Forward-Looking Statements

This proxy statement includes forward-looking statements. These statements are not historical facts, but instead represent only our beliefs regarding future events, many of which, by their nature, are inherently uncertain and outside of our control. Forward-looking statements include statements about our business and future performance, as well as ESG targets, goals, and commitments outlined in this proxy statement or elsewhere. These statements can be identified by words such as "anticipates," "intends," "plans," "seeks," "believes," "estimates," "expects" and similar references to future periods, or by the inclusion of forecasts or projections. We caution readers not to place undue reliance on forward-looking statements. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events or other factors, except where we are expressly required to do so by law. For a discussion of some of the risks and important factors that could affect our future results and financial condition, see "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2025.

General Information About the Company

Founded in 1959, F&G is a leading provider of insurance solutions serving retail annuity and life customers as well as institutional clients. Our mission is to help people turn their aspirations into reality and, as of December 31, 2025, F&G has approximately 778,000 policyholders who count on the safety and protection our fixed annuity and life insurance products provide. We also serve approximately 145,000 plan participants who will receive their pension payments from F&G through our pension risk transfer solutions.

Through our insurance subsidiaries, including Fidelity & Guaranty Life Insurance Company (*FGL Insurance*) and Fidelity & Guaranty Life Insurance Company of New York (*FGL NY Insurance*), we market a broad portfolio of annuities, including fixed indexed annuities and multi-year guarantee annuities, pension risk transfer solutions, as well as indexed universal life insurance and institutional funding agreements.

We were acquired on June 1, 2020, by Fidelity National Financial, Inc. (*FNF*). We have benefited from financial strength rating upgrades following the acquisition; S&P and Fitch upgraded us to A-, and Moody's upgraded to Baa1 in June 2020. More recently, Moody's upgraded us to A3 in July 2023 and A.M. Best upgraded us to A in January 2024. These upgrades, valued by our distribution partners, have positioned us to quickly expand our business in existing channels and gain access to new markets. Gross sales increased from \$4.5 billion for the full year 2020 to \$14.6 billion for 2025. We now operate in and source significant premiums from three distinct retail channels and two institutional markets, versus a single channel prior to the acquisition by FNF.

Company Highlights:

- **Generated record assets under management (AUM):** F&G achieved record AUM before flow reinsurance of \$73.1 billion as of December 31, 2025, an increase of 12% over year-end 2024. This included retained AUM of \$57.6 billion as of December 31, 2025.
- **Excellent credit performance in the investment portfolio:** The investment portfolio is performing well, with 96% of fixed maturities being investment grade. It is well matched to our liability profile and diversified across asset types. Credit-related impairments have remained low and stable, averaging 6 basis points over the past five years.
- **Continued focus on organic growth and return of capital to shareholders:** F&G returned \$137 million of capital to shareholders from common and preferred dividends in 2025.
- **Strong solvency:** Estimated risk-based capital (*RBC*) ratio for our primary operating subsidiary was approximately 430% as of December 31, 2025, above our 400% target.

We believe the strength of our balance sheet provides confidence to our policyholders and business partners and positions us for continued growth. Our invested assets comprise what we believe to be a highly rated and well diversified portfolio. As of December 31, 2025, 96% of our fixed maturity securities were rated under criteria of the National Association of Insurance Commissioners (*NAIC*) as NAIC 1 or NAIC 2, the two highest credit rating designations of the NAIC. These assets are managed against what we believe to be prudently underwritten liabilities. We have inforce liabilities of \$56.8 billion at December 31, 2025, with a liability duration of approximately five years, well matched to our assets. Going forward, we will continue to execute on our strategy toward a more fee-based, higher margin, and less capital intensive business model.

General Information About the Virtual Annual Meeting

Your shares can be voted at the virtual annual meeting only if you vote by proxy or if you are present and vote at the meeting. Even if you expect to attend the virtual annual meeting, please vote by proxy to assure that your shares will be represented.

Why Did I Receive this Proxy Statement?

The board is soliciting your proxy to vote at the virtual annual meeting because you were a holder of our common stock at the close of business on **April 27, 2026**, which we refer to as the *record date*, and therefore you are entitled to vote at the annual meeting. This proxy statement contains information about the matters to be voted on at the annual meeting, and the voting process, as well as information about the Company's directors and executive officers.

Who is Entitled to Vote?

All record holders of our common stock as of the close of business on April 27, 2026, are entitled to vote. As of the close of business on that day, 132,889,653 shares of our common stock were issued and outstanding and eligible to vote. Of those, 94,662,347 shares were held by FNF and 38,227,306 shares were held by our other shareholders. Each share is entitled to one vote on each matter presented at the virtual annual meeting.

If you hold your shares of F&G common stock through a broker, bank or other holder of record, you are considered a "beneficial owner" of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction form included in the mailing or by following their instructions for voting via the Internet or by telephone.

What Shares are Covered by the Proxy Card?

The proxy card covers all shares of F&G common stock held by you of record (i.e., shares registered in your name) and any shares of F&G common stock held for your benefit in our 401(k) plan.

How Do I Vote?

You may vote using any of the following methods:

At the virtual annual meeting. All shareholders may vote at the virtual annual meeting. Please see "How Do I Access the Virtual Annual Meeting? Who May Attend?" for additional information on how to vote at the annual meeting.

By proxy. There are three ways to vote by proxy:

- By mail, using your proxy card and return envelope;
- By telephone, using the telephone number printed on the proxy card and following the instructions on the proxy card; or
- By the Internet, using a unique password printed on your proxy card and following the instructions on the proxy card.

Even if you expect to attend the annual meeting virtually, please vote by proxy to assure that your shares will be represented.

What Does it Mean to Vote by Proxy?

It means that you give someone else the right to vote your shares in accordance with your instructions. In this case, we are asking you to give your proxy to our Chief Executive Officer, President and Chief Financial Officer, and Corporate Secretary, who are sometimes referred to as the proxy holders. By giving your proxy to the proxy holders, you assure that your vote will be counted even if you are unable to attend the annual meeting. If you give your proxy by returning a signed proxy or by telephone or Internet but do not include specific instructions on how to vote on a particular proposal described in this proxy statement, the proxy holders will vote your shares in accordance with the recommendation of the board for such proposal.

On What am I Voting?

You will be asked to consider three proposals at the annual meeting.

- **Proposal No. 1** asks you to elect three Class I directors to serve until the 2029 Annual Meeting of Shareholders.
- **Proposal No. 2** asks you to approve, on a non-binding advisory basis, the compensation paid to our named executive officers in 2025 (the *Say-on-Pay Proposal*).
- **Proposal No. 3** asks you to ratify the appointment of Ernst & Young LLP (*EY*) as our independent registered public accounting firm for the 2026 fiscal year.

How Does the Board Recommend that I Vote on These Proposals?

The board recommends that you vote “FOR ALL” director nominees in Proposal 1, and “FOR” Proposals 2 and 3.

What Happens if Other Matters are Raised at the Meeting?

Although we are not aware of any matters to be presented at the virtual annual meeting other than those contained in the Notice of Annual Meeting, if other matters are properly raised at the virtual annual meeting in accordance with the procedures specified in our certificate of incorporation and bylaws, or applicable law, all proxies given to the proxy holders will be voted in accordance with their best judgment.

What If I Submit a Proxy and Later Change My Mind?

If you have submitted your proxy and later wish to revoke it, you may do so by doing one of the following: giving written notice to the Corporate Secretary prior to the virtual annual meeting; submitting another proxy bearing a later date (in any of the permitted forms) prior to the virtual annual meeting; or casting a ballot at the virtual annual meeting.

Who Will Count the Votes?

Broadridge Financial Solutions, Inc. will serve as proxy tabulator and count the votes, and the results will be certified by the inspector of election.

How Many Votes Must Each Proposal Receive to be Adopted?

The following votes must be received:

- **For Proposal No. 1** regarding the election of directors, a plurality of votes of our common stock cast is required to elect a director. Withhold votes and broker non-votes are not counted as votes cast and will therefore have no effect.
- **For Proposal No. 2** regarding a non-binding advisory vote on the compensation paid to our named executive officers, this vote is advisory in nature. Our bylaws require that proposals relating to matters other than the election of directors be approved by the affirmative vote of a majority of the shares of our common stock represented and entitled to vote on the matter, in which case abstentions have the effect of a vote against Proposal No. 2. Broker non-votes are not counted as shares entitled to vote on Proposal No. 2 and will therefore have no effect. Because the vote on Proposal No. 2 is advisory and therefore will not be binding on the Company, the board will review the voting result and take it into consideration when making future decisions regarding the compensation paid to our named executive officers.
- **For Proposal No. 3** regarding the ratification of the appointment of EY, the affirmative vote of a majority of the shares of our common stock represented and entitled to vote on the matter would be required for approval. Abstentions will have the effect of a vote against this proposal. Because this proposal is considered a “routine” matter under the rules of the New York Stock Exchange, nominees may vote in their discretion on this proposal on behalf of beneficial owners who have not furnished voting instructions, and, therefore, there will be no broker non-votes on this proposal.

What Constitutes a Quorum?

A quorum is present if a majority of the outstanding shares of our capital stock issued and entitled to vote at the annual meeting are present in person or represented by proxy. Broker non-votes and abstentions will be counted for purposes of determining whether a quorum of each class is present.

What Are Broker Non-Votes? If I Do Not Vote, Will My Broker Vote for Me?

Broker non-votes occur when nominees, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial owners at least ten days before the meeting. If that happens, the nominees may vote those shares only on matters deemed “routine” by the Securities and Exchange Commission and the rules promulgated by the New York Stock Exchange thereunder.

The Company believes that all the proposals to be voted on at the annual meeting, except for Proposal No.3 regarding the appointment of EY as our independent registered public accounting firm, are not “routine” matters. On non-routine matters, such as Proposals No. 1 and 2, nominees cannot vote unless they receive voting instructions from beneficial owners. Please be sure to give specific voting instructions to your nominee so that your vote can be counted.

What Effect Does an Abstention Have?

With respect to Proposal No. 1, abstentions or directions to withhold authority will not be included in the vote total and will not affect the outcome of the vote. With respect to each of Proposals No. 2 and 3, abstentions will have the effect of a vote against the proposals.

