparing and submitting, prior to the Closing Date as reasonably instructed by Buyer, customary notices of prepayment (subject to reasonable prior review and comment by Buyer) in respect of any such prepayment, redemption, satisfaction and discharge, defeasance, exchange, other repurchase, tender offer or repayment; provided, that the consummation of any such prepayment, redemption, satisfaction and discharge, defeasance, exchange offer, other repurchase, tender offer or repayment shall be contingent upon (and only occur upon, or substantially concurrently with, but not prior to) the occurrence of the Closing unless otherwise agreed in writing by Buyer, and (B) using reasonable best efforts to obtain from the applicable lenders or agents the Payoff

ARTICLE VII TAX MATTERS

7.1 Straddle Period. In the case of Taxes that are payable with respect to any Straddle Period, the portion of any such Taxes that is attributable to the portion of such Straddle Period ending on the Closing Date (including for purposes of determining Tax Liabilities reflected in the calculation of Working Capital with respect to any Straddle Period), shall (i) in the case of real and personal property Taxes and franchise Taxes not based on gross or net income, be equal to the amount of such Taxes for the entire Straddle Period multiplied by a fraction, the numerator of which is the number of calendar days in the portion of the Straddle Period ending on the Closing Date and the denominator of which is the number of calendar days in the entire Straddle Period, and (ii) in the case of other Taxes, be determined as if the Company filed a separate Tax Return with respect to such Taxes for the portion of the Straddle Period ending as of 12:01 a.m. (Eastern time) on the Closing Date using a “closing of the books methodology” based on the actual operations of the Company Group; provided, that any employer payroll Taxes arising with respect to a Pre-Closing Tax Period or Straddle Period that have been deferred pursuant to the CARES Act or any other corresponding or similar provision of other Law with respect to Taxes shall be allocated to the Pre-Closing Tax Period or the portion of such Straddle Period ending on the Closing Date, as applicable. Notwithstanding the foregoing, no Taxes attributable to any actions taken by Buyer or any actions taken outside the ordinary course of business by the Company Group on the Closing Date following the Closing shall be taken into account for purposes of determining Tax Liabilities reflected in the calculation of Working Capital.

7.2 Tax Contests. After the Closing Date, except as set forth in this Section 7.2, Buyer (on behalf of the Company Group) shall control the conduct, through counsel of its own choosing, of any audit, claim for refund, or administrative or judicial proceeding involving any asserted Tax Liability or refund with respect to the Company Group (each a “Tax Contest”). Notwithstanding the foregoing, in the case of a Tax Contest involving the Forms 1065 that relates to any Pre-Closing Tax Period or Straddle Period and to the extent such Tax Contest could result in the Sellers or the Seller Representative being liable pursuant to this Agreement, (i) the Seller Representative shall have the right to participate in such Tax Contest at its own expense and (ii) Buyer shall not allow the Company Group to settle or otherwise resolve such Tax Contest without the prior written permission of the Seller Representative, which consent shall not be unreasonably withheld, delayed, or conditioned. In the case of a Tax Contest involving the Forms 1065, the Seller Representative shall take, and cause its Affiliates to take, such actions as are needed to cause the Company Group to (x) cause Buyer to be designated as the “partnership representative” (as defined in Section 6223(a) of the Code) of the Company Group (including by executing IRS Form 8979 or such successor or similar form or authorization prescribed for such purpose (and any corresponding or similar form required to approve such similar designations under applicable state or local Law)) and (y) make a timely “push out” election under Section 6226(a) of the Code (and any corresponding or similar provision of state or local Tax Law) for such taxable year.

7.3 Transfer Taxes. Notwithstanding any provision of this Agreement to the contrary, all sales, use, value added, real property transfer, controlling interest transfer, transfer and other similar Taxes in connection with the transactions contemplated by this Agreement (collectively, “Transfer Taxes”) shall be borne 50% by Buyer and 50% by the Seller Representative (to be allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule). Buyer and the Seller Representative shall reasonably cooperate with one another in the preparation and filing of all necessary documentation and Tax Returns with respect to all Transfer Taxes (including any exemption certificates and forms as each may request to establish an exemption from (or otherwise reduce) such Transfer Taxes). For the avoidance of doubt, Transfer Taxes shall not include (a) any Taxes imposed on the

TABLE OF CONTENTS

transactions contemplated by the formation of any member of the Company Group or the Pre-Signing Reorganization, and all such Taxes shall be allocated to and borne by the applicable Sellers or (b) any Taxes under the (Indian) Income Tax Act, 1961 arising to the Sellers in relation to the transactions contemplated hereby which shall be borne by the respective Sellers.

7.4 Tax Returns.

(a) The Company shall prepare its U.S. federal and applicable state and local income Tax Returns for the tax year ending December 31, 2025, and the tax year on the Closing Date (collectively, the “Forms 1065”) consistent with the Closing Statement (as finally determined pursuant to Section 1.5(c)), the final Allocation Statement (as determined pursuant to Section 7.6), and in accordance with applicable Law. Notwithstanding anything in the Company LLC Agreement to the contrary, not later than thirty (30) days prior to the due date (taking into account any applicable extensions) for filing the Forms 1065 and prior to filing such Tax Return, the Company shall deliver a draft of such Tax Return, together with all supporting documentation and workpapers, to the Seller Representative for its review and reasonable comment. Notwithstanding anything in this Agreement or the Company LLC Agreement to the contrary, the Company shall not file the Forms 1065 without the prior written consent of Buyer and the Seller Representative, which consent, in each case, shall not be unreasonably withheld, conditioned or delayed.

(b) The Company shall prepare all other Tax Returns (except the Forms 1065) required to be filed by the Company Group after the Closing Date with respect to any Pre-Closing Tax Period or Straddle Period in accordance with applicable Law, and, to the extent more likely than not to be permissible under applicable Law, in accordance with past procedures and practices of the Company Group, and promptly pay when due all Taxes with respect to any Pre-Closing Tax Period to the appropriate Governmental Authority in accordance with such Tax Returns. Reasonably in advance of the due date for filing any such Tax Return, the Company shall deliver a draft of such Tax Return, together with all supporting documentation and workpapers, to the Seller Representative for its review and comment. No later than five Business Days prior to the due date (after giving effect to valid extensions) for the payment of any Taxes imposed on the Company Group, the Seller Representative shall pay the Company an amount equal to 100% of the portion of any Excluded Taxes shown as due on any such Tax Return of the Company in respect of Tax Returns for a Pre-Closing Tax Period and in respect of the portion of such Straddle Period ending on the Closing Date in accordance with Section 7.1.

(c) Without the written consent of the Seller Representative or its representatives (such consent not to be unreasonably withheld, conditioned or delayed), Buyer shall not (and shall cause its Affiliates not to): (i) file any Tax Return for any member of the Company Group for a Pre-Closing Tax Period, (ii) amend or modify any income or other material Tax Return filed by any member of the Company Group prior to the Closing Date, (iii) make, change or rescind any Tax election (other than the elections required to be made pursuant to Section 7.4(a)) that would have retroactive effect to a Pre-Closing Tax Period of any member of the Company Group (or any notification, disclosure or election relating thereto), (iv) enter into (or pursue) any voluntary disclosure agreements or initiate voluntary discussions with any Tax authority with respect to Taxes of any member of the Company Group for a Pre-Closing Tax Period, (v) enter into (or pursue) any closing agreement with respect to a Pre-Closing Tax Period, (vi) file any ruling request with any Tax authority or obtain any ruling (including, but not limited to, a private letter ruling) with respect to a Pre-Closing Tax Period, or (vii) waive any right to claim a refund of Taxes with respect to a Pre-Closing Tax Period; provided, Buyer may cause any member of the Company Group to take any action described in clauses (i)-(vii) of this Section 7.4(c) to the extent such action (A) is required by applicable law, or (B) would not increase the obligations of any Seller under this Agreement, increase the Tax liability of any Seller or decrease any entitlements of the Sellers to proceeds under this Agreement. Buyer shall not permit the Company Group to take any action on the Closing Date after the Closing that is outside of the ordinary course of business consistent with past practice unless otherwise contemplated by this Agreement.

