Introductory Note.

This Current Report on Form 8-K is being filed in connection with the completion by Noble Corporation plc, a public limited company organized under the laws of England and Wales (“Noble” or the “Company”), of the previously announced acquisition of Diamond Offshore Drilling, Inc., a Delaware corporation (“Diamond”). Pursuant to the terms of the Agreement and Plan of Merger, dated as of June 9, 2024 (the “Merger Agreement”), by and among the Company, Dolphin Merger Sub 1, Inc., a Delaware corporation and indirect wholly owned subsidiary of Noble (“Merger Sub 1”), Dolphin Merger Sub 2, Inc., a Delaware corporation and indirect wholly owned subsidiary of Noble (“Merger Sub 2”) and Diamond, on September 4, 2024 (the “Closing Date”), Merger Sub 1 merged with and into Diamond, with Diamond surviving as a wholly owned indirect subsidiary of Noble (the “First Merger”) and Diamond, as the surviving entity in the First Merger, subsequently merged with and into Merger Sub 2, with Merger Sub 2 surviving as an indirect wholly owned Subsidiary of Noble (the “Second Merger” and, together with the First Merger, the “Mergers”).

Item 1.01 Entry into a Material Definitive Agreement.

On the Closing Date, Merger Sub 2, Diamond Foreign Asset Company, an exempted company incorporated under the laws of the Cayman Islands and indirect wholly owned subsidiary of Diamond (“Cayman Issuer”), Diamond Finance, LLC, a Delaware limited liability company and indirect wholly owned subsidiary of Diamond (together with Cayman Issuer, the “Issuers”), and HSBC Bank USA, National Association, as trustee (in such capacity, the “Trustee”) and collateral agent (in such capacity, the “Collateral Agent”), entered into a supplemental indenture (the “Supplemental Indenture”), which supplements the Indenture, dated as of September 21, 2023 (as amended, restated, supplemented or otherwise modified from time to time, the “Indenture”), among the Issuers, Diamond, the other guarantors party thereto from time to time, the Trustee and the Collateral Agent relating to the Issuers’ 8.500% Senior Secured Second Lien Notes due 2030 (the “Diamond Notes”). Pursuant to the Supplemental Indenture, Merger Sub 2 agreed, effective upon the consummation of the Second Merger, to (x) assume all of the obligations of Diamond under the Diamond Notes, the Indenture, the applicable Security Documents (as defined in the Indenture) to which Diamond was a party immediately prior to the Second Merger, and the Collateral Agency Agreement (as defined in the Indenture), including the guarantee of the Diamond Notes by Diamond, (y) be bound by the terms of each such document and (z) become a party to each such document in the same capacity in which Diamond was party thereto immediately prior to the Second Merger. As of September 4, 2024, there was \$500 million aggregate principal amount of the Diamond Notes outstanding.

The foregoing description of the Supplemental Indenture does not purport to be complete and is qualified in its entirety by reference to the Supplemental Indenture, a copy of which is attached as Exhibit 4.1 to this Current Report on Form 8-K, and is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On the Closing Date, the Company completed the Mergers. Pursuant to the terms and conditions set forth in the Merger Agreement, at the effective time of the First Merger (the “First Merger Effective Time”), each share of common stock, par value \$0.0001 per share, of Diamond (“Diamond Share”), issued and outstanding immediately prior to the First Merger Effective Time (other than Diamond Shares (x) owned by Diamond, Merger Sub 1, Merger Sub 2 or Noble (“Cancelled Shares”) or (y) for which holders have demanded their rights to be paid the fair value of such Diamond Shares in accordance with Section 262 of the Delaware General Corporation Law) was converted automatically into the right to receive the following consideration (collectively, the “Merger Consideration”): (i) \$5.65 in cash, without interest (the “Per Share Cash Consideration”), (ii) 0.2316 (the “Exchange Ratio”) of validly issued, fully paid and non-assessable A ordinary shares, \$0.00001 nominal value per share, of Noble (“Noble Shares”) and (iii) any cash in lieu of any fractional Noble Shares to be paid pursuant to the Merger Agreement.

Pursuant to the Merger Agreement, at the First Merger Effective Time, each Cancelled Share outstanding as of immediately prior to the First Effective Time was cancelled without any conversion thereof.

Pursuant to the Merger Agreement, at the First Merger Effective Time, each share of common stock of Merger Sub 1 issued and outstanding immediately prior to the First Merger Effective Time was converted into one validly issued, fully paid and non-assessable share of common stock of Diamond, as the surviving entity in the First Merger.