Who Pays the Cost of Soliciting Proxies?

We pay the cost of the solicitation of proxies, including preparing and mailing the Notice of Annual Meeting of Shareholders, this proxy statement and the proxy card. Following the mailing of this proxy statement, directors, officers and employees of the Company may solicit proxies by telephone, facsimile transmission or other personal contact. Such persons will receive no additional compensation for such services. Brokerage houses and other nominees, fiduciaries and custodians who are holders of record of shares of our common stock will be requested to forward proxy soliciting material to the beneficial owners of such shares and will be reimbursed by the Company for their charges and expenses in connection therewith at customary and reasonable rates.

What If I Share a Household with Another Shareholder?

We have adopted a procedure approved by the Securities and Exchange Commission, called “householding.” Under this procedure, F&G shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings. If you are a shareholder who resides in the same household with another shareholder, or if you hold more than one account registered in your name at the same address, and wish to receive a separate proxy statement and annual report or notice of internet availability of proxy materials for each account, please contact, Broadridge, toll free at 1-866-540-7095. You may also write to **Broadridge, Householding Department, at 51 Mercedes Way, Edgewood, New York 11717**. Beneficial shareholders can request information about householding from their banks, brokers or other holders of record. We hereby undertake to deliver promptly upon written or oral request, a separate copy of the Annual Report to Shareholders, or this Proxy Statement, as applicable, to a shareholder at a shared address to which a single copy of the document was delivered.

Why Did I Receive a Notice in the Mail Regarding the Internet Availability of the Proxy Materials Instead of a Paper Copy of the Proxy Materials?

In accordance with the rules of the Securities and Exchange Commission, we have elected to furnish to our shareholders this Proxy Statement and our Annual Report on Form 10-K by providing access to these documents on the Internet rather than mailing printed copies. Accordingly, the Notice of Internet Availability is being mailed to our shareholders of record and beneficial owners (other than those who previously requested printed copies or electronic delivery of our proxy materials), which will direct shareholders to a website where they can access our proxy materials and view instructions on how to vote via the internet or by telephone. If you would prefer to receive a paper copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability. Our Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 are available for shareholders at www.proxyvote.com. Instead of receiving future copies of our Proxy Statement and Annual Report on Form 10-K to shareholders by mail, shareholders can access these materials online. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to you; an electronic link to the proxy voting site will be provided to you. Shareholders of record can enroll at www.proxyvote.com for online access to future proxy materials. If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank or broker regarding the availability of this service.

How Do I Access the Virtual Annual Meeting? Who May Attend?

At the virtual annual meeting, shareholders will be able to listen to the meeting live and vote. To be admitted to the virtual annual meeting at www.virtualshareholdermeeting.com/FG2026, you must enter the 16-digit control number available on your proxy card if you are a shareholder of record or included in your voting instruction card and voting instructions you received from your broker, bank or other nominee. Although you may vote online during the virtual annual meeting, we encourage you to vote via the Internet, by telephone or by mail as outlined in the Notice of Internet Availability of Proxy Materials or on your proxy card to ensure that your shares are represented and voted.

The meeting webcast will begin promptly at 11:00 a.m., Central Time, on June 24, 2026, and we encourage you to access the meeting prior to the start time.

Will I Be Able to Ask Questions During the Virtual Annual Meeting?

Shareholders will be able to ask questions through the virtual meeting website during the meeting through www.virtualshareholdermeeting.com/FG2026. The Company will respond to as many appropriate questions during the annual meeting as time allows.

How Can I Request Technical Assistance During the Virtual Annual Meeting?

A technical support line will be available on the meeting website for any questions on how to participate in the virtual annual meeting or if you encounter any difficulties accessing the virtual meeting.

Our Approach to Environmental, Social, and Governance (ESG)

F&G's product solutions provide social good by supporting clients to achieve their retirement goals and to improve their financial lives, while protecting against unforeseen events through life insurance policies. This sentiment of service provides the foundation for F&G's culture and guides business operations as well as interactions within our communities. Our Company and our board is committed to sustainable practices to serve our employees, business partners and the community. The F&G audit committee is responsible for overseeing the Company's sustainability risks. Such risks may include climate risks as a subset of investment risks. The Company's Chief Risk Officer (CRO) will continue to update the audit committee on F&G's climate risk profile as risks and opportunities arise. The audit committee utilizes and relies on other groups and committees within F&G to facilitate the mitigation of identified risks and identify opportunities related to our sustainability.

Operational sustainability, community engagement and workforce flexibility: F&G aims to reduce the company's environmental footprint through a variety of sustainable and environmentally sound programs within its LEED-certified headquarters building in Des Moines, Iowa. F&G also promotes flexible work from home arrangements which reduce commute time, greenhouse gas emissions, and paper usage. Data Privacy and Cybersecurity

F&G is highly dependent on information technology. We are focused on making strategic investments in information security to protect our clients and our information systems. Our investments include both capital expenditures and operating expenses for hardware, software, personnel and consulting services. As our primary solutions and services evolve, we apply a comprehensive approach to the mitigation of identified security risks. We have established policies, including those related to privacy, information security and cybersecurity, and we employ a broad and diversified set of risk monitoring and risk mitigation techniques.

Internal audits, external audits, regulatory reviews and self-assessments are conducted to assess the effectiveness and maturity of our Enterprise Risk Management and Information Security Program on a recurring basis. We maintain Miscellaneous Professional Liability insurance which provides coverage for cybersecurity incidents as part of our insurance program.

Our board has a strong focus on cybersecurity. Our approaches to cybersecurity and privacy are overseen by the audit committee. At each regular meeting of the audit committee of our board of directors, our Chief Risk Officer and Chief Audit Executive provide reports relating to existing and emerging risks, including, as appropriate, risk assessments, cyber and data security risks and any security incidents. Our audit committee chairman reports on these discussions to our board of directors on a quarterly basis. In addition, our audit committee chairman and one of our other audit committee members have attended third-party director education courses on cybersecurity and privacy issues and trends in recent years.

Our employees are one of our strongest assets in protecting our customers' information and mitigating risk. We maintain comprehensive and tailored training programs that focus on applicable privacy, security, legal and regulatory requirements that provide ongoing enhancement of the security and risk culture at F&G. We continue to provide strong focus on all areas of cybersecurity, including threat and vulnerability management, security monitoring, identity and access management, phishing awareness, risk oversight third-party risk management, disaster recovery and continuity management.

The Board

Our board is composed of William P. Foley, II (Chairman), Douglas K. Ammerman, Christopher O. Blunt, Celina J. Wang Doka, J. Douglas Martinez, Michael J. Nolan, Raymond R. Quirk and John D. Rood.

Our board met four times in 2025. All directors attended at least 75% of the meetings of the board and of the committees on which they served during 2025. Our non-management directors also met periodically in executive sessions without management. We do not, as a general matter, require our board members to attend our annual meeting of shareholders, although each of our directors is invited to attend our 2026 annual meeting. One of our directors attended our 2025 annual meeting of shareholders.

Status as a Controlled Company

Because FNF owns approximately 71% of the shares of outstanding F&G common stock, we are a controlled company within the meaning of the rules of the New York Stock Exchange. In accordance with a provision in New York Stock Exchange rules for controlled companies, the Company is not required to comply with New York Stock Exchange listing standards that provide for (1) a majority of the Board of Directors being composed of independent directors, (2) a nominating/corporate governance committee composed solely of independent directors and (3) a compensation committee composed solely of independent directors. Notwithstanding these exemptions, all the members of our compensation committee and nominating and governance committee are independent in accordance with the New York Stock Exchange listing standards. This may change in the future, however, at the Company's discretion.

The controlled company exemptions do not modify the independence requirements for the audit committee, and we have complied with the requirements of the Sarbanes-Oxley Act and the New York Stock Exchange.

Director Independence

None of Messrs. Blunt, Foley, Quirk or Nolan qualify as independent directors under the New York Stock Exchange listing standards by virtue of their respective executive positions with F&G or FNF. The board of directors has determined that Douglas K. Ammerman, John D. Rood, J. Douglas Martinez and Celina J. Wang Doka are independent under the criteria established by the New York Stock Exchange and our Corporate Governance Guidelines.

In considering the independence of Douglas K. Ammerman and John D. Rood, the board of directors considered the following factors:

- Messrs. Ammerman and Rood serve on the board of directors of FNF and Mr. Foley is non-executive Chairman of the Board of FNF.
- Messrs. Ammerman and Rood each own a small non-voting minority interest in Black Knight Sports and Entertainment LLC (*BKSE*), which owns the Vegas Golden Knights. Mr. Foley is the majority interest holder and is Chairman and Chief Executive Officer of BKSE. Messrs. Ammerman and Rood also own a minority interest in Black Knight Football Club US, LP (*BKFC*), which owns the AFC Bournemouth football club. Mr. Foley is the general partner of BKFC and owns a 24% economic interest in BKFC.
- Mr. Ammerman is Chairman of the Board of Cannae Holdings, Inc. (*Cannae*). Mr. Foley serves as Vice Chairman of Cannae, and previously served as Chairman, Chief Executive Officer and Chief Investment Officer of Cannae from February 2024 until May 2025, and as Chairman of Cannae from July 2017 until May 2025. Cannae was split off from FNF in 2017.
- Mr. Ammerman served on the board of directors of Dun & Bradstreet Holdings, Inc. (*DNB*) until it was purchased by Clearlake Partners in August 2025 (the *DNB Take-Private*). Mr. Foley served as Executive Chairman of the board of directors of DNB and he and Cannae were significant investors in DNB until the DNB Take-Private.

The board of directors determined that these relationships were not of a nature that would impair their independence.

Committees of the Board

The board has three standing committees: an audit committee, a compensation committee and a corporate governance and nominating committee. The charter of each standing committee is available on the Investor Info page of our website at investors.fglife.com. Each committee reviews its charter annually. Shareholders also may obtain a copy of any of these charters by writing to the Corporate Secretary at the address set forth under “Available Information” below.

- Overseeing the adequacy and effectiveness of procedures to ensure legal and regulatory compliance with the Code of Conduct.