7.5 Cooperation. Buyer and the Seller Representative shall reasonably cooperate (and cause their Affiliates to cooperate) with each other and with each other’s agents in connection with Tax matters. Such cooperation shall include each Party, upon reasonable request by the other Party, making available to the other Party Tax-related information and documents in its possession relating to the Company Group. To the extent the Sellers will need access, from time to time, after the Closing Date, to certain accounting and Tax records and information held by the Company to the extent such records and information pertain to events occurring prior to the Closing Date, Buyer shall, and shall cause its Affiliates to, (i) use commercially reasonable efforts to properly retain and maintain such

TABLE OF CONTENTS

records for a period of six (6) years following the Closing Date, and (ii) allow the Seller Representative and its agents and representatives, at the times and dates mutually acceptable to the Parties, to inspect, review and make copies of such records as the Seller Representative reasonably deems necessary or appropriate from time to time, such activities to be conducted during normal business hours.

7.6 Allocation Statement. Buyer and the Sellers hereby agree to allocate prior to the Closing the Purchase Price (plus any other relevant items for federal income tax purposes) among the assets of the Company Group in accordance with Section 1060 of the Code (and any similar provisions of state, local, or foreign applicable law), and the valuation principles set forth on Section 7.6 of the Company Disclosure Schedule (the “Allocation Methodology”). Reasonably promptly after the Closing (but in no event later than ninety (90) days after the Determination Date), Buyer shall deliver to the Seller Representative a statement, prepared in accordance with the Allocation Methodology, containing the allocation of the Purchase Price among the assets of the Company Group for purposes of (i) determining the portion of the gain or loss recognized upon the sale of the Acquired Membership Interests that is attributable to the Company Group’s “unrealized receivables” and “inventory items” (as such terms are defined in Section 751 of the Code) and (ii) allocating the tax basis adjustments under Sections 743, 751, 755 and 1060 of the Code and the Treasury Regulations promulgated thereunder (the “Allocation Statement”). The Seller Representative will be entitled to review, comment upon and approve such Allocation Statement. To the extent there is any disagreement with respect to the Allocation Statement, the Seller Representative and Buyer shall negotiate in good faith to resolve such disagreement. If Buyer and the Seller Representative are unable to agree on the Allocation Statement within thirty (30) days after the delivery of the Allocation Statement to the Seller Representative, any remaining disputed items shall be resolved by the Independent Accounting Firm, in the manner described in Section 1.5(c) *mutatis mutandis* (including with respect to the sharing of fees, costs and expenses of the Independent Accounting Firm). If the Purchase Price is adjusted in any manner as provided in this Agreement, the allocation of the Purchase Price shall be adjusted in the manner provided in this Section 7.6. Neither Buyer nor the Sellers shall take any position in any audits, Tax Returns or otherwise that is inconsistent with the Allocation Statement, as finalized in accordance with this Section 7.6, unless otherwise required as a result of a final determination within the meaning of Section 1313 of the Code.

7.7 Tax Treatment. The Parties agree that, for U.S. federal and applicable state and local income tax purposes, (a) the purchase of the Membership Interests will be treated as a taxable sale of partnership interests of the Company, consistent with the analysis and holding applicable to Situation 2 of Revenue Ruling 99-6, 1999-1 C.B. 432, (b) each Contingent Payment, if any, paid to the Sellers pursuant to this Agreement shall be treated as additional deferred or contingent consideration paid by Buyer for the Acquired Membership Interests, except to the extent required to be treated as interest imputed under Section 483, 1275 or other provision of the Code and any similar provision of state and local Law with respect to Taxes, and (c) Buyer shall determine the extent of any such imputed interest in good faith (in accordance with applicable law) and provide Buyer’s calculation thereof to the Seller Representative (together with any supporting workpapers) reasonably promptly following the end of each calendar year following the year in which the Closing occurs. The Parties agree not to take any position inconsistent with the foregoing treatment, unless otherwise required as a result of a “determination” within the meaning of Section 1313 of the Code.

ARTICLE VIII INDEMNIFICATION

8.1 Survival.

(a) The Parties, intending to modify any applicable statute of limitations, agree that the representations and warranties in this Agreement and in any certificate delivered pursuant hereto shall terminate effective as of the Closing and shall not survive the Closing for any purpose, and thereafter there shall be no Liability on the part of, nor shall any claim be made by, any Party in respect thereof; provided, that the representations and warranties in Section 3.1 shall survive until the later of (a) sixty (60) days after the expiration of the applicable statute of limitations related to the subject matter thereof, (b) sixty (60) days after the expiration of the statute of limitations applicable to breach of contract and (c) the sixth anniversary of the Closing Date. Nothing in this Article VIII nor anything else in this Agreement shall limit the rights of Buyer to pursue recoveries under any RW Policy.

(b) The Parties, intending to modify any applicable statute of limitations, agree that all covenants and agreements shall survive the Closing in accordance with their terms until the date that is three (3) years after the date that performance is due for the covenant or the period of performance for the applicable covenant has

ended, as applicable. If, prior to the expiration of the applicable survival period, a Claim Notice is delivered alleging Losses and a claim for recovery in accordance with Section 8.3(a) in reasonable detail based on facts or circumstances existing at the time of delivery of any such Claim Notice, then the claim asserted in such Claim Notice shall survive until such claim is fully and finally resolved.

8.2 Indemnification Obligations.

(a) From and after the Closing, subject to the limitations set forth in Section 8.4, the Sellers, in accordance with their pro rata entitlement to the Purchase Price as allocated by the Seller Representative among the Sellers in accordance with the Allocation Schedule, shall, severally and not jointly, indemnify, defend and hold harmless Buyer and its Subsidiaries and Affiliates (including, following the Closing, the Company) and its and their respective officers, directors, direct and indirect equityholders, members, managers, employees and agents (collectively, the "Buyer Indemnified Parties"), from and against all Taxes, Encumbrances, losses, dues, amounts paid in settlement, Liabilities, fees, costs (including costs of investigation, defense and enforcement of this Agreement), claims, damages, diminution in value, liabilities, expenses, fines and penalties (in each case, including reasonable attorneys' and accountant's fees, costs of suit and costs of appeal) (collectively, "Losses") actually incurred by any Buyer Indemnified Party, directly or indirectly, arising out of or relating to any of the following:

(i) the breach or violation of any representation or warranty contained in Section 3.1 (provided that if any such representation or warranty is qualified in any respect by materiality or Material Adverse Effect, such materiality or Material Adverse Effect qualification will in all respects be ignored for purposes of this Article VIII, both for purposes of determining whether a representation or warranty is breached or violated and for purposes of determining the amount of a Loss); or

(ii) the breach or violation of the Company's covenants or agreements contained in this Agreement that contemplate performance prior to the Closing or the Seller Representative's covenants or agreements contained in this Agreement.

(b) From and after the Closing, subject to the limitations set forth in Section 8.4, each Seller shall individually indemnify, defend and hold harmless the Buyer Indemnified Parties, from and against all Losses actually incurred by any Buyer Indemnified Party, directly or indirectly, arising out of or relating to the breach or violation of such Seller's covenants or agreements contained in this Agreement.

(c) From and after the Closing, subject to the limitations set forth in Section 8.4, Buyer shall indemnify, defend and hold harmless the Sellers and their respective Affiliates, and their respective officers, directors, managers, members, direct and indirect equityholders, employees and agents (collectively, the "Seller Indemnified Parties") and, together with the "Buyer Indemnified Parties", the "Indemnified Parties", from and against all Losses actually incurred by any Seller Indemnified Party, directly or indirectly, arising out of or relating to the breach or violation by Buyer of any of its covenants or agreements contained in this Agreement including any covenants or agreements contained in this Agreement that contemplate performance by the Company after the Closing.