Pursuant to the Merger Agreement, at the effective time of the Second Merger (the “Effective Time”), by virtue of the Second Merger and without any action on the part of Noble, Merger Sub 2, Diamond, as the surviving entity in the First Merger, or the holders of any of the securities in Diamond issued or outstanding either prior to or after the First Merger Effective Time, each share of common stock of Diamond, as the surviving entity in the First Merger, issued and outstanding immediately prior to the Effective Time and each share of common stock of Merger Sub 2 issued and outstanding immediately prior to the Effective Time was converted into one validly issued, fully paid and non-assessable share of common stock of Merger Sub 2, as the surviving entity in the Second Merger. Immediately after the Effective Time, Merger Sub 2 was renamed “Noble Offshore Drilling, Inc.,” pursuant to a certificate of amendment to the amended and restated certificate of incorporation of Merger Sub 2 filed with the Secretary of State of the State of Delaware.

Pursuant to the Merger Agreement and the Warrant Agreement, dated as of April 23, 2021, between Diamond, Computershare, Inc. and Computershare Trust Company, N.A. (the “Diamond Warrant Agreement”), at the First Merger Effective Time, each outstanding and unexercised warrant of Diamond Offshore (“Diamond Warrants”) was assumed by Noble and for 90 days after the First Merger Effective Time will remain outstanding and during such 90-day period will, in lieu of the number of Diamond Shares then exercisable under the Diamond Warrants, be exercisable for the Merger Consideration to which the holders would have been entitled upon consummation of the First Merger, if the holders of the Diamond Warrants had exercised the Diamond Warrants in full immediately prior to the First Merger Effective Time and acquired the applicable number of Diamond Shares then issuable upon exercise of the Diamond Warrants as a result of such exercise, without taking into account any limitations or restrictions on the exercisability of the Diamond Warrants but taking into account the payment of the exercise price for the Diamond Warrants (or exercise on a “cashless basis”). In accordance with the Diamond Warrant Agreement, after the 90-day period, the Diamond Warrants will not be exercisable and will not be outstanding. Following such 90-day exercise period, the Diamond Warrant Agreement will be terminated in accordance with its terms.

Pursuant to the Merger Agreement, at the First Merger Effective Time, each then outstanding performance-vesting restricted stock unit (a “PSU”) or time-vesting restricted stock unit (an “RSU”) covering Diamond Shares (each, a “Diamond PSU” and a “Diamond RSU”, respectively) ceased to represent a right to receive Diamond Shares (or value equivalent to Diamond Shares) and was converted into the right to acquire a number of Noble Shares equal to the product of (i) the number of Diamond Shares subject to such Diamond PSU or Diamond RSU, as applicable, immediately prior to the First Merger Effective Time and (ii) the sum of (a) the Exchange Ratio plus (b) the quotient of (1) the Per Share Cash Consideration, divided by (2) the closing price on the New York Stock Exchange for a Noble Share on the last trading day immediately preceding the Effective Time. Under this formula, Diamond PSUs were converted into RSUs covering Noble Shares (“Noble RSUs”) based on the greater of (x) actual Diamond performance level achieved and (y) target Diamond performance level, in each case, as determined under the performance criteria applicable to such Diamond PSUs, which Noble RSUs will otherwise vest on the same terms and conditions as were applicable under the Diamond PSUs. Notwithstanding the foregoing, to the extent that a Diamond PSU or a Diamond RSU vested as of the First Merger Effective Time (including any awards that vested as a result of a termination of employment at or immediately after the Effective Time), such awards were instead settled in cash or Diamond Shares, as applicable, immediately prior to the First Merger Effective Time and any such Diamond Shares were treated the same as other Diamond Shares, as explained above.

In connection with the Mergers, the Company paid approximately \$591 million in cash and issued approximately 24.2 million Noble Shares in the aggregate as the Merger Consideration.

As previously announced, on August 22, 2024, Noble Finance II LLC, a wholly owned subsidiary of the Company (the “Issuer”) issued an additional \$800 million in aggregate principal amount of the Issuer’s 8.000% Senior Notes due 2030 (the “Noble Notes”) in a private offering to eligible purchasers that was exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”). The Company used a portion of the net proceeds from Noble Notes offering to fund the cash portion of the Merger Consideration. The terms of the Noble Notes offering are more fully described on Item 2.03 of Noble’s Current Report on Form 8-K filed with the Securities and Exchange Commission (the “SEC”) on August 22, 2024, which is incorporated herein by reference, and in the indenture governing the Noble Notes and the forms of Noble Notes, filed as Exhibits 4.1, 4.2 and 4.3 to such Noble Current Report, each of which is incorporated herein by reference.

The foregoing description of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, a copy of which was attached as Exhibit 2.1 to Noble’s Current Report on Form 8-K filed with the SEC on June 10, 2024, and which is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information contained in Item 1.01 concerning Merger Sub 2’s direct financial obligations under the guaranty of the Diamond Notes is incorporated herein by reference.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Pursuant to the Merger Agreement, Noble increased the size of its board of directors (the “Noble Board”) to nine directors, effective as of the Effective Time, and appointed Ms. Patrice Douglas as a director of Noble, effective as of immediately following the Effective Time.