Report of the Audit Committee

The audit committee of the board of directors submits the following report on the performance of certain of its responsibilities for the year 2025:

In performing our oversight function, we reviewed and discussed with management and Ernst & Young LLP, or EY, our independent registered public accounting firm, our audited financial statements as of and for the year ended December 31, 2025. Management and EY reported to us that our consolidated financial statements present fairly, in all material respects, the consolidated financial position and results of operations and cash flows of F&G and its subsidiaries in conformity with generally accepted accounting principles. We also discussed with EY matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC.

We have received and reviewed the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and have discussed with EY their independence. In addition, we have considered whether EY's provision of non-audit services to us is compatible with their independence.

Finally, we discussed with our internal auditors and EY the overall scope and plans for their respective audits. We met with EY at each meeting. Management was present for some, but not all, of these discussions. These discussions included the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting.

Based on the reviews and discussions referred to above, we recommended to our board of directors that the audited financial statements referred to above be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025, and that EY be appointed independent registered public accounting firm for F&G for 2026.

In carrying out our responsibilities, we look to management and the independent registered public accounting firm. Management is responsible for the preparation and fair presentation of our financial statements and for maintaining effective internal control. Management is also responsible for assessing and maintaining the effectiveness of internal control over the financial reporting process. The independent registered public accounting firm is responsible for auditing our annual financial statements and expressing an opinion as to whether the statements are fairly stated in conformity with generally accepted accounting principles. The independent registered public accounting firm is also responsible for auditing our internal controls and expressing an opinion as to whether the Company maintained, in all material respects, effective internal control over financial reporting based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

The independent registered public accounting firm performs its responsibilities in accordance with the standards of the Public Company Accounting Oversight Board. Our members are not professionally engaged in the practice of accounting or auditing, and are not experts under the Securities Exchange Act of 1934, as amended, in either of those fields or in auditor independence.

The foregoing report is provided by the following independent directors, who constitute the committee:

AUDIT COMMITTEE

Douglas K. Ammerman (*Chair*)
John D. Rood
J. Douglas Martinez
Celina J. Wang Doka

Compensation Committee

The members of the compensation committee are Messrs. Rood (Chair) and Ammerman. Each of Messrs. Rood and Ammerman was deemed to be independent by the board, including for the purposes of serving on the compensation committee, as required by the New York Stock Exchange. The compensation committee met three times during 2025. The functions of the compensation committee include the following:

- Reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluating his performance in light of those goals and objectives, and setting the Chief Executive Officer's compensation level based on this evaluation;

- Approving the compensation of our non-management directors.

For more information regarding the responsibilities of the compensation committee, please refer to the sections of this proxy statement entitled "Compensation Discussion and Analysis" and "Director Compensation" below.

Board Leadership Structure

We have separated the positions of Chief Executive Officer and Chairman of the board of directors in recognition of the differences between the two roles. As our Executive Chairman of the board, Mr. Foley continues to be the driving force behind the development and execution of our strategic direction. As Chief Executive Officer, Mr. Blunt leads all activities related to the growth and expansion of our insurance related businesses and operations, overall financial performance, and investor relations. We believe this leadership structure is appropriate and allows our CEO and Executive Chairman to focus on the responsibilities of their respective offices while creating a collaborative relationship that benefits our Company.

Board Role in Risk Oversight

The board of directors administers its risk oversight function directly and through committees. The audit committee oversees F&G's financial reporting process, risk management program, including information technology, cybersecurity and ESG risk, legal and regulatory compliance, performance of the independent auditor, internal audit function, and financial and disclosure controls. Management also reports quarterly to the audit committee and the board of directors regarding claims, and the audit committee receives quarterly reports on compliance matters. Our audit committee also oversees our environmental sustainability policies and programs.

Our board has a strong focus on cybersecurity. At each regular meeting of the audit committee, our Chief Risk & Audit Officer provides reports relating to our cyber and data security practices, risk assessments, emerging issues and any security incidents. Our audit committee chairman reports on these discussions to our board of directors on a quarterly basis. In addition, Mr. Rood and Mr. Ammerman have attended third-party director education courses on cybersecurity and privacy issues and trends.

The corporate governance and nominating committee considers the adequacy of F&G's governance structures and policies. The compensation committee reviews and approves F&G's compensation and other benefit plans, policies and programs and considers whether any of those plans, policies or programs creates risks that are likely to have a material adverse effect on F&G. Each committee provides reports on its activities to the full board of directors.

On an ongoing basis management identifies strategic risks of F&G and aligns both its disclosure controls and procedures and its annual audit plan with the identified and addressable risks. Risks are evaluated over all timeframes, however the focus of management's risk assessment is on risks to the long-term viability of F&G. Risks with the potential for an adverse impact to the Company in the near term are prioritized to the extent they present a risk to the viability of the Company. Management presents updates on the current year progress of the Company's risk management program to the audit committee quarterly.

Contacting the Board

Any shareholder or other interested person who desires to contact any member of the board or the non-management members of the board as a group may do so by writing to: Board of Directors, c/o Corporate Secretary, F&G Annuities & Life, Inc., 801 Grand Ave. Suite 2600, Des Moines, Iowa 50309. Communications received are distributed by the Corporate Secretary to the appropriate member or members of the board.

Certain Information About Our Directors

Director Criteria, Qualifications and Experience and Process for Selecting Directors

Our board and the corporate governance and nominating committee are committed to including the best available candidates for nomination to election to our board based on merit. Our board and our corporate governance and nominating committee periodically evaluate our board's composition with the goal of developing a board that meets our strategic goals, and one that includes diverse, experienced and highly qualified individuals.

The corporate governance and nominating committee does not set specific, minimum qualifications that nominees must meet for the committee to recommend them to the board, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account our needs and the overall composition of the board. In accordance with our Corporate Governance Guidelines, the corporate governance and nominating committee considers, among other things, the following criteria in fulfilling its duty to recommend nominees for election as directors:

- Personal qualities and characteristics, accomplishments and reputation in the business community;
- Current knowledge and contacts in the communities in which we do business and, in our industry, or other industries relevant to our business;
- Ability and willingness to commit adequate time to the board and committee matters;
- The fit of the individual's skills and personality with those of other directors and potential directors in building a board that is effective, collegial and responsive to our needs; and
- Diversity of viewpoints, background, experience, and other demographics, and all aspects of diversity to enable the board to perform its duties and responsibilities effectively, including candidates with a diversity of age, gender, nationality, race, ethnicity, and sexual orientation.

Each year in connection with the nomination of candidates for election to the board, the corporate governance and nominating committee evaluates the background of each candidate, including candidates that may be submitted by shareholders.

Composition, Tenure, Recent Refreshment and Diversity

We believe that the current composition of our board has served us well and that our current directors possess relevant experience, skills and qualifications that contribute to a well-functioning board that effectively oversees our long-term strategy. As the need arises, we will selectively add new board members who have important skill sets, experience or diversity of viewpoint. Our board is composed of a mix of directors, some of whom have served on our board since before our spin-off from FNF (the *Spin-Off*) and have a strong understanding of our business, operational and strategic goals, as well as our industry and the risks we face, and others who have joined our board more recently and bring new skills, experience and perspectives to our board. Having directors with a longevity of service and deep understanding of our business has been critical to our ability to effectively execute on our long-term strategy, but we recognize the importance of adding new highly talented directors to broaden the skills and experience of our board as a whole and add new and diverse viewpoints.

Our corporate governance and nominating committee regularly examines ways that it can foster the diversity of our board across many dimensions to maintain its ability to operate at a high-functioning level and to reflect the board's commitment to inclusiveness. In connection with this examination, our Corporate Governance Guidelines expressly include diversity of age, gender, nationality, race, ethnicity, and sexual orientation as a part of the criteria the committee may consider when selecting nominees for election to the board, all in the context of the needs of our board at any given point in time. Specifically, the corporate governance and nominating committee is focused on considering highly qualified women and individuals from minority groups as candidates for nomination as directors.

Our corporate governance and nominating committee also considers whether our directors have sufficient time to devote to service on our board. Mr. Foley, who also serves on the boards of several other public companies, provides high-value added services to our Company and board. Mr. Foley led the strategy that resulted in FNF's acquisition of our business on June 1, 2020. Under Mr. Foley's leadership, we have benefited from financial strength ratings upgrades since the acquisition. These upgrades, valued by our distribution partners, positioned us to quickly expand our business in our existing channels and gain access to new markets. Gross sales increased from \$4.5 billion for the full year 2020 to \$14.6 billion in 2025 and did so profitably. With our success in expanding distribution under FNF's ownership, we have grown assets under management (*AUM*) from \$26.5 billion at the time of acquisition to \$57.6 billion as of December 31, 2025. We now operate in and source significant premiums from three distinct retail channels and two institutional markets versus a single channel prior to the acquisition by FNF in June 2020. He has unparalleled knowledge of our business, industry and customers that is invaluable to our Company and our board as we continually evaluate, evolve and execute on our long-term strategy. Mr. Foley has a strong track record of building and maintaining shareholder value and successfully negotiating and executing mergers, acquisitions and other strategic transactions.

We believe that Mr. Foley is able to fulfill his role and devote sufficient time to F&G while serving on the boards of several other public companies. Mr. Foley's service as Chairman of FNF and Executive Chairman of F&G is part of the FNF board's and our board's strategy for the long-term success of F&G as a 70% owned subsidiary and we believe his service in that role will drive long-term value for both our shareholders and FNF's shareholders.

Compensation Overview and Practices

Overview

The F&G Compensation Committee considered several important qualitative and quantitative factors when determining the overall compensation of named executive officers in 2025, including:

- The executive officer’s experience, knowledge, skills, level of responsibility and potential to influence company performance;
- The executive officer’s prior salary levels, annual incentive awards, annual incentive award targets and long-term equity incentive awards;
- The business environment and F&G’s business objectives and strategy; F&G’s financial performance in the prior year;
- The need to retain and motivate executives;
- Corporate governance and regulatory factors related to executive compensation; and
- Marketplace compensation levels and practices.