8.3 Procedures.

(a) The Seller Representative shall have the sole right to act on behalf of any Indemnitee that is a Seller with respect to any indemnification claims made pursuant to this Article VIII, including bringing and settling any indemnification claims hereunder and receiving any notices on behalf of such Indemnitees. The Seller Representative shall have the sole right to act on behalf of any Indemnitor that is a Seller with respect to any indemnification claims made pursuant to this Article VIII, including defending and settling any indemnification claims hereunder and receiving any notices on behalf of such Indemnitors.

(b) In the event that any claim or demand for which an indemnifying party ("Indemnitor") would be liable to an Indemnified Party ("Indemnitee") hereunder is asserted against or sought to be collected from an Indemnitee (whether directly by such Indemnitee or by a third party), the Indemnitee shall promptly notify Indemnitor of such claim or demand, specifying in reasonable detail the nature of such claim or demand and the amount or the estimated amount thereof to the extent then feasible (which estimate shall not be conclusive of the final amount of such claim and demand) (the "Claim Notice"); provided, that no defect in the prompt delivery of or the information contained in such Claim Notice will relieve such Indemnitor from any obligation under this Article VIII, except to the extent such failure actually and materially prejudices such Indemnitor. The

TABLE OF CONTENTS

Indemnitor shall then have fifteen (15) Business Days from the delivery of the Claim Notice (the “Notice Period”) to notify the Indemnitee (x) whether or not it disputes its liability to the Indemnitee hereunder with respect to such claim or demand and (y) whether or not it desires, at its sole cost and expense, to defend the Indemnitee against such claim or demand.

(i) If the Indemnitor disputes its liability with respect to such claim or demand or the amount thereof, such claim or demand shall not be settled without the prior written consent of the Indemnitor (not to be unreasonably withheld, conditioned or delayed).

(ii) In the event that the Indemnitor notifies the Indemnitee within the Notice Period that it desires to defend the Indemnitee against such claim or demand, then, except as hereinafter provided, the Indemnitor shall have the right to defend the Indemnitee by appropriate proceedings; provided, however, the Indemnitor shall not, without the prior written consent of the Indemnitee (which consent will not be unreasonably withheld, delayed or conditioned), consent to the entry of any judgment against the Indemnitee or enter into any settlement or compromise unless (A) as an unconditional term thereof, the claimant or plaintiff to the Indemnitee grants a full release of Indemnitee and its Affiliates, in form and substance satisfactory to the Indemnitee, from all liability in respect of such claim or demand; (B) there is no finding or admission of any violation of applicable Law; and (C) the sole relief provided is monetary damages that have been in full deposited by Indemnitor into a special account notified to the Indemnitee. If any Indemnitee desires to participate in, but not control, any such defense or settlement, it may do so at its sole cost and expense.

(iii) The Indemnitor shall not be entitled to assume control of the defense of a Claim if: (A) in the reasonable opinion of the Indemnitee, any such claim or demand or the litigation or resolution of any such claim or demand involves equitable or injunctive relief, or would impose criminal liability or criminal damages, (B) based upon the advice of counsel to the Indemnitee, a non-waivable conflict of interest exists between the Indemnitor and the Indemnitee, (C) such Claim is brought by a Governmental Authority; or (D) the Indemnitor has failed or is failing to prosecute and defend vigorously such Claim; provided, however, that the Indemnitee shall not settle any such claim or demand without the prior written consent of the Indemnitor, which consent shall not be unreasonably withheld or delayed. If the Indemnitee should elect to exercise such right to assume control of the defense or settlement of a Claim, the Indemnitor shall have the right to participate in, but not control, the defense or settlement of such claim or demand, at its sole cost and expense.

(iv) If the Indemnitor elects not to defend the Indemnitee against such claim or demand, whether by not giving the Indemnitee timely notice as provided above or otherwise, then the amount of any such claim or demand, or if the same be defended by the Indemnitor or by the Indemnitee (but no Indemnitee shall have any obligation to defend any such claim or demand) then that portion thereof as to which such defense is unsuccessful, in each case shall be conclusively deemed to be a liability of the Indemnitor hereunder, unless the Indemnitor shall have disputed its liability to the Indemnitee hereunder, as provided in clause (i) above.

(v) For all purposes of this Article VIII, the Indemnitor and Indemnitee shall reasonably cooperate with, and make available to, the other party and its representatives, upon reasonable prior notice, information, records and data, and shall permit reasonable access during normal business hours to its facilities and personnel, in each case, as may be reasonably required in connection with the resolution of such disputes; provided that such access does not interfere with the conduct of the business of such party and its Affiliates and materials may be redacted as necessary to address reasonable attorney client or other privilege or bona fide confidentiality concerns. In connection therewith, each Party agrees that (A) it will use its reasonable efforts, in respect of any Claim in which it has assumed or participated in the defense, to avoid production of confidential information (consistent with applicable Law and applicable rules of procedure), and (B) all communications between a Party hereto and counsel responsible for or participating in the defense of any Claim shall, to the extent possible, be made so as to preserve any applicable attorney-client or work-product privilege.

(c) Any payment made to or on behalf of a party pursuant to Article VIII shall be treated by Buyer, Sellers and the Seller Representative for U.S. federal and applicable state and local income Tax purposes as an adjustment to the Purchase Price, and the Parties agree not to take any position inconsistent therewith, unless otherwise required by applicable Law.

(d) Subject to the limitations set forth in Section 8.4, but without limiting the right of any Buyer Indemnified Party to recover any indemnifiable Losses directly from the Sellers, to the extent any indemnifiable Losses of any Buyer Indemnified Party are required to be paid by any of the Sellers, the Buyer Indemnified Parties shall be entitled to, at Buyer's sole election, set off, deduct and withhold all or any portion of such Loss from any of the Contingent Payments or any other payments due to such Sellers under this Agreement.

8.4 Limitations on Indemnification.

(a) *Deductible & Per Claim Threshold.* Notwithstanding any other provision in this Agreement to the contrary, but subject to this Section 8.4, the Sellers shall not be required to indemnify the Buyer Indemnified Parties under Section 8.2(a)(i) until the aggregate of all Losses for which indemnity is required to be made under Section 8.2(a)(i) by the Sellers exceeds \$1,875,000 (the "Deductible"), at which point the Sellers shall indemnify the Buyer Indemnified Parties for all Losses in excess of the amount of the Deductible. Notwithstanding any other provision in this Agreement to the contrary, but subject to this Section 8.4, no Losses shall be indemnifiable under Section 8.2(a)(ii), Section 8.2(b) or Section 8.2(c) other than Losses in excess of \$250,000 resulting from any individual claim or group of related claims (but, for the avoidance of doubt, with respect to any such Losses that exceed \$250,000, the full amount (subject to the maximum thresholds set forth in Section 8.4(b)) of any such Losses shall be indemnifiable thereunder).

(b) *Cap.* Notwithstanding any other provision in this Agreement to the contrary, but subject to this Section 8.4:

(i) the maximum aggregate liability that Buyer shall have to the Seller Indemnified Parties pursuant to Section 8.2(c) shall not exceed \$750,000,000 (the "Cap");

(ii) the maximum aggregate liability that each Seller shall have to the Buyer Indemnified Parties pursuant to Section 8.2(a)(i) shall not exceed his, her, or its pro rata portion of the Cap, as determined by the Seller Representative based on the Allocation Schedule; and

(iii) the maximum aggregate liability that each Seller shall have to the Buyer Indemnified Parties pursuant to Sections 8.2(a)(ii) and 8.2(b), taken together, shall not exceed his, her, or its pro rata portion of the Cap, as determined by the Seller Representative based on the Allocation Schedule.