Ms. Douglas is an attorney representing energy companies, financial institutions, municipalities and utilities on legal, regulatory and compliance matters. The appointment of Ms. Douglas was made pursuant to the requirements of the Merger Agreement but was not otherwise made pursuant to any arrangement or understanding between Ms. Douglas and any other person, and Ms. Douglas has not entered into (or proposed to enter into) any transactions required to be reported under Item 404(a) of Regulation S-K. Ms. Douglas will receive the same annual compensation as other non-employee directors for 2024 (pro-rated based on the effective date of Ms. Douglas’s appointment). Annual Noble Board compensation for 2024 is described in the Company’s Definitive Proxy Statement on Schedule 14A, filed with the SEC on April 10, 2024.

Ms. Douglas does not have any family relationship with the Company’s directors or executive officers or any persons nominated or chosen by the Company to be a director or executive officer. Ms. Douglas has not entered into any other material plan, contract, arrangement or amendment in connection with Ms. Douglas’s appointment to the Noble Board.

Press release

Noble Corporation plc announces closing of Diamond acquisition and new appointment to the board of directors

SUGAR LAND, TEXAS, September 4, 2024 - Noble Corporation plc ("Noble", the "Company") (CSE: NOBLE, NYSE: NE) today announces the completion of its acquisition of Diamond Offshore Drilling, Inc ("Diamond"). This transaction enhances Noble's position as a leading offshore driller, creating the largest fleet of 7th generation dual-BOP drillships in the industry, and adding approximately \$2 billion of backlog. Following completion of the acquisition of Diamond, the Company's board of directors has appointed Patrice Douglas from the Diamond board of directors to serve as a new director of Noble.

Noble has filed a form 8-K regarding the completion of the acquisition with the U.S. Securities and Exchange Commission, available at: <https://bit.ly/3WhkDLD>.

Robert W. Eifler, President and Chief Executive Officer of Noble, stated, *"We are excited to close this highly strategic and accretive transaction ahead of schedule and commence our integration activities. On behalf of Noble's board of directors and employees, I would like to welcome the Diamond organization onboard and look forward to our exciting journey ahead as a combined team."*

Charles M. (Chuck) Sledge, Noble's Chairman of the Board of Directors, added: *"This combination marks a crucial next step in Noble's 7G deepwater leadership strategy. We are excited to bring Diamond's exceptional team and fleet on to the Noble platform and look forward to delivering valuable synergies for all stakeholders through the integration of these two great companies. I would also like to welcome Patrice Douglas, who has been nominated to join Noble's board of directors from the Diamond board."*

Following Noble's acquisition of Diamond, investors should not rely on Noble's previously issued financial guidance for 2024, which is no longer applicable on a combined company basis.

Noble has published an updated fleet status report reflecting the addition of the Diamond rigs and other updates, chiefly the addition of 4.8 rig years of backlog recently awarded under the Commercial Enabling Agreement (CEA) with ExxonMobil for the Company's four drillships operating in Guyana. These updates increase Noble's current backlog to \$6.7 billion.

THE FOLLOWING INFORMATION IS PROVIDED IN CONNECTION WITH VARIOUS REGULATORY AND STOCK EXCHANGE REQUIREMENTS

Settlement of the transaction and changes in share capital and number of shares

On September 4, 2024, Noble issued 24,239,941 class A ordinary shares of Noble to former shareholders of Diamond, in connection with the closing of the Diamond acquisition and, combined with 543 shares of Noble issued as a result of the exercise of warrants, there are a total of 167,279,702 shares of Noble issued and outstanding. Further, Noble assumed all outstanding and unexercised warrants of Diamond which will be exercisable for 90 days from the effective time of the Diamond acquisition. Following such 90-day exercise period, the warrants assumed from Diamond will no longer be exercisable and will expire in accordance with their terms. For further information, reference is made to the form 8-K filed with the U.S. Securities and Exchange Commission regarding the completion of the Diamond acquisition.

Assumption of Diamond RSUs

On September 4, 2024, in connection with the closing of the acquisition of Diamond, each performance-vesting and time vesting restricted stock unit covering shares of Diamond (together "Diamond RSUs") held by key employees shall be assumed by Noble and shall represent the right to receive shares in Noble. The Diamond RSUs shall be assumed by Noble on substantially the same terms and conditions (including vesting conditions) as applicable to the original Diamond RSUs prior to the closing of the acquisition.

Notwithstanding the foregoing, to the extent that a Diamond RSU vested as of the acquisition (including any awards that vested as a result of a termination of employment at or immediately after the acquisition), such awards were instead settled in cash or shares of Diamond, as applicable, immediately prior to the acquisition and any such shares of Diamond were treated the same as other Diamond shares.

For further information on the assumption of the Diamond RSUs, reference is made to the form 8-K filed with the U.S. Securities and Exchange Commission regarding the completion of the Diamond acquisition.