Role of F&G’s Executive Officers

In evaluating the compensation of F&G’s named executive officers, the F&G Compensation Committee considers the recommendations from F&G’s Chief Executive Officer with respect to the compensation of his direct reports. In making recommendations, the Chief Executive Officer reviews the performance of the other named executive officers (other than Mr. Foley), job responsibilities, importance to F&G’s overall business strategy, and F&G’s compensation philosophy. F&G’s Chief Executive Officer does not make recommendations to the F&G Compensation Committee regarding his own compensation or Mr. Foley’s compensation. The compensation decisions are not formulaic, and the members of the F&G Compensation Committee did not assign precise weights to the factors listed above. The F&G Compensation Committee utilized their individual and collective business judgment to review, assess, and approve compensation for F&G’s named executive officers.

Role of F&G’s Compensation Consultant

In 2025, the F&G Compensation Committee used Strategic Compensation Group as our independent compensation consultant. Strategic Compensation Group gathered marketplace compensation data on total compensation, which consists of annual salary, annual incentives, long-term incentives, executive benefits, executive ownership levels, pay mix and other key statistics. This data is collected and analyzed annually. The marketplace compensation data provides a point of reference for the F&G Compensation Committee, but the F&G Compensation Committee ultimately makes subjective compensation decisions based on all the factors described above. For 2025, Strategic Compensation Group used two marketplace data approaches: (1) two general executive compensation surveys with a focus on companies with similar Assets Under Management (AUM), and (2) compensation information from F&G’s peer group. The Strategic Compensation Group performed these services solely on behalf of the F&G Compensation Committee. The F&G Compensation Committee has assessed the independence of the Strategic Compensation Group, as required under the New York Stock Exchange and Securities and Exchange Commission rules and has concluded that no conflict of interest exists with respect to its services to the F&G Compensation Committee.

F&G’s Peer Group

In 2025, Strategic Compensation Group recommended, and F&G’s Compensation Committee approved the below as F&G’s peer group.

Assurant, Inc.	Equitable Holdings, Inc.	Lincoln National Corp
Axis Capital Holdings LLC	Genworth Financial, Inc.	Primerica, Inc.
BrightHouse Financial, Inc.	Globe Life, Inc.	Principal Financial Group
Brown & Brown, Inc.	Jackson Financial, Inc.	Unum Group
Cincinnati Financial	Kemper Corp	Voya Financial, Inc.
CNO Financial Group, Inc.		

Compensation Practices of F&G

In 2025, Strategic Compensation Group reviewed the structure and mechanics of the various components of our compensation programs and practices. To obtain a complete view of the competitive market for talent, Strategic Compensation Group considered data from published survey sources, which includes industry peers from privately held and publicly traded organizations. In particular, Strategic Compensation Group analyzed three key elements: current competitive market positioning, incentive plan design, and equity plan design. Competitive market positioning relates to overall base pay delivery, base salaries, annual and long-term incentive targets and payouts. Equity plan design is the assessment of the design attributes of other organizations' incentive plans that provide perspectives on performance measurement, long-term incentive vehicles, vesting and shareholding requirements.

Strategic Compensation Group's assessment in 2025 indicated that our compensation structure is well-balanced, aligns to F&G's philosophies and demonstrates alignment between company performance and executive compensation. Our named executive officers' 2025 total direct compensation (consisting of base salaries, annual performance-based cash incentives and long-term equity incentives) generally fell near the 50th percentile of the peer group data, with base salaries falling slightly below the 50th percentile. This approach aligns with our philosophy of emphasizing variable performance-based compensation over fixed compensation.

Other Related Considerations

Components of F&G's Executive Compensation Program

F&G compensates its executive officers primarily through a mix of base salary, annual cash incentives and long-term equity-based incentives. Mr. Foley and Mr. Gravelle did not receive a base salary or an annual cash incentive in 2025. F&G also provides its executive officers (other than Mr. Foley and Mr. Gravelle) with the same retirement and employee benefit plans that are offered to other F&G employees. Mr. Foley and Mr. Gravelle did not participate in the F&G retirement and employee benefit plans in 2025. The following table provides information regarding the elements of compensation provided to F&G's named executive officers in 2025.

Set forth below is a discussion of each component of compensation, the rationale for each component, and how each component fits into our overall compensation philosophy.

Base Salary

We provide a base salary to compensate F&G's NEOs (other than Mr. Foley and Mr. Gravelle) for their services rendered on a day-to-day basis during the year. Base salaries are set to attract and retain executives with qualities necessary to ensure our short-term and long-term financial success. Base salary levels are set to be competitive with the salaries of executives in similar positions with similar responsibilities at comparable companies. The F&G Compensation Committee determines an executive's base salary is based on market compensation rates and individual factors, including personal performance and contribution, experience in the role, scope of responsibility and overall impact on the business. Base salaries are reviewed annually and adjusted when necessary to reflect market conditions as well as individual roles and performance. For fiscal 2025, the F&G Compensation Committee approved increases for our NEOs, as a result of a market-based compensation review.

The table below shows base salaries for fiscal 2025, on an annualized basis, for F&G's NEOs:

Name	2024 Base Salary	2025 Base Salary	Percent Change
Christopher O. Blunt	\$550,000	\$550,000	0.00%

Annual Cash Incentive Programs

In order to promote our "pay for performance" culture, we pay annual cash incentives to our executives (other than Mr. Foley and Mr. Gravelle) for achieving performance targets that support the financial and corporate goals established by our Employee Incentive Plan (*EIP*). Our EIP allows for annual cash-based bonus awards intended to attract and retain the best available executive officers to be responsible for the management, growth, and success of our business and to provide an incentive for such individuals to exert their best efforts on behalf of our company and shareholders. Our Chief Executive Officer and executive team develop an annual business plan that includes objectives to drive short- and long-term business performance. The F&G Compensation Committee reviews these objectives and establishes performance targets. Performance against

plan objectives is reviewed and approved by the F&G Compensation Committee to establish the bonus pool for each performance period. Short-term incentive payouts require that minimum targets be satisfied and allow for recognition of individual performance and contribution toward those goals.

The amount of the annual cash incentives actually paid depends on the level of achievement of the pre-established goals as follows:

- If threshold level of performance is not achieved, no incentive will be paid.
- If threshold level of performance is achieved, the incentive payout will equal 50% of a named executive officer's target incentive opportunity.
- If target level of performance is achieved, the incentive payout will equal 100% of a named executive officer's target incentive opportunity.
- If maximum level of performance is achieved, the incentive payout will equal 200% of a named executive officer's target incentive opportunity.
- If performance falls between two levels, the incentive payout will be interpolated.

An important tenet of our pay-for-performance philosophy is to utilize our compensation programs to motivate our executives to achieve performance levels that reach beyond what is expected of us as a company. The performance targets for our incentive plans are approved by our compensation committee and are based on discussions between management and our compensation committee. Target performance levels are intended to be difficult to achieve, but not unrealistic. Maximum performance levels are established to limit short-term incentive awards so as to avoid excessive compensation while encouraging executives to reach for performance beyond the target levels.

When setting the performance targets for our 2025 annual cash incentives, our compensation committee considered the following factors:

- Our 2025 business plan, including our underlying assumptions relating to 2025 optimization of retained business with accretive third-party reinsurance sidecar, disciplined expense management and owned distribution margin;
- 2025 performance targets as compared to 2024 performance results;
- The effect that achieving the performance targets would have on our growth and capital.

F&G Annual Incentive Performance Measures and Results

For all our executives (other than Mr. Foley and Mr. Gravelle), the EIP includes a financial performance component based on the annual business plan weighted at 80% and a corporate initiatives component weighted at 20%. For fiscal 2025, the performance metrics for the EIP were:

Metrics	Weighting
Achieve the Financial Plan¹	80%
Gross Sales	
Adjusted Net Earnings, excluding Significant Income and Expense (SIE) (available to common shareholders)	
Strategic Initiatives	20%
Grow our reach: grow and diversify our earnings	
Engage: continue to drive engagement levels and engage with our policyholders, distribution and communities	
Modernize: execute on process improvements throughout the organization	

¹ Sales and Adjusted Net Earnings are Non-GAAP financial measures. For reconciliation with GAAP, please see "Non-GAAP Financial Measures" in our Annual Report on Form 10-K filed with the SEC on February 26, 2026.

[Table of Contents](#)

The following chart sets forth the 2025 threshold, target and maximum performance goals, the relative weighting of the performance measures, and 2025 performance results under our annual incentive plan, which resulted in a combined payout factor of 160%.

Performance Metric	Weight	Threshold	Target	Maximum	Results	Payout Factor
Achieve Financial Plan ANE, ex. SIE (\$M)	80%	\$640	\$700	\$730	\$740	156%
Achieve Financial Plan Sales (\$B)		\$15	\$16	\$17	\$14.6	
Strategic Initiatives	20%	Grow our reach, Engage & Modernize			—	175%

The F&G Compensation Committee approved the percentage of base salary paid for performance at the target levels depicted below (other than for Mr. Martin with respect to compensation decisions after his transition to Senior Vice President, Investments Chief Operating Officer). If a minimum performance measure is satisfied, depending on actual performance, bonus payments under the EIP could range from 50% to 200% of target. As a result of the corporate performance against our goals for fiscal 2025, the bonus pool for determining individual executive incentive awards was 160% of target.

For Mr. Martin, in respect of his annual cash incentive for fiscal 2025, the performance metrics were 50% corporate performance component and 50% individual performance component. If a minimum performance measure is satisfied, depending on actual performance, his bonus payment could range from 50% to 200% of target. As a result of the corporate performance against our goals for fiscal 2025 and his individual performance, the bonus determined Mr. Martin's incentive awards was 168% of target.

Name	2025 Target Bonus		2025 Actual Bonus Earned

Christopher O. Blunt	200%	1,100,000	160%	1,760,000

Long-Term Incentive Opportunities

Following our separation and distribution, the F&G Compensation Committee makes equity grants under the F&G Annuities & Life, Inc. 2022 Omnibus Incentive Plan. Our long-term incentives for NEOs consist of performance vesting restricted stock awards that incentivize long-term value creation: performance awards that reward the achievement of our performance goals and time-vesting that reward increases in the market value of our shares and continued service with our company.

On November 10, 2025, we granted performance-based restricted stock to each of our named executive officers.