(c) *Insurance.* The amount of the Losses which any Party seeking indemnification under this Article VIII shall have suffered or incurred shall be determined net of the amount of any insurance proceeds actually received by such Indemnitee (net of any co-pays, deductibles, retro-premium adjustments, increase in premiums or costs relating to such insurance proceeds). If any (i) amounts are recovered under insurance policies or (ii) amounts are actually recovered from third parties (collectively, the "Third Party Recovery Amount") with respect to any claim for which an Indemnified Party has recovered under this Article VIII, then the Indemnitee shall promptly pay to the Indemnitor by wire transfer of immediately available funds, an amount equal to the Third Party Recovery Amount, but only up to the amount previously paid by or on behalf of the Indemnitor under this Article VIII with respect thereto.

(d) *Exclusive Remedy.* From and after the Closing, except in the case of claims arising from Fraud, the remedies expressly provided in this Article VIII shall constitute the sole and exclusive remedy of the Indemnitees contained in this Agreement, except as provided in Sections 1.4 (Contingent Consideration), 1.5 (Purchase Price Adjustment), 5.10 (Development of the Products; Access to Information), and 9.7 (Specific Performance); provided that, notwithstanding anything to the contrary in the foregoing, any RW Policy obtained by Buyer (whether or not such RW Policy is sufficient to cover the applicable losses) shall, except in the case of Fraud, be the sole and exclusive remedy of Buyer and its Affiliates (including, from and after the Closing, the Company Group) and the Buyer Related Parties, in Law, equity or otherwise, arising out of, or related to any inaccuracy or breach of any representation or warranty of the Sellers or the Company contained in this Agreement or in any certificates delivered hereto, except as provided in Sections 1.4 (Contingent

Consideration), 1.5 (*Purchase Price Adjustment*), 5.10 (*Development of the Products; Access to Information*), and 9.7 (*Specific Performance*). Notwithstanding anything to the contrary in this Agreement, nothing in this Agreement shall affect the ability of Buyer to make any claim under any RW Policy.

(e) *Limitation on Damages*. Except as otherwise specifically set forth as a remedy in this Agreement, in no event shall any Party be liable to any other Party for any special, indirect, consequential, exemplary and punitive damages, and any damages associated with any lost profits or lost opportunities, including loss of future revenue, income or profits or loss of business reputation (except such categories of damages as are actually awarded to a third party in an action brought against the Indemnitee); provided, that the foregoing shall not limit any Party's liability for diminution of value.

(f) *Mitigation*. Each Party shall use commercially reasonable efforts to mitigate any Losses for which it seeks indemnification pursuant to this Article VIII, if, in such Party's reasonable business judgment, such Losses can be mitigated; provided that in the event such Party is required to mitigate such Losses under applicable Law, applicable Law shall govern and control.

(g) *No Duplicative Recovery*. Notwithstanding anything in this Agreement to the contrary, no Party shall be entitled to recover under this Article VIII and neither Buyer nor the Sellers shall have no obligation to indemnify any Seller Indemnified Party, on the one hand or Buyer Indemnified Party, on the other hand, for any indemnifiable Losses (under this Article VIII or otherwise) if, and to the extent, that such amount was reflected in the Closing Financials or the Closing Statement and taken into account for purposes of the adjustments contemplated by Section 1.5.

9.2 Interpretation. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. The Parties have participated jointly in negotiating and drafting this Agreement. If an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement.

9.3 Counterparts. This Agreement may be executed in counterparts, which together shall constitute one and the same Agreement. The Parties may execute more than one copy of the Agreement, each of which shall constitute an original and each of which alone and all of which together shall constitute one and the same instrument. This Agreement may be executed by facsimile signatures or other electronic signatures (including the delivery of signed documents in PDF format or by means of DocuSign or other electronic signature platforms).

9.4 Entire Agreement. This Agreement and the Ancillary Documents, when executed and delivered, and any other certificate, instrument or document delivered in connection herewith or therewith, constitute the sole and entire agreement among the Parties with respect to the subject matter hereof and thereof and supersede any and all prior and contemporaneous understandings, agreements and representations by or among the Parties, both written and oral.

9.5 Third Party Beneficiaries. Nothing in this Agreement is intended or shall be construed to create any third-party beneficiaries except as expressly set forth herein.

9.6 Governing Law; Resolution of Disputes. The Parties agree that this Agreement shall be governed by and construed in accordance with the applicable Laws of the State of Delaware without giving effect to any choice or conflicts of law provision or rule thereof that would result in the application of the applicable Laws of any other jurisdiction other than the applicable Laws of the United States of America, where applicable. The Parties hereto do hereby consent and submit to the venue and jurisdiction of the State or Federal Courts residing in Delaware as the sole and exclusive forum for such matters of disputes, and further agree that, in the event of any action or suit as to any matters of dispute among the Parties, service of process may be made upon the other Party by mailing a copy of the summons and/or complaint to the other Party at the address set forth herein. Notwithstanding anything to the contrary contained herein, the Parties may seek equitable relief, or enforce any final judgment of any such federal or state court residing in Delaware, in any other jurisdiction in any manner provided by applicable Law. The Parties acknowledge that all directions issued by the forum court, including all injunctions and other decrees, will be binding and enforceable in all jurisdictions and countries. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY DISPUTE THAT MAY ARISE UNDER OR IN CONNECTION WITH THIS AGREEMENT AND ANY AGREEMENT CONTEMPLATED TO BE EXECUTED IN CONNECTION HEREWITH (OTHER THAN EMPLOYMENT AGREEMENTS) IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY DISPUTE.

9.7 Specific Performance. Each of the Parties acknowledges and agrees that the other Party would be irreparably damaged in the event that any of the terms or provisions of this Agreement are not performed in accordance with their specific terms or otherwise are breached. Therefore, notwithstanding anything to the contrary set forth in this Agreement, each of the Parties hereby agrees that the other Party shall be entitled to an injunction or injunctions to prevent breaches of any of the terms or provisions of this Agreement, and to enforce specifically the performance by such first party under this Agreement, and each Party hereby agrees to waive the defense in any such suit that the other Party has an adequate remedy at law, and hereby agrees to waive any requirement to post any bond in connection with obtaining such relief. The equitable remedies described in this Section 9.7 shall be in addition to, and not in lieu of, any other remedies that the Parties may be permitted to pursue under the terms of this Agreement.

TABLE OF CONTENTS

9.8 Assignment. This Agreement shall be binding upon and shall inure to the benefit of the Parties and their respective successors and permitted assigns. No Party may assign this Agreement (whether by operation of law or otherwise) nor any of its rights, interests or obligations hereunder without the prior written consent of the other Parties; provided, however, that (a) any Seller may assign its rights to any economic consideration (including, without limitation, any portion of the Purchase Price) without the consent of Buyer (but subject to written notice thereof to Buyer), (b) any Party may assign its rights and obligations under this Agreement in connection with a sale of all or substantially all of its assets or in connection with a merger or similar transaction in which such Party is not the surviving entity (but subject to written notice thereof to the other Parties), and (c) Buyer may (i) assign its rights to acquire the Acquired Membership Interests to one or more Subsidiaries of Buyer, in each case, without the consent of the other Parties (but subject to prior written notice thereof to the other Parties) and (ii) collaterally assign any or all of its rights and interests hereunder to any of its lender(s) or noteholder(s) (or any agent or trustee on behalf of any such lender(s) or noteholder(s)). Other than in connection with any transaction contemplated by and subject to Buyer's compliance with Section 5.10(f), no assignment shall relieve the assigning Party of any of its obligations hereunder.

9.9 Expenses. Except as otherwise expressly provided in this Agreement, all costs and expenses (including all fees and disbursements of counsel, financial advisors and accountants) incurred in connection with the negotiation and preparation of this Agreement, the performance of the terms of this Agreement and the consummation of the transactions contemplated by this Agreement, shall be paid by the respective Party incurring such costs and expenses, whether or not the Closing shall have occurred.

9.10 Severability. If any provision of this Agreement is construed to be invalid, illegal or unenforceable, such invalidity, illegality or unenforceability shall not affect the remainder of the provisions of this Agreement, which shall be given full effect, without regard to the invalid or unenforceable portions. Furthermore, if the scope of any provision contained in this Agreement is found to be too broad to permit enforcement of such provision to its full extent, then such provision shall be enforced to the maximum extent permitted by Law, and the Parties hereby consent and agree that such scope shall be judicially modified accordingly in any proceeding brought to enforce such provision.