We do not attempt to time the granting of awards to any internal or external events. Our general practice has been for our compensation committee to grant equity awards during the fourth quarter of each year following the release of our financial results for the third quarter. We also may grant awards in connection with significant new hires.

Our compensation committee's determinations are not formulaic; rather, in the context of competitive market compensation data and our stated pay philosophy, our compensation committee determines the share amounts on a subjective basis in its discretion and award amounts may differ among individual executive officers in any given year. Following is a brief discussion regarding the awards made in 2025.

Performance-based Restricted Stock

In 2025, the proportion of the F&G equity awards consisting of performance-based restricted stock remained at 100%, except with respect to Ms. Punjab's retention restricted stock award described below. As in recent years, we did not grant stock options or awards that vest solely based on continued service to our named executive officers.

Restricted stock awards vest over three years, subject to achieving Adjusted Net Earnings (excluding SIE) for the following fiscal year. SIE reflects adjustments to the long-term alternative asset portfolio assumption to remove mark-to-market impacts. For 2025, the F&G Compensation Committee set the performance target at \$715M.

With respect to all restricted stock awards, credit is provided for dividends paid on unvested shares, but payment of those dividends is subject to the same vesting requirements as the underlying shares – in other words, if the underlying shares do not vest, the dividends are forfeited. The dividend payment is at the same rate as dividends paid to all other common shareholders. We also impose a restriction on the sale of executives' restricted shares following vesting if the executive has not met our stock ownership guidelines, which are discussed below.

Equity grants awarded prior to 2022 were granted under the long-term incentive plans of FNF and were designed similarly to the current F&G equity grants. Our NEOs continue to hold these FNF awards following our separation and distribution.

In determining the value of Mr. Blunt's performance-based restricted stock award, the compensation committee considered that in 2023, Mr. Blunt opted to reduce his cash compensation target by \$900,000 in exchange for a larger proportion of his total compensation to be delivered in long-term equity grants. Consequently, Mr. Blunt's compensation is more heavily weighted toward long-term equity to be more aligned to shareholder interests.

Performance Restricted Stock Awards

Performance restricted stock awards align our long-term incentives to the achievement of our Adjusted Net Earnings objectives and to our goal of growing shareholder value. Performance restricted stock awards vest in equal installments based on continued service and achievement of a one-year, Adjusted Net Earnings goal established at the start of the three-year period. As Mr. Currier will retire from F&G on May 15, 2026, he did not receive a grant of performance restricted stock awards in 2025.

In addition to the annual grants in November of 2025, Mr. Murphy received a performance restricted stock award on April 1, 2025 as a sign-on equity award subject to the same vesting conditions described above, and Mr. Gravelle received a performance restricted stock award on March 24, 2025 in connection with becoming an executive officer of F&G in May 2024 subject to the same vesting conditions described above.

Retention Restricted Stock Award

On March 24, 2025, the Company granted to Ms. Punjabi a restricted stock award without performance conditions with a grant date fair value of \$1,000,000 in order to retain Ms. Punjabi as her skills, talent and knowledge are critical to F&G's performance. The award is subject to a three-year cliff vesting schedule, with 100% of the award vesting on the third anniversary of the grant date, generally subject to her continued employment through the vesting date. In the event Ms. Punjabi voluntarily or involuntarily terminates her employment with the Company prior to the third anniversary of the grant date, she will forfeit the award in its entirety.

Employment and Other Severance, Change-in-Control and Related Agreements

Employment Agreements

We believe that having employment agreements with our NEOs is beneficial to us because they provide retentive value, subject the executives to key restrictive covenants, and generally provide us with a competitive advantage in the recruiting process over companies that do not offer employment agreements. We have entered into employment agreements with certain of our NEOs. These employment agreements include the specific terms set forth in greater detail below in *“Potential Payments upon Termination or Change in Control—Employment Agreements and Related Agreements with Named Executive Officers.”*

Retention Agreement

On May 8, 2024, in connection with Mr. Currier’s appointment to serve as President of F&G and in recognition of his increased responsibilities and the Company’s interest in retaining his services, the Company entered into a Retention Agreement with Mr. Currier. Pursuant to the Retention Agreement, if Mr. Currier continues his employment with the Company through the second anniversary of the date of the Retention Agreement (May 8, 2026), he will receive a retention bonus of \$1,500,000, to be paid in a lump sum cash payment, minus statutorily required deductions. Mr. Currier will be deemed to have satisfied the condition of active employment through the end of the retention period if his employment is terminated by the Company without “cause” (as defined in the Retention Agreement) during the retention period. No retention bonus will be paid under the Retention Agreement if Mr. Currier voluntarily resigns his employment or is terminated for “cause” during the retention period.

The above Retention Agreement is in addition to the Retention Agreement entered into with Mr. Currier on February 16, 2023. Pursuant to this Retention Agreement, if Mr. Currier continued his employment with the Company through the third anniversary of the date of the Retention Agreement (February 16, 2026), he was eligible to receive a retention bonus of \$1,500,000, to be paid in a lump sum cash payment, minus statutorily required deductions. Mr. Currier satisfied his obligations under this Retention Agreement and the retention bonus was paid to him on February 27, 2026.

F&G 401(k) Plan

Under the F&G 401(k) Plan, our company will match 100% of a participant’s contributions up to five percent of compensation, subject to the limits specified in the Internal Revenue Code (the Code). The employer match vests immediately. The 401(k) plan also allows for annual discretionary profit-sharing contributions, which historically have been two percent of earnings, subject to limits under the Code. Any profit sharing contributions are immediately vested. For information regarding the matching contributions and profit sharing contributions made to F&G’s NEOs in 2025 see *“Summary Compensation Table.”*

Employee Stock Purchase Plans

Commencing on January 1, 2023, F&G maintains the F&G Annuities & Life, Inc. Employee Stock Purchase Plan (the *F&G ESPP*) through which executives and employees can purchase shares of F&G common stock through payroll deductions and through matching employer contributions. At the end of each calendar quarter, F&G makes a matching contribution to the account of each participant who has been continuously employed or a participating subsidiary for the last four calendar quarters. For employees with more than 10 years of service and officers, matching contributions are equal to ½ of the amount contributed during the quarter that is one-year earlier than the quarter in which the matching contribution was made. The matching contributions, together with the employee deferrals, are used to purchase shares of F&G common stock on the open market. Prior to our separation and distribution, our executives were eligible to participate in the F&G ESPP and remained eligible to participate through December 31, 2022. For information regarding the matching contributions made to F&G’s NEOs in 2025 see *“Summary Compensation Table.”*

Nonqualified Deferred Compensation Arrangements

Commencing on January 1, 2024, our executives were eligible to participate in the F&G Annuities & Life, Inc. Deferred Compensation Plan. Under this plan, we permit our executives to defer on an elective basis a specified portion of their base salaries and performance-based bonus compensation, if any. Prior to January 1, 2024, our executives were eligible to participate in the FNF Deferred Compensation Plan. See the narrative description following the table entitled “*Nonqualified Deferred Compensation*” below for more information surrounding the terms of the nonqualified deferred compensation plans.

Health and Welfare Benefits

F&G offers a package of insurance benefits to all salaried employees, including our executives, including health, vision and dental insurance, basic life insurance, accidental death and dismemberment insurance and short- and long-term disability insurance.

Limited Executive Perquisites

All executives are eligible to participate in the Executive Life Insurance Plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment equal to three times his or her annual base salary at the time of hire. The value of these executive perquisites is reflected in the “*All Other Compensation*” column of the Summary Compensation Table below.

Beginning on January 1, 2025, our executives are eligible to receive a comprehensive preventive health evaluation through our Executive Health Program.

Hedging and Pledging Policy

F&G maintains a hedging and pledging policy, which prohibits its executive officers and directors from engaging in hedging or monetization transactions with respect to F&G securities, engaging in short-term or speculative transactions in F&G securities that could create heightened legal risk and/or the appearance of improper or inappropriate conduct or holding F&G securities in margin accounts or pledging them as collateral for loans without F&G’s approval.

Clawback Policy

We have a policy to clawback and recover incentive-based compensation paid to our executive officers if we are required to prepare an accounting restatement due to material noncompliance with financial reporting requirements. Under the policy, in the event of such a restatement we will clawback any incentive-based compensation paid during the preceding three-year period to the extent it would have been lower had the compensation been based on the restated financial results. No clawbacks were made in 2025.

Timing of Stock Option Grants

We do not currently grant new awards of stock options, stock appreciation rights or similar option-like instruments, and the F&G Compensation Committee does not presently intend to introduce such awards into the executive compensation program. Accordingly, the Company has no specific policy or practice on the timing of awards of such options or similar awards in relation to the disclosure of material nonpublic information by the Company. In the event the Company determines to grant new awards of such options, the F&G Compensation Committee intends to adopt appropriate policies and practices regarding the timing of such awards in relation to the disclosure of material nonpublic information.

Tax and Accounting Considerations

Our compensation committee considers the impact of tax and accounting treatment when determining executive compensation.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount that can be deducted in any one year for compensation paid to certain executive officers. While the F&G Compensation Committee considers the deductibility of compensation as one factor in determining executive compensation, the F&G Compensation Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible for tax purposes.

[Table of Contents](#)

The F&G Compensation Committee also considers the accounting impact when structuring and approving awards. We account for share-based payments in accordance with ASC Topic 718, which governs the appropriate accounting treatment of share-based payments under GAAP.

Stock Ownership Guidelines and Stock Holding Requirement

The F&G Compensation Committee adopted stock ownership guidelines which call for the executive or director to reach the ownership multiple within four years. The F&G guidelines, including those applicable to non-employee directors, are as follows:

Position	Minimum Aggregated Value
Chairman of the Board	\$5,000,000
Chief Executive Officer	5 × base salary
Other Named Executive Officers	2 × base salary
Members of the Board	5 × annual cash retainer

Our named executive officers and our board of directors maintain significant long-term investments in our company. As of December 31, 2025, each of our NEOs' and non-employee directors' holdings of our stock exceeded these stock ownership guidelines. Collectively, as reported in the "Security Ownership of Management and Directors" table, our named executive officers and directors beneficially own an aggregate of 3.4 million shares of our common stock as of April 27, 2026, which represents approximately 2.5% of our outstanding common stock with a value of approximately \$95 million based on the closing price of our common stock on that date. The fact that our executives and directors hold such a large investment in our shares is part of our culture and our compensation philosophy. Management's sizable investment in our shares aligns their economic interests directly with the interests of our shareholders, and their wealth will rise and fall as our share price rises and falls. This promotes teamwork among our management team and strengthens the team's focus on achieving long-term results and increasing shareholder return.

Nonqualified Deferred Compensation

The following tables provide information concerning the nonqualified deferred compensation of each of the participating NEOs in the F&G Annuities & Life, Inc. Deferred Compensation Plan (the *FGAL Deferred Compensation Plan*), the Executive Nonqualified Deferred Compensation Plan of FGLH (the *FGLH Deferred Compensation Plan*) and the FNF, Inc. Deferred Compensation Plan (the *FNF Deferred Compensation Plan*) as of December 31, 2025.

The FGAL Deferred Compensation Plan became effective on January 1, 2024. Starting January 1, 2021, eligible participants could participate in the FNF Deferred Compensation Plan. The FGLH Deferred Compensation Plan was frozen to new contributions on December 31, 2020.

Under the FGAL Deferred Compensation Plan, participants can defer up to 75% of their base salary and 100% of their monthly, quarterly or annual incentives. Deferral elections are made during specified enrollment periods. Deferrals and related earnings are not subject to vesting conditions.

Under the FNF Deferred Compensation Plan, which was amended and restated effective January 1, 2009, participants, including FNF's named executive officers, can defer up to 75% of their base salary and 100% of their monthly, quarterly and annual incentives, subject to a minimum deferral of \$19,500. Deferral elections are made during specified enrollment periods. Deferrals and related earnings are not subject to vesting conditions. Participants' accounts are bookkeeping entries only and participants' benefits are unsecured. Participants' accounts are credited or debited daily based on the performance of hypothetical investments selected by the participant and may be changed on any business day. Upon retirement, which generally means separation of employment after attaining age 60, an individual may elect either a lump-sum withdrawal or installment payments over 5, 10 or 15 years. Similar payment elections are available for pre-retirement survivor benefits. In the event of a termination prior to retirement, distributions are paid over a five-year period. Account balances less than the applicable Internal Revenue Code Section 402(g) limit will be distributed in a lump sum. Participants can elect to receive in-service distributions in a plan year designated by the participant and these amounts will be paid within two and one-half months from the close of the plan year in which they were elected to be paid. The participant may also petition us to suspend elected deferrals, and to receive partial or full payout under the plan, in the event of an unforeseeable financial emergency, provided that the

[Table of Contents](#)

participant does not have other resources to meet the hardship. Plan participation continues until termination of employment. Participants will receive their account balance in a lump-sum distribution if employment is terminated within two years after a change in control.

Under the FGLH Deferred Compensation Plan, the vested balance of the deferred compensation accounts will be distributed to each participating NEO upon his or her death, disability or separation from service (including retirement). Participants choose from investment options representing a broad range of asset classes. Participants allocate their accounts among the available investment options and may change their investment elections at any time. Participants may elect upon initial enrollment to have accounts distributed upon a change in control event, although none of our NEOs have so elected. In-service hardship and education account withdrawals are permitted under the plan with respect to participant deferrals and employer credits.

F&G Severance Plan

Pursuant to the F&G 2015 Severance Plan (the *Severance Plan*), upon a termination without cause prior to a change in control, Mr. Currier, Ms. Punjabi, and Mr. Martin would be entitled to a severance payment equal to two (2) weeks of base salary for each full year of service with a minimum of four (4) weeks. Upon a termination without cause within 12 months following a change in control, Mr. Currier, Ms. Punjabi, Ms. Young and Mr. Martin will be entitled to a severance payment equal to 52 weeks of base salary, an amount equal to the target annual bonus, a pro-rated annual target bonus and 12 months of subsidized COBRA coverage. The following table sets forth the estimated amount of compensation each of our NEOs would receive under the termination or change in control provisions contained in the agreements and plans discussed above, assuming that such termination or change in control event occurred on December 31, 2025. The table excludes (i) amounts accrued through the termination date that would be paid in the normal course of continued employment, such as accrued but unpaid salary, (ii) vested account balances under our 401(k) plan that are generally available to all of our employees, (iii) vested stock options as of December 31, 2025, and (iv) except as indicated in the footnotes below, any post-employment benefit that is available to all of our employees and does not discriminate in favor of our NEOs.

(a) Under the terms of the employment agreements and the Severance Plan, severance pays out in a lump sum. Amounts payable in this column may be subject to the NEO executing and not revoking a release of claims against the Company. This column does not include any required notice periods pursuant to an employment agreement or Severance Plan.

(b) Amounts in this column include, if provided in an employment agreement with the NEO, a pro-rata bonus for the year of termination upon certain types of terminations.

(c) The amounts reported assume full vesting and for performance-based awards at target level of performance, based on a F&G common stock price of \$30.85, which was the closing price on December 31, 2025 (i.e., the last trading day of fiscal 2025). In the case of a change in control of F&G, the FNF options and FNF restricted stock held by our NEOs will not be accelerated.

(d) For any participating NEO, the vested balance of the deferred compensation accounts will be distributed upon death, disability or separation from service.

(e) Amounts include any accrued vacation as of December 31, 2025, which would be paid out upon a termination.

(f) As of December 31, 2025, none of our NEOs were retirement eligible.

Compensation Committee Interlocks and Insider Participation

The compensation committee is currently composed of John D. Rood (Chair) and Douglas K. Ammerman. During fiscal year 2025, no member of the compensation committee was a former or current officer or employee of F&G or any of its subsidiaries. In addition, during fiscal year 2025, none of our executive officers served (i) as a member of the compensation committee or board of directors of another entity, one of whose executive officers served on our compensation committee, or (ii) as a member of the compensation committee of another entity, one of whose executive officers served on our board.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and the compensation committee recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement.

CEO Pay Ratio

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following information about the relationship of the annual total compensation of our CEO and the annual total compensation of our employees for 2025, which we refer to as the CEO pay ratio. Our CEO pay ratio information is a reasonably good faith estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

The ratio of the annual total compensation of our CEO, calculated as described above, to the median of the annual total compensation of all employees for 2025 was 77 to 1. This ratio was based on the following:

- The annual total compensation of our CEO, determined as described above, was \$10,875,126; and
- The median of the annual total compensation of all employees (other than our CEO), determined in accordance with SEC rules, was \$141,453.

Methodology for Determining Our Median Employee: For purposes of the above CEO pay ratio disclosure, we are required to identify a median employee based on our worldwide workforce, without regard to their location, compensation arrangements, or employment status (full-time versus part-time). The median employee is determined by identifying the employee whose compensation is at the median of the compensation of our employee population (other than our CEO). Accordingly, to identify the median employee from our employee population as of December 31, 2025, the methodology and the material assumptions and estimates that we used were as follows:

Employee Population: We determined that, as of December 31, 2025, the date we selected to identify the median employee, our total global employee population consisted of approximately 1,168 individuals working for F&G.

Compensation Measure Used to Identify the Median Employee: For purposes of measuring the compensation of our employees to identify the median employee, we selected base salary wages and overtime pay, plus paid incentive bonus through December 31, 2025, as the compensation measure.

- We annualized the compensation of employees to cover the full calendar year and annualized any new hires in 2025 as if they were hired at the beginning of the fiscal year, as permitted by SEC rules, in identifying the median employee.
- We did not make any cost-of-living adjustments in identifying the median employee.

Annual Total Compensation of Median Employee: To determine the annual total compensation of the median employee, we identified and calculated the elements of that employee's compensation for 2025 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation in the amount of \$141,453.

Annual Total Compensation of Chief Executive Officer: With respect to the annual total compensation of our CEO, in accordance with SEC rules, we included the amount reported for Mr. Blunt in the "Total" column for 2025 in the Summary Compensation Table included in this proxy statement.

Pay Versus Performance

As required by Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and certain financial performance of the Company. For further information concerning the Company's variable pay-for-performance philosophy and how the Company aligns executive compensation with the Company's performance, refer to the "Compensation Discussion and Analysis" section of this proxy statement.

5. Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between the Company's share price at the end and the beginning of the measurement period by the Company's share price at the beginning of the measurement period. For 2022, the measurement period began on December 1, 2022, the date of FG's initial public offering and which was the first day that FG traded on the NYSE. For 2023, 2024 and 2025, the measurement period was the calendar year.
6. Represents the weighted peer group TSR based on \$100 invested as of market close on November 30, 2022 through December 31, 2025, weighted according to the respective companies' stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the S&P 500 Life & Health Insurance (ILH) index.
7. The dollar amounts reported represent the amount of net income reflected in the Company's audited financial statements for each respective year. Effective January 1, 2023, we adopted Accounting Standards Update (ASU) 2018-12, Financial Services-Insurance (Topic 944), Targeted Improvements to the Accounting for Long-Duration Contracts ("ASU 2018-12") using the full retrospective transition method with a transition date of January 1, 2021. The 2022 net income reported herein has been adjusted for our full retrospective adoption of this update.
8. In accordance with Item 402(v) of Regulation S-K, we determined adjusted net earnings as the most important financial performance measure (that is not otherwise disclosed in this table) we used to link Compensation Actually Paid to our NEOs. Refer to Annex A "Non-GAAP Financial Measure Definitions" for a description of adjusted net earnings. Effective January 1, 2023, we adopted ASU 2018-12 using the full retrospective transition method with a transition date of January 1, 2021. The 2022 adjusted net earnings reported herein has been adjusted for our full retrospective adoption of this update.