9.11 Counsel and Advisors. Each Party has consulted such legal, financial, technical or other experts as it deems necessary or desirable before entering into this Agreement or the other agreements contemplated hereby to which it is a party. Each Party represents and warrants that it has read, knows, understands and agrees with the terms and conditions of this Agreement and each of the other agreements contemplated hereby to which it is a party.

9.12 Amendment; Waiver. This Agreement may not be amended, except by an instrument in writing signed on behalf of Buyer and the Seller Representative. Unless otherwise specifically agreed in writing to the contrary: (a) the failure or delay of any Party at any time to require performance by the other of any provision of this Agreement will not affect such Party's right thereafter to enforce the same; (b) no waiver by any Party of any default by any other Party will be valid unless in writing and acknowledged by an authorized representative of the non-defaulting Party, and no such waiver will be taken or held to be a waiver by such Party of any other preceding or subsequent default; and (c) no extension of time granted by any Party for the performance of any obligation or act by any other Party will be deemed to be an extension of time for the performance of any other obligation or act hereunder. Notwithstanding the foregoing, after receipt of the Stockholder Approval, if any such amendment or waiver shall by applicable Law or in accordance with the rules and regulations of NASDAQ require further approval of the stockholders of Buyer, the effectiveness of such amendment shall be subject to the approval of the stockholders of Buyer.

9.13 Construction. For purposes of this Agreement, except as specified otherwise, the words "hereof", "herein", "hereunder" and words of similar import will refer to this Agreement as a whole and not to any particular Section or provision of this Agreement, and reference to a particular Section of this Agreement will include all subsections thereof. References to any Person includes such Person's successors and assigns but, if applicable, only if such successors and assigns are permitted by this Agreement, and an express reference to a Person in a particular capacity excludes such Person in any other capacity. Any accounting term used and not otherwise defined in this Agreement or any Ancillary Document has the meaning assigned to such term in accordance with GAAP. The words "including", "include" or other derivations thereof mean "including without limitation" and/or "including but not limited to". Definitions will be equally applicable to both the singular and plural forms of the terms defined, and references to the masculine, feminine or neuter gender will include each other gender. All references in this Agreement to any Section, Exhibit or Schedule will, unless otherwise specified, be deemed to be a reference to a

TABLE OF CONTENTS

Section, Exhibit or Schedule of or to this Agreement, in each case as such may be amended in accordance herewith, all of which are made a part of this Agreement. References to any agreement, document or instrument means such agreement, document or instrument as amended or modified and in effect from time to time in accordance with the terms thereof. References to any Law (including any statutory provision thereof) means such Law as amended, modified, codified, replaced or reenacted, in whole or in part, and in effect as of the time of such reference, including rules and regulations promulgated thereunder. The words “made available” or words of similar import with respect to any item made available by the Company, the Seller Representative or the Sellers shall mean delivered by such Person or posted prior to the execution of this Agreement in the online data room no later than two (2) Business Days prior to the date hereof and remaining available on such data site through the date hereof. All references to “Dollars” or “\$” mean U.S. dollars unless otherwise specified. In the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including” and the words “to” and “until” mean “to but excluding” and the word “through” means “to and including.” Whenever the last day for the exercise of any privilege or the discharge of any duty hereunder shall fall upon a day that is not a Business Day, the Party having such privilege or duty may exercise such privilege or discharge such duty on the next succeeding day that is a Business Day. Except when used together with the word “either” or otherwise for the purpose of identifying mutually exclusive alternatives, the term “or” has the inclusive meaning represented by the phrase “and/or”. The words “writing,” “written” and comparable terms refer to printing, typing and other means of reproducing words (including electronic media) in a visible form. The word “extent” in the phrase “to the extent” shall mean the degree to which a subject or other things extends and such phrase shall not mean simply “if”. Whenever this Agreement (or any ancillary agreement, certificate or other similar instrument referred to herein or contemplated hereby) refers to any allocation of cash, stock or other assets among the Sellers in accordance with the Allocation Schedule, it shall be presumed, absent explicit evidence to the contrary, that such allocation shall be done by and at the direction of the Seller Representative, and not, for the avoidance of doubt, by or at the direction of Buyer or any of its Affiliates.

9.14 Legal Representation. In any proceeding by or against Buyer wherein Buyer asserts or prosecutes any claim under, or otherwise seeks to enforce, this Agreement (the “Acquisition Engagement”), Buyer agrees in connection with such proceeding (a) that neither Buyer nor counsel therefor will move to seek disqualification of any legal counsel (“Current Legal Counsel”) currently representing the Sellers or any of their respective Affiliates in connection with this Agreement, the Ancillary Documents or any other agreements or transactions contemplated hereby or thereby, including Holland & Knight LLP, (b) to waive any right Buyer may have to assert the attorney-client privilege against Current Legal Counsel or the Sellers or any of their respective Affiliates with respect to any communication or information contained in Current Legal Counsel’s possession or files relating to the Acquisition Engagement and (c) to consent to the representation of the Sellers and their respective Affiliates by Current Legal Counsel, notwithstanding that Current Legal Counsel has or may have represented the Sellers or any of their respective Affiliates (including the Company Group) as counsel in connection with any matter, including any transaction (including the transactions contemplated herein), negotiation, investigation, proceeding or action, prior to the Closing. This consent and waiver extends to Current Legal Counsel representing the Sellers against Buyer or the Company Group in litigation, arbitration or mediation in connection with the Acquisition Engagement. In addition, all communications between the Sellers, their respective Affiliates and the Company Group, on the one hand, and Current Legal Counsel, on the other hand, related to this or any other proposed sale of the Acquired Membership Interests, the Agreement or the transactions contemplated herein shall be deemed to be attorney-client confidences that belong solely to the Sellers and their respective Affiliates (and not the Company Group) (the “Seller Pre-Closing Communications”). Accordingly, no member of the Company Group nor Buyer shall have access to any such Seller Pre-Closing Communications or to the files of Current Legal Counsel relating to such engagement from and after the Closing, and all books, records and other materials of the Company Group in any medium (including electronic copies) containing or reflecting any of the Seller Pre-Closing Communications or the work product of legal counsel with respect thereto, including any related summaries, drafts or analyses, and all rights with respect to any of the foregoing, are hereby retained by, assigned and transferred to the Seller Representative effective as of the Closing. Such material and information shall be excluded from the transfer contemplated by this Agreement. To the extent that any such materials or information are not delivered to the Seller Representative prior to the Closing, they will be held for the benefit of the Seller Representative, and Buyer, the Company Group and their respective Affiliates will deliver all such materials and information to the Seller Representative promptly upon discovery thereof, without using or retaining copies thereof. Without limiting the generality of the foregoing, from and after the Closing, (i) the Sellers and their respective Affiliates (and not the Company Group) shall be the sole holders of the attorney-client privilege with respect to the Acquisition

TABLE OF CONTENTS

Engagement and the Seller Pre-Closing Communications, and the Company Group shall not be a holder thereof, (ii) to the extent that files of Current Legal Counsel in respect of the Acquisition Engagement and with respect to the Seller Pre-Closing Communications constitute property of the client, only the Sellers and their respective Affiliates (and not the Company Group) shall hold such property rights and (iii) Current Legal Counsel shall have no duty whatsoever to reveal or disclose any such attorney-client communications or files in respect of the Acquisition Engagement or the Seller Pre-Closing Communications to the Company Group by reason of any attorney-client relationship between Current Legal Counsel and the Company Group or otherwise. As to Seller Pre-Closing Communications, Buyer and its Affiliates (including, after the Closing, the Company Group) and the Sellers, together with any of their respective Affiliates, successors or assigns, agree that no such Person may use or rely on any of the Seller Pre-Closing Communications in any action or claim against or involving any of the Parties after the Closing. Buyer further agrees that, on its own behalf and on behalf of its Affiliates (including, after the Closing, the Company Group), Current Legal Counsel's retention by the Company Group shall be deemed completed and terminated without any further action by any Person effective as of the Closing. Buyer hereby acknowledges and confirms that it has had the opportunity to review and obtain adequate information regarding the significance and risks of the waivers and other terms and conditions of this Section 9.14, including the opportunity to discuss with counsel such matters and reasonable alternatives to such terms. This Section 9.14 is for the benefit of the Sellers and Current Legal Counsel, and Current Legal Counsel is an intended third party beneficiary of this Section 9.14. This Section 9.14 is irrevocable and no term of this Section 9.14 may be amended, waived or modified without the prior written consent of the Seller Representative and Current Legal Counsel.

9.15 Seller Representative.

(a) Each of the Sellers, by executing this Agreement, irrevocably constitutes and appoints the Seller Representative and its successors as such appointing Person's attorney-in-fact to act on behalf of such Person in connection with the authority granted to the Seller Representative pursuant to this Section 9.15 with respect to the matters expressly delegated to the Seller Representative in this Agreement. Each of the Sellers further acknowledges and agrees that such appointment is coupled with an interest and shall survive the bankruptcy, dissolution or liquidation of such Seller. Should the Seller Representative resign or be unable to serve, the Sellers may appoint a replacement by designating the same in a written notice delivered to Buyer.

(b) Each of the Sellers, by the appointment described in Section 9.15(a), authorizes the Seller Representative:

- (i) to give and receive written consents, reports, notices and communications to or from Buyer relating to this Agreement and the Ancillary Documents;
- (ii) to act on such appointing Person's behalf with respect to the matters delegated to the Seller Representative in this Agreement affecting such appointing Person in this Agreement, including giving and receiving all notices and communications to be given or received with respect to any such matters;
- (iii) to execute and deliver on behalf of such Seller any amendment or waiver in connection with this Agreement and the Ancillary Documents as the Seller Representative may deem necessary or desirable;
- (iv) to prepare, revise, supplement, update or amend any schedule, exhibit or other document required to be delivered by or under this Agreement;
- (v) to do each and every act and exercise any and all rights which the Seller Representative is permitted or required to do or exercise under this Agreement;
- (vi) to negotiate, compromise and resolve any dispute that may arise under this Agreement;
- (vii) to allocate the Purchase Price among the Sellers as the Sellers shall have agreed; and

"Trulicity" means the brand-name Biological Product with active ingredient dulaglutide on FDA BLA 12546 as approved by FDA as of the Closing Date and within five years thereafter.

"USCIS" means the U.S. Citizenship and Immigration Services and the rules and guidance promulgated thereunder.

"Value" means, with respect to determining if a First Tranche Milestone for a given Designated Product has been achieved, the fraction A/B expressed as a percentage, where A is the cumulative U.S. sales (over a twelve (12)-month period) of all Delivery Types for the Reference Product for such Designated Product that have Received Regulatory Approval, and B is the cumulative U.S. sales (over the same twelve (12)-month period) of all Delivery Types for the Reference Product for such Designated Product. Each of A and B shall be determined from data currently identified as "Sales \$" as provided in the National Sales Perspective report by IQVIA in the commercially available SMART Syndicated Data Analytics—US Edition. If such data or report become no longer available, Buyer and the Seller Representative will confer and reasonably agree on a substitute that most closely corresponds thereto. The twelve (12)-month period shall be, for each Designated Product, the period ending on the last day of the month preceding the month in which the most recent Delivery Type has Received Regulatory Approval. By way of example with respect to the Abatacept Product, purely for illustrative purposes:

- Assume that, on September 15, 2027, Delivery Types 1(a) and 1(b) Receive Regulatory Approval, and there have been no changes to the Delivery Types for such Reference Product specifically listed under the column "Delivery Types" in Schedule C.
- Buyer will perform a calculation of "Value", with the numerator (i.e., A) being cumulative U.S. sales of Delivery Types 1(a) and 1(b) over the twelve (12)-month period from September 1, 2026 through August 31, 2027 and the denominator (i.e., B) being cumulative U.S. sales of Delivery Types 1(a) through 1(e) over the same period.
- If such calculation of "Value" results in a percentage that does not exceed 80%, the Milestone Event with respect to the Abatacept Product has not been achieved.
- Next, assume that, on September 15, 2028, Delivery Types 1(c) and 1(d) Receive Regulatory Approval and there have been no changes to the Delivery Types for such for such Reference Product specifically listed under the column "Delivery Types" in Schedule C.
- Buyer will promptly perform a calculation of "Value", with the numerator (i.e., A) being cumulative U.S. sales of Delivery Types 1(a), 1(b), 1(c) and 1(d) over the twelve (12)-month period from September 1, 2027 through August 31, 2028 and the denominator (i.e., B) being cumulative U.S. sales of Delivery Types 1(a) through 1(e) over the same period.
- If such calculation of "Value" results in a percentage exceeding 80%, the Milestone Event with respect to the Abatacept Product has been achieved.

"WARN Act" means the Worker Adjustment and Retraining Notification Act of 1988, as amended, or any similar state, local, or non-U.S. law, regulation, or ordinance.

TABLE OF CONTENTS

“Working Capital” means the result, whether positive or negative, of (a) the Current Assets of the Company Group minus (b) the Current Liabilities of the Company Group, in each case, as determined in accordance with the Accounting Principles. Working Capital shall be calculated without duplication of any amounts to the extent used in the calculation of the Closing Cash, the Closing Indebtedness, the Transaction Expenses or the Prepayment Adjustment.

“Working Capital Adjustment” means the result, whether positive or negative, of (i) the Working Capital as of the Effective Time (which may be a positive or negative number) (the “WC Effective Amount”) minus (ii) the Working Capital Target (which may be a positive or negative number); provided, however, that (x) if the Working Capital as of the Effective Time is between (and including) \$0 and \$4,000,000, the WC Effective Amount shall be deemed to be \$2,000,000, (y) if the Working Capital as of the Effective Time is greater than \$4,000,000, the WC Effective Amount shall be deemed to be equal to \$2,000,000 plus the amount by which Working Capital as of the Effective Time exceeds \$4,000,000, and (z) if the Working Capital as of the Effective Time is a negative number, the WC Effective Amount shall be deemed to be \$2,000,000 plus such negative number. If the Working Capital Adjustment is negative, the absolute value of such amount shall be referred to herein as the “Working Capital Deficit.” If the Working Capital Adjustment is positive, then the value of such amount shall be referred to herein as the “Working Capital Surplus”. If the Estimated Working Capital Adjustment is a positive number, such number shall be referred to herein as the “Estimated Working Capital Surplus” and if the Estimated Working Capital Adjustment is a negative number, the absolute value of such amount shall be referred to herein as the “Estimated Working Capital Deficit”.

“Working Capital Target” means an amount, whether positive or negative, equal to (i) \$2,000,000 plus (ii) the Operating Profit Adjustment Amount. For avoidance of doubt, positive Closing Operating Profit will result in a positive Operating Profit Adjustment Amount and will increase the Working Capital Target, negative Closing Operating Profit will result in a negative Operating Profit Adjustment Amount and will decrease the Working Capital Target.

“Xolair” means the brand-name Biological Product with active ingredient omalizumab on FDA BLA 103976 as approved by FDA as of the Closing Date and within five years thereafter.

RESTRICTIVE COVENANTS AGREEMENT

This RESTRICTIVE COVENANTS AGREEMENT (this “Agreement”) is made and entered into as of April 21, 2026 by and between Amneal Pharmaceuticals, Inc., a Delaware corporation (“Buyer”), and Chirag Patel, an individual (“CP”). Each of Buyer and CP is sometimes hereinafter referred to as a “Party” and, collectively, the “Parties”.