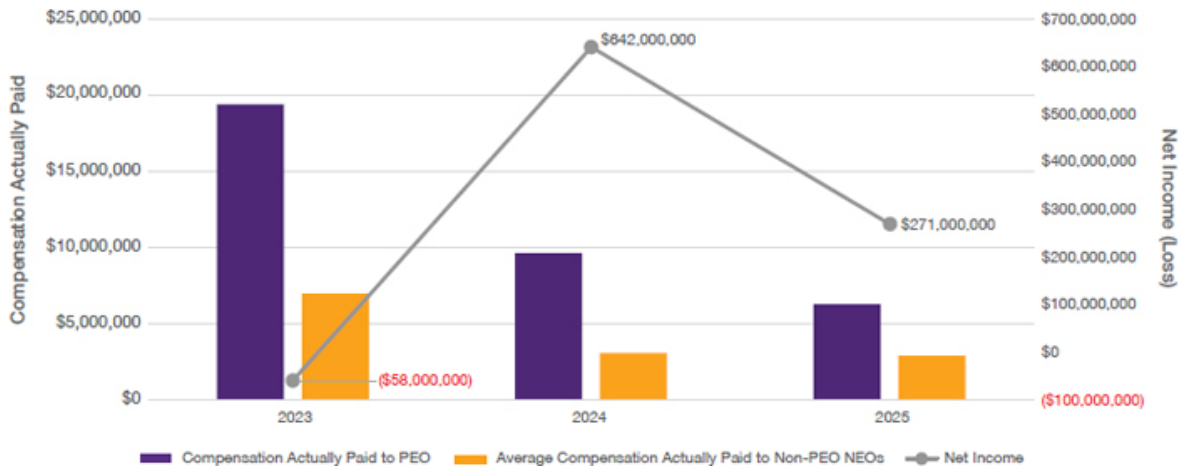

As described in greater detail in the "Compensation Discussion and Analysis" section of this proxy statement, the Company's executive compensation program reflects a variable pay-for-performance philosophy. The metrics that the Company uses for both our long-term and short-term incentive awards are selected based on an objective of incentivizing our NEOs to increase the value of our enterprise for our shareholders. The most important financial performance measures used by the Company to link compensation actually paid to the Company's NEOs to the Company's performance are as follows:

- Adjusted Net Earnings (*ANE*)
- Sales
- Assets under Management (*AUM*)

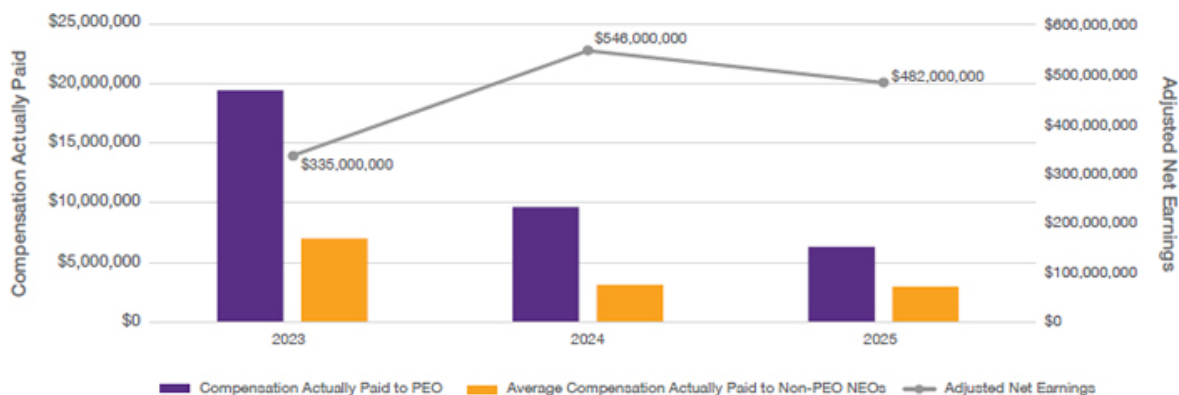

Compensation Actually Paid and Cumulative Total Shareholder Return (TSR) of the Company and Cumulative TSR of the Peer Group

Compensation Actually Paid and Net Income (Loss)

Compensation Actually Paid and Adjusted Net Earnings

Net loss for 2023 included \$373 million of net unfavorable mark-to-market effects and \$20 million of other unfavorable items; all of which are excluded from adjusted net earnings. The mark-to-market effects were primarily impacted by the interest rate volatility that the annuities industry experienced. The Company’s executive compensation strategy is discussed above in “Compensation Discussion and Analysis” and does not include this GAAP metric. GAAP net income (loss) therefore will not necessarily align with executive compensation on a year-by-year basis, or over time.

Director Compensation

Mr. Foley and Mr. Blunt received no additional compensation for services as a member of our board in 2025. In 2025, all non-employee directors received an annual retainer of \$100,000, payable quarterly. In 2025, the chairman and each member of the audit committee received a pro-rated additional annual fee (payable in quarterly installments) of \$35,000 and \$15,000, respectively, for their service on the audit committee. The chairman and each member of the compensation committee received a pro-rated additional annual fee (payable in quarterly installments) of \$23,000 and \$10,000, respectively, for their service on such committee. The chairman and each member of the corporate governance and nominating committee received a pro-rated additional annual fee (payable in quarterly installments) of \$20,000 and \$8,000, respectively, for their service on such committee. In 2025, Mr. Ammerman, Mr. Nolan and Mr. Quirk elected to receive their annual retainer in the form of F&G common stock.

In addition, in 2025 each non-employee director received a long-term incentive award of 6,515 shares of restricted stock. These restricted stock awards were granted under our omnibus plan and vest proportionately each year over three years from the date of grant based upon continued service on our board. This grant includes the annual grant of \$210,000 and a one-time award of \$90,000.

We also reimburse each non-employee director for all reasonable out-of-pocket expenses incurred in connection with attendance at board and committee meetings and director education programs. Each non-employee member of our board is eligible to participate in our deferred compensation plan to the extent he or she elects to defer any board or committee fees.

The following table sets forth information concerning the compensation of our non-employee directors for the fiscal year ending December 31, 2025.

² Amounts shown for all directors represent the grant date fair value of a restricted stock award granted in 2025, computed in accordance with FASB ASC Topic 718. The awards vest over a period of three years from the grant date. Assumptions used in the calculation of the amounts of the F&G awards are included in Note R—Employee Benefit Plans to our Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2025, filed with the Securities Exchange Commission on February 26, 2026. Proposal No. 2: Advisory Vote on Named Executive Officer Compensation

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, and the SEC's rules thereunder, the board is asking shareholders to approve, on a non-binding, advisory basis, the compensation of F&G's named executive officers as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosures beginning on page 28, but excluding disclosures presented in the section titled "Pay Versus Performance Disclosure."

As described above in the sections of this proxy statement under "Compensation Discussion and Analysis" and "Components of F&G's Executive Compensation Program," the board's compensation committee has structured F&G's executive compensation program to emphasize long-term, performance-dependent pay to motivate and reward long-term value creation for F&G's shareholders. F&G's executive compensation program has a number of features designed to ensure adherence to the Company's pay-for-performance philosophy.

The board encourages shareholders to read the Compensation Discussion and Analysis above which describes in detail how our executive compensation practices operate and are designed to achieve our core executive compensation objectives. The board also encourages shareholders to review the Summary Compensation Table and other compensation tables and the narrative disclosures accompanying the tables appearing under "Components of F&G's Executive Compensation Program," which provide detailed information about the compensation of our named executive officers. The compensation committee and the board believe that the compensation practices described in the Compensation Discussion and Analysis are effective in achieving a well-balanced compensation structure that adheres to F&G's philosophies, demonstrates alignment between performance and executive compensation and supports the appropriateness of our executive compensation philosophy and practices.

We ask our shareholders to vote on the following resolution at the annual meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2026 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis and executive and Director Compensation section, the compensation tables and related narrative.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. Approval of this resolution requires the affirmative vote of a majority of the shares of our common stock represented and entitled to vote. However, as this is an advisory vote, the results will not be binding on the Company, the board or the compensation committee, and will not require us to take any action. The final decision on the compensation of our named executive officers remains with our compensation committee and the board, although the compensation committee and the board will consider the outcome of this vote when making compensation decisions.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

Proposal No. 3: Ratification of Independent Registered Public Accounting Firm

General Information About Ernst & Young LLP

Although shareholder ratification of the appointment of our independent registered public accounting firm is not required by our bylaws or otherwise, we are submitting the selection of Ernst & Young LLP (EY) to our shareholders for ratification as a matter of good corporate governance practice. Even if the selection is ratified, our audit committee in its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and our shareholders. If our shareholders do not ratify the audit committee’s selection, the audit committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of our independent registered public accounting firm.

In choosing our independent registered public accounting firm, our audit committee conducts a comprehensive review of the qualifications of those individuals who will lead and serve on the engagement team, the quality control procedures the firm has established, and any issue raised by the most recent quality control review of the firm. The review also includes matters required to be considered under the Securities and Exchange Commission rules on “Auditor Independence,” including the nature and extent of non-audit services to ensure that they will not impair the independence of the accountants.

Representatives of EY are expected to be present at the annual meeting. These representatives will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

(Ernst & Young LLP, Des Moines, IA)

The audit committee has appointed EY to audit the consolidated financial statements of the Company for the 2026 fiscal year. EY has continuously acted as our independent registered public accounting firm since 2020. Prior to the Spin-Off, no audit, audit-related, tax or other services were provided by an independent registered public accounting firm for the sole purposes of the Company. For services rendered to us during or in connection with our years ended December 31, 2025 and 2024, we were billed the following fees by EY.

	2025 (in thousands)	2024 (in thousands)
Audit Fees	\$ 5,414	\$ 5,152
Audit-Related Fees	\$ —	\$ —
Tax Fees	\$ 101	\$ 90
All Other Fees	\$ —	\$ 7

Audit Fees: Audit fees consisted principally of fees for the audits, registration statements and other filings related to the Company’s 2025 and 2024 financial statements, and audits of the Company’s subsidiaries required for regulatory reporting purposes, including billings for out-of-pocket expenses incurred.

Audit-Related Fees: There were no Audit-related fees in 2025 and 2024.

Tax Fees: Tax fees for 2025 and 2024 consisted principally of fees for tax compliance, tax planning and tax advice.

All Other Fees: All other fees relate primarily to online accounting guidance services.