WITNESSETH:

WHEREAS, concurrently with the execution of this Agreement, Kashiv BioSciences, LLC, a Delaware limited liability company (the “Company”), the direct equityholders of the Company (the “Sellers”) and Buyer are entering into a Membership Interest Purchase Agreement (as it may be amended from time to time, the “Purchase Agreement”), pursuant to which, at the Closing, Buyer will acquire from the Sellers all of the membership interests of the Company on the terms and conditions set forth therein (the “Transaction”);

WHEREAS, CP directly or indirectly beneficially owns equity interests in one or more of the Sellers (the “Owned Sellers”) and, accordingly, will derive substantial economic benefits through the receipt by the Owned Sellers of sale proceeds from Buyer in connection with the Transaction in accordance with the terms and conditions set forth in the Purchase Agreement;

WHEREAS, as a condition to Buyer entering into the Purchase Agreement, CP is entering into this Agreement, without which Buyer would not enter into the Purchase Agreement;

WHEREAS, CP acknowledges that (i) the protections set forth in this Agreement constitute an essential premise of the willingness of Buyer to enter into the Transaction and pay the sale proceeds as and when they become due under the Purchase Agreement, (ii) without the Transaction, the Owned Sellers would not be entitled to any consideration (cash, stock or otherwise) for the membership interests of the Company being acquired by Buyer, (iii) it is essential to the success of Buyer and the Company after the Closing that CP enter into the protections set forth herein and the business of Buyer and the Company would suffer significant and irreparable harm by CP violating any of the provisions hereof, and (iv) Buyer would be unwilling to enter into the Purchase Agreement in the absence of the protections set forth herein and in the absence of CP’s execution of, and performance of its obligations under, this Agreement;

WHEREAS, as a result of the Transaction, a significant portion of the Owned Sellers’ goodwill with respect to the Company (and, by extension, CP’s indirect goodwill with respect to the Company) will be transferred to Buyer;

WHEREAS, Buyer seeks to preserve and protect the goodwill of the Company; and

WHEREAS, CP agrees that the restrictions set forth herein are reasonable and necessary in order to protect the goodwill, confidential information and other legitimate business interests of Buyer, the Company and their respective Affiliates after the Closing.

NOW, THEREFORE, in consideration of the mutual covenants and agreements of the Parties contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Defined Terms. Capitalized terms used herein but not defined in this Agreement shall have the meanings ascribed to such terms in the Purchase Agreement.
2. Effectiveness. The provisions set forth in Sections 3 through 5 of this Agreement will only become effective as of the Closing. If the Purchase Agreement is validly terminated in accordance with its terms, this Agreement will automatically and without further action terminate in its entirety simultaneously with such valid termination of the Purchase Agreement in accordance with its terms and be of no further force or effect.
3. Non-Competition. During the period from the Closing through the fifth anniversary of the Closing Date (the “Restricted Period”), CP shall not, and shall cause his controlled Affiliates, not to, without the prior written consent of Buyer, directly or indirectly, invest in, acquire, own, manage, control, undertake, participate in, carry on or be engaged in the operation of the Business or any business or activities that compete with the Business as conducted as of the date hereof and as of the Closing Date. Notwithstanding the foregoing, the prohibitions in this Section 3 shall not apply to (i) the passive ownership by CP, directly or indirectly, of less than two percent (2%) of any class of the securities of any Person traded on a national or international securities

exchange or traded on the over-the counter market, (ii) the passive investment by CP, directly or indirectly, as a limited partner and not as a co-investor, in private equity funds of less than two percent (2%) of the equity interests in such fund so long as CP does not have any active role in, or ability to direct, the activities of such fund or the portfolio companies thereof or (iii) actions performed by CP in his capacity as an employee, consultant, officer, independent contractor or director of Buyer or any of Buyer's controlled Affiliates.

4. Non-Solicitation. During the Restricted Period, CP shall not, and shall cause his controlled Affiliates not to, except for the benefit of, and on behalf of, the Company Affiliated Group, directly or indirectly, on CP's own behalf or on behalf of any other person or entity, solicit, recruit or hire, or attempt to recruit or hire, any Restricted Person or induce or attempt to induce any Restricted Person to leave the employ of or cease doing business with the Company or any other member of the Company Affiliated Group, as the case may be; provided, however, that nothing in this Section 4 shall prevent CP from (i) from making any general solicitations, directly or indirectly, including through newspapers, trade journals, the internet or any similar media that are not directed specifically at any employee or independent contractor of the Company Affiliated Group, or hiring the Persons who respond to such general solicitations or (ii) from soliciting and hiring any former employee or independent contractor of the Company Affiliated Group who was terminated without cause. "Restricted Person" means (i) any employee, agent, or contractor of the Company Group as of immediately prior to the Closing, and/or (ii) any employee, agent, or contractor of Buyer or any Affiliate of Buyer with whom the Sellers worked, collaborated or shared information, or about whom the Sellers had access to or received confidential information during the Sellers' affiliation with the Company Affiliated Group.

5. Confidentiality. Except to the extent (i) authorized by Buyer, (ii) required by Law or any legal process, or (iii) necessary in performing CP's obligations under this Agreement, CP will not, and will cause his controlled Affiliates not to, directly or indirectly, at any time after the Closing, use or exploit, or disseminate, disclose, or divulge to any person, firm, corporation, association or other business entity, Confidential Information of the Company Group. As used herein, the term "Confidential Information" shall mean any and all information about the Company Group and/or the Business or relating to the Trade Secrets of the Company Group and/or the Business, in each case, whether or not disclosed to CP or whether or not known by CP as a consequence of or through its relationship with the Company Affiliated Group, Buyer and any of their respective Affiliates, if in each case such information is not publicly available (other than through a breach by CP of this Section 5). CP acknowledges and agrees that the term "Confidential Information" includes all information regarding the following: Trade Secrets and other Intellectual Property, Personal Information, products, services, drug formulations and manufacturing methods, human trial data, pre-clinical trial data, clinical trial data, client and partner lists (including names, addresses and telephone numbers), purchasing criteria of the Company Group, business plans, methods and procedures, accounting data, compensation and human resources information, marketing strategies, new product and services developments, price lists and pricing strategies, contract forms, business and financial models, electronic and other files, and financial data regarding the Business and the Company Group. Buyer acknowledges and agrees that prior to the Closing, CP may have worked in the Business and/or for the Company Affiliated Group, Buyer and any of their respective Affiliates and had access to Confidential Information; however, no such Person shall be deemed (A) to have been furnished or provided access to any Confidential Information in violation of this Section 5, or (B) to act at CP's direction or on CP's behalf, and CP shall not be deemed to be acting indirectly through such Person, solely due to the prior role of any such Person with respect to the Business and/or the Company Affiliated Group, Buyer and any of their respective Affiliates so long as such Person does not actually disclose or use the Confidential Information in violation of this Section 5 after the Closing.

6. Miscellaneous.

(a) CP acknowledges that he has carefully read and considered the provisions of this Agreement. CP acknowledges that, provided Buyer complies with its obligations under the Purchase Agreement to pay the consideration due to the Sellers as and when such consideration becomes due under the Purchase Agreement, in all cases upon and subject to the terms and conditions of the Purchase Agreement, the Owned Sellers will receive sufficient consideration and other benefits to justify the restrictions in this Agreement. CP also acknowledges and understands that these restrictions are reasonably necessary to protect the legitimate and substantial business interests of Buyer and its Affiliates, including protection of the goodwill acquired. CP also acknowledges that, provided Buyer complies with its obligations under the Purchase Agreement to pay the consideration due to the Sellers as and when such consideration becomes

Accordingly, if, at the time of enforcement of any one or more of the covenants in this Agreement, a court or arbitrator holds that the restrictions stated herein with respect to any specific covenant herein are unreasonable under the circumstances then existing, the Parties hereto agree that the maximum duration, geographic area and/or scope of activity legally permissible under such circumstances will be substituted for the duration, geographic area and/or scope of activity stated herein.

(c) If any provision of this Agreement is construed to be invalid, illegal or unenforceable, such invalidity, illegality or unenforceability shall not affect the remainder of the provisions of this Agreement, which shall be given full effect, without regard to the invalid or unenforceable portions. Furthermore, if the scope of any provision contained in this Agreement is found to be too broad to permit enforcement of such provision to its full extent, then such provision shall be enforced to the maximum extent permitted by Law, and the Parties hereby consent and agree that such scope shall be judicially modified accordingly in any proceeding brought to enforce such provision.

(d) This Agreement may not be amended, except by an instrument in writing signed on behalf of the Parties. Unless otherwise specifically agreed in writing to the contrary: (a) the failure or delay of any Party at any time to require performance by the other of any provision of this Agreement will not affect such Party's right thereafter to enforce the same; (b) no waiver by any Party of any default by any other Party will be valid unless in writing and acknowledged by an authorized representative of the non-defaulting Party, and no such waiver will be taken or held to be a waiver by such Party of any other preceding or subsequent default; and (c) no extension of time granted by any Party for the performance of any obligation or act by any other Party will be deemed to be an extension of time for the performance of any other obligation or act hereunder.

(e) The Parties agree that this Agreement shall be governed by and construed in accordance with the applicable Laws of the State of Delaware without giving effect to any choice or conflicts of law provision or rule thereof that would result in the application of the applicable Laws of any other jurisdiction other than the applicable Laws of the United States of America, where applicable. The Parties hereto do hereby consent and submit to the venue and jurisdiction of the State or Federal Courts residing in Delaware as the sole and exclusive forum for such matters of disputes, and further agree that, in the event of any action or suit as to any matters of dispute among the Parties, service of process may be made upon the other Party by mailing a copy of the summons and/or complaint to the other Party at the address set forth herein. Notwithstanding anything to the contrary contained herein, the Parties may seek equitable relief, or enforce any final judgment of any such State or Federal Court residing in Delaware, in any other jurisdiction in any manner provided by applicable Law. The Parties acknowledge that all directions issued by the forum court, including all injunctions and other decrees, will be binding and enforceable in all jurisdictions and countries.

(f) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY DISPUTE THAT MAY ARISE UNDER OR IN CONNECTION WITH THIS AGREEMENT AND ANY AGREEMENT CONTEMPLATED TO BE EXECUTED IN CONNECTION HERewith IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY DISPUTE.

Ladies and Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to Amneal Pharmaceuticals, Inc. (the "Company") of the (i) \$375 million in cash, as adjusted (the "Adjustments") pursuant to Section 1.5 of the Agreement (as defined below) (the "Cash Consideration"), (ii) 28,942,108 shares of Class A common stock, par value \$0.01 per share ("Company Common Stock"), of the Company (the "Stock Consideration"), (iii) up to \$350 million of milestone payments (each, a "Milestone Payment", and, collectively, the "Milestone Payments"), payable in cash, based upon the timing of each of (a) regulatory approval of certain products of the Target (as defined below) exceeding certain threshold percentages of Value (as defined in the Agreement), (b) entrance by competitors into the respective markets for such products and (c) commercial launch in the United States of a certain such product, as applicable, and (iv) royalty payments, payable in cash over a twelve year period beginning on the first full calendar quarter commencing on or after the Closing Date (as defined in the Agreement), based upon the amount of gross profits of the Target in excess of certain thresholds ("Royalty Payments"; taken in the aggregate with the Cash Consideration, Stock Consideration and Milestone Payments, the "Consideration") to be paid by the Company pursuant to the Membership Interest Purchase Agreement, dated as of April 21, 2026 (the "Agreement"), by and among the Company, Kashiv BioSciences, LLC (the "Target"), each of the persons listed on the signature pages thereto under the heading "Sellers" (collectively, the "Sellers") and KB Seller Representative, LLC (the "Seller Representative"), in connection with the purchase by the Company of all of the membership interests of the Target.

provide financial advisory and/or underwriting services to the Company, the Target, Tushar Patel, Chintu Patel, Chirag Patel, the Seller Representative or the Sellers and their respective affiliates for which Goldman Sachs Investment Banking may receive compensation.

In connection with this opinion, we have reviewed, among other things, the Agreement; annual reports to stockholders and Annual Reports on Form 10-K of the Company for the five fiscal years ended December 31, 2025; certain other communications from the Company to its stockholders; certain publicly available research analyst reports for the Company; audited financial statements for the Target for the three years ended December 31, 2024; unaudited financial statements for the twelve-month period ended December 31, 2025; certain internal financial analyses and forecasts for the Target prepared by its management; certain internal financial analyses and forecasts for the Company standalone and pro forma for the Transaction and certain financial analyses and forecasts for the Target, in each case, as prepared by the management of the Company and its advisors and approved for our use by the Conflicts Committee (the “Forecasts”), including certain operating synergies projected by the management of the Company to result from the Transaction (the “Synergies”) and certain forecasts related to the amounts and expected utilization by the Company of certain tax attributes, as prepared by the management of the Company and its advisors (the “Tax Attributes Forecasts”), in each case, as approved for our use by the Conflicts Committee; and certain estimates as to the amount of the Adjustments, Milestone Payments and Royalty Payments, in each case, as prepared by the management of the Company and approved for our use by the Conflicts Committee (the “Estimates”). We have also held discussions with members of the senior managements of the Company, the Target and the Seller Representative regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and the past and current business operations, financial condition and future prospects of the Target and the Company; reviewed the reported price and trading activity for the shares of Company Common Stock; compared certain financial information for the Target and certain financial and stock market information for the Company with similar financial and stock market information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the biosimilars industry and in other industries; and performed such other studies and analyses, and considered such other factors, as we deemed appropriate.

For purposes of rendering this opinion, we have, with your consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, us, without assuming any responsibility for independent verification thereof. In that regard, we have assumed with your consent that the Forecasts, including the Synergies and the Tax Attributes Forecasts, and the Estimates, have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the Conflicts Committee. We have not made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of the Target, the Company or any of their respective subsidiaries and we have not been furnished with any such evaluation or appraisal. We have assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Company or the Target or on the expected benefits of the Transaction in any way meaningful to our analysis. We also have assumed that the Transaction will be consummated on the terms set forth in the Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transaction, or the relative merits of the Transaction as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. This opinion addresses only the fairness from a financial point of view to the Company, as of the date hereof, of the Consideration to be paid by the Company for all of the membership interests of the Target pursuant to the Agreement. We do not express any view on, and our opinion does not address, any other term or aspect of the Agreement or Transaction or any term or aspect of any other agreement or instrument contemplated by the Agreement or entered into or amended in connection with the Transaction, including, any ongoing obligations of the Company or the Target, any allocation of the Consideration, the fairness of the Transaction to, or any consideration received in connection therewith by, the holders of any class of securities, creditors, or other constituencies of the Company or the Target; nor as to the

fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company, the Target, the Seller Representative or, as applicable, the Sellers, or any class of such persons in connection with the Transaction, whether relative to the Consideration to be paid by the Company for all of the membership interests of the Target pursuant to the Agreement or otherwise. We are not expressing any opinion as to the prices at which shares of Company Common Stock will trade at any time, as to the potential effects of volatility in the credit, financial and stock markets on the Company, the Seller Representative, the Sellers, the Target or the Transaction, or as to the impact of the Transaction on the solvency or viability of the Company, the Seller Representative, the Sellers or the Target or the ability of the Company, the Seller Representative, the Sellers or the Target to pay their respective obligations when they come due. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof and we assume no responsibility for updating, revising or reaffirming this opinion based on circumstances, developments or events occurring after the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Conflicts Committee in connection with its consideration of the Transaction and such opinion does not constitute a recommendation as to how any holder of Company Common Stock should vote with respect to such Transaction or any other matter. This opinion has been approved by a fairness committee of Goldman Sachs & Co. LLC.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Consideration to be paid by the Company for all of the membership interests of the Target pursuant to the Agreement is fair from a financial point of view to the Company.

Very truly yours,