Approval of Accountants' Services

In accordance with the requirements of the Sarbanes-Oxley Act of 2002, all audit and audit-related work and all non-audit work performed by EY is approved in advance by the audit committee, including the proposed fees for such work. Our pre-approval policy provides that, unless a type of service to be provided by EY has been generally pre-approved by the audit committee, it will require specific pre-approval by the audit committee. In addition, any proposed services exceeding pre-approved maximum fee amounts also require pre-approval by the audit committee. Our pre-approval policy provides that specific pre-approval authority is delegated to our audit committee chairman; provided that the estimated fee for the proposed service does not exceed a pre-approved maximum amount set by the committee. Our audit committee chairman must report any pre-approval decisions to the audit committee at its next scheduled meeting.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2026 FISCAL YEAR.

Pursuant to such agreement, FNF provides F&G with certain corporate services, including internal audit services, litigation and dispute management services, compliance services, corporate and transactional support services, Securities and Exchange Commission & reporting services, insurance and risk management services, human resources support services and real estate services. FNF will also provide knowledge transfer services and take such steps as are reasonably required to facilitate a smooth and efficient transition of records and responsibilities to F&G prior to the termination of the agreement. The Corporate Services Agreement terminates after the date upon which all corporate services or transition assistance have been terminated or upon the mutual agreement of the parties. F&G may terminate corporate services by providing 90 days written notice to FNF.

FNF and F&G ceased to be "affiliated" for federal income tax purposes on December 31, 2025, as a result of the Distribution of F&G Stock to FNF Shareholders and will no longer join in filing a consolidated federal income tax return with each other for taxable years beginning on or after January 1, 2026. F&G and its subsidiaries will periodically make payments to FNF equal to the U.S. federal income taxes that F&G and its subsidiaries would otherwise be required to pay if each were to file a separate U.S. federal income tax return for the applicable tax periods governed by the Tax Sharing Agreement. FNF will pay to F&G and its subsidiaries any actual U.S. federal income tax savings attributable to any losses or tax credits generated by F&G and its subsidiaries and used by FNF and its subsidiaries. FNF will generally control the conduct of any tax examination, audit or challenge involving such consolidated tax returns. In March 2023, BilCar waived its right to receive any portion of payments made by BIS to MVB Management in respect of such New AUM. Additionally, in March 2023, F&G entered into an agreement with BilCar to pay BilCar the fees that it would have received through MVB Management from BIS over the 10-year period ending March 31, 2033. BilCar received payments totaling \$7.9 million from MVB Management in 2025. BilCar received payments totaling \$2.9 million from F&G in 2025. Review, Approval or Ratification of Transactions with Related Persons

Pursuant to our codes of ethics, a “conflict of interest” occurs when an individual’s private interest interferes or appears to interfere with our interests, and can arise when a director, officer or employee takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Anything that would present a conflict for a director, officer or employee would also likely present a conflict if it were related to a member of his or her family. Our code of ethics states that clear conflict of interest situations involving directors, executive officers and other employees who occupy supervisory positions or who have discretionary authority in dealing with any third party specified below may include the following:

- Any significant ownership interest in any supplier or customer;
- Any consulting or employment relationship with any customer, supplier or competitor; and
- Selling anything to us or buying anything from us, except on the same terms and conditions as comparable directors, officers or employees are permitted to so purchase or sell.

With respect to our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, our codes of ethics require that each such officer must:

- Discuss any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest with our General Counsel;
- In the case of our Chief Financial Officer and Chief Accounting Officer, obtain the prior written approval of our General Counsel for all material transactions or relationships that could reasonably be expected to give rise to a conflict of interest; and
- In the case of our Chief Executive Officer, obtain the prior written approval of the audit committee for all material transactions that could reasonably be expected to give rise to a conflict of interest.

Under Securities and Exchange Commission rules, certain transactions in which we are or will be a participant and in which our directors, executive officers, certain shareholders and certain other related persons had or will have a direct or indirect material interest are required to be disclosed in the related person transactions section of our proxy statement. In addition to the procedures above, our audit committee reviews and approves or ratifies any such transactions that are required to be disclosed. The committee makes these decisions based on its consideration of all relevant factors. The review may be before or after the commencement of the transaction. If a transaction is reviewed and not approved or ratified, the committee may recommend a course of action to be taken.

Delinquent Section 16(a) Reports

Section 16 of the Securities Exchange Act of 1934 requires the Company's executive officers and directors to file reports of their ownership, and changes in ownership, of the Company's common stock with the Securities and Exchange Commission. Executive officers and directors are required by the Securities and Exchange Commission's regulations to furnish the Company with copies of all forms they file pursuant to Section 16 and the Company is required to report in this Annual Report on Form 10-K any failure of its directors and executive officers to file by the relevant due date any of these reports during fiscal year 2025. Based solely upon a review of these reports, we believe that no directors failed to file any report by the relevant due date and all directors and executive officers of the Company complied with the requirements of Section 16(a) in 2025. Messrs. Foley, Gravelle, Murphy, Rood, and Ms. Young filed a Form 5 to report shares received through the FNF Special F&G Distribution of shares on December 31, 2025 that were previously unreported.

Any other proposal or director nomination that a shareholder wishes to bring before the 2027 Annual Meeting of Shareholders without inclusion of such matter in the Company's proxy materials must also be received by the Company no later than December 31, 2026. All proposals and nominations must be directed to the Secretary of the Company at 801 Grand Avenue, Suite 2600, Des Moines, Iowa 50309. The persons designated as proxies by the Company in connection with the 2027 Annual Meeting of Shareholders will have discretionary voting authority with respect to any shareholder proposal for which the Company does not receive timely notice.

In addition to satisfying the foregoing requirements, to comply with the universal proxy rules, shareholders who intend to solicit proxies in reliance on the SEC's universal proxy rule for director nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act of 1934, as amended, no later than April 26, 2027, and must comply with the additional requirements of Rule 14a-19(b).

Use of Non-GAAP Financial Information

In addition to reporting financial results in accordance with GAAP, this document includes non-GAAP financial measures, which the Company believes are useful to help investors better understand its financial performance, competitive position and prospects for the future. Management believes these non-GAAP financial measures may be useful in certain instances to provide additional meaningful comparisons between current results and results in prior operating periods. Our non-GAAP measures may not be comparable to similarly titled measures of other organizations because other organizations may not calculate such non-GAAP measures in the same manner as we do. The presentation of this financial information is not intended to be considered in isolation of or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. By disclosing these non-GAAP financial measures, the Company believes it offers investors a greater understanding of, and an enhanced level of transparency into, the means by which the Company's management operates the Company. Any non-GAAP measures should be considered in context with the GAAP financial presentation and should not be considered in isolation or as a substitute for GAAP net earnings, net earnings attributable to common shareholders, or any other measures derived in accordance with GAAP as measures of operating performance or liquidity. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP measures are provided within.

Non-GAAP Financial Measures Definitions

Adjusted Net Earnings

Adjusted net earnings is a non-GAAP economic measure we use to evaluate financial performance each period. Adjusted net earnings is calculated by adjusting net earnings (loss) to eliminate:

- (i) Recognized (gains) and losses, net: the impact of net investment gains/losses, including changes in allowance for expected credit losses and other than temporary impairment (*OTTI*) losses, recognized in operations; and the effects of changes in fair value of the reinsurance related embedded derivative and other derivatives, including interest rate swaps and forwards;
- (ii) Market related liability adjustments: the impacts related to changes in the fair value, including both realized and unrealized gains and losses, of index product related derivatives and embedded derivatives, net of hedging cost; the impact of initial pension risk transfer deferred profit liability losses, including amortization from previously deferred pension risk transfer deferred profit liability losses; and the changes in the fair value of market risk benefits by deferring current period changes and amortizing that amount over the life of the market risk benefit;
- (iii) Purchase price amortization: the impacts related to the amortization of certain intangibles (internally developed software, trademarks and value of distribution asset and the change in fair value of liabilities recognized as a result of acquisition activities);
- (iv) Transaction costs: the impacts related to acquisition, integration and merger related items;
- (v) Other and "non-recurring," "infrequent" or "unusual items": Other adjustments include removing any charges associated with U.S. guaranty fund assessments as these charges neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance, but result from external situations not controlled by the Company. Further, Management excludes certain items determined to be "non-recurring," "infrequent" or "unusual" from adjusted net earnings when incurred if it is determined these expenses are not a reflection of the core business and when the nature of the item is such that it is not reasonably likely to recur within two years and/or there was not a similar item in the preceding two years;
- (vi) Non-controlling interest on non-GAAP adjustments: the portion of the non-GAAP adjustments attributable to the equity interest of entities that F&G does not wholly own; and
- (vii) Income taxes: the income tax impact related to the above-mentioned adjustments is measured using an effective tax rate, as appropriate by tax jurisdiction.

Annex A

While these adjustments are an integral part of the overall performance of F&G, market conditions and/or the non-operating nature of these items can overshadow the underlying performance of the core business. Accordingly, management considers this to be a useful measure internally and to investors and analysts in analyzing the trends of our operations. Adjusted net earnings should not be used as a substitute for net earnings (loss). However, we believe the adjustments made to net earnings (loss) in order to derive adjusted net earnings provide an understanding of our overall results of operations.

Assets Under Management (AUM)

AUM is comprised of the following components and is reported net of reinsurance ceded in accordance with GAAP:

- (i) total invested assets at amortized cost, excluding investments in unconsolidated affiliates, owned distribution and derivatives;
- (ii) investments in unconsolidated affiliates at carrying value;
- (iii) related party loans and investments;
- (iv) accrued investment income;
- (v) the net payable/receivable for the purchase/sale of investments; and
- (vi) cash and cash equivalents excluding derivative collateral at the end of the period.

Management considers this non-GAAP financial measure to be useful internally and to investors and analysts when assessing the size of our investment portfolio that is retained.

Sales

Annuity, IUL, funding agreement and non-life contingent PRT sales are not derived from any specific GAAP income statement accounts or line items and should not be viewed as a substitute for any financial measure determined in accordance with GAAP. Sales from these products are recorded as deposit liabilities (i.e., contractholder funds) within the Company's consolidated financial statements in accordance with GAAP. Life contingent PRT sales are recorded as premiums in revenues within the consolidated financial statements. Management believes that presentation of sales, as measured for management purposes, enhances the understanding of our business and helps depict longer term trends that may not be apparent in the results of operations due to the timing of sales and revenue recognition.
